JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished

The payor source for over 80% of the residents at DPCC is Medicaid. As part of the Medicaid managed care expansion negotiates managed care contracts for Medicaid, Eldercare advantage and commercial plans. Each facility is expected to negotiate contracts individual MCO's This has been a very challenging process as DPCC is a stand alone facility and there is not a structured contracting process established by the State. Leading Age is building a network of not for profit facilities that can reach out to these MCOs to negotiate contracts. As part of this network, DPCC will have leverage to negotiate better rates and terms of reimbursement and will be able to negotiate multiple contracts in a timely manner, thereby offering improved choice to our residents. This in turn will help improve number of admissions Long Term Care, thereby improving occupancy rates and reimbursement. We will also be able to accept more patients into our Post Acute Unit, thereby improving our reimbursement and meeting our financial projections.

NOTE: Previously we have received this renewal in November, however, invoice was received on 12/19/23 via email, next scheduled is January 9, 2024. (discharged committee)

DATE: August 3rd, 2023 Re: CSBG Funding Request

Dear Gina,

Thank you for the opportunity to apply for CSBG funding to continue our Youth Educational and Vocational Development program serving young people who are experiencing homelessness.

360 Youth Services is the only housing provider in DuPage County serving youth 18-24 of all genders, gender identities and sexual orientations. We operate 38 beds of transitional housing, 8 beds of community-based rapid rehousing, and have received funding to continue the emergency shelter for an additional year from for a minimum of 15 beds. We also operate Cornerstone Shelter – a group home for youth-in-care with DCFS ages 13-18. All of our housing programs are based in DuPage County. Beyond safe and all-inclusive youth-specific shelter, we provide client centered support services including intensive case management, residential counseling, the "Seven Challenges" evidence-based substance abuse curriculum, life skills groups, financial literacy training.

Our partnership with HOME DuPage is proving to be a huge success with 80% of clients to date have completed two core classes on topics such as budgeting and credit score education.

<u>Youth Educational and Vocational Development</u>: We believe that being prepared to obtain *and sustain* a living-wage job is the primary pathway for youth to become self-sufficient and subsequently stably housed. Overarching, homeless youth are recovering from trauma and many are learning skills for the very first time. As a result, they require a great deal more support than other job seekers. Our Educational and Vocational Development program has been successful in tailoring needs to meet the unique needs of this population. Services include job preparation and placement, resume preparation, vocational counseling (including navigating challenges at a current job), and advocacy on behalf of youth with educators and employers, tutoring, internet access and computing equipment, clothing and transportation assistance, and linkages to mainstream resources. All services are trauma-informed, client centered and grounded in positive youth development, which empowers young people to make choices about their own lives.

Continuing Needs and Challenges in a post Covid 19 environment

During COVID-19, we saw a lot of young people lose their jobs, have their vocational programs stalled, and otherwise negatively impact all life aspects. While moving forward into 2024, a post Covid is still presenting unprecedented challenges in increased mental health needs that impacts both education and employment. The Education and Employment program has continued to

provide client based services to this changed landscape by making adaptations to provide virtual job search sessions / job boards, and by providing laptops and tablets for attending peer support / career orientation programs via virtual means to tap into the community's resources. For our youth who are still working on their G.E.D/ (HSE), we will continue to partner with College of DuPage, to meet the needs of each individual. Thus far in the CSBG funding cycle, two youth are in their final portions of class preparation to achieve this milestone. Transportation continues to be a barrier for accessing services. Via C.S.B.G funding, 360 YS is able to provide supervised ride share transportation to youth to work and school when no other means of transport are available such as bus, staff transport or bicycle.

Homelessness has also increased per the most recent P.I.T. Count for DuPage County. New requests for youth and adult shelter continue to increase with wait lists holding an average of 30 Youth (18-24), and exceeding 300 for shelter as reported by our closest shelter partner in the DuPage area. As previously stated, we are grateful to have received funding for FY '24 to continue the emergency shelter program. *While this trend continues of increased need, 360* YS *continues to cross train our Housing Staff to attempt to lessen staff burnout, and to allow for adequate time off to retain a robust team. A new Education and Employment Coordinator for this program was hired last September, and has proved to be an asset to the housing team and clients of 360* YS. Only by utilizing the critical C.S.B.G. funding are able to continue to provide this essential supportive service.

This position will continue to coordinate the employment and educational support for youth across the emergency shelter and transitional housing programs.

2. Fees: \$1000 is requested to partially cover fees associated with skills assessment, vocational matching and GED testing. Our costs have risen as we serve more youth who are entering our housing programs without secondary degrees. The remainder will be self-funded.

- 1. Supplies and Materials: \$3,000 is requested to partially cover the cost of basic clothing and materials to prepare youth for employment and school. We hope to obtain additional support through in-kind donations.
- 2. Client Equipment: 360 clients are using existing equipment for to access the internet for educational and vocational purposes, as well as utilize existing funding.
- 3. Client Transportation: \$5,000 is requested for client travel to work, school and vocational training opportunities. Our request last year was for the same amount. While transportation costs have increased significantly, we will continue to use these our existing funds only when no other means of transportation are available.

The total amount requested - \$55,242. Understanding that funding may be limited, our priority is that the hire of our Educational and Vocational Coordinator will use community resources to the best advantage in addition to using the agency's other funding for a most efficient outcome. We utilize 360 Youth Services Self Sufficiently Matrix to maximize these outcomes using measureable objectives, community partnerships for a most cost efficient, yet impactful outcome to serve the communities most vulnerable youth.

Program Description Overview

H.O.M.E. DuPage, Inc's (HOME) Financial Fitness (FFIT) program strives to empower individuals and families throughout DuPage County with Financial Education and one-on-one coaching. Education provides clients the necessary tools that lead to self-sufficiency, financial stability, and achievement of personal life-goals. The Financial Fitness Program offers six different workshops and one-on-one financial coaching, tailored to the needs of DuPage County's low-income families. The education and coaching provided contribute to successful financial management and stable living over the long-term, for all residents of DuPage County regardless of their housing status.

To enter this program, case managers from referring agencies will identify clients at or below 200% of the Federal poverty level who need income management, budgeting and/or credit repair skills and will refer them to H.O.M.E. DuPage. Clients may enter into the program through educational workshops or coaching. HOME will offer/provide the following services:

Financial Fitness (Financial Literacy) Workshops

Group workshops are available through this program (up to 6 different workshops available in 90 minute modules) and are held multiple times each month at H.O.M.E. DuPage, Inc., either at these locations - DuPage County Complex, and other external locations throughout DuPage County, or via zoom as agreed upon with current collaborators. Currently, an example of meeting clients where they are at, HOME has designated one day every two weeks to meet at 360 Youth Services to provide financial coaching, as well as financial education workshops to their clients who have transportation challenges. HOME will work with other partner organizations in order to assist their clients in a similar situation.

Group workshop education modules offered by HOME FFIT to all collaborators will include - understanding banking and bank products; developing and sticking to a budget/spending plan; digging out of debt; using credit wisely and how to repair damaged credit; building savings; avoiding scams and financial pitfalls, managing student debt; tips to be a wise consumer, and more. Small group, hands-on activities practice real-life scenarios relevant to clients' individual situations and keep them engaged in learning. Pre- and post-tests are given at each workshop to ensure principles are fully grasped, and to indicate areas that need more work in coaching sessions. Currently, workshops offer in-person or virtual options.

*CSBG clients entering FFIT program may be obtained through workshops.

*CSBG clients entering FFIT through a referral as a CSBG grant recipients requirement – the focus will be budgeting, action plan, and establishing savings, with the overall goal of financial stability. Any clients who desire to participate in any other FFIT programs, or other programs of HOME DuPage, will be allowed to do so.

Financial Coaching (Individual Income Management and Credit Repair)

Individualized, one-on-one Financial Coaching provides a dedicated coach to help clients review their finances and credit if so desired, determine goals, develop a budget and personalized Action Plan, and eventually achieve their financial goals. During coaching sessions, coaches reinforce workshop lessons, guide through challenges, monitor progress, assist with addressing credit/debt issues, and help build lasting positive financial habits.

All clients attending one or more workshops are encouraged to attend individual Financial Coaching at HOME's office, or a partnering agency. At this time, one-on-one coaching is offered both virtually and in person.

Clients who desire to work on their credit will be offered coaching with a HOME FFIT coach. During this process HOME financial coach will obtain a copy of clients credit report, discuss the information provided, and obtain guidance on addressing problem areas and improving credit scores. Clients who are at a relatively high level of self-sufficiency may find that they have enough information from the workshops and the individual coaching session to move forward on their own to repair their credit. A follow-up coaching session will be scheduled to confirm success with credit repair and income management.

A focus of the Financial Fitness Program is to educate clients regarding banking services and to engage clients in developing a banking relationship to better manage their finances HOME's FFIT program goals for clients are as follows; introduce a banking relationship for 10 clients, whose goal is to be "banked," coaching 20 clients to increase savings in an existing savings account and assisting 10 clients in opening of a savings account. Banked clients are eligible for matching CSBG funds; this step will assist the client in developing the habit of saving and to grow existing savings. Clients will be provided \$50.00 in matching funds for every \$50.00 that a client saves, up to a total of \$300.00. The client must agree to leave the savings untouched for 90 days.

For clients that the HOME FFIT coach, or referring agency case managers identify as having multiple, relatively complex issues contributing to housing risk and income management issues, H.O.M.E. DuPage Inc will provide continued income management and credit repair coaching services. The clients will continue to meet with a H.O.M.E. DuPage Inc's FFIT coach for a baseline assessment of their financial situation and development of a Financial Management Action Plan. Specific services will include:

- Pulling the client's credit report and reviewing it with the client
- Reviewing the client's bank statements for the past three months (if the client has a mainstream banking relationship)
- Reviewing other client documentation, such as pay stubs, public benefits received, utility bills, other financial obligations and debts, etc, and discussing the client's goals and money management practices.
- Developing a customized Action Plan and assist clients in identifying specific goals to work towards such as
 - Formulating a budget and maintaining it for a specific time frame
 - Improving credit scores
 - Developing a savings plan
 - Addressing collections or judgments
 - Accessing mainstream banking services and eliminating vulnerability to fringe lending institutions such as title and payday loans
 - o Improving cash flow management to eliminate bank NSF fees

The FFIT coach and the client will determine a mutually agreed follow-up schedule to monitor the client's progress and provide guidance and encouragement toward achieving the specified goals.

The FFIT coach will obtain the client's permission to share the Action Plan with the case manager from the referring agency so that the Action Plan is integrated into the client's overall case management plan. The FFIT coach also will keep the referring agency case manager apprised of client progress in meeting goals as they complete scheduled check-ins.

Direct Client Assistance

Many clients struggle to meet their basic needs. To encourage success in this program, HOME will provide clients who meet income eligibility criteria with direct client assistance for costs related to financial stability in the form of a savings match. This program will start at a minimum of \$50 and a maximum of \$300 for the program year – per household. Clients must attend successive coaching sessions to be eligible for this match, continue to demonstrate savings, and savings must be untouched for 90 days. The client must remain within the income eligibility criteria and demonstrate evidence of working toward stated goals.

Services, Activities, Outputs

We plan to provide the following outputs:

- Income Management Coaching/Education for 60 families.
- Financial Coaching for the development of a Spending Plan and maintaining a budget for at minimum 90 Days for 30 families
- Money Management coaching for 20 families who have increased their savings

- Money Management coaching for 10 families who have developed a banking relationship and opened a savings account or IDA
- Financial Coaching to individuals working to grow their savings for asset purchase for 10 families.

Our actual volume is dependent on the number of referrals we receive from outside agencies.

Outcomes

The desired outcome is that clients develop sustainable financial management skills to remain housed and achieve self-sufficiency. A poor credit record and unsustainable income management can impede a client's ability to achieve self-sufficiency in multiple ways: lenders, employers, landlords and insurance companies all use credit scores as evaluation tools; failure to stick with a budget often leads to overdrafts (and fees), reliance on payday loans, and loss of housing/utilities.

HOME FFIT coaches and the agency case managers will use the following measures as indicators that clients are improving their financial management and credit profiles:

- 1. Maintaining a budget for 90 days
- 2. Paying housing costs on time
- 3. Avoiding NSF/overdraft fees
- 4. Not using payday loans/connecting with mainstream banking services
- 5. Improving credit scores or housing credit evaluation

Overall, we anticipate that at least 60% of the clients receiving credit repair services will meet one or more of the outcome measures listed.

<u>Coordination with Other Agencies/Meeting Requirements for Clients of other CSBG Grant</u> Recipients

HOME will receive referrals of clients already enrolled in services at a collaborative agency and clients referred to HOME by other CSBG grant recipients (within DuPage County) to fulfill the budgeting requirement. HOME. and the referring agency will receive the client's written permission to share information so that the FFIT coach and the referring agency case manager can communicate to coordinate services as part of the client's Action Plan.

DuPage County CS Funding Request 2023

Description of Need

Based on IMPACT DuPage's County Health Assessment, 1 in 8 individuals do not have reliable access to affordable, nutritious food. While emergency food assistance can increase access to these items, their choices are limited and many of the fresher items are near the end of their shelf life. With access to land, community engagement, and regional advocacy towards food sovereignty, GardenWorks' community-based food growing model has met a critical gap that traditional food pantries have not addressed. Our work advocating for food growing and local agriculture has increased access to fresh produce in under-resourced communities and introduced valuable educational resources that directly improve health equity. With the goal of improving the supply, access, and equity of fresh produce throughout the county's emergency food assistance agencies, The GardenWorks Project is well positioned as a forward-thinking organization that is leading change towards long-term sustainability through collaboration, partnership, and resource development.

The recent pandemic revealed an inequitable and unsustainable food supply chain as the charitable food assistance network faced sourcing challenges as retailers and partners had less to donate. As a result of the many pandemic-related challenges, as well as the expected near-term challenges to come due to SNAP benefit decreases in March 2023, GardenWorks surveyed its partners and clients to identify the unique challenges of the region, and determine solutions within our programmatic scope of work. First, the survey discovered that lack of fixed assets, such as refrigerated vehicles and the challenges of volunteer burnout post-pandemic created more disadvantages of receiving nutrient dense food donations. In addition, inflation rates have impacted the cost of food, and several sites indicated that their costs for produce to supplement their donations have increased due to these short-term economic burdens. Finally, the survey also indicated that culturally palatable foods were often unavailable from donations.

Organization Description

The mission of The GardenWorks Project is to promote organic suburban agriculture to improve the well-being of our community, the environment, and those facing food insecurity. We empower, educate, and support all food growers in their efforts to nourish their families and neighbors in need.

In 2012, our founder began our Home Gardening Program through a partnership with the Glen Ellyn Food Pantry to support families reliant on food pantry assistance. That year, four families facing food insecurity received home vegetable gardens for the purposes of providing a nutritional supplement for themselves during the growing months. After a positive response from the community, the organization was designated a 501(c)(3) nonprofit organization in July 2014. In our 12th year, The GardenWorks Project continues to utilize a volunteer-based model to educate the entire community about the importance of healthy eating and sustainability, as well as a partnership-based focus to collaborate and work in tandem with our 50+ food pantries and social service agencies to promote health and wellness and fight hunger. Since 2012, we have provided gardens to over 2600 individuals in western Chicagoland. In addition, GardenWorks has supported the establishment of 26 community gardens within the western Chicagoland region, dedicated to nourishing those facing food insecurity.

The GardenWorks Project values making sustainable and significant change by participating in groups such as The DuPage Community Hunger Network, COD's Horticulture Advisory Committee, and Giving DuPage, along with landowners, farmers and food growers, and local food system vendors to encourage the supply and accessibility of fresh produce to all DuPage County residents. We also encourage partnerships between community health leaders and local community groups to engage further in this work of nourishing our neighbors in need. We continue to respond to the needs of the community and clients to provide a more holistic approach to promoting nutrition and healthy eating. Most recently, GardenWorks began a partnership with DuPage County Fair and Event Center to begin growing a demonstration garden space to promote food growing and organic suburban agriculture as a sustainable and viable solution towards food security within the region. In addition, GardenWorks' recent licensing agreement (since February 2022) with Fresh Food Connect (freshfoodconnect.org), provides a mobile app to communicate with growers, donors, and couriers within the region to connect more fresh produce with pantries that need it

most. The most recent partnerships aim to expand its reach by supporting all home growers as active participants in the local food economy, and the organization hopes to empower every neighbor to support each other through the simple act of sharing harvests together.

Purpose of funding

The GardenWorks Project requests \$14,000 in calendar 2023 to support the following objectives: 1) identify food deserts and under-resourced emergency food assistance sites within DuPage County; 2) determine potential garden sites through surveys, committee/taskforce development, and agency-based collaboration; 3) build new partnerships within targeted communities to provide technical assistance and build collaborative process to increase the availability, access, and supply of fresh food grown for emergency food assistance locations. All targeted planning, community surveying, and programmatic marketing will be completed in calendar 2023, and any future requests will support the Community Gardening Support Program initiative, which will fund the installation, technical assistance, and management of large food growing community gardens within identified food deserts to increase the total supply of nutrient dense, culturally relevant foods to emergency food assistance agency sites.

Program Objectives

The GardenWorks Project Produce for Pantries Program ("PFP Program") will build on the current assets available within the GardenWorks network and the greater community to 1) improve food resilience within the western Chicagoland region through the future installation of community gardens that will serve as educational sites, as well as a source of food production and processing; and 2) improve food access and equity through a stream-lined communications tools and resources that will more effectively connect food growers and divert food waste towards emergency food assistance agencies.

During the calendar year, the following objectives will be considered:

- 1. Determine under-resourced communities facing food insecurity. This may include geographic municipalities, food desert/food swamp neighborhoods, concentrated under-resourced populations served, etc.
- 2. Build a comprehensive taskforce of agencies to survey, determine resource allocations, and build consensus on targeted communities;

- 3. Determine next steps for food growing gardens within targeted communities, including securing land, MOU's, and any other necessary leasing agreements;
- 4. Promote Fresh Food Connect and determine operational processes to divert food waste and connect local home growers with food donation efforts.

The program will commence in 2024 with the installation of food growing gardens, plants, and seeds within targeted communities within the region. The community gardens will be supported with resources for a total of two years. All community gardens beyond the first two years will be connected to the educational resources available through The GardenWorks Project as well as access to trainings available through Fresh Food Connect.

Population Served

The GardenWorks Project has identified four target municipalities within the county: Addison, Glendale Heights, Hanover Park, and Willowbrook. However, the re-establishment of a Food Security Council within DuPage County will provide more context for stakeholders to dialogue and identify under-represented regions/neighborhoods/populations. A taskforce of experts, community members and clients will gather for a minimum of four meetings to determine a prioritization of locations under-represented and in need of supplemental nutrition resources.

Based on the task force findings, two of the four locations will be identified as recipients of the 2024 Produce for Pantries Program. In the first year, the two locations will be partnered with a community garden project, installed and managed by The GardenWorks Project, to support the production of food resources for food pantry distribution. This community garden will aim to be self-sufficient by year 3, through leadership and volunteer development as well as technical assistance to move towards sustainability. In addition, the garden site will be an educational site with various events throughout the year to empower home gardeners to "grow a row" to increase available supply of fresh produce for distribution. These home gardeners will receive additional resources and free technical assistance when connected to the Fresh Food Connect app. All impact numbers will be monitored and managed through the app, as well as participation numbers throughout the growing season at the community garden site.

In this calendar year, locations #1 and #2 will receive additional technical and resource support to move towards self-sufficiency, and a leadership team of community growers will be established to build on improving best practices, operational efficiencies, and communication between collaborative agencies. Support for all four sites will be managed by The GardenWorks Project staff and volunteers.

Outreach Community Services Proposal to DuPage County – PY2024 Community Services Block Grant Funds Submitted August 7, 2023 <u>Program Summary</u>

Outreach Community Services (OCS) operates a comprehensive Employment Opportunity Program for local economically disadvantaged young adults. Eligible participants are young adults, and vulnerable adults ages 18-39, who lack necessary job skills to successfully enter the job market and those looking to develop their skill level to advance in the workforce. The overall objective of this program is to create stability and increase life options through job and life skills training, academic support (for GED completion and job certification), work experience and support with case management assistance across several life domains.

Services for participants include Job Skills development, Academic Assistance for GED completion, and preparation for job certifications, life skill development, and direct work experience and coaching at our Job Training Centers. The second stage of the program includes employment internships at community job sites through our corporate and business partners. The final stage includes employment search and follow up services for 12- 30 additional weeks. Throughout the entire program, case management services are used to support participants in practical needs such as securing and maintaining housing, obtaining stable transportation, and utilizing mental health services to gain the emotional stability needed to become self-sufficient.

CSBG Funding Utilization in PY2024

In PY24, CSBG funds will be used to support the OCS Employment Opportunity Program by meeting these goals:

- 1. Increase the probability that eligible participants who have significant barriers to employment will increase the necessary employment skills and secure employment.
- 2. Decrease the significant barriers participants bring into the program that deter them from life stability and from obtaining permanent employment through case management and support services offered.

Client Needs

The program applicants range from young adults with very low academic achievement and no job skills or experience, to moderately skilled adults with basic job skills but no significant work experience or certification to secure sufficient work opportunities that will allow them to live independently or support their family. Program applicants face several barriers to workforce success, such as lack of an understanding of public benefits, transportation, homelessness, health needs and emotional health issues, in addition to low academic achievement and the need for greater life skills development.

Impact Over the Last Three Years

Over the last three years, OCS has served a total of 60 new participants. Of those participants, 45 ended the program and 15 participants carried over into this fiscal year. Of the 45 participants who ended the program, 44 (98%) completed the program successfully. Of those that completed the program, the following outcomes have been achieved.

- 100% Gained job skills
- 87% Secured employment
- 86% Secured and maintained employed for at least 90 days
- Advanced in employment N/A
- 93% Improved their financial position

Need for Funds

OCS now has three significant referral sources (DuPage County Probation, Naomi's House, and the neighborhood resources centers throughout DuPage County) who are utilizing the comprehensive services we provide. OCS is the only employment training program in DuPage County providing comprehensive services to address the needs of the most vulnerable young adults who need additional time and services to successfully meet the goals of permanent employment and stability of basic needs. Whether they are homeless, lacking transportation, need assistance securing childcare, or have physical or emotional health issues, the Employment Opportunity Center, with CSBG funds can provide the comprehensive case management services along with the work experience needed for young adult residents of DuPage County. Therefore, OCS is requesting \$100,000 in PY2024 to serve 18 participants.

If an employee fails to respond to a recall notice their name shall be removed from the re-employment registry.

ARTICLE X DISCIPLINE POLICY AND PROCEDURES

Section 10.1 Discipline - Definition

The County may impose disciplinary action upon an employee only for just cause, except that the County may impose discipline for any reason and without just cause on an employee who has not completed the initial six month probationally period. The Employer agrees with the tenets of progressive and corrective discipline. However, violations the Employer believes to be serious acts of misconduct may be grounds for discharge or suspension without any prior warning, reprimand, suspension or discipline. Depending on the severity of the offense, the following disciplinary measures include:

- a) Verbal reprimand;
- b) Written reprimand;
- c) Suspension; and
- d) Discharge.

Conduct which may be grounds for discipline may be observed by, including but not limited to, a supervisor, co-worker, member of the public, volunteers, resident of the facilities, building video surveillance, internet/email activity, or cell phone/telephone usage.

For Registry employees, just cause includes failure to complete the number of shifts or to work on the weekends and holidays listed in the In-House Registry Agreement, consistent with the County's application of that Agreement among Registry employees. The employer agrees that before it terminates a Registry employee for failure to meet the requirements of the In-House Registry Agreement, it will provide at least one Verbal Reprimand and one Written Reprimand to the employee.

Section 10.2 Manner of Discipline

If the Employer has reason to discipline an employee, it shall normally be done in a manner that will not embarrass the employee before other employees, residents or the public.

Section 10.3 Discipline - Notification and Measure of Disciplinary Action

Investigatory Meeting:

If the Employer desires to conduct an investigatory interview, as defined by law, of an employee, the Employer agrees to first inform the employee that the employee has the

right to Union representation at such interview. If the employee desires such Union representation, no interview shall take place without the presence of a Union representative, which the Union shall provide within 24 hours of the Employer's request. If the employee does not request Union representation (which the Employer will confirm in writing), the Employer agrees to notify the Union staff representative, and agrees to allow the Union up to one hour to confer with the employee about the decision to not have the union present.

The Union agrees to have Union Stewards available seven days per week, 24 hours per day. After giving fifteen (15) days' notice to their supervisor, two employee(s) per shift who have been designated as a steward (in writing to management) shall be allowed up to three (3) hours' time off without loss of pay to attend AFSCME Certified Steward's Training, if such attendance does not disturb or interfere with the operations of the Nursing Center. The employee shall provide proof of attendance to the Employee.

Pre-Discipline Meeting:

For suspensions or discharges, the Employer shall convene a pre-disciplinary meeting.

The Employer shall meet with the employee involved to inform him or her of the reason for the contemplated suspension or discharge. The employee shall be notified of his/her right to Union representation. The employee may, at their option, request the presence of a Union representative. If the employee does not request Union representation (which the Employer will confirm in writing), the Employer agrees to notify the Union staff representative, and agrees to allow the Union up to one hour to confer with the employee about the decision to not have the union present.

The employee shall be afforded the opportunity to rebut or clarify the charges during the meeting or provide a written rebuttal within five (5) working days. The Employer may proceed with the intended suspension or discharge at any time and need not delay due to the employee's desire to provide a rebuttal. If Employer implements its decision within the five-day period, it will reimburse the employee if it overturns the discipline as a result of the rebuttal evidence.

Discipline Meeting:

The Employer agrees to use the following disciplinary procedure: The employee shall be notified of his or her right to Union representation at any meeting to discuss and impose discipline at the written warning stage or higher. If the employee does not request Union representation a Union representative shall nevertheless be notified of any meeting.

Any meeting called by the Employer to discuss and impose discipline shall be conducted without loss of pay for the employee or the Union representative

Issuing Discipline

The Employer agrees to provide copies of all disciplinary notices to the Union.

Investigations

Nothing in this Section shall prevent the Employer from relieving employees from duty in accordance with its practice. The employer may follow current practice of reassigning the employee to a non-patient care area during the investigation. The employee must accept this alternate assignment if offered unless the employee would rather be relieved from duties without pay.

Section 10.4 Disciplinary Document Removal

No disciplinary records will be removed from an employee's personnel file. However, the Employer agrees that it will not rely on discipline for purposes of progressive discipline if the employee has not engaged in the same conduct for a period of eighteen (18) months, unless the conduct is of a nature to expose the County to liability due to its repetition, such as harassment, violence or abuse.

ARTICLE XI GRIEVANCE PROCEDURE

Section 11.1 Statement of Principle

The parties agree that in order for the grievance procedure to function efficiently and effectively, all grievances must be resolved at the lowest possible level of the Grievance Procedure.

Section 11.2 Grievance

A grievance is defined as a dispute over the interpretation or application of a specific section or sections of this Agreement.

Only the Union on behalf of an employee, or on behalf of a group of employees, or itself may process grievances. The grievant(s) or one grievant representing a group of grievants may be present at any step of the grievance procedure. The employee is entitled to Union representation at each and every step of the grievance procedure.

"Working" day as used in this Article means Monday through Friday.

Section 11.3 Grievance Steps

Step 1: Immediate Supervisor

a) The employee and/or the Union shall orally raise the grievance with the employee's supervisor who is outside the bargaining unit. The employee shall inform the supervisor that this discussion constitutes the first step of the grievance procedure.

b) All grievances must be presented not later than ten (10) working days from the date the grievant become aware of the occurrence giving rise to the complaint. The grievant (s), Union representative, and supervisor shall meet in an attempt to resolve the grievance, unless the union waives such meeting. The immediate Supervisor outside the bargaining unit shall render a written response to the grievant and Union within five (5) working days after the grievance is presented, or within five (5) working days of the meeting, whichever is later.

Step 2: Director of Nursing or Department Manager

In the event the grievance is not resolved at Step 1, it shall be presented, in writing, by the Union to the Director of Nursing or Department Manager within ten (10) working days from the receipt of the answer or the date the answer was due, whichever is earlier. The grievance shall be on a form provided by the Union, and contain the name of grievant, a complete statement of the facts, and the provision or provisions of this Agreement which are alleged to have been violated, and the relief requested. The grievance shall be signed and dated by the grievant or Union representative. Using the improper grievance form, date or Section citation shall not be grounds for denial of the grievance.

Within ten (10) working days after the grievance is presented to Step 2, the Director of Nursing or Department Manager shall meet, discuss and attempt to resolve the grievance with the Union and the grievant(s). The Director of Nursing or Department Manager shall render a written answer to the grievance within five (5) working days after such discussion is held and provide a copy of the answer to the Union.

Step 3: Facility Administrator or Designee

If the grievance is still unresolved after Step 2, the Union shall present it in writing to the Facility Administrator or Designee within ten (10) working days after receipt of the Director of Nursing or Department Manager's answer at Step 2 or after the Step 2 response is due, whichever is earlier. Within ten (10) working days after receipt of the grievance the Facility Administrator or Designee shall meet with the grievant and the Union to discuss and attempt to resolve the grievance. If the grievance is not resolved, the Facility Administrator or Designee shall submit a written answer to the grievant and Union within five (5) working days following the meeting.

Step 4: Arbitration

Any grievance not resolved through the process outlined above may be appealed to arbitration by the Union. Such an appeal shall be made in writing to the Administrator within twenty (20) working days after either the date the answer of the Facility Administrator or Designee is received or the date on which such answer was due, whichever is earlier.

If a grievance is appealed to arbitration, representatives of the Union shall contact the Employer to attempt to select an arbitrator. In the event the parties are unable to agree upon an arbitrator, the parties shall jointly request a panel of seven (7) arbitrators from the Federal Mediation and Conciliation Service.

The parties shall alternately strike the name of an arbitrator, taking turns as to the first strike. The person whose name remains shall be the arbitrator, provided that either party, before striking any names, shall have the right to reject one (1) panel of arbitrators.

The arbitrator shall be notified of his/her selection by a joint letter from the Employer and the Union requesting that s/he set a time and date for the hearing subject to the availability of the Employer and Union representatives and s/he shall be notified of the issue where mutually agreed by the parties.

The parties shall attempt to arrive at a joint stipulation of the facts and issues to be submitted to an arbitrator. No more than one grievance may be submitted to an arbitrator at any one time without the consent of the other party. The expenses and fees of the arbitrator and the cost of the hearing room shall be shared equally by the parties.

The Employer or Union shall have the right to request the arbitrator to require the presence of witnesses and/or documents. Each party shall bear the expenses (e.g. witness fees and wages) of its own witnesses who are not employees of the Employer. Employer agrees that employee witnesses will be paid straight time wages if testifying during his or her scheduled work hours.

Questions of arbitrability shall be decided by the arbitrator. The arbitrator shall neither amend, modify, nullify, ignore, add, or subtract from the provisions of the Agreement. The Arbitrator may consider applicable state laws and IDPH regulations and guidelines. The Arbitrator shall limit any claim for back wages to the amount of wages that grievant would have otherwise earned, less any unemployment compensations, or interim earnings from any source. Neither party shall present any information, evidence, or grounds for relief before the Arbitrator which the party had not previously disclosed to the other party, unless the information had been the subject of a request or subpoena.

The decision and award of the arbitrator shall be final and binding on the Employer, the Union and the employee(s) involved, unless reversed on appeal in accordance with the provisions of the Uniform Arbitration Act and the Illinois Labor Relations Act.

The Arbitrator shall attempt to render his/her decision in writing to the parties within 30 calendar days following the close of the arbitration hearing or the submittal date of briefs, whichever is later. The Arbitrator shall support his/her findings with a written opinion. The decision and opinion shall be based solely on and directed to the issue presented. The award shall clearly direct the parties as to what actions(s) must be taken in order to comply with the award.

The Employer and Union agree to share equally the costs associated with the arbitration hearing including the cost of the court reporter, except that each shall be responsible for the costs of their own witnesses. Nothing in this Article shall preclude the parties from agreeing to the appointment of a permanent panel of arbitrators during the term of the Agreement or to use the expedited arbitration procedures of the American Arbitration Association. There shall be no transcript unless mutually agreed by the parties.

Section 11.4 Withdrawal

Grievances may be withdrawn at any step of the procedure without prejudice or Precedent. Grievances not appealed within the designated time limits shall be treated as withdrawn.

Section 11.5 Failure to Answer

Grievances not discussed or answered by the Employer within the designated time limits shall be automatically advanced to the next step of the grievance procedure. The time limits at any step or for any hearing may be extended by mutual agreement of the parties.

Section 11.6 Advanced Step Grievance Filing

Grievances may be filed at any step of the grievance procedure by mutual agreement of the parties at that step.

Section 11.7 Information Requests

The Employer recognizes the legal right of the Union to information necessary to process grievances. Upon reasonable request, the Employer will provide the Union with such relevant information as is required by law.

Section 11.8 Time Off; Meeting Space; Telephone and Fax Use

- a) No employee or Union representative shall leave his or her worksite to investigate, file or process grievances without first notifying his/her supervisor or designee, as well as the supervisor of any worksite to be visited, and making mutually-agreeable arrangements with his or her supervisor to address these issues as well as the appropriate time off for these activities.
- b) <u>Meeting Space/Telephone Use/Fax Use</u>: Upon request, the employee or Union representative shall be allowed the use of an available appropriate room while investigating or processing a grievance and shall also be permitted the use of any employer-provided email address, a telephone, facsimile machine or computer if available. Such use shall not include any long-distance calls at the Employer's expense. The Union may also access for these matters any County-provided email address, provided nothing in this Article compels the County to create an email address for any employee.

For Nursing, Support Services, Dining Services, Pharmacy, Rehab Services, Recreation and Resident & Volunteer Services staff who are scheduled hourly will be paid for 80 hours during the pay period (two weeks) and scheduled for an eight-hour workday with a one half ($\frac{1}{2}$) hour paid lunch break.

b. The parties agree that the workday for each bargaining unit position will include meal and break period(s) per shift according to current practice in each Department. For part-time employees, the normal workday is as established at the time the parties execute this Agreement. Part-time employees will receive a break period consistent with current practice in each Department.

c. The meal period will be regularly scheduled at the same point of each shift whenever possible. However, it is understood, should a situation unforeseen or unanticipated by the employer develop, the scheduled time of meal periods may temporarily change. d. Each Department will follow its current practice related to employees leaving the worksite during their lunch period.

Section 12.5 Work Shift.

Except as provided in this Agreement, each employer Department shall maintain its current practices related to the number shifts per workday and the starting and quitting times of each employee. Pursuant to current practice, the employer may modify the starting and/or ending times of the employee's shift by employee agreement. Employees in the Nursing and Resident and Volunteer Services Departments must remain in their position until relieved by the next scheduled employee for that position if the employees are scheduled for consecutive shifts.

Section 12.6 Work Schedule.

a. Work schedules showing the employees' shift, workdays and hours shall be displayed at convenient places and times, which may include notification by electronic mail. The Employer will not temporarily change a work schedule once posted, except in unanticipated situations, such as the need to complete an IDPH survey, or to otherwise comply with regulatory requirements, or by agreement between the employer and the employee.

b. Trade-offs initiated by the Employees are permitted within a given pay period only upon approval of the Employer. The Employer will attempt to respond to trade requests as quickly as possible and shall approve or deny trades within three (3) days of submissions, not including Saturday, Sunday, and Holidays. The Direct Supervisor shall have the right to approve or deny a trade. Tradeoffs will be reviewed on a case-by-case basis. In most cases, the Supervisor will deny requests that result in overtime.

c. The employer may schedule the following Employees to work consecutive weekends: (1) an Employee who volunteers to work consecutive weekends and (2) Employees who are hired specifically to work weekends, such as Registry employees. The employer will not require other non-probationary employees to work more than every other weekend unless there is an emergency. Nothing herein prohibits Departments from requiring mandatory overtime according to the terms of this Agreement.

C.N.A. and nurses who work more than 32 hours during Saturdays and Sundays during any calendar month shall receive an additional \$2 per hour for C.N. A.'s and \$3 per hour for nurses for each Saturday or Sunday hour worked over 32 in the calendar month.

Section 12.7 Attendance and punctuality.

Employees shall clock-in on their assigned unit or Department, unless his or her supervisor has approved an alternate location. An employee who expects to miss a scheduled shift must contact his or her supervisor by telephone no later than two hours prior to the start of the scheduled shift and provide the reason for absence. The employee must speak with the supervisor (or designee) unless the employee's department has established a voicemail for receiving absences. See Appendix C for specific department call in numbers. Staff are expected to leave a voicemail if the specified department contact is not available.

Employees with a multiple day absence must call in before each scheduled shift unless the employee has previously reported the multiple day absence to the supervisor. Employees who know they will arrive at work after the start of a scheduled shift shall also call the supervisor at least two hours before the start of the shift if the tardy is foreseeable, otherwise, the employee shall provide the supervisor with as much notice as safely possible.

An employee that is a No Call/No Show for three (3) consecutive days will be subject to the job abandonment guidelines as outlined in the Termination/Involuntary Separation of Employment Policy 3.10 in the DuPage County Employee Handbook. Emergency situations will be taken into consideration on a case-by-case basis at the discretion of the appropriate manager/supervisor and the Administrator (or designee) which will require documentation.

An employee who demonstrates a pattern of poor attendance and/or punctuality shall be subject to disciplinary action.

When absences occur, employees will be required to use any accrued vacation, sick or personal time for the duration of the absence.

Employees who No Call/No Show for a scheduled shift will be paid using accrued vacation, sick or personal time balances.

Emergency situations related to incidents of No Call/No Show will be taken into consideration on a case-by-case basis.

Section 12.8 Overtime Payments

In the following Departments (exceptions noted), the County shall pay nonexempt bargaining unit employees at the rate of one and one-half $(1 \ 1/\Box)$ times the employee's straight time hourly rate for all hours worked over eight (8) in a workday and for all hours worked over eighty (80) in two consecutive workweeks, but there shall be no pyramiding as defined below:

Finance, Nursing (except Admissions Nurse Liaison, MDS Coordinator, Medical Records Supervisor, and Wound Care/Ostomy Coordinator which are exempt, and Division Assistant 1 and Office Assistant), Pharmacy (Technicians only), Recreation Therapy (LPN only, Supervisor is Exempt), Rehabilitation Services (except Office Assistant), Resident and Volunteer Services, Dining Services (except Principal Account Clerk and Nutrition Assistant), and Environmental Services (housekeeping and laundry).

In the following Departments (exceptions noted), the County shall pay nonexempt bargaining unit employees at the rate of one and one-half $(1 \ 1/\Box)$ times the employee's straight time hourly rate for all hours worked over forty (40) in a workweek: Administration, Nursing (Division Assistant 1 and Office Assistant only), Pharmacy (Senior Account Clerk only), Recreation Therapy (Coordinator and Aide only), Rehabilitation Services (Office Assistant only), Resident and Volunteer Services and Dining Services (Principal Account Clerk and Nutrition Assistant only).

The County shall follow its current practice of reimbursing employees for expenses incurred for travel.

Employer approved training will be included as actual hours worked for purposes of all overtime calculations. Sick days, vacation days, personal days, designated holidays, jury duty bereavement time will not be included in calculating actual hours worked for purposes of overtime, unless unscheduled. Unscheduled overtime hours are hours of actual performed work that are outside of an employee's normal work schedule and are not scheduled in advance by the Department Head or designee. When an employee has worked unscheduled overtime hours during a week, or during the pay period for the Care Center, the calculation of actual hours worked during the week may include vacation days, personal days, designated holidays, jury duty, and bereavement time. Sick time is not counted toward the calculation of actual hours worked for weeks with unscheduled overtime hours worked by an employee.

All unscheduled overtime must be approved as provided in this agreement, currently Article 12.9.

Exempt level employees may, upon prior approval by the County Administrator and Director of Human Resources be granted additional compensation assigned shortterm workload increases. Additional compensation, at straight time, may be authorized when temporary staffing shortages or increased service demands require work to be performed outside the employee's usual work schedule in order to maintain the Care Center's compliance with deadlines, regulations, statutes, or grant requirements. Section 12.9 Unscheduled Overtime Payments

No later than one hour before the end of the employee's shift, an employee wishing to work unscheduled overtime must obtain pre-approval from the employee's supervisor before working unscheduled overtime, such as staying beyond a scheduled shift to complete charting duties. Any staff who works more that the hours for which the employee was approved will be subject to progressive discipline up to and including termination.

Section 12.10 Voluntary Overtime and Mandatory Overtime Distribution

a. Voluntary Overtime Distribution

To distribute overtime on a basis that allows everyone in the bargaining unit an equal opportunity to select overtime assignments, voluntary overtime assignments shall be distributed in the following manner:

Employees may submit their name for voluntary overtime consideration by signing a copy of the form attached herewith as Appendix D. Voluntary overtime is department specific. Individuals interested in working overtime shifts must complete the form for any and all departments the individual is interested in working.

When the Employer determines the need for overtime, the Employer will notify volunteers from the employees working the department in which overtime is to be worked. Notification will be conducted by open shift postings and/or blast texts/emails.

Employees who have elected to participate in voluntary overtime will be placed on the list in order of seniority by their respective department. Overtime will be offered to the next person on the voluntary overtime list in rotating order. Once the voluntary overtime list has been exhausted, employees from other departments in the bargaining unit may be asked to work for overtime purposes. Overtime will only be available to individuals that have prior working knowledge; experience; required certification or license; or appropriate department training.

Once an employee has confirmed and agreed to the voluntary overtime work, the employee may not refuse to work the scheduled overtime, unless the employee has obtained a qualified replacement. If the voluntary overtime assignment remains unfilled, mandatory overtime will apply.

Every pay period, the Employer shall provide the Union a list of the overtime hours worked, the employees who worked overtime and the number of hours each employee so worked. Employees may withdraw their name from voluntary overtime consideration by signing a copy of the form attached herewith as Appendix E. Those employees who withdraw themselves from voluntary overtime consideration are not exempt from mandatory overtime.

Employees who fill a voluntary overtime shift (one eight (8) hour or two four (4) hour shifts), shall have their name moved to the bottom of the list for Mandatory Overtime. Unscheduled overtime (i.e. staying over to complete urgent/unexpected work; charting; attend/complete mandatory in-services) will not move an employee to the bottom of the mandatory overtime list. Only time worked covering open hours will move the employee to the bottom of the list.

Volunteer overtime lists will be maintained by individual departments and available for review upon request.

b. Mandatory Overtime Distribution

The parties desire that mandatory overtime will be the exception and not the norm for DuPage Care Center operations and may only be used after the Employer has exhausted reasonable efforts to voluntarily fill the overtime required. If there are no volunteers for an overtime assignment, such vacancy will be filled by Mandatory Overtime using the Mandatory Overtime list. Such list shall be maintained by each department in reverse seniority order on a rotating basis. Individuals whose primary work assignment is in another department cannot be mandated to work by a different department (i.e., an individual who is a C.N.R.A. whose primary assignment is within the Physical Rehab Department cannot be mandated to work as a C.N.A. in the nursing department).

Mandatory overtime is considered part of the regular work schedule. If an employee is scheduled for mandatory overtime and they call off sick on the day before, the day of or the day after a holiday, holiday pay will be forfeited.

Employees shall have the right to refuse one (1) prescheduled mandatory overtime shift every three (3) months. Such refusal must be communicated to the Employee's supervisor within three (3) days of the posting of the employee's schedule. Employees who exercise this option shall return to the top of the Mandatory overtime list.

Staff who call in sick for mandatory overtime will not be paid sick time, personal time or vacation time for hours not worked.

Mandatory overtime lists will be maintained by individual departments and available for review upon request.

The least senior employee mandated to work overtime goes to the end of the list and is not mandated to work overtime again until the entire list has been expired.

Finance, Pharmacy and Admission staff will be offered overtime for specified hours versus shifts. Such overtime will be episodic and will only be available for staff qualified to complete the specified duties.

Emergency Overtime: in the event of a bona fide emergency, overtime will be filled on an "as needed" basis, without regard to seniority or department.

ARTICLE XIII WORK ASSIGNMENTS

Section 13.1 Floating General Provisions

Definition:

1. Floating is defined as the temporary reassignment of a staff member to an area outside of their regularly assigned unit. The parties recognize that certain employees are designated as floating staff who do not have a permanent assignment. This section does not apply to such employees.

2. Employees may be assigned to float to another unit other than their own, subject to the limitations provided in this Article.

<u>Floating Order:</u> Employees shall float in the following order, except for the Dinning Services Department:

- **1.** Agency Staff
- **2.** Active Registry
- **3.** Volunteers
- **4.** Employees on overtime
- **5.** Staff normally assigned to a unit or contracted agency staff that are employed to maintain a consistent assignment.

Unless the needs of patients/residents require deviation from this order.

B. <u>Voluntary Floating:</u>

Nothing herein shall prohibit an Employee from volunteering to float to other areas, provided that the Conditions in this Article are satisfied, and subject to supervisory approval.

D. <u>Floating Records:</u>

For the Nursing department only, the Employer will maintain any legally required competency validation. Float rotation lists will be maintained and will be available for inspection by affected Employees in the Unit and job classification. Information in this paragraph shall be made available and provided to the Union upon request.

Section 13.2 Call-Back Pay

Any employee called back to work outside of his/her regularly scheduled shift or on his/her scheduled days off shall be paid a minimum of three (3) hours pay at the applicable rate. A continuation of the end of a normal workday shall not qualify for this minimum. Employees notified prior to clocking out of the need to extend the workday will not be eligible for the call-back pay.

Section 13.3 On-Call Pay

A non-exempt employee, as defined by the Fair Labor Standards Act, is entitled to on-call pay if he/she is required by the Employer to be on on-call; that is to be available for possible recall for work, either on a day the employee was not scheduled to work or for a period of time after completing the employee's work day. For every two weeks that an employee is assigned a cell phone and is required to be on-call, the employee shall receive three (3) hours of pay at the employee's straight time rate. If more than three hours of work is required during the on call period, then the Employer will compensate the employee at his/her straight time hourly rate unless hours worked exceed 40 in a work week. The Employer will then pay hours in excess of 40 per week at the overtime rate.

Section 13.4. Temporary Assignment

The Employer may temporarily assign an employee to perform the duties of another position classification, including those of a supervisor. An employee temporarily assigned to a position with a lower rate of pay shall receive his or her regular rate of pay. In those cases where the employee performs the duties of a higher paying classification, while performing those duties, they shall be paid at the entry rate of the higher classification or ten (10) percent higher than their current pay, whichever is higher. Persons performing supervisory duties shall be paid ten (10) percent higher than their current pay for hours worked in that position.

For supervisory positions, the Employer shall rotate such temporary assignments among employees who volunteer for and receive appropriate training for the position.

Section 13.5 Call Off/Flexing Procedure

A. Call Off/Flexing when staffing levels are appropriate

Call Off/Flexing may be available to employees when staffing levels are appropriate and no other support duties are critical or necessary. This option must be approved by a Department Head or designee. Employees may volunteer to take the day off using their available benefit time. Registry employees who chose this option will receive credit toward their required shifts.

B. Call Off/Flexing as Time Worked

If an Employee is cancelled or volunteers to take time off, the hours that an Employee was scheduled to work shall count as time worked for purposes of maintaining status, like full-time or registry requirements. Unless the employees elect to use earned paid time off, the time off is without pay.

ARTICLE XIV HOLIDAYS AND PERSONAL DAYS

Section 14.1 Designation of Holidays.

All employees covered by this Agreement shall receive holidays equivalent to the provisions adopted within the DuPage County Board Employment Policies and Guidelines, and applicable County Board Resolutions through the length of the contract. Designated Holidays are:

When a holiday falls on a Sunday, it will be observed on the following Monday. When a holiday is observed by the County on an employee's normally scheduled day off, the employee will receive an extra day's pay in lieu of the holiday.

Section 14.4 Holiday Pay and Scheduling

All full and part time employees under county board jurisdiction who work a minimum of 20 hours per week shall receive pay for each holiday equal to their normally scheduled hours of work for the week in which the holiday occurs. Employees who work the designated holiday will receive their regular wages for working the holiday.

Care Center shift employees who work the designated holiday will receive in addition to their regular wages holiday pay at straight time or may request to bank the holiday and receive equivalent time off at straight time. Employees must provide advance notice to their supervisor in writing if they wish to exercise their option to bank the holiday time.

Banked holiday time must be used by the end of the calendar year it is earned. If the employee does not use the banked holiday time by the end of the calendar year, he/she will receive payment for any unused time.

For Departments, who have a twenty-four (24) hour or 365 days per year operation, employees may be scheduled to work one of the two (2) holiday rotation schedules listed below:

Holiday Rotation 1:	Holiday Rotation 2:

The terms for a cost of living prospective wage increases listed in Section 25.5 of this Agreement shall apply to employees employed by the County in either the Certified Nursing Associate, Certified Nursing & Rehabilitation Aide Senior Certified Nursing and Rehabilitation Aide, or Wheelchair Specialists classifications. Thus, if the County by Resolution for cost of living increases hourly wages for non bargaining unit employees in FY 25 or 26 above 2%, these classifications shall receive the higher of that cost of living increase, or 2%. For example, if the County issues non bargaining unit employees a 3% cost of living increase for FY 25, these classifications shall receive a 3% straight time wage increase, rather than a 2% increase. That shall be the FY 2025 Base Wage upon which the County will add the appropriate Hourly Tenure Payment.

County employees who are not classified as either Certified Nursing Associate, Certified Nursing & Rehabilitation Aide Senior Certified Nursing and Rehabilitation Aide, or Wheelchair Specialists and who perform work in those classifications shall receive the Hourly Tenure Payment in addition to their hourly wage while they are performing work in those classifications.

The parties agree that if an employee receives the Hourly Tenure Payment during an hour worked which qualifies for overtime compensation as provided in the CBA, then the County shall calculate the overtime compensation based on the employee's hourly wage plus the Hourly Tenure Payment.

The parties agree to open negotiations of the terms herein if there are changes in legislation or regulations which affect Medicaid reimbursement of C.N.A. compensation for nursing facilities. Either party may, with 60 days' notice prior to December 1, 2025, reopen negotiations regarding wage rates and tenure payments for December 1, 2025 and beyond for the titles specifically referenced in Section 25.3. During any reopener negotiations, the remainder of the CBA, including its prohibition on strikes and lockouts, shall continue in full force and effect.

Section 25.4 Current Employees-Non-Licensed Staff Compensation.

Effective the first full County payroll after November 15, 2023, the straight-time hourly wage for employees not listed in Sections 25.2 or 25.3 shall be based on years of service in the County, according to the following scale:

	Current Employees							
	Scale 1	Scale 2	Scale 3	Scale 4	Scale 5	Scale 6	Scale 7	Scale 8

4 to 7	16.00	17.00	19.50	20.00	23.00	26.50	24.00	18.00

13+	17.00	18.00	20.50	21.00	24.00	27.50	25.00	19.00

This will be a one-time adjustment and neither the scales nor the placement of employees on these scales shall change after the one-time adjustment. For example, effective the first full County payroll after November 15, 2023, the straight-time hourly wage for a then employed Cook with 4 years of service in the County will be moved to \$19.50 per hour. There will be no further adjustment under these scales thereafter, even when the Cook increases the years of service in the County to 5 and more.

A bargaining unit employee employed in these positions who as of the Ratification Date has an hourly wage above the highest rate in the scale applicable to that employee shall receive a seven hundred-fifty dollar (\$750) one-time economic adjustment. That economic adjustments shall not increase an employee's hourly wage and shall be payable on the first full payroll period following the Ratification Date.

Section 25.5 Prospective Wage Increases.

Effective the first full County payroll after December 1, 2023, each bargaining unit employee then on the County payroll (other than Registry employees) shall receive a 3% hourly straight time wage increase.

The County will apply this wage increase after it applies the one-time wage adjustments listed in Sections 25.2 and 25.4. For example, effective the first full County payroll after November 15, 2023, the straight-time hourly wage for a then employed Cook with 4 years of service in the County will be moved to \$19.50 per hour. Then effective the first full County payroll after December 1, 2023, that Cook will also receive a 3% hourly straight time wage increase. The wage effective the first full County payroll after December 1, 2023 will be approximately \$20.09 (\$19.50 X 3%).

Effective the first full County payroll after December 1, 2024, each bargaining unit employee then on the County payroll (other than Registry employees) shall receive a 2% hourly straight time wage increase.

Effective the first full County payroll after December 1, 2025, each bargaining unit employee then on the County payroll (other than Registry employees) shall receive a 2% hourly straight time wage increase.

If the County by Resolution for cost of living increases hourly wages for non bargaining unit employees in FY 25 or 26 above 2%, this unit also shall receive the higher of that cost of living increase, or 2%. For example, if the County issues non bargaining unit employees a 3% cost of living increase for FY 25, bargaining unit employees shall receive a 3% straight time wage increase, rather than a 2% increase. There shall be no further increase to the straight time wage. Bargaining unit employees will receive only any cost of living increase approved by the Board for non bargaining unit employees if greater than 2%. Bargaining unit employees shall not receive any other approved compensation increase, such as merit or economic adjustments.

Section 25.6 Shoe Allowance

An annual shoe allowance in the amount of two hundred dollars (\$200) shall be given to employees required to wear steel-toe boots/shoes. An annual shoe allowance in the amount of fifty dollars (\$50) shall be given to employees required to purchase non-slip shoes.

Section 25.7 Shift Differential Pay.

The below employees performing work between 3pm and 11pm shall receive a shift differential for those hours worked only as follows:

CNA \$1 per hour

RN/LPN \$1.40 per hour.

Employees performing work between 11pm and 7AM shall receive a shift differential for those hours worked only as follows:

CNA \$1 per hour

RN/LPN \$2.25 per hour.

These shift differentials apply only to actual hours worked.

Section 25.8 Other incentive pay.

The County shall maintain its current practices related to weekend, holiday and other incentive pay.

Section 25.9 Registry Employee Wages.

Registry employees hired after the Ratification Date shall receive the following flat hourly rate for each hour worked based on classification:

C N A \$20 LPN \$36 RN \$42. Registry employees on the County payroll as of the Ratification Date shall maintain the higher of their then current rate, or the rate for newly hired employees.

25.10 Promotion pay.

Employees promoted within the bargaining unit shall receive the minimum salary for the new job classification in effect at the time of the promotion as determined in this Section 25.1, or a 5% promotional increase to the employee's then straight-time hourly wage rate, whichever is greater. If the promoted employee has prior experience or certification in the new role (Example: Specialty RN), then the Scales in Section 25.2 or 25.4 will be used to determine the promotional rate of pay based on the years of experience or certification. The promoted employee will receive the greater of the applicable wage in Section 25.2 or 25.4 based on prior experience or certification, or 5% to the employee's straight time hourly rate in effect just before the promotion.

ARTICLE XXVI

Section 26.1 Entire Agreement.

This Agreement constitutes the complete and entire Agreement between the parties and concludes collective bargaining between them for its term, unless otherwise provided for in this contract. This Agreement supersedes and cancels all prior practices and Agreements, whether written or oral, which conflict with the express terms of this Agreement.

During the negotiations resulting in this Agreement, the County and the Union each had the unlimited right and opportunity to make demands and proposals with respect to any subject matter as to which the Illinois Public Employees Labor Relations Act imposes an obligation to bargain, and that the understandings and agreements reached by the parties after the exercise of that right and opportunity are stated in this Agreement. Therefore, the County and the Union, for the duration of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees the other shall not be obligated, to bargain collectively with respect to any subject referred to or covered in this Agreement. Changes in this Agreement, whether by addition, waiver, deletion, amendment, or modification, must be reduced to writing and executed by both the County and the Union.

ARTICLE XXVII TERM OF AGREEMENT

Unless otherwise specified herein, this Agreement shall be effective as of the first day of the first pay period after both parties have signed it and shall terminate at 11:59 p.m. on November 30, 2026. It shall be automatically renewed from year to year thereafter unless either party notifies the other in writing at least one hundred and twenty (120) days prior to the expiration date that it desires to modify this Agreement. If such notice is given, negotiations shall begin no later than sixty (60) days prior to the expiration date.

Notwithstanding any other provision of this Article or agreement to the contrary, this Agreement shall remain in full force and effect after the expiration date and until a new agreement is reached unless either party gives at least ten (10) days written notice to the other party of its desire to terminate this Agreement, provided such termination date shall not be before the expiration date set forth in the preceding paragraph.

[Remainder intentionally blank. Signature page follows]

IN WITNESS WHEREOF, the parties have executed this Agreement this _____ day of January 2024, at Wheaton, Illinois.

ANTI-HARASSMENT POLICY

DuPage County is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that promotes equal employment opportunities and prohibits discriminatory practices.

It is the policy of DuPage County to comply with local, state and federal antidiscrimination laws, and to provide a workplace free of discrimination and harassment based on race, color, religion, age, sex, national origin, familial status, disability, sexual orientation, gender identity, status as a veteran, order of protection status, or any other protected class. In keeping with this commitment, we will not tolerate harassment of employees by anyone, including any manager, coworker, vendor, resident, contractual staff or citizen.

ELIGIBILITY

All employees under County Board Jurisdiction regardless of employment status.

GUIDELINES

1.Sexual Harassment constitutes discrimination and is illegal under federal, state and local laws. For the purposes of this policy, sexual harassment includes, but is not limited to:

2.Unwelcome sexual advances, requests for sexual acts or favors, or other verbal or physical conduct of a sexual nature

3. Any statement or implication that an individual's submission to or rejection of such sexual conduct could be used as a condition of employment, or as the basis for any employment decision affecting such individual; and

4.Any conduct, whether physical or verbal, which has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment. This includes, but is not limited to: slurs, jokes or degrading comments of a sexual nature; offensive sexual flirtation, sexual advances or propositions; abuse of a sexual nature; graphic verbal comments about an individual's body; sexual innuendo or suggestive comments; sexually oriented "kidding" or "teasing"; unwanted physical touching, such as patting or pinching another's body; sending,

forwarding or soliciting sexually suggestive letters, notes, emails, or images; and the display in the workplace of sexually suggestive printed or visual materials, clothing, objects or pictures.

B. Sexual Harassment may include a range of subtle to obvious behaviors and may involve individuals of the same or different gender.

C. Harassment based on other protected classes is also strictly prohibited. Under this policy, harassment is defined as verbal or physical conduct that demeans or shows hostility or aversion toward an individual because of their race, color, religion, sex, sexual orientation, gender identity, order of protection status, national origin, age, disability, marital status, citizenship or any other characteristic protected by law, and that:

1. Has the effect of creating an intimidating, hostile or offensive work environment

2. Has the effect of unreasonably interfering with an individual's work performance

D. Harassment includes, but is not limited to: epithets, slang, nicknames, slurs, negative stereotyping, threatening, intimidating or hostile acts, denigrating jokes, and written or graphic material or material that is transmitted electronically that demeans or shows hostility or aversion toward an individual or group.

PROCEDURES

A. Every employee must end and/or avoid any conduct that reasonably could be interpreted as discrimination or harassment under this policy, even if such conduct was not intended as offensive. Conversely, employees are expected and encouraged to inform others in the workplace whenever conduct is unwelcome, offensive or in poor taste.

B. DuPage County expects the immediate reporting of all perceived incidents of discrimination, harassment or retaliation, regardless of the offender's identity or position, or the perceived severity of the incident. Individuals who believe that they have been subjected to harassment (or who have reason to believe that someone else has been subjected to harassment) should discuss their concerns with any County Supervisor, Department Head or Human Resources Representative immediately. The employee may prepare a statement in writing, and/ or be prepared to discuss the following:

1. The name, department, and position of the person or persons allegedly causing the harassment.

2. A description of the incident(s) including the date(s), location(s), the presence of witnesses, and the names of other employees who might have been subject to the

5. Any other information the complainant believes to be relevant to the harassment complaint.

C. Any reported allegations of harassment, discrimination or retaliation will be investigated promptly by the Human Resources Department. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge.

1. Confidentiality will be maintained throughout the investigative process to the greatest extent possible.

2. Anonymous complaints will be accepted; however, the County may be limited in its options in investigating or resolving anonymous complaints due to a limited ability to collect additional information.

3. Appropriate action, which may include disciplinary action, not to exclude termination, will be taken against any employee found to have engaged in the harassment of any other employee in the workplace in accordance with (Policy 10.1: Disciplinary Guidelines). Acts of retaliation should be reported immediately and will be promptly investigated and addressed. An individual may also file a claim of retaliation pursuant to the State Officials and Employees Ethics Act (5 ILCS 430/15-10), the Whistleblower Act 740 ILCS 174/15(a), or the Illinois Human Rights Act (775 ILCS 5/6-101)).

5. Failure of an employee or supervisor to cooperate with an investigation of harassment, or refusal to comply with disciplinary action resulting from an

investigation of harassment may be subject to further disciplinary action, not to exclude termination.

6. A false report is a report of sexual harassment made by an accuser using the sexual harassment report to accomplish some end other than stopping sexual harassment or retaliation for reporting sexual harassment. A false report is not a report made in good faith which cannot be proven. Given the seriousness of the consequences for the accused, a false or frivolous report is a severe offense that can itself result in disciplinary action. Any person who intentionally makes a false report alleging a violation of any provision of this policy shall be subject to discipline or discharge pursuant to applicable policies, employment agreements, procedures, employee handbooks and/or collective bargaining agreements.

In addition, any person who intentionally makes a false report alleging a violation of any provision of the State Officials and Employees Ethics Act to an ethics commission, an inspector general, the State Police, a State's Attorney, the Attorney General, or any other law enforcement official is guilty of a Class A misdemeanor. Kevin Vaske, Chief Deputy 18th Judicial Circuit Court Clerk 505 N County Farm Rd Wheaton, IL 60187

Dear Kevin and Team:

On behalf of Logicalis, I have enclosed our proposal for Microsoft 365 Hosting and Managed Services in response to your RFP# 23-101-CCC.

Companies like Dupage Cty Clerk of the Cir Court who are tasked with the internal management of IT environments struggle to meet business expectations. Too often, demands are not met because internal resources are preoccupied with attending to IT infrastructure instead of focusing on delivering the solutions needed to move business forward. A lack of dedicated internal resources, an unpredictable IT budget or overworked IT employees overwhelmed with everyday tasks are all common problems that create the need for a better option. Trusting Logicalis with your IT services can empower your team to shift priorities and cost-effectively focus IT resources on business directed initiatives, while continuing to provide essential services. Logicalis' Managed Services enable you to focus on your core business while our experts attend to your IT infrastructure and immediately provide you high levels of operational maturity. Our Managed Services model is a proven, cost-effective way to manage your IT operations and deliver higher service levels to your organization.

Logicalis has appreciated our partnership and is responding with 3 proposed options for the Circuit Court to consider:

Option 1 is similar to the solution and managed services you receive today.

Option 2 is our Digital Workplace Services with Identity and Collaboration Management

Option 3 is our Digital Workplace Services with Identity, Collaboration and Endpoint Management

We are presenting alternatives for your consideration in the event you would like extended services over time to meet DuPage's needs.

Logicalis is unable to adhere to all provisions described in the RFP without modification and cannot accept the sample terms and conditions as-is. Logicalis respectfully requests certain changes as reflected in the attached list of exceptions.

Indicate the intention of the Vendor to adhere to the provisions described in the RFP without modification; Vendor should include a signature line for Contract Compliance.

Section 5.2 Proposal Narrative

Project Management

Logicalis leverages a Project Management methodology, the Logicalis Solutions Framework (LSF), designed to encompass the diverse services that we perform for our customers. This framework was developed to focus on technology requirement gathering, design, implementation and support services. These principles provide the baseline by which project are executed, reported and documented. LSF follows a four-phased approach for managing projects: Scope Definition, Project Planning, Execution, and Closure. Each phase focuses business and technology expertise on the services provided during each stage of the project.

The following graphic provides a representation of the interrelationship between project phases, guiding activities within our framework. We understand the fluid nature of projects and have developed this framework to support and control the complexity of technology services.

As depicted in the graphic, the LSF focus is primarily on quality and planning, which helps verify that:

- Project objectives are understood by all stakeholders and goals are attained
- Project timeframes and commitments are maintained
- Project financial constraints are taken into consideration
- Project changes are minimized, documented and approved in line with project objectives to support overall change management activities
- Project status reporting is consistent and effective
- Risks are understood and mitigated

Logicalis understands the complex trade-offs required to apply technology services to the enterprise. Under LSF, deliverables are defined, prior to each project phase. This provides tangible outputs, which can be measured throughout the life of the project. We strive for partner relationship with our Customers; therefore communication of project progress and expectations is key to overall project success.

Project Management tasks that facilitate meeting the stated business objectives, have been included in this response. We strive through the performance of these Project Management processes to manage the project's scope to the primary constraints of time, quality and cost. This permits both organizations to realize the benefits of successful project completion.

Solution Profile

Logicalis is proposing a comprehensive solution for the Dupage County's Microsoft 365 tenant. Combining the Microsoft New Commerce Experience (NCE) licensing and Logicalis traditional Managed Services offerings and the new Logicalis Digital Workplace (DWP) service, we believe we have a solution and service offering to continue to support the Dupage County end-users today and well into the future.

Logicalis has responded with a few different options for consideration. These options vary in solution scope and service pricing:

- 1. New Commerce Experience Licensing (M365 Licenses) + Traditional Managed Services This provides a comparable solution and service to what Dupage has been receiving from Logicalis over the last 5 years.
- 2. New Commerce Experience Licensing (M365 Licenses) + Traditional Managed Services + Digital Workplace Identity & Collaboration
- 3. New Commerce Experience Licensing (M365 Licenses) + Traditional Managed Services + Digital Workplace Identity & Collaboration + EndPoint Management

We broke each of these options out as a separate section and explained them in greater detail. Each option builds upon the previous option and option 3 is by far the most comprehensive service that will help DuPage County support and manage the M365 tenant.

Below is a high-level comparison of the three Managed Services Offerings:

Option 1 - Current Offering

In this option, Logicalis is proposing the Microsoft New Commerce Experience (NCE) licensing and Logicalis Managed Services that most closely resemble what Dupage County has under contract today with Logicalis.

We know that today's IT organizations continue to face IT skills and talent shortages. In fact, many IT decision-makers believe that they cannot meet their organization's demand for IT expertise with internal resources alone. In addition, most organizations operate in multiple computing environments, such as on-premises, cloud, and edge computing—environments that are often managed separately. Though they are connected through the network, it is difficult to see the entire environment, share data, and take advantage of insights.

Logicalis Managed Services overcomes IT skills and talent shortages and unifies management of disparate environments by changing the focus from remediation to prediction and insight and delivering unparalleled levels of business uptime through our AIOps-powered Digital Service Platform (DSP).

More than just a portal, DSP is rigorously structured and defined and services are connected, automated and managed in a standardized way to ensure consistent high quality. AI and machine learning (M/L) add the ability to predict and prevent potential failures and, where appropriate, automatically deliver a self-healing resolution. The result is unrivaled service levels, clarity and confidence by reducing risk and increasing system performance.

The platform provides services composed of applications, methodologies,

frameworks, service definitions and processes. It is built and maintained by a global virtual team, agile methodologies and a global governance structure. It delivers a well-orchestrated set of best-practice processes and integrated systems to optimize business outcomes throughout services fulfillment and management.

More specifically, the DSP platform is comprised of the following features -

- AIOps Platforms that include automation and machine learning for contextualizing large volumes of varied and volatile data.
- M/L Clustering Use of machine learning to group related events.
- AI Automation Use of scripts and workflows to automate routine resolutions, fulfillments, queries, etc.
- Cockpit Dashboard where engineers have a single pane of glass to view all relevant information for an incident (e.g. ticket information, related events, monitoring, analytics).
- Analytics Graphical representation that provides insights into large volumes of underlying data.
- M/L Anomaly Use of machine learning to detect unusual behavior in a device or environment.
- M/L Prediction Use of machine learning to detect behavioral patterns and statistically predict the next event in a behavioral pattern. It provides a high-probability prediction about something that will occur in the future.

Logicalis Managed Services combines multiple technologies required to provide real-time monitoring integrated with our Service Management/Workflow system to drive efficient proactive and reactive support.

Monitoring and management details for the technologies included in this RFP are found in the appendices for each specific technology.

Next-Generation Managed Services

Most organizations operate in on-premises, cloud, and edge environments. While often connected to the same network, many of these environments are managed separately, making it difficult to predict issues or prevent them from taking operations down. Logicalis takes the management of your computing environments to the next level using our Digital Service Platform (DSP). Powered by Artificial Intelligence Operations (AIOps), DSP focuses on prediction and prevention instead of remediation after the fact. This breakthrough Digital Service Platform powers digital transformation with services that deliver unparalleled levels of business uptime through sophisticated design and artificial intelligence.

The Key to Next-Generation Managed Services

According to Gartner, AIOps platforms are "software systems that combine big data and AI or machine learning functionality to enhance and partially replace a broad range of IT operations processes and tasks, including availability and performance monitoring, event correlation and analysis, IT service management, and automation." But AIOps is more than tools and algorithms. For the most trusted, accurate results from AIOps, organizations should consider addressing these three pillars of data science:

Compute - We use robust compute and data lake technologies to ingest and analyze massive data sets.

Algorithmic Skills – We work with a team of PhD-level data scientists to tune, contrast, and compare algorithm results based on accuracy and speed.

Business Knowledge – We have deeply knowledgeable business and process people working with the data scientists, who understand the full spectrum of data involved and how to achieve the desired impacts and outcomes.

An Unprecedented, AIOps-Powered Technical Foundation

The Logicalis Digital Service Platform uses machine learning and automation to enhance the Managed Services experience we deliver to customers and alter it with richer insights and visibility, unprecedented prediction and prevention, and automated resolutions and responses.

Logicalis DSP Benefits:

Significant reduction in outage cost – Delivers greater levels of business continuity—and drives down costs—through early incident detection, automated remediation, and predictive incident prevention. Maximum business productivity – Prevents business disruption by intelligently correlating events and systems and detecting anomalies and behavioral patterns for advanced warning of system issues. Optimized system productivity – Improves system performance through early detection and remediation of performance issues and resource constraints before they become issues. Maximum user productivity – Enhances the user experience and productivity through optimized service activation, operational excellence, and service level coordination. Accelerated business value – Speeds time to value as your service goes live and all relevant service components are auto-activated.

Consistent global services – Delivers a consistent service experience, no matter where in the world you are, with a platform used by Logicalis operations centers and engineers.

art service management efficiencies right out of the box. Service Definitions are used to define the tasks Logicalis will execute to keep the client's systems in good working order. The Logicalis Digital Service Platform builds on traditional ITSM, and layers of machine learning and applied algorithms designed and maintained by our data scientists to move from reactive to predictive support.

	Device Impact		
Event URGENCY	High	Medium	Low
High	Priority 1	Priority 2	Priority 3
Medium	Priority 2	Priority 3	Priority 4
Low	Priority 3	Priority 4	Priority 5

With so many competing priorities, pressure to reduce costs and carbon emissions, disparate technology and tools, and an advancing IT skills gap, both problems and opportunities can become hard to see, and even harder to address.

So how do you really know if you're making progress? To truly optimise, you must simplify and combine the layers of digital infrastructure to form a solid foundation.

At Logicalis we harness our collective expertise to help you build a **blueprint for success in a digitalfirst world**. So, you can create a sustainable business, with outcomes that matter. We recognise that you're advancing your digital business, fast. Through our managed services, we ensure that your business can evolve as you evolve by helping you to create a **digital fabric** that weaves throughout your entire technology suite – unifying and elevating your IT infrastructure – to give you greater control, visibility and a clear path forward.

Gain economies of scale in interoperability performance

When you break down what you need to transform your organisation, there's often overlap between priorities and it's hard to know where to begin. Our Digital Fabric ties together your transformation initiatives efficiently, uncovering synergies and capturing savings as you go.

Get a real time view of your entire technology suite

Disparate systems don't build a solid foundation – they create gaps and inefficiencies. By bringing the layers of digital infrastructure together into a central Digital Fabric Dashboard, you can get a real time view that spans your technology suite, ensuring you stay on top of performance and ahead of surprises.

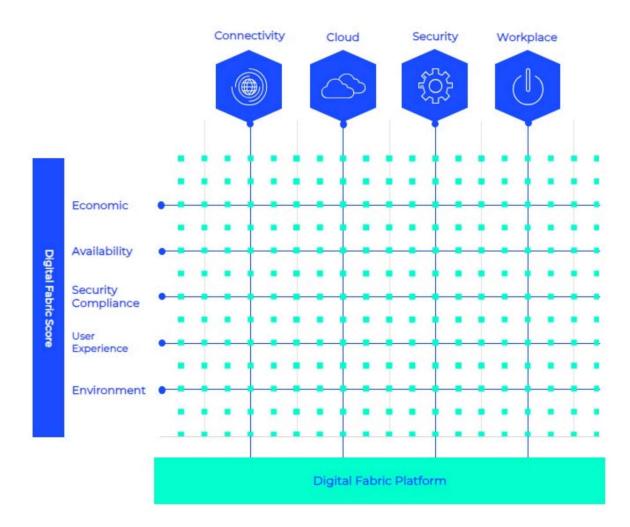

Harness actionable leadership benchmarks

Forget guesswork – through our **Digital Fabric Scoring system** you can gain access to industry benchmarks across environment, economics and user experience, showing you exactly how your organisation measures up against the competition.

How does it work?

Our Digital Fabric encompasses our global solutions which are designed to help you **reduce risk**, **optimise operations** and **empower employees**. We use our objective scoring system – the **Digital Fabric Score** – to benchmark you in each solution area against competitors in your industry so you can see how you measure up.

2.2. CSP Commercial Terms

Subscriptions

1. The Product (as that terms is defined and used in the Logicalis Terms and Conditions of Sale) subscriptions identified in the table above (each a "Subscription") are sold under one of two pricing models: (a) a fixed term subscription; or (b) a consumption subscription (e.g. pay as you go) model.

1.1. Fixed Term Subscriptions.

- 1.1.1. Products sold under fixed term subscriptions are sold for a minimum term of 12 months and may be longer, as set forth herein. This Order will identify whether the applicable Subscription will be paid on a monthly or annual basis.
- 1.1.2. For those subscriptions billed monthly, Customer will be billed the applicable monthly Subscription price in advance for each month on Customer's scheduled invoice date. For those Subscriptions billed annually, Customer will be billed in full in advance of the Subscription commencement date, or, if applicable, at the Customer's next scheduled monthly invoice.
- 1.1.3. The unit price for the Subscription will not change during the term of that Subscription.
- 1.1.4. Any subsequent adjustments to Subscription (e.g., adding seats) made mid-billing cycle will be calculated and post-billed at the subsequent invoice. Such adjustments shall be co-terminous with the existing Subscription.
- 1.1.5. Fixed term subscriptions will automatically renew for a term equal to the initial term of the underlying Subscription at the end of a Subscription Term. Customer may opt out of automatic renewal by updating the Subscription through the Logicalis CloudCentralis portal either in advance of the next scheduled invoice or in accordance with the returns policy for new subscriptions.

1.2. Consumption Subscriptions

- 1.2.1. Except for Reservations, Azure consumption subscriptions refers to one-month subscriptions that are billed based on actual usage in the preceding month without upfront commitment. Consumption subscriptions will be billed at Customer's next billing cycle and will include all usage from the prior month. Pricing will be based on the pricing in effect during the current billing cycle. The unit price for a Subscription sold on a consumption basis may change during the subscription period.
- 1.2.2. Azure consumption subscriptions automatically renew unless cancelled. Azure Consumption Subscriptions can be cancelled at any time and any usage before cancellation will be billed in the next scheduled invoice date.
- 1.2.3. Invoicing will be based on Customer's monthly consumption. Logicalis will invoice, monthly in arrears, for Customer's actual usage of all services consumed in the prior month. Any addition services not set forth herein and project-based services shall be defined in a separate statement of work.
- 1.2.4. Pricing in the table above reflects the estimated price based on customer's anticipated consumption at the time of contract initiation.
- 1.2.5. For Azure Reservations, Customer is agreeing to an advanced purchase of eligible Microsoft Azure Services for a specified term (e.g. Reserved VM Instances, reserved capacity, etc.). Reservations are non-cancellable and expire at the end of the specified term.
- 2. If Customer identifies a discrepancy between any quantity, Product fee, or other amount (a) as invoiced or payable to Logicalis, versus (b) as reported by Customer or reflected in Customer's records, then Customer must report that discrepancy to Logicalis within twenty (20) days after the invoice issue date and must provide adequate and timely assistance to Logicalis to investigate and resolve the discrepancy. Logicalis reserves the right to correct non-material errors on invoices by sending a courtesy corrected invoice, provided that the due date reflected on the original invoice will not change and late fees or interest will accrue from the original due date. If Logicalis determines that Customer has overpaid, Logicalis will give Customer a credit. Any payment disputes will be treated separately from Customer's obligation to pay invoices and other amounts when due, and Customer may not withhold or offset any amounts due before the dispute is resolved or any related credits are issued (and then only in the amount of such credit).
- 3. If (a) Customer fails to pay the invoice in full when due, or (b) Customer takes an unauthorized offset on amounts owed, Logicalis may take any (or any combination) of the following actions to the maximum extent permitted by applicable laws, and without waiving any other right or remedy it may possess, after notice to Customer of any failure to make timely payment:

- I. charge a recurring late charge on the past due amount equal to 1.5% per month (or the legal maximum, if less). The recurring late charge will accrue daily from the payment due date through the date of actual payment;
- II. suspend all pending orders, further shipments, or Customer's access to Subscriptions under this Order;
- III. require the prepayment of Subscription fees on future orders, place Customer's account on hold, reduce Customer's credit limit, or require that Customer provide a bank guarantee or other form of security; or
- IV. withhold the past-due amount from any other amounts payable by Logicalis to Customer under the Agreement.

Summary Pricing	Non-Recurring Charges	Monthly Recurring Charges
Managed Services	\$0.00	\$2,175.38
Total	\$0.00	\$2,175.38

Where applicable, a dashboard/self-service portal is available for the Customer to query reports, analyze graphic data, report issues, make requests and approve changes.

In the event the parties enter into a Project Change Request to add and/or remove a device, the Project Change Request will state the change in the monthly recurring charges ("MRC") and any applicable non-recurring charges ("NRC").

3.2.2. Monitored Services Incremental Pricing Categories

Customer will incur the following charges upon Customer request(s) for the type(s) of system change(s). Charges incurred will be invoiced on a monthly basis.

Incremental Pricing Categories	Per Device Change Fee
Device Threshold & Configuration Change	\$15.00
Network Device Move/Add/Change/Remove	\$20.00
Server/Database/Backup/Storage Move/Add/Change	\$30.00

For large scale requests involving the categories noted above, Logicalis reserves the right to require a mutually accepted Project Change Request and/or to charge Customer on a Time and Materials basis (instead of the per device change fee).

3.3. Out of Scope Rates, Travel Expenses

3.3.1. Out of Scope Rates

Any service delivery request outside of the scope of this SOW will be evaluated on a case-by-case basis and, if approved, be executed through a separate SOW or executed through a Project Change Request to this SOW.

3.3.2. Travel Expenses

Travel expenses will be tracked separately and billed directly to Customer. Travel expenses will include cost incurred from travel (airfare, rental car, mileage, tolls, and lodging). Meals, if any, will be billed at the per diem rate of \$65.00.

3.3.3. Invoicing

Invoicing for Time and Materials and Travel Expenses will occur once per month at month end.

3.4. SOW Change Enablement Process

Changes to the SOW will be negotiated separately through this Change Enablement process. In the event either party desires to change this SOW, the following procedures shall apply:

- 1. Either party shall notify the other party of any requested changes. Logicalis will deliver a Project Change Request to Customer for review and execution. The Project Change Request will describe the nature of the change, the reason for the change, and the effect the change will have on the SOW, which may include changes to the contracted services and/or prices.
- 2. If both parties agree to implement the Project Change Request, the appropriate authorized representatives of the parties will sign the Project Change Request, indicating the acceptance of the changes by the parties.
- 3. Each executed Project Change Request will be incorporated into, and made a part of, this SOW.
- No party is under any obligation to proceed with the Project Change Request until such time as the Project Change Request has been agreed upon by both parties.

In the event of a conflict between a Project Change Request and the original SOW, or previous fully executed Project Change Request, the most recent fully executed Project Change Request shall prevail.

Should the sum of fully executed PCRs over the life of the contract reduce the total monthly charge below 70% of the original MRC Logicalis reserves the right to exercise early volume reduction fees. Those fees shall be calculated at that point as 25% of the difference between the MRC on the Commencement Date and the then-current MRC, multiplied by the number of months remaining in the Term.

3.5. Term and Early Termination

Pricing Validity Length. This SOW is for services only and the pricing shall remain valid for ninety days from the date this SOW was first provided to Buyer. Upon Logicalis' receipt of the fully executed SOW, the pricing shall be secure for the length of the "Term" (as described below), except as may be adjusted on an annual basis as set forth herein.

Commencement Date. As used in this SOW, "**Commencement Date**" means the first day of the month in which the total monthly recurring services are billed to the Customer. The Commencement Date will be February 1, 2024. Should Logicalis provide monthly recurring services in advance of the Commencement Date, Customer shall be responsible for payment of those monthly recurring services upon invoice and in accordance with the payment terms.

Term. The initial term of this SOW is 60 months and will commence on the Commencement Date (the "**Initial Term**"). Thereafter, this SOW will automatically renew for successive one (1) year periods (the "**Renewal Term**"; together with the Initial Term, the "Term") unless terminated by either party upon written notice to the other at least sixty (60) days before expiration of the then-current Initial Term or Renewal Term.

The MRC in each year of the Renewal Term will automatically increase by (a) ten percent (10%) over the MRC set forth in the Initial Term or applied in the preceding year of the previous Renewal Term, as applicable, AND (b) the percentage by which the consumer price index, as last reported by the Bureau of Labor Statistics of the United States Department of Labor, has increased beyond the consumer price index reported by the Bureau of Labor Statistics of the United States Department of Labor Statistics of the United preceding year.

Logicalis continually endeavors to improve the services it offers to its customers. Accordingly, during the Term, Logicalis reserves the right to modify the SOW-Specific Terms at any time for the purpose of improving the Services or delivery thereof (examples of such modifications include, but are not limited to, enhancement of existing or addition of new technological support).

Early Termination Fee. Customer may terminate this SOW for convenience at any time during the Initial Term upon a minimum of thirty (30) days' prior written notice to Logicalis. Such termination will not become effective until Customer has paid (a) any outstanding invoices still owed, (b) an early termination fee equal to the undepreciated value of any implemented client specific dedicated infrastructure, and (c) an early termination fee equal to twenty-five percent (25%) of the Monthly Recurring Fees for the remaining line items for the remaining months (including partial months) in the Initial Term. In addition, Customer shall not be refunded for any portion of set-up/implementation services fees hereunder. For purposes of computing the Early Termination Fee the "Monthly Recurring Fee" means the monthly recurring fees paid or owed by Customer for the full month immediately preceding the termination or seventy-

five percent (75%) of the monthly recurring fees on the Commencement Date, whichever amount is greater

Logicalis Hardware. Any equipment (including but not limited to VPN router, universal hub appliance, etc.) provided to Customer from Logicalis as part of the Cloud Services and/or Managed Services remains the property of Logicalis. Unreturned equipment will be charged back to Customer at the then-current Manufacturer's Suggested Retail Price (MSRP) if it is not returned to Logicalis within thirty (30) days from the date of termination.

3.6. Managed Services Terms and Conditions

This Statement of Work ("SOW") is made and entered into pursuant and subject to the terms of the Master Solutions Agreement between DuPage County Circuit Clerk and Logicalis, dated December 5, 2012, and are incorporated herein by reference. All items not specifically detailed in this SOW are considered out of scope. All capitalized terms in this SOW shall have the same meaning as defined in the Agreement, unless otherwise specifically defined in this SOW.

Any time required over 8 hours annually, will be charged at the Time and Materials rate(s) noted in the SOW.

3.7.4. Monitored Service Level Objectives

Service Levels

The service levels outlined in Table 3 below are applied per device and are intended to be selected according to device importance/impact on the Customer's business. A service offering description in this Attachment provides additional details by device to Table 3 below.

Table 3: Service Level Summary

Service Item	Device Service Level		
Service item	Monitoring		
Device Polling	\checkmark		
Event Detection	\checkmark		

Service Level Notes:

Monitoring Services leverages Logicalis' best practice monitoring tools and service descriptions and extends them either to Logicalis' ticketing system or directly into Customer's own ticketing system. Alarms generated, per each applicable service description are sent to the defined ticketing system. Logicalis sends the following information to the ticketing system instance:

- Category
- Urgency (1-5)
- Comments (full alarm message)
- Short Description (of alarm)
- Configuration Item (short name of the CI [i.e., the monitored name])
- Company
- Correlation ID (the unique monitoring ID for the message)

Unless explicitly provided by Logicalis, the Customer will be responsible for mapping these fields into their ticketing system and auto-creating incidents from the alarm information. Two-way traffic is built into Logicalis' service to provide intelligent communication between tickets and alarms i.e. for clearing alarms if cases are resolved, etc.

Requirements:

Customer shall pay setup fees for integration work between Logicalis' monitoring API and Customer's ticketing system. Customer shall also provide knowledgeable resources to assist with this integration. Onsite HUB hardware will be priced into this solution and shall be set up onsite by the customer at their location. Logicalis will require administrative system access to any monitored device. Logicalis will have sole responsibility to setup probes, change configurations, troubleshoot probes, and remove devices. An additional 50% upcharge to MRC will be applied to any device where Logicalis does not have proper access.

Changes:

After the initial burn-in period any device changes will be charged at the price(s) noted in the Incremental Pricing Categories section. These changes are requested via the Logicalis ServiceNow Ticketing System instance. Requests to support technologies outside of Logicalis Service Portfolio are performed on a Time and Materials basis as defined in the Time and Materials Rates, Travel Expenses section.

Reporting:

A URL, username, and password will be provided to allow Customer access into the monitoring reporting.

Disaster Recovery:

Logicalis has full redundancy in its monitoring infrastructure. Customer has the option, at an additional charge, of an additional on-premises hub that operates in an active/passive manner.

3.7.5. Managed Service Level Agreements

Incident Priorities

Incident priority is determined by Table 4 below. For example, a High Urgency event on a High Impact device is a Priority 1 Incident, whereas a Medium Urgency event on a Medium Impact device is a Priority 3 Incident.

Table 4: Incident Priority Matrix

	Device Impact				
Event URGENCY	High	Medium	Low		
High	Priority 1	Priority 2	Priority 3		
Medium	Priority 2	Priority 3	Priority 4		
Low	Priority 3	Priority 4	Priority 5		

Incident Priority Notes:

Event Urgency is determined by either:

- **System Alarm Events** The Urgency is automatically classified as High, Medium, or Low based on the severity of the alarm event.
- Service Call Events Event urgency is determined by the situation described by the caller.

Table 5: Target Resolution Times for Managed Devices by Priority

	Incident		
Priority	Email Notification	TRT*	Phone Call (24x7)
Priority 1	15 min	4 hr	15 min
Priority 2	15 min	8 hr	N/A
Priority 3	Upon Request**	16 hr	N/A
Priority 4	Upon Request**	32 hr	N/A
Priority 5	Upon Request**	48 hr	N/A

* TRT = Target Resolution Time (for High, Medium, and Low service levels). Failure to meet a TRT does not constitute a breach of contract. Resolution for Monitored contracts may be performed on a T&M basis.

** Customer may request to receive these email notifications.

SLA Penalties and Refunds

If any Target Resolution Times (TRT) from Table 5 is not met the following SLA penalties as calculated below shall apply:

Table 6: Service Level Penalties

Incident Priority	Penalty %	
Priority 1 (P1)	50%	
Priority 2 (P2)	40%	
Priority 3 (P3)	30%	
Priority 4 (P4)	20%	
Priority 5 (P5)	10%	

Penalty Payments are calculated as follows:

E (Exceeded Hours) x P (Penalty %) x V (CI Value) = Penalty paid per Incident incurring a missed TRT

Where:

- E = **Exceeded Hours** The total number of incident resolution elapsed hours beyond the Target Resolution Time. This is for "Closed" incidents in the given month and excludes pause conditions, i.e., waiting on vendor, waiting on Customer or other causes beyond the reasonable control of Logicalis. Example: A P1 incident has 4 TRT hours, if the valid elapsed time = 5.5 hours, Exceeded Hours = 1.5 hours.
- P = **Penalty %** This is derived from Table 6 above. Each incident has a priority and each priority has a related Penalty %.
- V = **CI Value** This is the MRC for the device / Configuration Item ("CI") associated with the incident that missed the TRT. For Optimal Threat Platform and Optimal Threat Insight ("Threat Response") the CI Value is one-fifth (1/5) the Optimal Threat Service MRC. For purposes of computing CI Value, "MRC" means the MRC paid or owed by Customer for the full month immediately preceding the incident.

Penalty Notes:

- Penalties only apply to Cl's covered by Managed (High, Medium, and Low) service levels.
- Monitored Only devices have no SLA.
- The penalty paid per incident is limited to the monthly value of the CI (i.e., the value of the amount the Customer pays Logicalis for the service associated with the CI each month), but in no event will the CI penalty or penalties, in the aggregate, exceed the MRC paid for the month giving rise to the incident(s).
- Penalties will be calculated monthly and paid quarterly as a credit issued on Customer's account.
- A missed SLA will not be considered a penalty if the missed SLA is caused by reasons beyond the reasonable control of Logicalis. In this situation, the incident will be flagged with "Invalid Missed SLA" and will not be counted toward a penalty payment.

• All Customer terms in this SOW must be met for an incident to be counted toward a penalty calculation. For example, if a service offering is disabled due to customer changes in the environment. Any device with an associated term out of compliance with this SOW will be excluded from any penalty payments.

SLA and Incident Handling Notes:

- Related Incidents will be handled by using a Parent/Child Incident. Multiple Child Incidents will be associated with a Parent Incident to link them. The Child Incidents will be closed when the Parent Incident is closed.
- Incidents related to system or service availability are considered resolved, and the TRT achieved, when the service is restored even if in a workaround state. Related problems will however continue to be addressed toward resolution.
- "Notification" referred to in Table 5 is delivered in the form of an automatic system generated message.
- In addition to the automatic notification message, for Managed devices, Priority 1 issues will receive a phone call within 15 minutes of the Incident being logged. Customer is responsible for maintaining correct escalation and contact information.
- SLA Timers are paused when the Incident is beyond the reasonable control of Logicalis (e.g., when awaiting vendor or Customer response).
- SLA Timers are paused when Incidents require a Change to be executed. The timers will pause from the initiation of the Change Request to the Completion or Cancellation of the Change Process.
- If Logicalis does not manage or monitor a device(s) that is preventing its ability to detect necessary events, then the situation is considered outside of Logicalis' control.
- Logicalis reserves the right to adjust ticket priority levels based on urgency and impact information gathered throughout the ticket life-cycle. For example, if initial information provided by the caller is discovered to be inaccurate.

The penalties and/or credits provided under this Attachment are Customer's sole and exclusive remedy with respect to any failure by Logicalis to meet the availability standard described herein.

3.7.6. Setup Roles & Responsibilities and Assumptions

A. Customer Roles and Responsibilities

- 1. Complete on boarding information for Customer that includes contact information (telephone, cell phone, pager, e-mail) for those staff involved in the management of Logicalis Service Delivery.
- 2. For Managed Services, specify Notification, Alert, and Escalation contacts for priority and device types. Customer needs to document who will be notified and how notification will be received (Customer may specify single or multiple notifications and also specify an escalation path).
- 3. Provide a Customer point of contact for approval and authorization of service requests to Logicalis.
- 4. Complete Logicalis' user information requests so that applicable Portal Licenses can be enabled.
- 5. Participate in meetings to understand processes for assignment, escalation, change enablement, and status communication.
- 6. For Managed Services, modify Self-Service user account information as required.
- 7. Provide a distribution list, during the integration phase, within Customer's email service for alarm notifications.
- 8. Ensure that Logicalis is kept up to date with changes to distribution list alarm notifications.
- For Managed Services, assign and make available a contact person with the authority to make decisions regarding alternative solutions and resolution verification recommended by Logicalis. Logicalis may, without penalty, pause SLA timers if the Customer contact is not available for necessary information or decisions.
- 10. Install, setup and configure of all hardware (i.e., servers, routers, switches, firewalls, data collectors, etc.) and software (i.e., applications, databases, operation systems, etc.).
- 11. Customer acknowledges that during the performance of services, Customer may be asked to download software as part of such services. In downloading or receiving of such software, Customer affirms that it has received the software from Logicalis for use in its internal systems only and will use the software internally according to the instructions set forth by Logicalis.
- 12. Provide all IP information and host name and serial numbers where applicable for all relevant Configuration Items.
- 13. Configure devices to report SNMP traps unless otherwise noted in this SOW.
- 14. Work with Logicalis' engineers to tune alarm thresholds where necessary.
- 15. Enable event forwarding to Logicalis' management systems, i.e., Customer will open all Logicalis required ports to enable monitoring and management.
- 16. Complete Logicalis Configuration requests detailing Customer's technical environment.
- 17. Follow vendor's device recommendations for all devices that are not hosted by Logicalis for example cooling / room temperature.
- 18. Either use a Logicalis-supplied VPN endpoint (preferred) or provide Logicalis access to ping Customer's external interface of their VPN endpoint. This is important in determining the root cause of alarms. In either case, the VPN is required to be a persistent LAN-to-LAN connection.

- 19. For Managed Services, implement recommendations of Logicalis. Logicalis will always make a best effort to look out for the best interests of the Customer but Logicalis is not responsible for Customer requests that do not follow best practices, Customer requests that lead to poor account integrity, or Customer's non execution of Logicalis recommendations.
- 20. For Managed Services, Logicalis provides ticketing system functionality to ensure Disaster Recovery (D/R) service fail-over functionality between devices in the ticketing system. Customer is required to identify production/primary devices and fail-over devices. In the event a production server fails and a D/R server is activated as the primary server, Customer may call Logicalis and request that the specific server be moved to "D/R Active" status. Logicalis will ensure the production server is in failed mode and will then activate the "D/R Active" status on the D/R server. The "D/R Active" status will ensure that all incidents and problems are handled with the same priority they would be for the equivalent production server. Customer will be responsible (as part of its D/R procedures) for calling to activate and de-activate the D/R status. Customer will also be responsible for identifying D/R & Production device relationships during the on boarding process and ensuring that Logicalis receives timely updates when changes to the D/R device relationships are made.
- 21. Work with Logicalis to determine the severity, course of action, and remote assistance for incident resolution.
- 22. Where necessary, provide site resources to work with hardware vendor service personnel requiring on site access.
- 23. For Managed Services, provide required access and information to perform relevant management tasks per this SOW. SLA timers are paused while waiting for Customer or vendor.
- 24. Follow Logicalis' recommendations to resolve identified environmental or resource issues which are currently or can potentially cause future problems.
- 25. Provide access to vendor ticketing system where required.
- 26. A monitoring hub is required at each Customer network-isolated data center. Logicalis requires full administrative access to this device in Customer's environment. In the event Customer refuses to provide full administrative access to this device, additional Time and Materials charges will apply for any activities requiring coordination with Customer's administrators. The Customer can choose Logicalis-provided devices, or import Logicalis' preconfigured Linux monitoring VM into Customer's VMware environment. Customer can choose redundant hubs, or a single hub depending on the urgency of the environment. Requirements for monitoring hubs are as follows:

B. Logicalis Roles and Responsibilities

- 1. Reports, Dashboards and Portal Setup.
- 2. Configure Service Offering Reports as detailed in each Service Offering Attachment.
- 3. Participation in meetings to discuss processes for assignment, escalation, change enablement, and status communication.

- Connectivity Setup on Logicalis' Network including IP addressing information, VPN Connectivity, testing, and documentation of networking support contacts at Customer.
- 5. Agent, SPI or Probe Installation and Configuration.
- 6. For Managed Services, review of (Customer completed) Configuration Item information that includes each item to be supported, support identifiers, IP addresses, IDs passwords, support contract IDs and contact information, and configuration documentation.

C. Assumptions

- 1. Software applications and services not specifically listed in this SOW are excluded.
- 2. Client side network connectivity including VPN setup and configuration is the responsibility of the Customer unless Logicalis is specifically contracted for this work.
- 3. Customer's responsibilities for timely and proper completion of the transition and integration project will be discussed and agreed upon prior to project initiation. In order to ensure timely and proper completion of the transition and integration project and unless otherwise mutually agreed, Customer will be provided a 5-day turnaround time for required integration data. Logicalis will follow up, by phone or email, after the 5-day period to attempt to gather outstanding data. If Logicalis does not receive the data within the time period above, Logicalis will send a consultant to Customer's site, at standard T&M and travel rates, to gather the outstanding integration data.
- 4. Logicalis will perform maintenance on its infrastructure at such times as it deems appropriate and in such a manner so as to maintain compliance with all other provisions of this SOW. Customers will be provided advance notice of any maintenance expected to create an outage.
- 5. All equipment is housed on Customer's premises unless stated otherwise in this SOW.
- 6. Logicalis provides remote monitoring or management services for IT Configuration Items owned by Customer. Customer owns and will continue to own all software and hardware being monitored or managed.
- 7. Connectivity between the Logicalis Operations Center and Customer facility will be via a VPN Connection.
- 8. Logicalis reserves the right to limit performance metrics in the event the primary connectivity fails and Customer has not established backup network connectivity.
- 9. All Customer WAN devices will be available for instrumentation and monitoring via one Customer site router, unless otherwise noted. Customer must maintain on-site support if it does not have qualified staff for hardware replacement.
- 10. Customer will be directly responsible for all vendor hardware and software maintenance contracts.
- 11. For Managed Services, Customer will grant Logicalis employees access to support contracts and vendor information to grant Logicalis the ability to place support calls on behalf of Customer.

- 12. Customer servers under Managed Services require remote console access such as KVM, Console cards, or RILO cards to establish remote communications. These devices must be purchased by Customer.
- 13. Instrumentation tools, as well as monitoring agents, probes and smart plug-ins (SPIs) placed on Customer systems are, and will be, owned by Logicalis unless otherwise noted in this SOW.
- 14. Any hardware or software deployment is the responsibility of Customer, unless specifically stated herein and agreed upon by both parties.
- 15. Service pricing is based on a fully-deployed, functional, tested, and production-ready environment available at contract commencement. All parts of Customer's systems are subject to operational review. Logicalis reserves the right to adjust the pricing based on information found during due diligence or integration.
- 16. Only vendor supported hardware and software (at the time of the incident) are covered by this SOW. Customer is required to maintain a valid hardware support contract for each device for the duration of this SOW. Hardware external to the managed / monitored device enclosure is excluded from the Service Level Agreement. Software applications not specifically listed in the Service Level Agreement are excluded.
- 17. Host names or IP Addresses changed without notification to Logicalis will result in temporary discontinued monitoring/management and will require a T&M effort to reconfigure.

Josh Pfau Public Sector District Sales Manager SHI International Corporation Josh_Pfau@shi.com

Dear Mr. Pfau,

I am writing to provide a letter of intent with regard to the proposed transaction between the County of DuPage and Zendesk. We appreciate the time and the energy you and your team have afforded us in discussing this opportunity. In order to obtain the preferred pricing you discussed with CIO Anthony McPhearson, please let this letter serve to announce our intention to proceed with an approval of a purchase order by the DuPage County Board in January of 2024. While I do not have the authority to act unilaterally on behalf of the County, I am informing you that the County Board will be considering that purchase order in its first meeting in January of 2024.

In order to secure the pricing you discussed with CIO Anthony McPhearson, I am requesting SHI to place an order with **Zendesk** based on a commitment that SHI will receive a valid Purchase Order no later than 2/15/2024. In the event that the DuPage County Board does not appropriate funds and approve the purchase order, it is my understanding that this commitment will be cancelled at no financial cost to the County of DuPage.

I understand the terms and obligations to pay the amounts set forth in SHI Quote 24217166 and payment terms are detailed below as well as in the quotes supplied to me. SHI and Zendesk have included non-appropriation provisions to address the potential denial of the purchase order by the DuPage County Board, which will result in a cancellation of the order referenced above at no financial cost to the County of DuPage.

I understand that the SHI's ("Reseller") financial obligations under this Service Order are contingent upon sufficient appropriations and authorization being made by the County of DuPage ("Subscriber") for the performance of its agreement with Reseller. The Subscriber's decision as to whether sufficient appropriations are available shall be accepted by Reseller and Zendesk and shall be final.

DEBORAH A. CONROY County Board Chair

630-407-6060 chair@dupagecounty.gov

I understand that the payment terms we discussed are summarized as follows:

Payment 1 - \$165,130.47 will be invoiced within standard payment terms

Payment 2 - \$194,728.90 will be invoiced on 12/1/2024

Payment 3 - \$209,872.90 will be invoiced on 12/1/2025

This letter's intent is to reassure you that I intend to bring these terms for approval at the first county board meeting of January of 2024, in order to take advantage of the significant price savings mentioned above. This letter is not a binding contract and only serves to memorialize the discussions of the parties to the proposed contract, specifically SHI, Zendesk, and the County of DuPage and to reassure you that as the DuPage County Board Chair, I intend to bring this matter forward for consideration by the DuPage County Board at the earliest opportunity.

- The Proposer is submitting its proposal under its true and correct name, the Proposer has been properly originated and legally exists in good standing in its state of residence, the Proposer possesses, or will possess before delivering any products and related services, all applicable licenses necessary for such delivery to Sourcewell member agencies. The undersigned affirms that he or she is authorized to act on behalf of, and to legally bind the Proposer to the terms in this Contract.
- 2. The Proposer, or any person representing the Proposer, has not directly or indirectly entered into any agreement or arrangement with any other vendor or supplier, any official or employee of Sourcewell, or any person, firm, or corporation under contract with Sourcewell, in an effort to influence the pricing, terms, or conditions relating to this RFP in any way that adversely affects the free and open competition for a Contract award under this RFP.
- The contents of the Proposer's proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or agent of the Proposer and will not be communicated to any such persons prior to the official opening of the proposals.
- 4. The Proposer has examined and understands the terms, conditions, scope, contract opportunity, specifications request, and other documents in this solicitation and affirms that any and all exceptions have been noted and included with the Proposer's Proposal.

Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
- 7. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
- 8. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify Sourcewell for reasonable measures that Sourcewell takes to uphold such a data designation.

By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. STRATEGIC IMPACT	Select an item from the following dropdown menu of County's strategic priorities that this action will most impact. FINANCIAL PLANNING	
SOURCE SELECTION	Describe method used to select source. The DOT only selects firms that are pre-qualified in accordance with IDOT guidelines. Requests for Statements of Interest were sent to firms throughout the industry and responses were received from 2 firms qualified to perform this work. The DOT reviewed each submittal with specific attention to their understanding of the project, experience of staff to be assigned to the project, relevant past work, overview of video tool, that will be used by the DOT, and their experience with coordinating with outside entities. Based on a comprehensive review of the submittals, the DOT determined that the project team assembled by Parsons Transportation Group, Inc. is qualified and has the staff available to perform the work on behalf of the County.	
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Award a contract to Parsons Transportation Group, Inc. This is the recommended option. 2. Contract with another firm. Not recommended due to staff's determination that Parsons Transportation Group, Inc. is the most qualified. 3. Do not award a contract. Not recommended as the DOT does not possess the staff resources to perform this work and must contract for these services.

These records must be maintained on a current basis and balanced at least quarterly. Cash contributions to the Program from third parties must be accounted for in the general ledger with other Grant Funds. The reports must be signed by the employee, approved by the appropriate official, and coincide with a pay period. These time records must be used to record the distribution of salary costs to the appropriate accounts no less frequently than quarterly.

Grantee's failure to comply with ARTICLE X, ARTICLE XI, or ARTICLE XVII will be considered prima facie evidence of a breach and may be admitted as such, without further proof, into evidence in an administrative proceeding before Grantor, or in any other legal proceeding. 15.4. <u>Effect of Failure to Provide Notice</u>. Failure to provide the notice described in this ARTICLE is grounds for termination of this Agreement and any costs incurred after the date notice should have been given may be disallowed.

ARTICLE XVI STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP

16.1. Effect of Reorganization. This Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. Grantor does not agree to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee must give Grantor prior notice of any such action or changes significantly affecting its overall structure or, for non-governmental grantees only, management makeup (for example, a merger or a corporate restructuring), and must provide all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. Grantor reserves the right to terminate the Agreement based on whether the newly organized entity is able to carry out the requirements of the Award. Notwithstanding anything to the contrary contained in this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. Grantee must properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer's guidelines, federal and state laws or rules, and Grantor requirements stated herein.

18.5. <u>Domestic Preferences for Procurements</u>. In accordance with 2 CFR 200.322, as appropriate and to the extent consistent with law, Grantee must, to the greatest extent practicable under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this Paragraph must be included in all subawards and in all contracts and purchase orders for work or products under this Award.

ARTICLE XIX PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

PROJECT DESCRIPTION

Scope of Work

DuPage County desires to perform a comprehensive assessment of trail and path usage across its system. It is important for the County to understand usage, modes of travel, access and egress to the path system and to assess the number of people crossing arterials and to program safety improvements.

The County will assess the accessibility and use of the trail and path systems throughout the county and especially in communities of color and disadvantaged areas.

The County is proposing to perform as many as 50 counts at key locations on the Illinois Prairie Path, Great Western Trail, Southern DuPage Regional Trail and various intersecting trails where no information is currently available on usage.

The program will utilize consulting and county staff to place video equipment at junctions and midblock locations. Video will be taken over multiple days and weeks and ranges of usage will be produced. The video will be retrieved and processed by the consultant.

The outcome of the process will be location and mode-based usage reports. The County will utilize the data to assess risk and safety countermeasures at high volume non-motorized crossings. The data will be posted to a geographic information system web map for use by the County, peer agencies and the public.

Ethics.

A. Code of Conduct

1. Personal Conflict of Interest - The Grantee shall maintain a written code or standard of conduct which shall govern the performance of its employees, officers, board members, or agents engaged in the award and administration of contracts supported by state or federal funds. Such code shall provide that no employee, officer, board member or agent of the Grantee may participate in the selection, award, or administration of a contract supported by state or federal funds if a conflict of interest, real or apparent would be involved. Such a conflict would arise when any of the parties set forth below has a financial or other interest in the firm selected for award:

a. the employee, officer, board member, or agent;

- b. any member of his or her immediate family;

Dispute Resolution. In the event of a dispute in the interpretation of the provisions of this Agreement, such dispute shall be settled through negotiations between the Grantor and the Grantee. In the event that agreement is not consummated at this negotiation level, the dispute will then be referred through proper administrative channels for a decision and ultimately, if necessary, to the Secretary of the Illinois Department of Transportation. The Grantee assures that it will comply with all applicable federal statues, regulations, executive orders, U.S. DOT regulations and other federal requirements in carrying out any project supported by federal funds. Nondiscrimination Assurance. As required by 49 U.S.C. 5332 (which prohibits discrimination on the basis of race, color, creed, national origin, sex, or age, and prohibits discrimination in employment or business opportunity), Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d, and U.S. DOT regulations, "Nondiscrimination in Federally- Assisted Programs of the Department of Transportation--Effectuation of Title VI of the Civil Rights Act," 49 CFR Part 21 at 21.7, the Grantee assures that it will comply with all requirements of 49 CFR Part 21, and other applicable directives, so that no person in the United States, on the basis of race, color, national origin, creed, sex, or age will be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination in any program or activity (particularly in the level and quality of transportation services and transportation-related benefits) for which the Grantee receives federal assistance.

Specifically, during the period in which federal assistance is extended to the project, or project property is used for a purpose for which the federal assistance is extended or for another purpose involving the provision of similar services or benefits, or as long as the Grantee retains ownership or possession of the project property, whichever is longer, the

Grantee assures that:

1. Each project will be conducted, property acquisitions will be undertaken, and project facilities will be operated in accordance with all applicable requirements of 49 U.S.C. 5332 and 49 CFR Part 21, and understands that this assurance extends to its entire facility and to facilities operated in connection with the project.

It will include in each subagreement, property transfer agreement, third party contract, third party subcontract, or participation agreement adequate provisions to extend the requirements of 49 U.S.C. 5332 and 49 CFR Part 21 to other parties involved therein including any subrecipient, transferee, third party contractor, third party subcontractor at any level, successor in interest, or any other participant in the project.

4. Should it transfer real property, structures, or improvements financed with federal assistance to another party, any deeds and instruments recording the transfer of that property shall contain a covenant running with the land assuring nondiscrimination for the period during which the property is used for a purpose for which the federal assistance is extended or for another purpose involving the provision of similar services or benefits.

5. The United States has a right to seek judicial enforcement with regard to any matter arising under the Act, regulations, and this assurance.

6. It will make any changes in its 49 U.S.C. 5332 and Title VI implementing procedures as U.S. DOT may request.

The inability of the Grantee to certify to the certification in this section will not necessarily result in denial of participation in this Agreement. The Grantee shall submit an explanation of why it cannot provide the certification in this section. This certification is a material representation of fact upon which reliance was placed when the Grantor determined whether to enter into this transaction. If it is later determined that the Grantee knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Grantor may terminate this Agreement for cause.

The Grantee shall provide immediate written notice to the Grantor if at any time the Grantee learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this Part shall have the meaning set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.

The Grantee agrees that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized, in writing, by the Grantor. The Grantee agrees that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the Grantor, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions. The Grantee may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless the Grantee knows the certification is erroneous. The Grantee may decide the method and frequency by which it determines the eligibility of its principals. The Grantee may, but is not required to, check the Non-procurement List. If the Grantee knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation, in addition to other remedies available to the federal government, the Grantor may terminate this Agreement for cause or default.

Nothing contained in this section shall be construed to require establishment of a system of records in order to render in good faith the certification required by this section. The knowledge and information of the Grantee is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

State of Illinois GRANT AGREEMENT FISCAL YEAR 2024 Page 10 of 45 (d) A grantee who does not have a current negotiated rate, may elect to charge a de minimis rate of 10% of Modified Total Direct Cost which may be used indefinitely. No documentation is required to justify the 10% de minimis Indirect Cost Rate. 2 CFR 200.414(f).

7.3. <u>Transfer of Costs</u>. Cost transfers between Grants, whether as a means to compensate for cost overruns or for other reasons, are unallowable. 2 CFR 200.451.

7.4. <u>Commercial Organization Cost Principles</u>. The federal cost principles and procedures for cost analysis and the determination, negotiation and allowance of costs that apply to commercial organizations are set forth in 48 CFR Part 31.

7.5. <u>Financial Management Standards</u>. The financial management systems of Grantee must meet the following standards:

(a) Accounting System. Grantee organizations must have an accounting system that provides accurate, current, and complete disclosure of all financial transactions related to each state- and federally-funded Program. Accounting records must contain information pertaining to State and federal pass-through awards, authorizations, Obligations, unobligated balances, assets, outlays, and income. These records must be maintained on a current basis and balanced at least quarterly. Cash contributions to the Program from third parties must be accounted for in the general ledger with other Grant Funds. Third party in-kind (non-cash) contributions are not required to be recorded in the general ledger, but must be under accounting control, possibly through the use of a memorandum ledger. To comply with 2 CFR 200.305(b)(7)(i) and 30 ILCS 708/97, Grantee must use reasonable efforts to ensure that funding streams are delineated within Grantee's accounting system. 2 CFR 200.302.

(b) **Source Documentation**. Accounting records must be supported by such source documentation as canceled checks, bank statements, invoices, paid bills, donor letters, time and attendance records, activity reports, travel reports, contractual and consultant agreements, and subaward documentation. All supporting documentation must be clearly identified with the Award and general ledger accounts which are to be charged or credited.

(i) The documentation standards for salary charges to Grants are prescribed by 2 CFR 200.430, and in the cost principles applicable to the Grantee's organization.

(ii) If records do not meet the standards in 2 CFR 200.430, then Grantor may notify Grantee in <u>PART TWO</u>, <u>PART THREE</u> or <u>Exhibit E</u> of the requirement to submit personnel activity reports. 2 CFR 200.430(i)(8). Personnel activity reports must account on an after-the-fact basis for one hundred percent (100%) of the employee's actual time, separately indicating the time spent on the Award, other grants or projects, vacation or sick leave, and administrative time, if applicable. The reports must be signed by the employee, approved by the appropriate official, and coincide with a pay period. These time records must be used to record the distribution of salary costs to the appropriate accounts no less frequently than quarterly.

(iii) Formal agreements with independent contractors, such as consultants, must include a description of the services to be performed, the period of performance, the fee and method of payment, an itemization of travel and other costs which are chargeable to the agreement, and the signatures of both the contractor and an appropriate official of Grantee.

(iv) If third party in-kind (non-cash) contributions are used for Award purposes, the valuation of these contributions must be supported with adequate documentation.

(c) Internal Control. Grantee must maintain effective control and accountability for all cash, real and personal property, and other assets. Grantee must adequately safeguard all such property and must provide assurance that it is used solely for authorized purposes. Grantee must also have systems in place that provide reasonable assurance that the information is accurate, allowable, and compliant with the terms and conditions of this Agreement. 2 CFR 200.303.

State of Illinois GRANT AGREEMENT FISCAL YEAR 2024 Page 11 of 45 (d) **Budget Control**. Grantee must maintain records of expenditures for each Award by the cost categories of the approved Budget (including Indirect Costs that are charged to the Award), and actual expenditures are to be compared with budgeted amounts at least quarterly.

(e) **Cash Management.** Requests for advance payment must be limited to Grantee's immediate cash needs. Grantee must have written procedures to minimize the time elapsing between the receipt and the disbursement of Grant Funds to avoid having excess funds on hand. 2 CFR 200.305.

7.6. <u>Profits</u>. It is not permitted for any person or entity to earn a Profit from an Award. See, e.g., 2 CFR 200.400(g); see also 30 ILCS 708/60(a)(7).

ARTICLE VIII LOBBYING

8.1. <u>Improper Influence</u>. Grantee certifies that it will not use and has not used Grant Funds to influence or attempt to influence an officer or employee of any government agency or a member or employee of the State or federal legislature in connection with the awarding of any agreement, the making of any grant, the making of any loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment or modification of any agreement, grant, loan or cooperative agreement. Additionally, Grantee certifies that it has filed the required certification under the Byrd Anti-Lobbying Amendment (31 USC 1352), if applicable.

8.2. <u>Federal Form LLL</u>. If any federal funds, other than federally-appropriated funds, were paid or will be paid to any person for influencing or attempting to influence any of the above persons in connection with this Agreement, the undersigned must also complete and submit Federal Form LLL, Disclosure of Lobbying Activities Form, in accordance with its instructions.

8.3. <u>Lobbying Costs</u>. Grantee certifies that it is in compliance with the restrictions on lobbying set forth in 2 CFR 200.450. 8.4. <u>Procurement Lobbying</u>. Grantee warrants and certifies that it and, to the best of its knowledge, its subrecipients have complied and will comply with Illinois Executive Order No. 1 (2007) (EO 1-2007). EO 1-2007 generally prohibits grantees and subcontractors from hiring the then-serving Governor's family members to lobby procurement activities of the State, or any other unit of government in Illinois including local governments, if that procurement may result in a contract valued at over \$25,000. This prohibition also applies to hiring for that same purpose any former State employee who had procurement authority at any time during the one-year period preceding the procurement lobbying activity.

8.5. <u>Subawards</u>. Grantee must include the language of this ARTICLE in the award documents for any subawards made pursuant to this Award at all tiers. All subrecipients are also subject to certification and disclosure. Pursuant to Appendix II(I) to 2 CFR Part 200, Grantee must forward all disclosures by contractors regarding this certification to Grantor.

8.6. <u>Certification</u>. This certification is a material representation of fact upon which reliance was placed to enter into this transaction and is a prerequisite for this transaction, pursuant to 31 USC 1352. Any person who fails to file the required certifications will be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

9.4. <u>Monitoring and Access to Information</u>. Grantee must monitor its activities to assure compliance with applicable state and federal requirements and to assure its performance expectations are being achieved. Failure to comply with the reporting requirements in this Agreement may cause a delay or suspension of funding or require the return of improper payments or Unallowable Costs, and will be considered a material breach of this Agreement. Grantee's failure to comply with ARTICLE X, ARTICLE XI, or ARTICLE XVII will be considered prima facie evidence of a breach and may be admitted as such, without further proof, into evidence in an administrative proceeding before Grantor, or in any other legal proceeding. State of Illinois GRANT AGREEMENT FISCAL YEAR 2024 Page 16 of 45 suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional Obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

13.3. <u>Non-compliance</u>. If Grantee fails to comply with the U.S. Constitution, applicable statutes, regulations or the terms and conditions of this or any Award, Grantor may impose additional conditions on Grantee, as described in 2 CFR 200.208. 16.1. Effect of Reorganization. This Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. Grantor does not agree to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. ARTICLE XVIII EQUIPMENT OR PROPERTY

18.1. <u>Purchase of Equipment</u>. For any equipment purchased in whole or in part with Grant Funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439, the costs for such equipment will be disallowed. 18.2. <u>Prohibition against Disposition/Encumbrance</u>. Any equipment, material, or real property that Grantee purchases or improves with Grant Funds must not be sold, transferred, encumbered (other than original financing) or otherwise disposed of during the Award Term without Prior Approval of Grantor unless a longer period is required in <u>PART TWO</u> or <u>PART THREE</u> and permitted by 2 CFR Part 200 Subpart D. 22.7. <u>Applicable Law; Claims</u>. This Agreement and all subsequent amendments thereto, if any, are governed and construed in accordance with the laws of the State of Illinois. Any claim against Grantor arising out of this Agreement must be filed exclusively with the Illinois Court of Claims. 705 ILCS 505/1 et seq. PART TWO -- GRANTOR-SPECIFIC TERMS

In addition to the uniform requirements in **PART ONE**, Grantor has the following additional requirements for its Grantee:

ARTICLE XXIII AUTHORIZED SIGNATORY

23.1. <u>Authorized Signatory</u>. In processing this Award and related documentation, Grantor will only accept materials signed by the Authorized Signatory or Designee of this Agreement, as designated or prescribed in the Grantee's signature block or on <u>Exhibit C</u>. If the Authorized Signatory chooses to assign a designee to sign or submit materials required by this Agreement to Grantor, the Authorized Signatory must either send written notice to Grantor indicating the name of the designee, or provide notice as set forth in <u>Exhibit C</u>. Without this notice, Grantor will reject any materials signed or submitted on the Grantee's behalf by anyone other than the Authorized Signatory. The Authorized Signatory must approve each Authorized Designee separately by signing as indicated on <u>Exhibit C</u> or on the appropriate form provided by Grantor. If an Authorized Designee(s) appears on <u>Exhibit C</u>, the Grantee should verify the information and indicate any changes as necessary. Signatures of both the Authorized Signatory and the Authorized Designee are required in order for the Authorized Designee to have signature authority under this Agreement.

ARTICLE XXIV ADDITIONAL AUDIT PROVISIONS

24.1. <u>Discretionary Audit</u>. The Grantor may, at any time and in its sole discretion, require a programspecific audit, or other audit, SAS 115/AU-C265 letters (Auditor's Communication of Internal Control Related Matters) and SAS 114/AU-C260 letters (Auditor's Communication With Those Charged With Governance).

ARTICLE XXV ADDITIONAL MONTORING PROVISIONS

25.1. Access to Documentation. The Award will be monitored for compliance in accordance with the terms and conditions of this Agreement, together with appropriate programmatic rules, regulations, and/or guidelines that the Grantor promulgates or implements. The Grantee must permit any agent authorized by the Grantor, upon presentation of credentials, in accordance with all methods available by law, full access to and the right to examine any document, papers and records either in hard copy or electronic format, of the Grantee involving transactions relating to this Award.

25.2. <u>Cooperation with Audits and Inquiries, Confidentiality</u>. Pursuant to ARTICLE IX, above, the Grantee is obligated to cooperate with the Grantor and other legal authorities in any audit or inquiry related to the Award. The Grantor or any other governmental authority conducting an audit or inquiry may require the Grantee to keep confidential any audit or inquiry and to limit internal disclosure of the audit or inquiry to those Grantee personnel who are necessary to support the Grantee's response to the audit or inquiry. This confidentiality requirement does not limit Grantee's right to discuss an audit or inquiry with its legal counsel. If a third party seeks to require the Grantee, pursuant to any law, regulation, or legal process, to disclose an audit or inquiry that has been deemed confidential by the Grantor or other governmental authority, the Grantee must promptly notify the entity that is conducting the audit or inquiry of such effort so that the entity that is conducting the audit or inquiry may seek a protective order, take other appropriate action, or waive compliance by the Grantee with the confidentiality requirement.

ARTICLE XXVI ADDITIONAL INTEREST PROVISIONS

State of Illinois GRANT AGREEMENT FISCAL YEAR 2024 Page 30 of 45 26.1. Interest Earned on Grant Funds. Interest earned on Grant Funds in an amount up to \$500 per year may be retained by the Grantee for administrative expenses unless otherwise provided in **PART THREE**. Any additional interest earned on Grant Funds above \$500 per year must be returned to the Grantor pursuant to Paragraphs 4.3 and 29.2 herein, or as otherwise instructed by the Grant Manager or as set forth in **PART THREE**. All interest earned must be expended prior to Grant Funds. Any unspent Grant Funds or earned interest unspent must be returned as Grant Funds to the Grantor as described in Paragraphs 4.3 and 29.2 herein. All interest earned on Grant Funds to the Grantor as described in Paragraphs 4.3 and 29.2 herein. All interest earned on Grant Funds must be accounted for and reported to the Grantor as provided in ARTICLE X herein. If applicable, the Grantor will remit interest earned and returned by Grantee to the U.S. Department of Health and Human Services Payment Management System through the process set forth at 2 CFR 200.305(b)(9), or as otherwise directed by the federal awarding agency. The provisions of this Paragraph are inapplicable to the extent any statute, rule or program requirement provides for different treatment of interest income. Any provision that deviates from this paragraph is set forth in **PART THREE**.

ARTICLE XXVII ADDITIONAL BUDGET PROVISIONS

27.1. <u>Restrictions on Line Item Transfers</u>. Unless set forth otherwise in <u>PART THREE</u> herein, Budget line item transfers within the guidelines set forth in paragraph 6.2 herein, which would not ordinarily require approval from Grantor, but vary more than ten percent (10%) of the current approved Budget line item amount, are considered changes in the project scope and require Prior Approval from Grantor pursuant to 44 III. Admin. Code 7000.370(b).

ARTICLE XXVIII ADDITIONAL REPRESENTATIONS AND WARRANTIES

28.1. <u>Grantee Representations and Warranties</u>. In connection with the execution and delivery of this Agreement, the Grantee makes the following representations and warranties to Grantor:

(a) That it has no public or private interest, direct or indirect, and will not acquire, directly or indirectly any such interest which does or may conflict in any manner with the performance of the Grantee's services and obligations under this Agreement;

(b) That no member of any governing body or any officer, agent or employee of the State, has a personal financial or economic interest directly in this Agreement, or any compensation to be paid hereunder except as may be permitted by applicable statute, regulation or ordinance;

(c) That there is no action, suit or proceeding at law or in equity pending, nor to the best of Grantee's knowledge, threatened, against or affecting the Grantee, before any court or before any governmental or administrative agency, which will have a material adverse effect on the performance required by this Agreement;

(d) That to the best of the Grantee's knowledge and belief, the Grantee, its principals and key project personnel:

(i) Are not presently declared ineligible or voluntarily excluded from contracting with any federal or State department or agency;

(ii) Have not, within a three (3)-year period preceding this Agreement, been convicted of any felony; been convicted of a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; had a civil judgment rendered against them for commission of fraud; been found in violation of federal or state antitrust statutes; or been convicted of embezzlement, theft, larceny, forgery, bribery, falsification or destruction of records, making a false statement, or receiving stolen property;

State of Illinois GRANT AGREEMENT FISCAL YEAR 2024 Page 31 of 45 (iii) Are not presently indicted for, or otherwise criminally or civilly charged, by a government entity (federal, state or local) with commission of any of the offenses enumerated in subparagraph
 (ii) of this certification; and

(iv) Have not had, within a three (3)-year period preceding this Agreement, any judgment rendered in an administrative, civil or criminal matter against the Grantee, or any entity associated with its principals or key personnel, related to a grant issued by any federal or state agency or a local government.

Any request for an exception to the provisions of this subparagraph (d) must be made in writing, listing the name of the individual, home address, type of conviction and date of conviction; and

(e) Grantee certifies that it is not currently operating under, or subject to, any cease and desist order, or subject to any informal or formal regulatory action, and, to the best of Grantee's knowledge, that it is not currently the subject of any investigation by any state or federal regulatory, law enforcement or legal authority. Should it become the subject of an investigation by any state or federal regulatory, law enforcement or legal authority, Grantee shall promptly notify Grantor of any such investigation. Grantee acknowledges that should it later be subject to a cease and desist order, Memorandum of Understanding, or found in violation pursuant to any regulatory action or any court action or proceeding before any administrative agency, that Grantor is authorized to declare Grantee out of compliance with this Agreement and suspend or terminate the Agreement pursuant to ARTICLE XIII herein and any applicable rules.

ARTICLE XXIX

ADDITIONAL TERMINATION, SUSPENSION, BILLING SCHEDULE AND NON-COMPLIANCE PROVISIONS

29.1. <u>Remedies for Non-Compliance</u>. If Grantor suspends or terminates this Agreement pursuant to ARTICLE XIII herein, Grantor may also elect any additional remedy allowed by law, including, but not limited to, one or more of the following remedies:

(a) Direct the Grantee to refund some or all of the Grant Funds disbursed to it under this Agreement; and

(b) Direct the Grantee to remit an amount equivalent to the "Net Salvage Value" of all equipment or materials purchased with Grant Funds provided under this Agreement. For purposes of this Agreement, "Net Salvage Value" is defined as the amount realized, or that the Parties agree is likely to be realized from, the sale of equipment or materials purchased with Grant Funds provided under this Agreement at its current fair market value, less selling expenses.

29.2. <u>Grant Refunds</u>. In accordance with the Illinois Grant Funds Recovery Act, 30 ILCS 705/1 *et seq.*, the Grantee must, within forty-five (45) days of the effective date of a termination of this Agreement, refund to Grantor, any balance of Grant Funds not spent or not obligated as of that date.

29.3. <u>Grant Funds Recovery Procedures</u>. In the event that Grantor seeks to recover from Grantee Funds received pursuant to this Award that: (i) Grantee cannot demonstrate were properly spent, or (ii) have not been expended or legally obligated by the time of expiration or termination of this Award, the Parties agree to follow the procedures set forth in the Illinois Grant Funds Recovery Act, 30 ILCS 705/1 et seq. (GFRA), for the recovery of Grant Funds, including the informal and formal hearing requirements. All remedies available in Section 6 of the GFRA will apply to these proceedings. The Parties agree that Grantor's Administrative Hearing Rules (56 Ill. Admin. Code Part 2605) and/or any other applicable hearing rules shall govern these proceedings.

29.4. <u>Grantee Responsibility</u>. Grantee will be held responsible for the expenditure of all Grant Funds received through this Award, whether expended by Grantee or a subrecipient or contractor of Grantee. Grantor may

State of Illinois GRANT AGREEMENT FISCAL YEAR 2024 Page 32 of 45 seek any remedies against Grantee permitted pursuant to this Agreement and 2 CFR 200.339 for the action of a subrecipient or contractor of Grantee that is not in compliance with the applicable statutes, regulations or the terms and conditions of this Award.

29.5. <u>Billing Schedule</u>. In accordance with paragraph 4.8, herein Grantee must submit all payment requests to Grantor within thirty (30) days of the end of the quarter, unless another billing schedule is specified in **PART THREE** or Paragraph 2.3. Failure to submit such payment request timely will render the amounts billed an unallowable cost which Grantor cannot reimburse. In the event that Grantee is unable, for good cause, to submit its payment request timely, Grantee must timely notify Grantor and may request an extension of time to submit the payment request. Grantor's approval of Grantee's request for an extension cannot be unreasonably withheld. The payment requirements of this Paragraph supersede those set forth in Paragraph 4.8.

ARTICLE XXX ADDITIONAL MODIFICATION PROVISIONS

30.1. <u>Modifications by Operation of Law</u>. This Agreement is subject to such modifications as the Grantor determines, in its sole discretion, may be required by changes in federal or State law or regulations applicable to this Agreement. Grantor will initiate such modifications, and Grantee will be required to agree to the modification in writing as a condition of continuing the Award. Any such required modification will be incorporated into and become part of this Agreement as if fully set forth herein. The Grantor will timely notify the Grantee of any pending implementation of or proposed amendment to any laws or regulations of which it has notice.

30.2. Discretionary Modifications. If either the Grantor or the Grantee wishes to modify the terms of this Agreement other than as set forth in ARTICLES V and VI and Paragraphs 30.1 and 30.3, written notice of the proposed modification must be given to the other Party. Modifications will only take effect when agreed to in writing by both the Grantor and the Grantee. However, if the Grantor notifies the Grantee in writing of a proposed modification, and the Grantee fails to respond to that notification, in writing, within thirty (30) days, the Grantor may commence a process to suspend or terminate this Award. In making an objection to the proposed modification, the Grantee must specify the reasons for the objection and the Grantor will consider those objections when evaluating whether to follow through with the proposed modification. The Grantor's notice to the Grantee must contain the Grantee name, Agreement number, Amendment number and purpose of the revision. If the Grantee seeks any modification to the Agreement, the Grantee must submit a detailed narrative explaining why the Project cannot be completed in accordance with the terms of the Agreement and how the requested modification will ensure completion of the Grant Activities, Deliverables, Milestones and/or Performance Measures (Exhibits A, B and D).

30.3. <u>Unilateral Modifications</u>. The Parties agree that Grantor may, in its sole discretion, unilaterally modify this Agreement without prior approval of the Grantee when the modification is initiated by Grantor for the sole purpose of increasing the Grantee's funding allocation as additional funds become available for the Award during the program year covered by the Term of this Agreement.

30.4. <u>Management Waiver</u>. The Parties agree that the Grantor may issue a waiver of specific requirements of this Agreement after the term of the Agreement has expired. These waivers are limited to nonmaterial changes to specific provisions that the Grantor determines are necessary to place the Grantee in administrative compliance with the requirements of this Agreement. A management waiver issued after the Term of the Agreement has expired will supersede the original requirements of this Agreement that would normally require a modification of this Agreement to be executed. The Grantor will make no modifications of this Agreement not agreed to prior to the expiration of the Agreement beyond what is specifically set forth in this Paragraph.

30.5. <u>Term Extensions</u>. The Grantee acknowledges that all Grant Funds must be expended or legally obligated, and all Grant Activities, Deliverables, Milestones and Performance Measures (<u>Exhibits A</u>, <u>B</u> and <u>D</u>) must be completed during the Term of the Agreement. Extensions of the Term will be granted only for good cause, subject to the Grantor's discretion. Pursuant to the Grant Funds Recovery Act (30 ILCS 705/1 *et seq.*), no Award may be

Agreement No. 24-231028

extended in total beyond a two (2)-year period unless the Grant Funds are expended or legally obligated during that initial two-year period, or unless Grant Funds are disbursed for reimbursement of costs previously incurred by the Grantee. If Grantee requires an extension of the Award Term, Grantee should submit a written request to the Grant Manager at least sixty (60) days prior to the end of the Award Term or extended Award Term, as applicable, stating the reason for the extension. If Grantee provides reasonable extenuating circumstances, Grantee may request an extension of the Award Term with less than sixty (60) days remaining.

ARTICLE XXXI ADDITIONAL CONFLICT OF INTEREST PROVISIONS

31.1. <u>Bonus or Commission Prohibited</u>. The Grantee shall not pay any bonus or commission for the purpose of obtaining the Grant Funds awarded under this Agreement.

31.2. <u>Hiring State Employees Prohibited</u>. No State officer or employee may be hired to perform services under this Agreement on behalf of the Grantee, or be paid with Grant Funds derived directly or indirectly through this Award without the written approval of the Grantor unless Grantee is a State agency.

ARTICLE XXXII ADDITIONAL EQUIPMENT OR PROPERTY PROVISIONS

32.1. <u>Equipment Management</u>. The Grantee is responsible for replacing or repairing equipment and materials purchased with Grant Funds that are lost, stolen, damaged, or destroyed. Any loss, damage or theft of equipment and materials must be investigated and fully documented, and immediately reported to the Grantor and, where appropriate, the appropriate law enforcement authorities.

32.2. <u>Purchase of Real Property</u>. In no event may such transfers in this specific cost category result in an increase to the total Grant Budget without prior Grantor written approval.
- Client Assistance Funds: Pursuant to paragraph 27.1, herein Grantor hereby approves a variance up to 25% (or \$5,000, whichever is greater) for each of the 200 series sub-line items in the Client Assistance cost category of the Budget under this Award. - Indirect Costs and Special Program Funds: Grantee is required to obtain prior Grantor written approval for any *increase* in allocation of Grant Funds to the Indirect Costs (line 317) and Special (400 series sub-line items) categories in the Budget under this Award.

37.15. Fraud, Waste, Abuse or Misconduct.

(a) <u>Grantee Reporting</u>. Grantee shall report to the Grantor's program staff or the Grantor's Ethics Officer any suspected fraud, waste, abuse or misconduct associated with any CSBG service or function provided for under this Agreement by any parties directly or indirectly affiliated with this Agreement including, but not limited to, Grantee staff, Grantee subrecipients, Grantee subcontractors, Grantor employees or Grantor subrecipients.
