NOTES

- 1) Cottingham & Butler Option 1 alternate \$100,000/yr. + Aflac line commissions.
- 2) Marsh & McLennan proposed a total fixed, not-to-exceed annual health benefits consulting fee that will be offset, if applicable, by any broker commissions currently embedded within DuPage County's employee benefit programs. (The County's understanding is that all commissions have been 'turned off'.)
- 3) Horton proposed compensation independent of any fee arrangement arising from this proposal for any new Benefit Programs established through the engagement.
