STORMWATER MANAGEMENT

MEMORANDUM

TO: Stormwater Management Planning Committee

FROM: Mary Beth Falsey, Stormwater Management

SUBJECT: Annual Report to Illinois Environmental Protection Agency

DATE: May 22, 2024

Each year, DuPage County is required to submit an annual report to the Illinois Environmental Protection Agency (IEPA) detailing the efforts that are being made to maintain compliance with the General NPDES Permit for Discharges from Small Municipal Separate Storm Sewer Systems (ILR40). Permit No. ILR40 requires that a permittee reduce, to the maximum extent practicable, pollutants associated with stormwater runoff being discharged to any surface water of the State.

The Annual Facility Inspection Report is due to the IEPA by the first day of June each year that the permit is in effect, as well as required to be posted on the permittee's website. Each report covers the period from March 1 of the previous year to March of the current year. This year DuPage County and 41 partner agencies are submitting one comprehensive report as co-permittees, which is being prepared by DuPage County Stormwater Management.

The annual report will be posted online by June 1 and can be found at:
