County Auditor

Subject: Internal Audit of Accounts Payable
#23-09

Date: March 1, 2023

The Office of the County Auditor has completed a limited scope internal audit of the transaction processing of ETSB invoices submitted for payment. The audit identified five exceptions that required correction by the ETSB and Finance Department.

All invoices submitted have been reviewed and released for payment by the County Auditor. The results of the audit are presented below.

Results

My Office has performed voucher pre-audit procedures for the invoices submitted for approval by the ETSB at the March 13, 2023 Board Meeting. The invoices listed on the Bank Account Payment History Report dated February 24, 2023, have been examined and are recommended for payment. The total amount of the expenditures is \$447,090.79:

- FY2023 Equalization Fund (4000-5820) \$447,090.79

Five exceptions were identified by the County Auditor. Four invoices had incorrect information entered into the MHC system by the Finance Department and one invoice was missing the service agreement number and purchase order line number on the authorization label prepared by ETSB staff.

A Canon Financial Services invoice for \$616.25 for copier rental was entered into MHC with an incorrect remit to address code. The invoice was disapproved by the County Auditor on February 14, 2023. The Finance Department corrected the remit to code and resubmitted the invoice to the County Auditor for approval. The County Auditor recommended the invoice for payment on February 15, 2023.

An AT&T invoice for CompleteLink 2.0 services in the amount of \$283.65 was entered into the MHC system with an incorrect process level. The invoice was disapproved by the County Auditor on February 15, 2023. The Finance Department corrected the process level and resubmitted the invoice to the County Auditor for approval. The County Auditor recommended the invoice for payment on February 16, 2023.

An AT&T invoice for customer premise equipment in the amount of \$998.48 was entered into the MHC system with the incorrect amount for the purchase order line total. The invoice was disapproved by the County Auditor on February 21, 2023. The Finance Department corrected the purchase order line total and resubmitted the invoice to the County Auditor for approval. The County Auditor recommended the invoice for payment on February 22, 2023.

A Voiance Language Services, LLC invoice for interpretation services in the amount of \$2,011.35 was entered into the MHC system by the Finance Department with the incorrect amount for the purchase order line unit price. The invoice was disapproved by the County Auditor on February 21, 2023. The Finance Department corrected the purchase order line unit price and resubmitted the invoice to the County Auditor for approval. The County Auditor recommended the invoice for payment on February 23, 2023.

A FedEx invoice for package delivery services in the amount of \$7.93 was submitted to the Finance Department without the service agreement number and purchase order line number on the label prepared by ETSB staff. The invoice was disapproved by the County Auditor on February 21, 2023. The ETSB provided the missing service agreement information and resubmitted the invoice to the Finance Department. The County Auditor recommended the invoice for payment on February 22, 2023.

Objective

The County Auditor will perform a series of procedures designed to evaluate the internal controls involved in the processing of transactions in the accounts payable system. The actual procedures performed will depend upon the County Auditor's assessment of risks associated with the transactions.

Background/Audit Scope

Invoices and the related supporting documentation are initially prepared and submitted for payment processing by County departments to the centralized accounts payable function administered by the Finance Department.

The County Auditor performs audit procedures on the payment documentation after the information has been entered into the accounts payable system by the Finance Department. These procedures include reviewing the scanned images of the invoice and supporting documentation and comparing it to the information entered into the system. Significant discrepancies noted between the supporting documentation and the information recorded in the system are identified by the County Auditor as exceptions. In these situations, the County Auditor notifies the

Finance Department of the problem. When the discrepancies are resolved, the County Auditor approves the invoice.

A Bank Account Payment History Report is generated by the Finance Department after the invoices have been approved and the County Auditor verifies that each of the recommended payments was properly posted to the County's General Ledger.

Audit Findings and Recommendations

The County Auditor audited 23 invoices submitted for payment, five exceptions were identified.

The Finance Department should verify the completeness and accuracy of invoices entered into the ERP and MHC systems prior to forwarding to the County Auditor for review and payment recommendation.

The ETSB should verify the completeness and accuracy of invoices prior to forwarding to the Finance Department for entry into the ERP and MHC systems.

The ETSB should continue to regularly review available ERP reports and real-time transaction information to monitor the progress of invoices submitted for payment to preclude the potential for incorrect payments.

Thank you for your continued assistance.
