7. CHAIR'S REPORT / PRESENTATIONS

Chair Conroy made the following remarks:

Like most Americans, I'm heartbroken and horrified by what I saw over the weekend in Minneapolis. I believe the U.S. Immigration Customs and Enforcement operations should be halted as a result of the tragic shooting Saturday of Alex Pretti and earlier this month, of Renee Good. This loss of life is unimaginable in a nation that has steadfastly protected our rights of free speech and assembly.

Our federal legislative agenda is before you for a vote today. In light of the events in Minneapolis, I propose a change in the language of our agenda, to say "DuPage County urges Congress to deny funding the U.S. Department of Homeland Security until a thorough, independent investigation of Immigration Customs and Enforcement operations can be completed." Language for this amendment is on your desks. I believe we must strongly communicate our demand that our communities remain safe, and that **all individuals deserve due process** in any federal immigration action. I ask for your support.

verification, auditing, and public access. [REDACTED TEXT - PROPRIETARY SYSTEM CAPABILITIES]

Traditional land-record search portals have been difficult to navigate, and they present information in a way that can be frustrating for the general public. MLG's Smart Search Portal is designed in partnership with the county to offer the clarity for the end user: intuitive, mobile-accessible, and available 24/7 for purchasing accurate, up-to-date records with full support for modern browsers and assistive technologies. AI-Powered Accuracy and Record Research Support

[REDACTED TEXT - PROPRIETARY AI CAPABILITIES AND IMPLEMENTATION DETAILS]

Fraud Protection and Constituent Services

Constellation includes integrated fraud-protection tools through a secure **Property Wallet**, giving constituents a modern way to monitor their property interests. [REDACTED TEXT - PROPRIETARY FRAUD PROTECTION IMPLEMENTATION]

Compliance and Standards

MLG is fully committed to compliance with Property Records Industry Association (PRIA) standards, Illinois Predictable Fee requirements, state and local statutes, and industry-accepted security frameworks. Our interfaces meet ADA, Section 508, and WCAG 2.1 AA conformance requirements, aligning with the U.S. Department of Justice's Title II Web Accessibility rules. Our payment workflows are designed to PCI DSS requirements and integrate with County-approved payment providers.

Partnership Approach

MLG approaches land records modernization as a long-term partnership. We provide comprehensive implementation services, data conversion for your historical records dating to 1839, integration with County systems including MyDec, staff training, and ongoing support. Our goal is to provide DuPage County a modern, AI-native platform that enhances efficiency today while establishing a secure, standards-compliant foundation for decades to come.

We appreciate the opportunity to partner with DuPage County and welcome any questions regarding our proposal.

DATE: January 9, 2026

SUBJECT: Draft 2026 Annual Action Plan

On December 2, 2025, the Community Development Commission Executive Committee and the HOME Advisory Group approved the 2026 funding recommendations.

Action Requested: The CDC Exec Committee and HOME Advisory Group recommend approval of the draft 2026 Annual Action Plan to proceed through the completion process.

Details: The 2026 Annual Action Plan outlines specific projects to be undertaken with 2026 Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnerships (HOME) funds. The CDBG and ESG projects identified in the 2026 Action Plan were approved by the CDC Executive Committee on December 2, 2025. HOME projects currently listed in the 2026 Action Plan were identified through priority needs established under the ConPlan as well as discussions with Subrecipients administering the Tenant-Based Rental Assistance Program. All HOME projects recommended for funding require applications and significant underwriting review to be completed prior to recommendation to the HOME Advisory Group. Prior to entering into a HOME Agreement, the HOME Advisory Group must approve staff's recommendation.

The draft 2026 Annual Action Plan is currently out for public comment, with an end date scheduled for February 2, 2026. A public hearing is scheduled for January 14, 2026. A draft of the 2026 Annual Action Plan can be found on our website at Planning and Reporting (dupagecounty.gov) under the Action Plan drop down option. The approval schedule is outlined below:

01/03/2026 – Start of public comment period
01/14/2026 – Public Hearing
01/20/2026 – Draft Plan to the Human Services Committee
01/27/2026 – First reading by the County Board
02/02/2026 – End of public comment period
02/10/2026 – Final approval by County Board

The Annual Action Plan will be submitted to HUD for approval once the actual funding amounts are received. This timeframe has not been identified by HUD and may take several weeks to several months before the plan can be adjusted and submitted for approval. The CDC will follow the contingency provisions included within the Annual Action Plan and the DuPage County Citizen Participation Plan to amend the Plan, if funding amounts are less than or greater than estimated amounts included. Per the Citizen Participation Plan, if actual funding is not within 25% of the estimated funding reflected in the Annual Action Plan, an additional public hearing and public comment period will take place.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. This is a sub-grant exempt from bidding. They will provide direct services for the County's CSBG program and will maintain all records and financial documents. Catholic Charities is an established not for profit in DuPage County and has received Human Services Grant Funds and CDBG funding as well. See attached request for funding. In conducting the 2024, DuPage County Department of Community Services' Needs Assessment, a top unmet need in our community is housing. 88.9% of the Stakeholders who responded to the Needs Assessment Survey identified finding affordable housing as being the biggest barrier for residents in DuPage County. Catholic Charities (Sub-grantee) will provide housing case management services to individuals residing in the Kathy Paulsen Hope House Emergency Shelter moving these individuals to permanent stable housing.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). Fund the program at $58,000. 1) Issue a sub grantee agreement with Catholic Charities for $58,000. This will allow homeless families to have a safe place to stay and receive other services to establish permanent housing. Will also assist families in obtaining needed supplies for their children to start school. 2) Do not fund the program and run the risk that families will be forced to live without shelter in their cars or on our streets and children will not have the appropriate supplies for school.

2026 Community Services Block Grant Proposal
Catholic Charities, Diocese of Joliet
Kathy Paulsen Hope House Shelter &
Back to School Fair

Catholic Charities, Diocese of Joliet desires to participate as a sub-grantee of the County's Community Services Block Grant. Catholic Charities is requesting a total of $58,000 which includes $55,000 for Kathy Paulsen Hope House Shelter and $3,000 for the Back to School Fair.

Located in DuPage County, Kathy Paulsen Hope House is a 24 hour, 18-bed shelter serving individuals and families made homeless by a crisis (e.g. job loss, divorce, depleted savings, eviction or home foreclosure). It provides short-term shelter, case management and support services to assist and empower clients to find employment and permanent, stable housing leading to self-sufficiency. Kathy Paulsen Hope House also operates a 24 hour crisis hotline, which serves as a primary access point for all those in DuPage County seeking homeless services.

In FY 2025, Kathy Paulsen Hope House served 100 individuals (22 children ages 1-17; 73 adults ages 18-61 and 5 seniors 65+). Of the total served, 33 were Caucasian; 46 African American; 4 Asian; 8 Hispanic; and 9 identified as multi-racial. During the past fiscal year, 56% of the adults who entered the shelter program, exited with full-time or equivalent employment earning enough income to obtain and maintain housing in the community, allowing 64% of Hope House clients to exit into permanent, stable housing.

The Back to School Fair (BTSF) is a long-standing program through which Catholic Charities partners with local agencies to provide school supplies and essential basic needs support to children in grades K–12, helping them prepare for a successful return to school. The families served through this initiative include individuals from the working low-income community, as well as those currently residing in homeless shelters, transitional housing programs, rapid rehousing programs, and permanent supportive housing. These families often have limited or no resources available to adequately prepare their children for the upcoming school year. Eligible participants must reside in DuPage County, provide self-certification of income, proof of Medicaid eligibility, and their children must qualify for the federally-sponsored free school lunch program.

Through the distribution of backpacks, school supplies, and access to critical resources and services, the BTSF helps reduce barriers to academic success for extremely low-income children and their families. The 2025 BTSF, held on July 30, served approximately 500 families. For 2026, Catholic Charities is intentionally scaling the event to serve a reduced number of 75 families and an estimated 100 children under the age of 18. This more focused approach will allow the agency to prioritize families actively enrolled in Catholic Charities programs, ensuring deeper engagement and more personalized support for those with ongoing service needs.

The funding requested through the County's Community Services Block Grant will be used to perform the following activities for the benefit of the County in a timely fashion:

1. Maintain a 24 hour, 7 day crisis line to serve as a central clearinghouse for all shelter needs in DuPage, having on call 24 hours per day, a staff member with a Masters of Social Work or equivalent degree and experience.
2. Screen, assess and refer clients in need of shelter.
3. Provide case management services to 75 CSBG eligible individuals who are homeless (200% of Federal Poverty Level or Below). Additional Services provide as needed will be:
    a. Provide emergency shelter
    b. Provide employment and vocational counseling support through one-on-one counseling and group classes.
    c. Provide housing navigation support to households as they seek safe, permanent stable housing that is subsidized or unsubsidized.
    d. Create and monitor an Individualized Service Plan detailing individuals' goals and objectives to obtain permanent stable housing; revising this plan every 30 days.
    e. Provide direct housing support in the form of basic needs, security deposit, rental payment, moving expenses, basic household furnishings and car repairs for 30 households (35 individuals) at or below 200% poverty level exiting Hope House to safe, permanent housing.
    f. Partner with HOME DuPage to provide financial Literacy.
    g. Provide up to 6 months of aftercare services including follow up, case management, advocacy, referrals and resources to 100% of households who exit Hope House shelter.
4. Obtain proof of 30 day income, household members, and proof of residency or homelessness maintain in client file
5. Plan and organize the DuPage Back to School Fair
6. Comply with all assurances as further detailed in Exhibit "A" attached hereto and incorporated as part of the 2026 Community Service Block Grant Agreement

Catholic Charities Diocese of Joliet agrees that the requested CSBG funds will be expended between the dates of 01/01/2026 to 12/31/2026 with a final budget due by January 15, 2027. Invoicing for the Back to School Fair will be submitted by September 30, 2026. Final invoice for Kathy Paulsen Hope House activities will be submitted by January 22, 2027.

2026 Funding Proposal

Description of Need

Food insecurity remains a critical and growing threat to the health and stability of DuPage County, Illinois residents. Defined as a lack of consistent access to enough nutritious food for every person in a household to live an active, healthy life (*USDA*), food insecurity affects more than 83,000 residents or 1 in 10 in our community (*USDA; Northern Illinois Food Bank, 2021*). This gap is even more pronounced in areas that received a 5 on the Food Insecurity Index* where rising housing costs, stagnant wages, and recent reductions in federal nutrition programs (SNAP) have intensified reliance on emergency food systems.

When individuals lack access to nutritious food, the impact extends beyond hunger contributing to poor health outcomes, academic challenges, and economic instability. Addressing food insecurity is both a matter of compassion and a strategic investment for building a stronger, healthier community for all.

The emergency food system functions as a safety net to promote food security. In FY2021, Northern Illinois Food Bank distributed more than 18.6 million meals in DuPage County serving an estimated 72,580 residents facing food insecurity. Additionally, the 2024 Endeavor Health Community Needs Assessment found an average food insecurity rate of 11% across their service area confirming that 1 in 10 households within the area face limited or uncertain access to food.

Organization Description

The mission of **The GardenWorks Project** is to address food insecurity by creating and nurturing connections between food growers, local food pantries, and individuals in need.

Founded in 2012 with the installation of four home gardens for food pantry clients, The GardenWorks Project became a 501(c)(3) nonprofit in 2014. Since then, we have:

- Installed 2,600 home gardens for families facing food insecurity.
- Established 26 community gardens across western Chicagoland.
- Distributed thousands of pounds of fresh produce annually to local food pantries and directly to income-eligible residents.

In 2024, The GardenWorks Project refined its community garden model to include:

1. **Household Gardens**: 4 x 8 garden plots at income-eligible housing communities.
2. **Food Pantry Gardens**: On-site gardens where food is harvested for direct pantry distribution.
3. **Market Gardens**: Gardens dedicated to growing produce for delivery to partner pantries.
4. **Group Home Gardens**: Gardens installed for residential facilities serving individuals with ongoing care needs.

Program Overview

The **Produce for People and Pantries (PFPP)** initiative is a five-year program designed to address food insecurity by installing and supporting community gardens that connect directly to local food pantries and income eligible households. Now entering its fourth year, PFPP continues to expand access to fresh, locally grown produce through partnerships with food pantries, schools, housing communities, and local organizations.

By continuing this program in 2026, The GardenWorks Project will strengthen food resilience and provide sustainable, community-driven solutions to hunger.

Funding Proposal

The GardenWorks Project respectfully requests **$70,000** in continued CSBG funding for **Year 4 of 5** for PFPP in 2026.

Funds will:

1. Support six existing community garden sites with soil, compost, seedlings, and staff and volunteer coordination.
2. Provide support for 182 garden beds across 24 locations in DuPage County.
3. Install and support two new community garden sites in high-need areas.
4. Develop partnerships for future expansion in 2027.
5. Provide educational workshops, culturally relevant food resources, and support for the Fresh Food Connect app to connect home gardeners with food pantries.

Key Data Points

The 2024 Food Insecurity Index (Conduent Healthy Communities Institute) * is a measure of socioeconomic and household hardship correlated with poor food access. The index is part of

Conduent's SocioNeeds Index® Suite, which provides analytics around social determinants of health to advance equitable outcomes for a range of topics.

All zip codes, counties, and county equivalents in the United States are given an index value from 0 (low need) to 100 (high need). To help you find the areas of highest need in your community, the selected locations are ranked from 1 (low need) to 5 (high need) based on their index value relative to similar locations within the region.

Based on the 2024 Food Insecurity Index (Conduent Healthy Communities Institute) and the County Health Assessment by IMPACT DuPage, the following DuPage County cities will be the focus for new partnerships in 2026:

Hanover Park	60133	5	69.0
Bensenville	60106	5	66.6
Addison	60101	5	61.0
Glendale Heights	60139	5	59.6

These areas represent priority locations for future garden sites and partnerships.

Program Results to Date (2023 – 2025)

In 2023 (Year 1 planning year), 2024 (Year 2 five gardens*), and 2025 (Year 3 two gardens), CSBG funding supported the installation of seven community gardens, serving three food pantries and three income-eligible apartment complexes and one preschool.

Program Description Overview

H.O.M.E. DuPage, Inc's (HOME) Financial Fitness (FFIT) program strives to empower individuals and families throughout DuPage County with Financial Education and one-on–one coaching. Education provides clients with the necessary tools that lead to self-sufficiency, financial stability, and achievement of personal lifegoals. The Financial Fitness Program offers six different workshops and one-on-one financial coaching, tailored to the needs of DuPage County's low-income families. The education and coaching provided contribute to successful financial management and stable living over the long-term, for all residents of DuPage County regardless of their housing status.

To enter this program, case managers from referring agencies will identify clients at or below 200% of the Federal poverty level who need income management, budgeting and/or credit repair skills and will refer them to HOME. Clients may enter the program through educational workshops or coaching. HOME will offer/provide the following services:

Financial Fitness (Financial Literacy) Workshops

Group workshops are available through this program (6 different workshops available in 90 - minute modules) and held multiple times each month at HOME., or other external locations in DuPage County including DuPage County Complex, or via zoom as agreed upon with current collaborators. Currently, an example of meeting clients where they are at, HOME has designated one day every two weeks to meet at 360 Youth Services to provide financial coaching, as well as financial education workshops to their clients who have transportation challenges. HOME will work with other partner organizations to assist their clients in a similar situation.

Group workshop education modules offered by HOME FFIT to all collaborators include - understanding banking and bank products; developing and sticking to a budget/spending plan; digging out of debt; using credit wisely and how to repair damaged credit; building savings; avoiding scams and financial pitfalls, managing student debt; tips to be a wise consumer, and more. Small group, hands-on activities practice real-life scenarios relevant to clients' individual situations and keep them engaged in learning. Pre- and post-tests are given at each workshop to ensure principles are fully grasped, and to indicate areas that need more work in coaching sessions. Currently, workshops offer in-person or virtual options.

Clients participating in the CSBG program can enter the FFIT program through workshops. Additionally, clients may be referred to FFIT as a requirement for CSBG grant recipients. The focus will be on budgeting, creating an action plan, and establishing savings, all aimed at achieving financial stability. Clients interested in joining any other FFIT programs or additional programs offered by HOME DuPage will be permitted to do so

Financial Coaching (Individual Income Management and Credit Score Repair)

Individualized, one-on-one Financial Coaching provides a dedicated coach to help clients review their finances and credit if so desired, determine goals, develop a budget and personalized Action Plan, and eventually achieve their financial goals. During coaching sessions, coaches reinforce workshop lessons, guide through challenges, monitor progress, assist with addressing credit/debt issues, and help build lasting positive financial habits.

All clients attending one or more workshops are encouraged to attend individual Financial Coaching at HOME's office, or a partnering agency. Currently, one-on-one coaching is offered both virtually and in person.

Clients who desire to work on their credit will be offered coaching with a HOME FFIT coach. During this process, HOME financial coach will obtain a copy of the client's credit report, discuss the information provided, and obtain guidance on addressing problem areas and improving credit scores. Clients at a relatively high level of self-sufficiency may have enough information from the workshops and the individual coaching sessions to move forward to repair their credit on their own. A follow-up coaching session will be scheduled to confirm success with credit repair and income management.

The Financial Fitness Program intention is to educate clients about banking services and encourage them to develop a banking relationship to better manage their finances. The goals of HOME's FFIT program for clients are as follows:

1. Introduce a banking relationship for 10 clients whose goal is to become "banked." 2. Provide coaching to 20 clients to increase their savings in an existing savings account. 3. Assist 10 clients in opening a new savings account. Clients who are banked are eligible to match CSBG funds. For every $50.00 a client saves, they will receive $50.00 in matching funds, up to a total of $300.00. To qualify, clients must agree to leave the savings untouched for 90 days. This practice is designed to help clients develop saving habits, ultimately leading to increased savings.

For clients that the HOME FFIT coach, or referring agency case managers identify as having multiple, relatively complex issues contributing to housing risk and income management issues, HOME will provide continued income management and credit repair coaching services. The clients will continue to meet with a HOME FFIT coach for a baseline assessment of their financial situation and development of a Financial Management Action Plan. Specific services will include:

- Pulling the client's credit report and reviewing it with the client
- Reviewing the client's bank statements for the past three months (if the client has a mainstream banking relationship)
- Reviewing additional client documentation, such as pay stubs, public benefits received, utility bills, other financial obligations and debts, etc, and discussing the client's goals and money management practices.
- Developing a customized Action Plan and assist clients in identifying specific goals to work towards:
    - Formulating a budget and maintaining it for a specific time frame
    - Improving credit scores
    - Developing a savings plan
    - Addressing collections or judgments
    - Accessing mainstream banking services and eliminating vulnerability to fringe lending institutions such as title and payday loans
    - Improving cash flow management to eliminate bank NSF fees

The FFIT coach and the client will establish a mutually agreed-upon schedule for follow-up meetings to monitor the client's progress and provide guidance and encouragement in achieving the specified goals. Additionally, the FFIT coach will obtain the client's permission to share the Action Plan with the case manager from the referring agency, ensuring that the Action Plan is incorporated into the client's overall case management plan. Additionally, the FFIT coach will keep the referring agency's case manager informed about the client's progress in meeting goals during scheduled check-ins.

Direct Client Assistance

Many clients struggle to meet their basic needs. To encourage success in this program, HOME will provide clients who meet income eligibility criteria with direct client assistance for costs related to financial stability in the form of a savings match. This program will start at a minimum of $50 and a maximum of $300 for the program year – per household. Clients must attend successive coaching sessions to be eligible for this match, continue to demonstrate savings, and savings must be untouched for 90 days. The client must remain within the income eligibility criteria and demonstrate evidence of working toward stated goals.

Services, Activities, Outputs – Workshops and Financial Coaching

We plan to provide the following outputs:

- Income Management Coaching/Education for 60 families.
- Financial Coaching for the development of a Spending Plan and maintaining a budget for at minimum 90 Days for 30 families
- Money Management coaching for 20 families who have increased their savings
- Money Management coaching for 10 families who have developed a banking relationship and opened a savings account or IDA
- Financial Coaching to individuals working to grow their savings for asset purchase for 10 families.

Our actual volume depends on the number of referrals we receive from outside agencies.

Outcomes
The desired outcome is that clients develop sustainable financial management skills to remain housed and achieve self-sufficiency. A poor credit record and unsustainable income management can impede a client's ability to achieve self-sufficiency in multiple ways: lenders, employers, landlords and insurance companies all use credit scores as evaluation tools; failure to stick with a budget often leads to overdrafts (and fees), reliance on payday loans, and loss of housing/utilities.

HOME FFIT coaches and the agency case managers will use the following measures as indicators that clients are improving their financial management and credit profiles:

1. Maintaining a budget for 90 days
2. Paying housing costs on time
3. Avoiding NSF/overdraft fees
4. Not using payday loans/connecting with mainstream banking services
5. Improving credit scores or housing credit evaluation

Overall, we anticipate that at least 60% of the clients receiving credit report services (increasing credit score) will meet one or more of the outcome measures listed.

Credit Repair Program Program Overview

In 2025, HOME's financial coaches created the credit repair program. Initial steps included obtaining certification in credit repair and developing a comprehensive program outline.
Recognizing the unique circumstances of each individual, the coaches use the program outline as a framework that was originally created while customizing strategies to meet the specific needs of each client to set them up for success with the program.

In grant year 2026 HOME expects to welcome 24 new clients, for the entire year, while continuing work with clients that started the program in second half of year 2025. Additionally, HOME will request reviews with the county after six months to discuss the program's status and any necessary adjustments to ensure its continued viability.

Credit Repair Program –Credit Counseling Outline Flow

- CLIENT PROFILES
  - Client with no collection accounts
  - Client with collection account
  - Client with a credit score in need of repair.
- STEPS
  - **Initial Appointment** – HOME Coaches and client conduct a thorough financial assessment, which includes a tri-merge credit report review, followed by the formulation of a strategic action plan and financial assessment.
  - **Credit Report Overview** – HOME coaches obtain and analyze the client's consumer credit report (with the client) from annualcreditreport.com and together develop a personalized action plan based on the analysis.
  - **Identify and Dispute Inconsistencies –** HOME coaches systematically identify inaccuracies within the report that warrant dispute and construct an actionable plan.
  - **Dispute Process –** HOME coaches prepare necessary dispute letters, diligently monitor individual client progress utilizing spreadsheets, and send correspondence via certified mail.
  - **Debt Paydown Strategies:** HOME coaches design and execute effective debt paydown strategies, ensuring the creation of a concrete action plan for optimal results.

Program Details
This hands-on program is structured to promote proactive engagement among all participants, emphasizing that an immediate solution is not feasible. The duration of the program will be determined by the specific goals identified and may extend for a period of up to one year. HOME will conduct follow-up assessments at intervals of 30 to 45 days, tailored to individual needs. Furthermore, a follow-up credit report will be generated after 60 days to evaluate the client's progress and to adjust objectives as necessary.

Outcomes
The anticipated outcome is that clients will achieve a clean credit report with at least a score of 600, all negative comments on the credit profile have been addressed, and payments have been made consistently on time thereby facilitating access to improved financial opportunities and reduced interest rates. Additionally, this process will enhance clients' understanding of their credit, empowering them to make confident financial decisions that can further enhance their credit standing. HOME FFIT coaches and the agency case managers will use the following measures as indicators that clients are improving their financial management and credit profiles:

1. Clients will have a clear understanding of credit pre, and post-tests will be given
2. Credit Score of at least 600
3. All negative comments on credit report will be addressed
4. All payments to creditors will be made consistently for 90 days

Overall, we anticipate that at least 75% of the clients receiving credit counseling services will meet one or more of the outcome measures listed.

Coordination with Other Agencies/Meeting Requirements for Clients of other CSBG Grant Recipients
HOME will receive referrals of clients already enrolled in services at a collaborative agency and clients referred to HOME by other CSBG grant recipients (within DuPage County) to fulfill the budgeting requirement. HOME. and the referring agency will receive the client's written permission to share information so that the FFIT coach and the referring agency case manager can communicate to coordinate services as part of the client's Action Plan.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. This is a sub-grant exempt from bidding. They will provide direct services for the County's CSBG program and will maintain all records and financial documents. Low-income residents of DuPage County do not have access to safe, age-appropriate car seats for their children. According to the National Highway Traffic Safety Administration 162,298 children were injured in motor vehicle accident in 2022 and 40% were unrestrained. In conducting the 2024 DuPage County Department of Community Services' Needs Assessment 19.4% Service Users indicated struggling to obtain personal items and 27.4% struggled with food and nutrition needs. Teen Parent Connection (Sub-grantee) will provide child passenger safety education and car seats to DuPage County eligible families. Participating families will receive an age-appropriate car seat for each child and education on how to properly install the car seat by an Illinois Child Passenger Safety Technician. Participating families will also be provided diapers, wipes, supplemental food, and formula via Teen Parent Connection pantry. This program is a component in our community's response to the Whole Family Approach.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). Fund the program at $40,000. 1) Fund Teen Parent Connection at $40,000 to provide up to 70 households with car seats or booster seats and safety training as well 540 households with infant formula, diapers, wipes and other infant needs. 2) If funds are not provided, 70 households would not have the appropriate safety equipment and training to ensure their children are safe while in a vehicle, and 540 households will go without supplies needed to meet their infant's needs.

JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

Request for Funding from DuPage County Community Services
To Support the Parents Pantry and Child Passenger Safety Education and Car Seat Program

Since 1985, Teen Parent Connection has provided high-quality, evidence-informed programming to support the unique needs of adolescent parents in DuPage County. Serving youth ages 12–22 and their children, our continuum of care—from pregnancy through the child's fifth birthday—has proven to strengthen family functioning, increase access to essential resources, improve parenting skills, and promote healthy child development. Teen Parent Connection participants experience improved outcomes in early childhood development, health, and maternal well-being compared to national averages for teen parents. According to the Illinois Department of Public Health, approximately 450–500 babies are born each year in DuPage County to young parents between the ages of 12 and 22. By supporting and equipping these families, Teen Parent Connection not only protects the health and well-being of vulnerable children—it strengthens our community across generations.

Parents Pantry

One of the cornerstone supports available to participating families is the Parents Pantry, an incentive-based resource offering free access to essential care items including:

- Diapers and wipes (the most requested items)
- Infant formula and baby food
- Personal hygiene and household care products
- Baby gear, clothing, and seasonal items

Parents earn "baby bucks" by attending Teen Parent Connection programs, which they can redeem in the Pantry. This model not only promotes engagement but also offers dignity and autonomy in meeting their children's needs.

In 2025, 1 in 2 U.S. families report struggling to afford diapers—a basic necessity not covered by SNAP or WIC. Without an adequate supply, young parents may delay changing diapers, potentially leading to skin irritation, rashes, or sores that require medical attention. In addition to health risks for the child, diaper need has been linked to increased parenting stress and maternal depression. Without clean diapers, children may also be excluded from daycare and early childhood programs, creating barriers for parents seeking to attend school or work.

Teen Parent Connection works to remove these barriers by providing consistent access to diapers and other essentials through the Parents Pantry. While much of the pantry stock is donated, gaps remain—particularly in costly or specialized items such as hypoallergenic formula, seasonal gear, or medically necessary baby supplies. With the support of this grant, Teen Parent Connection will ensure that at least 200 young families continue to receive timely, equitable access to these essentials through both on-site visits and coordinated delivery by our home-visiting team.

Child Passenger Safety Education & Car Seat Program

Motor vehicle injuries remain a leading cause of death for children in the U.S.—and correct use of car seats reduces the risk of fatal injury by up to 71% for infants and 54% for toddlers (National Highway Traffic Safety Administration, 2024). Yet, studies show nearly half of all car seats are installed or used incorrectly, placing children at serious risk.

Teen Parent Connection launched its Child Passenger Safety Education Program in 2017. What began with one certified technician has now grown into a team of nine certified Child Passenger Safety Technicians, trained and equipped to serve families throughout DuPage County.

With support from DuPage County Community Services, we provided education, safety checks, and car seat installation assistance to over 70 families in 2024. In 2025, aim to serve the same number of families, improving safety outcomes for infants and young children traveling in motor vehicles.

Educational materials and instruction are available in both English and Spanish. Language Access Resource Center (LARC) provides translation support for other languages when needed.

Program Activities Include:

- Maintaining certification and ongoing training for all CPS Technicians
- Certifying additional direct service staff as CPS Technicians
- Offering education and demonstration sessions to all TPC participant families
- Hosting community-based Car Seat Safety Fairs in partnership with local police departments
- Integrating CPS education into parenting groups and childbirth education sessions
- Distributing multilingual handouts and resources on car seat safety
- Providing car seats to families following a complete education session with a certified technician
- Expanding community outreach to offer education and car seats to eligible DuPage County families through CSBG-supported programming

To ensure we're making a lasting impact, we assess whether participants not only hear the information we provide -- but truly understand it -- and feel confident applying it to protect their child. Pre- and post-session surveys measure knowledge gained and confidence in using car seats correctly. These insights help us strengthen instruction and support continuous quality improvement.

Request for Funding

Teen Parent Connection respectfully requests renewed funding in the amount of $40,000 from DuPage County Community Services for the 2025 grant year. Funds will support the continued operation of both the Parents Pantry and the Child Passenger Safety Education & Car Seat Program, including the purchase of essential items, staff certification, educational materials, outreach efforts, and evaluation.

Projected Number to Be Served in 2025:
- Parents Pantry: 200 young families
- Car Seat Safety Program: 70 families

We welcome not only your financial support, but also your partnership in helping connect families to additional services available through DuPage County's Community Services Block Grant programs.

Thank you for your ongoing support of our mission to build strong, healthy families in DuPage County.

SOURCE SELECTION	Describe method used to select source. This is a sub-grant exempt from bidding. They will provide direct services for the County's CSBG program and will maintain all records and financial documents. 360 Youth Services is an established not for profit in DuPage County and has received Human Services Grant Funds and CDBG funding as well. See attached request for funding. In the 2024 DuPage County Department of Community Services' Needs Assessment surveyed Service Users (45.0%), Community Members (18.1%), and Stakeholders (28.8%) consistently rated financial issues among the greatest needs in our community. An especially vulnerable population struggling with financial needs is our homeless youth. 360 Youth Services (Sub-grantee) will assist homeless youth with securing and maintaining employment, finding stable housing, education support to achieve higher wages, transportation support, and financial literacy skills, through intensive case management and supportive services. This will allow homeless youth to have a safe place to stay as well as case management and supportive services to help then attain employment. 2) Do not fund the program and run the risk of homeless youth being forced to live in their vehicles, parks and public areas. They would also not be able to access employment skills training and receive other employment supports.

RE: CSBG Funding Request

360 Youth Services (360YS) is grateful for the opportunity to submit this proposal for Community Services Block Grant (CSBG) funding in support of our Youth Educational and Vocational Development program, which provides critical services to young people experiencing homelessness in DuPage County.

360YS is the only housing provider in DuPage County specifically serving youth ages 18-24 across all genders, gender identities and sexual orientations. We currently operate 38 transitional housing beds, 12 community-based rapid rehousing beds and 17 hotel-based emergency shelter beds tailored for youth. Additionally, we operate Cornerstone Group Home, a licensed residential facility serving DCFS youth-in-care ages 13-17. All housing programs are located within DuPage County.

In addition to offering safe, inclusive and youth-centered housing, 360YS delivers a full continuum of client-focused support. Services are grounded in trauma-informed care, harm-reduction principles and client-led, person-centered engagement. Youth receive intensive case management, residential counseling and life skills development tailored to their individual goals. We also provide financial literacy education and credit counseling in partnership with HOME DuPage, along with a savings match program of up to $500. Educational and vocational support services are also offered, as detailed below:

<u>Youth Educational and Vocational Development:</u>
360YS recognizes that preparing youth to obtain and sustain living-wage employment is a critical step toward long-term self-sufficiency and stable housing. Many of the young people we serve have experienced significant trauma and are developing foundational life and employment skills for the first time. As a result, they require a higher level of individualized support than the typical job seeker.

The organization's Educational and Vocational Development Program (EVDP) is specifically designed to meet the unique needs of youth experiencing homelessness. Services include job readiness training, employment placement support, resume development, interview preparation and vocational counseling, including guidance in navigating workplace challenges. The program also provides advocacy and coordination with educators and employers, tutoring and academic support, access to internet, computers and essential technology, as well as clothing and transportation assistance. Youth are also connected to mainstream resources as needed.

All services are delivered through a trauma-informed, client-centered approach and are grounded in the principles of Positive Youth Development—empowering youth to make healthy, goal-

oriented decisions and build skills that support lasting independence.

Increased Needs and Challenges Due to COVID-19

Although the height of the COVID-19 pandemic has passed, its long-term effects continue to reverberate in the lives of DuPage County's young people. Those from low-income households face a complex and interconnected set of challenges that significantly hinder their ability to achieve stability and self-sufficiency. Youth served by 360YS continue to face lingering challenges in education, employment, transportation, mental health and financial stability—factors that are critical to achieving long-term housing and economic independence.

The 2024 DuPage County Community Needs Assessment (CNA) identifies employment and income-related barriers within the top three most significant challenges facing low-income residents, with 45.8% of respondents noting the need for fulltime jobs, job training and application support.

These issues are compounded by limited transportation options—a problem highlighted in every focus group and by 72.9% of providers. Many areas in DuPage County lack reliable public transit, making it difficult for residents to access work, school and essential services. Nearly 10% of renter-occupied households in DuPage County lack a motor vehicle and public transportation was described in the CNA as limited and inconsistent. In response, 360YS uses CSBG funding to provide supervised rideshare transportation for youth traveling to school or work when other options—bus, staff transport, or bicycle—are unavailable.

Digital access gaps further exacerbate youth stability challenges, including limited availability of computers, internet access and digital literacy—particularly for job searching, resume writing and online applications.

Educational barriers are also prevalent, with 49.8% of respondents expressing needs related to adult education. Many are seeking vocational training, GED completion and assistance affording college—critical pathways to breaking the cycle of poverty.

Among 360YS clients, these challenges are compounded by trauma histories and lack of familial support, making sustained employment and educational advancement more difficult to achieve without intensive services.

In response, 360YS provides individualized educational and vocational support to youth experiencing homelessness. Through an ongoing partnership with the College of DuPage, youth working toward a high school diploma or GED receive tailored academic assistance to help them reach their goals. More than 75% of clients have already obtained their high school diploma or GED. In FY25, one client in 360YS' Transitional Housing program earned their high school diploma and another is on track to graduate or complete their GED in the coming months.

Other clients are pursuing workforce credentials through local partnerships, including CDL and HVAC certifications via WorkNet DuPage. Several youth have also completed Forklift Certification through the Kane County Sheriff's Office and obtained PERC certification to pursue careers in private security. Additional clients are exploring training through WorkNet DuPage's CNA and Phlebotomy programs. A number of youth have also applied to the Goodwill CEJA program, which prepares participants for careers in sustainable energy solutions such as solar panel installation.

Mental and behavioral health also emerged as a major concern in the 2024 CNA, especially among youth. Access to mental health treatment, as well as the impacts of stress and trauma,

were consistently cited by stakeholders and community members as top barriers to success. In response, 360YS integrates trauma-informed, person-centered practices across its programs and provides onsite individualized counseling to help youth navigate mental health challenges that can affect their educational, vocational and long-term stability outcomes.

Additionally, the CNA cited financial instability and lack of financial literacy as pressing concerns for low-income residents. To address this, 360YS partners with HOME DuPage to deliver financial literacy workshops, credit education and money management training. These resources help youth develop essential life skills and prepare for long-term self-sufficiency.

Moreover, homelessness in DuPage County remains a significant challenge. According to the 2024 Point-in-Time (PIT) Count, there were 480 individuals experiencing homelessness—a modest decrease from 525 the previous year. However, the number of chronically homeless individuals more than doubled, rising from 41 in 2023 to 100 in 2024, reflecting longer stays in shelters or unsheltered situations. The number of homeless youth also increased, from 71 to 74, including 63 unaccompanied youth and 11 parenting youth. Demand for youth shelter continues to outpace capacity, with 360YS maintaining a waitlist of 20 or more youth ages 18-24 at any given time. In response, the organization expanded its Youth Emergency Shelter to 17 beds to help meet this urgent and growing need.

This growing demand has led to an increase in calls and referrals involving youth with complex needs. To ensure a coordinated and responsive approach, 360YS implemented cross-training across all three housing programs and further integrated the existing Education and Vocational Coordinator role—originally funded under THP—into Emergency Shelter and Rapid Rehousing services. Supported through CSBG, this position plays a critical role in helping youth overcome systemic barriers to education and employment, providing consistent support across the housing continuum.

With critical CSBG support, 360YS remains steadfast in its mission to serve DuPage County's most vulnerable youth—helping them achieve educational success, economic stability, and long-term housing through trauma-informed, developmentally appropriate care.

Expected Outcomes for the Grant Period (January 1, 2025-December 31, 2025)

CY2025 DuPage County CSBG Grant Fund Application

Proposed Budget for January 1, 2025 - December 31, 2025

Category	Description	Estimated Program Cost	Existing Funding	Estimated Unfunded	Requested Under CSBG
Personnel	Fulltime Educational and Vocational Coordinator: Salary + 22% Fringe	$60,925	-	$60,925	**$60,925**
Fees	Fees associated with skills assessment, vocational matching and GED testing	$3,000	$2,500	$500	**$500**
Supplies & **Materials**	Educational & office Supplies and job-specific work clothing	$6,000	$5,500	$500	**$500**
Client Equipment	Tablets, laptops and temporary cell phones for educational/vocational use	$2,500	$2,500	-	**-**

Client Transportation	Bus and train passes, bikes, mileage, etc. for work and education	$5,000	$4,000	$1,000	**$1,000**
Total		$77,425	$14,500	$62,925	$62,925
Administration Cost	15% de minimis		$2,246		$6,293
TOTAL		$77,425	$14,500	$62,925	**$69,218**

Budget Justification

1. **Employment/Educational Coordinator: $60,925 is requested** for salary and benefits support. This individual holds a Bachelor's degree in Business Management, is bilingual in English and Spanish and brings valuable experience in career development. This individual plays a key role in coordinating educational and employment support for youth across all three of 360YS's housing programs, helping clients build pathways to long-term stability and success.

2. **Fees: $500 is requested** to partially cover fees associated with skills assessment, vocational matching and GED testing. The organization's costs have increased as it serves more youth who are entering its housing programs without secondary degrees. The remainder will be self-funded.

3. **Supplies and Materials: $500 is requested** to partially cover the cost of basic clothing and materials to prepare youth for employment and school. 360YS anticipates obtaining additional support through in-kind donations.

4. **Client Equipment: $0 is requested**— 360YS clients are using existing equipment to access the Internet for educational and vocational purposes.

5. **Client Transportation: $1,000 is requested** for client travel to work, school and vocational training opportunities. While transportation costs have increased significantly, the organization will continue to use existing funds only when no other means of transportation are available.

6. **Administration Cost: $6,293 is requested** for administrative costs associated with the program at the 15% de minimis election.

The total amount requested is $69,218.

Recognizing that available funding may be limited, 360YS prioritizes sustainability and strategic resource use. The Educational and Vocational Coordinator will focus on leveraging existing organizational funding, in-kind community resources and strategic partnerships to address the unique and complex needs of youth experiencing homelessness. Through a client-centered approach, the position supports youth on their journey toward housing stability by facilitating educational advancement, workforce development, income generation and increased life skills. 360YS is committed to achieving proposed outcomes through the use of its Self-Sufficiency Matrix, which guides measurable progress and ensures cost-effective, data-informed service delivery to some of DuPage County's most vulnerable residents.

RE: DuPage County Continuum of Care Coordinated Entry System Evaluation

C4 Innovations (C4) is pleased to submit a proposal in response to the DuPage County Continuum of Care (CoC) Coordinated Entry System (CES) Evaluation request. The C4 team acknowledge's receipt of the one addendum to the RFP posted on September 23, 2025.

C4 is a mission-driven, woman-owned small business working across the United States to create access to compassionate, and effective services and supports for all people. We support programs, organizations, communities, and systems in building and implementing solutions to achieve our shared missions. We envision a world where all people, regardless of race, gender, sexuality, ability, or income have access to high quality, responsive health and social services, a stable home, and supportive communities.

Stable housing is essential to well-being for all people. Working with individuals, families, and youth experiencing housing instability and homelessness is at the heart of our work – and has been since our inception in 2006. When you partner with C4, you have access to a wide range of expertise and services. No two communities or engagements are alike, and C4 works with each partner – and the people who are most impacted by the issues we address – to customize our approach. We will walk alongside the DuPage County CoC to understand your challenges and successes, and advance solutions.

The following pages outline C4's qualifications, the qualification of our individual team members, and our proposed approach to evaluating Dupage County's CES. As required, C4's budget is provided as a separate attachment.

If you have any questions regarding this proposal, please reach out to Rachel Ehly, Director of New Business at rehly@c4innovates.com or (781) 247-1741.

Sincerely,

Signature on File

FIRM QUALIFICATIONS

C4 Innovations (C4) is a mission-driven, woman-owned small business dedicated to advancing equitable access to recovery, wellness, and housing stability for all. C4 has been committed to the work of addressing and ending homelessness nationally since our inception in 2006. Our roots go back to the 1980s and the pioneering work of C4's founder, Dr. Ellen Bassuk, who first began documenting the causes and consequences of family homelessness and the best ways to respond. Dr. Bassuk founded the National Center on Family Homelessness in 1988 before founding C4 in 2006. We began with one project – the Homelessness Resource Center, a SAMHSA initiative dedicated to improving the lives of people experiencing homelessness, behavioral health conditions, co-occurring conditions, and trauma.

Over the last 19 years, we have supported training, technical assistance, evaluation, strategic planning, and systems transformation for over 360,000 individuals. C4 has led several federal, state, regional, and local initiatives and engagements to expand, improve, and sustain the use of evidence-based practices to achieve better outcomes for people experiencing homelessness, housing instability, and related challenges such as behavioral health conditions, incarceration, or other forms of marginalization. These practices are person-centered, housing-focused, trauma-informed, and recovery-oriented. C4 is known as a trusted partner and as an organization that is mission-focused and grounded in research, adult learning, field experience, and lived and living experience throughout all our work.

C4 is a 100% remotely operated organization with 34 full-time staff working in home offices across the country. Our federal tax ID number is 87-0763049 with our headquarters located at 405 Waltham Street, #231, Lexington, MA 02421.

What Sets C4 Apart
We are confident C4 will provide the DuPage County CoC with a unique and necessary combination of skills and subject matter expertise to successfully complete a thorough Coordinated Entry System (CES) evaluation for the following reasons:

1. National subject matter expertise in housing and homelessness, including as an approved TA provider for the U.S. Department of Housing and Urban Development (HUD)
2. Strong evaluation experience supporting Balances of State, and large and small CoCs
3. Deep commitment and expertise to community engagement, including with people with lived and living experience (PWLLE) of homelessness, housing instability, and adjacent behavioral health conditions.

There are many firms that can bring technical skills related to evaluation, HMIS data and systems analysis, and information gathering, but they lack the skills and commitment necessary to meaningfully engage community partners including people with lived and living experience, in a person-centered and trauma-informed way. This may leave DuPage County with an incomplete evaluation of the CES. In addition, as a national HUD TA provider, C4 brings best

practices used across the country, along with our rigourous mixed-method data of the local DuPage community. C4's combination of quanitative data collection and analysis and quantitative HMIS data analysis skills ensures an evaluation that includes a 360 review, resulting in more accurate recommendations.

Described in further details below, our multidisciplinary team - rooted in lived experience, housing and homelessness system expertise, community engagement, and mixed method data collection and analysis - sets C4 apart from organizations whose expertise only spans one or two of these areas.

Centering, Integrating, and Engaging People with Lived and Living Experience (PWLLE)

Fundamental to C4's core values is incorporating the expertise of people with lived and living experience in all areas of our work. Nearly half of C4 staff identify as having lived and living experience related to substance use, incarceration, mental health conditions, trauma, and/or homelessness. C4's multidisciplinary team also includes people with direct service experience as case managers, peers, clinicians, and CoC leaders, as well as researchers, evaluators, public health experts, and facilitators. This mix of professional and lived expertise is essential for developing collaborative engagements and solutions, including strategic plans, that acknowledge and incorporate the complex contexts and challenges of the homeless response system in 2025.

Applied Use of Mixed-Methods Data Collection and Analytic Tools

C4 routinely utilizes mixed-methods, action-oriented approaches in service of projects such as CoC evaluations, community asset mapping, system and service mapping, community engagement, curriculum and product development, environmental scans, and strategic planning at local, state, and federal levels. C4's commitment to conducting community-based, participatory information gathering ensures that evaluations are relevant and timely. In the following pages, we illustrate our capability to conduct data-informed, community-centered CES evaluation processes and how we propose approaching this work together with the DuPage County CoC.

C4's Approach to Community Engagement

Specific to qualitative data collection, C4's team brings extensive experience gathering information through methods such as community and stakeholder engagement, facilitation, focus groups/listening sessions, and interviews. We are especially skilled at conducting information gathering with populations that are historically and systematically marginalized, facilitating conversations about difficult or sensitive topic areas, and holding space for individuals to share their experiences. In addition, as people who have worked in the housing and homelessness field, we are well equipped to facilitate trauma-informed information gathering with providers to help them process their experiences working in a complex and

challenging environment. Throughout all of our community engagement activities, C4 facilitates with trauma-informed techniques designed to create safe spaces where participants feel comfortable to share openly and honestly, increasing the effectiveness of our community engagement and data collection efforts.

Below are examples of C4's relevant past experiences collaborating with, providing TA for, and evaluating CoCs and coordinated entry systems.

Previous Relevant Experience

C4 is currently working with the **Indiana Balance of State CoC** to evaluate their Coordinated Entry System (CES) over a period of four years, with four regions being reviewed each year. In this work, C4 collects qualitative data from CoC staff, providers, PWLLE, and other partners, while collecting quantitative data from the CoC HMIS Administrator, and uses an inclusive lens to evaluate how each aspect of the CES model is performing. Areas of review include outreach, diversion, intake, assessment, prioritization, housing referral, and housing placements.

C4 worked with the **Hennepin County CoC** to evaluate their CES over a period of three years. Qualitative and quantitative data was collected from HMIS and CoC partners, PWLLE, and CoC staff. Areas of review included outreach, diversion, intake, assessment, prioritization, housing referral, and housing placements, however, the evaluation focus progressed over time to reflect CES policy changes the CoC implemented such as assessment tool changes, medical fragility prioritization, and referral decline policies. Through this, C4 remained flexible to address changes to community needs.

In January 2025, C4 worked with the **Toledo Lucas County CoC** to perform a limited evaluation, primarily based on qualitative data from running focused interviews and listening sessions. The process, at the request of the CoC, focused on the evaluation of the CES workflow, and the performance of the lead agency from the perspective of the partner agencies. C4 drafted a series of recommendations based around user feedback that focused on improving the workflow, as well as providing a more transparent process for both people experiencing homelessness and staff working in the homeless response system.

From 2021-2025, C4 worked with **Multnomah County Joint Office of Homeless Services** (JOHS, now called the Homeless Services Division) to support the equitable redesign of their coordinated access tool and process. C4's role was to ensure the centering of voices of people from diverse backgrounds with lived and living experiences of homelessness and housing instability, and Multnomah County service providers. This work was completed in two phases. Phase 1 activities included standing up an Oversight Committee of JOHS-funded providers; listening sessions with providers and JOHS leadership; and interviews with people with lived and living experience. During Phase 2, C4 launched the Housing Connection Collaborative (HCC). The HCC was a group of 11 people with lived and living experience of homelessness and

housing instability in a range of current housing situations. Through weekly and then monthly meetings, the HCC helped review and update the Coordinated Access tool and process to ensure it is more trauma-informed and equitable.

C4's work with the DuPage County CoC will be led by C4's Housing Solutions Center. This team provides HUD TA, training and TA for Projects for Assistance in Transition from Homelessness (PATH) programs, Continuums of Care, and Balances of State, strategic planning, evaluation, and recovery housing expertise nationwide. Further details regarding C4 staff qualifications are provided below under *Key Qualifications.*

KEY QUALIFICATIONS

This work will be led by **Christy Hahn, the Associate Director of C4's Housing Solutions Center**. She has extensive experience leading C4's CoC evaluations, our work with PATH programs, federal implementation of the PATH Data Exchange (PDX), and providing training and TA under HUD. Her full experience is provided in her bio below. She will be supported by a team of C4's leading CoC, HUD, homelessness, and data analysis and system modeling experts (presented in alphabetical order after the Project Director)

Project Director: Christy Hahn, MPA, Associate Director, Center for Housing Solutions, has worked at C4 for three years and has more than 15 years of experience in the housing and homeless services field. Currently, Christy holds a key leadership role in the housing and homelessness technical assistance (TA) work at C4. She has provided TA and training to CoCs, state governments, and non-profits on strategic planning, landlord engagement, CoC fundamentals and governance, expanding racial equity practices, coordinated entry, and improving system performance as a HUD TA provider and through private contracts. She provides overall management of C4's PATH technical assistance and training team and leads staff teams in the development and implementation of projects from start to finish, completing them on time and on budget. Christy has worked all of C4's CES evaluation projects to date.

Prior to joining C4, Christy was the Senior Manager for the Affordable and Rural Housing Program at Collaborative Solutions, Inc., managing a suite of HUD-funded rural workplans to increase permanent housing options and build capacity for non-profit organizations serving people experiencing homelessness. She delivered direct consultation, training, and technical assistance to communities nationally, including curriculum, resource, and product development

for CoCs, Emergency Solutions Grants (ESG) and ESG-CV Programs. Prior to that Christy led a Balance of State CoC and state ESG Entitlement in which she established coordinated entry. Christy currently lives in California, traveling and providing training, TA, and evaluation services for C4 clients nationwide.

Jon Cox, BSc, Director, Center for Housing Solutions, has been working at C4 for 10 years and brings over three decades of experience working in homelessness, substance use, and supportive housing in the United States and United Kingdom. Jon leads the housing and homelessness training and technical assistance (TA) work at C4. This includes providing TA to HUD CoCs. Over the last five years, Jon has provided support and assistance to numerous CoCs to plan and implement coordinated entry systems (CES), including the design and implementation of diversion programs to complement the CES, refining and implementing best practice in the core functions of a CES, and leading CES evaluations. Additionally, Jon has worked with CoCs to integrate housing first principles across the spectrum of homeless services including emergency shelters, transitional housing programs, and rapid re-housing projects as well as permanent supportive housing programs. Jon is also a subject matter expert in recovery housing and responds to national TA requests. Prior to joining C4, Jon was the planning manager for Georgia's BoS CoC and Emergency Solutions Grant (ESG) Entitlement regions. He managed the Notice of Funding Availability cycle, supervised the distribution of ESG funds, oversaw the expansion of the rapid rehousing program across 151 rural counties, and piloted a harm reduction case management program for permanent supportive housing throughout the state, expanding it to ten locations within the first two years. Jon currently lives in Georgia traveling and providing training, TA, and evaluation services for C4 clients nationwide.

C4 will be working with subconsultant, **Lindsey Giblin, MSW**. Lindsey and C4 have been working together for over six years. Lindsey is a housing strategist with over 20 years of experience in HMIS data analysis, strategic CoC systems planning, and community-based program design. As an independent consultant, she has helped to guide homeless response systems nationwide through data-informed evaluations, implementing quality improvement strategies, and redesigning policies and practices. She was the Director of the Data Team at Built for Zero, leading a team of data analysts supporting more than 85 participating communities in their use of Tableau dashboards to monitor monthly system-level performance metrics - such as inflow, outflow, and housing placements. This real-time, structured monitoring empowered communities to model system dynamics, adjust resource allocations in real-time, and implement strategic improvements, effectively embedding systems modeling into communities' daily practices. Through her work with HUD TA, Lindsey supported CoCs in collecting and interpreting intersectional Stella P data. She partnered with local teams to correct data, refine model assumptions, develop "ideal" system scenarios, and quantify the investments needed to end homelessness within each community. Lindsey also conducts coordinated entry

evaluations, combining quantitative analysis, stakeholder interviews, policy reviews, and process mapping to assess system accessibility, prioritization, and equity impacts. Her systems modeling work centers community voices in every engagement, translating qualitative and quantitative insights into actionable recommendations for transformative change. Lindsey currently lives in Maine.

Additional Staffing

Project teams at C4 are also supported by additional staff roles that are integral to the successful implementation of projects. This includes project operations managers, project coordinators, graphic designers, and professional copy editors.

Communication Skills

C4 is focused on providing clear communication internally and to our partners and clients. Our organization has developed strong remote collaboration capabilities including online interactive meeting platforms, video-conferencing, and secure and shared documents – all of which allow for seamless communication between staff, consultants, clients, and community partners. We utilize a range of strategies depending on the engagement and the client's preferences including regular (i.e., weekly/bi-weekly/monthly) meetings to provide updates and monitor progress; email updates and meeting notes; monthly or quarterly reports; and Microsoft SharePoint folders to share and revise documents externally. Effective communication coupled with efficient document sharing creates an environment for information to flow freely in real-time and helps to keep tasks on track and resolve issues efficiently.

PROJECT UNDERSTANDING

As CoCs continue to refine and improve their Coordinated Entry Systems, the need for outside evaluation to assess the strengths and challenges of the system has grown. CoCs, struggling with the challenge of limited resources and an increase in the numbers of people accessing the program, and the length of time homeless, have reached the point where evaluation is needed to provide further recommentions to improve the outcomes of the CES.

C4 has demonstrated our commitment to and interest in the effectiveness of CoCs across the country over the last 19 years. Specifically, we have been providing CES evaluation services to review and redesign the core functions of CoCs for the last five years. We believe that those most impacted by an issue, must be part of the solution. Therefore, C4 puts intentional effort into ensuring the participation of PWLLE going through the DuPage County CES, as well as providers who work within the system. This rigorous data collection ensures that the information provided to the CoC is accurate, relevant, and includes a variety of perspectives to help determine the most effective and needed services for people experiencing homelessness in the County.

Ongoing Management Practices

C4's cross-company Project Management Team includes a certified Project Management Professional (PMP) and additional experienced project managers. The team implements company-wide best practices to ensure the highest quality products, services, and results, on time and on budget.

Since establishing the internal Project Management Team, C4 has significanly reduced risk and improved practices related to project start-up, cross-team coordination, budget reporting and monitoring, management of products and deliverables, and allocation of staff and budget resources.

C4's shared management structure promotes cross-training and the development of all team members. It also ensures that critical knowledge and capabilities are shared and that team members are well prepared to stand in for one another at any point. We know that team members will take days off, and some may take extended leave, get promoted, or change jobs. C4's agile management practices anticipates this and minimizes risk to ensure that work stays on track and the quality is never compromised by inevitable transitions.

In addition, our management procedurs ensure that multiple contracts can be led simultaneously. C4's diverse portfolio requires us to not only lead multiple large-scale contracts and tasks, but also to produce hundreds of simultaneous events, meetings, trainings, products, and TA activities at any one time. We can do so because of our skilled, flexible workforce capacity, integrated project teams, internal projet management team, strong networks of expert partners and consultants, and refined internal processes.

Conflict Resolution

C4 knows that conflicts may arise, especially when discussing limited resources and experiences of homelessness and housing instability. C4 supports "constructive conflict" to allow time and support individuals to work through areas of disagreement in a manner that is open, safe, and focused on shared priorities of achieving excellence.

If project issues arise, they will be clearly identified, promptly communicated to the appropriate parties via the most efficient channel determined at project start, solutions will be discussed, and decisions made in collaboration with the County.

Proposed Approach

The following pages outline the proposed work plan and timeline for C4 to provide a comprehensive evaluation of the DuPage County CES, using a mixed methods approach that combines remote analysis of HMIS data, with onsite interviews and listening sessions. All tasks will be finalized with the CoC and other partners as needed prior to beginning the work.

Task 1: Kick Off Meeting

C4 will begin the evaluation of the DuPage County CoC with a virtual meeting with the relevant DuPage County and CoC staff. Together, we will agree on working practices, milestones, and implementation procedures, including performance metrics, conflict and issue resolution, and communication processes.

C4 will start by requesting HMIS data and preparing other necessary materials and documents for use in this project. Depending on HMIS reporting capabilities, the C4 team will coordinate with the HMIS Team to gather data to analyze overall CE effectiveness based on the above criteria. The specific materials prepared will include interview protocols and surveys. As needed, C4 will update the timeline (outlined below). C4 will conduct up to three virtual working sessions with CoC staff (or designees) to fully understand ongoing issues related to the operation of the CES, the role of the lead and partner agencies, and engagement with the community. These sessions will include discussions around shared messaging, and agreed protocols on how partners will be contacted, an updated outline of the work, and a review of all draft materials.

C4 will review relevant documents to begin familiarizing ourselves with the CE guidance, training, onboarding procedures, and oversight and leadership structures. Part of this work will be to discuss the effectiveness of all the documents and processes with the CoC and to review how processes have been implemented in the community.

Finally, before the end of Task 1, C4 and DuPage County will conduct a one-hour webinar for all partners and members of the community to ensure that information is provided simultaneously to all involved. The webinar will give an outline of the tasks involved, and an approximate timeframe for the project to be completed.

Task 2: Quantitative Evaluation Activities & HMIS Analysis

Our approach to data analysis is designed to be thorough, inclusive, and action-oriented. The C4 Data Analyst will explore quantitative system data with qualitative insights to ensure findings reflect both measurable outcomes. This approach has been successfully applied in similar projects and will be tailored to the needs of the evaluation for DuPage County. C4 will work with DuPage County to review how HMIS is currently being utilized in their CE processes and what data is currently being collected.

If requested, C4 can review the data through a racial equity lens, analyzing patterns to illuminate inequities in outcomes for African Americans, Latinx, Native Americans, and other historically marginalized populations. This analysis will compare the census, poverty, Point-In-Time (PIT) count, and homelessness service system data to look for patterns that indicate institutional and systemic discrimination and racism.

The C4 team will scope and assess metrics and resources related to people experiencing homelessness, collaborating with HMIS and evaluation partners to build system models (e.g., using Stella M) that map pathways through the homeless response system.

From there, C4 will look to identify system capacity bottlenecks, service gaps, and inefficiencies across the region, conducting an analysis to examine inflow, length of time homeless, exits, and returns, highlighting opportunities for redesign.

Task 3: Qualitative Evaluation Activities

C4 will evaluate the following aspects of the DuPage County CES, based on criteria that follow the outline of the Coordinated Entry Process Self-Assessment (Ver. 1.1) – Planning, Advertising, Access, Assessment, Prioritization, Referral, and Data Management. In each case C4 will examine how the CoC conducts its planning and implementation against the DuPage County procedures outlined in Task 1, reviewing its fidelity to those practices as well as participant safety and privacy within the CES.

C4 will interview the lead agency to get an overview of the way the CES runs, and their perspective on how the differing parts of the CES work tgether. C4 anticipates hosting listening sessions, and interviews with PWLLE onsite, facilitating up to four 60-90-minute listening session for partner agencies, and then up to 10 focused interviews for PWLLE succesfully navigating the CES system (C4 prefers to use interviews over listening sessions as experience has shown that participants feel these are more confidential and participant-centered.) Additional sessions may be scheduled remotely to complement the work carried out onsite. C4 prefers to separate the time spent with the lead agency and the partner agencies to be able to hear each perspective. Often other agencies that use the CES feel unable to be candid with interviewers if the lead agency is part of the group. Having two sepereate sessions will mean that all partners can be honest and upfront. All partner agencies will also be offered the opportunity to speak 1:1 with the interviewers if that is their preference.

Any successful evaluation must contain information and comments from participants that use the system, and it is imperative that participants feel able to speak confidentially, without fear of recourse. C4 will conduct paid interviews with participants (a stipend will be made available from C4) and use de-identified summaries of each interview as part of the overall report.

Upon completion of the interviews and listening sessions, C4 staff will analyze the notes, and code themes.

The questions below are a sampling of the questions asked of CoC staff, partners, providers, and/or PWLLE onsite in previous CoC and CES evaluations done by C4 and would be used to form potential questions for this work. Final questions will be agreed upon in collaboration with the CoC and other relevant partners.

Planning: What information gathered through the CE process is used to guide planning and system change efforts in the community?

Coverage: Do the CE processes cover the entire geographic area of the CoC?

Outreach: Is the process linked to street outreach efforts so that people on the streets are prioritized for assistance?

Low Barrier: Does the process screen people out for assistance due to perceived barriers to housing or services?

Housing First: Are people quickly housed without preconditions or service participation requirements?

Fair Access: Do all people in the CoC's geographic area have fair access to CE regardless of how or where they present for services?

Standardized Access & Assessment: Do all CE locations use the same assessment and referral process?

Person-Centered: Can individuals participate in the decision-making process re: housing location, type of housing, level of services, or other options?

Emergency Services: Does the CE process include a way to access emergency services at all times? Can individuals access emergency shelter at night if beds are available?

Inclusive: How does the CE process accommodate subpopulations (chronic homeless, Veterans, families, youth, and survivors of domestic violence)?

Prioritization: Are individuals with the highest need receiving priority for available housing resources, homeless assistance, and other interventions?

Referrals: Does the CE process make referrals to all projects receiving ESG and CoC Program funds?

Referral Protocols: Do all programs participating in the CE process accept all eligible referrals?

Task 4: Draft Report

C4 will draft a report, no longer than 30 pages, containing an Executive Summary that can be shared publicly, using the combined HMIS data analysis and qualitative interviews and focus group information. C4 will provide the CoC with a comprehensive report of the overall Coc's CES activities, their strengths and challenges in implementing the system, a summary of the feedback received during the evaluation process and recommendations for performance improvement.

Task 5: Presentation

C4 will present a summary of findings via webinar for the CoC Board and leadership, and if preferred separately, one for the community at large. During this time, we will be able to answer any questions and clarify any information. The final deliverable will include a report in PDF and Microsoft Word (as outlined above) as well as a PowerPoint presentation (PPT) for the CoC to use to make presentations to any interested parties. The report and PPT will also provide recommendations for next steps.

☐ Contract Extension Greater Than 59 Days From _____ to: _____ ☐ Cancel Contract

☒ Cumulative Increase Greater Than $10,000 (Row 'F' Above) ☐ Other - Explain In Summary Explanation Box Below

Summary Explanation - Provide a summary of the action. Explain why it is necessary and what is to be accomplished.

IDOT has requested that the project development report be updated to the current version of form BLR 22210. They have also requested a Traffic Management Plan to further assess the traffic impacts along Roosevelt Road during construction. Also, based on developments in the vicinity, results of the NEPA review process and continued coordination with the City of Wheaton, it was necessary to refine the analysis of several tasks, including the alternative geometric analyses, right of way analyses, review of impacts and associated revisions to the study report and other documents. All of this work was not anticipated when the project scope was prepared and requires additional time and funds to incorporate into the final project report. In order to complete the study and obtain Phase I design approval from IDOT for the Naperville Rd. & IL 38 improvement, it will be more cost effective to supplement TranSystems Corporation. They are in the best position to complete the study at the lowest cost to the County.

Original Source Selection/Vetting Information - Describe method used to select source; for instance, bid, RFP, sole source, etc.

The DOT only selects firms that are pre-qualified in accordance with IDOT guidelines. Requests for Statements of Interest were sent to firms throughout the industry and responses were received from 32 firms qualified to perform this work. The DOT reviewed each submittal with specific attention to their understanding of the project, experience of staff to be assigned to the project, relevant past work, and minority/women owned business participation. Based on a comprehensive review of the submittals, the DOT determined that the project team assembled by TranSystems Corporation is qualified and has the staff available to perform the work on behalf of the County.

Recommendations/Alternatives - Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request.

1. Supplement the contract to TranSystems. This is the recommended option.
2. Contract with another firm. Not recommended due to staff's determination that TranSystems is the most qualified to perform this work companion analysis.
3. Do not supplement the current contract. Not recommended as the DOT does not possess the staff resources to complete the remaining work and still make progress on other projects.

Fiscal Impact/Cost Summary - Include projected cost for each fiscal year, approved budget amount and account number

The FY26 Fiscal impact for this supplement is anticipated to be $39,346.76. The DOT has sufficient funds to account for this increase.

Action Requested - Identify the action to be taken and the total cost; for instance, approval of new contract, renew contract, increase contract, etc.

The DOT has determined that the contract issued to TranSystems Corporation for Preliminary Engineering Services for the Naperville Road and IL 38 (Roosevelt Road) improvements, Section 19-001950-05-CH requires additional work beyond the original scope of the project resulting in an increase to the contract in the amount of $39,346.76.

Summary Explanation/Background - Provide an executive summary of the action. Explain why it is necessary and what is to be accomplished.

IDOT has requested that the project development report be updated to the current version of form BLR 22210. They have also requested a Traffic Management Plan to further assess the traffic impacts along Roosevelt Road during construction. Also, based on developments in the vicinity, results of the NEPA review process and continued coordination with the City of Wheaton, it was necessary to refine the analysis of several tasks , including the alternative geometric analyses, right of way analyses, review of impacts and associated revisions to the study report and other documents. All of this work was not anticipated when the project scope was prepared and requires additional time and funds to incorporate into the final project report.

Strategic Impact

Financial Planning

Select one of the six strategic imperatives in the County's Strategic Plan this action will most impact and provide a brief explanation.

In order to complete the study and obtain Phase I design approval from IDOT for the Naperville Rd. & IL 38 improvement, it will be more cost effective to supplement TranSystems Corporation. They are in the best position to complete the study at the lowest cost to the County.

The FY26 Fiscal impact for this supplement is anticipated to be $39,346.76. The DOT has sufficient funds to account for this increase.

SCOPE OF SERVICES

Naperville Rd & IL 38 (Roosevelt Rd) Supplement #4
1/20/2026

1. **Additional Alternatives Analysis**
   TranSystems expended additional effort during the alternate development process over and above that which had been expected in the discussions around the previous contract supplement, including the development of an additional alternate, profile revisions, and additional review cycles to either address comments or provide additional information. The contract supplement provided for three alternates and two review cycles. Four alternates were completed and there were three review cycles. Additional efforts were expended to redesign the Naperville Road profile, update cross sections for the redesigned profile, and address the additional comments.
   (80 hours)

2. **Update PDR Format**
   The original contract included preparing the Project Development Report in IDOT's Word version of BLR 22210 at the time. In May 2025, IDOT informed us that the project would need to conform to the current fillable PDR version of BLR 22210. The effort to update the format and fulfill the requirements of the new form was not included in the original contract or previous supplements.
   (40 hours)

3. **Traffic Analysis**
   The transportation management plan was submitted to IDOT checking the box that the mobility goals for IL Route 38 would be met. IDOT required a traffic analysis to support the mobility goals assumption. IDOT recommended a quick math method to develop a v/c ratio. If that ratio is acceptable, Traffic will approve pursuing the exemption. This was not included in the original contract or previous supplements.
   (8 hours)

4. **Update Crash Analysis**
   IDOT will require the most recent 5-year crash history for the final PDR. DuDOT will provide updated crash reports and diagrams, and TranSystems will prepare the updated crash analysis and incorporate it into the PDR.
   (8 hours)

5. **Update Environmental Clearances**
   The local special waste screening for Naperville Road is more than three years old and is outdated. HLR will provide an updated special waste screening document. TranSystems will coordinate with HLR and IDOT to process the screening. If the screening fails and a local PESA is required, this will need to be added separately by contract supplement.
   (8 hours)

6. **<u>Contingency</u>**

   Adding hours in a contingency line item to be used only after authorization from DuDOT. To be used for future out of scope required work, only.

IL 38 and Naperville Road Environmental Scope

Task 1: Special Waste Screening

HLR completed a special waste screening in January of 2021. This special waste screening has expired and will need to be repeated. The special waste screening includes review of an environmental database search report with a site visit. HLR will also conduct reviews of any changed adjacent land uses and updated special waste/regulated substances reports from IDOT's Illinois Route 38.

Level I Screening. The LPA shall screen projects to determine if special waste investigations are necessary. That is, the LPA may sign-off the project and not undertake further action to identify and assess special wastes or other regulated substance contamination if the project does not:

a) involve acquisition of additional right-of-way or easements (temporary or permanent);
b) cross or otherwise involve a railroad's right-of-way other than a single rail rural right-of-way with no maintenance facilities
c) involve excavation (as defined by the BLRS Manual) or subsurface utility relocation

Level II Screening. Projects that don't pass Level I screening due to situations 2a and 2c may be further screened by the LPA to determine if a PESA will be necessary or if the project is still eligible for a LPA sign-off. Projects that involve situation 2b are ineligible for LPA sign-off and must go through the PESA process.

To be eligible for LPA Level II sign-off, the following must be met:

a) there are no conditions or database occurrence within the minimum search distances shown in BDE Manual Chapter 27, Figure 27-3.B;
b) a site reconnaissance was conducted and no concerns were identified, and;
c) the ESR form was thoroughly completed and processed through CBLRS.

If the Level 1 and Level 2 special waste screening (Task 1) indicates evidence of recognized environmental conditions, then the County will authorize the preparation of a PESA (Task 2). This includes the direct cost of the database report.
