7. CHAIR'S REPORT

Chair Conroy made the following remarks:

This morning, I hope everyone who ran in last week's primary election will accept my thanks for having the courage to step up and seek public office. I appreciate the financial and personal sacrifice it takes to run a campaign, and my hat is off to all who competed.

On this week's agenda, we have three resolutions that will move forward our comprehensive plan to address food insecurity in DuPage County. The resolutions under consideration today deliver carefully considered investments we developed to fill some of the gaps left in the wake of federal reductions in food programs. Our plan leverages public/private partnerships and encourages further collaboration in the community, to deliver the freshest, healthiest food to our neighbors in need.
I know this Board will come together and carry out this vision to address food insecurity today and strengthen our ability to meet our County's needs in the future. I'd like to thank Human Services Committee Chairman Greg Schwarze and Mary Keating for their hard work on this plan, and we continue to welcome feedback as it rolls out.

The audit report packet must be completed as described in 2 CFR 200.507 (program-specific audit), 44 Ill. Admin. Code 7000.90 and the current GATA audit manual, and must be submitted to the Grantee Portal. The due date of all required submissions set forth in this Paragraph is the earlier of (i) thirty (30) calendar days after receipt of the auditor's report(s) or (ii) nine (9) months after the end of Grantee's audit period.

(c) Financial Statement Audit. If, during its fiscal year, Grantee expends less than $1,000,000 in federal pass-through funds from State-issued Awards, Grantee must follow all of the audit requirements in Paragraphs 12.3(c)(i)-(v), above.

(d) Publicly-Traded Entities. If Grantee is a publicly-traded company, Grantee is not subject to the single audit or program-specific audit requirements, but must submit its annual audit conducted in accordance with its regulatory requirements.

12.5. Performance of Audits. For those organizations required to submit an independent audit report, the audit must be conducted by the Illinois Auditor General (as required for certain governmental entities only), or a Certified Public Accountant or Certified Public Accounting Firm licensed in the State of Illinois or in accordance with Section 5.2 of the Illinois Public Accounting Act (225 ILCS 450/5.2). For all audits required to be performed subject to GAGAS or Generally Accepted Auditing Standards, Grantee must request and maintain on file a copy of the auditor's most recent peer review report and acceptance letter. Grantee must follow procedures prescribed by Grantor for the preparation and submission of audit reports and any related documents.

12.6. Delinquent Reports. When audit reports or financial statements required under this ARTICLE are prepared by the Illinois Auditor General, if they are not available by the above-specified due date, they must be provided to Grantor within thirty (30) days of becoming available. Grantee should refer to the State Grantee Compliance Enforcement System for the policy and consequences for late reporting. 44 Ill. Admin. Code 7000.80.

ARTICLE XIII
TERMINATION; SUSPENSION; NON-COMPLIANCE

13.1. Termination.

(a) Either Party may terminate this Agreement, in whole or in part, upon thirty (30) calendar days' prior written notice to the other Party.

(b) If terminated by the Grantee, Grantee must include the reasons for such termination, the effective date, and, in the case of a partial termination, the portion to be terminated. If Grantor determines in the case of a partial termination that the reduced or modified portion of the Award will not accomplish the purposes for which the Award was made, Grantor may terminate the Agreement in its entirety. 2 CFR 200.340(a)(3).

(c) This Agreement may be terminated, in whole or in part, by Grantor:

(i) Pursuant to a funding failure under Paragraph 4.1;

(ii) If Grantee fails to comply with the terms and conditions of this or any Award, application or proposal, including any applicable rules or regulations, or has made a false representation in connection with the receipt of this or any Award; or

(iii) If the Award no longer effectuates the Program goals or agency priorities and if this termination is permitted in the terms and conditions of the Award, which must be detailed in **Exhibit A**, **PART TWO** or **PART THREE**.

13.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. If suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional Obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

13.3. Non-compliance. If Grantee fails to comply with the U.S. Constitution, applicable statutes, regulations or the terms and conditions of this or any Award, Grantor may impose additional conditions on Grantee, as described in 2 CFR 200.208. If Grantor determines that non-compliance cannot be remedied by imposing additional conditions, Grantor may take one or more of the actions described in 2 CFR 200.339. The Parties must follow all Grantor policies and procedures regarding non-compliance, including, but not limited to, the procedures set forth in the State Grantee Compliance Enforcement System. 44 Ill. Admin. Code 7000.80 and 7000.260.

13.4. Objection. If Grantor suspends or terminates this Agreement, in whole or in part, for cause, or takes any other action in response to Grantee's non-compliance, Grantee may avail itself of any opportunities to object and challenge such suspension, termination or other action by Grantor in accordance with any applicable processes and procedures, including, but not limited to, the procedures set forth in the State Grantee Compliance Enforcement System. 2 CFR 200.342; 44 Ill. Admin. Code 7000.80 and 7000.260.

13.5. Effects of Suspension and Termination.

(a) Grantor may credit Grantee for allowable expenditures incurred in the performance of authorized services under this Agreement prior to the effective date of a suspension or termination.

(b) Except as set forth in subparagraph (c), below, Grantee must not incur any costs or Obligations that require the use of Grant Funds after the effective date of a suspension or termination, and must cancel as many outstanding Obligations as possible.

(c) Costs to Grantee resulting from Obligations incurred by Grantee during a suspension or after termination of the Agreement are not allowable unless Grantor expressly authorizes them in the notice of suspension or termination or subsequently. However, Grantor may allow costs during a suspension or after termination if:

(i) The costs result from Obligations properly incurred before the effective date of suspension or termination, are not in anticipation of the suspension or termination, and the costs would be allowable if the Agreement was not suspended or terminated prematurely. 2 CFR 200.343.

13.6. Close-out of Terminated Agreements. If this Agreement is terminated, in whole or in part, the Parties must comply with all close-out and post-termination requirements of this Agreement. 2 CFR 200.340(d).

ARTICLE XIV
SUBCONTRACTS/SUBAWARDS

14.1. Subcontracting/Subrecipients/Delegation. Grantee must not subcontract nor issue a subaward for any portion of this Agreement nor delegate any duties hereunder without Prior Approval of Grantor. The requirement for Prior Approval is satisfied if the subcontractor or subrecipient has been identified in the uniform

grant application, such as, without limitation, a Project description, and Grantor has approved. Grantee must follow all applicable requirements set forth in 2 CFR 200.332.

14.2. Application of Terms. If Grantee enters into a subaward agreement with a subrecipient, Grantee must notify the subrecipient of the applicable laws and regulations and terms and conditions of this Award by attaching this Agreement to the subaward agreement. The terms of this Agreement apply to all subawards authorized in accordance with Paragraph 14.1. 2 CFR 200.101(b).

14.3. Liability as Guaranty. Grantee will be liable as guarantor for any Grant Funds it obligates to a subrecipient or subcontractor pursuant to this ARTICLE in the event Grantor determines the funds were either misspent or are being improperly held and the subrecipient or subcontractor is insolvent or otherwise fails to return the funds. 2 CFR 200.345; 30 ILCS 705/6; 44 Ill. Admin. Code 7000.450(a).

ARTICLE XV
NOTICE OF CHANGE

15.1. Notice of Change. Grantee must notify Grantor if there is a change in Grantee's legal status, FEIN, UEI, SAM registration status, Related Parties, senior management (for non-governmental grantees only) or address. If the change is anticipated, Grantee must give thirty (30) days' prior written notice to Grantor. If the change is unanticipated, Grantee must give notice as soon as practicable thereafter. Grantor reserves the right to take any and all appropriate action as a result of such change(s).

15.2. Failure to Provide Notification. To the extent permitted by Illinois law (*see* Paragraph 21.2), Grantee must hold harmless Grantor for any acts or omissions of Grantor resulting from Grantee's failure to notify Grantor as required by Paragraph 15.1.

15.3. Notice of Impact. Grantee must notify Grantor in writing of any event, including, by not limited to, becoming a party to litigation, an investigation, or transaction that may have a material impact on Grantee's ability to perform under this Agreement. Grantee must provide notice to Grantor as soon as possible, but no later than five (5) days after Grantee becomes aware that the event may have a material impact.

15.4. Effect of Failure to Provide Notice. Failure to provide the notice described in this ARTICLE is grounds for termination of this Agreement and any costs incurred after the date notice should have been given may be disallowed.

ARTICLE XVI
STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP

16.1. Effect of Reorganization. This Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. Grantor does not agree to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee must give Grantor prior notice of any such action or changes significantly affecting its overall structure or, for non-governmental grantees only, management makeup (for example, a merger or a corporate restructuring), and must provide all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. Grantor reserves the right to terminate the Agreement based on whether the newly organized entity is able to carry out the requirements of the Award. This ARTICLE does not require Grantee to report on minor changes in the makeup of its board

membership or governance structure, as applicable. Nevertheless, **PART TWO** or **PART THREE** may impose further restrictions. Failure to comply with this ARTICLE constitutes a material breach of this Agreement.

ARTICLE XVII

Payments made by Grantor under this Agreement must not be used by Grantee to compensate, directly or indirectly, any person currently holding an elective office in this State including, but not limited to, a seat in the General Assembly. In addition, where Grantee is not an instrumentality of the State of Illinois, as described in this Paragraph, Grantee must request permission from Grantor to compensate, directly or indirectly, any officer or any person employed by an office or agency of the State of Illinois. An instrumentality of the State of Illinois includes, without limitation, State departments, agencies, boards, and State universities. An instrumentality of the State of Illinois does not include, without limitation, units of Local Government and related entities.

17.3. Request for Exemption. Grantee may request written approval from Grantor for an exemption from Paragraph 17.2. Grantee acknowledges that Grantor is under no obligation to provide such exemption and that Grantor may grant an such exemption subject to additional terms and conditions as Grantor may require.

ARTICLE XVIII
EQUIPMENT OR PROPERTY

18.1. Purchase of Equipment. For any equipment purchased in whole or in part with Grant Funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439, the costs for such equipment will be disallowed. Grantor must notify Grantee in writing that the purchase of equipment is disallowed.

18.2. Prohibition against Disposition/Encumbrance. Any equipment, material, or real property that Grantee purchases or improves with Grant Funds must not be sold, transferred, encumbered (other than original financing) or otherwise disposed of during the Award Term without Prior Approval of Grantor unless a longer period is required in **PART TWO** or **PART THREE** and permitted by 2 CFR Part 200 Subpart D. Use or disposition of real property acquired or improved using Grant Funds must comply with the requirements of 2 CFR 200.311. Real property, equipment, and intangible property that are acquired or improved in whole or in part using Grant Funds are subject to the provisions of 2 CFR 200.316. Grantor may require the Grantee to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with this Award and that use and disposition conditions apply to the property.

18.3. Equipment and Procurement. Grantee must comply with the uniform standards set forth in 2 CFR 200.310–200.316 governing the management and disposition of property, the cost of which was supported by Grant Funds. Any waiver from such compliance must be granted by either the President's Office of Management and Budget, the Governor's Office of Management and Budget, or both, depending on the source of the Grant Funds used. Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317-200.327 to establish procedures to use Grant Funds for the procurement of supplies and other expendable property, equipment, real property and other services.

18.4. Equipment Instructions. Grantee must obtain disposition instructions from Grantor when

equipment, purchased in whole or in part with Grant Funds, is no longer needed for their original purpose. Notwithstanding anything to the contrary contained in this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. Grantee must properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer's guidelines, federal and state laws or rules, and Grantor requirements stated herein.

18.5. Domestic Preferences for Procurements. In accordance with 2 CFR 200.322, to the greatest extent practicable and consistent with law, Grantee must, under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this Paragraph must be included in all subawards and in all contracts and purchase orders under this Award.

ARTICLE XIX
PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

19.1. Promotional and Written Materials. Use of Grant Funds for promotions is subject to the prohibitions for advertising or public relations costs in 2 CFR 200.421(e). To use Grant Funds in whole or in part to produce any written publications, announcements, reports, flyers, brochures or other written materials, these uses must be allowable under 2 CFR 200.421 and 200.467 and Grantee must include in these publications, announcements, reports, flyers, brochures and all other such material, the phrase "Funding provided in whole or in part by the [Grantor]." 2 CFR 200.467. 19.2. Prior Notification/Release of Information. 20.1. Maintenance of Insurance. Grantee must maintain in full force and effect during the Term of this Agreement casualty and bodily injury insurance, as well as insurance sufficient to cover the replacement cost of any and all real or personal property (including equipment), or both, purchased or, otherwise acquired, or improved in whole or in part, with funds disbursed pursuant to this Agreement. 2 CFR 200.310. Additional insurance requirements may be detailed in **PART TWO** or **PART THREE**.

20.2. Claims. If a claim is submitted for real or personal property, or both, purchased in whole with funds from this Agreement and such claim results in the recovery of money, such money recovered must be surrendered to Grantor.

ARTICLE XXI
LAWSUITS AND INDEMNIFICATION

21.1. Independent Contractor. Neither Grantee nor any employee or agent of Grantee acquires any employment rights with Grantor by virtue of this Agreement. Grantee must provide the agreed services and

Grantee must provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement is strictly limited to official Grantor or State of Illinois business and not for any other purpose, including any personal benefit or gain.

21.2. Indemnification and Liability.

(a) **Non-governmental entities**. This subparagraph applies only if Grantee is a non-governmental entity. Grantee must hold harmless Grantor against any and all liability, loss, damage, cost or expenses, including attorneys' fees, arising from the intentional torts, negligence or breach of contract of Grantee, with the exception of acts performed in conformance with an explicit, written directive of Grantor. Indemnification by Grantor is governed by the State Employee Indemnification Act (5 ILCS 350/.01 *et seq.*) as interpreted by the Illinois Attorney General. Grantor makes no representation that Grantee, an independent contractor, will qualify or be eligible for indemnification under said Act.

(b) **Governmental entities**. This subparagraph applies only if Grantee is a governmental unit as designated in Paragraph 3.2. Neither Party shall be liable for actions chargeable to the other Party under this Agreement including, but not limited to, the negligent acts and omissions of the other Party's agents, employees or subcontractors in the performance of their duties as described under this Agreement, unless such liability is imposed by law. This Agreement is not construed as seeking to enlarge or diminish any obligation or duty owed by one Party against the other or against a third party.

EXHIBIT B

DELIVERABLES

1)Provide expanded capacity to the Homeless Continuum of Care to work in at least one of the following domains:
a)System Coordination improvements
b)Homeless Management Information System improvements

This program leverages and promotes continuous quality improvement best practices to actively reshape community processes and behavioral norms. The CoC develops a shared vision for success across the community, provides program and project management support to actualize that vision, and embeds Collective Impact principles into community processes to achieve and sustain system-level improvement. The CoC establishes and maintain critical communication and knowledge-sharing lanes between end users, provider organizations, the whole community, and the broader systems that impact housing and homelessness. The measures and communicate progress towards ending homelessness.

CoCs will engage in this area of focus:
Data Analysis and Reporting: Collect, report, manage, and analyze data related to population-level homelessness and the CoC's performance. Utilize data-driven insights to inform decision-making, identify trends, and assess the impact of system changes.

CoCs will choose at least one additional area of focus:
Change Cycle Leadership: Lead and facilitate strategic planning & action cycles within the CoC, to identify areas of improvement and implement evidence-based practices. Collaborate with stakeholders to develop and execute strategies that enhance service delivery and outcomes.

System Analysis & Improvement: Work closely with member agencies to identify gaps, inefficiencies, and opportunities for improvement in the homeless services system, through activities such as needs and risk assessments, asset and process mapping, and other targeted analyses. Develop and implement action plans to address these issues effectively.

Collaboration and Networking: Build and maintain strong relationships with key stakeholders, including government agencies, service providers, community organizations, housing providers, service users, and the community at-large. Foster a collaborative environment to promote effective communication and resource sharing.

Center Equity & Lived Expertise: Lead (or contribute to) efforts to identify the community's systemic inequities in housing security and homelessness and center those inequities in plans and strategies to reduce homelessness. Champion and facilitate the inclusion of input from people with lived experience of homelessness in system improvement priorities and plans.

EXHIBIT B

DELIVERABLES

Capacity Building: Identify training and capacity-building needs for CoC member agencies and stakeholders. Organize and facilitate workshops, seminars, and training sessions to enhance service providers' skills and knowledge. Support individual organizations/agencies in their own tests of change, by establishing improvement projects, facilitating provider goal setting, and serving as an accountability partner.

Facilitate Learning & Path-Clearing: Harvest insights, bright spots, challenges, and systemic or structural barriers from the applied experience of the community's efforts to prevent, resolve, measure, and reduce homelessness. Establish and/or contribute to 'learning systems' that circulate knowledge in the interest of shared understanding, problem solving, and larger-scale 'path-clearing' of systemic issues.

EXHIBIT F

PAYMENT

Grantee will receive payment by one of the three payment methodologies (Advance Payment, Reimbursement or Working Capital Advance). Requests for advance payment must be accompanied by an IDHS Advance Payment Request Cash Budget Template (Cash Budget).

I. Advance Payment Method (Advance and Reconcile)

A.An initial payment will be processed in an amount equal to the first two months' cash requirements as reflected in the Advance Payment Requirements Forecast (Cash Budget) Form submitted with the Grantee's application. The initial payment will be processed upon execution of the grantee's Uniform Grant Agreement.

B.Grantees must submit monthly invoices in the format and method prescribed in the Grantee's executed Uniform Grant Agreement. The first invoice is due within 20 days after the first month of the grant operations. Invoices must include only allowable incurred costs that have been paid by the Grantee. For programs that have Grantee matching requirements, allowable costs are only reimbursable when matching costs have also been incurred.

C.Subsequent monthly payments will be based on each monthly invoice submitted to the grant program, and will be adjusted up or down, based on a comparison of actual cumulative expenditures to cumulative advance payments, to date.

D.Grantees that do not expend all advance payment amounts by the end of the grant term or that are unable to demonstrate that all incurred costs were necessary, reasonable, allowable, or allocable as approved in their respective grant budget, must return the funds or be subject to grant funds recovery.

E.Grantees may be required to submit supporting documentation for their requests at the request of and in a manner prescribed by the Grantor.

F.Failure to abide by advance payment governance requirements may result in grantee losing their right to advance payments

G. Approp Allows for prior year expenditures.

II.Reimbursement Method

A.IDHS will disburse payments to Grantee based on actual allowable costs incurred as reported in the monthly financial invoice submitted for the respective month, as described below.

B.Grantees must submit monthly invoices in a format prescribed by Grantor. Invoices must include all allowable incurred costs for the first and each subsequent month of operations until the end of the grant term. Invoices must be submitted on or before the 20th day following the end of any respective monthly invoice period. As practicable, Grantor shall process payment within 30 calendar days after receipt of the invoice, unless the State awarding agency reasonably believes the request to be improper.

C.Grantees may be required to submit supporting documentation for their requests at the request of and in a manner prescribed by the Grantor.

III.Working Capital Advance Method

A.IDHS Grant Program Managers will advance working capital payments to the grantee to

EXHIBIT F

cover their estimated disbursement needs for an initial period not to exceed two months of grant expenses. Startup costs may be approved if determined by IDHS Grant Program Managers to be allowable.

B.Grantees must submit monthly invoices for each of the one or two months covered by the Working Capital Advance in the format and method prescribed by the Grantor. The first invoice is due 20 calendar days after the first month of the grant term. Invoices must include only allowable incurred costs that have been paid by the grantee. For grant programs that have grantee matching requirements, allowable costs are only reimbursable when matching costs have also been incurred.

C.Grantees may be required to submit supporting documentation for their requests at the request of and in a manner prescribed by the Grantor.

D.Working Capital Advance Payments are limited to a single occurrence per grant term.

(a) **Adult Protective Services Act.** Grantee certifies that it is in compliance with the Adult Protective Services Act to protect people with disabilities who are abused, neglected or financially exploited and who, because of their disability, cannot seek assistance on their own behalf. Anyone who believes a person with a disability living in a domestic setting is being abused, neglected or financially exploited must file a complaint with the Illinois Department on Aging. Grantee has an obligation to report suspected fraud or irregularities committed by individuals or other entities with whom it interacts on Grantor's behalf and should make a report to the appropriate program office (320 ILCS 20/1 *et seq.*).

Further, Grantee acknowledges that all contracts between State agencies and a business entity that do not comply with this Paragraph shall be voidable under Section 50-60 of the Procurement Code (30 ILCS 500/50-60).

ARTICLE XXIV
ADDITIONAL TERMS

24.1 Renewal. This Agreement may be renewed for additional periods by mutual consent of the Parties, expressed in writing and signed by the Parties. Grantee acknowledges that this Agreement does not create any expectation of renewal.

24.2 Multiple Locations. In the event that Grantee has more than one location, Grantee shall include in **EXHIBIT C** either (1) the address, phone number and hours of operation of each location, or (2) the address, phone number and hours of operation of Grantee's primary location.

When it is specifically required as a condition of an Award, Prior Approval will be required for the replacement or the substantial reduction in the level of effort of other personnel whose work is deemed by Grantor to be critical to the Award's successful completion. All requests for approval of changes in key Grant personnel shall be signed by Grantee's authorized representative and submitted to the appropriate Grantor program personnel. Evidence of the qualifications for replacement personnel (such as a résumé) shall be included. 2 CFR 200.308.

24.4 Grant Funds Recovery. The provisions of 89 Ill. Admin. Code 511 shall apply to any funds awarded that are subject to the Illinois Grant Funds Recovery Act.

24.5 Employee and Subcontractor Background Checks. Grantee certifies that neither Grantee, nor any employee or subcontractor who works on Grantor's premises, has a felony conviction. Grantee will also supply Grantor with a list of individuals assigned to work on DHS' premises at least ten (10) working days prior to the start of their employment, unless circumstances prevent Grantee from giving a list within that time. If Grantee cannot provide a list, or the name of an individual, at least ten (10) working days prior to his/her employment, it shall do so as soon as possible. Grantor may conduct, at its expense, criminal background checks on Grantee's employees and subcontractors assigned to work on Grantor's premises. To the extent permitted by Illinois law, Grantee agrees to indemnify and hold harmless Grantor and its employees for any liability accruing from said background checks.

24.6 Gifts. In addition to the Gift ban described in Paragraph 22.1, Grantee will provide Grantor with advance notice of Grantee's provision of gifts, excluding charitable donations, given as incentives to community-based organizations in Illinois and clients in Illinois to assist Grantee in carrying out its responsibilities under this Agreement.

24.7 Current Contact Information and Notices. Grantee shall update its contact information, including email address, phone number and job title, in the Community Services Agreement (CSA) Tracking System under the My Info tab, when any such information changes. In addition, Grantee shall contact the DHS Office of Contract Administration when its mailing address changes to update that information. Grantee acknowledges and agrees that any notices from Grantor may be made to its mailing address, electronic mail (email) address, or facsimile (fax) telephone number, at Grantor's choosing. Such notice shall be effective upon dispatch.

24.8 Supplies Disposition. Grantee must obtain disposition instructions from Grantor when supplies, purchased in whole or in part with Grant Funds, are no longer needed for their intended purpose. Notwithstanding anything to the contrary contained within this Agreement, Grantor may require transfer of any supplies to Grantor or a third party for any reason, including, without limitation, an Award is terminated or Grantee no longer conducts Award activities. The Grantee shall properly maintain, track, use, store and insure the supplies according to applicable best practices, manufacturer's guidelines, federal and State laws or rules, including without limitation those contained at 2 CFR 200.310 to 2 CFR 200.326, and Department requirements stated herein. All obligations regarding use and ownership of supplies, purchased in whole or in part with Grant Funds, shall survive the termination of this Agreement.

24.9 Reporting Requirements. The reporting timeframes described in Paragraphs 10.1, 10.2, 11.1 and 11.2 are specified in **EXHIBIT B**.

In addition to ARTICLE IX of **PART ONE**, Grantor shall monitor Grantee's conduct under this Agreement which may include, but shall not be limited to, reviewing records of performance in accordance with administrative rules, license status review, fiscal and audit review, Agreement compliance and compliance with the affirmative action requirements of this Agreement. Grantor shall have the authority to

conduct announced and unannounced monitoring visits and Grantee shall cooperate with Grantor in connection with all such monitoring visits. Failure of Grantee to cooperate with Grantor in connection with announced and unannounced monitoring visits is grounds for Grantor's termination of this Agreement.

25.2 Requests for Information. Grantor may request, and Grantee shall supply, upon request, necessary information and documentation regarding transactions constituting contractual (whether a written contract exists or not) or other relationships, paid for with funds received hereunder. Documentation may include, but is not limited to, information regarding Grantee's contractual agreements, identity of employees, shareholders and directors of Grantee and any party providing services which will or may be paid for with funds received hereunder, including, but not limited to, management and consulting services rendered to Grantee.

25.3 Rights of Review . This ARTICLE XXV does not give Grantor the right to review a license that is not directly related to the Award being audited nor does it allow Grantor to unilaterally revoke a license without complying with all due process rights to which Grantee is entitled under Federal, State or local law or applicable rules promulgated by Grantor.

ARTICLE XXVI
WORK PRODUCT

26.1 Assignment of Work Product. "Work Product" means all the tangible materials, regardless of format, delivered by Provider to DHS under this Agreement. Grantee assigns to Grantor all right, title and interest in and to Work Product. However, nothing in this Agreement shall be interpreted to grant Grantor any right, title or interest in Grantee's intellectual property that has been or will later be developed outside this Award.

26.2 License to Grantor. To the extent Grantee-owned works are incorporated into Work Product, Grantee grants to Grantor a perpetual, non-exclusive, paid-up, world-wide license in the use, reproduction, publication and distribution of such Grantee-owned works when included within the Work Product. Grantee shall not copyright Work Product without Grantor's prior written consent.

26.3 License to Grantee; Objections. Grantor grants to Grantee a perpetual, non-exclusive, paid-up license to publish academic and scholarly articles based upon the services rendered under this Agreement. All materials to be published shall first be submitted to Grantor at least forty-five (45) days prior to publication or other disclosure. Upon written objection from Grantor, Grantee shall excise any confidential information, as that term is defined in applicable State and Federal statutes, federal regulations and Grantor administrative rules, from materials before publication. Grantor may also object to the publication on grounds other than confidentiality. As to the latter objections, Grantee and Grantee will attempt to resolve Grantor's concerns within the forty-five (45) day review period, or as otherwise agreed between the Parties. Grantor waives any objections not made to Grantee in writing before expiration of the review period.

26.4 Unresolved Objections; Disclaimer. If Grantor's objections on grounds other than confidentiality are not resolved within the review period or other such time as agreed by the Parties, then Grantee may publish the materials but shall include therein the following disclaimer: "Although the research or services underlying this article were funded in whole or in part by the [Grantor], the [Grantor] does not endorse or adopt the opinions or conclusions presented in the article." Notwithstanding the above, Grantor shall not have the right to control or censor the contents of Grantee publications.

ARTICLE XXVII
POST-TERMINATION/NON-RENEWAL

27.1 Duties. Upon notice by Grantor to Grantee of the termination of this Agreement or notice that Grantor will not renew, extend or exercise any options to extend the term of this Agreement, or that Grantor will not be contracting with Grantee beyond the term of this Agreement, Grantee shall, upon demand:

(a) Cooperate with Grantor in assuring the transition of recipients of services hereunder for whom Grantee will no longer be providing the same or similar services or who choose to receive services through another Grantee.

(b) To the extent permitted by law, provide copies of all records related to recipient services funded by Grantor under this Agreement.

(c) Grant reasonable access to Grantor to any and all Program sites serving recipients hereunder to facilitate interviews of recipients to assure a choice process by which recipients may indicate provider preference.

(d) Provide detailed accounting of all service recipients' funds held in trust by Grantee, as well as the identity of any recipients for whom Grantee is acting as a representative payee of last resort.

27.2 Survival. The promises and covenants of this Article shall survive the Term of this Agreement for the purposes of the necessary transition of recipients of services hereunder.

ARTICLE XXVIII

2.2 **Renewal.** This Agreement is not subject to renewal.

2.3 Entirety of Agreement. The terms and conditions of this Agreement along with applicable Department Administrative Rules and any documents expressly incorporated herein shall constitute the entire present agreement between the parties. 6.7.2 All payments shall be made to conform to State fiscal year requirements regardless of what might or might not be stated elsewhere in this Agreement or any order placed pursuant to the Agreement. Contracts that extend beyond the end of the State's fiscal year (July 1 - June 30), or the payments thereon, may have to be prorated to ensure funds of the appropriate fiscal year are utilized for payment.

6.7.3 It is recognized by the parties that payments at the beginning of the State's fiscal year (July and August payments) are often delayed because of the appropriation process. Such delayed payments shall not be considered late for any purpose, nor shall they constitute a breach.

ARTICLE 7 — GENERAL TERMS

7.1 Amendments. This Agreement may be amended or modified by the mutual consent of the parties at any time during its term. Amendments to this Agreement must be in writing and signed by the parties. No change, in addition to, or waiver of any term or condition of this Agreement shall be binding on the Department unless approved in writing by an authorized representative of the Department.

the Illinois Auditor General and other State and Federal agencies with monitoring authority related to the subject matter of this Agreement ("Authorized Persons"), and Contractor agrees to cooperate fully with any such review or audit. Upon reasonable notice by any Authorized Person, Contractor shall provide, in Illinois, or any other location designated by the Authorized Person, during normal business hours, full and complete access to the relevant portions of Contractor's books and billing records as they relate to payments under this Agreement. If the audit findings indicate overpayment(s) to Contractor, the Department shall adjust future or final payments otherwise due Contractor. If no payments are due and owing Contractor, or if the overpayments(s) exceed the amount otherwise due Contractor, Contractor shall immediately refund all amounts which may be due to the Department.

7.4.2 Audits. Grantee shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 USC 7501-7507) and Subpart F of 2 CFR Part 200, and the audit rules and policies set forth by the Governor's Office of Management and Budget. See 30 ILCS 708/65(c); 44 Ill. Admin. Code 7000.90.

7.4.3 Audit Requirements.

7.4.3.1 This Paragraph applies to Grantees that are not "for-profit" entities.

7.4.3.2 **Single and Program-Specific Audits**. If, during its fiscal year, Grantee expends $1,000,000 or more in Federal Awards (direct federal and federal pass-through awards combined), Grantee must have a single audit or program-specific audit conducted for that year as required by 2 CFR 200.501 and other applicable sections of Subpart F of 2 CFR Part 200. The audit report packet must be completed as described in 2 CFR 200.512 (single audit) or 2 CFR 200.507 (program-specific audit), 44 Ill. Admin. Code 7000.90(h)(1) and the current GATA audit manual and submitted to the Federal Audit Clearinghouse, as required by 2 CFR 200.512. The results of peer and external quality control reviews, management letters, AU-C 265 communications and the Consolidated Year-End Financial Report(s) must be submitted to the Grantee Portal. The due date of all required submissions set forth in this paragraph is the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) nine (9) months after the end of the Grantee's audit period.

7.4.3.3 **Financial Statement Audit.** If, during its fiscal year, Grantee expends less than $1,000,000 in Federal Awards, Grantee is subject to the following audit requirements:

a. If, during its fiscal year, Grantee expends $750,000 or more in Federal and State Awards, singularly or in any combination, from all sources, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Government Auditing Standards (GAGAS). Grantee may be subject to additional requirements based on the Grantee's risk profile.

b. If, during its fiscal year, Grantee expends less than $750,000 in Federal and State Awards, singularly or in any combination, from all sources, but expends $500,000 or more in Federal and State Awards, singularly or in any combination, from all sources, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Auditing Standards (GAAS).

c. If Grantee is a Local Education Agency (as defined in 34 CFR 77.1), Grantee shall have a financial statement audit conducted in accordance with GAGAS, as required by 23 Ill. Admin. Code 100.110, regardless of the dollar amount of expenditures of Federal and State Awards.

d. If Grantee does not meet the requirements in subsections 7.4.3(b) and 7.4.3(c)(i-iii) but is required to have a financial statement audit conducted based on other regulatory requirements, Grantee must submit those audits for review.

e. Grantee must submit its financial statement audit report packet, as set forth in 44 Ill. Admin. Code 7000.90(h)(2) and the current GATA audit manual, to the Grantee Portal within the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) 6 months after the end of the Grantee's audit period.

7.4.4 Performance of Audits. For those organizations required to submit an independent audit report, the audit is to be conducted by the Illinois Auditor General, or a Certified Public Accountant or Certified Public Accounting Firm licensed in the state of Illinois or in accordance with Section 5.2 of the Illinois Public Accounting Act (225 ILCS 450/5.2). For all audits required to be performed subject to Generally Accepted Government Auditing standards or Generally Accepted Auditing standards, Grantee shall request and maintain on file a copy of the auditor's most recent peer review report and acceptance letter. Grantee shall follow procedures prescribed by Grantor for the preparation and submission of audit reports and any related documents.

7.4.5 Delinquent Reports. Notwithstanding anything herein to the contrary, when such reports or statements required under this section are prepared by the Illinois Auditor General, if they are not available by the above-specified due date, they will be provided to Grantor within thirty (30) days of becoming available. Otherwise, Grantee should refer to the State of Illinois Grantee Compliance Enforcement System for the policy and consequences for late reporting. 44 Ill. Admin. Code 7000.80.

7.4.6 Retention of Records. Contractor shall maintain all business, professional, and other records in accordance with State law 45 CFR Part 74, 45 CFR Part 160 and 45 CFR Part 164 subparts A and E, the specific terms and conditions of this Agreement, and pursuant to generally accepted accounting practice. Contractor shall maintain such books and records for a period of six (6) years from the later of the date of final payment under the Agreement or completion of the Agreement, adequate books, records, and supporting documents to verify the amounts, recipients, and uses of all disbursements of funds passing in conjunction with this Agreement. If an audit, litigation, or other action involving the records is begun before the end of the six-year period, the records must be retained until all issues arising out of the action are resolved. Failure to maintain the books, records, and supporting documents required by this Article shall establish a presumption in favor of the Department for the recovery of any funds paid by the Department under the Agreement for which adequate books, records, and other documents are not available to support the purported disbursement.

7.5 Background Checks. The Department reserves the right to conduct background checks of Contractor's officers, employees or agents who would directly supervise the Agreement or physically perform the Agreement requirements at Department facilities to determine their suitability for performing this Agreement. If the Department finds such officer, employee or agent to be unsuitable, the Department reserves the right to require Contractor to provide a suitable replacement immediately.

7.6 Choice of Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois. Any claim against the Department arising out of this Agreement must be filed exclusively with the Illinois Court of Claims (705 ILCS 505/1) or, if jurisdiction is not accepted by that court, with the appropriate State or Federal court located in Sangamon County, Illinois. The State shall not enter into binding arbitration to resolve any Agreement dispute. The State of Illinois does not waive sovereign immunity by entering into this Agreement.

7.7 Confidentiality.

7.7.1 Proprietary Information. Performance of the Agreement may require Contractor to have access to and use of documents and data which may be confidential or considered proprietary to the State or to a State County, or which may otherwise be of such a nature that its dissemination or use, other than in performance of the Agreement, would be adverse to the

interest of the State or others. Any documents or data obtained by Contractor from the Department in connection with carrying out the services under this Agreement shall be kept confidential and not provided to any third party unless disclosure is approved in writing by the Department. Each party shall protect the confidentiality of information provided by the other party, or to which the receiving party obtains access by virtue of its performance under this Agreement, that either has been reasonably identified as confidential by the disclosing party or by its nature warrants confidential treatment. The receiving party shall use such information only for the purpose of this Agreement and shall not disclose it to anyone except those of its employees who need to know the information. These nondisclosure obligations shall not apply to information that is or becomes public through no breach of this Agreement that is received from a third party free to disclose it that is independently developed by the receiving party, or that is required by law to be disclosed. Confidential information shall be returned to the disclosing party upon request.

7.7.2 Confidentiality of Program Recipient Identification. Personally identifiable information maintained by both Parties is subject to the confidentiality provisions of Federal and State statutes, rules and regulations, including, but not limited to, Title XIX of the *Social Security Act (42 USC 1396 et seq.)*. When personally identifiable information is exchanged or shared by Contractor and HFS, the following rules shall apply: (i) the confidential nature of the information must be preserved; (ii) the information furnished must be used only for the purposes for which it was made available; (iii) assurance must be given that the proper steps shall be taken to safeguard the information; and (iv) access to such information shall be limited to personnel who require the information to perform their duties or for whom access is permitted by statute or regulation. The release of personally identifiable information, data or records by either Party and/or their respective staff to any unauthorized person may subject HFS or Contractor and their respective staff to criminal and/or civil penalties as imposed by law.

7.8 Disputes Between Contractor and Other Parties. Any dispute between Contractor and any subcontractor or other party, shall be solely between such party or subcontractor and Contractor, and the Department shall be held harmless by Contractor.

7.9 Fraud and Abuse. Contractor shall report in writing to the Department's Office of Inspector General (OIG) any suspected fraud, abuse or misconduct associated with any service or function provided for under this Agreement by any parties directly or indirectly affiliated with this Agreement including but not limited to, Contractor's staff, Contractor's subcontractors, Department employees or Department's contractor. Contractor shall make this report within three days of first suspecting fraud, abuse or misconduct. Contractor shall not conduct any investigation of the suspected fraud, abuse or misconduct without the express concurrence of the OIG; the foregoing notwithstanding, the Contractor may conduct and continue investigations necessary to determine whether reporting is required under this paragraph. Contractor must report to OIG as described in the first sentence above. Contractor shall cooperate with all investigations of suspected fraud, abuse or misconduct reported pursuant to this paragraph. The Contractor shall require adherence with these requirements in any contracts it enters into with Subcontractors. Nothing in this paragraph precludes the Contractor or subcontractors from establishing measures to maintain quality of services and control costs that are consistent with their usual business practices, conducting themselves in accordance with their respective legal or contractual obligations or taking internal personnel-related actions.

7.10 Gifts. Contractor and Contractor's principals, employees and subcontractors are prohibited from giving gifts to Department employees, and from giving gifts to, or accepting gifts from, any person who has a contemporaneous Agreement with the Department involving duties or obligations related to this Agreement.

7.11 Indemnification.

7.11.1 Contractor assumes all risk of loss and shall indemnify and hold the State, its officers, agents and employees harmless from and against any and all liabilities, demands, claims, suits,

losses, damages, causes of action, fines or judgments, including costs, attorneys' and witnesses' fees, and expenses incident thereto, for any and all injuries to persons (including death), and any or all loss of, damage to, or destruction of property (including property of the State), resulting from the negligent or intentional acts or omissions of Contractor or any employee, agent, or representative of Contractor or Contractor's subcontractors. Contractor shall do nothing to prejudice the State's right to recover against third parties for any loss, destruction of, or damage to State property, and shall upon request and at the State's expense, furnish to the State all reasonable assistance and cooperation, including assistance in the prosecution of suit and the execution of instruments of assignment in favor of the State in obtaining recovery.

7.11.2 Neither party shall be liable for incidental, special or consequential damages.

7.11.3 Contractor further agrees to assume all risk of loss and to indemnify and hold the Department and its officers, agents, and employees harmless from and against any and all liabilities, demands, claims, suits, losses, damages, causes of action, fines or judgments including costs, attorneys' and witnesses' fees, and expenses incident thereto, for Contractor's failure to pay any subcontractor, either timely or at all, regardless of the reason.

7.12 Media Relations and Public Information. Subject to any disclosure obligations of Contractor under applicable law, rule, or regulation, news releases pertaining to this Agreement or the services or project to which it relates shall only be made with prior approval by, and in coordination with, the Department. Contractor shall not disseminate any publication, presentation, technical paper, or other information related to Contractor's duties and obligations under this Agreement unless such dissemination has been previously approved in writing by the Department.

7.13 Multiple Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered to be one and the same document, binding on all parties hereto, notwithstanding that all parties are not signatories to the same counterpart.

7.14 Nondiscrimination. In compliance with the State and Federal Constitutions, the Illinois Human Rights Act, the U. S. Civil Rights Act, and Section 504 of the Federal Rehabilitation Act, the Department does not unlawfully discriminate in employment, Agreements, or any other activity. Contractor and Contractor's principals, employees and subcontractors shall abide by all Federal and State laws, regulations and orders which prohibit discrimination because of race, creed, color, religion, sex, national origin, ancestry, age, or physical or mental disability, including but, not limited to, the Federal Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Federal Rehabilitation Act of 1973, the Illinois Human Rights Act, and Executive Orders 11246 and 11375. Contractor further agrees to take affirmative action to ensure that no unlawful discrimination is committed in any manner, including, but not limited to, in the delivery of services under this Agreement.

7.15 Non-solicitation of Employees. Subject to the following conditions:

1. That the property be developed in accordance with the petitioner's site plan made part of Zoning Petition **#ZONING-25-000072 Church in Naperville** dated February 4, 2026.

2. That the proposed electronic LED message center sign shall maintain a minimum refresh/duration of ten (10) seconds per display and must be a static display.

ZHO Recommendation to Approve

FINDINGS OF FACT:

A. That petitioner testified that they seek the subject relief to replace the existing sign with an electronic LED message center sign.

B. The petitioner testified that the subject property currently contains a static sign, and that the new sign structure will consist of a static identification/name panel at the top of the sign and an electronic message display panel on the lower portion of the sign face.

C. The petitioner testified that a new sign is necessary to properly identify the Church in Naperville and to allow the entrance along Wehrli Road to be easily located.

   - The petitioner testified that the proposed sign would assist emergency vehicles in identifying the subject property.

D. The petitioner testified that the proposed sign will not face any residential properties and will not adversely impact nearby homes.

E. The petitioner testified that the subject property is not located within a floodplain and that the proposed electronic message center sign will not adversely impact stormwater or flood conditions.

F. That petitioner testified that the proposed electronic message center sign will meet all required sign requirements, including permitted refreshing timing for the message center.

G. The Zoning Hearing Officer finds that the Petitioner has presented sufficient evidence to support the granting of a Conditional Use for the installation of a new electronic LED message center sign (pylon sign) and has satisfied the applicable standards for a Conditional Use.

STANDARDS FOR CONDITIONAL USES:

**Per Zoning Code Section 37-1411.3*

1. That the Zoning Hearing Officer finds that petitioner has demonstrated that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.

2. That the Zoning Hearing Officer finds that petitioner has demonstrated the granting of the Conditional Use will not:

    a. Impair an adequate supply of light and air to the adjacent property as petitioner has demonstrated that the proposed electronic LED message center sign will not impair the adequate supply of light and air to the adjacent properties and will not be obtrusive.

    b. Increase the hazard from fire or other dangers to said property as petitioner has demonstrated that the proposed electronic LED message center sign will be built pursuant to all current building codes.

    c. Diminish the value of land and buildings throughout the County as petitioner has demonstrated that they are replacing the existing static sign sturcture, which will be an added improvement to the surrounding area.

    d. Unduly increase traffic congestion in the public streets and highways as petitioner has demonstrated that the proposed electronic LED message center sign will conform to all current building codes and IDOT regulations, including the permitted refresh times for electronic message center signs.

    e. Increase the potential for flood damages to adjacent property as petitioner has demonstrated that the County's Stormwater Department has no objections to the proposed electronic LED message center sign.

    f. Incur additional public expense for flood protection, rescue or relief as petitioner has demonstrated that the County's Stormwater Department has no objections to the proposed electronic LED message center sign.

    g. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County as petitioner has demonstrated that they are relocating and replacing the existing sign with the proposed electronic LED message center sign structure, that the proposed sign will conform to all DuPage County Codes, and therefore will not impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County.

Zoning Petition ZONING-26-000002 Patterson

WHEREAS, a public hearing was held on February 18, 2026 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 2:30 P.M. before the DuPage County Zoning Hearing Officer and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on March 4, 2026 does find as follows:

FINDINGS OF FACT:

A. That petitioner testified that the subject zoning relief is for a Variation to reduce the corner side setback from required 20 feet to approximately 12' 10", to attach existing detached garage with existing north facade of the house.

B. That petitioner testified that the subject property currently has a detached garage that they are attaching to the existing house.

D. That petitioner testified that in order to match the existing rooflines and architectural integrity of the existing house and detached garage, the only location to construct the addition is approximately 12'10" from the corner side property line.

E. That the Zoning Hearing Officer finds that petitioner has demonstrated sufficient evidence for a practical difficulty and particular hardship for the subject Variation, as the existing home and detached garage were built too close to the corner side property line.

- Furthermore, that in order to match the existing roofline and architectural integrity of the existing house and detached garage, the only location to construct the proposed addition to attach the existing detached garage to the existing house is approximately 12'10" from the corner side property line.

STANDARDS FOR VARIATIONS:

1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.

2. That the Zoning Hearing Officer finds that petitioner **has demonstrated** the granting of the Variation will not:

a. Impair an adequate supply of light and air to the adjacent property as petitioner **has demonstrated** that the existing home was constructed too close to the corner side property line and that proposed addition to attach the existing detached garage to the house will not impair an adequate supply of light and air to the adjacent property.

b. Increase the hazard from fire or other dangers to said property as petitioner **has demonstrated** that they will obtain a building permit for the proposed addition to attach the existing detached garage to the house and that it will be built pursuant to all DuPage County building codes.

Diminish the value of land and buildings throughout the County as petitioner **has demonstrated** that the proposed addition to attach the existing detached garage to the house will be an added benefit to the surrounding area and not diminish the value of land and buildings throughout the County.

d. Unduly increase traffic congestion in the public streets and highways as petitioner **has demonstrated** that the proposed addition to attach the existing detached garage to the house will not increase traffic congestion in the public streets and highways.

Per a boundary agreement with the Village of Downers Grove, this property is located within the Village of Westmont's future annexation area. If the property is annexed in the future, it would be incorporated into the Village of Westmont. The likely zoning district designation would be the R-3 Single-Unit Detached Residence District, which requires a minimum street-side setback of 15 feet. The Village of Westmont does not support the requested variation because the 12 foot and 10 inch proposed setback fails to meet the Village's minimum street-side setback requirement and would create non-conforming issues when annexed into the Village."

Zoning Petition ZONING-26-000003 Bell

WHEREAS, a public hearing was held on February 18, 2026 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 2:30 P.M. before the DuPage County Zoning Hearing Officer and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

Variation to allow the finished "good" side of an existing fence to face inward instead of outward, on the property hereinafter described:

LOT 8 (EXCEPT THE WEST 122 FEET) IN BLOCK 9, IN ARTHUR T. MCINTOSH AND COMPANY'S FAIRVIEW AVENUE SUBDVISION, BEING A SUBDIVISION IN THE EAST HALF OF SECTION 5, TOWNSHIP 38 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, AND IN THE SOUTHEAST QUARTER OF SECTION 32, TOWNSHIP 39 NORTH, RANGE 11 EAST OF THE THIRD PRINCIPAL MERDIAN, ACCORDING TO THE PLAT THEREOF RECORDED SEPTEMBER 7, 1923 AS DOCUMENT 169326, IN DUPAGE COUNTY, ILLINOIS; and

WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on March 4, 2026 does find as follows:

FINDINGS OF FACT:

A. That petitioner testified that the subject zoning relief is for a Variation to allow the finished "good" side of an existing fence to face inward instead of outward.

B. The petitioner testified that a building permit was issued for the subject fence.

- Furthermore, that petitioner testified that due to the installation technique of a "log framing"-style fence and the presence of a privacy fence on the neighboring property, a portion of the subject fence has the finished side facing inward, with the vertical posts located on the exterior.

C. The petitioner testified that, because of the neighboring fence, the log posts could not be installed on the interior side of the subject fence.

D. The petitioner testified that the log posts are situated between two privacy fences-one on the subject property and one on the neighboring property-and are not directly visible to the public.

E. The Zoning Hearing Officer finds that petitioner has demonstrated the existence of a unique circumstance and practical difficulty of the subject property.

- The Zoning Hearing Officer finds that upon review of photographs of the "log framing" fence provided by the petitioner, which includes bracing on both sides, the Officer finds that either side of the fence could reasonably be interpreted as the finished ("good") side.

STANDARDS FOR VARIATIONS:

1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.

2. That the Zoning Hearing Officer finds that petitioner **has demonstrated** the granting of the Variation will not:

a. Impair an adequate supply of light and air to the adjacent property as petitioner **has demonstrated** that the existing fence does not exceed the permitted height and therefore does not impair an adequate supply of light and air to the adjacent property.

b. Increase the hazard from fire or other dangers to said property as petitioner **has demonstrated** that they have obtained a permit for the DuPage County Building and Zoning Department and that other than the finished "good" side facing inward on one section of the fence, the existing fence meets all other codes of the County.

c. Diminish the value of land and buildings throughout the County as petitioner **has demonstrated** that the portion of the fence with the finished "good" side facing inward is located adjacent to a taller, neighboring fence and will not diminish the value of land and buildings throughout the County.

d. Unduly increase traffic congestion in the public streets and highways as petitioner **has demonstrated** that the existing fence is located in the rear yard and will not increase traffic congestion in the public streets and highways.

e. Increase the potential for flood damages to adjacent property as petitioner **has demonstrated** that the existing fence was approved by drainage and will not increase the potential for flood damages to adjacent property.

f. Incur additional public expense for flood protection, rescue or relief as petitioner **has demonstrated** that the existing fence was approved by drainage and will not incur additional public expense for flood protection, rescue, or relief.

g. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County as petitioner **has demonstrated** that the existing fence does not impair the public health, safety, comfort,

morals or general welfare of the inhabitants of DuPage County.

Zoning Petition ZONING-26-000004 McClintock

WHEREAS, a public hearing was held on March 4, 2026 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 2:30 P.M. before the DuPage County Zoning Hearing Officer and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

1. Conditional Use to allow an existing chicken coop and chicken run to remain less than 25 feet from the interior side property (approximately 8 feet), where it has existed for at least 5 years.
2. Conditional Use to allow an existing chicken run (fencing) to be over 6'6" tall (approximately 8 feet in some locations), where it has existed for at least 5 years, on the property hereinafter described:

LOT 100 IN HINSDALE TIMBER LAKE ESTATES UNIT 2, IN THE SOUTH HALF OF THE SOUTHWEST QUARTER OF THE SOUTHWEST QUARTER OF SECTION 35, TOWNSHIP 38 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN; ALSO IN THE EAST HALF OF THE SOUTHEAST QUARTER OF SECTION 34, TOWNSHIP 38 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, LYING SOUTH OF THE SOUTHERLY RIGHT OF WAY LINE OF FÉDERAL AID ROUTE 98 RECORDED AS DOCUMENT 527480; ALSO IN THE NORTH HALF OF THE NORTHEAST QUARTER OF SECTION 3, TOWNSHIP 37 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, EXCEPT THE EAST 1000.0 FEET; ACCORDING TO THE PLAT THEREOF RECORDED NOVEMBER 24, 1954 AS DOCUMENT 738316, AND AS CORRECTED BY CERTIFICATE OF CORRECTION RECORDED JANUARY 28, 1955 AS DOCUMENT 744581, IN DUPAGE COUNTY, ILLINOIS; and

WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on March 18, 2026 does find as follows:

FINDINGS OF FACT:

A. That petitioner testified that the subject zoning relief is for a Conditional Use to allow an existing chicken coop and chicken run to remain less than 25 feet from the interior side property (approximately 8 feet), where it has existed for at least 5 years and a Conditional Use to allow an existing chicken run (fencing) to be over 6'6" tall (approximately 8 feet in some locations), where it has existed for at least 5 years.

B. That petitioner testified that the subject chicken coop and chicken run have existed on the property since 2020.

C. That petitioner testified that the existing chicken coop is located next to an existing shed and that the existing chicken run is located around the chicken coop.

D. That petitioner testified that the existing chicken coop is low-profile and that the fencing is open/at least 50% open.

E. That petitioner testified that they have five (5) chickens/hens and no roosters.

F. That petitioner testified that they do not have any visitors for the chicken coop, that the keeping of chickens and chicken eggs are only for the occupants of the household.

G. That petitioner testified that they do not sell the eggs from their chickens.

H. That the Zoning Hearing Officer finds that petitioner has presented sufficient evidence to satisfy the Standards for a Conditional Use to allow an existing chicken coop and chicken run to remain less than 25 feet from the interior side property (approximately 8 feet), where it has existed for at least 5 years and a Conditional Use to allow an existing chicken run (fencing) to be over 6'6" tall (approximately 8 feet in some locations), where it has existed for at least 5 years.

I. That the Zoning Hearing Officer further finds that the existing chicken coop and run does not adversely impact adjacent properties or roadways, does not negatively affect drainage patterns in the area, and does not impede adequate light or ventilation to the subject property or neighboring properties.

J. In addition, the Zoning Hearing Officer finds that the principal issue is whether the infringement of setback and height requirements creates a nuisance, and notes that two neighboring property owners provided evidence in support of the request, indicating that no such nuisance exists.

STANDARDS FOR CONDITIONAL USES:

1. That the Zoning Hearing Officer finds that petitioner has demonstrated that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development; and specifically, that the granting of the Conditional Use will not:

   a. Impair an adequate supply of light and air to the adjacent property as petitioner has demonstrated that the existing chicken and coop is low-profiles with open fencing and does not impact or impair the supply of light and air to adjacent properties.

   b. Increase the hazard from fire or other dangers to said property as petitioner has demonstrated that they will receive a building permit from the County for the existing chicken and coop.

   c. Diminish the value of land and buildings throughout the County as petitioner has demonstrated that the existing chicken and coop does not diminish the value of land throughout the County.

d. Unduly increase traffic congestion in the public streets and highways as petitioner has demonstrated that the existing chicken and coop is located behind the front wall of the home and does not impact traffic congestion in the public streets and highways.

e. Increase the potential for flood damages to adjacent property as petitioner has demonstrated that that the existing chicken and coop has not increased the potential for flood damages to the adjacent property.

f. Incur additional public expense for flood protection, rescue or relief as petitioner has demonstrated that the existing chicken and coop does not incur additional public expense for flood protection, rescue, or relief.

g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner has demonstrated that the existing chicken and coop does not have any impact on adjacent properties and roadways, does not impact on drainage, and does not impede ventilation and light to the subject property or adjacent properties.

6. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

ZHO Recommendation to Approve

FINDINGS OF FACT:

A. That petitioner testified that the subject zoning relief is for a Conditional Use to allow an existing chicken coop and chicken run to remain less than 25 feet from the interior side property (approximately 8 feet), where it has existed for at least 5 years and a Conditional Use to allow an existing chicken run (fencing) to be over 6'6" tall (approximately 8 feet in some locations), where it has existed for at least 5 years.

B. That petitioner testified that the subject chicken coop and chicken run have existed on the property since 2020.

C. That petitioner testified that the existing chicken coop is located next to an existing shed and that the existing chicken run is located around the chicken coop.

D. That petitioner testified that the existing chicken coop is low-profile and that the fencing is open/at least 50% open.

E. That petitioner testified that they have five (5) chickens/hens and no roosters.

F. That petitioner testified that they do not have any visitors for the chicken coop, that the keeping of chickens and chicken eggs are only for the occupants of the household.

G. That petitioner testified that they do not sell the eggs from their chickens.

H. That the Zoning Hearing Officer finds that petitioner has presented sufficient evidence to satisfy the Standards for a Conditional Use to allow an existing chicken coop and chicken run to remain less than 25 feet from the interior side property (approximately 8 feet), where it has existed for at least 5 years and a Conditional Use to allow an existing chicken run (fencing) to be over 6'6" tall (approximately 8 feet in some locations), where it has existed for at least 5 years.

I. That the Zoning Hearing Officer further finds that the existing chicken coop and run does not adversely impact adjacent properties or roadways, does not negatively affect drainage patterns in the area, and does not impede adequate light or ventilation to the subject property or neighboring properties.

J. In addition, the Zoning Hearing Officer finds that the principal issue is whether the infringement of setback and height requirements creates a nuisance, and notes that two neighboring property owners provided evidence in support of the request, indicating that no such nuisance exists.

STANDARDS FOR CONDITIONAL USES:

1. That the Zoning Hearing Officer finds that petitioner has demonstrated that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development; and specifically, that the granting of the Conditional Use will not:

    a. Impair an adequate supply of light and air to the adjacent property as petitioner has demonstrated that the existing chicken and coop is low-profiles with open fencing and does not impact or impair the supply of light and air to adjacent properties.

    b. Increase the hazard from fire or other dangers to said property as petitioner has demonstrated that they will receive a building permit from the County for the existing chicken and coop.

c. Diminish the value of land and buildings throughout the County as petitioner has demonstrated that the existing chicken and coop does not diminish the value of land throughout the County.

d. Unduly increase traffic congestion in the public streets and highways as petitioner has demonstrated that the existing chicken and coop is located behind the front wall of the home and does not impact traffic congestion in the public streets and highways.

e. Increase the potential for flood damages to adjacent property as petitioner has demonstrated that that the existing chicken and coop has not increased the potential for flood damages to the adjacent property.

f. Incur additional public expense for flood protection, rescue or relief as petitioner has demonstrated that the existing chicken and coop does not incur additional public expense for flood protection, rescue, or relief.

g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner has demonstrated that the existing chicken and coop does not have any impact on adjacent properties and roadways, does not impact on drainage, and does not impede ventilation and light to the subject property or adjacent properties.

MEMORANDUM OF UNDERSTANDING

BETWEEN

THE CITY OF AURORA POLICE DEPARTMENT

AND

SHERIFF OF DUPAGE COUNTY AND THE COUNTY OF DUPAGE

1. PURPOSE

The purpose of this Memorandum of Understanding (MOU) between the City of Aurora Police Department (APD) and the Sheriff of DuPage County and the County of DuPage (hereinafter. "DuPage County Sheriff's Office) referred to as the "parties" is to define the responsibilities of the parties with respect to the scheduling and use of APD's National Integrated Ballistic Information Network (NIBIN). It sets forth the agreed upon procedures for management, accountability, direction, authority, and liabilities of the parties in conjunction with this effort.

2. BACKGROUND

This MOU is being executed for the purpose of enhancing the parties' efforts to combat, link, and solve violent crimes involving firearms. The parties have entered into this agreement to accomplish each party's objective to resolve violent crimes through participation in the NIBIN program.

The parties understand that participation in the NIBIN program is contingent on continued approval from the Bureau of Alcohol, Tobacco and Firearms (ATF) through a MOU between ATF and APD, which is incorporated by reference into this MOU. The NIBIN network and certain associated computer systems are the property of ATF and the U.S. Government. ATF has granted APD permission to use the NIBIN network and two computer systems (e.g., one entry station and one analysis station), which are under APD's operational control, facility space, and exclusive control. As an ATF NIBIN partner, APD may provide NIBIN network and systems access to another law enforcement agency provided the other law enforcement agency agrees to the same restrictions on the use of the NIBIN network and systems as placed on APD.

The parties agree that APD possesses the necessary network access, equipment, space and ballistic facility. The parties recognize that their objectives are best met through integrated and coordinated actions that leverage their respective expertise and infrastructure through robust information sharing.

3. SCOPE

This MOU defines the responsibilities of the parties to the agreement.

The parties will be responsible for the following:

a. DuPage County Sheriff's Office will provide personnel who have successfully completed certification training for the purpose of acquiring, reviewing, and analyzing data.

b. DuPage County Sheriff's Office will be responsible for its own evidentiary chain of custody and will provide personnel to conduct their own examinations. No items of evidence will be stored at APD facilities. DuPage County Sheriff's Office will be responsible for entering its own evidence to include test fired specimens from recovered weapons.

c. DuPage County Sheriff's Office will adhere to any "use of equipment" schedule for routine use, review and analysis to promote efficient and effective operations of any APD ballistics identification system. In the event of a high profile or urgent case, expedited processing outside of any "use of equipment" schedule may be necessary. The parties agree to communicate with any other affected parties to other APD NIBIN agreements to ensure minimization of impact to the other parties.

d. DuPage County Sheriff's Office will comply with all federal security requirements related to the NIBIN program, network, or systems to ensure the integrity of the program. These requirements are set forth under NIBIN security policies and the ATF-APD MOU incorporated by reference into this MOU.

e. DuPage County Sheriff's Office will adhere to the same restrictions on the use of the NIBIN program, network, or systems that have been placed upon APD under the ATF-APD MOU. This includes, but is not limited to, clauses in the ATF-APD MOU regarding the scope of the NIBIN program, publicity, disclosure of information related to NIBIN, and personnel and training requirements. These requirements are set forth under the ATF-APD MOU incorporated by reference into this MOU.

4. FUNDING

Each party to this MOU shall be responsible for its own costs associated with implementing its requirements under this MOU. Any expenditure of funds is subject to the availability of said funds.

5. DISCLOSURE AND USE OF INFORMATION

The parties agree to the following disclosure and use policy. The parties may share information with each other in accordance with the rules of its own agency. Information which is shared between the parties may be used by the recipient for any authorized law enforcement purpose.

6. SETTLEMENT OF DISPUTES

Disagreements between the parties arising under or related to this MOU will be resolved by consultation between the parties and will not be referred to a Federal or State court or entity for settlement. The parties agree to make every effort to settle disagreements at the lowest level appropriate under the circumstances. In the event of an impasse or issues beyond the authority of APD and DuPage County Sheriff's Office personnel involved, the matter in dispute will be referred to the parties' respective headquarters for resolution. This section does not affect APD's or the County of DuPage's or the Sheriff of DuPage's right to seek indemnification under Paragraph 9 below.

7. COORDINATION AND DECONFLICTION

If analysis of a shell casing identifies a potential high confidence candidate that crosses regional jurisdictional boundaries, the parties agree to collaborate with other law enforcement agencies as quickly as possible to advance the investigation.

The parties will coordinate and deconflict through their representatives prior to taking operational action based in whole or in part from information received or derived from another party pursuant to this MOU.

8. AMENDMENT, TERMINATION, ENTRY INTO FORCE, AND DURATION

With regard to amendment, termination, entry into force, and duration of this agreement the following procedures apply:

a. Except as otherwise provided, this MOU may only be amended by the mutual written consent of the parties' authorized representatives.

b. Either party may terminate this MOU at any time, and for any reason, upon 30 days written notification to the other party.

In the event of such termination, the following rules apply:

a. The termination party will continue to participate up to the effective date of termination.

b. Each party will pay its own costs incurred as a result of termination.

c. All information and rights therein received under the provisions of the MOU prior to the termination will be retained by the parties, subject to the provisions of this MOU.

9. INDEMNIFICATION

To the extent permitted by law, each party agrees to defend, indemnify and hold harmless the other, including its employees and officers, for any and all claims, suits, causes or action, damages, or the like or for the cost incurred in any adjudication or settlement of the foregoing. This includes, but is not limited to, attorney's fees and costs, which may arise from any alleged use or misuse of documents, equipment, facilities or information provided by APD pursuant to this MOU, or by any negligent or willful and wanton act or omission on the part of either party. This also specifically includes any costs incurred to investigate potential breaches of this data and, where applicable, the cost of notifying individuals who may be impacted by the breach.

10. DURATION

This MOU will be effective upon signature of both parties and will remain in effect for five years. It may be extended by mutual written consent of the parties' authorized representatives.

11. ENTIRE AGREEMENT

The foregoing represents the entire agreement and understandings reached by the parties referred to herein. There are no representations or other provisions other than those contained herein, and any amendment to or modification of this MOU will be made only in writing and signed by the Parties.

In witness thereof, the parties have hereby executed this Memorandum of Understanding this _____ day of _____, 2026, by their duly authorized representative

Action Requested - Identify the action to be taken and the total cost; for instance, approval of new contract, renew contract, increase contract, etc.

Approve contract increase of $60,000.00 for future anticipated repairs and rebuild/replacement of a main motor assembly at the Knollwood Wastewater Treatment Plant.

Summary Explanation/Background - Provide an executive summary of the action. Explain why it is necessary and what is to be accomplished.

A contract increase totaling $60,000.00 is necessary to rebuild a main motor assembly for the K-Turbo Blowers at the Knollwood Wastewater Treatment Facility. There are 3 K-Turbo Blowers that are serviced and repaired by the sole source vendor, HTURBO. The Public Works Department has previously repaired and rebuilt two blowers and now the third one is in need of replacement. After consideration, it was necessary to rebuild the main motor assembly due to the cost of a new blower exceeding $200,000. This agreement is currently though August 31, 2027, so additional funds are being requested to cover future parts and service needed on the blowers.

Strategic Impact

Quality of Life

Select one of the six strategic imperatives in the County's Strategic Plan this action will most impact and provide a brief explanation.

The KTurbo Blowers are over 10 years old and have had minimal repair costs while in service at DuPage County's Knollwood Wastewater Treatment Plants. In order to maintain permit compliance, blowers are needed in the aeration basins to improve the oxygen levels at the beginning of the process. Without the blowers running efficiently and effectively, the risk of downtime increases, which could pose a permit compliance risk, as well as increases the energy cost to run the blowers. The replacement of the motor assembly is necessary due to the age and to maintain reliability.

Source Selection/Vetting Information - Describe method used to select source.

HTURBO, INC. is the sole source provider for K Turbo Blower Parts and Service. HTURBO, INC. was provided purchase order number #6634SERV on September 12, 2023 for K Turbo Parts and Service on an as needed basis.

Recommendations/Alternatives - Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request.

1. Approve contract increase of $60,000.00 for future anticipated repairs and rebuild/replacement of a main motor assembly at the Knollwood Wastewater Treatment Plant.
2. Do not approve contract increase. Not recommended due to the motor main assembly requiring replacement.

Fiscal Impact/Cost Summary - Include projected cost for each fiscal year, approved budget amount and account number, source of funds, and any future funding requirements along with any narrative.

$60,000.00 will be removed from 2000-2555-53300 ($10,000 in FY26 and $50,000 in FY27).

If plans and specifications have been furnished to ORC, Customer warrants that they are sufficient and confirm to all applicable laws and building codes. ORC is not responsible for location of roof drains or drainage unless noted otherwise. ORC is not responsible for any loss, damage or expense due to defects in plans or specifications or building code violations unless such damage results from a deviation by ORC from what is specified. ORC is not responsible for condensation, moisture migration from the building interior or other building components, location or size of roof drains, adequacy of drainage, ponding on the roof, structural conditions or the properties of the roof deck or substrate on which ORC's roofing Work is installed.

2. **Deck**. Customer warrants that structures on which ORC is to work are in sound condition and capable of withstanding roof construction, equipment and operations. ORC's commencement of roof installation indicates only that ORC has visually inspected the surface of the roof deck for visible defects. ORC is not responsible for the structural sufficiency, quality of construction (including compliance with FMG criteria), undulations, fastening or moisture content of the roof deck or other trades' work or design. ORC is not responsible to test or assess moisture content of the deck or substrate. ORC is not responsible for moisture in the deck or interior affecting the roofing materials**.**

3. **Payment**. Unless stated otherwise on the face of this proposal, Customer shall pay the contract price plus any additional charges for changed or extra work no later than the time provided for by the Illinois Local Government Prompt Payment Act, 50 ILCS 505/1 *et seq*. (hereinafter "the Prompt Payment Act"), after ORC sends its final invoice. Substantial Completion is the stage at which the Work is sufficiently completed that it can be used for its intended purpose. If completion of the Work extends beyond one month, Customer shall make monthly progress payments to ORC by or before the time allotted by the Prompt Payment Act. Unless otherwise agreed on the face of this proposal, Customer shall not withhold retainage. If any retainage is withheld, Customer shall withhold it at the maximum rate of 5%. Final payment shall be made to ORC within the time allotted by the Prompt Payment Act after substantial completion of the Work and receipt of ORC's final invoice. All sums not paid in full when due shall earn interest at the rate provided for by the Prompt Payment Act until paid. A delay by the manufacturer in the processing and formal issuance of manufacturer's warranty document shall not be cause to delay the Customer's payment to ORC. OC will furnish waivers of lien for payments as requested and agreed upon. ORC's entitlement to payment is not dependent upon criteria promulgated by Factory Mutual Global, including wind uplift testing.

4. **Right to Stop Work**. The failure of Customer to make proper payment to ORC when due shall, in addition to all other rights, constitute a material breach of contract and shall entitle ORC, at its discretion, to suspend all Work and shipments, including furnishing warranty, until full payment is made. The time period in which ORC shall perform the Work shall be extended for a period equal to the period during which the Work was suspended, and the Contract Price to be paid ORC shall be increased by the amount of ORC's reasonable costs of shut-down, delay and start-up.

5. **Insurance**. ORC shall carry worker's compensation, automobile liability, commercial general liability (bodily injury and property damage), and such other insurance as required by law. ORC will furnish a Certificate of Insurance, evidencing the types and amounts of its coverage's, upon request. Customer shall maintain self-insurance sufficient to cover the total value of the entire Project on a replacement cost basis, plus 25%, including the labor, material and equipment furnished by ORC, covering fire, windstorm, extended coverage, malicious mischief, vandalism and theft on the premises to protect against loss or damage to material and equipment and partially completed work until the job is completed and accepted and ORC's equipment is removed from the premises.. To the extent applicable, there shall be a mutual waiver of subrogation to the extent that builder's risk insurance responds to a claim caused by a peril covered by builder's risk insurance.

6. **Indemnity**. ORC shall, at all times, to the extent permitted by law, fully indemnify, hold harmless, and defend the Customer and its officers, agents, and employees from and against any and all claims and demands, actions, causes of action, and cost and fees of any character whatsoever made by anyone whomsoever on account of or in any way growing out of the performance of this contract by ORC and its employees because of any act or omission, neglect or misconduct of ORC, its employees and agents, or its subcontractors including, but not limited to, any claims that may be made by the employees themselves for injuries to their person or property or otherwise, and any claims that may be made by the employees themselves or by the Illinois Department of Labor for ORC's violation of the Illinois Prevailing Wage Act (820 ILCS 130/1 *et seq*.). Such indemnity shall not be limited by reason of the enumeration of any insurance coverage or bond herein provided. Nothing contained herein shall be construed as prohibiting the Customer, its officers,

agents, or its employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, actions or suits brought against them. ORC shall likewise be liable for the cost, fees and expenses incurred in the Customer's or ORC's defense of any such claims, actions, or suits. To the extent permitted by applicable law, Customer shall indemnify and hold harmless ORC from all damages, losses, or expenses, including attorney's fees, arising from any claims or damages for bodily injury, sickness, disease, or death, or from claims for damage to the extent due to the negligence of Customer or the fault of any of its agents, representatives or employees.

7. **Additional Insured**. If Customer requires and ORC agrees to make Customer or others additional insureds on ORC's liability insurance policy, Customer and ORC agree that the naming of Customer or others as additional insureds is intended to apply to claims made against the additional insured to the extent the claim is due to the negligence of ORC and is not intended to make ORC's insurer liable for claims that are due to the fault of the additional insured or others.

8. **Working Hours**. This Proposal is based upon the performance of all work during ORC's regular working hours. Extra charges will apply for overtime and all work performed other than during ORC's regular working hours, if required by the customer.

9. **Asbestos and Toxic Materials**. This proposal and contract is based on the assumption that the work to be performed by ORC does not involve asbestos-containing or toxic materials and that asbestos-containing or toxic materials will not be encountered or disturbed during the course of performing the roofing work. ORC is not responsible for expenses, claims or damages arising out of the presence, disturbance or removal of asbestos-containing or toxic materials. In the event that such materials are encountered, ORC reserves the right to rescind this contract and receive payment for work performed or suspend its work for a reasonable period of time while the Customer engages a firm specializing in the removal and disposal of asbestos or toxic materials or submit a change order and perform the necessary work for additional compensation. In any event, ORC shall be entitled to reasonable compensation for all additional expenses incurred as a result of the presence of asbestos-containing or toxic materials at the work site. To the extent permitted by applicable law, Customer agrees to indemnify ORC from and against any liability, damages, losses, claims, demands or citations arising out of the presence of ACM.

10. **Cleanup & Interior Protection.** Customer acknowledges that re-roofing of an existing building may cause disturbance, dust, debris or fireproofing to fall into the interior depending on existing building conditions. Customer agrees to remove or protect property directly below the roof in order to minimize potential interior damage. ORC shall not be responsible for disturbance, damage, clean-up or loss to interior property that Customer did not remove or protect prior to commencement of roofing operations. Customer shall notify occupants and tenants of re-roofing and the need to provide protection underneath areas being re-roofed. Customer agrees to hold ORC harmless from claims from those who were not so notified and did not provide protection.

11. **Deck Repairs & Unforeseen Conditions**. Any work required to replace rotten or missing wood or deteriorated decking to make the deck suitable for roof installation shall be done on a labor and material or unit price basis as an extra unless specifically included in the Scope of Work. Deck repairs or replacement shall be performed as needed to provide an adequate substrate for the roofing materials. Unforeseen conditions that may affect the Work will be reported to Customer and authorization requested prior to permanent repairs being performed.

12. **Roof Projections**. ORC will flash roof projections that are in place prior to installation of roofing or shown on the architectural plans provided to ORC. Penetrations not shown on the plans provided to ORC prior to submittal of this Proposal/Contract or required after installation of roofing shall be considered an order for extra work, and ORC shall be compensated at its customary time and material rates for additional expense resulting from additional penetrations.

13. **Changes in the Work and Extra Work**. Customer shall be entitled to submit a written request for ORC to perform changes, consisting of alterations in, additions to or omissions from the Work, provided that any request for such changes shall be made in writing and the total contract price adjusted accordingly. ORC shall not be required to perform any changed or additional work without a written change order. Changes shall not be implemented unless approved in writing by the Parties authorized representative(s). Any penetrations through the roofing to be installed by ORC not shown on the plans provided to ORC prior to submittal of this proposal shall be considered an order for extra work, and ORC shall be compensated for labor and material costs incurred by ORC resulting from such additional penetrations. Any work resulting in a reduction in the scope of work shall be similarly credited to the Customer.

14. **Wind Loads or Uplift Pressures**. Design Professional is responsible to design the Work to be in compliance with applicable codes and regulations and to specify or show the work that is to be performed. ORC is not responsible for design, including calculation or verification of wind-load design. To the extent minimum wind loads or uplift pressures are required, ORC's bid is based solely on manufacturer's printed test results. ORC itself makes no representation regarding wind uplift capacity and assumes no liability for wind uplift.

15. **Fumes & Emissions**. Customer acknowledges that odors and emissions from roofing products will be released as part of the roofing operations to be performed by ORC. Customer shall be responsible for interior air quality, including controlling mechanical equipment, HVAC units, intake vents, wall vents, windows, doors and other openings to prevent fumes and odors from entering the building. Customer is aware that roofing products emit fumes, vapors and odors during the application process. Some people are more sensitive to these

emissions than others. Customer shall hold ORC harmless from claims from third parties relating to fumes and odors that are emitted during the normal roofing process.

16. **Material Cost Escalation and Availability** If materials or equipment which ORC is required to furnish become unavailable either temporarily or permanently subsequent to the executive of this proposal through causes beyond the control and without the fault of ORC, then in the case of temporary unavailability the contract time shall be extended by change order for such period of time as ORC shall be delayed by such unavailability, and in the case of permanent unavailability, ORC shall be excused from the requirement of furnishing such materials or equipment. Customer agrees to pay ORC an increase in cost between the cost of the materials or equipment which have become permanently unavailable and the cost of the closest substitute which is then reasonably available. In the event of a substitution resulting in a material cost decrease, ORC agrees to credit Customer for same.

17. **Roof Top Safety**. Customer warrants there will be no live power lines on or near the roof servicing the building where ORC will be working, and that Customer will turn off any such power supplies to avoid an electrocution risk to ORC's employees. To the extent permitted by applicable law, Customer will indemnify ORC from personal injury and other claims and expenses if Customer fails to turn-off power so as to avoid injury to ORC personnel or resulting from the presence of concealed electrical conduit and live electrical power. ORC is not responsible for costs of repair or damages, including disruption of service, resulting from damage to undisclosed or concealed electrical or other utility lines. Customer shall shut down roof located electronic equipment that emits or receives radio frequency waves while roofing Contractor is to be working on the roof so that roofing personnel will not be subject to radio frequency waves or electromagnetic radiation while working on the roof and, to the extent permitted by applicable law, shall indemnify and hold ORC and its personnel harmless from any personal injury claims resulting from a failure by Customer to do so. ORC is not responsible for the safety of persons on the roof other than its own employees. Customer and general contractor agree to and, to the extent permitted by applicable law, shall indemnify and hold ORC harmless, including attorneys' fees, from claims for personal injury by persons or entities whom Customer or general contractor have allowed or authorized to be on the roof.

18. **Conduit and Materials Attached to Deck**. ORC's price is based upon there not being electrical conduit, cables, wires or other materials embedded within the roof assembly or attached directly to the underside or topside of the roof deck upon which ORC will be installing the new roof. ORC is not responsible for conduit, wires, cables, pipes, fireproofing or any objects attached to the underside of the roof decking which could be damaged during installation of the new roof system or repairs.

19. **Warranty**. ORC's new roofing and re-roofing work will be warranted to ORC in accordance with its standard warranty, which is made a part of this proposal and contract and incorporated by reference. A facsimile of ORC's standard warranty is attached or, if not, will be furnished upon required. ORC SHALL NOT BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. The acceptance of this proposal by the Customer signifies its agreement that this warranty shall be and is the exclusive remedy against ORC. A manufacturer's warranty shall be furnished to Customer if a manufacturer's warranty is called for on the face of this proposal. It is expressly agreed that in the event of any defects in the materials provided pursuant to this contract, Customer shall have recourse only against the manufacturer per the terms and conditions of the manufacturer warranty**.**

20. **Damages and Delays**. ORC will not be responsible for damage done by others to ORC's work including damage to temporary tie-ins, punctures, cuts and tears in the roof membrane or flashings made by others. Any repairing of the same by ORC will be charged at regular scheduled rates over and above the amount of this proposal, and ORC's time for performance shall be extended for a time sufficient to make such repairs. Neither Party shall not be responsible for loss, damage, penalties or delay caused due to inclement weather or by circumstances beyond its reasonable control, including but not limited to acts of God, pandemics, epidemics, quarantines, accidents, unavoidable casualties, snow, ice dams, fire, adverse weather, vandalism, federal, state or local law, regulation or order, strikes, jurisdictional disputes, failure or delay of transportation, shortage of or inability to obtain materials, equipment or labor, changes in the work and delays caused by others. In the event of these occurrences, the Parties' time for performance under this proposal shall be extended for a time sufficient to permit completion of the Work or other performance, and the Parties shall be granted an equitable adjustment in the contract price if additional costs are incurred.

21. **Availability of Site**. ORC shall be provided with direct access to the work site for the passage of trucks and materials and direct access to the roof. The raising, disconnection, re-connection, or relocation of any mechanical equipment on the roof that may be necessary for ORC to perform the roofing work shall be performed by others or treated as an extra. ORC shall not be required to begin work until underlying areas are ready and acceptable to receive ORC's work and sufficient areas of roof deck are available and free from dirt, snow or debris to allow continuous full operation until job completion. The expense of any extra trips by ORC to and from the job as a result of the job not being ready for roof application after ORC has been notified to proceed may be charged as an extra. Customer shall provide to ORC at the worksite sufficient storage room for all materials and reasonable use of such facilities as scaffolding, elevators, and such other equipment as may be available for handling materials. Customer shall permit ORC to use driveways and paved areas leading to or adjacent to the worksite for ORC equipment without liability to ORC occasioned by such use unless the damages are due to the intentionally wrongful or negligent act or omission of ORC, its agents or employees. Customer shall supply to ORC at the worksite: water, power, site security, and clear access to work area.

22. **Tolerances & Product Specifications**. All materials and work shall be furnished in accordance with normal industry tolerances for color, variation, thickness, size, weight, amount, finish, texture and performance standards. Specified quantities are intended to represent an average over the entire roof area. ORC is not responsible for the actual verification of technical specifications; i.e., R value or ASTM or UL compliance, but rather the materials used are represented as such by the material manufacturer.

23. **Back Charges.** No backcharges or claims for payment of services rendered or materials and equipment furnished by Customer to ORC shall be valid unless previously authorized in writing by ORC **and unless written notice is given to** ORC within five (5) days of the event, act or omission which is the basis of the backcharge. ORC will approve or reject such claims or charges within seven (7) days of notification.

24. **Existing Conditions.** ORC is not responsible for leakage through the existing roof or other portions of the building that have not yet been reroofed by ORC.

25. **Mold**. ORC and Customer are committed to acting promptly so that roof leaks are not a source of potential interior mold growth. Customer will make periodic inspections for signs of water intrusion and act promptly including prompt notice to ORC if Customer believes there are roof leaks, to correct the condition. Upon receiving notice, ORC will make roof repairs. Customer is responsible for monitoring any leak areas and for indoor air quality. ORC is not responsible for mold or indoor air quality. To the extent permitted by applicable law, Customer shall hold harmless and indemnify ORC from claims due to indoor air quality and resulting from a failure by Customer to maintain the building in a manner to avoid growth of mold.

26. **Oil Canning.** Metal roofing and wall panels, especially lengthy flat-span sheet-metal panels, often will exhibit waviness, commonly referred to as "oil-canning." The degree of oil-canning and the appearance of the panels will vary depending on factor such as the length and color of the panels, alloy, gauge, galvanizing process, substrate condition, and exposure to sunlight. Oil-canning pertains to aesthetics and not the performance of the panels and is not controlled by ORC. The type of metal roofing or wall panels specified may affect the degree of oil-canning. ORC is not responsible for oil-canning or aesthetics. Oil-canning is not grounds to withhold payment or reject panels of the type specified.

27. **Severability.** If any provision of this agreement is found to be invalid or unenforceable, the remaining provisions shall remain in full force and effect.

Re: TIPS Federal Funds Disclaimer and Information Sheet

To whom it may concern:

You have clicked on a link or otherwise sought to determine whether a specific TIPS Vendor on a specific TIPS Contract is EDGAR compliant. If the website states "No" to EDGAR compliance for that specific Vendor Contract, then the specific TIPS Vendor on that specific TIPS Contract is ***not EDGAR compliant***. If the website states "View Doc" to EDGAR compliance and you are linked to this letter, then TIPS has ensured the specific TIPS Vendor's compliance with 2 CFR 200 on the specified contract ***to the extent a cooperative can do so***, as described below.

Region 8 Education Service Center (Region 8 ESC) is a Texas Education Service Center which operates The Interlocal Purchasing System (TIPS), a purchasing cooperative and department of Region 8 ESC. This document certifies that Region 8 ESC and TIPS made every effort to comply with the most restrictive requirements of 2 CFR 200, identified for educational purposes as the Education Department General Administrative Regulations ("EDGAR"). Please note that federal funds not sourced from the US Department of Education are likely regulated by 2 CFR 200 but are not technically "EDGAR." Each federal agency and its corresponding state "pass-through" agency may interpret 2 CFR 200 differently. TIPS certifies that it competitively procures all awarded contracts pursuant to § 44.031 of the Texas Education Code, or Texas Government Code § 2269, as applicable, the most restrictive procurement method, and performs the most restrictive procurement method required by law and regulation, including all of the necessary steps outlined in 2 CFR 200, except the Price or Cost Analysis for purchases of $250,000 and greater. (See below). ***This letter certifies that the Vendor agreed to those 2 CFR 200 contract provisions for the specified contract.***

However, this TIPS certification cannot relieve Members of federal requirements that cannot reasonably be performed by cooperatives. For example, 2 CFR 200 requires a cost or price analysis for purchases over $250,000.00, a threshold adopted by TEA and the US Dept. of Education. TIPS does not perform a formal cost or price analysis because TIPS is not the entity making the actual purchase of goods or services. If a Vendor is awarded then TIPS has determined that the pricing is within the competitive range for the Vendor's offering. However, when required by law, the TIPS Member must perform the required analysis on the specific goods or services before seeking TIPS pricing/purchasing from the TIPS Vendor and then upon completion of the purchase process.

Additionally, due to the Texas Department of Agriculture Guidance ARM Section 17 ("ARM Section 17"), relating to Federal Child Nutrition Program Funds (Primarily Texas Public School Fund 240), requirement that all solicitations include specific quantities of goods or services purchased, TIPS Contracts are not in compliance with ARM Section 17 as a **stand-alone** purchase contract. This is because TIPS has no way of predicting which Members will purchase specific quantities of goods and services. However, for Federal Child Nutrition Fund purchases in which the ARM Section 17 required cost or price analysis has been performed by the Member, TIPS contracts may be used in conjunction with the Member's three quote process ***unless labeled with "No" as to EDGAR compliance***. See also ARM Section 17.84 addresses purchasing through a "Third Party Cooperative that does not follow USDA Procurement Regulations". This will include TIPS and possibly other cooperatives that do not specify the exact quantities and line items procured by the cooperative. See the latest ARM Section 17 here.

If this letter was linked or provided in relation to a specific Vendor Contract then the Vendor has agreed to the 2 CFR 200 Contract provisions. For our Members' benefit, we encourage you, when expending federal funds, to make certain that you understand and comply with any other 2 CFR 200 requirements that cannot necessarily be met on your behalf by a cooperative. We also encourage you to incorporate all 2 CFR 200 TIPS Contract provisions agreed to by the Vendor into all supplemental agreements you enter into with the TIPS Vendor, if any. While TIPS works very hard to ensure legal purchasing compliance on Members' behalf TIPS does not provide legal counsel to its Members. TIPS recommends that you consult your legal counsel when executing contracts with TIPS Vendors. TIPS reserves the right to change its process as necessary in relation to updated guidance. Thank you for being a Member of TIPS and for letting us assist with your procurement needs.

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).
DuPage County Public Works desires to continue participating as an agency member of the Lower Des Plaines Watershed Group. The total estimated 2026 - 2030 membership dues for DuPage County Public Works in the Lower Des Plaines Watershed Group is $130,364.29. The Public Works IEPA/ NPDES permit IL0065188 special condition 22 requires membership in an approved watershed group.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
The Lower Des Plaines Watershed Group is a collective representative group of municipalities, sanitary districts, environmental groups, regulatory agencies and wastewater treatment plants that have worked on various water quality impact studies such as chlorine reduction, stream dissolved oxygen improvement feasibility studies, bio-assessment, & nutrient implementation plans. DuPage County requires certain reports provided by the group to meet National Pollutant Discharge Elimination System (NPDES) requirements for our Knollwood treatment plant. Also, special condition 22 of our NPDES permit requires membership in an approved watershed group or the agency must self perform the work.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action).

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement. OTHER
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific. The Lower Des Plaines Watershed Group has experience in water quality studies and reports for dissolved oxygen, total maximum daily loads, bio-assessement plan and chloride reduction. DuPage is required by NPDES permit to submit a nutrient assesment reduction plan (NARP), data for the plan and the plan itself will be submitted by the LDPWG as a group.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not. As this is a large-scale joint public and private effort towards water quality efforts no other options exist. Staff has evaluated the cost to self perform some of the required sampling and reporting requirements in the NPDES permit. It is more cost effective to perform these task in partnership with the group.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted. This is not applicable as the various governmental agencies throughout DuPage County jointly contribute to these efforts with no other viable options available.

MEMORANDUM

DATE: April 7, 2026

TO: Chair Michael Childress
Members of the Public Works Committee

FROM: Nick Kottmeyer, P.E. Director of Public Works
Chief Administrative Officer

SUBJECT: 2026-2030 Lower Des Plaines Watershed Group Membership Dues

Staff is requesting approval to renew our membership in the Lower Des Plaines Watershed Group, in an amount not to exceed $130,364.29 for a 4 year period of 2026 - 2030 membership dues.

The Lower Des Plaines Watershed Group is a collective representative group of municipalities, sanitary districts, environmental groups, regulatory agencies, and wastewater treatment plants that have worked on various water quality impact studies such as chloride reduction, stream dissolved oxygen feasibility studies, bio-assessment plans, and nutrient implementation plans.

Public Works desires to participate as an agency member of the Lower Des Plaines Watershed Group (LDWG), in an amount not to exceed $130,364.29 over a 4-year period. The dues will be paid annually at approximately $32,500 per year. This will allow our participation in initiatives and activities that would benefit the DuPage County Knollwood Wastewater Treatment Plant.

DuPage County's lEPA/NPDES permit for the Knollwood Wastewater Treatment plant special condition 22 requires membership in an approved watershed group to produce a Nutrient lmplementation plan among other requirements. The LDWG provides (at the watershed-scale): watershed specific nutrient implementation planning; comprehensive monitoring program; and permit language. Other benefits for our participation in the LDWG would include the following:

- Negotiations regarding permit conditions with lllinois EPA & Environmental Advocacy Groups
- lmplement watershed-wide data collection and analysis to meet permit requirements (MS4 & NPDES). This is the foundation for which stress or analysis, phosphorus limit determination (watershed based water quality standards), and potentially tiered aquatic life use and project implementation (lntegrated Prioritization System/JPS Tool) will be based in the future
- Develop a Nutrient Assessment Reduction Plan which will include both point (wastewater)and nonpoint (M54) contributions with recommendations at the watershed and sub watershed scale
- Share resources to develop outreach materials & trainings to meet MS4 requirements
- Utilize a watershed group as encouraged by regulators
- Save staff time by pooling resources in order to achieve better expertise at lower costs
- Collaborate with other watershed groups to further pool resources

Staff is requesting approval to renew membership with the Lower Des Plaines Watershed Group for Public Works, in the amount not to exceed $130,364.29 for the 2026-2030 membership dues.

County Farm Road, Wheaton, Illinois (hereinafter referred to as the COUNTY) and OAKWOOD HOMEOWNERS ASSOCIATION, an Illinois not-for-profit homeowners association, with offices at 4 E. Ogden Avenue, #313, Westmont, IL 60559 (hereinafter referred to as the ASSOCIATION).

R E C I T A L S

WHEREAS, in 2000, the COUNTY initiated its Water Quality Improvement Program to provide grants which funds up to 25% of eligible construction costs for water quality improvement projects; and

WHEREAS, the ASSOCIATION has developed a conceptual design report for the design and construction of a nutrient reduction project to provide treatment and removal of pollutants to Salt Creek (herein referred to as the "PROJECT"); and

WHEREAS, the COUNTY and the ASSOCIATION have determined that the construction of the PROJECT will benefit local citizens by improving the water quality to Salt Creek; and

WHEREAS, the ASSOCIATION has requested COUNTY participation in cost sharing of the PROJECT through a grant from the COUNTY'S Water Quality Improvement Program in an amount not to exceed eight thousand one hundred twenty-five dollars ($8,125); and

WHEREAS, the ASSOCIATION shall pay all PROJECT expenses up front and will be reimbursed for qualified expenses per this AGREEMENT; and

WHEREAS, the ASSOCIATION shall share any available data collected from the PROJECT for the purposes of fostering community education and improving upon similar future projects; and

NOW, THEREFORE, in consideration of the premises, the mutual covenants, terms, and conditions herein set forth, and the understandings of each party to the other, the parties do hereby mutually covenant, promise and agree as follows:

1.0 INCORPORATION AND CONSTRUCTION.

1.1 All recitals set forth above are incorporated herein and made a part thereof, the same constituting the factual basis for this AGREEMENT.

1.2 The headings of the paragraphs and subparagraphs of this AGREEMENT are inserted for convenience of reference only and shall not be deemed to constitute part of this AGREEMENT or to affect the construction hereof.

2.0 PROJECT DESCRIPTION.

2.1 The PROJECT involves a nutrient reduction project on Lake Charles. This includes the installation of two inlets filter bags containing Eutrosorb F to be placed in front of each outlet to bind soluble reactive phosphorus in the water flow. The lake bottom substrate will be treated with a nutrient locking technology product. The goal of the ASSOCIATION is to remove nutrient loadings from stormwater before entering Lake Charles as well as to remove existing nutrient from the lake which will reduce pollutant loadings to Salt Creek.

2.2 The PROJECT shall be developed essentially in accord with the conceptual design report, Detailed Project Description, submitted on December 23, 2025, by Kenneth Brennan, Lake Management Committee Chairman., which document is incorporated herein by reference but is not attached hereto due to space limitations. The project shall be maintained and monitored by the ASSOCIATION or their consultant.

3.0 FUNDING.

3.1 The total water quality related PROJECT costs are estimated to be thirty-two thousand five hundred dollars ($32,500). The cost share is as follows, unless otherwise agreed to in writing as provided in Paragraph 3.2 below:

OAK WOOD HOMEOWNER ASSOCIATION	$24,375
COUNTY OF DUPAGE	$8,125
TOTAL	$32,500

3.2 The ASSOCIATION shall be responsible for bearing any cost overruns or expenses in excess of the funding listed in Paragraph 3.1, regardless of the cause, unless the ASSOCIATION and COUNTY agree to apportion such extra costs before they are incurred.

3.3 This AGREEMENT shall in no way obligate the ASSOCIATION to undertake this PROJECT if the ASSOCIATION in its sole discretion determines that it is no longer in the ASSOCIATION'S best interest to proceed with this PROJECT. However, in the event the PROJECT is not substantially completed by March 31, 2028, the ASSOCIATION shall promptly reimburse the COUNTY any monies paid by the COUNTY to the ASSOCIATION pursuant to this AGREEMENT. The ASSOCIATION'S right to retain the COUNTY'S reimbursement of PROJECT costs is expressly conditioned upon the ASSOCIATION'S timely and satisfactory completion of the PROJECT.

3.4 The ASSOCIATION may only seek COUNTY reimbursement for allowable PROJECT expenses. Allowable PROJECT expenses incurred and paid by the ASSOCIATION in relation to the PROJECT shall include third-party professional services related to the construction of the PROJECT (construction management, etc.), construction (labor and materials), bid advertising, etc. Notwithstanding the foregoing, allowable expenses shall not include the ASSOCIATION'S administrative costs, overhead, payroll, land acquisition, legal or accounting services.

4.0 ASSOCIATION'S RESPONSIBILITIES.

4.1 The ASSOCIATION shall be responsible for the preparation of the plans, specifications, and bid documents for the PROJECT, together with the advertisement and award of all PROJECT-related public bids. The ASSOCIATION shall select, and contract with, all vendors providing professional services for the PROJECT.

4.2 The ASSOCIATION shall be responsible for successful completion of all phases of the PROJECT, from design and construction through maintenance.

4.3 The ASSOCIATION shall be responsible for securing all local, county, state, and federal permits necessary for completion of the PROJECT.

4.4 The ASSOCIATION shall be responsible for submitting copies of all permit applications and related correspondence to the COUNTY in a timely manner to ensure sufficient review by the COUNTY. The purpose of the COUNTY'S review shall be for the sole purpose of documenting whether PROJECT work components qualify as allowable expenses.

4.5 The ASSOCIATION shall be responsible for obtaining all required land rights necessary for the completion of the PROJECT.

4.6 The ASSOCIATION shall not be reimbursed by the COUNTY for work undertaken prior to the signing of this AGREEMENT.

4.7 The ASSOCIATION may enter into additional agreements to secure its portion of the local PROJECT costs.

4.8 The ASSOCIATION shall submit no more than one invoice per month to the COUNTY during the construction and maintenance phases of the PROJECT. Under no circumstances shall the COUNTY be invoiced for any amount(s) exceeding a total of eight thousand one hundred twenty-five dollars ($8,125). The invoice(s) shall show the quantities and cost per item and be summarized by PROJECT area.

4.9 The ASSOCIATION shall make direct payments, or cause to have payments made, to all parties providing services related to this PROJECT. This requirement will not affect the COUNTY'S obligation to reimburse the ASSOCIATION in the amounts herein agreed upon, nor shall this provision affect the ASSOCIATION'S obligation to repay the COUNTY in the event the PROJECT is not undertaken or completed, as established in Paragraph 3.3.

4.10 The ASSOCIATION shall make any data collected from the PROJECT available to the COUNTY upon reasonable request by the COUNTY.

4.11 The COUNTY shall not be responsible for or have control over the design, construction, means, methods, techniques or procedures with respect to any work performed for the PROJECT. The ASSOCIATION and ASSOCIATION'S contractors shall be solely responsible for the safety of all individuals performing work on the PROJECT. The ASSOCIATION shall take such measures as are necessary to ensure that its contractors maintain the PROJECT areas in a safe condition and install appropriate barricades and warning signs, and the ASSOCIATION shall strictly enforce or cause to have strictly enforced all applicable safety rules and regulations. This provision is not intended to create any new burden or liability for the ASSOCIATION beyond the usual burdens and liabilities for a municipality in the construction of public improvements. This section is intended merely to relieve the COUNTY from such liabilities in this PROJECT. COUNTY'S role in conducting any review or granting any consent or

approval relates solely to the PROJECT'S eligibility under the COUNTY'S Water Quality Improvement Program.

4.12 During the PROJECT and after its substantial completion, the ASSOCIATION shall be solely responsible for the ownership, operation, supervision, staffing, control, and maintenance of the PROJECT.

4.13 The ASSOCIATION must acknowledge the COUNTY using logo(s) and wording provided by the COUNTY in permanent onsite signage and other promotion of the PROJECT including, but not limited to, printed materials, press releases and presentations.

5.0 COUNTY'S RESPONSIBILITIES.

5.1 The COUNTY shall reserve the right to review the PROJECT'S plans and specifications, prior to the ASSOCIATION'S advertisement for contract services, together with any subsequent change orders, addendums, or revisions thereto ("CONTRACT DOCUMENTS"), for the purpose of verifying that PROJECT components qualify for reimbursement through the COUNTY'S Water Quality Improvement Program. The COUNTY shall promptly provide the ASSOCIATION with any recommended changes to the CONTRACT DOCUMENTS for PROJECT components to qualify for reimbursement.

5.2 The COUNTY shall cost share in the PROJECT as follows:

5.2.1 The COUNTY shall reimburse the ASSOCIATION for approved costs associated with the PROJECT which have been incurred and paid for by the ASSOCIATION, as specified in Paragraph 3.1.

5.2.2 The total reimbursement amount paid by the COUNTY shall not exceed eight thousand one hundred twenty-five dollars ($8,125).

5.2.3 In the event PROJECT costs total less than thirty-two thousand five hundred dollars ($32,500), the COUNTY'S total reimbursement amount shall not be more than twenty five percent (25%) of the actual total PROJECT costs, and in any case, shall not exceed eight thousand one hundred twenty-five dollars ($8,125). Any amounts overpaid by the COUNTY shall be promptly refunded by the ASSOCIATION.

5.2.4 The COUNTY shall not be obligated to pay invoices received after March 31, 2028, regardless of when the work was completed and notwithstanding that the COUNTY'S contribution limit has not been reached.

5.3 The COUNTY shall be allowed unlimited, but reasonable, access to the PROJECT area to observe and review PROJECT work and work documents (i.e., plans, change orders, field orders, manager diaries, etc.) for the limited purpose of determining eligibility for COUNTY reimbursement, and the use of all data collected as part of the PROJECT. The COUNTY shall provide the ASSOCIATION reasonable advance notice of when the COUNTY requires such access.

6.0 GOVERNMENT REGULATIONS.

6.1 The ASSOCIATION shall comply with all local, county, state and federal requirements now in force, or which may hereafter be in force, pertaining to the PROJECT.

7.0 INDEMNIFICATION.

7.1 The ASSOCIATION shall indemnify, hold harmless and defend the COUNTY or any of its officials, officers, employees, and agents from and against all liability, claims, suits, demands, liens, proceedings and actions, including reasonable costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the ASSOCIATION'S performance under this AGREEMENT to the fullest extent the ASSOCIATION is so authorized under the law; provided, however, that the ASSOCIATION shall not be obligated to indemnify, hold harmless and defend the COUNTY for any negligent or intentional wrongful misconduct or omissions by COUNTY officials, employees, agents, contractors or personnel.

7.2 The ASSOCIATION shall require each consultant and contractor responsible for the construction, maintenance, or monitoring of the PROJECT to name the ASSOCIATION and COUNTY as an additional insured party on said vendor's liability insurance policy. Further, the ASSOCIATION shall require that its consultants and contractors indemnify, defend and hold harmless the ASSOCIATION and COUNTY, their officers, employees and elected officials from and against any claims, liability or judgments resulting from, or caused by, the negligence or willful conduct of such consultant and, or contractor.

7.3 Nothing contained herein shall be construed as prohibiting the COUNTY, its officials, directors, officers, agents and employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, liens, proceedings and actions brought against them. Pursuant to Illinois law, any attorney representing the COUNTY, under this Section 7 is to be the State’s Attorney, in accord with the applicable law. The COUNTY’S

participation in its defense shall not remove ASSOCIATION'S duty to indemnify, defend, and hold the COUNTY harmless, as set forth above. Moreover, indemnity as provided in this AGREEMENT shall not be limited by reason of any insurance coverage maintained by the ASSOCIATION or its consultants, contractors or agents. The ASSOCIATION'S indemnification of the COUNTY shall survive the termination, or expiration, of this AGREEMENT.

9.1.1 March 31, 2028, or to a new date agreed upon by the parties.

10.1 This AGREEMENT, including matters incorporated herein, contains the entire AGREEMENT between parties.

10.2 There are no other covenants, warranties, representations, promises, conditions or understandings, either oral or written, other than those contained herein.

10.3 This AGREEMENT may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument.

10.4 In the event of a conflict between the terms or conditions of this AGREEMENT and any term or condition found in any exhibit or attachment, the terms and conditions of this AGREEMENT shall prevail.

11.0 SEVERABILITY.

11.1 In the event any provision of this AGREEMENT is held to be unenforceable or invalid for any reason, the enforceability thereof shall not affect the remainder of the AGREEMENT. The remainder of this AGREEMENT shall be construed as if not containing the particular provision and shall continue in full force, effect, and enforceability, in accordance with its terms.

12.0 NO THIRD-PARTY BENEFICIARIES

12.1 This Agreement is for the sole benefit of the Parties and their respective permitted successors and assigns. Nothing in this Agreement, express or implied, is intended to or shall confer upon any person or entity other than the Parties any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement.

INTERGOVERNMENTAL AGREEMENT BETWEEN COUNTY OF DUPAGE, ILLINOIS AND THE CITY OF WOOD DALE FOR THE WARD 1 STORMWATER IMPROVEMENTS-PHASE 1 PROJECT

This INTERGOVERNMENTAL AGREEMENT is made this 14th day of April 2026 between the COUNTY OF DUPAGE, a body politic and corporate, with offices at 421 N. County Farm Road, Wheaton, Illinois (hereinafter referred to as the COUNTY) and the CITY OF WOOD DALE, a body politic and corporate, with offices at 404 N. Wood Dale Road, Wood Dale, Illinois 60191 (hereinafter referred to as the CITY).

R E C I T A L S

WHEREAS, the CITY and the COUNTY are public agencies within the meaning of the Illinois "Intergovernmental Cooperation Act" and as authorized by Article 7, Section 10 of the Constitution of the State of Illinois; and

WHEREAS, the purposes of the "Intergovernmental Cooperation Act" and Article 7 of the Constitution of the State of Illinois include fostering cooperation among government bodies; and

WHEREAS, the Illinois General Assembly has granted the COUNTY authority to take action to manage stormwater and control flooding and to enter into agreements for the purposes of stormwater management and flood control (Illinois Compiled Statutes, Chapter 55 paragraphs 5/5-1062.3 and 5/5-15001 et. seq.); and

WHEREAS, the COUNTY has adopted the DuPage County Stormwater Management Plan which recognizes the reduction of stormwater runoff and improving water quality as an integral part of the proper management of storm and flood waters; and

WHEREAS, the CITY has developed a conceptual design report for the design and construction of a stormwater detention pond and the modification of an existing detention pond to provide treatment and removal of pollutants to Addison Creek (herein referred to as the "PROJECT"); and

WHEREAS, the COUNTY and the CITY have determined that the construction of the PROJECT will benefit local citizens by improving the water quality to Addison Creek, a tributary to Salt Creek; and

WHEREAS, the CITY has requested COUNTY participation in cost sharing of the PROJECT through a grant from the COUNTY'S Water Quality Improvement Program in an amount not to exceed one hundred thousand dollars ($100,000); and

WHEREAS, the CITY shall pay all PROJECT expenses up front and will be reimbursed

for qualified expenses per this AGREEMENT; and

WHEREAS, the CITY shall share any available data collected from the PROJECT for the purposes of fostering community education and improving upon similar future projects; and

NOW, THEREFORE, in consideration of the premises, the mutual covenants, terms, and conditions herein set forth, and the understandings of each party to the other, the parties do hereby mutually covenant, promise and agree as follows:

1.0 INCORPORATION AND CONSTRUCTION.

1.1 All recitals set forth above are incorporated herein and made a part thereof, the same constituting the factual basis for this AGREEMENT.

1.2 The headings of the paragraphs and subparagraphs of this AGREEMENT are inserted for convenience of reference only and shall not be deemed to constitute part of this AGREEMENT or to affect the construction hereof.

2.0 PROJECT DESCRIPTION.

2.1 The PROJECT involves modification of an existing dry detention pond and construction of a new stormwater detention pond to improve water quality in Addison Creek by filtering stormwater, reducing concentrations of nitrogen, phosphorus, biochemical oxygen demand (BOD), and suspended solids. The existing dry-bottom pond will be excavated to provide additional stormwater storage and converted to a wetland-bottom pond, which will enhance pollutant removal and ecological function. The new detention pond will also be designed as a wetland-bottom feature. The goal of the CITY is to treat stormwater before entering Addison Creek which will reduce pollutant loadings to Addison Creek and the Salt Creek.

2.2 The PROJECT shall be developed essentially in accord with the conceptual design report, City of Wood Dale- Ward 1 Stormwater Improvements- Phase 1, dated December 31, 2025, as prepared by Robinson Engineering, Ltd., which document is incorporated herein by reference but is not attached hereto due to space limitations. The project shall be maintained and monitored by the CITY or their consultant.

3.0 FUNDING.

3.1 The total water quality related PROJECT costs are estimated to be two million three hundred and one thousand six hundred and forty-five dollars ($2,301,645). The cost share is as follows, unless otherwise agreed to in writing as provided in Paragraph 3.2 below:

CITY OF WOOD DALE	$2,201,645
COUNTY OF DUPAGE	$100,000
TOTAL	$2,301,645

3.2 The CITY shall be responsible for bearing any cost overruns or expenses in excess of the funding listed in Paragraph 3.1, regardless of the cause, unless the CITY and COUNTY agree to apportion such extra costs before they are incurred.

3.3 This AGREEMENT shall in no way obligate the CITY to undertake this PROJECT if the CITY in its sole discretion determines that it is no longer in the CITY'S best interest to proceed with this PROJECT. However, in the event the PROJECT is not substantially completed by March 31, 2028, the CITY shall promptly reimburse the COUNTY any monies paid by the COUNTY to the CITY pursuant to this AGREEMENT. The CITY'S right to retain the COUNTY'S reimbursement of PROJECT costs is expressly conditioned upon the CITY'S timely and satisfactory completion of the PROJECT.

3.4 The CITY may only seek COUNTY reimbursement for allowable PROJECT expenses. Allowable PROJECT expenses incurred and paid by the CITY in relation to the PROJECT shall include third-party professional services related to the construction of the PROJECT (construction management, etc.), construction (labor and materials), bid advertising, etc. Notwithstanding the foregoing, allowable expenses shall not include the CITY'S administrative costs, overhead, payroll, land acquisition, legal or accounting services.

4.0 CITY'S RESPONSIBILITIES.

4.1 The CITY shall be responsible for the preparation of the plans, specifications, and bid documents for the PROJECT, together with the advertisement and award of all PROJECT-related public bids. The CITY shall select, and contract with, all vendors providing professional services for the PROJECT.

4.2 The CITY shall be responsible for successful completion of all phases of the PROJECT, from design and construction through maintenance.

4.3 The CITY shall be responsible for securing all local, county, state, and federal permits necessary for completion of the PROJECT.

4.4 The CITY shall be responsible for submitting copies of all permit applications and related correspondence to the COUNTY in a timely manner to ensure sufficient review by the COUNTY. The purpose of the COUNTY'S review shall be for the sole purpose of documenting whether PROJECT work components qualify as allowable expenses.

4.5 The CITY shall be responsible for obtaining all required land rights necessary for the completion of the PROJECT.

4.6 The CITY shall not be reimbursed by the COUNTY for work undertaken prior to the signing of this AGREEMENT.

4.7 The CITY may enter into additional agreements to secure its portion of the local PROJECT costs.

4.8 The CITY shall submit no more than one invoice per month to the COUNTY during the construction and maintenance phases of the PROJECT. Under no circumstances shall the COUNTY be invoiced for any amount(s) exceeding a total of one hundred thousand dollars ($100,000). The invoice(s) shall show the quantities and cost per item and be summarized by PROJECT area.

4.9 The CITY shall make direct payments, or cause to have payments made, to all parties providing services related to this PROJECT. This requirement will not affect the COUNTY'S obligation to reimburse the CITY in the amounts herein agreed upon, nor shall this provision affect the CITY'S obligation to repay the COUNTY in the event the PROJECT is not undertaken or completed, as established in Paragraph 3.3.

4.10 The CITY shall make any data collected from the PROJECT available to the COUNTY upon reasonable request by the COUNTY.

4.11 The COUNTY shall not be responsible for or have control over the design, construction, means, methods, techniques or procedures with respect to any work performed for the PROJECT. The CITY and CITY'S contractors shall be solely responsible for the safety of all individuals performing work on the PROJECT. The CITY shall take such measures as are necessary to ensure that its contractors maintain the PROJECT areas in a safe condition and install appropriate barricades and warning signs, and the CITY shall strictly enforce or cause to have strictly enforced all applicable safety rules and regulations. This provision is not intended to create any new burden or liability for the CITY beyond the usual burdens and liabilities for a municipality in the construction of public improvements. This section is intended merely to relieve the COUNTY from such liabilities in this PROJECT. COUNTY'S role in conducting any review or granting any consent or approval relates solely to the PROJECT'S eligibility under the COUNTY'S Water Quality Improvement Program.

4.12 During the PROJECT and after its substantial completion, the CITY shall be solely responsible for the ownership, operation, supervision, staffing, control, and maintenance of the PROJECT.

4.13 The CITY must acknowledge the COUNTY using logo(s) and wording provided by the COUNTY in permanent onsite signage and other promotion of the PROJECT including, but not limited to, printed materials, press releases and presentations.

5.0 COUNTY'S RESPONSIBILITIES.

5.1 The COUNTY shall reserve the right to review the PROJECT'S plans and specifications, prior to the CITY'S advertisement for contract services, together with any subsequent change orders, addendums, or revisions thereto ("CONTRACT DOCUMENTS"), for the purpose of verifying that PROJECT components qualify for reimbursement through the COUNTY'S Water Quality Improvement Program. The COUNTY shall promptly provide the CITY with any recommended changes to the CONTRACT DOCUMENTS for PROJECT components to qualify for reimbursement.

5.2 The COUNTY shall cost share in the PROJECT as follows:

5.2.1 The COUNTY shall reimburse the CITY for approved costs associated with the PROJECT which have been incurred and paid for by the CITY, as specified in Paragraph 3.1.

5.2.2 The total reimbursement amount paid by the COUNTY shall not exceed one hundred thousand dollars ($100,000).

5.2.3 In the event PROJECT costs total less than two million three hundred and one thousand six hundred and forty-five dollars ($2,301,645), the COUNTY'S total reimbursement amount shall not be more than twenty five percent (25%) of the actual total PROJECT costs, and in any case, shall not exceed one hundred thousand dollars ($100,000). Any amounts overpaid by the COUNTY shall be promptly refunded by the CITY.

5.2.4 The COUNTY shall not be obligated to pay invoices received after March 31, 2028, regardless of when the work was completed and notwithstanding that the COUNTY'S contribution limit has not been reached.

5.3 The COUNTY shall be allowed unlimited, but reasonable, access to the PROJECT area to observe and review PROJECT work and work documents (i.e.,

plans, change orders, field orders, manager diaries, etc.) for the limited purpose of determining eligibility for COUNTY reimbursement, and the use of all data collected as part of the PROJECT. The COUNTY shall provide the CITY reasonable advance notice of when the COUNTY requires such access.

6.0 GOVERNMENT REGULATIONS.

6.1 The CITY shall comply with all local, county, state and federal requirements now in force, or which may hereafter be in force, pertaining to the PROJECT.

7.0 INDEMNIFICATION.

7.1 The CITY shall indemnify, hold harmless and defend the COUNTY or any of its officials, officers, employees, and agents from and against all liability, claims, suits, demands, liens, proceedings and actions, including reasonable costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the CITY'S performance under this AGREEMENT to the fullest extent the CITY is so authorized under the law; provided, however, that the CITY shall not be obligated to indemnify, hold harmless and defend the COUNTY for any negligent or intentional wrongful misconduct or omissions by COUNTY officials, employees, agents, contractors or personnel.

7.2 The CITY shall require each consultant and contractor responsible for the construction, maintenance, or monitoring of the PROJECT to name the CITY and COUNTY as an additional insured party on said vendor's liability insurance policy. Further, the CITY shall require that its consultants and contractors indemnify, defend and hold harmless the CITY and COUNTY, their officers, employees and elected officials from and against any claims, liability or judgments resulting from, or caused by, the negligence or willful conduct of such consultant and, or contractor.

7.3 Nothing contained herein shall be construed as prohibiting the COUNTY, its officials, directors, officers, agents and employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, liens, proceedings and actions brought against them. Pursuant to Illinois law, any attorney representing the COUNTY, under this Section 7 is to be the State's Attorney, in accord with the applicable law. The COUNTY'S participation in its defense shall not remove CITY'S duty to indemnify, defend, and hold the COUNTY harmless, as set forth above. Moreover, indemnity as provided in this AGREEMENT shall not be limited by reason of any insurance coverage maintained by the CITY or its consultants, contractors or agents. The

CITY'S indemnification of the COUNTY shall survive the termination, or expiration, of this AGREEMENT.

8.0 AMENDMENT OR MODIFICATION OF THIS AGREEMENT.

8.1 The parties may modify or amend terms of this AGREEMENT only by a written document duly approved and executed by both parties, excluding term extensions as provided for in the following provision.

8.2 Notwithstanding Paragraph 8.1, above, the term for performing this AGREEMENT may be extended by any suitable COUNTY designated form, signed by both parties without formal amendment pursuant to Paragraph 8.1, above.

9.0 TERM OF THIS AGREEMENT.

9.1 The term of this AGREEMENT shall begin on the date the AGREEMENT is fully executed, and shall continue in full force and effect until the earlier of the following occurs:

9.1.1 March 31, 2028, or to a new date agreed upon by the parties.

9.1.2 The completion by the CITY and COUNTY of their respective obligations under this AGREEMENT, in the event such completion occurs before March 31, 2028.

10.0 ENTIRE AGREEMENT.

10.1 This AGREEMENT, including matters incorporated herein, contains the entire AGREEMENT between parties.

10.2 There are no other covenants, warranties, representations, promises, conditions or understandings, either oral or written, other than those contained herein.

10.3 This AGREEMENT may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument.

10.4 In the event of a conflict between the terms or conditions of this AGREEMENT and any term or condition found in any exhibit or attachment, the terms and conditions of this AGREEMENT shall prevail.

11.0 SEVERABILITY.

11.1 In the event any provision of this AGREEMENT is held to be unenforceable or invalid for any reason, the enforceability thereof shall not affect the remainder of the AGREEMENT. The remainder of this AGREEMENT shall be construed as if not containing the particular provision and shall continue in full force, effect, and enforceability, in accordance with its terms.

12.1 This Agreement is for the sole benefit of the Parties and their respective permitted successors and assigns. Nothing in this Agreement, express or implied, is intended to or shall confer upon any person or entity other than the Parties any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
Selected through DuPage County Procurement Department's RFP process for professional services. RFP #23-021-SWM

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
DECISION MEMO REQUIRED RENEWAL OF RFP	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. Maintenance of the native vegetation on the County owned properties is necessary for both functional and aesthetic performance. Many of the properties are located in residential or business areas that are frequently viewed or used for passive recreation by many DuPage County residents. The County has a responsibility to maintain these properties and to prevent infestations of unsightly and non-native weedy vegetation.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1) Approve contract with Pizzo & Associates, Ltd. to provide native vegetation maintenance services on County owned properties as directed by staff for an amount not to exceed $100,000.00. 2) Complete native vegetation management services for the projects in-house. Not feasible due to the limitations of staff capabilities such as required herbicide licenses, prescribed burn training; and lack of proper equipment. 3) Do nothing. This option is not recommended as DuPage County has a responsibility to maintain the vegetation on their facilities.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).
Hire a firm specializing in native vegetation management to assist Du Page County staff with the maintenance of native vegetation at various County owned properties. This Contract is an interdepartmental shared services for SWM, PW, DOT and Facilities Management. The cost of these services will be provided on an on-call basis for a cost not to exceed $125,000.00. There is an amendment to the contract of a one time price increase of $2.35 from $2.35/plug for furnish and install to $4.70/plug for furnish and install. The contractor (V3) originally quoted the price as they understood it to encompass the cost of labor only ($2.35). However, the line item was intended to include the cost of both labor and materials. Due to this misunderstanding, they are requesting to amend this line item to the correct market price ($4.70) when accounting for both labor & materials.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
Selected through DuPage County Procurement Department's RFP process for professional services. RFP #23-021-SWM

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
DECISION MEMO REQUIRED RENEWAL OF RFP	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. Maintenance of the native vegetation on the County owned properties is necessary for both functional and aesthetic performance. Many of the properties are located in residential or business areas that are frequently viewed or used for passive recreation by many DuPage County residents. The County has a responsibility to maintain these properties and to prevent infestations of unsightly and non-native weedy vegetation.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1) Approve contract with V3 Construction Group Ltd. to provide native vegetation maintenance services on County owned properties as directed by staff for an amount not to exceed $100,000.00. 2) Complete native vegetation management services for the projects in-house. Not feasible due to the limitations of staff capabilities such as required herbicide licenses, prescribed burn training; and lack of proper equipment. 3) Do nothing. This option is not recommended as DuPage County has a responsibility to maintain the vegetation on their facilities.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

SERVICE PACKAGES

GENERAL ASSUMPTIONS

The following assumptions serve as the basis for the Service Package(s) reflected below. Any service or activity not described below is not included in the scope of services to be provided. Variations to the following may impact the Service Package's cost and/or schedule, justifying a change order.

- JustFOIA's completion of a Deliverable to Client shall constitute that JustFOIA has conducted its own review and believes it meets Client's requirements. Client shall then have the right to conduct its own review of the Deliverable as Client deems necessary. If Client, in its reasonable discretion, determines that any submitted Deliverable does not meet the agreed upon expectations, Client shall have five (5) business days after JustFOIA's submission to give written notice to JustFOIA specifying the deficiencies in reasonable detail. JustFOIA shall use reasonable efforts to promptly resolve any such deficiencies. Upon resolution of any such deficiencies, JustFOIA shall resubmit the Deliverable for review as set forth above. Notwithstanding the foregoing, if Client fails to reject any Deliverable within five (5) business days, such Deliverable shall be deemed accepted.
- If either party identifies a business issue during the project, JustFOIA and Client must jointly establish a plan to resolve the issues with potential impact analysis of timeline and budget within five (5) business days of identification. Any necessary business decision resulting from the identified business issues must be made by Client within five (5) business days from request.
- Client will maintain primary contacts and project staff for the duration of the project, as a change in staff may result in a change order for time spent by JustFOIA on retraining, reeducating, or changes in direction.
- Any deviations from the contract will be documented in a Change Order that Client must execute.
- All rates are based on normal business hours, Monday through Friday from 8 am to 5 pm local time. If scheduling needs to occur after business hours, additional rates may apply.
- For JustFOIA to excel in providing the highest level of service, Client must provide timely access to technical resources. Client must provide adequate technical support for all JustFOIA installation and support services. If Client does not have "in-house" technical support, it is Client's responsibility to make available the appropriate Information Technology resources/consultant when needed.
- Client will ensure that all Client's personnel who may be necessary or appropriate for the successful performance of the services will, on reasonable notice: (i) be available to assist JustFOIA personnel by answering business, technical and operational questions and providing requested documents, guidelines, and procedures in a timely manner; (ii) participate in the services as reasonably necessary for performance under this Order; and (iii) be available to assist JustFOIA with any other activities or tasks required to complete the services in accordance with this Order.
- Note that all services contracted for must be done as part of the initial implementation. For the avoidance of doubt, if there are services or portions thereof that the Client does not elect to implement as part of the initial implementation, such services are forfeited.

If Client wishes to cancel its account or request that JustFOIA no longer use Client's information to provide the Solution, Client may request that JustFOIA delete its account. JustFOIA may retain and use Client's information as necessary to comply with legal obligations, resolve disputes, and enforce mutual agreements. Consistent with these requirements, Client may request that JustFOIA delete Client's information. Please note, however, that there might be latency in deleting information from JustFOIA servers and backed-up versions might exist after deletion. In addition, JustFOIA does not delete Client information from its server's files that Client has in common with other users, provided that JustFOIA's confidentiality obligations will persist with regard to such retained confidential information. Client understands and agrees that once the Client instance of the Solution is decommissioned, JustFOIA may not be able to provide Client a copy of the data included therein. Client agrees that it will back up all Client information that it requires. JustFOIA may decommission any environment after 45 days of Client not maintaining an active subscription to the applicable environment, including without limitation, as a result of non-renewal and/or non-payment. For the avoidance of doubt, if Client has an active subscription, Client may download its data at any time.

NON-JUSTFOIA APPLICATIONS AND PROVIDERS

The Solution may contain links to third-party websites or resources. JustFOIA does not endorse and is not responsible or liable for third-party websites, including, without limitation, availability, accuracy, the related content, products, or services. Acquisition of Non-JustFOIA Products and Services

JustFOIA or third parties may from time to time make available to Client third-party products or services, including but not limited to non-JustFOIA applications and implementation, customization, and other consulting services. Such products and services shall be clearly designated as provided by a third-party in the applicable Order. Any acquisition by Client of such non-JustFOIA products or services, and any exchange of data between Client and any non-JustFOIA provider, is solely between Client and the applicable non-JustFOIA provider. JustFOIA does not warrant or support products or services not provided by JustFOIA, whether or not they are designated by JustFOIA as "Certified" (as that term is defined below) or otherwise, except as specified in the Order and/or applicable addenda. No purchase of non-JustFOIA products or services is required to use the Solution except a supported computing device, operating system, web browser and Internet connection, all of which Client is solely responsible for providing in accordance with the specifications that may be provided by JustFOIA from time to time. For purposes of the Order, "Certified" shall describe applications and other products developed and sold by third parties that JustFOIA has verified interoperate with the Solution.

Non-JustFOIA Applications and Client information

If Client installs or enables non-JustFOIA applications for use with the Solution, Client acknowledges that JustFOIA may allow providers of those non-JustFOIA applications to access Client information as required for the interoperation of such non-JustFOIA applications with the Solution. JustFOIA shall not be responsible for any disclosure, modification or deletion of Client information resulting from any such access by non-JustFOIA application and/or providers. The Solution shall allow Client to restrict such access by restricting users from installing or enabling such non-JustFOIA applications for use with the Solution. JustFOIA is not responsible for, and Client agrees to hold JustFOIA harmless from any third-party claims or liability owed to third parties resulting from any unauthorized use or disclosure or any damage or loss of Client information as a result of use of non-JustFOIA applications or access to Client information by non-JustFOIA application and/or providers.

Integration with Non-JustFOIA Services

The Solution may contain features designed to interoperate with non-JustFOIA applications (e.g., Laserfiche, Adobe, Authorize.net, or PayPal applications). To use such features, Client may be required to obtain access to such non-JustFOIA applications from their providers. If the provider of any such non-JustFOIA application ceases to make the non-JustFOIA application available for interoperation with the corresponding Solution features on reasonable terms, JustFOIA may cease providing such features without entitling Client to any refund, credit, or other compensation, unless the provider of such non-JustFOIA application provides for a refund of such fees.

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).
Annual fee for DocAccess document accessibility service, per GSA Contract GS-35F-0124U pricing and is subject to one (1) one-year renewal.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
DocAccess is essential for bringing the County's existing PDF and document library into compliance with the DOJ Title II ADA requirements, with a compliance deadline of April 24, 2026. The service provides automated and assisted remediation of PDF documents to meet WCAG 2.1 accessibility standards, reducing manual effort, mitigating legal risk, and ensuring equitable access to County information for residents with disabilities.

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
DECISION MEMO REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required. COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. We are utilizing GSA Contract GS-35F-0124U pricing.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). Staff recommends procuring DocAccess to remediate the County's PDF and document library in compliance with the DOJ Title II ADA deadline of April 24, 2026. Without it, the County risks noncompliance with federal accessibility regulations, potential legal exposure, and inequitable access to County information for residents with disabilities. Alternatives include taking no action, which would leave the County out of compliance and require significant staff time to manually remediate documents with no guarantee of meeting the deadline, or relying on the PDF remediation tool offered by Revize, the County's CMS vendor. However, the Revize solution only addresses documents hosted within the Revize platform and does not cover documents managed through other County applications, making it insufficient as a county-wide compliance solution. DocAccess is the only available tool that addresses the County's full document remediation needs across all platforms, ensuring timely compliance and reducing ongoing manual effort.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).
Annual contract with Revize for content management system (CMS) software and hosting services supporting dupagecounty.gov and affiliated county websites, plus a new contract for WorkNet DuPage. The contract includes continued access to the Revize platform, technical support, and hosting infrastructure. Procurement type: Sole Source.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
DuPage County has utilized the Revize CMS platform for its primary public-facing website, dupagecounty.gov, and multiple department and affiliated sites. This contract also establishes new Revize CMS services for WorkNet DuPage. Revize is a proprietary system purpose-built for government web environments and is the sole provider of this platform. Migrating to an alternative CMS would require significant staff retraining, data migration, site rebuilds, and disruption to public-facing services for approximately one million DuPage County residents. Continued use of Revize ensures operational continuity, maintains the county's investment in existing site architecture and training, and supports ongoing compliance with web accessibility standards under the DOJ Title II ADA ruling. This contract is necessary to sustain uninterrupted web services for DuPage County residents.

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
SOLE SOURCE PER DUPAGE ORDINANCE, SECTION 2-350 (MUST FILL OUT SECTION 4)

DECISION MEMO REQUIRED Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action).

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION

JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement. SOLE PROVIDER OF A LICENSED OR PATENTED GOOD OR SERVICE
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific. Revize is a proprietary, government-specific CMS licensed exclusively through Revize Government Services. DuPage County's dupagecounty.gov and affiliated sites are fully built on this platform, including templates, workflows, permissions, and hosted infrastructure. No equivalent product exists that would support the county's current environment without a complete website rebuild.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not. The market was reviewed at the time of original procurement. No competing platform was identified that replicates the county's existing site architecture and integrations without a full redevelopment effort. When the county last went through a competitive bid process approximately four years ago, DuPage County's winning bid was $185,000 and the next lowest bid received was $500,000, with implementation, content migration, and go-live completed on an accelerated nine-month schedule. A new competitive procurement would require a similar or longer timeline and costs would be expected to significantly exceed the original bid range due to current market conditions. A platform migration is not feasible given current budget, staffing, and the county's active federal accessibility compliance deadline of April 24, 2026. Original Bid #22-024-IT
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted. Revize CMS is proprietary software available only through Revize Government Services. Alternative government CMS platforms (CivicPlus, Granicus, WordPress, Drupal) were considered and none provide a direct replacement for the county's current environment without a full site rebuild. 2.Client Responsibilities

2.1 Functional Overview

The purpose of this section is to detail the *Client* responsibilities for the referral and resolution of all computer related faults and queries (supported products only) encountered by end users throughout the *Client's* contracted services with *Revize LLC.* This includes the following specific responsibilities:

- Provision of a main point of contact during *Client* business hours.
- Extracting information from end users as per *Revize LLC.* specified list of questions (detailed in section 4)
- Timely referral of faults to *Revize LLC.* as per method detailed in section 4
- Fault resolution monitoring, and production and distribution of Service Level Monitoring reports as and when required

2.2 Response Times

Table 2.2 shows the priority assigned to faults according to the perceived importance of the reported situation. The priority assignment is to refer to the initial response to the client as per Section 2.3 of this document. The support level refers to the *Client* guide for support available as illustrated in Section 2.3 of this document. *Client* agrees and understands that, in rare cases, response times may be delayed due to an overabundance of tech support requests on the part of the *Client* or Revize customers, natural disasters, acts of god, etc.

2.3 Client Guide for Support (Report Method Details) – Fault Matrix (Continued)

Request for Service:
Requests for Service are enhancement or modification requests that go beyond routine support and assistance. Revize approaches these requests with the goal of providing meaningful help without “nickel and diming” clients.

Your annual maintenance agreement includes Requests for Service that are reasonable in scope and aligned with the existing platform, design system, and accessibility standards. Examples may include minor design adjustments, graphics, icons, page types, or limited feature enhancements.

Revize reserves the right to evaluate Requests for Service based on:

- Scope and complexity
- Platform compatibility and ADA compliance
- Current workload and availability

If a request falls outside what can reasonably be included, Revize will notify client in advance and may:

- Propose alternative solutions at no cost, or
- Provide a quote for the additional work before proceeding

No billable work will be performed without client approval.

All Requests for Service should be submitted through the Revize Support Portal at www.support.revize.com

2.4 Priority Level Response/Resolution Times

Table 2.2 shows the required initial telephone/portal response times for the individual priority ratings. All times indicated represent telephone response time during specified working hours of 8 a.m. to 8 p.m. Eastern Time Monday to Friday, unless otherwise indicated in this document, or otherwise agreed upon by *Client* and *Revize LLC.*.

The indicated response time represents the maximum delay between a fault/request being reported to the *Revize LLC.* and a *Revize LLC.* representative contacting the *Client* by telephone or through the customer portal. The purpose of this contact is to notify the client of the receipt of the fault/request from *Client* and provide the client with details of the proposed action to be taken in respect of the particular fault/request.

Due to the nature and variety of issues that could be reported by the client, resolution times vary dependent upon the issue itself. It is not uncommon for a perceived “quick fix” to take multiple working days, or a perceived long term request to be completed in a matter of hours. When possible, Revize will provide an estimated time of resolution upon initial report from the client. If, after further investigation, Revize determines the expected time to significantly change, Revize will contact the client to discuss the details and new suspected time frame

2.5 Website Application Availability Monitoring

Website application availability monitoring will be performed by *Client* using software of their choice. If *Client* suspects that website availability fails to meet the agreed upon threshold of 99.99% in any one month, they agree to immediately open a support ticket in the customer portal to notify *Revize LLC.* of the issue.

Upon resolution of downtime issue, if *Client* suspects the 99.99% was not met, *Client* agrees to provide information to *Revize LLC.* which includes SCOM report and a written narrative describing any details of the perceived downtime issue. Upon *Revize LLC.* review and concurring thereof *Revize LLC.* customer will be eligible for a credit equal to the monthly portion of annual services fee as set forth in table 2.5 below. This credit would be applied to the next invoice due. The credit will not be provided if support ticket was not opened or for issues caused by *Client.*

2.5 Website Application Availability Credit Table

Table 2.5 – Website Application Availability Credit Table Website Application Availability %		Credit % for Monthly Portion of Annual Services Fee
From	To	
99.99%	99.50%	0%

Agreement will auto-renew each year according to the payment schedule above unless the CLIENT provides at least thirty (30) days' written notice prior to the applicable annual renewal date. All fees incurred or scheduled through the effective termination date remain due and payable. Early termination does not relieve CLIENT of payment obligations for services already rendered
10. If CLIENT maintains four (4) consecutive years of annual software subscription, support, CMS updates, and hosting, CLIENT shall be eligible for one (1) complimentary website redesign anytime in year 4 of the agreement or thereafter. The redesign is optional and must be affirmatively requested by CLIENT. CLIENT's decision to decline, defer, or not schedule the redesign does not constitute a failure or breach by Revize.
11. CLIENT owns design, content, and will receive periodic updates to the CMS for the life of the contract.
12. Unless otherwise agreed, Revize does not migrate irrelevant records, calendar events, news items, bid results, low quality images, or data that can reasonably be considered non-conforming to new website layout. Upon successful completion of this redesign, Revize and CLIENT will have fulfilled their obligations for the original contract. Additional services, features, customizations, migration, anticipated support or storage increases may require an additional charge.

16. Upon CLIENT request, Revize will perform a pre or post-go-live accessibility audit and remediation of the Animal Control pages with the intent to achieve a high level of WCAG 2.1 Level AA conformance for delivered templates and Revize-controlled elements. CLIENT acknowledges that content and data rendered via the third-party Petango API are outside Revize's direct control. To the extent the API does not supply required accessibility attributes (e.g., alternative text, semantic structure, or labels), full WCAG conformance for those elements cannot be guaranteed.
17. Revize will implement an RSS feed intended to trigger upon the addition of new animals, provided such functionality is supported by the Petango API. CLIENT acknowledges that RSS functionality is dependent on the availability and capabilities of the API, and Revize shall not be responsible for limitations where the API does not expose the necessary data or triggers.
18. Revize's Animal Control/Adoptable Animals integration is dependent on a third-party platform and API (currently Petango or its successor). CLIENT acknowledges that such third-party services are outside Revize's control and may be modified, deprecated, replaced, or discontinued at any time without notice.
19. In the event the third-party platform or API is materially changed, deprecated, or no longer supported, Revize shall not be responsible for resulting disruptions in functionality, accessibility, or data availability. Any required updates, reconfiguration, or migration to a new platform or API (including successor systems) shall be considered out of scope and may require a separate agreement and additional fees.
20. Revize intends to publish a general periodic summary of platform updates via a centralized webpage. These summaries are for informational purposes only, may not include all updates, and are not specific to CLIENT's configuration. Timing and content may vary.
21. Current website storage is 9.72GB repository, 9.7GB CMS, 23.4GB live website. The storage capacity for this agreement is set at 100GB. This allocation is intended to accommodate backups, system files, and reasonable growth of website content. If storage usage exceeds this limitation significantly for any three-month period, and Revize determines the increase is likely permanent, Revize will investigate the cause and provide details to CLIENT Both parties agree to work in good faith to optimize storage usage or amend this agreement to provide adequate storage resources. Revize will not charge any additional fees without the written consent of CLIENT
22. Bandwidth limitation is set at 150% of the highest three-month average bandwidth usage for year one of service post-go-live for the website. Website will remain live even if traffic exceeds this limitation due to temporary, legitimate spikes in traffic, such as events, emergencies, news, etc. If traffic exceeds the limitation significantly for any three-month period, and Revize believes this traffic increase is likely permanent, Revize will investigate the cause and provide details to CLIENT. Both parties agree to work in good faith to tweak the website to remain within bandwidth limitations or amend this agreement to provide adequate bandwidth resources. Revize will not charge any additional fees without the written consent of CLIENT.

Project Timeline Statement of Understanding

Revize and CLIENT acknowledge that any project timeline provided is an estimate only and not a guarantee. Project duration is dependent on a variety of factors, including timely CLIENT participation, feedback, approvals, and other variables that may be outside the reasonable control of either party. Revize will make commercially reasonable efforts to adhere to the estimated timeline.

CLIENT agrees to take an active role in the project, including participating in meetings, providing timely feedback and approvals related to design and sitemap development, and scheduling and participating in CMS training. Delays caused by CLIENT's failure to respond to Revize requests in a timely manner may result in corresponding delays to the project timeline and do not constitute a breach of contract by Revize.

Upon completion of initial Revize CMS content editor training, CLIENT is responsible for determining when the website will go live. Any CLIENT decision to delay go-live for reasons unrelated to a functional defect rendering the website inoperable does not constitute a breach of this Agreement by Revize.

CLIENT acknowledges that website design and user experience are inherently subjective. The parties agree that this is a collaborative process and will work in good faith to reasonably fine-tune final deliverables in preparation for launch. Generalized dissatisfaction with aesthetic elements or previously approved deliverables does not constitute a breach of contract unless Revize fails to cure a material functional defect.

CLIENT may elect to postpone or reprioritize certain deliverables in favor of an earlier go-live date, subject to mutual agreement.

Enterprise Revize CMS License

As part of this Agreement, Revize LLC ("Revize") grants CLIENT a limited, non-exclusive, non-transferable license to access and use the Enterprise Revize CMS software ("Software"), hosted on Revize's cloud servers, solely for the purpose of maintaining the website(s) identified in this Agreement. The Software is proprietary to Revize and remains the sole property of Revize.

CLIENT may terminate this Agreement by providing at least sixty (60) days written notice prior to the applicable annual renewal date. All fees incurred or scheduled through the effective termination date remain due and payable. Early termination does not relieve CLIENT of payment obligations for services already rendered.

CLIENT may not sublicense, share, or otherwise provide access to the Software to any third party not expressly authorized under this Agreement.

During the term of this Agreement and while CLIENT remains current on all payment obligations, Revize will host, maintain, and provide updates to the Software as part of the applicable annual subscription.

Upon termination or expiration of this Agreement for any reason, CLIENT's access to the Software will be discontinued. Upon written request and provided all amounts due under this Agreement have been paid in full, Revize will export and deliver the content within 30 days in the original file formats, or a conforming industry standard alternative, for all content and media assets. The export will include all site content and will be delivered via a secure storage device or secure FTP process.

Notice of termination must be in writing and delivered to the non-terminating party in accordance with the notice provisions of this Agreement.

WCAG Accessibility and Compliance Terms

1. Revize will build the website to highly conform with the Web Content Accessibility Guidelines WCAG 2.1 Level AA ("WCAG 2.1 AA") at the time of delivery while actively incorporating WCAG 2.2 AA best practices as standards evolve using current industry-recognized approaches. This includes keyboard access, semantic markup, ARIA where appropriate, color contrast, focus management, and accessible forms for the delivered templates.
2. Conformance does not extend to: (i) third-party modules, plug-ins or integrations not provided by Revize (e.g., payment gateways, third-party calendars, embedded third-party widgets), (ii) content authored, uploaded, or maintained by the Client (including documents such as PDFs), and (iii) legacy pages or archives unless specifically included in the Statement of Work.
3. CLIENT website editors are responsible for ensuring they have an understanding of WCAG compliance principles. CLIENT agrees they are responsible for the content they post and shall make reasonable efforts to avoid posting content that does not conform to these guidelines. This includes, but is not limited to, posting non-compliant PDFs, failing to include descriptive ALT descriptions on photos, etc.
4. CLIENT agrees and understands accessibility compliance is not a fixed or absolute standard. It is more of a spectrum rather than a pass/fail standard. Because testing tools and methodologies may produce different results, Revize and the CLIENT agree to focus on accommodating user needs and maintaining a continuing, good-faith approach to accessibility and regulatory compliance.
5. Revize provides tools and features designed to support website accessibility and best practices. However, Revize does not guarantee legal compliance with WCAG, ADA, or other regulations. Ongoing compliance requires active participation by CLIENT, including content management and policy decisions.
6. For an additional fee, Revize offers an ongoing WCAG scan and remediation service. This service will scan the website at regular intervals after the website goes live and remediate any WCAG compliance issues with an allocated bucket of additional development hours. Remediation priorities can be set by CLIENT and may include content remediation (e.g., PDFs, Flyers, etc.). Revize also includes an accessibility checker within the Revize CMS editor. This utility will alert users of suspected accessibility issues.
7. CLIENT acknowledges and agrees that any accessibility tools, widgets, scanners, dashboards, or related features included in this Agreement are provided as supportive aids only. Use of these tools does not guarantee full or perfect compliance with WCAG, ADA, Section 508, or any other accessibility law, regulation, or standard.
8. If PDF remediation is included in this agreement, completion time is highly dependent on the number and the complexity of PDFs.
9. Additional development hours may be necessary to complete remediation to CLIENT's satisfaction and are available at Revize's then current rate.
10. Additional PDF remediation may be requested at Revize's then-current rate.
11. CLIENT may elect to add RZ ClearDocs as an optional service at a future date without requiring a formal amendment to this Agreement. If CLIENT elects to add RZ ClearDocs within twelve (12) months of the Effective Date of this Agreement, Revize will honor the pricing and Founding Partner Discount outlined herein. If CLIENT elects to add RZ ClearDocs after the twelve (12) month period, such services shall be subject to Revize's then-current pricing and available promotions at the time of activation. Activation of RZ ClearDocs will be invoiced separately and incorporated into the next applicable billing cycle.

12. RZ Clear Docs is an automated software tool that converts PDF documents into HTML format to provide a more accessible, web-friendly alternative for viewing document content. The resulting HTML version is intended to improve usability, searchability, and compatibility with assistive technologies.
13. RZ Clear Docs does not modify, remediate, or otherwise alter the original PDF files posted by the Client. The original PDF documents remain unchanged and continue to be maintained and controlled by the Client.

18. Revize represents that the Revize CMS platform and administrative interface are designed with accessibility in mind and aligned with generally accepted industry best practices, with the goal of supporting WCAG 2.1 Level AA principles. CLIENT acknowledges that accessibility standards are subject to evolving guidance, differing interpretations, and variations in testing tools and assistive technologies. Accordingly, Revize does not warrant or guarantee that the CMS administrative interface will fully conform to WCAG 2.1 AA in all instances or environments. CLIENT further acknowledges that achieving or improving accessibility within the CMS administrative interface may require modifications to, limitations on, or removal of certain features, functionality, or design elements, including those requested by CLIENT, where such elements conflict with accessibility best practices or technical feasibility. Upon written request, Revize will provide available accessibility documentation regarding the CMS platform. In the event that material accessibility issues are identified, Revize will make commercially reasonable efforts to address such issues through ongoing product improvements. Where applicable, Revize may provide a general roadmap of planned accessibility enhancements; however, specific timelines and deliverables are not guaranteed. Re: Revize WCM Software is a Sole Source Product and Provider

To Whom It May Concern:

Revize LLC is an exclusive outlet for the Revize Web Content Management Software System. All distribution rights, intellectual property, and original programming are wholly owned assets of the company. As a result, Revize LLC is the sole provider of this software, and maintenance cannot be purchased through other resellers.

In addition, the Revize Web Content Management System (CMS) has two unique technology features that, to the best of our knowledge, are not currently replicated by any vendor within the Government CMS industry:

Revize CMS uses Intelligent Publishing technology, where the CMS publishes static web pages (html/css) to the web server at the time, only when the content editor logs-in and make updates to a web page. Therefore, when visitors browse to a Revize CMS managed website, web server renders pre-assembled static web pages instead of fetching the page content dynamically from the database at page load time. However, other WCM softwares render the content dynamically from their CMS database at page load time. As a result, in a high volume of website page visits situation like an emergency, special announcement, or big event, a Revize website will have a higher likelihood of performing much faster with less lag time to render a webpage than the other WCM technologies.

Revize WCM software is platform-independent and can run on any operating system, such as Windows, Lynx, or Unix. Therefore, our clients have the ability to host the Revize CMS internally. We are not aware of any other Government CMS software that allows this flexibility.

Feel free to contact me at any time.

- The parties acknowledge that ongoing conformance to WCAG 2.1, Level AA is dependent on a variety of factors outside of Vendor's control, including but not limited to content updates, document uploads, configuration changes, and third-party scripts or integrations implemented by or at the direction of the County.
- Accordingly, continued conformance following go-live is not guaranteed and requires ongoing monitoring, testing, and remediation. Vendor offers accessibility scanning and remediation services designed to support ongoing compliance, which are not included in the base Services unless expressly set forth in the Agreement.Conformance shall be maintained whenever updates, upgrades, patches, or new features are deployed.
- Vendor shall, at contract execution and annually thereafter as well as upon request, provide a current Voluntary Product Accessibility Template (VPAT) or equivalent accessibility conformance report documenting the Solution's conformance with WCAG 2.1, Level AA.

- Accessibility issues arising from County-managed content, configuration changes, or third-party components shall be the responsibility of the County unless Vendor's optional accessibility services are engaged. Vendor shall provide documentation of accessibility testing results and remediation activities upon request.

9.4 Third-Party Components

- Vendor shall not be responsible for accessibility issues arising from third-party components, plug-ins, widgets, scripts, or embedded content that are not developed or controlled by Vendor. Vendor shall make commercially reasonable efforts to inform the County of known accessibility considerations associated with third-party integrations where applicable. As a courtesy, Vendor will make itself available, upon request, to provide general, consultative guidance to the County regarding accessibility considerations and best practices when evaluating or implementing third-party components. Such guidance is advisory in nature and does not constitute a guarantee of accessibility compliance for third-party components or services. Vendor shall include accessibility conformance requirements where applicable in any agreements with subcontractors or third parties who contribute to the Solution.

9.5 Contractor Responsibility

Under the DOJ's final rule, state and local governments that contract with other entities to provide public services remain responsible for ensuring that their contractors comply with Title II. Vendor acknowledges this obligation and agrees to cooperate fully with the County to ensure the Solution meets all applicable accessibility requirements.The parties acknowledge that the DOJs final rule or Title II of the ADA does allow for exceptions. Parties agree to work in good faith to avoid invoking these exceptions

where a commercially viable solution is reasonable. Any request by Vendor to invoke such an exception must be submitted in writing, with supporting documentation sufficient for the County to evaluate the claim and shall not take effect unless and until the County provides written approval. Failure to achieve or maintain a high level of WCAG 2.1, Level AA conformance may constitute a breach of this Agreement, subject to the cure and default provisions of the Agreement.

9.6 Ongoing Compliance

- The parties acknowledge that accessibility compliance requires ongoing monitoring and remediation due to the dynamic nature of web content and evolving standards.
- Vendor shall designate a qualified individual as an accessibility point of contact to coordinate with the County on accessibility matters.

This includes, but is not limited to, controlled facility access, visitor logs, and secure disposal of physical media containing CJI.

10.9 Cloud Services

If the Solution utilizes cloud-based infrastructure for the storage, processing, or transmission of CJI, the cloud service provider must meet CJIS Security Policy requirements and maintain an executed CJIS Security Addendum. The County retains the right to approve or reject the use of any cloud service provider for CJI-related services.

11.2 Safeguards

- Vendor shall implement and maintain administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI that it creates, receives, maintains, or transmits on behalf of the County, in accordance with the HIPAA Security Rule (45 CFR Part 164, Subpart C).
- Vendor shall conduct and document a risk analysis of its systems that create, receive, maintain, or transmit ePHI, and shall implement security measures sufficient to reduce risks and vulnerabilities to a reasonable and appropriate level.
- Vendor shall encrypt all ePHI at rest and in transit using encryption standards consistent with NIST guidelines and the HIPAA Security Rule.
- Vendor shall implement access controls, including unique user identification, emergency access procedures, automatic logoff, and encryption and decryption mechanisms.

- Vendor shall cooperate with the County in meeting its notification obligations under the HIPAA Breach Notification Rule (45 CFR Part 164, Subpart D) and shall bear all costs associated with notification, investigation, and remediation to the extent the Breach is attributable to Vendor's acts or omissions.

11.4 Subcontractors

- Vendor shall ensure that any subcontractor that creates, receives, maintains, or transmits PHI on behalf of Vendor for the performance of Services under this Agreement agrees to the same restrictions, conditions, and requirements that apply to Vendor under this Section, by entering into a written agreement that complies with 45 CFR 164.504(e)(1)(ii).
- Vendor shall remain fully responsible for the acts and omissions of its subcontractors with respect to PHI.

11.5 Individual Rights

- Vendor shall make available PHI in a Designated Record Set to the County, or at the County's direction to an individual, within ten (10) business days of request, in order for the County to meet its obligations under 45 CFR 164.524 (access of individuals to PHI).

11.6 County's Obligations

The County shall notify Vendor of any limitations in its Notice of Privacy Practices that may affect Vendor's use or disclosure of PHI. The County shall notify Vendor of any changes in, or revocation of, the permission by an individual to use or disclose his or her PHI, to the extent that such changes may affect Vendor's use or disclosure of PHI. The County shall not request that Vendor use or disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by the County.

11.7 Government Access

11.8 Return or Destruction of PHI

Upon termination or expiration of the Agreement, Vendor shall, at the County's election, return or destroy all PHI received from, or created or received on behalf of, the County. If return or destruction is not feasible, Vendor shall extend the protections of this Section to the retained PHI and limit further uses and disclosures to those purposes that make the return or destruction infeasible, for so long as the PHI is retained. This provision shall survive the termination or expiration of the Agreement.

11.9 Term and Termination

The obligations of this Section shall be effective as of the date the Agreement is executed and shall remain in effect for as long as Vendor retains any PHI. The County may terminate the Agreement if the County determines that Vendor has violated a material term of this Section. If cure is not possible, the County shall report the violation to the Secretary of the U.S. Department of Health and Human Services. The respective rights and obligations of Vendor under this Section shall survive the termination or expiration of the Agreement.

requirements of Sections 10 and 11 where applicable. Vendor shall remain fully responsible for the acts and omissions of its subcontractors.

12.4 Right to Audit

The County reserves the right, upon reasonable notice, to audit Vendor's compliance with the requirements of this Exhibit, including inspection of systems, processes, records, and facilities used in the performance of Services. This right extends to audits conducted by the County, the Illinois State Police, the FBI CJIS Division, or the U.S. Department of Health and Human Services, as applicable. Vendor shall cooperate fully with any such audit and shall provide access to relevant personnel, documentation, and systems.

In the event of a conflict between the terms of this Exhibit and the terms of the Agreement, the more protective provision with respect to the County's data, records, and legal obligations shall control.

12.6 Amendment

Notwithstanding the above term, the CONSULTANT'S failure to maintain insurance in accordance with Section 8.0, above, or in the event of any of the contingencies described in Paragraph 16.1 below, shall be grounds for the COUNTY'S immediate termination of this AGREEMENT. Parsons Transportation Group, Inc. (PTG) has served as the network architect, infrastructure designer, network configuration consultant, network maintainer and central software systems provider continuously since 2016.

PTG developed the overall network plan for every intersection in the County – for both currently implemented and future implementation intersections. This defines the probable and known layer 3 and layer 2 switch locations, and methods (fiber optic and wireless) to be used for communication between them. Every fiber optic splice and termination has been defined and recorded by PTG. This provides DuDOT with a seamless and comprehensive fiber plant documentation – with the additional benefit of all local contractors having consistent, easy to understand documentation.

PTG has configured every network switch, cellular router, wireless transmission system, and firewall on the DuDOT network. This consistency has proven to be very efficient for the county as every network device plugs in and operates properly when initially installed. It also adds to the security of the network as access to sensitive data is controlled.

PTG has maintained the DuDOT network since 2016. Nagios network monitoring system is used to provide DuDOT and PTG alerts if any network device stops communicating. PTG quickly responds to any problems and resolves or creates an action plan and works with the County electrical maintenance contractor(s) and others to resolve expeditiously. There has never been a major network problem while PTG has maintained the network.

PTG has also provided central software services to decode and control PTZ camera feeds. This custom software is occasionally enhanced to add features at the direction of DuDOT. The PTG familiarity with the code allows very efficient enhancements – keeping costs down for the County.

PTG is the only source for the services DuDOT requires that can provide elite system performance while simultaneously minimizing costs for the County as evident by the performance history of the DuDOT PTG contracts over the last 10 years.
