In order to renew this support agreement and to ensure that there is no interruption to your technical support service, please forward your purchase order or other acceptable form of payment covering the renewal amount as detailed on this quotation to VIAVI before the expiration date. Please note that if your support is not renewed by the expiration date above, you may be subject to a reinstatement fee.

## TERMS NOTICE

If an executed sales agreement or channel partner agreement exists between the Customer and VIAVI covering the products, services or solutions identified in this order acknowledgment, then it shall govern any purchase order received from the Customer relating to such products, services or solutions. In the absence of a sales agreement or channel partner agreement, by placing a purchase order with VIAVI, the Customer hereby accepts the applicability of VIAVI's standard terms and conditions (except for those specific terms included in this order acknowledgment which shall supersede any conflicting standard terms and conditions), which are attached to this order acknowledgement and are available at [www.viavisolutions.com/terms](http://www.viavisolutions.com/terms). VIAVI is entitled to apply special handling fees and surcharges relating to supply chain constraints or fuel increases. Any such special fees or surcharges will be reflected on a VIAVI quotation or invoice. Additionally, VIAVI is entitled to apply a \$75 USD order processing fee (plus any applicable taxes) on any Product and Software purchase orders less than \$1,000 USD. VIAVI does not accept, expressly or impliedly, and VIAVI hereby rejects, any additional or different terms or conditions that the Customer presents, including, but not limited to, any terms or conditions contained or referenced in any purchase order, acceptance, acknowledgment, or other document, or established by trade usage or prior course of dealing, unless VIAVI expressly and unambiguously agrees to such terms and conditions in a duly signed writing. The application of the VIAVI terms and conditions shall be deemed effective unless the Customer has expressly notified VIAVI to the contrary prior to the earlier of three (3) business days after issuance of this order acknowledgement or any shipment or other performance of this order by VIAVI.

Viavi Solutions Inc. and its subsidiaries (the "Company") are committed to providing the highest quality products to our customers. For certain PNT products, this requires using leaded solder. Lead is prohibited unless an exclusion to the RoHS Directive (2011/65/EU) applies (e.g., military applications), or unless it is used in applications that are exempted under the Directive's Annexes III or IV (which are revised from time to time). As the Customer has not explicitly and clearly stated in its purchase order that RoHS Directive compliant products are required, the Company has assumed that this Order to be shipped outside the EU/EEA may contain leaded solder.

**Export Compliance.** Customer shall obtain all licenses, permits and approvals required by any government and shall comply with all applicable laws, rules, policies and procedures of the applicable government and other competent authorities. Customer will indemnify and hold Viavi Solutions Inc. harmless for any violation or alleged violation by Customer of such laws, rules, policies or procedures. Customer shall not transmit, export or reexport, directly or indirectly, separately or as part of any system, the Goods or any technical data (including processes and services) received from VIAVI, without first obtaining any license required by the applicable government, including without limitation, the United States Government and/or any other applicable competent authority. Customer also certifies that (i) none of the products or technical data supplied by VIAVI will be sold or otherwise transferred to, or made available for use by or for, any entity that is: (a) located in an "embargoed" country in accordance with any applicable government list(s) including without limitation, those of the United States, (b) a 'denied' or 'restricted' party on any applicable government list(s) including without limitation, those of the United States, and/or (c) engaged in the design, development, production or use of nuclear, biological or chemical weapons or missile technology; (ii) no relevant agency or authority has suspended, revoked or denied Customer's export and/or import privileges; and/or (iii) Customer is not located in or under the control of a national or resident of, a jurisdiction where this transaction is prohibited.
