Higher Education, K-12 and Government markets are all Core Markets for KI. KI has an experienced team in place that follows this market share and is extremely committed to maintaining and growing those positions.	*

Answer whichever question (either a) or b) just below) best applies to your organization.</p> <p>a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. Are these individuals your employees, or the employees of a third party?</p>	<p>KI is a manufacturer, but not only do we make the products, we have the capability to fulfill these orders direct to the member or through a local distributor of their choosing. KI also has the ability to service direct through our Service subsidiary, a one stop shop.</p> <p>At KI, we believe that the only customer who matters is you – you are our Market of One. So we've structured everything from our service and support teams to the manufacturing floor to be nimble and adaptable to your needs.</p> <ul style="list-style-type: none"> <li>• Dedicated Service – You will have a team of experienced KI professionals assisting you through the furniture procurement journey. In addition, you have 24/7/365 access to your order information from any electronic device via <a href="http://ki.com/orderstatus">ki.com/orderstatus</a>.</li> <li>• Fulfillment Freedom – While we offer space planning, shipping and installation services, we will never limit you to working with agencies owned or affiliated strictly with KI. Rather, we will gladly collaborate and coordinate with any partner, dealer and/or installation entity YOU choose. KI does not prescribe to preset distribution channels. Rather, we deploy local KI representatives to work directly with you. KI's approach provides alternative procurement methods that allow you, not the manufacturer, to determine the best means to manage ordering and fulfillment activities. It also provides you the opportunity to reduce costs via bypassing the traditional dealer/"middleman" model, if required.</li> </ul> <p>This client-centric business model is the engine that continues to drive KI's growth and client satisfaction. This valuable face-to-face interaction between knowledgeable KI employees and client facilities personnel provides a proactive learning experience and offers a forum in which to raise questions and discover the most efficient methods of product handling. 37	Describe any technological advances that your proposed products or services offer.	<p><b>Innovation</b>  KI is a unique contract furniture manufacturer. We use a Go-To-Market strategy to tailor products and service solutions to the specific needs of each customer. In fact, many of our “standard” products were born out of the need to solve a particular customer’s challenge. Once we develop a furniture innovation, we share in the success of these personalized solutions by making them available to all our customers.</p> <p><b>Innovation is Part of Our DNA</b>  <b>Innovation: Large Space Installation</b>  KI has demonstrated the ability to create unique, productive, ergonomically complete work environments based on our client’s goals and objectives.</p> <p><b>Innovation: Implement IPD Process and Save Time</b>  KI continues to evolve the innovation process by utilizing Integrated Project Delivery (IPD) to involve our partners on every single project. KI recognizes that organizations that work on different projects can bring interesting points of view on how to handle specific workplace issues. Electricians and data management specialists can enlighten us on their challenges in managing technology and power that we can integrate with our product solutions. General construction works closely with KI, especially on movable wall projects, because interior architecture and furniture are so tightly entwined.</p>	*

For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell Members' purchase orders.	<p>KI uses the tools of Salesforce.com to store Sourcewell contract terms and discounting. Salesforce.com is tied to KI's proprietary quoting system in a way that once the Sourcewell contract number is loaded into the system, Salesforce.com auto feeds the discounting into the required Product fields of the quote.</p> <p>Each Sourcewell Purchasing option and tier has a unique contract number in Sourcewell to ensure proper costing is populated based on the customer requirements. KI is composed of a team of inside sales specialists, Regional Sales Representatives and a robust Dealer network.</p> <p>A select number of dealer partners have access to the proprietary quoting program and are trained on its use. All other Dealer network partners must request a quote from KI in an effort to ensure contract discounting compliance. Built into KI's pricing submittal is Dealer compensation.</p> <p>KI values the customer experience and finds great value in allowing the Customer to determine their comfort level in administering a purchase order direct to the Manufacturer or through their trusted Dealer network. Either way, KI makes sure that the end-user price is always based on the awarded contract discount.</p> <p>The unique Sourcewell contract numbers that were applied to the various Sourcewell procurement options (volume tiers and Delivered or Delivered and installed) are noted on the quote cover page and urged to be mentioned on the Members purchase order as an extra measure. Once a PO and accompanied quotation is received by KI's order entry team, they log in the order and order information including the Sourcewell contract numbers. KI's system has programing written to scan for the use of the Sourcewell contract and accrue the administration fee for future reporting and payment.</p> <p>On a quarterly basis KI's Contract Management department will run the reporting based on all of the Sourcewell contracts and input the data into the Sourcewell sales usage templates. The sales total is calculated based upon the agreed upon administration fee and a check from the accrued account is cut and accompanied by the sales usage report to the remittance address of Sourcewell.</p> <p>Over the last few years KI has invested many resources into programing a proficient way to have our procurement programs and automations take the guess work out of the compliances. The current enhancements have helped make a good process great and we are not about to stop there. Every year the KI team looks at how we can reinvest our efforts into making a Customer's experience better. To KI a Customer is defined as our internal team and partners, and anyone affiliated with KI and its business. Our goal is to continue to grow and find ways to make working with KI an effortless experience.</p>	*

**Table 11: Pricing and Delivery**

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
54	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	<p>KI will be providing a percentage discount off KI's published product price lists.</p> <p>In a continuing effort to improve efficiency and reduce our environmental impact, KI will no longer offer printed price lists. KI price lists are now available in electronic format (PDF) only. We have provided Sourcewell with direct links to all of KI product price lists. These price lists are also available at <a href="http://ki.com/planning/pricelists.aspx">ki.com/planning/pricelists.aspx</a> to download. It is best to rely on the electronic (PDF) versions of the price lists to ensure that you and your members are viewing the most recent pricing.</p> <p>As a manufacturer of commercial educational/office furniture, KI offers numerous options in colors, fabrics, laminates, styles, paint finish for every product we sell. Providing sku # for every option would entail literally millions of sku numbers. Product selections can be provided by KI Representatives or through our extensive dealer network.</p>
55	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	<p>Catalogs provided show "list pricing". KI will be providing a percentage discount off list pricing.</p> <p>Discounts will vary depending on product and geographic area. KI has established 4 "zones" that will cover our 48 contiguous states. Those 4 zones offer both a "dock" delivery option and an "installed" option for Sourcewell customers. Zone 5 has been established for Alaska and Hawaii. Zone 5 offers a "dock" delivery option only for port of exit. Delivery from continental US to HI or AK may have an additional charge. Installation, if requested, will be negotiated between the customer and the installer on a case by case basis.</p> <p>Using the total list price of a project, the tiered discount can then be determined.</p> <p>Please see the product discount spreadsheet under the Pricing Offered section of the RFP.</p>
56	Describe any quantity or volume discounts or rebate programs that you offer.	<p>KI's pricing policy is to always provide the "BEST PRICE" on all of its products, which eliminates the need for rebates, incentives, or additional discounts. It is KI's intent to provide Sourcewell and its members with the "BEST PRICE", based on the terms and conditions, as documented in the Pricing offer.</p>
57	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	<p>KI will assist in the procurement of "Sourced Goods" (non-KI product) provided that the majority of the order is made up of KI Products. These items would be sold at cost plus a percentage.</p> <p>KI also has an internal group (Personalized Solutions Group), which takes product solutions and makes minor modifications to them, again to meet a specific client needs, application, or sustainability requirement. Personalized solutions allows KI the ability to create greater variety in products at desirable prices. These items would be quoted on a case by case basis.</p>
58	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>Not only has KI provided a discount for dock delivery but we have also provided an "installed" option for Sourcewell customers.</p> <p>Installation for HI or AK, if requested, will be negotiated between the customer and the installer on a case by case basis.</p> <p>Auditorium /Fixed Seating &amp; Demountable Walls Architectural products are not quoted with installation charges and are quoted on a project by project basis.</p> <p>Spacesaver Products Installation: Due to the customer nature of this equipment, it is quoted per project; however, installation charges for non-union, non-prevailing wage projects will not exceed 40% of list price for any product categories noted. Projects requiring prevailing wage or union wages must be quoted project by project due to local variations in wages and classifications of labor.</p>

59	If freight, delivery, or shipping is an additional cost to the Sourcewell Member, describe in detail the complete freight, shipping, and delivery program.	<p>Products quoted as "Delivered Pricing", no additional cost will be given. Customer shall prepay all freight charges and any extra expenses resulting from any request by Customer for after-hours, holiday, weekend, or specific time delivery, or special carrier, shipping method, (e.g. air freight, exclusive use vehicle) packaging, and/or routing.</p> <p>Accessorial Fees: Customer shall be responsible for the payment of all accessorial fees, including, but not limited to, charges necessitated by any of the following:</p> <ul style="list-style-type: none"> <li>• A need for special delivery equipment, including lift gates</li> <li>• The absence of a loading dock</li> <li>• Re-direction or re-consignment of product</li> <li>• Detention charges</li> <li>• Street unloads</li> <li>• Improper refusal of product</li> <li>• After hours/weekend installation</li> <li>• Union labor rates if required</li> <li>• Additional fees for installations in excess of 30 miles from closest servicing center and on full service installation orders less than \$2,500.</li> </ul> <p>Auditorium /Fixed Seating &amp; Demountable Walls Architectural products are not quoted with transportation and are quoted on a project by project basis.</p> <p>Spacesaver Products Freight and inside delivery: is quoted per project based on the size and scope of the member's specific project. This will provide the best value, lowest cost to each member.</p>	*
60	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>KI reserves the right to select the "best way" shipment methods and means (including, but not limited to, determination of the carrier, method of shipment, and routing). Standard delivery shall be dock-to-dock delivery and shall occur Monday through Friday, 7:00 a.m. to 3:00 p.m. for truckload or 9:00a.m. to 5:00 p.m. for less than truckload or parcel. Products quoted as "Delivered Pricing" shall be "F.O.B. Origin," and freight charges are based on shipments to the 48 U.S. contiguous states. For shipments destined to other U.S. states or foreign territories, delivery will be made to a prearranged port.</p>	*
61	Describe any unique distribution and/or delivery methods or options offered in your proposal.	<p>KI's Discounting is zoned in a way to provide price relief to geographic areas. Within this structure KI provides multiple delivery options for each end users site conditions and specifics.</p> <p>A few of KI shipping methods are:</p> <ul style="list-style-type: none"> <li>• Parcel (FedEx or UPS)</li> <li>• Standard LTL</li> <li>• Truckload</li> <li>• Advance Shipment Notification (ASN)</li> <li>• Blanket Wrapping</li> </ul>	*

64	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	KI and its Subsidiaries would like to propose a 1% administrative fee calculated as a percentage of the contract sale price and to be payable to Sourcewell for facilitation and promotion of the contract opportunity.

65	If you are awarded a contract, provide examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Most important is the feedback from the customer. KI has taken on a major initiative in enhancing the customer experience. Through our continuous improvement of corporate processes and policy to our internal customer service training and our customer surveys KI believes that the customer's needs will continue to change, and KI must adapt with it. Every survey score is reviewed and any score that is low is flagged and a personal call is made by our leadership team to assist in improving the experience and learning what steps need to be taken to make this the exception.

66	Describe any industry testing procedures, quality controls and certifications that apply to the products proposed.	<p><b>Commitment to Quality</b>  Everyone at KI – from the sales representative out in the field to the engineer working on the manufacturing floor – upholds customer satisfaction as one of their ongoing responsibilities. Those acceptable standards in the contract furniture industry are ANSI/BIFMA standards that test for stability, strength, durability and load. We qualify KI products to the applicable ANSI/BIFMA and UL test standards through independent and internal testing. KI is ISO 9001 registered, houses a state-of-the art and accredited laboratory testing facility with accurate equipment and fully trained personnel.</p> <p>*Copies of specific KI product test results are available upon request as required for product specifications, etc.*</p> <p>Our customers' appraisals of our performance, specifically quality, is of utmost importance to us.  Please find the attachment titled BIFMA Testing for your review.</p>
