### Additional Information

---

**Please explain why you wish to serve as an appointee and share any unique qualifications or experience you feel you would bring to this agency.** I am a professional engineer practicing in the wastewater industry and have served on this BOT since April of 2024. I was a consulting engineer for the first fourteen years of my career and have been the executive director of a peer wastewater utility (Kishwaukee Water Reclamation District) for the past fifteen years. I have a thorough understanding and appreciation of the role a small unit of local government can play in a community's success. DGSD is currently planning a large-scale facility upgrade that will be important to its customers and our shared environment. Upgrades of this nature are extremely important and can be costly. I feel my background with planning, constructing, and funding projects of this nature will lend experience and perspective to the DGSD management/employees, fellow BOT members, and our ratepayers.

**Are you a lobbyist registered with the State of Illinois?** No
