

## BACKGROUND

I am seeking re-appointment to the Downers Grove Sanitary District Board of Trustees. My background in the wastewater industry (public and private sector) and thorough understanding of local government affords me a unique perspective to contribute to DGSD. The District is currently in the planning stages for a full-scale facility modernization project and continuity on the Board of Trustees is invaluable. I hold DGSD in high regard and would be proud to continue to contribute to its legacy of environmental and economic sustainability. My wife Lisa and I have lived in Downers Grove since 2005 and have three children

# MARK EDDINGTON, P.E.

## EDUCATION

### **Marquette University – 1996**

Milwaukee, WI

Bachelor's Degree – Civil Engineering

## RELEVANT EXPERIENCE

### **Downers Grove Sanitary District – Trustee**

*2024-Present*

Currently serving as a mid-term appointment to fill out the term of Wally Van Buren (2022) upon his passing. I have filled the role of Clerk and have become involved in the District's Facility Plan Update and contributed input to District policy in addition to other governing responsibilities.

### **Kishwaukee Water Reclamation District – Executive Director**

*2010-Present*

Responsible for the operation and administration of a local Sanitary District charged with providing treatment and disposal of wastewater for a population of 45,000 in DeKalb County, IL.

### **Civil Engineering Consulting – Project Manager**

*1995-2010*

Served as a Water/Wastewater Project Manager for several Civil Engineering Consulting firms (ESI Consultants, Trotter & Associates, TranSystems Corporation, and Robert H. Anderson) across northern Illinois. Primary responsibilities included planning, design, construction services, and business development.
