**** NOTICE: We are closely monitoring the tariff situation very carefully. Aebi Schmidt North America and its Monroe brand manufacture products in the United States, so the direct impact of current tariffs will be moderate. Although we make significant efforts to source components domestically, this is not always feasible. At this time, we cannot predict the potential cost increases that may arise through our supply chain or from further tariffs. We understand that this may raise concerns, and we want to assure you that we are working hard to minimize any impact on our customers and if cost increases need to be applied to existing or future orders, we will discuss these changes with our customers upfront.**
