WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on July 10, 2024 does find as follows:

FINDINGS OF FACT:

-
- A. That petitioner testified that the subject zoning relief is for a Variation to allow a 6'/100% closed (privacy) fence within the 30' front yard setback.
 - B. That the original zoning request included a Variation to allow a 6'/100% closed (privacy) fence within the 10' corner side yard setback, and that this request was removed from the petition at the public hearing, as a 6'/100% closed fence within the corner side yard is now permitted as of right due to recently approved Text Amendment T-1-24.
 - C. That petitioner testified that they require a fence within the front yard for privacy and safety reasons, due to three (3) young children and two (2) dogs on the subject property.
 - D. That the Zoning Hearing Officer finds that petitioner has not demonstrated or provided sufficient evidence to support the proposed Variation to allow a 6'/100% closed (privacy) fence within the 30' front yard setback and that petitioner has not demonstrated or provided sufficient evidence in relation to a practical difficulty or particular hardship in order to support a Variation.

STANDARDS FOR VARIATIONS:

**Per Zoning Code Section 37-1411.3*

1. That the Zoning Hearing Officer finds that petitioner **has not demonstrated** that the granting of the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.
2. That the Zoning Hearing Officer finds that petitioner **has not demonstrated** the granting of the Variation will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner **has not demonstrated** that the proposed 6'/100% closed fence in the front yard will not impair an adequate supply of light and air to the adjacent properties.
 - b. Increase the hazard from fire or other dangers to said property as petitioner **has not demonstrated** that the proposed 6'/100% closed fence in the front yard will not increase in the hazard from fire or other dangers.
 - c. Diminish the value of land and buildings throughout the County as petitioner **has not demonstrated** that the proposed 6'/100% closed fence in the front yard will not diminish the value of land and buildings throughout the County.
 - d. Unduly increase traffic congestion in the public streets and highways as petitioner **has not demonstrated** that the proposed 6'/100% closed fence in the front yard will not unduly increase traffic congestion in the public streets and highways.
 - e. Increase the potential for flood damages to adjacent property as petitioner **has not demonstrated** that the proposed 6'/100% closed fence in the front yard will not increase the potential for flood damages to adjacent properties.
 - f. Incur additional public expense for flood protection, rescue or relief as petitioner **has not demonstrated** that the proposed 6'/100% closed fence in the front yard will not incur additional public expense for flood protection, rescue, or relief.

- g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has not demonstrated** that the proposed 6’/100% closed fence in the front yard will not impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County.

1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development; and specifically, that the granting of the Conditional Use will not:
 - a.  - e. Increase the potential for flood damages to adjacent property as petitioner **has demonstrated** that the proposed recreational use for walking paths will not increase the potential for flood damages to adjacent property.
 - f. Incur additional public expense for flood protection, rescue or relief as petitioner **has demonstrated** that the proposed recreational use for walking paths will not incur additional public expense for flood protection, rescue, or relief.
 - g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has demonstrated** that the proposed recreational use for walking paths will not impair the public health, safety, comfort, morals, or general welfare of the surrounding area, and that the walking paths will be an added benefit to the surrounding area by incorporating existing vegetation and natural habitats into a recreational walking path.

ZONING-24-000039 – ORDINANCE – Tucker: To approve the following zoning relief: Variation to reduce the required setback for a new fence from required 3” to approximately 0”. (Milton/District 4)
ZHO Recommendation to Approve
Development Committee VOTE (to Approve): 5 Ayes, 0 Nays, 1 Absent

WHEREAS, a public hearing was held on July 10, 2024 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 2:30 P.M. before

the DuPage County Zoning Hearing Officer and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

Variation to reduce the required setback for a new fence from required 3” to approximately 0”, on the property hereinafter described:

LOT 76 IN WHEATON RIDGE UNIT ONE, BEING A SUBDIVISION OF THE WEST 30 ACRES OF ALL THAT PART OF THE SOUTHEAST ¼ OF THE SOUTHEAST ¼ OF SECTION 4, TOWNSHIP 39 NORTH, RANGE 10, EAST OF THE THIRD PRINCIPAL MERIDIAN, LYING NORTH OF GENEVA ROAD, ACCORDING TO THE PLAT THEREOF RECORDED SEPTEMBER 8, 1987 AS DOCUMENT R87-13312 AND CERTIFICATES OF CORRECTION RECORDED OCTOBER 27, 1987 AS DOCUMENT R87-155321, FEBRUARY 24, 1988 AS DOCUMENT R88-18373 AND JUNE 12, 1988 AS DOCUMENT R88-060113, IN DUPAGE COUNTY, ILLINOIS; and

WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on July 10, 2024 does find as follows:

FINDINGS OF FACT:

- A. That petitioner testified that the subject zoning relief is to reduce the required setback for a new fence from required 3” to approximately 0”.
- B. That petitioner testified that he received a permit for new fence to be located at least 3” from the rear property line, and that the utility companies will not allow him to place a fence post 3” from the rear property due to the northwest corner of the subject property being a major underground hub for twenty-four (24) runs of cabling.
- C. That petitioner testified that due to the underground utilities, the only way to fully enclose his rear yard is to connect his fence panel to his neighbor’s existing fence post at the property line.
- D. That petitioner testified that all other fencing on the subject property will be located at least 3” inside the property lines, and that the only location requested with the subject Variation is at the northwest corner of the subject property.
- E. That the Zoning Hearing Officer finds that petitioner has demonstrated sufficient evidence for a practical difficulty to approve the subject zoning relief to allow a fence to be located 0” from the property line and that due to existing underground cabling, he is unable to construct a fence post 3” from the property line.
 - a. Furthermore, in order to enclose the subject property with fencing, petitioner would need to connect his fence to an existing neighboring fence post at the property line.

STANDARDS FOR VARIATIONS:

1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of

the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.

2. That the Zoning Board of Appeals finds that petitioner **has demonstrated** the granting of the Variation will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner **has demonstrated** that the proposed fence 0" from the property line will only be located in the rear northwest corner and will not impair an adequate supply of light and air to the adjacent property.
 - b. Increase the hazard from fire or other dangers to said property as petitioner **has demonstrated** that he will obtain an amended permit for the proposed fence 0" from the property line and that the proposed fence will not increase the hazard from fire or other dangers to said property.
 - c. Diminish the value of land and buildings throughout the County as petitioner **has demonstrated** that the proposed fence 0" from the property line will not diminish the value of land and buildings throughout the County.
 - d. Unduly increase traffic congestion in the public streets and highways as petitioner **has demonstrated** that the proposed fence 0" from the property line will only be located in the rear northwest corner of the property and will not increase traffic congestion in the public streets and highways.
 - e. Increase the potential for flood damages to adjacent property as petitioner **has demonstrated** that the proposed fence 0" from the property line will not increase the potential for flood damages to adjacent property.
 - f. Incur additional public expense for flood protection, rescue or relief as petitioner **has demonstrated** that the proposed fence 0" from the property line will not incur additional public expense for flood protection, rescue, or relief.
 - g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has demonstrated** that the proposed fence 0" from the property line will not impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County and will be an added benefit to the surrounding area.

FINDINGS OF FACT:

- A. That petitioner testified that the subject zoning relief is to replace an existing twenty (20) year old fence in the same direction and location, with the good side of the fence to face inward instead of outward.
- B. That petitioner testified that adjacent north of the proposed fence is the Ruth Lake Country Club maintenance buildings, parking lot, and pickle ball courts and that the good side of the existing fence faces inward due to this reason.
- C. That the Country Club submitted a letter indicating that they do not object to the good side of the proposed fence to face inward instead of outward.
- D. That the Zoning Hearing Officer finds that petitioner has demonstrated sufficient evidence for the subject zoning relief and that petitioner requires the subject zoning relief due to the unique circumstance of the proposed fence located adjacent to a country club's maintenance buildings, parking lots, and pickle ball courts, and that it is not adjacent to a residential use property.

STANDARDS FOR VARIATIONS:

1. That the Zoning Board of Appeals finds that petitioner **has demonstrated** that the granting of the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.
2. That the Zoning Board of Appeals finds that petitioner **has demonstrated** the granting of the Variation will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner **has demonstrated** that the proposed fence is replacing a prior fence in the same direction and location, and that it will not impair an adequate supply of light and air to the adjacent property.
 - b. Increase the hazard from fire or other dangers to said property as petitioner **has demonstrated** that the proposed fence will not increase the hazard from fire or other dangers to said property.

- c. Diminish the value of land and buildings throughout the County as petitioner **has demonstrated** that the proposed fence is replacing a prior fence in the same direction and location, and that it will not diminish the value of land and buildings throughout the County.
- d. Unduly increase traffic congestion in the public streets and highways as petitioner **has demonstrated** that the proposed fence will not unduly increase traffic congestion in the public streets and highways.
- e. Increase the potential for flood damages to adjacent property as petitioner **has demonstrated** that the proposed fence will not increase the potential for flood damages to adjacent property.
- f. Incur additional public expense for flood protection, rescue or relief as petitioner **has demonstrated** that the proposed fence will not incur additional public expense for flood protection, rescue, or relief.
- g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has demonstrated** that the proposed fence will be replacing an existing fence in the same direction and location, and will not otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County.

WHEREAS, the Zoning Board of Appeals, having considered in relation to the above requested text amendment presented at the above hearing and at the recommendation meeting held on June 6, 2024 does find as follows:

FINDINGS OF FACT:

1. That the Zoning Board of Appeals finds that over the last several months, County Board members have requested staff to research various land use topics that are of importance to their constituents. 2. That the Zoning Board of Appeals finds that on Tuesday April 16, 2024, the Development Committee voted to request staff to have the proposed text amendment considered at public hearing before the Zoning Board of Appeals.
3. Furthermore, that the Zoning Board of Appeals finds that they have concerns regarding native bee and non-native honeybee species, and that they do not have sufficient information regarding the impact of non-native honeybee species on native bee species. Therefore, the Zoning Board of Appeals made a motion of “no recommendation” regarding the subject text amendments for beekeeping.
