6.A. Presentation from the Treasurer's Office

Chair DeSart introduced and welcomed Treasurer Gwen Henry to discuss the unique situation she has encountered regarding property tax and determine if there is something the Legislative Committee can do by working with the General Assembly to remedy the situation.

Treasurer Henry presented a situation where the tax payer was incorrectly assessed in 2022 and this incorrect assessment was not identified until 2023. It was determined that the tax payer overpaid by \$3,346.32. Because tax year 2022 was closed, the Treasurer is unable to refund the

money. She is asking for the Legislative Committee to work with the General Assembly to include language that will allow DuPage to go back three years in correcting overpayment errors.

If there is a error in the assessment, the current law allows the county to go back three years if the county is over three million in population. DuPage does not meet the criteria. Treasurer Henry pointed out that other laws have included DuPage by adding the wording "if contiguous with a county with over three million in population." One example of this is the increase given for residential or senior exemptions on property tax this last year.

Treasurer Henry's second request was to use this same wording to lower the penalties/interest for late payment of property taxes.

Jeremy Custer agreed to work with the Treasurer's staff to discover what can be done.
