Please attach net price list or catalog with discount of other items you carry that may be purchased from the awarded contract. Items which do not have established and auditable pricing SHALL NOT be purchased against this contract.

Notes for improvement:

1. The product **Granular Benzotriazole** can be replaced with **TolyTri-azole** liquid in formulation that may reduce cost.
2. **Stabilized Bromine Chloride** may be replaced with a dual bromine chloride and sodium hypo-chloride that would be less expensive. It is a good review.
3. **Propylene Glycol** has risen drastically with oil prices. Plus there is curtailments and allotment systems, This may be best priced with spot market pricing.
4. **Sodium Molybdate** is a corrosion inhibitor and my be substituted with another inhibitor depending on function. It would be worth a review.
