Subject:

police and ICE agents taking people into custody

Comment:

Looking at videos of events in the local area like Wheaton over the past week, I see individuals dressed in tactical gear, and one specifically has a POLICE patch on his chest. Given that the village of Wheaton states: "The Wheaton Police Department adheres to all Illinois laws put in place by the TRUST Act, which prohibits our police officers from participating, supporting, or assisting in any capacity in federal immigration operations." (see <https://www.wheaton.il.us/CivicAlerts.aspx?AID=1416>) then either Wheaton is

breaking this law, or there is someone impersonating a police officer.
Which is it? What is being done?

I also will go on record as voicing my adamant disagreement with detentions where there is no identification given by the "officers" other than perhaps quickly flashing a shiny badge, no warrant, no chance for the victims (yes, VICTIMS) to give their information to someone to alert their family that they are being taken to some unknown place.

Having a bandana over the face of the "agent" (again, no identification so I do not know who they are) only instills fear instead of cooperation in the individual. I suppose that's part of the plan though. But not even the SS wore masks.

Subject: ICE

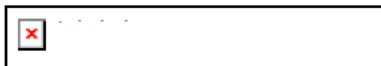

Comment:

I stand with the members of my community that are being targeted due to the color of their skin and accent. We are only a strong community when we welcome and support every member. The people being targeted by ICE are mostly hardworking , valuable members of our community that must be supported and protected!

Subject: Immigration and Customs Enforcement in Dupage County

Comment:

To All It Concerns,

Your voices matter.

Our voices matter.

As elected officials in our county,

Please do your part in helping to keep ICE out of our neighborhoods.

As fellow citizens, we cannot bear to watch our neighbors being kidnapped,
families torn apart.

We have masked individuals showing up to job sites, homes, to kidnap people who are trying to care for the family.

Our children do not need to be exposed to this.

My fifth-generation born in America- daughter is fearful, after passing a truck with masked drivers and out of state license plates that were very clearly ICE, looking for who to kidnap next.

This is not right. We must take a stand, together. Please help keep our neighborhoods safe. Please help keep our children feeling proud and secure in their homes and their neighborhood.

We are counting on you to carry our voice where our voices are limited.

Thank you
Cheyenne

Comment:	In my small residential neighborhood, the homes are used for commercial parking, and business. Several gravel drives have been installed with small diameter culverts and the neighborhood looks like the ghetto.

Subject: ICE presence

Comment:

I am extremely concerned about the presence of ICE in our communities. Specifically their illegal and inhuman practices of disappearing people off the street. This is unacceptable and their presence should be loudly and aggressively fought against. This is a true violation of the principles that this country was founded on.
