7. CHAIR'S REPORT

Chair Conroy made the following remarks:

As you know, Election Day is a few months off, on November 3rd. State statute requires the County Board set salaries for elected officials at least 180 days prior to the beginning of the elected officials' terms. To meet this requirement, the Board must approve the salary ordinance no later than June 4.

This year, the County Board must set salaries for five Countywide elected officials, including the County Board Chair, County Clerk, Treasurer, Regional Superintendent, and Sheriff. The Board must also set salaries for 12 County Board members. I'm grateful all Board Members who have spoken to me and with our senior-most Member, Jim Zay, to help craft the options that are before the Board today. I believe we have done this work in a thoughtful, bi-partisan manner. As always, I'm deeply grateful for this approach.

I want to remind everyone about our Mental Health Summit taking place here on the County campus Saturday May 9th. Guest speaker Ross Szabo is an award-winning mental health speaker with a refreshingly honest, relatable and humorous approach. The summit provides the community with information about services available in DuPage and allows attendees to learn about the progress we've made, particularly with the opening of our Crisis Recovery Center. I hope to see you all there.

Project Description:

The DuPage County Forensic Science Center (DCFSC) is a forensic science laboratory that analyzes evidence items from approximately 40 law enforcement agencies within DuPage County, Illinois. The DNA Section is an NDIS-participating laboratory and offers DNA analysis of casework samples utilizing STRs and Y-STRs. The DCFSC has identified challenges in their pursuit to process casework samples for entry into CODIS with a reasonable turnaround time. In order to ensure sustainability of capacity, it is necessary to replace aging equipment. One challenge is securing the funding to do so. Furthermore, without grant funding, the laboratory would not be able to provide supplies to enable analysis of both violent and non-violent cases. Another challenge is keeping the lab adequately staffed. The analysis of casework data, preparing case notes and reports, and technically reviewing completed casework takes a large amount of time. Grant funding can address these challenges and will reduce or eliminate their negative impact on backlog and turnaround time.

Updated equipment purchased with funds from this grant will include the purchase of laboratory instrumentation. A new CODIS workstation will also be purchased to update CODIS to its newest version once released.

A small portion of the grant funds will pay for overtime for DNA analysts, to be used specifically for rush or priority cases, or validation purposes. The capacity of the laboratory will be increased by grant funding of supplies needed for additional casework.

The grant will fund an external audit of the DNA section that will ensure the quality of our work and will also enable the lab to comply with QAS requirements. Grant funded continuing education will improve

the analysts' scientific expertise and also enable the laboratory to comply with QAS requirements.

Solicitation Title
2025 BJA FY25 DNA Capacity Enhancement for Backlog Reduction (CEBR)- Formula Grants Program

Project Title
FY2025 DNA Capacity Enhancement for Backlog Reduction (CEBR) Program - DuPage County ForensicScience Center

Project Description

The DuPage County Forensic Science Center (DCFSC) is a forensic science laboratory that analyzes evidence items from approximately 40 law enforcement agencies within DuPage County, Illinois. The DNA Section is an NDIS-participating laboratory and offers DNA analysis of casework samples utilizing STRs and Y-STRs. The DCFSC has identified challenges in their pursuit to process casework samples for entry into CODIS with a reasonable turnaround time. In order to ensure sustainability of capacity, it is necessary to replace aging equipment. One challenge is securing the funding to do so. Furthermore, without grant funding, the laboratory would not be able to provide supplies to enable analysis of both violent and non-violent cases. Another challenge is keeping the lab adequately staffed. The analysis of casework data, preparing case notes and reports, and technically reviewing completed casework takes a large amount of time. Grant funding can address these challenges and will reduce or eliminate their negative impact on backlog and turnaround time.

Updated equipment purchased with funds from this grant will include the purchase of laboratory instrumentation. A new CODIS workstation will also be purchased to update CODIS to its newest version once released.

A small portion of the grant funds will pay for overtime for DNA analysts, to be used specifically for rush or priority cases, or validation purposes. The capacity of the laboratory will be increased by grant funding of supplies needed for additional casework.

The grant will fund an external audit of the DNA section that will ensure the quality of our work and will also enable the lab to comply with QAS requirements. Grant funded continuing education will improve the analysts' scientific expertise and also enable the laboratory to comply with QAS requirements.

Letter from Chief Financial Officer:

It is my pleasure to kick off the Fiscal Year 2027 DuPage County Annual Budget process.

DuPage County has long been recognized as a leader throughout Illinois and the nation for its ability to provide outstanding services to its residents at a reasonable cost. This year, the Government Finance Officers Association again presented DuPage County with its Distinguished Budget Award for the FY2026 budget with Special Recognition for the Financial and Budget Policies for the second year in a row. Obtaining this achievement can only be accomplished with teamwork and a dedication to achieve the County's goals and objectives outlined in the budget document. I look forward to working with every Department and Elected Official (EO) this year as we seek a balanced budget that provides funding for needed services and initiatives to meet strategic goals and objectives.

Thus far in Fiscal Year 2026, revenues are holding steady and continue to meet budgetary projections. However, it is unlikely revenues will exceed budgeted amounts to the extent seen in FY2024 and FY2025. Over the last three fiscal years, operating accounts (personnel, commodities, contractual) have been collectively under budget within the General Fund departments/offices.

One trend we continue to see as an opportunity for improvement is the development of reasonable budget projections. In line with this opportunity, we have implemented a base budget for FY2027 using the FY2026 adopted budget with a 2% increase in the commodities and contractual accounts. Any total budget request increases above the base budget should include itemizations/justifications on the **Variance Discussion Form along with supporting documentation**.

Departments and Elected Officials are encouraged to review the Financial and Budget Policies and the Budget Development Instructions for guidance when preparing the budget requests.

Once budget submissions have been received, meetings may be scheduled with County Board Department Directors and Elected Officials to discuss. Meeting dates will be coordinated at a later date.

Finally, we are providing general instructions for departmental/EO FY2027 revenue and expenditure budget development. Additional instructions or requests for information may be required later because of questions or actions by the County Chair, County Board, or various committees.

Respectfully,

Jeff Martynowicz
Chief Financial Officer

BUDGET DEVELOPMENT INSTRUCTIONS

On Tuesday, May 12th, County Board approved the FY2027 Budget Calendar and the FY2027 DuPage County Financial and Budget Policies. The County Board has requested consistent budget documentation be provided for review. Additionally, the Finance Committee **may** request that Departments/Elected Officials be available for a special call meeting to discuss any increases over the 2% of the base budget in commodities and contractual services.

Pursuant to these requests, all Departments/EOs are required to complete and submit the following through OpenGov:

1) Estimate anticipated revenues and expenditures for the current fiscal year.
2) Forecast revenues for the next five fiscal years.
3) Request expenditure budget for the upcoming fiscal year.

FY2027 Budget Schedule

Please Note: Departments/EOs must submit all budget materials to the Finance Department no later than close of business on Thursday, July 2nd and will be unable to make further edits after this date.

Budget Request Submission

The following sections below provide details of required and optional items in the budget request submission. Budget development instructions and forms are available on Inside DuPage under Finance/Budget.

Budget Preparation Documents

Revenue Projections

Department/EO revenue projections are an integral part of the budget process and should be well-reasoned. Finance staff are available to work closely with Departments/EOs to develop these projections. Departments/EOs are encouraged to review their General Fund revenue projections with Finance staff prior to submission.

Revenue Projections are entered in OpenGov using a form called "Revenues". In this form, Departments/EOs will include an annual anticipated (projection) for the current fiscal year, and projections for the next five fiscal years.

Anticipated Current Year Revenues

Departments/EOs should provide reasonable revenue estimates based on existing activity and any revenue changes impacting the current year.

Forecasted Future Year Revenues

Future year revenue projections will be used to aid in the development and implementation of the County's five-year financial plan.

Revenue Forms

Departments/EOs will complete various Revenue Forms and upload it to OpenGov within the appropriate proposal.

Revenue Survey

The Revenue Survey form is used to provide a list of any anticipated legislative and/or non-legislative changes impacting revenue sources taking effect in the upcoming fiscal year. Departments/EOs are to complete one Revenue Survey form for each accounting unit.

Revenue Survey

Company: Company Accounting Unit: Company:
Department:

Please list any anticipated legislative changes to departmental revenue sources that are to take effect
How will these changes impact the County and how long will the impact of these changes last?

Revenue "Fees and Fines"

In addition to the Revenue Survey, Departments/EOs should complete a "Fees and Fines" form for each accounting unit or fund. Fees for services should fully cover related expenses.

Fee Fine

Company: Company # Accounting Unit:
Department:

Name of Fee Fine:

Expenditures

Departments/EOs should provide reasonable estimates and requests based on prior and current year expenditures.

Anticipated Current Year Expenditures

Departments/EOs should focus on the following areas when preparing the anticipated current year expenditures section of the budget system:

1) Necessary current year contract increases that extend into the budget year;
2) Utilization changes impacting items such as food, medical/drug costs, utilities, fuel and;
3) Statutory changes impacting program services or levels.

Upcoming Fiscal Year Budget Requests

Budget submittals should reflect the Departmental/EO needs and goals. Requests are to be entered into the OpenGov Budget including support and details/itemizations in the Account Description column. **Budget submissions are funding requests that may not be fully met.** Departments/EOs are responsible for monitoring changes to their requested budget through final County Board approval in November.

All FY2027 appropriation and interfund transfer levels will be set by the County Board when it formally approves the FY2027 budget in November.

Special Revenue and Enterprise Funds should develop an expenditure budget that does not exceed current year revenue plus the FY2026 estimated ending cash balance. **Please note**: If fund balance is required to create a balanced budget, provide an explanation/justification.

Personnel

Departments/EOs should budget all personnel accounts for full-time, part-time, temporary, seasonal, and/or overtime with an explanation as needed.

All currently filled full-time and part-time positions for Departments/EOs will be loaded into the Budget module of OpenGov. Any positions that are currently not filled need to be added within the Positions Tab of the proposal worksheet. For example, Department has a headcount of thirty and only has twenty-five filled positions. Five unfilled positions will need to be added within the Positions Tab. If the Department does not plan to fill two of the five positions, no dollar values need to be added, only the position information.

Pursuant to the Financial and Budget Policies, positions reported by Departments/EOs in the OpenGov application will be submitted to Human Resources as the official Staffing Plan.

Fringe Benefits

Departments/EOs should budget for fringe benefits using the following rates which have been inputted into OpenGov to automatically calculate based on the Positions Tab information:

- FICA (Social Security and Medicare) @ 7.65%
- IMRF Regular @ 8.15%
- IMRF SLEP @ 27.73%
- IMRF ECO @ .90%
- Employee Medical/Dental Insurance @ 12% growth

Please Note: General Fund fringe benefits will be consolidated into centralized accounts.

Personnel/Reorganization Requests

Per the Employee Policy Manual Section 4.1 Compensation Practices, salary adjustment requests should be included within the Department/EO's annual fiscal budget. Explanations for increases should reflect factors such as organizational, statutory, union contract, caseload, operational, and/or funding changes.

Departments/EOs requesting such changes must complete the Personnel/Reorganization Request Form as well as the Financial Review Costing Template.

Personnel Change Requests Timeline

Personnel Change requests and forms must be submitted to Human Resources (DPChumanresources@dupagecounty.gov) for review no later than June 1st.

- June 1st through June 30th – Initial review of personnel changes reviewed by Human Resources.
- July 1st through August 31st – Updates and changes as needed thru the process.
- September through October – Only personnel changes made as directed by the Board.
- December 1st through March 1st – Blackout period. No new personnel requests will be processed during this time.
- Starting March 1st – Personnel change requests are received and reviewed.

Cost-of-Living Adjustments (COLA)

The proposed COLA for Special Revenue and Enterprise Funds should be budgeted into account 50080 (Salary & Wage Adjustments). COLA for the General Fund will be budgeted in the accounting unit General Fund Special Accounts (1180).

Commodities/Contractual

The FY2027 base budget includes a 2% increase in commodities and contractual services to cover inflationary costs. Departments/EOs should review historical spending and existing purchase orders (POs) to determine the appropriate expense accounts and budget amounts for the upcoming fiscal year.

The Procurement Division posts a monthly report that includes all current contracts with expiration dates on Inside DuPage under Procurement/Purchase Order Reports. In addition, Departments/EO's are encouraged to review procurement reports located at SQL Purchase Order Reporting.

Departments/EOs can modify the FY2027 Department Requests budget by inputting changes in the Adjustment Input column of the OpenGov application. Itemizations and justifications are required using the Account Description to show what expenses are included in each account. The Variance Discussion Form is required for each account-level increase exceeding the base budget.

Capital – Operations

Capital assets are tangible or intangible assets that are used in operations and that have initial useful life extending beyond a single reporting period. Departments/EOs requesting replacement of current equipment or capital projects should do so within the appropriate account. Capital items with a unit value of $30,000 or greater will be budgeted in the Department/EO's accounting unit. The vehicle replacement budget will be completed by the Division of Transportation per the County's vehicle policy.

Leases that span more than one year and involve buildings, land, vehicles, or equipment need to be budgeted in a capital account. Refer to the Expenditure Account Manual for the correct account/sub-account.

Prepaid Agreements

The Accounting Team will send a list of existing prepaid agreements to Departments/EOs by June 1st. Prepaid agreements are to be budgeted annually regardless of when the full payment is processed.

Prepaid invoices are payments made in advance of services received. For example, the County frequently pays for multi-year software subscriptions before the subscription period begins. While such payments reduce cash in the immediate term, they are expensed over time. This accounting method ensures that the expense is recognized in the same period that the benefit is received.

For example: Company A purchased software with a three-year contract for $6M, prepaying year 2 and year 3 at the start of the contract. Year 2 and Year 3 expenses are recorded in a prepaid expense account because the expense has yet to occur even though the cash has been expensed.

Within the proper fiscal year, the Accounting Team will journalize the prepaid expense to move into the appropriate current year expense account. For this entry to post, sufficient budget is required in the current year expense account.

The Finance Department reserves the right to deny prepayment in certain cases. For more information on allowable prepaid expenses, see the Expenditure Account Manual.

Variance Discussion Forms

Any budget request for the upcoming fiscal year exceeding the base budget account requires the Variance Discussion Form to be completed. Departments/EOs should provide justification for each item within the account in the sections provided on the form. If this form is not completed, the account will be reset to the base budget. Finance staff will review the forms which may also be reviewed by the Finance Committee, and make a recommendation to the Chair.

Explanation:

Increased costs as ARPA will no longer be used as split funding for OpenGov

What is the impact if not approved?

County will not have access to an online budget book, with up to date and specialized reporting features. New budgeting process would need to be developed for annual budget preperation.

Finance Committee Recommended: Yes / No **Decision Date:**

New Programs/Initiatives

Departments/EOs may seek to request additional funding and/or staff beyond status quo/maintenance levels. This could be in response to several factors including, but not limited to, new legislation, ordinances, changes in caseload, or strategic objectives.

Per the County's Financial and Budget Policies, Departments/EOs are required to include a five-year financial impact statement, which outlines how the new program will be funded, how much the program will cost in each of the five years, and any other related information.

To request funding for a new program/initiative follow these steps:

- Submit new program/initiative request using the "New Programs and Initiatives" form.
  - Include a five-year financial impact statement
  - Link the program to the County's strategic plan
  - Provide performance measures where applicable
  - Provide statutory or ordinance citation related to the program/initiative
- Include the new program/initiative request totals in the budget submission using the following accounts:
  - 50099 – Personnel, including detailed full-time, part-time, temporary, overtime, and other personnel costs.
  - 52999 – Commodities associated with a new program.
  - 53999 – Contractual services associated with the program.
  - 54999 – Capital items associated with the program.

Please Note: Not all additional responsibilities or program requests require increased funding. For example, funding for start-up program/initiative for the first year may be offset by increased revenue or reduced expenses over a span of time.

New Program Requests will be reviewed and prioritized based on available funding. The County has acted to reduce long-term costs and personnel by looking at new technology or alternatives where feasible.

Capital Improvement Plan

The Capital Improvement Plan (CIP) represents major capital expenditures defined as follows:

- Tangible or intangible property
- Value is $100,000 or over
- Individual acquisition cost is less than the per unit threshold if those assets in aggregate are significant
- Estimated useful life in excess of one year
- If there is an improvement, then the value of the asset is increased, or the useful life is extended beyond originally anticipated.

Departments/EOs requesting capital items with a project value larger than $100,000 and a useful life of seven or more years are to complete a FY2027-FY2031 Capital Improvement Plan proposal for each project in the OpenGov application. If requested capital items/project relate to new programs, include these costs in budget line 54999 (New Program Request – Capital Outlay).

This form allows for a breakdown of estimated costs and project funding for five years as required in the County's Financial and Budget Policies and provides for detailed discussion of the projects. In addition, information on the forms will be included in the County's Five-Year Capital Improvement Plan.

Additional Supporting Documentation

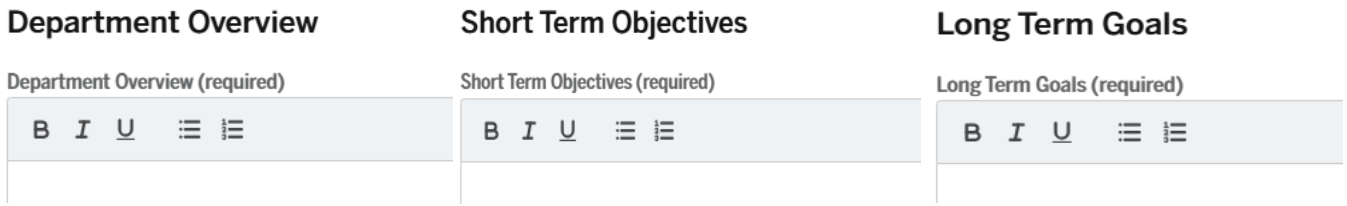

In addition to the required development components detailed above, Departments/EOs are encouraged to include any additional information pertinent to the development of their budgets, particularly ordinance or legislation changes impacting, or potentially impacting their budget request. Where applicable, Departments/EOs should provide associated costs.

All forms will be provided on Inside DuPage which is located at Budget Preparation Documents – DuPage County Finance. Departments/EOs should complete each of the forms applicable to their requests. General information regarding each form is outlined below.

Department Overview, Short-Term Objectives and Long-Term Goals

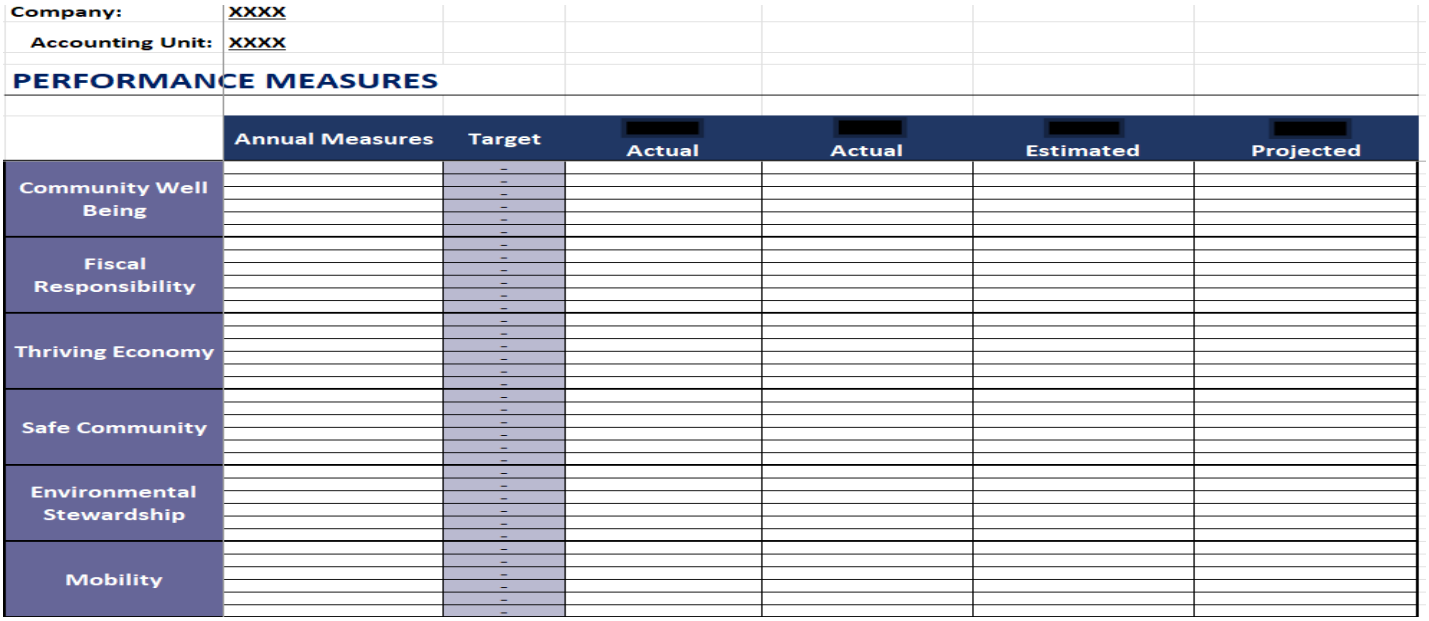

Department/EO overview, short-term objectives, and long-term goals will be entered within the proposals of OpenGov. Consider and reference the Strategic Plan when preparing Department/EO overview, objectives and goals.

- Short-term objectives are objectives that will be achieved in the current and/or upcoming fiscal year.
- Long-term goals are goals that will be achieved within the next two to four fiscal years.

Performance Measures

Performance measures identify areas used to determine departmental/office's progression based on short-term objectives and long-term goals. Reporting of the annual measures should include the following: A target measure, two prior year actuals, estimated measures for the current fiscal year and the projected performance measure for the upcoming fiscal year.

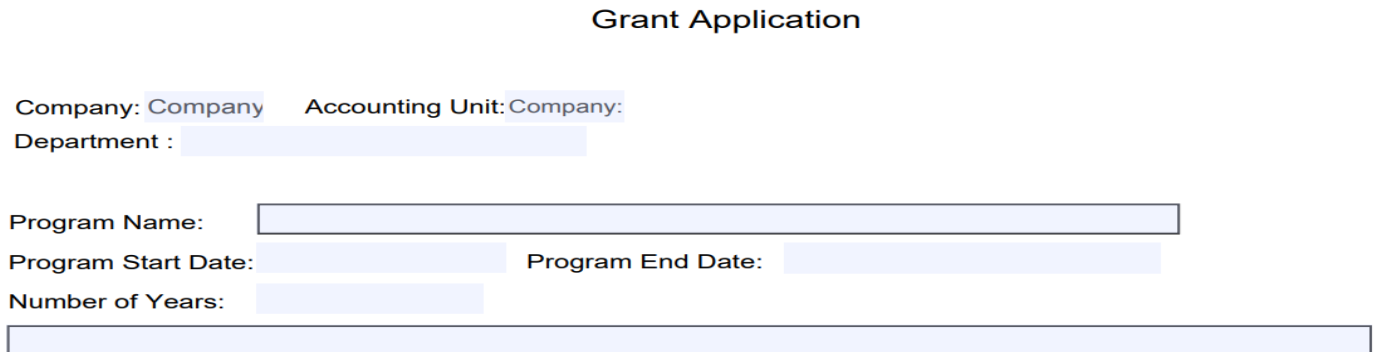

Performance measure data will be completed via form and uploaded with the budget submission in OpenGov. Each measure should be tied to a strategic initiative stated within the DuPage County 2024-2029 Strategic Plan.

Organizational Charts

Departments/EOs shall submit an organizational chart of the Department/Office and upload it with the budget submission in OpenGov.

Grant Applications

Departments/EOs should list any grants that they are currently or will be pursuing using the Grant Application form. Please list detailed program information, as well as the amount of each grant. If the Department/EO does not have grants or does not pursue grants, disregard this form. Projections shall also be made for the funding impact of continuing grant programs (in place at time of budget development) that are due to sunset within the next five years. Forms need to be uploaded to OpenGov with the budget submission.

7. Investing public funds that will strive to maximize the overall investment yield of the portfolio while minimizing risk.
8. Setting procedures to control risks and diversify investments regarding specific security types, maturities, and financial institutions.
9. Seeking to promote economic development in DuPage County under the Treasurer's competitive certificate of deposit purchase program. B) Financial Institutions

The County Board shall approve the financial institutions in which the Treasurer may deposit funds.

1. The County Board shall seek to deposit funds with financial institutions having a local presence to the maximum extent feasible.
2. The County Board generally deems it prudent that custody of bank accounts or investment accounts be placed with the County Treasurer. However, in the case when these accounts are not placed with the Treasurer, the following applies:
    a. Departments under County Board jurisdiction are required to obtain County Board approval for establishing and setting minimum requirements for any bank or investment account placed outside of the County Treasurer. The Department is responsible for maintaining proper internal controls over said accounts, including the provision of monthly statements and reconciliations for Finance Department review.
    b. Departments and Elected Officials should ensure that all deposits and investments are properly collateralized in accordance with the applicable laws and policies.
    c. Elected Officials, who choose to maintain bank or investment accounts outside of the County Treasurer, shall provide sufficient information to enable the County Treasurer and the Finance Department to prepare required financial reports. The Elected Official is responsible for maintaining proper internal controls over said accounts, including the provision of monthly statements and reconciliations for Finance Department review.

III) BONDED DEBT

A) Credit Rating

1. The County shall operate financially in a manner to maintain its high credit rating. The County shall meet periodically with rating agencies concerning its fiscal plans and regarding its rating. The County shall continue to maintain good communications with bond rating agencies regarding its financial condition.

B) New Money Debt

1. Long-term, non-conduit debt shall generally be issued only for infrastructure, infrastructure improvements, or long-life major capital assets.
2. The County shall issue debt for capital purposes only if project costs cannot reasonably be financed through normal operations. A comparison between debt financing and pay-as-you-go financing should be performed when a new money debt issuance is considered, with the exception of Special Service Area or conduit bond issuance. Such a comparison shall be included in supporting bond issuance documents.
3. The County shall have and maintain criteria for the issuance of conduit bonds.

C) Parameters and Limitations

1. The County's debt funded by ad valorem taxes shall not exceed 5.75% of assessed market value.
2. Debt should not extend beyond the debt-funded project's expected useful life.
3. In order to preserve financial stability and to facilitate cash flow, the County shall attempt to maintain approximately equal total annual debt service payments, unless market or economic conditions make it advantageous to explore alternate debt service structures.
4. In order to minimize the property tax burden on its residents, the County shall endeavor to keep its direct debt to taxable property value (market value) ratio low.

D) Refunding

1. Whenever feasible, the County shall seek to refund or restructure debt in order to reduce debt service, produce cost savings of at least 2.5%, remove restrictive covenants, or to increase project financial capacity.
2. The County shall employ generally accepted industry criteria as guidelines on refunding.

E) Disclosure

1. The County shall abide by all continuing disclosure requirements of financial and pertinent credit information relevant to the County's outstanding debt.

2. The County shall approve and disclose all costs of issuance and all parties receiving a fee or payment of any kind in advance of payment. These costs shall be estimated in the authorizing bond ordinance/resolution.
3. The authorizing bond ordinance shall contain language to maintain flexibility in a changing economic environment in the municipal bond market, as the County may need the ability to adjust the original estimated costs of issuance in order to sell the bonds in a manner at the best interest to the County.
4. Final costs of issuance shall be disclosed upon closure of the bond sale. A report comparing the estimated and final costs shall be issued to the Finance Committee.
5. The Bond Ordinance for a given issuance shall identify the underwriter, bond counsel, underwriter's counsel, and financial advisor.

3. The annual budget document shall endeavor to satisfy all mandatory criteria established by the Government Finance Officers Association (GFOA).

8. The General Fund budget shall only be balanced by use of existing fund balance with two-thirds (2/3rds) vote of the County Board.
9. The County Board shall create and maintain a Strategic Reserve within the General Fund. The Strategic Reserve may be used only in the event of major emergency or economic distress to help stabilize County operations. A two-thirds (2/3rds) vote of the County Board shall be required to access the Strategic Reserve.

10. The year-end (November 30th) fund balance goal for the General Fund shall be at least 25% of total expenditures plus transfers out of the next year's General Fund budget, in order to reasonably accommodate revenue and expenditure cash flows while providing a low point operating margin of approximately one-month's normal operations, in addition to strategic reserve amounts. If fund balance goes above 45% at the end of a fiscal year, the Chief Financial Officer may recommend a one-time transfer to a capital fund for future funding.

    Special Revenue funds shall develop appropriate cash reserves.
11. The County shall routinely examine the methods of providing services in order to reduce costs, improve quality, or expand services with no increase in cost.
12. The County shall annually develop five-year expenditure and revenue projections for all major operating funds for inclusion in the annual budget document.

    b. Aggregate property tax increases may not exceed the lesser of the Consumer Price Index (CPI) for all urban consumers as published by the US Bureau of Labor Statistics or 5% of the prior year's tax extension pursuant to the Property Tax Extension Limitation Law (PTELL). (35 ILCS 200/18-85(V))
    c. The County shall prefer cost effectively administered user fees and charges to general taxes as a source of revenues.
    d. The County, through its Departments and Elected Officials, shall periodically review fees and charges to ensure that they are adequately covering the cost of service as well as determining the applicability of new fees or charges.
2. Diversification
    a. The County shall endeavor to create and maintain a diversified revenue stream for its General Fund in order to minimize the impact of fluctuations in any one revenue source and improve income stability.
3. Estimation
    a. Revenues shall be estimated conservatively, using an objective, analytical process including historical trends, current information, and local conditions.

b. Current year revenue shall be monitored, and forecasts shall be adjusted as necessitated by actual performance in order to provide the most accurate basis for budget and future year projections.

4. One-Time Revenue
    a. The County shall not rely on one-time revenues, such as sales of assets, to fund ongoing expenditures.

C) Expenditures

1. The County Board authorizes fiscal year appropriation expenditure levels. The County does not reappropriate funds.
2. Expenditures in the Commodities and Contractual Services categories are received and expensed within the same fiscal year. Accrued expenditures are expensed in the current fiscal year even though the cash outflow may occur in the subsequent year.

2. The County shall develop a five-year schedule of capital acquisitions, repairs, and replacements.
3. Additional appropriation requests for capital projects over $500,000 shall require a 5-year financial impact statement. The County shall identify the estimated cost and potential funding sources for each capital project proposal before it is submitted to the County Board for approval. This shall include determining the least costly financing method for all new projects.

F) Pension

1. The County shall follow applicable state statute or federal requirements to ensure adequate funding for all retirement systems, including, but not limited to, the Illinois Municipal Retirement Fund (IMRF) and Social Security.

G) Debt Service

1. The County shall ensure adequate funding to service all debt issued per applicable bond ordinances and debt schedules.
2. When debt is backed by property tax revenues, allocation of property taxes for purposes of debt service shall have priority over other uses of property taxes.

H) Grants

1. Grants in effect as of December 1st shall be identified in the budget at the time of original budget passage. Grants awarded after the beginning of the fiscal year shall be appropriated upon County Board approval.
2. Departments/Elected Officials applying for grants shall utilize the Grant Proposal Notification (GPN) process. Prior to or within one week's time of grant application, applying Departments and Elected Officials shall submit a completed GPN that indicates their intent to apply for or submission of an application for grant funding. The GPN should clearly indicate operating and capital expenses for programs in all budget and multi-year budget estimates. The GPN must identify whether continuation of all or some staff or all or some level of services is a condition of grant acceptance. The GPN shall be reviewed and approved by (i) the Chief Financial Officer or his designee, (ii) the County Board Chair, (iii) the Parent Committee, and (iv) the County Board.

I) Intergovernmental

1. Program expenditures from any non-County funded sources (e.g., state grants, federal grants, intergovernmental agreements, etc.) shall be limited to the non-County funds unless a business case can be made that additional funding is in the best interest of the County or where there is an agreed County match requirement.

J) Employee Benefits

1. The County shall calculate and compensate (i.e., pay out) accrued or future accruing employee benefits from the County general employee benefits account strictly in accordance with the County's Employee Policy Manual adopted by the County Board and pursuant to reported accrued benefits from Elected Officials.

INTERGOVERNMENTAL DELEGATION AGREEMENT

BETWEEN THE ILLINOIS ENVIRONMENTAL PROTECTION AGENCY AND THE COUNTY OF DU PAGE, ILLINOIS

A JOINT AND COOPERATIVE INSPECTION PROGRAM

This Intergovernmental Delegation Agreement ("Agreement" or "Delegation Agreement") is entered into this this 1st day of July, 2026, between the County of DuPage, Illinois (the "County"), and the Illinois Environmental Protection Agency ("Illinois EPA" or the "Agency") (collectively, the "Parties").

I. AUTHORITY

The Illinois EPA is an agency established in the executive branch of State government, having the duty and authority, *inter alia*, to conduct a program of continuing surveillance and of regular or periodic inspection of sites and to investigate violations of the Illinois Environmental Protection Act (415 ILCS 5/1, *et seq.*) ("Act"), and regulations adopted thereunder ("regulations").

The County is a unit of local government organized and existing under the laws of Illinois. The County Solid Waste Management Department (the "Department"), a department or agency established within or in addition to the County government, shall implement this Delegation Agreement for and on behalf of the County.

Section 30 of the Act (415 ILCS 5/30) provides:

> "The Agency shall cause investigations to be made upon the request of the Board or upon receipt of information concerning an alleged violation of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order, and may cause to be made such other investigations as it shall deem advisable."

Article VII, Section 10, Constitution of the State of Illinois, 1970, provides in part:

> "Units of local government . . . may contract. . . with the State . . . to obtain or share services and to exercise, combine, or transfer any power or function, in any manner not prohibited by law or ordinance. . . ".

Section 5 of the Intergovernmental Cooperation Act (5 ILCS 220/5) provides:

> "Any one or more public agencies may contract with any one or more other public agencies to perform any governmental service, activity or undertaking or to combine, transfer, or exercise any powers, functions, privileges, or authority which any of the public

agencies entering into the contract is authorized by law to perform, provided that such contract shall be approved by the governing bodies of each party to the contract and except where specifically and expressly prohibited by law. Such contract shall set forth fully the purposes, powers, rights, objectives and responsibilities of the contracting parties."

Section 2 of the Intergovernmental Cooperation Act (5 ILCS 220/2) defines "public agency" to include any unit of local government as defined in the Illinois Constitution of 1970, the State of Illinois, and any agency of the State. The County is a unit of local government, as defined in the Illinois Constitution of 1970, and Illinois EPA is an agency of the State.

Section 4(r) of the Act (415 ILCS 5/4(r)) provides:

"The Agency may enter into written delegation agreements with any unit of local government under which it may delegate all or portions of its inspecting, investigating and enforcement functions. Such delegation agreements shall require that work performed thereunder be in accordance with Agency criteria and subject to Agency review."

Section 22.15(h) of the Act (415 ILCS 5/22.15(h)) states that the Agency is authorized to provide financial assistance to units of local government for the performance of inspecting, investigating, and enforcement activities pursuant to Section 4(r) of the Act at nonhazardous solid waste disposal sites.

Section 55.6(c) of the Act (415 ILCS 5/55.6(c)) states, in part, that the Agency is authorized to provide financial assistance to units of local government for the performance of inspection, investigation, and enforcement activities pursuant to Section 4(r) of the Act at used and waste tire sites.

The Illinois EPA hereby delegates the site inspection authority, as set forth by the terms and conditions of this Delegation Agreement, to the County. All inspecting functions, not specifically delegated in this Delegation Agreement, are retained by the Illinois EPA. Other than to the Department, the County shall not sub-delegate the functions and duties delegated herein to any other local government agency or political subdivision without the prior written approval of the Illinois EPA. Site(s) owned or operated, in whole or in part, by the County, or any political subdivision of the County, are expressly excluded from the delegation of authority in this Delegation Agreement.

II. PURPOSE

The purpose of this Delegation Agreement is to satisfactorily act on public concerns for human health and the environment and agree upon a mutually cooperative program for inspecting sites in the County, for sharing information obtained regarding solid waste management in the County, and for follow-up activity in situations where violations of

environmental laws are detected, the results of which may result in the issuance of a Violation Notice or Administrative Citation.

III. DEFINITIONS

As used herein, the terms within this Delegation Agreement shall be defined in the Act, unless otherwise defined below.

As used herein, the term "*site(s)*" means any location, place, tract of land, and facilities, including but not limited to, buildings and improvements used for purposes subject to regulation or control by the Act or regulations thereunder. This term does not refer to sites or those portions of a site that manage "hazardous waste," as defined under state and federal law or site(s) owned or operated, in whole or in part, by the County or any political subdivision of the County.

As used herein, the term "*inspection*" includes, but is not limited to, physical inspection, collection and analysis of air, soil, water, and waste samples, photographing or videotaping sites, facilities or activity, review and copying of any documents, photographs, videotape or other record keeping, and any other information gathering activity.

IV. RESPONSIBILITIES OF THE COUNTY

A. INSPECTION

Pursuant to this Delegation Agreement, the County, through the Department, shall have certain authority to act on behalf of the Illinois EPA, as specified herein, to inspect sites and issue Violation Notices under the Act and regulations adopted thereunder. The County shall inspect sites as well as enforce applicable provisions of the Act and regulations. The County understands that any reports, other pertinent data, and any other written material submitted to the Illinois EPA or received by the County from the Illinois EPA may be subject to public access, inspection, and photocopying pursuant to the Illinois EPA's responsibilities under Section 7 of the Act (415 ILCS 5/7) and the Freedom of Information Act (5 ILCS 140/1 *et seq*.) as set forth in Section VII below in more detail.

The County shall conduct its inspection program in accordance with this Agreement and the requirements of the Act and its promulgated regulations. Before any employee of the County inspects a site pursuant to this Delegation Agreement, such employee must be certified by the Illinois EPA as to their qualifications for the purposes of conducting inspections. The County's employee certification shall be accomplished by such employee taking a training course given by Illinois EPA personnel designed to educate its first County employee or employee(s) as to all aspects of proper inspection, sample collection, and an understanding of the applicable statutes and regulations. The County employee(s) shall demonstrate competency for certification within forty-five (45) calendar days following the successful completion of such training course before they may become a certified inspector. A certified inspector may offer a similar training course, approved by the Illinois EPA, to other County employee(s) so that they may obtain certification

through the County. The Illinois EPA shall certify the other County employee(s) as an inspector within forty-five (45) calendar days following the successful completion of such training course after demonstrating competency to the Regional Manager and after notice of completion of the approved training course has been provided to the Illinois EPA.

B. ENFORCEMENT

The Illinois EPA recognizes that the State's Attorney in the County has certain independent enforcement authority pursuant to Title XII of the Act. This Delegation Agreement is not intended to affect or alter such independent enforcement authority. Accordingly, the Illinois EPA and County agree that the State's Attorney may bring actions for violations pursuant to Section 42(e) of the Act in the name of the people of the State of Illinois. However, in electing to enter into this Delegation Agreement, the County agrees that it will conduct site inspections pursuant to the terms and conditions of the Delegation Agreement. When the County refers a matter for formal enforcement pursuant to the Delegation Agreement, the case will be prosecuted either through the available channels utilized by the Illinois EPA for cases developed by Illinois EPA personnel or through the State's Attorney's Office. If the State's Attorney's Office declines to prosecute a case, the delegated County shall work with the Illinois EPA Regional Office to refer the case through the channels used by the Illinois EPA.

The Illinois EPA reserves, and shall have sole authority over and responsibility for, review and approval of any remedial action settled upon through negotiation or as presented to a court or the Illinois Pollution Control Board except for remedial actions involving the removal and proper disposal of open-dumped or open-burned solid waste requiring only incidental soil, groundwater or surface water removal, or disturbance. The purpose and intent of Illinois EPA review and approval for remedial actions is to utilize the technical expertise of the Illinois EPA and to maintain the legislative intent set forth in the Act to establish a unified, statewide program to restore, protect, and enhance the quality of the environment.

The County agrees to notify the Illinois EPA Regional Office of any formal enforcement action (e.g., local ordinance violations) it initiates, the purpose being to avoid duplication of efforts and to avoid independent or mutually inconsistent formal enforcement proceedings. Additionally, the County and the Illinois EPA agree that, upon request, each will provide the other with information regarding any and all enforcement action(s) concerning sites within the County. The County and Illinois EPA will cooperate with one another in relation to any enforcement actions brought by either party pursuant to the Act and/or regulations. The County and the Illinois EPA shall cooperate in enforcement matters including the matter of regularly scheduled meetings. The Parties will hold these meetings when a referral for formal enforcement is considered; when considering issuance of an Administrative Citation (in agreement); when the facility fails to respond to a Violation Notice or Notice of Intent to Pursue Legal Action (in agreement); and when a Compliance Commitment Agreement is considered for approvals and/or rejection.

The County agrees that its employee(s) shall cooperate fully and completely with the Illinois EPA, including, but not limited to, offering testimony in any enforcement matter instituted against a site in the County.

V. RESPONSIBILITIES OF THE ILLINOIS EPA

In order to promote the operational aspects of this Delegation Agreement, personnel from the Illinois EPA may accompany inspectors on joint inspections within its municipal jurisdiction. Such joint inspections may also serve to provide County personnel with additional background information and inspection skills with respect to such sites.

If the Illinois EPA initiates a formal enforcement action, the Illinois EPA agrees to notify the County of any such action, with the purpose being to avoid duplication of efforts and to avoid independent or inconsistent formal enforcement proceedings. If a duplicative action exists, the Illinois EPA may decide to take over such enforcement action. In the event a conflict arises between enforcement or remedy, the Illinois EPA retains ultimate primacy of the issue.

The Illinois EPA agrees that its employee(s) shall cooperate, review reports and provide guidance and recommendations for improved quality, respond to questions, and offer testimony in any enforcement matter instituted against a site in the County that is within the scope of this Delegation Agreement. Nothing in this Delegation Agreement shall limit the Illinois EPA from exercising its statutory and regulatory discretion regarding inspection, investigation, or enforcement matters.

VI. BUREAU OF LAND PERMITS, VARIANCES AND ADJUSTED STANDARDS

The issuance of site permits, variances, and adjusted standards required by the Act and regulations shall remain the sole discretion and responsibility of the Illinois EPA, and Illinois Pollution Control Board, respectively.

VII. RECORDS AND AUDITS

A. The Illinois EPA shall forward to the County copies of all applications for site permits and/or supplemental permits, variances, and adjusted standards as they are received for sites in the County. The Illinois EPA shall also forward to the County copies of every final permit decision and any Board-issued regulatory relief decision. The County shall ensure that all records, including but not limited to books, documents, reports, data, other evidentiary material, and records reflecting costs incurred by the County in accordance with this Agreement, are maintained using accounting procedures and practices that conform to generally accepted accounting principles to properly account for the receipt and disposition of all financial assistance received hereunder. The County shall ensure that records are preserved and made available for inspection, auditing, and copying as provided in Subsection VII. D. below:

1) For a minimum of three (3) calendar years following the County's receipt of final payment of financial assistance from the Illinois EPA hereunder;

2) For documents relating to disputes and/or appeals, litigation, or the settlement of claims arising out of the services or activities provided by the County hereunder, or costs and expenses of services for which exception has been taken by the Illinois EPA or any of its duly authorized representatives, until three (3) calendar years after disposition of such appeals, litigation, claims, or exceptions, or for the three (3) calendar years specified in subsection (A)(1) above, whichever is longer; and

3) For such longer period required by applicable statute or regulation, including but not limited to, the Local Records Act (50 ILCS 205/1 *et seq*.).

B. The Parties acknowledge and agree that this Delegation Agreement, the payment of financial assistance, requests for payments and supporting documentation, and all other records, reports, data, and/or other written material (including but not limited to electronic data, records, and communications) relative thereto that have been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of, the Illinois EPA or the County may be subject to inspection and copying pursuant to the Freedom of Information Act (5 ILCS 140/1 *et seq*.). Such records, data, and files of the Illinois EPA may also be subject to inspection and copying pursuant to Section 7 of the Act (415 ILCS 5/7).

C. The Parties shall comply with the provisions of Sections 7 and 7.1 of the Act, 2 Ill. Adm. Code 1828.202, and other applicable law relating to the non-disclosure of any confidential information under this Delegation Agreement. In addition, the Parties shall comply with Part 130 of the Illinois Pollution Control Board regulations (35 Ill. Adm. Code Part 130) and other applicable law regarding trade secret information here under.

D. The Illinois EPA, the Illinois Auditor General, the Illinois Executive Inspector General, the Illinois Attorney General, and their respective officers, officials, employees, and authorized representatives and agents shall have the right to inspect and audit any books, records, or papers relating to the financial assistance provided hereunder and the expenditure of said funds.

VIII. HOLD HARMLESS, INDEMNIFICATION, AND INSURANCE

A. HOLD HARMLESS AND INDEMNIFICATION

To the fullest extent permitted by law, the County hereby agrees to assume the risk, responsibility, and liability for any and all loss or damage to property owned by the County, the Illinois EPA, or third persons, and any injury to or death of any persons (including employees of the County) caused by, arising out of, or occurring in connection with, the execution of any services or other work, contract, or subcontract arising out of this Agreement, and the County

shall indemnify, save harmless, and defend the State of Illinois and the Illinois EPA (and their respective officials, officers, employees, and authorized representatives) from all claims for any such loss, damage, injury, or death, except to the extent such claim, loss, damage, injury, or death is attributable to the negligent or willful and wanton conduct of an official, officer, employee, or authorized representative of the County. The County shall also require that any and all contractors, subcontractors, consultants, and other parties engaged by the County shall agree in writing that they shall look solely to the County for performance of such contract or satisfaction of any and all claims arising thereunder.

B. INSURANCE

Throughout the duration of this Agreement and any extensions thereof, the County shall maintain the following types of insurance coverages, or equivalent self-insurance coverage, in not less than the amounts of coverages set forth below:

1) Commercial general liability ("CGL") insurance with a limit of not less than $1,000,000 each occurrence (combined single limit bodily injury and property damage). If the CGL insurance contains an aggregate limit, it shall be not less than $2,000,000 or shall be endorsed to apply separately to this project. The State and the Illinois EPA shall be named as an additional insured under the CGL insurance, any commercial umbrella/excess liability insurance, and business auto liability coverages of the County. The County's CGL insurance, commercial umbrella/excess liability insurance (if any), and business auto liability coverages shall apply as primary insurance with respect to any other insurance or self-insurance afforded to the State or the Illinois EPA and shall not require exhaustion of any other coverage or tender of any claim or action to any other insurer providing coverage to the State or the Illinois EPA. Any insurance or self-insurance maintained by the State or the Illinois EPA shall be in excess of the County's insurance and shall not contribute with it.

2) Business auto liability insurance, with a combined single limit of not less than $1,000,000 per accident, for bodily injury and property damage. Such insurance shall cover liability arising out of any auto, including owned, hired, and non-owned autos.

3) Workers compensation insurance, as required by law.

The County shall cause each subcontractor and consultant, employed by or acting on behalf of the County hereunder, to maintain insurance of the types and not less than the amounts of coverages specified above. Copies of letters and/or certificates of insurance evidencing the types and amounts of coverages for the County and each of its subcontractors and consultants are attached hereto as Exhibit A.

IX. CONTINGENCY REGARDING AVAILABILITY OF SUFFICIENT FUNDS

Notwithstanding any provision herein to the contrary, the financial assistance provided for hereunder is expressly contingent upon and subject to the availability of sufficient funds appropriated for this Agreement and the inspection activities performed hereunder. The Illinois EPA may terminate or suspend this Agreement, in whole or in part, without penalty or further payment being required, if: i) sufficient State funds have not been appropriated to the Illinois EPA, ii) the Governor or the Illinois EPA reserves appropriated funds, iii) the Governor or the Illinois EPA determines that appropriated funds may not be available for payment, or iv) the Illinois EPA determines that there are otherwise insufficient funds available. The Illinois EPA shall provide notice, in writing, to the County of any such funding failure and its election to terminate or suspend this Agreement as soon as practicable. Any suspension or termination pursuant to this Section will be effective upon the County's receipt of said notice.

X. FINANCIAL ASSISTANCE

A. Subject to the availability of sufficient funds as provided in Section IX above and the terms and conditions of this Agreement, the Illinois EPA will provide financial assistance to the County in the form of reimbursement to the County as herein provided. The financial assistance amount shall be eighty percent (80%) of the County's total allowable costs approved by the Agency, not to exceed the maximum amount of financial assistance approved by the Agency (the "Maximum Annual Financial Assistance Amount") in any state fiscal year (i.e. July 1 through June 30) during the term of this Agreement for the County's inspection, investigation and enforcement activities performed hereunder. The Maximum Annual Financial Assistance Amount is subject to adjustment by the Illinois EPA in any fiscal year based on the Illinois EPA's budget, the County's budget, the Exhibit B Fact Sheet (and as amended), and the availability of sufficient funds for the inspection activities performed hereunder. In the event that this Agreement is terminated prior to June 30 in any such fiscal year during the term of this Agreement, then the Maximum Annual Financial Assistance Amount shall be prorated based on the number of days that the Agreement is in effect during said fiscal year, subject to the availability of sufficient funds as herein provided.

B. Financial assistance are those costs that:

1) the Illinois EPA determines to be reasonable and necessary for the County to perform its inspection activities required hereunder and as set forth in the Fact Sheet (and any Amended Fact Sheet) approved by the Illinois EPA, and include, but are not limited to, costs of salaries and benefits, professional and consultant services, project feasibility and engineering reports, and materials acquired, consumed, or expended specifically for said activities;

2) exclude Unallowable Costs set forth in Section X, Subsection C below;

3) shall not exceed the amounts set forth in the annualized budget that the Illinois EPA approves for the fiscal year in which the expenses were incurred during the term of this Agreement; and

4) shall not exceed the Maximum Annual Financial Assistance Amount determined by the Illinois EPA.

The proposed budget for each state fiscal Year during the term of this Delegation Agreement shall be attached hereto as Exhibit C and is incorporated herein. During the term of this Agreement, proposed modifications to the budget may be required, from time-to-time and as necessary, to account for programmatic alterations. These proposed modifications must be submitted on Illinois EPA-approved forms. Per Section XIII below, certain budget modifications may require formal amendment. The submission of an amended budget request does not require the Illinois EPA to provide the County any funding above previously approved Maximum Annual Financial Assistance Amounts. The Illinois EPA shall provide the County with written notice of its decision regarding any amendments to the County's proposed budget and Fact Sheet.

C. Costs excluded from financial assistance and as set forth in Exhibit D, attached hereto and incorporated herein (collectively, "Unallowable Costs"), include:

1) costs incurred in violation of any term or condition of this Agreement or any applicable federal, state, or local law;

2) costs incurred prior to or after the term of this Agreement; and

3) the unallowable costs as set forth in Exhibit D.

D. To be eligible for financial assistance reimbursement, on a quarterly basis, the County must submit financial assistance reimbursement requests with supporting documentation, together with progress reports on forms provided by the Illinois EPA. The County must submit its financial assistance reimbursement request (i.e., payment requests) for each quarter not more than thirty (30) calendar days following the end of said quarter. The supporting documents shall identify the activities performed and how they meet the inspection goals established. The documentation should also provide a breakdown of the costs, sufficient to demonstrate that the costs for which financial assistance is sought were necessary and reasonable and otherwise allowable costs as defined herein. Financial assistance request documents shall include, but are not limited to, the following:

1) An identification of the time period for which the activities/services were performed, and the costs were incurred;

2) A brief description of the work performed;

3) A breakdown of the activities/services performed cross-referenced to tasks set forth in the Fact Sheet or Amended Fact Sheet;

4) The names and titles of individuals performing activities/services and the dates and hours worked;

5) Copies of invoices;

6) A list of expenses and/or costs incurred in connection with the activities/services performed;

7) A list of inspections completed, the date they were completed, and by whom they were completed;

8) A signed statement that the report and documentation is truthful and accurate, and

9) Such other documentation requested by the Illinois EPA to determine whether an expense for which financial assistance is requested is an allowable cost as defined herein.

E. The County shall submit its final request each state fiscal year for financial assistance hereunder no later than thirty (30) calendar days following the expiration of the term of this Agreement. Requests for financial assistance may be submitted as follows:

Via email to: EPA.DelegatedCounty@illinois.gov

Or

Via U.S. Mail or parcel delivery to:

Illinois Environmental Protection Agency
Attn: Materials Management and Compliance Section #24
2520 West Iles Avenue, P.O. Box 19276
Springfield, IL 62794-9276

F. The County's failure to submit financial assistance requests, appropriate supporting documentation, or quarterly reports in a timely manner may result in denial of financial assistance payments by the Illinois EPA.

G. At any time or times prior to final payment under this Agreement, the Illinois EPA may cause any request(s) for payment to be reviewed or audited by the Illinois EPA or as otherwise herein provided. Each subsequent payment shall be subject to reduction for amounts included in the related request for payment which are found, on the basis of such review or audit, not to constitute allowable costs. Any payment will be reduced for overpayments or increased for underpayments on preceding requests for payment.

XI. INSPECTIONS

A. FORMALIZED RECORD

The County shall maintain a formalized record of all inspections, compliance, non-compliance, formal enforcement, and Administrative Citation activities. The information recorded shall include, at a minimum:

1) relevant dates;

2) number of inspections;

3) facilities inspected;

4) volume in cubic yards of waste remediated at open dump sites;

5) the status of all compliance and enforcement activities; and

6) the amount of any penalties, interest or restitution collected or due and owing.

B. INSPECTION REPORT FORMS

Each time a certified inspector (hereinafter "inspector") conducts an inspection of a site, the inspector shall complete an inspection report that consists of, at a minimum:

1) an inspection checklist;

2) a narrative;

3) a site sketch or map;

4) photographs documenting site conditions; and

5) any appropriate supporting documents.

While conducting inspections, the inspector shall take field notes and may utilize a draft inspection checklist in conjunction with field notes.

After completing the inspection, the inspector shall complete the inspection report within thirty (30) calendar days after the date of the inspection. The employee shall possess and carry a camera for the purpose of taking pictures to document site conditions during inspections.

The original completed report shall be maintained by the County; one copy to the owner (via email or U.S. First Class Mail); one copy to the operator (via email or U.S. First Class Mail); and one copy shall be forwarded to Illinois EPA Headquarters via email to: EPA.DelegatedCounty@illinois.gov. Copies of the inspection report shall be forwarded to the Illinois EPA and the owner and operator no later than thirty (30) calendar days after the date of the inspection.

C. INSPECTION SCHEDULE

The inspection schedule for the upcoming fiscal year shall be provided to the Illinois EPA Regional Manager for comment and approval by April 30 each year.

Before conducting any independent inspections pursuant to the Delegation Agreement, the inspector must first be certified by Illinois EPA in accordance with Section IV(A) above. Before conducting an inspection of an Illinois EPA permitted site, the inspector shall review and become familiar with applicable statutes, regulations, variances, adjusted standards, and Illinois EPA permits in order to become aware of permit conditions, obligations, and exceptions that may apply to the site.

The County is responsible for inspecting the sites within its jurisdiction on an approved schedule pursuant to the Fact Sheet (Exhibit B), and as amended. The County and Illinois EPA understand that it may be necessary for the County to conduct impromptu inspections of Illinois EPA permitted sites without having had time to notify the Illinois EPA prior to such inspection, but this is to be the exception rather than the usual course of operation. Inspections of open dump sites will be on an as-needed basis. Additionally, the County shall conduct inspections of any site subject to the Delegation Agreement within ten (10) calendar days of the request of Illinois EPA or upon citizen complaints alleging violations of the Act and regulations.

The County shall forward to Illinois EPA, within thirty (30) calendar days, copies of all written communications the County issues or receives pursuant to activities engaged in by reason of the Delegation Agreement.

From time to time, Illinois EPA engages in inspections with a view toward possible criminal enforcement actions. It is understood and agreed to by the County that any facts, data, documents, photographs, reports, or other information pertaining to such inspections are beyond the scope of the Delegation Agreement. Nothing herein shall limit Illinois EPA's legal authority to work and cooperate with the State's Attorney and law enforcement agencies in the County regarding any inspections or investigations pursuant to possible criminal actions.

Unless otherwise specified, the Regional Manager[1], Field Operations Section, Bureau of Land, shall be Illinois EPA's representative for the operational aspects of the Delegation Agreement, and the Director of the Department shall be the County's representative.

XII. ADMINISTRATIVE CITATION PROCESS

If a citation is issued, the violator will make out two separate checks: one check to the Illinois EPA, Environmental Protection Trust Fund, for half of the amount of the fine and a second check to the County for the other half of the fine. All relevant information relating to the citation shall be made available to the Illinois EPA upon request. If the State's Attorney's Office declines to prosecute an administrative citation, the County shall work with the Illinois EPA Regional Office to refer the case through the channels used by the Illinois EPA. Fines will not be split if the case is solely prosecuted by the Illinois EPA.

XIII. EFFECTIVE DATE - TERMINATION - AMENDMENT – RENEWAL

A. This Delegation Agreement shall commence on July 1, 2026, or upon execution, whichever is later, and shall remain in effect until **June 30, 2031,** unless terminated earlier by either party giving thirty (30) calendar days prior written notice of termination to the other party. The Delegation Agreement may be so terminated with or without cause. Illinois EPA may, from time to time, review and comment on the County's inspection and enforcement program.

B. The Parties may amend this Delegation Agreement by way of written agreement signed by both Parties. However, Illinois EPA, at its sole discretion, may also amend this Delegation Agreement via written notice provided to the County.

C. The Parties may renew this Delegation Agreement for additional five (5) calendar year terms by mutual written agreement.

D. A written amendment signed by both Parties is required for Exhibit B Fact Sheet amendments or Exhibit C budget request changes by the County reflecting in an increase or decrease to the Maximum Annual Financial Assistance Amount budgeted for any of the state fiscal years subject to this Agreement.

E. For Exhibit B Fact Sheet amendments or Exhibit C budget request changes by the County that do not result in changes to the Maximum Annual Financial Assistance Amount for any of state fiscal years subject to this Agreement, the County must

notify and provide such changes to the Illinois EPA of those in writing as soon as practicable pursuant to the requirements of Section XV (Notices).

XIV. RECOVERY OF FUNDS AND OTHER REMEDIES

In the event this Agreement is breached by the County, the Illinois EPA may, in addition to any other remedies provided in law and/or equity, revoke this Agreement and take such other action as the Illinois EPA is authorized to take. If the Illinois EPA determines funds are being misspent or improperly held by the County, then the Illinois EPA or the Illinois Attorney General may recover those funds and take any other action authorized by law. These remedies shall not be construed as limiting the Illinois EPA's right to terminate this Agreement with or without cause as provided in Section XIII above.

XV. NOTICES

Any notice required under this Agreement shall be in writing and shall be deemed properly given when personally delivered, mailed by certified mail, return receipt requested, U.S. First Class mail, or via email to the addresses below. WHEREAS, more than 14.2 million people live within five miles of an EtO-emitting facility in the United States, with a 2023 Union of Concerned Scientists' study finding that the average risk of cancer from air toxics was nearly three times the national average in communities located near EtO emitting facilities; and

WHEREAS, in 2018 and 2019, DuPage County worked with the Villages of Willowbrook, Burr Ridge, Hinsdale, and the City of Darien (the "Communities") to oppose emissions of EtO by Sterigenics, in the County; and

WHEREAS, in 2018, DuPage County State's Attorney, Robert Berlin, and the Illinois Attorney General, Lisa Madigan, together brought a lawsuit under the Illinois Environmental Protection Act for injunctive relief and civil remedies to redress the harmful effects of EtO; and

WHEREAS, in 2018 the DuPage County Board amended the DuPage County Code prohibiting emissions of EtO more than one hundred tons per year to protect the residents of DuPage County; and

WHEREAS, as a result of these actions, the State of Illinois passed tighter restrictions on ethylene oxide use in Public Act 101-0022, wherein EtO sterilization facilities are prohibited from operating in Illinois unless the facility captures 100 percent of all fugitive EtO emissions within the facility and the facility reduces EtO emissions to the atmosphere from each exhaust point by at least 99.9 percent or to 0.2 parts per million; and

3.4 KANE COUNTY shall detain all DUPAGE COUNTY juvenile offenders who require detention on a juvenile case, in accordance with the Juvenile Court Act, and are younger than twenty-one years of age, as outlined above. KANE COUNTY shall not continue to detain any DUPAGE COUNTY juvenile offender eighteen years of age or older and prosecuted as an adult who requires detention on a criminal case pending under the jurisdiction of the Code of Criminal Procedure of 1963.

(f) Date and time of detention hearing, and whether the hearing will be in person (including name of transporting agency) or virtual (upon request, zoom court will be made available as needed).

(b) In the case of the escape or attempted escape of a DUPAGE COUNTY minor confined in the Kane County Juvenile Justice Center, the Kane County Chief Judge's Office or the Kane County Juvenile Justice Center shall notify the Sheriffs of Kane and DUPAGE County promptly by telephone, so they may use all reasonable means to recapture the minor. The date of such escape and the return to custody must be reported in writing to the Sheriff of DUPAGE County within forty-eight (48) hours of said escape.

(c) DUPAGE COUNTY shall provide KANE COUNTY with information on any upcoming court hearings and/or scheduled release dates for any minors detained by DUPAGE COUNTY.

(d) DUPAGE COUNTY shall provide KANE COUNTY with any subsequent information regarding the juvenile in custody, including serious mental health concerns or behaviors that could pose a risk to staff or other detained minors.

(e) The DuPage County Director of Probation and Court Services shall assign a staff member as a liaison to KANE COUNTY for all minors detained for DUPAGE COUNTY at the Kane County Juvenile Justice Center. This staff member, or his/her designee, shall have access to all minors detained by DUPAGE COUNTY at the Kane County Juvenile Justice Center upon advanced notice to the on-duty supervisor at the Kane County Juvenile Justice Center.

5. SCOPE OF DETENTION SERVICES: KANE COUNTY shall provide minors with detention services as provided for in the Juvenile Court Act of 1987 (705 ILCS 405), all other governing statutes, and all detention regulations promulgated by the IDJJ, AOIC, and PREA Standards. Services offered to minors housed for DUPAGE COUNTY shall be commensurate to services offered to all other minors housed by KANE COUNTY. KANE COUNTY shall make available IDJJ, AOIC and PREA Inspection Reports to DUPAGE COUNTY.

5.1 Resident supervision and programs shall comply with all IDJJ, AOIC and PREA Standards, to include:

(a) Cognitive behavioral programming.

(b) Daily education provided by licensed teachers.

(c) Mental Health Services at an appropriate level to address mental health and safety needs.

5.2 KANE COUNTY shall provide DUPAGE COUNTY detention behavior reports for detained minors twenty-four (24) hours prior to scheduled court appearances.

6. TRANSPORTATION OF MINORS

An AUTHORIZED DUPAGE COUNTY OFFICIAL, or the appropriate arresting agency's designated law enforcement official, pursuant to the established policies of DUPAGE COUNTY, shall provide for transportation of minors to and from KANE COUNTY for initial admission. Thereafter, an AUTHORIZED DUPAGE COUNTY OFFICIAL shall provide transportation of minors to and from KANE COUNTY for scheduled off-site health care services, court-ordered furloughs, IDJJ commitments, residential placement dispositions and court hearings. Yet, in the case of non-scheduled off-site medical care services, such as emergency hospital care, KANE COUNTY shall provide such transportation as is necessary for the juvenile to receive such care. For the expense and staffing of such trip, DUPAGE COUNTY shall compensate KANE COUNTY for mileage (current IRS rate) and any other transportation expenses incurred (i.e. tolls, parking, etc.), and additionally, for off-site staffing coverage required for the minor at an hourly rate of $79.50 per hour, the combined overtime rate of two (2) entry level youth counselors; DUPAGE COUNTY is custodian of the minor when providing transportation. Except for emergency situations, an AUTHORIZED DUPAGE COUNTY OFFICIAL will provide notice to KANE COUNTY one day prior to any transport.

7. HEALTH CARE SERVICES

7.1 KANE COUNTY shall provide basic health care services as outlined by IDJJ and AOIC standards. In accordance with AOIC standards, all residents will receive a physical examination within seven (7) days if they return from their detention hearing.

7.2 The parent(s)/guardian(s)/minor's medical insurance shall pay for any health care services received at a facility outside of the Kane County Juvenile Justice Center and this includes any emergency health care services deemed necessary by KANE COUNTY. The parent(s)/guardian(s)/minor's medical insurance shall pay for any prescribed medications. With the assistance of DUPAGE COUNTY, KANE COUNTY shall coordinate with the parent(s) or guardian(s) to obtain insurance information. In the event the minor is not covered by medical insurance, DUPAGE COUNTY shall be responsible and bear any and all expenses arising from any prescribed medications or medical services provided to the minor at a facility outside of the Kane County Juvenile Justice Center. DUPAGE COUNTY will reimburse KANE COUNTY for all lab fees, X-rays and prescription medications. As between KANE COUNTY and DUPAGE COUNTY, DUPAGE COUNTY shall become the responsible party and bear any and all payments of outstanding medical bills but shall retain any rights it may have to seek reimbursement from the minor, the minor's parent(s)/guardians(s), any insurance carrier, or any other responsible party.

7.3 In the event a minor detained for DUPAGE COUNTY is admitted for hospitalization for emergency health care services, KANE COUNTY will immediately notify DUPAGE COUNTY Probation and Court Services (or other person authorized by the Chief Judge of the Circuit Court for the Eighteenth Judicial Circuit). DUPAGE COUNTY shall compensate KANE COUNTY for mileage (current IRS rate) and any other transportation expenses incurred (i.e. tolls, parking, etc.), and additionally, for off-site staffing coverage required for the minor at an hourly rate of $79.50.

7.4 The parties agree that the intent of juvenile detention is to house delinquent minors pending court proceedings; it is not to be used in lieu of treatment for minors in need of mental health treatment such as psychological services or specialized medical care. Minors who require mental health treatment at a level of care higher than an outpatient setting are not appropriate for detention. These minors will need to obtain the proper treatment in the appropriate medical or mental health care facility and be medically and/or psychologically stable before they are accepted for detention.

8. FEES AND PAYMENT

8.1 As consideration for the foregoing, DUPAGE COUNTY agrees to provide compensation to KANE COUNTY for the following detention services:

(a) Per diem fee: The amount of $175.00 per day, per minor for occupied detention beds. KANE COUNTY shall provide an invoice to DUPAGE COUNTY by the tenth day of the month reflecting services provided during the previous month. DUPAGE COUNTY shall remit payment within 60 days after receipt of such invoice.

(b) Transport fees: Any out-of-building transport provided by KANE COUNTY for DUPAGE COUNTY will be in the amount of $79.50 per hour, the combined overtime rate of two (2) entry level youth counselors; Transport to IDJJ will require a flat rate of $100.

(c) Medical fees: DUPAGE COUNTY will reimburse KANE COUNTY for all lab fees, X-rays and prescription medications.

9. INDEMNIFICATION

9.1 KANE COUNTY shall be responsible for and shall indemnify, defend with counsel of DUPAGE COUNTY's own choosing, and hold harmless DUPAGE COUNTY and its past, present and future board members, elected officials, insurers, agents, officers, and employees against any and all liabilities, claims, demands or suits arising out of the performance of this agreement by KANE COUNTY, the confinement of any DUPAGE COUNTY juvenile at the KANE COUNTY Juvenile Justice Center, and any practice, policy, rule, regulation, act or omission of KANE COUNTY, or any officers, agents, employees, or servants, relating to the custody, care, supervision, transport of any DUPAGE COUNTY minor in the custody of KANE COUNTY or relating to the

maintenance of KANE COUNTY property or premises, to the fullest extent authorized by law.

$_[redacted]_____ per kW

Proposed Payment split beteen the CSP and the County:

CSP: [redacted]_____%

County: _[redacted]_____%

Provide an example and description of the CSP's payment calculation to the County. For the purpose of this example, assume an emergency capacity reduction commitment of 2,500 kW for up to 1,600 hours annually. Include the schedule of when payments would be made to the County.

Provide examples and description of the CSP's payment calculation to the County resulting from real emergency demand response events, assuming (1) the County sheds 2,500 kW of load for one hour and (2) the County sheds 5,000 kW of load for one hour.

The calculation is the same as above but with a real event there is an energy payment based on real time pricing. The payment for your committed registration doesn't change - you register prior to the Power Season, your registered commitment doesn't fluctuate during the season.

Pursuant to Illinois law, the attorney representing Lessor under this paragraph must be the State's Attorney of DuPage County. Any indemnity as provided in this Lease shall not be limited by reason of the enumeration of any insurance coverage herein provided. Lessee's indemnification obligation shall survive the termination, or expiration, of this Lease for two (2) years. SOURCE SELECTION	Describe method used to select source. This contract was vetted based on the County's Qualified Based Selection (QBS) process, which allows for Professional Services to be vetted through an open and transparent process. Notwithstanding the above term, the CONSULTANT'S failure to maintain insurance in accordance with Section 8.0, above, or in the event of any of the contingencies described in Paragraph 16.1 below, shall be grounds for the COUNTY'S immediate termination of this AGREEMENT. 15.2 The CONSULTANT shall not perform any work under this AGREEMENT after the expiration date set forth in Paragraph 15.1(b), above or after the early termination of this AGREEMENT. The COUNTY is not liable and will not reimburse the CONSULTANT for any work performed after the expiration or termination date of the AGREEMENT. However, nothing herein shall be construed so as to relieve the COUNTY of its obligation to pay the CONSULTANT for work satisfactorily performed prior to expiration or termination of the AGREEMENT and delivered in accordance with Paragraph 6.1, above.

15.3 The term for performing this AGREEMENT may be amended by a Change Order, or other COUNTY designated form, signed by both parties without formal amendment pursuant to paragraph 14.1 above.

AMENDMENT TO RESOLUTION DT-P-0110A-19
ISSUED TO ALFRED BENESCH & COMPANY
FOR PROFESSIONAL PHASE II DESIGN ENGINEERING SERVICES
CH 27/HIGH LAKE ROAD AT SUNSET AVENUE SECTION 09-00122-03-TL
(CONTRACT INCREASE $226,690.03; +100.331%)

WHEREAS, the DuPage County Board has heretofore approved and adopted Resolutions DT-P-0110A-19 on October 29, 2022, and DT-P-0110-19 on May 14, 2019; and

WHEREAS, a contract was awarded to Alfred Benesch & Company to provide Professional Design (Phase II) Engineering Services for improvements at CH 27/High Lake Road and Sunset Avenue, Section 09-00122-03-TL (hereinafter PROJECT); and

WHEREAS, the current cost of said contract to the County of DuPage, by and through the Division of Transportation, is $225,942.19; and

WHEREAS, the County has secured federal Surface Transportation Program (STP) funding for the roadway portion of the PROJECT, in the amount of $1,333,885.00; and

WHEREAS, after coordination with the Union Pacific Railroad about the proposed improvements, it was determined that a new, enclosed drainage system is necessary along High Lake Road to maintain effective drainage along the roadway and the railroad rights-of-way after the intersection improvements are constructed; and

WHEREAS, through ongoing discussions with the Illinois Commerce Commission, the Winfield Fire Protection District, and the Winfield Township Highway Department, it was determined that the original concept for the intersection improvements would not accommodate the newer emergency vehicles in use by the Fire Protection District and would unnecessarily increase motorists' delay; and

WHEREAS, proposed changes to the design to include a closed drainage system, revised pavement profiles, geometric improvements, and alternative traffic signal control will provide the best overall improvement for public convenience and safety, and were not included in the current scope of work under Alfred Benesch and Company's contract; and

WHEREAS, the cost to revise and finalize the plans is $226,690.03; and

WHEREAS, the Transportation Committee recommends a change order to increase the contract in the amount of $226,690.03.

NOW, THEREFORE, BE IT RESOLVED that the DuPage County Board adopt this Amendment to Resolution DT-P-0110A-19, issued to Alfred Benesch & Company, to increase the funding in the amount of $226,690.03, resulting in an amended contract total amount of $452,632.22, an increase of 100.331%.

☒ Cumulative Increase Greater Than $10,000 (Row 'F' Above) ☐ Other - Explain In Summary Explanation Box Below

Summary Explanation - Provide a summary of the action. Explain why it is necessary and what is to be accomplished.
The existing intersection at High Lake Road (CH27) and Sunset Avenue is unsignalized and includes a stop-controlled at-grade crossing with the Union Pacific Railroad. The proposed design includes installation of a traffic signal to reduce the risk of vehicles queuing on the railroad tracks. The original design did not address the deficient pavement grades at the railroad crossing or the turning conflicts on the south side of the crossing. To mitigate vehicle bottoming-out and improve operational safety, a revised design will eliminate previously approved design exceptions and incorporates improved vertical profiles, refined roadway geometry, and including a Flashing Yellow Arrow to better control turning movements. The additional design changes, including revised pavement profiles, geometric improvements, and updated traffic signal with Flashing Yellow were not included in the original scope of work under Alfred Benesch and Company's contract."

Original Source Selection/Vetting Information - Describe method used to select source; for instance, bid, RFP, sole source, etc.

The DOT only selects firms that are pre-qualified in accordance with IDOT guidelines. Requests for Statements of Interest were sent to firms throughout the industry and responses were received from 21 firms qualified to perform this work. The DOT reviewed each submittal with specific attention to their understanding of the project, experience of staff to be assigned to the project, and relevant past work, Based on a comprehensive review of the submittals, the DOT determined that the project team assembled by Alfred Benesch and Company is qualified and has the staff available to perform the work on behalf of the County.

Recommendations/Alternatives - Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request.

1. Extend and increase the contract with Alfred Benesch and Company. This is the recommended option.
2. Contract with another firm. Not recommended due to staff's determination that Alfred Benesch and Company is the most qualified to perform this work.
3. Do not extend or supplement the current contract. Not recommended as the DOT does not posses the staff resources or the technology to perform this work and must contract for these services.

Fiscal Impact/Cost Summary - Include projected cost for each fiscal year, approved budget amount and account number

Increase was budgeted for FY2026.

Supplement 2

SCOPE OF WORK

PHASE II DESIGN ENGINEERING FOR
HIGH LAKE ROAD AND SUNSET AVENUE INTERSECTION IMPROVEMENT
DUPAGE COUNTY DIVISION OF TRANSPORTATION
SECTION 09-00122-03-TL

SCOPE SUMMARY

This supplemental scope of work is for the completion of Phase II Design Engineering services for the proposed improvements of High Lake Road and Sunset Avenue Intersection. To complete Phase II and obtain approval for letting, it is anticipated that IDOT will require updates to certain Phase I documents and approvals due to expiration or design decisions made during the Phase II work. The scope of work provided below is proposed to meet the requirements of the Illinois Department of Transportation (IDOT) District 1 and DuPage County Division of Transportation (DuDOT) for the necessary Phase I and Phase II work.

This supplement addresses the following scope changes and tasks resulting from field investigations and continued coordination with DuDOT, Winfield Township Highway Department, ICC, UPRR, & IDOT as well as addressing comments from UPRR / Olsson:

- **Closure of Blair Street** - The Winfield Township Highway Department is planning the closure of the west and east legs of Blair Street at its intersection with Sunset Ave approximately 50 feet south of the UPRR Crossing. This closure will improve safety at the crossing and support railroad signal requirements.
- **UPRR Review Comments** - Prefinal plan comments provided by Olsson, on behalf of UPRR, resulted in modifications to the drainage and traffic signal design which are outside of the original scope. These modifications, and additional meetings and coordination with ICC, Olsson/UPRR, and DuDOT to resolve comments required additional effort beyond the scope of the Phase II contract. Tasks required include re-evaluation of key design components, preparation of response memo, meeting with ICC/DuDOT on July 10, 2025, and updating of design documents to reflect comment resolution.
- **Sunset Profile Redesign -** During Phase II coordination with Winfield Fire Protection District, a need to modify the profile of Sunset Avenue was identified to accommodate fire trucks which are currently unable to navigate the slope. This need was confirmed at a fire truck demonstration on June 18, 2025. Benesch and DuDOT reviewed the demonstration video and identified design revisions required to accommodate this change. Design revisions include redesign of the profile of both Sunset Ave and High Lake Road, modification of roadway design from resurfacing to full reconstruction, updates to grading, drainage structures, turning-performance analysis, and preparation of exhibits. These changes include substantial revisions to previously prepared Phase I and design documents.

Tasks required to address the above changes and complete the Phase II contract documents are covered in the following sections.

PROJECT TEAM

Alfred Benesch & Company (Benesch) will serve as the prime consultant for the project and will be responsible

for completing the required services. Benesch is being assisted by the subconsultant GZA who will continue with Environmental Services.

REVISED PROJECT LIMITS

The project limits are:

Blair Street

- Blair Street – East edge of pavement of Calvin Avenue to Hathaway Avenue
- Sunset Avenue – Approximately 110 feet south of the railroad tracks at the intersection with Blair St.
- Hathaway Avenue – Approximately 50 feet along Hathaway Ave south of its intersection with Blair Street

High Lake Road and Sunset Ave.

- High Lake Road – Approximately 850 feet west of Sunset Ave. to 1000 feet east (no change)
- Sunset Avenue – Approximately 200 feet north of High Lake Road (no change)
- Modifications to limits along the railroad are not included in this scope of work

See attached exhibits for original High Lake Road and Sunset Avenue and Blair St. project limits.

DETAILED SCOPE OF SERVICES

The tasks listed below supplement the previously approved scope of Phase II design engineering services that are required to complete the intersection improvement of High Lake Road and Sunset Avenue for the limits as specified above.

1.0 Phase I Update

Based on correspondence between IDOT and DuPage County, IDOT accepted the tech memo submitted by DuPage County in March 2026 as documentation to all updates made after the Phase I approval. Benesch will update traffic analysis, intersection design study, design variances and environmental clearances and necessary for project letting.

1.1 Environmental Studies

Benesch will prepare and submit an Addendum ESR (AESR) and coordinate with GZA who will perform updates to expired environmental documents. The following environment clearances have expired.

- Natural Resources - 2 years (clearance issued on 4/8/2019)
- Wetland Delineations - 5 years (report dated 10/23/2018)
- Cultural Resources - Does not expire – no impact anticipated for extended limits
- PESA - 3 Years (report dated 10/6/2018)
- PSI - 5 Years (report dated 2/10/2020)

The scope of work and hours from GZA are included at the end of this scope narrative. In accordance with BLRS Manual Section 20-12.08 new investigations/reports are required for both the PESA and PSI.

1.2 Traffic Analysis

Benesch will perform updates to the Phase I traffic analysis as required by IDOT and as directed by DuDOT. It is anticipated that traffic capacity analysis for 2050 traffic projections may be required due to the change in scope from resurfacing to reconstruction at the intersection of Sunset Avenue and High Lake Road. The following tasks are anticipated to support the Phase I

documentation updates:

1.2.1 Traffic Volumes

Current 24-hour turning volume and vehicle classification traffic counts for Sunset Avenue and High Lake Road will be provided by DuDOT. Benesch will review provided traffic data to establish AM and PM peak periods, Design Hourly Volumes (DHV), and Average Daily Traffic (ADT). Benesch will coordinate with CMAP to determine 2050 traffic projections to be used as design year traffic for any required capacity or network analyses. Existing and projected traffic data will be compared with the original Phase I volumes to support coordination on whether additional analysis is necessary for project approvals.

1.2.2 Traffic Operations Analysis

Benesch will analyze design year traffic for both the AM and PM peak periods using the current version of HCS software and will update the phasing to include a flashing yellow arrow for the westbound left-turn movement at the High Lake/Sunset intersection. IDOT Red-Time Formula calculation table will be prepared for the AM and PM peak periods as part of this analysis.

1.3 Geometric Submittal

1.3.1 IDS Updates

Benesch will update the Intersection Design Study to incorporate the westbound flashing yellow arrow and updated traffic and capacity analysis information. Additionally, the revised profiles for High Lake Road and Sunset Ave will be reflected in the IDS updates. Labels and callouts will be updated as necessary to reflect any striping revisions. It is assumed that the five previously approved design exceptions will still be required and will be updated to reflect the improved values for the Sunset Avenue profile.

1.3.2 Design Variances

Time for updates to previous design variances (3 variances @ 4 hrs/variance) and three additional design variance forms is included (8 hrs/design variance). Alternative designs to eliminate the need for design variance(s) are not included. Design variance work will only be done if required.

2.0 Blair Street Contract Design Plan Documents

DuDOT has provided Benesch with a concept exhibit showing the closing of the west and east legs of Blair St at the Sunset Ave intersection south of the UPRR Railroad Crossing. This exhibit will be revised and be used as the basis of developing the design plans for the removal of Blair St and the proposed Cul-de-Sac at the north end of Hathaway Ave where it turns into Blair St. This will allow Sunset Ave south of the tracks to be controlled by the proposed pre-signal with the traffic in the northbound direction only. The closure and removal of Blair St. and the restoration plans for Blair St. including the design of the Cul-de-Sac for Hathaway Ave. will be a separate contract plan document.

2.1 Coordination for the Closure of Blair Street

It is understood that a Road Closure Hearing will be hosted by the Winfield Township Highway Department and will not require Benesch to participate with either providing meeting materials, support and preparation, coordination with residents, emergency responders, and school districts, traffic O-D studies, meeting attendance, notifications, etc. Currently the direction from DuDOT is that there is no intention of vacating the Blair Stret Right-of-Way (ROW). The plan is to just close Blair St. and remove the pavement. Potential uses after the Blair St. removal or the treatment of utilities along Blair St., installing fences and gates, or the re-purposing of the roadway ROW is not part of this scope.

2.2 Investigation for Temporary Easements or Agreements with Township

Benesch will investigate whether the proposed modifications will require temporary/permanent easements or agreements for the proposed pre-signal placement, operation, and maintenance.

Benesch will work with DuDOT to secure a letter from the Winfield Township Highway Department documenting and approving the road closure.

2.3 Supplemental Survey

Benesch will perform a field check to verify the topographic survey for Blair St. previously completed in this Phase II to note differing conditions. Topographic features such as added utility lines, any recent change to the roadway such as resurfacing, signing and pavement marking, or driveway modifications will be picked up in the supplemental survey. Existing Right-of-Way at the intersection of Blair St. and Hathaway Ave. will be verified.

The following sections describe the tasks associated with the plan preparation for Blair St. to produce the contract documents.

The previously provided interim plan sheets still need to be reviewed and approved. Hours are included to address any changes resulting from plan reviews from DuDOT. MOT plans will be revised resulting from the grade differential that will now exist between Stage 1 and Stage 2 based on the modification of the profile of High Lake Rd. Additionally, due to the profile change for Sunset Avenue, intersection staging plans will be required and is included in this supplemental scope.

5.0 Coordination with IDOT Local Roads and DuDOT

This task assumes that the in-progress stormwater permit application will need to be revised to reflect the revised project scope of work and added improvements limits. A meeting with DuPage County Stormwater Management department is encouraged to confirm that the in-progress permit application will be resumed. An online application will be required and the tab submittals procedure and required components of each tab submittal will be followed.

8.1 Prepare Tab Submittal

Plans, Specifications and Estimate will be reviewed for conformance to current design standards. The contract pay items and corresponding specifications will be reviewed to align with current standardized DOT and DuDOT pay items list. The construction cost estimate will be assessed as current unit costs may no longer be accurate because of lapsed time and the effect of the current market inflation.

Benesch will provide the County with a quantity calculation book to serve as a reference during Phase III construction.

Re: Updated Scope Items and Labor Hours Estimate –
High Lake Road at Sunset Avenue Improvements Project
West Chicago, DuPage County, IL

Dear Mr. Reambillo:

Per our discussion, GZA Illinois, Inc. (GZA) is pleased to provide you with Scope Items and associated estimate of labor hours for High Lake Road at Sunset Avenue Improvements Project (Project). Per your request GZA has removed the Scope Item for a Tree Survey.

GZA was previously involved during Phase I and Phase II of the project and completed environmental studies including Wetland Delineation (October 2018), a Preliminary Environmental Site Assessment (PESA) (October 2018), and a Preliminary Site Investigation (PSI) (February 2020). The previously completed environmental studies are considered to be expired, requiring new field activities and new full reports for the Wetland Delineation (expired October 2020), PESA (expired October 2023), and PSI (expired February 2025). The previously completed environmental reports are considered expired based on guidance provided in the IDOT Bureau of Local Roads and Streets (BLRS) Manual and County requirements.

Based on your e-mail and subsequent discussion, the limits of the Project have changed. GZA understands that the current project limits include proposed improvements along High Lake Road extending approximately 850 feet west and 1,000 feet east of Sunset Avenue and along Sunset Avenue approximately 200 feet north and 350 feet south of High Lake Road. Additionally, the project limits include areas of Blair Street from Calvin Avenue to Hathaway Avenue. Based on the expanded project limits, Cultural Resources may need to be updated in addition to the expired environmental studies noted above.

Based on our understanding of the project limits and the time since completion of the previous deliverables; GZA suggests the following Scope Items and associated labor hour estimate:

- Wetland and Waterway Screening Memorandum, including a review of State and Federal Threatened and Endangered Species Databases; 27 hours.
- Biological Clearances through IDOT ESR; 7 hours.
- Preliminary Environmental Site Assessment (PESA); 43 hours.
- Preliminary Site Investigation (PSI); 57 hours.

The request for design approval must include documentation of the LPA's determination that the cost and effort involved in addressing the site is acceptable. When the proposed project is on existing alignment or involves only a single alignment alternative, the LPA may request design approval prior to receiving the results of the PSI. Prior to initiation of the PSI, the LPA should re-screen the project to evaluate whether anything has changed in the project area that would affect the results of the PESA and should update the PESA as necessary. If design approval has been given and federal funds will be used to purchase ROW, the PSI and subsequent studies must be completed prior to the acquisition of any parcels that contains a REC(s).

If the identified contaminated area is located on property that is held or will be acquired in the name of the State or if contract plans will be prepared by IDOT, the LPA may submit a request to the district for design approval before the special waste procedures are completed provided that the special waste screen on the PMA shows the project is cleared for design approval. The district will coordinate the request with the district SWC. The waiver request will be submitted to the Central BLRS.

If the identified contaminated area is located on property that is held or will be acquired in the name of the LPA, the LPA may submit a request to the district for design approval before the special waste procedures are completed if one of the determinations stated above apply. The request will be given via a special waste waiver. The waiver request will be submitted to Central BLRS.

20-12.07 Relationship of Special Waste Process Results to Contract Letting

Anytime design approval is requested before a PSI has been completed a commitment stating that the PSI will be completed before the project is included on a letting must be included in the PDR or environmental document. The LPA will be required to complete the PSI, when applicable, and ensure all commitments in the Project Development Report, Design Report, or environmental document regarding the monitoring and management of regulated substances are included in the contract documents prior to letting. The LPA will provide the district with written notification that all required special waste studies has been completed.

20-12.08 Validity of Special Waste Assessment Results

If significant changes in land use, or more than 180 days and less than 3 years have elapsed since the last examination of a project for special waste/regulated substance contamination (i.e., LPA screening/sign-off or PESA), the LPA must validate the examination results before proceeding with arrangements for further special waste/regulated substance investigations before submitting the Project Development Report or environmental document for approval, if required, or before initiating land acquisition. The validation review should include a site reconnaissance and a check of the databases; see Section 20-12.08, for new reported releases and new land uses of potential concern. If changes are identified, a PESA should be conducted to evaluate the new reported release(s) and/or new potential land use concern(s).

If 3 years or more have elapsed since the last examination for special waste/regulated substance contamination, LPA screening and sign-off or completion of a PESA, the entire project should be re-evaluated as a new action, that is, a new PESA should be performed , prior to proceeding with arrangements for further special waste/regulated substance investigations, before submitting for approval, or before initiating land acquisition. If a project was initially screened and cleared by the LPA and no PESA was completed, the re-evaluation after 3 years may again consist of LPA screening using the Level 2 screening tool, and clearance provided no changes have occurred in the project area that would alter the findings upon which the original clearance was based.

If a PSI was conducted for a project and 5 years or more have elapsed since it was completed, the entire project should be evaluated for regulated substances as a new action and a new PESA must be conducted prior to proceeding with the aforementioned project actions. In any case, a valid PESA is required and must be current up until the time of project letting. Completion of a PSI does not negate the need for an up-to-date PESA.

When validation of the results of special waste/regulated substance evaluations is necessary, the review should consider any changes in the proposed action, the affected environment, anticipated special waste/regulated substance involvement, and proposed measures for addressing the special waste/regulated substance.

20-12.09 Resources

The Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS) list can be found on the EPA website. The Environmental Protection Agency's current list of Leaking Underground Storage Tanks (LUST) can be found on the Illinois EPA website. The list of LUST sites is an unconfirmed list and should not be used as a final determination regarding whether releases have occurred at sites on the list. BDE Manual Chapter 27, Figure 27-3.B contains a listing of all the databases required for a Level II screening.

If a project involves a property on which the existence of an UST is suspected and does not appear on the list, contact the State Fire Marshal's office to check the most current registrations. The *Standard Specifications for Road and Bridge Construction* also contains guidance on proper procedures for UST removal.

AUTHORIZATION TO REDESIGNATE FUNDS FOR THE
PROGRAMS IN THE HINSDALE LAKE TERRACE NEIGHBORHOOD
FROM SIDEWALK AND LIGHTING IMPROVEMENTS TO THE
PILOT RIDESHARE ACCESS PROGRAM
(ESTIMATED COUNTY COST $500,000.00)

WHEREAS, the DuPage County Board heretofore adopted Resolutions DT-R-0042A-24 on October 28, 2025, and DT-R-0042-24 on November 12, 2024, granting approval for the County of DuPage (hereinafter referred to as COUNTY) to enter an agreement with Pace, the Suburban Bus Division of the Regional Transportation Authority (hereinafter referred to as PACE), to implement a Pilot Rideshare Access Program (hereinafter, "RAP") for the Hinsdale Lake Terrace and adjacent neighborhoods in unincorporated DuPage County, in order to facilitate mobility, safety, and economic development ("AGREEMENT"); and

WHEREAS, since the execution of the aforementioned AGREEMENT (COUNTY Resolution DT-R-0042-24), the RAP has proven to be very successful with a large number of community members utilizing the service to travel to destinations surrounding Hinsdale Lake Terrace, and the actual cost to the COUNTY to fund the RAP has exceeded the estimated costs; and

WHEREAS, additional funds are required to continue operating this program for the fiscal year 2025 and the funds previously approved by the County Board for this service need to be paid from a General Fund source rather than a motor fuel tax source; and

WHEREAS, the County Board previously approved the $500,000.00 of General Funds to design and construct a sidewalk and lighting project along 91st Street to serve the Hinsdale Lake Terrace neighborhood, which monies would be best used to fund the RAP for fiscal year 2025; and

WHEREAS, the County of DuPage, by and through its Division of Transportation, endeavors to continue to operate the RAP program in Fiscal Year 2026 under the new rates and terms between PACE and its rideshare service partner provided that adequate funds from an eligible source are included in the County's Fiscal Year 2026 budget.

NOW, THEREFORE, BE IT RESOLVED that the previously authorized $500,000.00 for use on the Hinsdale Lake Terrace Sidewalk and Lighting project shall be redesignated to fund the RAP.

3. Charges; Rental.

a. The Company will furnish, install, own and maintain, under the terms and conditions set forth below and in accordance with the terms of the Company's Rider NS and Rider ML, the facilities and equipment listed in the Facilities Rental Service and Meter Lease Service attachments to this Acknowledgement. The facilities and equipment listed in such attachments, together with any conductors, cables, supports and related equipment installed by the Company, and any replacements or adjustments thereof, are hereinafter called the "Facilities". Such Facilities are or may be located on the Premises.

b.

(i) The Customer's estimated maximum demand during Retail Peak Periods set forth above is used to determine the service facilities that are available to the Customer as a standard installation under the applicable tariffs. The estimate of the Customer's MKD set forth in Section 2 above is based upon information provided to the Company by the Customer and the Customer agrees that this estimate is representative of the Customer's expected operation, demand and consumption. Load defined as "Zero Standard Portion" under Rider ZSS is not included in the determination of the estimated maximum demand shown above because a standard installation is not provided for the Zero Standard Portion of load.

(ii) Such standard service facilities are subject to change from time to time based upon the Customer's actual MKD in accordance with the provisions of the Company's Rate RDS, Rider NS

and GTC, or their successors. If the Customer's actual MKD is less than the amount of kW set forth in Section 2 above, the Company may remove, replace, or adjust the Facilities at the Customer's expense so as to provide the Customer the standard installation facilities as provided in Rider NS or to adjust the rental as provided in Section 3(c).

(iii) If the Customer desires to add load beyond the levels set forth above in Section 2 or to increase capacity at an individual point of service, the Customer shall notify the Company, in writing, adequately in advance of adding such load or increasing such capacity so that the Company may modify its facilities as determined by the Company.

c. The initial monthly rental specified in the Facilities Rental Service attachment is based on the Company's standard rental charges applicable on the date the Facilities were installed or last revised and is subject to change as provided herein or in Rider NS.

d. The monthly rental charges for the Facilities are in addition to all other charges under (i) other applicable tariff provisions and (ii) any additional charges imposed by the Company on account of special installation requests or requirements or requests by the Customer for maintenance beyond the level set forth in Section 5(c).

e. The Customer shall pay all taxes applicable to the Company's provision of the Facilities and other services to the Customer (including without limitation all applicable federal, state, regulatory, municipal and other taxes with respect to customer charges and rentals).

4. Installation.

a. If any of the Facilities are not yet installed and require installation by the Company, the Customer acknowledges that the Company will furnish the labor and materials necessary to install the Facilities described on the attached service entrance location sketch WD250584 dated 02/10/2026. (with such specifications as are set forth on such sketch) on or adjacent to the Premises at the following charges:

Total Required Facilities Charge	$74,185.34
Total Facilities Charges	**$74,185.34**

b. The Customer shall pay the Company $74,185.34 for such installation. Such payment is to be made in full prior to beginning of Company work.

c. The charges listed in this document are for performing the work identified herein under normal field conditions. If abnormal field conditions are encountered and additional labor and material are required to complete the work, or if the scope of work is altered, ComEd may charge additional amounts to cover any additional costs.

d. Any such installation will be done in accordance with, and at the times and at the standard prescribed by, the Company's standard practices and procedures for the types or classes of each of the Facilities to be installed,

e. Any such installation will be done during the Company's regular working hours, unless otherwise mutually agreed,

f. In the event the installation cannot be completed within one year from the date of this document as a result of delays on the part of the Customer or because the Company has been denied access to the Premises, the installation charge to the Customer will be recomputed based on the level of costs prevailing at the time of completion of the work, and

g. The monthly rental for the Facilities being installed will be the rental in effect at the time of the

installation or last revision of such Facilities (which rental is subject to change as provided herein or Rider NS).

5. Ownership; Access; Other Company Rights.

a. The Facilities will remain the sole and exclusive property of the Company. The Company may, in its sole discretion, affix to the Facilities (or any parts thereof) labels or other markings indicating the Company's ownership of the Facilities. The Customer does not acquire any interest in the Facilities (or any parts or components thereof). Use by the Customer of the Facilities does not divest the Company of its exclusive rights to such ownership, use and possession. The Customer will, upon the request of the Company from time to time, execute and deliver to the Company all documents reasonably necessary or advisable to confirm, perfect or evidence any rights of the Company in and to the Facilities.

b. The Company and its representatives will have free access to the Premises at all reasonable times (and immediately at any time if an emergency exists) for the purposes of inspecting, protecting, installing, operating, maintaining, repairing, altering, replacing, relocating or removing any of the Facilities. ComEd has the right to install facilities on the Customer's property to provide electric service to the Customer and to other users of the Facilities. The Company may, in its sole discretion, replace, remove or alter any part of the Facilities, add or remove portions or components of the Facilities or revise any procedures with respect to the Facilities. Any such replacements, substantial alterations, or additions of or to the Facilities will belong to and be property of the Company and shall be a part of the Facilities.

c. Such inspection, protection, installation, operation, maintenance, repair, alteration, replacement, relocation and removal will be in accordance with, and at the time(s) and at the standards prescribed by, the Company's standard practices and procedures for the types or classes of each of the Facilities. If the Customer requests maintenance beyond this level, the Company may impose an additional charge for such additional maintenance.

6. Customer Responsibilities.

a. The Customer will not move, remove, modify, alter, adjust or change in any way the Facilities or any part thereof without first obtaining the written consent of the Company, except to protect the Premises or any person from damage or injury during any emergency or except and to the extent provided in a separate written agreement. Except to the extent set forth in the prior sentence, the Customer will not permit anyone other than the Company, or the Company's respective representatives, agents or subcontractors to effect any inspection, adjustment, preventative or remedial maintenance, repair, overhaul, replacement or removal of the Facilities.

b. The Customer shall at its sole cost and expense:

(i) provide to the Company such working space within a reasonable distance of the Facilities as specified by the Company and take such other steps as are necessary to allow the installation, construction, maintenance, repair, alteration, replacement and removal of the Facilities to be readily and efficiently performed;

(ii) keep the Facilities on the Premises free from any over-building or other obstruction that might create an unsafe condition or that might interfere with the Company's ability to install, operate, maintain, repair, alter, replace or remove the Facilities;

(iii) provide and maintain in a good, safe and proper state of repair, the Premises and all other property furnished by the Customer in connection with the Facilities;

(iv)furnish, install and maintain the wiring, supports, and other appurtenances, as specified by the Company, necessary for the Facilities;

(v) if the installation of the Facilities includes or requires a vault or ground-type installation, furnish and maintain the enclosure, foundation, fill, required ventilation, and similar facilities in accordance with the Company's specifications, standards, rules and regulations;

(vi) make use of the Facilities in accordance with the Company's specified practices and procedures and protect the Facilities from harm, theft or misuse and deterioration (except for reasonable wear and tear resulting only from proper use thereof); and

(vii) notify the Company by telephone promptly after the Customer first has knowledge of (i) any malfunction in operation of the Facilities; (ii) any interruption or alteration of electricity delivery to the Premises; (iii) any alteration or modification in the Facilities or its operation which is not initiated by Company, and (iv) any emergency or dangerous condition affecting the Facilities.

c. If any part of the Facilities is lost, stolen, condemned, confiscated, damaged, destroyed or needs maintenance, repairs or replacement due to an act, error, omission, breach, negligence or willful misconduct of any employee or other agent of the Customer, the Customer shall be obliged to reimburse the Company promptly for the Company's customary time and materials costs of the maintenance, repair and replacement of the Facilities. If any part of the Facilities is lost, stolen, condemned, confiscated, damaged, destroyed, or needs maintenance, repairs or replacement due to an act, error, omission, breach, negligence or willful misconduct of one or more employees or other agents of both the Company and the Customer, the Company shall repair or replace such part of the Facilities, and the cost of any such repair or replacement shall be shared by the Customer and the Company in proportion to their respective degrees of fault.

7. Removal.

Upon termination of the provision of service to the Customer, the Company at its option may, and upon the Customer's request the Company will, remove all or any part of the Facilities. The Customer will bear the cost and expense of such removal.

8. Relocation.

If relocation of all or any part of the Facilities is requested by the Customer or there is a change in the Customer's operation or construction, which in the judgment of the Company, makes such relocation necessary or advisable, the Company will move such facilities at the Customer's expense to a location on or adjacent to the Premises mutually acceptable to the Company and the Customer.

9. Miscellaneous.

a. The listing of the Required or Requested Facilities in the Facilities Rental Service attachment and the monthly rental may be modified from time to time upon oral or written notification to the customer (and the removal or installation of any such Facilities shall constitute prima facie evidence of such notification).

b. The Company may adjust the Facilities or the monthly rental if the Customer's actual MKD is more or less than the level set forth in Section 2 above.

c. The Company may adjust the monthly rental as provided in Section 3(c)/4(g) and in the Facilities Rental Service attachment.

10. Safety.

Be advised that safety on the job site is the responsibility of the Customer and Customer's contractor. The Occupational Safety and Health Administration (OSHA) requires a specific clearance when working near energized primary electric lines. Consider all electric wires to be energized and non-insulated. Workers may be electrocuted or seriously injured by contact with the power lines or

while working in close proximity to those lines. All workers and equipment must maintain a safe distance from the power lines at all times. The Customer or Customer's contractor should not commence work near ComEd's lines until such time that temporary protective measures have been taken to guard against danger of incidental contact. Consult OSHA guidelines for more specific information when working near or around energized electrical equipment. (See www.osha.gov <http://www.osha.gov>.) Contact 1-800-EDISON-1 for questions concerning working in proximity to ComEd electrical facilities.

Clearance of electrical equipment from permanent structures is governed by the National Electrical Safety Code (NESC). Reference the National Electrical Safety Code for specific information.

ComEd is very concerned about the safety of its customers and others working around its facilities. Compliance with OSHA and the NESC is a requirement. Please ensure that the activities undertaken by the Customer or Customer's contractor include the safe work practice of maintaining the required working clearances and required vertical and horizontal clearances from permanent structures.

The undersigned Customer acknowledges he/she has read the foregoing safety statement and agrees to comply with all state, federal and local safety requirements and shall require any contractor working in proximity to ComEd equipment to acknowledge and agree to same.

11. Customer/Owner Acknowledgement.

The undersigned Customer acknowledges the terms noted herein. In case the Customer is not owner of the Premises, the undersigned property owner hereby acknowledges and agrees to the terms noted herein.

2. Service Points. The Customer is to receive electric power and energy from either the Company or another party at an estimated total maximum demand of **9,199** kilowatts ("kW") ("Maximum Kilowatts Delivered" or "MKD") during the Retail Peak Period, as defined in GTC, and at an estimated maximum demand of **7,848** kW during the Retail Off- Peak period

3. Charges; Rental.

(a) The Company will furnish, install, own and maintain, under the terms and conditions set forth below and in accordance with the terms of the Company's Rider NS and Rider ML, the facilities and equipment listed in the Facilities Rental Service and Meter Lease Service attachments to this Summary. The Company may, in its sole discretion, affix to the Facilities (or any parts thereof) labels or other markings indicating the Company's ownership of the Facilities. The Customer does not acquire any interest in the Facilities (or any parts or components thereof). Use by the Customer of the Facilities does not divest the Company of its exclusive rights to such ownership, use and possession. The Customer will, upon the request of the Company from time to time, execute and deliver to the Company all documents reasonably necessary or advisable to confirm, perfect or evidence any rights of the Company in and to the Facilities.

(b) The Company and its representatives will have free access to the Premises at all reasonable times (and immediately at any time if an emergency exists) for the purposes of inspecting, protecting, installing, operating, maintaining, repairing, altering, replacing, relocating or removing any of the Facilities. ComEd has the right to install facilities on the Customer's property to provide electric service to the Customer and to other users of the Facilities. The Company may, in its sole discretion, replace, remove, delete or alter any part of the Facilities, add or remove portions or components of the Facilities or revise any procedures with respect to the Facilities. Any such replacements, substantial alterations, or additions of or to the Facilities will belong to and be property of the Company and shall be a part of the Facilities.

(c) Such inspection, protection, installation, operation, maintenance, repair, alteration, replacement, relocation and removal will be in accordance with, and at the time(s) and at the standards prescribed by, the Company's standard practices and procedures for the types or classes of each of the Facilities. Except to the extent set forth in the prior sentence, the Customer will not permit anyone other than the Company, or the Company's respective representatives, agents or subcontractors to effect any inspection, adjustment, preventative or remedial maintenance, repair, overhaul, replacement or removal of the Facilities.

(b) The Customer will at its sole cost and expense:

(i) provide to the Company such working space within a reasonable distance of the Facilities as specified by the Company and take such other steps as are necessary to allow the installation, construction, maintenance, repair, alteration, replacement and removal of the Facilities to be readily and efficiently performed;
(ii) keep the Facilities on the Premises free from any over-building or other obstruction that might create an unsafe condition or that might interfere with the Company's ability to install, operate, maintain, repair, alter, replace or remove the Facilities;
(iii) provide and maintain in a good, safe and proper state of repair, the Premises and all

other property furnished by the Customer in connection with the Facilities;
(iv) furnish, install and maintain the wiring, supports, and other appurtenances, as specified by the Company, necessary for the Facilities;
(v) if the installation of the Facilities includes or requires a vault or ground-type installation, furnish and maintain the enclosure, foundation, fill, required ventilation, and similar facilities in accordance with the Company's specifications, standards, rules and regulations;

(c) If any part of the Facilities is lost, stolen, condemned, confiscated, damaged, destroyed or needs maintenance, repairs or replacement due to an act, error, omission, breach, negligence or willful misconduct of any employee or other agent of the Customer, the Customer shall be obliged to reimburse the Company promptly for the Company's customary time and materials costs of the maintenance, repair and replacement of the Facilities. If any part of the Facilities is lost, stolen, condemned, confiscated, damaged, destroyed, or needs maintenance, repairs or replacement due to an act, error, omission, breach, negligence or willful misconduct of one or more employees or other agents of both the Company and the Customer, the Company shall repair or replace such part of the Facilities, and the cost of any such repair or replacement shall be shared by the Customer and the Company in proportion to their respective degrees of fault.

6. Removal. Upon termination of the provision of service to the Customer, the Company at its option may, and upon the Customer's request the Company will, remove all or any part of the Facilities. The Customer will bear the cost and expense of such removal.

7. Relocation. If relocation of all or any part of the Facilities is requested by the Customer or there is a change in the Customer's operation or construction, which in the judgment of the Company, makes such relocation necessary or advisable, the Company will move such facilities at the Customer's expense to a location on or adjacent to the Premises mutually acceptable to the Company and the Customer.

8. Miscellaneous.

(a) The listing of the Required or Requested Facilities in the Facilities Rental Service attachment and the monthly rental may be modified from time to time upon oral or written notification to the Customer (and the removal or installation of any such Facilities shall constitute prima facie evidence of such notification).

(b) The Company may adjust the Facilities or the monthly rental if the Customer's actual MKD is more or less than the level set forth in Section 2 above.

9. Safety. Be advised that safety on the job site is the responsibility of the Customer and the Customer's contractor. The Occupational Safety and Health Administration (OSHA) requires a specific clearance when working near energized primary electric lines. Consider all electric wires to be energized and non-insulated. Workers may be electrocuted or seriously injured by contact with the power lines or while working in close proximity to those lines. All workers and equipment must maintain a safe distance from the power lines at all times. The Customer or Customer's contractor should not commence work near ComEd's lines until such time that temporary protective measures have been taken to guard against danger of incidental contact.

Consult OSHA guidelines for more specific information when working near or around energized electrical equipment. (See www.osha.gov <http://www.osha.gov>.) Contact 1-800-EDISON-1 for questions concerning working in proximity to ComEd electrical facilities.

Clearance of electrical equipment from permanent structures is governed by the National Electrical Safety Code (NESC). Reference the National Electrical Safety Code for specific information.

ComEd is very concerned about the safety of its customers and others working around its facilities. Compliance with OSHA and the NESC is a requirement. Please ensure that the activities undertaken by the Customer or Customer's contractor include the safe work practice of maintaining the required working clearances and required vertical and horizontal clearances from permanent structures.
