STORMWATER MANAGEMENT

MEMORANDUM

TO: Stormwater Management Planning Committee

FROM: Mary Beth Falsey, Stormwater Management

SUBJECT: Water Quality Improvement Program Grant Recommendations FY23

DATE: February 14, 2023

Action Requested: Staff is requesting approval of the FY2023 Water Quality Improvement Program Grant funding recommendations

The Stormwater Management Planning Committee’s Water Quality Improvement Program (WQIP) assists qualified applicants with funding projects that benefit water quality through the reduction of pollutant loads, including total suspended solids, nutrients, metals, and chlorides, into the County’s impaired waterways. Through the WQIP, qualified projects are funded at a maximum of twenty-five percent of the project’s construction costs depending on the availability of funds and expected water quality benefits. This year, 9 applications for grant funding were received with total costs for those projects estimated at approximately \$3,554,818. Staff’s recommendations for the allocation of budgeted funds for fiscal year 2023 are detailed below for your approval.

Project Description	Total Project Cost	Total Eligible Cost	Staff Recommended	Recommended %
Glen Ellyn Park District- Churchill Park Site Improvements	\$748,300	\$172,500	\$34,500	20%
Village of Westmont- Alley Reconstruction Project - Section H	\$661,294	\$661,294	\$66,129	10%
