## PERSONAL INFORMATION

I was born and raised in Bloomingdale Township (Roselle) where my parents Robert and Gloria Nogan built a house in 1959. My three sisters and I all grew up there. My father was in the construction industry and my mother worked for The Village of Roselle. My family attended Trinity Lutheran Church where my Father served as an Elder. I attended Roselle Public Schools and graduated from Lake Park High school in 1985. After High School I went on to earn my Bachelors Degree from Southern Illinois University. Soon after college I met my wife of 26 years and bought a house in Medinah where we still reside today. My interests include golfing, fishing, travel and BBQ. When time permits you will find my wife Joann and I enjoying our three dogs in our backyard with good friends and family.
