- **The DuPage County Hinsdale Lake Terrace Rideshare Access Program**

The program offers vouchers to residents for a ride anywhere within a local service area for medical services, grocery, employment, and other purposes.

- **Stormwater Management's Water Quality Improvement Program Grant**

This program provides financial assistance to projects providing a regional water quality benefit to local waterways.

- **The 18th Judicial Circuit Court Guardianship Help Desk**

This project provides access to attorneys for self-represented caretakers and families involved in guardianship hearings.

Congratulations to all our staff involved with these programs. We will have an award presentation at an upcoming Board meeting.

Variation from Section 37-704.3 to reduce the lot width from 75 to 50 feet for lots served by sewer and water to create two buildable lots on the property. (Milton/District 4)

ZHO Recommendation to Approve

Development Committee VOTE (Motion to Approve): 4 Ayes, 0 Nays, 3 Absent

WHEREAS, a public hearing was held on May 21, 2025 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 2:30 P.M. before the DuPage County Zoning Hearing Officer and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

Variation from Section 37-704.3 to reduce the lot width from 75 to 50 feet for lots served by sewer and water to create two buildable lots on the property, on the property hereinafter described:

LOT 47 IN GIBONS AND NEPIL'S JEWELL ROAD SUBDIVISION, A SUBDIVISION IN SECTION 8 AND 17, TOWNSHIP 39 NORTH, RANGE 10 EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED JULY 7, 1923 AS DOCUMENT 167355, IN DUPAGE COUNTY, ILLINOIS; and

WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on June 4, 2025 does find as follows:

FINDINGS OF FACT:

- A. That petitioner testified that the subject zoning relief is to reduce the lot width from 75 to 50 feet for lots served by sewer and water to create two (2) buildable lots on the property.

- B. That petitioner testified that they intend to build one (1) house on each fifty (50) foot wide lot, for a total of two (2) houses.
- C. That petitioner testified that the practical difficulty and unique circumstance for the subject zoning relief is that most lots in the neighborhood are fifty (50) feet wide and that the subject property was originally platted larger than the majority of lots in the neighborhood.
- D. That the Zoning Hearing Officer finds that neighbors testified during the public hearing that some fifty (50) foot wide lots in the neighborhood have been developed and that there are also larger lots in the neighborhood.
 - a. Upon review, the Zoning Hearing Officer finds that some properties in the immediate area of the subject property consist of two (2) fifty (50) foot wide lots with only one (1) house, but those properties could choose to develop two (2) homes as they are historic lots of record.
- E. That the Zoning Hearing Officer finds that petitioner has demonstrated a practical difficulty and unique circumstance with the subject property, as the subject was platted larger than most properties in the immediate neighborhood and that although there are larger properties in the neighborhood, many of those lots consist of two (2) fifty (50) foot wide historic lots of record that could choose to develop two (2) houses.

STANDARDS FOR VARIATIONS:

- 1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.
- 2. That the Zoning Hearing Officer finds that petitioner **has demonstrated** the granting of the Variation will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner has demonstrated that the proposed subdivision of the subject property will match other property sizes in the immediate neighborhood and will not impair an adequate supply of light and air to the adjacent property.
 - b. Increase the hazard from fire or other dangers to said property as petitioner has demonstrated that they will receive a building permit for all construction and excavation that would occur on the subject property.
 - c. Diminish the value of land and buildings throughout the County as petitioner has demonstrated that the proposed subdivision of the subject property will match other property sizes in the immediate neighborhood, and that the proposed subdivision will not diminish the value of land and buildings throughout the County.
 - d. Unduly increase traffic congestion in the public streets and highways as petitioner has demonstrated that the proposed subdivision will not unduly increase traffic congestion in the public streets and highways.

- e. Increase the potential for flood damages to adjacent property as petitioner has demonstrated that the proposed subdivision will not increase the potential for flood damages to adjacent property.
- f. Incur additional public expense for flood protection, rescue or relief as petitioner has demonstrated that the proposed subdivision will not incur additional public expense for flood protection, rescue, or relief.
- g. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County as petitioner has demonstrated that the proposed subdivision will not impair the public health, safety, comfort, morals, or general welfare to the inhabitants of DuPage County as the proposed subdivision will match existing property sizes in the immediate neighborhood.
