Order Notes:

The parties agree that Customer is migrating from their existing Workforce Central perpetual software licenses (the "Existing Applications") with UKG Kronos Systems LLC to the UKG Pro Workforce Management software as a service offering ("Pro WFM"). Customer's Software Support for the Existing Applications shall continue, for up to two payroll cycles within 60 days after migration to Pro WFM, but in no event beyond December 31, 2025 in accordance with standard UKG Support policies or March 31, 2027 in accordance with UKG Workforce Central End-of-Engineering Support policy, and shall terminate thereafter.

UKG Workforce Central End-of-Engineering (EoE) Support policy:

The End of Engineering date signifies the end of all engineering activity for the product. Starting on January 1, 2026, UKG Global Support will continue to respond to support calls for customers with current maintenance up to the End of Life date of March 31, 2027. You may call UKG Global Support to receive answers to questions or problems you have encountered with your use of the product such as with configuration, setup tasks, and other questions of product usage. The support you receive from UKG Global Support does not change after the EoE date for questions relating to product usage, deployment, and other related activity in which you may need support.

For the period between January 1, 2026 and March 31, 2027 (End of Engineering period) full engineering activity will have ceased and UKG will no longer be providing service release updates containing feature enhancements nor releasing patches for customer reported defects and version updates to embedded components. This means that functional issues with the software reported to UKG Global Support will not be resolved by the engineering team and a patch for defect resolution will not be provided. Examples of problems that may occur that will not be addressed are:

- Customer updated its browser and is now receiving unexpected UI behavior
- Customer created a new pay rule and does not get expected results
- Customer configured a new feature for the first time and determined it doesn't work as expected

Furthermore, version updates to embedded components will not be provided during this End of Engineering period. However, for customers with on premise implementations of Workforce Central with current maintenance, UKG will make available certain patches for security related items related to embedded components in the rare case a patch is necessary to resolve a security vulnerability. These patches will be available for Critical Security vulnerabilities classified by UKG using the CVSS v3.1 scale at 9.0+, when the product is used in accordance with the published documentation. UKG reserves the right to consider providing patches for other lower CVSS scores and will assess the criticality specific to Workforce Central as needed. Any patches available for download will be available for the most recent service release of WFC v8.1 only. Exclusions to this policy include Workforce HR, Workforce Payroll, Workforce Analytics (all specialized versions), and Workforce Enterprise Archive. No security patches will be made available for

products on the exclusions list. Firmware updates for Intouch clocks follow a separate maintenance program and support for firmware is

documented separately. This definition replaces all prior representations and warranties on the in scope Workforce Central modules during the End of Engineering period.

Pro WFM Monthly Service Fees shall be invoiced at the Billing Frequency indicated on this Order Form, commencing on the Billing Start Date. As of the Billing Start Date, UKG will credit Customer for any pre-paid but unused fees for Software Support for the Existing Applications. Customer may apply credits against any amounts owed to UKG by Customer until such credit is expended. Customer shall continue to pay the Software Support services fees on the Existing Applications until the Billing Start Date.

UKG Launch is based on the Launch Quantity of 425 Fixed Employees.

The Subscription Fees for the applicable monthly Minimum Quantities are due on the Billing Frequency stated on the Order Form and invoiced thirty (30) days in advance of the quarter.

The UKG Migration Launch Statement of Work for DUPAGE CARE CENTER attached to this order form is incorporated herein by reference.

After the Initial Term, the Subscription Fee shall increase per annum by the Uplift amount set forth above.
