INTERGOVERNMENTAL AGREEMENT
BETWEEN THE COUNTY OF DU PAGE AND THE COUNTY OF COOK
FOR THE ELGIN O'HARE/I-390 CORRIDOR ENHANCEMENTS
PHASE III CONSTRUCTION-SECTION NO. 14-00245-05-LS
(DUPAGE COUNTY TO BE REIMBURSED \$55,236.60)

WHEREAS, the Illinois State Toll Highway Authority (hereinafter referred to as "TOLLWAY") in order to facilitate the free flow of traffic and ensure safety to the motoring public, has improved the existing Elgin O'Hare Expressway, extended the expressway from its eastern terminus at Rohlwing Road (Illinois Route 53) to Illinois Route 83, known in its entirety as Illinois Route 390, and intends to further extend Illinois Route 390 to O'Hare International Airport (ORD) and construct the Western Access corridor connecting the Jane Addams Memorial Tollway (I-90) with the Tri-State Tollway (I-294), to be known in its entirety as I-490 (hereinafter referred to as "EOWA"), and included in multiple TOLLWAY construction contract(s). The TOLLWAY will implement, operate and maintain the mainline improvements as tolled facilities; and

WHEREAS, the County of DuPage ("DUPAGE") has agreed through a Memorandum of Understanding with the TOLLWAY, dated December 9, 2014, to assume a lead role in developing and refining corridor and location specific aesthetic, architectural and/or enhancement features and improvements and to work closely with the TOLLWAY, partner agencies and corridor communities on design and implementation (hereinafter the "PROJECT"); and

WHEREAS, DUPAGE has secured Illinois Transportation Enhancement Program ("ITEP") funding for certain corridor enhancements along Route 390; and

WHEREAS, DUPAGE and the County of Cook ("COOK") have previously entered into an intergovernmental agreement (DuPage Resolution DT-R-0123-16) to share professional Phase I engineering costs of the PROJECT, which reimbursement has been made in full by COOK; and

WHEREAS, DUPAGE and COOK ("PARTIES") have previously entered into an intergovernmental agreement (DuPage Resolution DT-R-0138-18) to share professional Phase II design engineering costs of the PROJECT, which reimbursement has been made in full by COOK; and

WHEREAS, DUPAGE and COOK have previously entered into an intergovernmental agreement (DuPage Resolution DT-R-0285-19 hereinafter referred to as "PREVIOUS AGREEMENT") to share construction and construction engineering costs of the PROJECT; and

WHEREAS, the PREVIOUS AGREEMENT expired on December 31, 2022 with no invoicing or payments between the PARTIES for construction and construction engineering costs; and the PARTIES still intend to share construction and construction engineering costs in this new agreement (hereinafter "AGREEMENT"); and

WHEREAS, DUPAGE and COOK by virtue of their powers as set forth in the Counties Code, 55 ILCS 5/1-1001 *et seq.*, are authorized to enter into this AGREEMENT; and

WHEREAS, this cooperative AGREEMENT is appropriate and such an agreement is authorized by Article VII, Section 10 of the Illinois Constitution and the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*

WHEREAS, DUPAGE is the lead agency for construction for the PROJECT and the PARTIES have each agreed to pay fifty percent (50%) of the final construction and construction engineering costs, estimated to be \$162,876.75, less any federal or Illinois Tollway share, with an estimated cost to be \$55,236.60 for each of the PARTY's share; and

WHEREAS, DUPAGE has prepared the attached Intergovernmental Agreement (hereinafter referred to as IGA) with COOK for the PROJECT.

NOW, THEREFORE, BE IT RESOLVED by the DuPage County Board that the DuPage County Chair is hereby authorized and directed to sign on behalf of DUPAGE and the DuPage County Clerk is hereby authorized to attest thereto, the attached IGA between the County of DuPage and the County of Cook; and

BE IT FURTHER RESOLVED that the DUPAGE County Clerk shall transmit a copy of this Resolution and one (1) executed duplicate original IGA to the County of Cook, by and through the DUPAGE Division of Transportation.

Enacted and approved this 9th day of September, 2025 at Wheaton, Illinois.

RECITALS

WHEREAS, the Illinois State Toll Highway Authority (hereinafter referred to as "TOLLWAY") in order to facilitate the free flow of traffic and ensure safety to the motoring public, has improved the existing Elgin O'Hare Expressway, extended the expressway from its eastern terminus at Rohlwing Road (Illinois Route 53) to Illinois Route 83, known in its entirety as Illinois Route 390, and intends to further extend Illinois Route 390 to O'Hare International Airport (ORD) and construct the Western Access corridor connecting the Jane Addams Memorial Tollway (I-90) with the Tri-State Tollway (I-294), to be known in its entirety as I-490 (hereinafter referred to as "EOWA"), and included in multiple TOLLWAY construction contract(s). The TOLLWAY will implement, operate and maintain the mainline improvements as tolled facilities; and

WHEREAS, DuPAGE has agreed through a Memorandum of Understanding with the TOLLWAY, dated December 9, 2014, to assume a lead role in developing and refining corridor and location specific aesthetic, architectural and/or enhancement features and improvements and to work closely with the TOLLWAY, partner agencies and corridor communities on design and implementation (hereinafter the "PROJECT"); and

WHEREAS, DuPAGE has secured Illinois Transportation Enhancement Program ("ITEP") funding for certain corridor enhancements along Route 390; and

WHEREAS, DuPAGE and COOK have previously entered into an intergovernmental agreement (DuPAGE Resolution DT-R-0123-16) to share professional Phase I engineering costs of the PROJECT, which reimbursement has been made in full by COOK; and

WHEREAS, DuPAGE and COOK have previously entered into an intergovernmental agreement (DuPAGE Resolution DT-R-0138-18) to share professional Phase II design engineering costs of the PROJECT, which reimbursement has been made in full by COOK; and

WHEREAS, DuPAGE and COOK have previously entered into an intergovernmental agreement (DuPAGE Resolution DT-R-0285-19 hereinafter referred to as "PREVIOUS AGREEMENT") to share construction and construction engineering costs of the PROJECT; and

WHEREAS, the PREVIOUS AGREEMENT expired on December 31, 2022 with no invoicing or payments between the PARTIES for construction and construction engineering costs; and the PARTIES still intend to share construction and construction engineering costs in this new agreement (hereinafter "AGREEMENT"); and

WHEREAS, DuPAGE and COOK by virtue of their powers as set forth in the Counties Code, 55 ILCS 5/1-1001 et seq., are authorized to enter into this AGREEMENT; and

WHEREAS, this cooperative AGREEMENT is appropriate and such an agreement is authorized by Article VII, Section 10 of the Illinois Constitution and the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq.

NOW, THEREFORE, in consideration of the aforementioned recitals and the mutual covenants contained herein, the PARTIES hereto agree as follows:

1.0 INCORPORATION

1.1 All recitals set forth above are incorporated herein and made part thereof, the same constituting the factual basis for this AGREEMENT.

1.2 The headings of the paragraphs and subparagraphs of this AGREEMENT are inserted for convenience of reference only and shall not be deemed to constitute part of this AGREEMENT or to affect the construction thereof.

2.0 PHASE III CONSTRUCTION

2.1 DuPAGE is the lead agency for construction of the PROJECT as hereinabove referenced.

- 2.2 COOK agrees to reimburse DuPAGE fifty percent (50%) of the actual local share of construction costs, with COOK's share estimated to be \$162,876.75 as shown in Amended Exhibit A attached hereto.
- 2.3 COOK agrees to reimburse DuPAGE fifty percent (50%) of the actual cost of construction engineering, with COOK's share estimated to be \$55,236.60, as shown in Amended Exhibit A attached hereto.
- 2.4 COOK agrees to reimburse DuPAGE within ninety (90) days after receipt of properly documented invoice(s) from DuPAGE after execution of this AGREEMENT for the full amount of the estimated final cost of construction and construction engineering for the PROJECT (as described in Sections 2.2 and 2.3 above), a total of \$218,113.35.
- 2.5 COOK further agrees to reimburse DuPAGE the balance, if any exists, of its share for the final cost of Phase III construction and construction engineering, with a not to exceed total of \$230,237.00 upon a final invoice received by DuPAGE from the Illinois Department of Transportation ("IDOT") for any balance due after facilitating the ITEP funding for this PROJECT.

3.0 MAINTENANCE - RESPONSIBILITIES

- 3.1 It is understood by the PARTIES that maintenance responsibilities for elements of the PROJECT are detailed in a separate Intergovernmental Agreement previously entered into between the PARTIES (DuPAGE Resolution DT-R-0310-20).

4.0 GENERAL PROVISIONS

- 4.1 This AGREEMENT may be executed in two (2) or more counterparts, each of which shall be deemed an original and all of which shall be deemed one and the same instrument.

5.0 INDEMNIFICATION

- 5.1 DuPAGE shall indemnify, hold harmless and defend COOK, its officials, officers, employees, and agents from and against all liability, claims, suits, demands, proceedings and actions, including costs, fees and expense of defense,

arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, DuPAGE's negligent or willful acts, errors or omissions in its performance under this AGREEMENT to the extent permitted by law.

5.1.1 DuPAGE and COOK acknowledge that DuPAGE has made no representations, assurances or guaranties regarding DuPAGE's or any successor's or assign's authority and legal capacity to indemnify COOK as provided for in this AGREEMENT. In the event a court of competent jurisdiction holds that DuPAGE, or any successor or assign, is deemed to lack the lawful authority or ability to indemnify, defend or hold harmless COOK, or any person or entity claiming a right through COOK, or in the event of change in the laws of the State of Illinois governing DuPAGE's or any successor's or assign's indemnification authority, such occurrence(s) shall not affect the validity and enforceability of the remainder of this AGREEMENT or the PARTIES' rights and obligations provided for therein.

5.2 COOK shall indemnify, hold harmless and defend DuPAGE, its officials, officers, employees, and agents from and against all liability, claims, suits, demands, proceedings and actions, including costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, COOK's negligent or willful acts, errors or omissions in its performance under this AGREEMENT to the extent permitted by law.

5.2.1 DuPAGE and COOK acknowledge that COOK has made no representations, assurances or guaranties regarding COOK's or any successor's or assign's authority and legal capacity to indemnify DuPAGE as provided for in this AGREEMENT. In the event a court of competent jurisdiction holds that COOK, or any successor or assign, is deemed to lack the lawful authority or ability to indemnify, defend or hold harmless DuPAGE, or any person or entity claiming a right through DuPAGE, or in the event of change in the laws of the State of Illinois governing COOK's or any successor's or assign's indemnification authority, such occurrence(s) shall not affect the validity and enforceability of the remainder of this AGREEMENT or the PARTIES' rights and obligations provided for therein.

- 5.3 Nothing contained herein shall be construed as prohibiting DuPAGE, its officials, directors, officers, agents and employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, proceedings and actions brought against them. Pursuant to Illinois law, 55 ILCS 5/3-9005, any attorney representing DuPAGE, who is not already an Assistant State's Attorney, is to be appointed a Special Assistant State's Attorney, as provided in 55 ILCS 5/3-9008. DuPAGE's participation in its defense shall not remove COOK's duty to indemnify, defend and hold DuPAGE harmless, as set forth above.
- 5.4 Nothing contained herein shall be construed as prohibiting COOK, its officials, directors, officers, agents and employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, proceedings and actions brought against them. COOK'S participation in its defense shall not remove DuPAGE's duty to indemnify, defend, and hold COOK harmless, as set forth above.
- 5.5 Neither PARTY waives, by these indemnity requirements, any defenses or protections available to them under the Local Governmental and Governmental Employees Tort Immunity Act, 745 ILCS 10/1 et seq., or any other applicable law, by virtue of the provisions set forth in this Section or any other Section of this AGREEMENT.
- 5.6 Any indemnity as provided in this AGREEMENT shall not be limited by reason of the enumeration of any insurance coverage herein provided.

6.0 ENTIRE AGREEMENT

- 6.1 This AGREEMENT represents the entire AGREEMENT between the PARTIES with respect to the PROJECT and supersedes all previous communications or understandings whether oral or written.

7.0 NOTICES

- 7.1 Any notice required hereunder shall be deemed properly given to the PARTY to be notified at the time it is personally delivered or mailed by certified mail, return receipt requested, postage prepaid, to the PARTY'S address

or sent by confirmed electronic mail delivery. The address of each PARTY is as specified below; either PARTY may change its address for receiving notices by giving notices thereof in compliance with the terms of this subsection.

8.0 AMENDMENT, MODIFICATION OR TERMINATION OF THIS AGREEMENT

- 8.1 No modification or amendment to this AGREEMENT shall be effective until approved by the PARTIES in writing.
- 8.2 This AGREEMENT terminates upon completion of the PROJECT and the payment by COOK of the final invoice submitted by DuPAGE, or October 31, 2029, whichever date is earlier.

9.0 NON-ASSIGNMENT

- 9.1 This AGREEMENT shall not be assigned by either PARTY without the written consent of the other PARTY, whose consent shall not be unreasonably withheld.

10.0 AUTHORITY TO EXECUTE/RELATIONSHIP

- 10.1 The PARTIES hereto have read and reviewed the terms of this AGREEMENT and by their signature as affixed below represent that the signing party has the authority to execute this AGREEMENT and that the PARTIES intend to be bound by the terms and conditions contained herein.

10.2 This AGREEMENT shall not be deemed or construed to create an employment, joint venture, partnership or other agency relationship between the PARTIES.

11.0 GOVERNING LAW

11.1 This AGREEMENT shall be governed by the laws of the State of Illinois as to both interpretation and performance.

11.2 The forum for resolving any disputes concerning the PARTIES' respective performance, or failure to perform, under this AGREEMENT, shall be the Judicial Circuit Court for DuPage County.

12.0 SEVERABILITY

12.1 In the event any provision of this AGREEMENT is held to be unenforceable or invalid for any reason, the enforceability thereof shall not affect the remainder of the AGREEMENT. The remainder of this AGREEMENT shall be construed as if not containing the particular provision and shall continue in full force, effect, and enforceability, in accordance with its terms.

13.0 FORCE MAJEURE

13.1 Neither PARTY shall be liable for any delay or nonperformance of their obligations caused by any contingency reasonably beyond their control, including, but not limited to, Acts of God, war, civil unrest, labor strikes or walkouts, fires and natural disasters.

14.0 CONFLICTS OF INTEREST

14.1 DuPAGE has no actual knowledge that any director, officer, agent or employee of DuPAGE has an interest, whether directly or indirectly, in any contract or the performance of any work pertaining to this AGREEMENT; represent, either as agent or otherwise, any person, trust or corporation, with respect to any application or bid for any contract or work pertaining to this AGREEMENT; or take, accept or solicit, either directly or indirectly, any money or thing of value as a gift or bribe or means

of influencing his or her vote or actions. Any contract made and procured in violation of this provision is void and no funds under this AGREEMENT may be used to pay any cost under such a contract.

15.0 RECORDS MAINTENANCE; REVIEWS AND AUDITS

15.1 DuPAGE shall maintain during the term of this AGREEMENT and for a period of three (3) years thereafter complete and adequate financial records, accounts and other records to support all PROJECT expenditures.

15.2 DuPAGE will give COOK access to all books, accounts, records, reports, files, and other papers pertaining to the administration, receipt and use of all COOK funds to facilitate any reviews or audits.

IN WITNESS WHEREOF, the parties have caused this AGREEMENT to be executed in duplicate counterparts, each of which shall be considered as an original by their duly authorized officers as of the date first above written.

Notes:

Federal construction cost is maximum \$880,872.00 per DuPage County Resolution DT-R-0045-20.

Tollway cost is for "planting of trees, shrubs and evergreens" per Resolution DT-R-0259-19.

Remaining costs are split between DuPage County and Cook County per this Intergovernmental Agreement, and previously Resolution DT-R-0285-19.

Phase I and Phase II Engineering are covered by separate Intergovernmental Agreements.
See Resolutions DT-R-0123-16 and DT-R-0138-18.

Final construction cost is still subject to IDOT project finalization.
Although we have no indication that the final cost will differ from that shown above.

I, MONICA GORDON, County Clerk of Cook County, in the State of Illinois aforesaid and keeper of the records and files of said Cook County, do hereby certify that The Board of Commissioners of The County of Cook, at their regular meeting held on July 24, 2025, passed the following Resolution:

GUIDE TO THE TRANSPORTATION IMPROVEMENT PROGRAM

The DuPage County Division of Transportation (DuDOT) Fiscal Year 2025-2029 Transportation Improvement Program (Program) is intended as a short-term prospectus on DuDOT revenues and major capital expenditures. This Program is not intended as a budget document and does not include personnel, operating, contractual, and equipment costs.

The Program reflects capital and capital maintenance projects that are anticipated to be active during the five years of the Program. Projects that are included in the Program list may be single-year, multi-year or recurring annual projects. The individual project summaries reflect a variety of pieces of information including:

- Project location and limits
- Section number and Activity code (project identifiers)
- CMAP TIP reference
- Project Type
- Leading and Letting Agencies
- Year of Project Letting
- County Board Districts
- Municipalities
- Project Partnerships
- Congressional Districts
- Project Description
- Project Cost by phase of Project
- Project Funding and Allocation of funds by fund source

Projects that have been recently completed where the County is awaiting final invoicing from the State or other agency are included in the project summaries as evidence of County obligation and level of commitment.

PROJECT TYPE

The Long-Range Transportation Plan (Plan) identified a number of categories or types of projects to track related to the goals expressed in that Plan. Key project types include:

- Facilities
- Maintenance
- Mobility
- Operations
- Safety
- State of Good Repair
- Sustainability & Resilience
- System Enhancement
- System Expansion

Facilities refers to the construction or reconstruction of highway facilities such as garages, offices, and material storage, necessary for accomplishing the mission of the DOT.

Mobility projects include a variety of bicycle and pedestrian improvements from trail construction or extensions, sidewalks, and multi-use path construction or paving.

Operations refers to traffic signal and system operations. Projects that are found under this category might include signal modernization, signal interconnections, remote communications, and lighting.

Safety projects encompass a wide variety of improvements from installation of crosswalks, signage, medians, guardrails and other protective barriers or appurtenances. Safety projects also include intersection improvements that provide channelization, signal modernization and signal operation and phasing changes. While all County projects include safety as a core purpose, these are projects that do not fit in other categories.

State of Good Repair is the category that reflects improvements that extend the useful service life of DOT assets including roadways, bridges, signals. Typical projects include pavement preservation (patching, crack sealing), resurfacing, bridge repairs, and signal modernization.

Sustainability and Resilience is a category that reflects improvements intended to reduce emissions and pollutants and to ensure our infrastructure is resilient to the effects of severe weather and natural hazards. Typical projects include those that reduce congestion, provide mode choices and address recurrent flooding impacts caused by flooding.

System Enhancement represents projects that enhance the performance of our transportation network including intersection improvements, widening, signal interconnects, and trail, path and sidewalk connections.

System Expansion includes adding lanes to roadways, extended roadways or trail systems, grade separations and new roadway alignments.

The Plan summaries also indicate project subtypes and activities that elaborate on the type of work being performed with each project.

PROJECT PHASE

Two tables are included in the project summary sheets: the Project Cost by Phase Table and the Project Funding by Source Table.

It is our objective to demonstrate a) the present status of the project in terms of project readiness or project schedule, and b) the sources of funding that will be used to pay for the project.

Project phase refers to the stages typical of a project from feasibility study to through construction. The phases (and abbreviations) that are found in the document include:

- **FEAS_PLAN** –Feasibility studies are usually performed when the scope of a project, limits, support, or cost magnitude is unknown.
- **E1** – Phase I Engineering: Preliminary Engineering or Environmental Engineering phase where existing conditions and environmental constraints of a project are examined, preliminary geometry and scope defined, public and stakeholder engagement to ensure project support is undertaken and property acquisition determined ahead of design work.

- **E2** – Phase II Engineering: Design engineering phase includes the preparation of detailed improvement plans, specifications, estimates of cost and schedule, local, utility and railroad coordination and agreement preparation, and permitting.
- **LA** – Land Acquisition: This phase involves the procedures necessary to secure needed property for a project. Scope includes title services, preparation of plats and legal descriptions, appraisals, right of way negotiation, and right of way and easement acquisition.
- **E3** – Phase III Engineering: Construction Engineering includes oversight, inspection, documentation, ensuring the contractor adheres to the contract plans and specifications and materials testing of construction projects.
- **C** – Construction: This phase includes the actual construction of a project through a contract awarded to a contractor. ‘C’ is used when DuDOT is the letting and contracting authority or refers to IDOT or other lead agency construction costs when federal or state funding is utilized.
- **PA** – Participation. Use of the Participation phase code means that either the County or some other agency is participating in the cost of a project but is not the contract awarding agency. This designation is most often used when DuDOT is matching federal funds that have been awarded the project.
- **M** – Maintenance: This refers to a project that is considered as a capital maintenance activity. An example of this is DuDOT’s Traffic Signal Electrical Maintenance contract where contractors maintain signals, lighting, and various equipment related to traffic signal systems.
- **OPS** – Operations: This designation indicates a project that involves the operation of a system, such as traffic signal systems, a facility or a transportation service.

For each project, the table will show the phases that are anticipated to be active during the Program. As projects advance, phases will appear or disappear from the table. Please note that not all projects will have all phases active during this Program and it is common to see phases extend over multiple fiscal years.

It should be noted that many of the phase costs in the tables are engineering estimates. Estimates are derived from the scope of the project generated in E1 or E2 of the project. Construction cost estimates that are 3-5 years out in the schedule are estimates and will change and be refined over the duration of the project as the details of the project and market conditions emerge and construction schedule is established.

PROJECT FUNDING

In the Project Funding by Source Table, DOT references the known project funding sources as of the time of the publication of the Program. It is not uncommon that new or revised funding sources will occur as a result of grant awards, changes in revenue forecasts, or new partnerships as a project progresses.

Program funding source definitions:

- **County Local Gas Tax:** local option motor fuel tax imposed by DuPage County.
- **County Motor Fuel Tax:** County share of the motor fuel taxes collected by the State and distributed by formula.
- **Local Motor Fuel Tax Bond:** County share of proceeds of bonds sold by the State on behalf of local agencies as authorized by under the State's Rebuild Illinois Capital program. This fund source is set to expire in 2026 and will not be renewed.
- **County Impact Fee:** funds previously collected from the impact fee program can be used on capital projects only and expenditures are limited to projects qualified under the Comprehensive Road Improvement Plan. The DuDOT impact fee was rescinded by ordinance in 2023.
- **Federal STP:** Federal Surface Transportation Program funds administered by the DuPage Mayors and Managers Conference. Projects awarded these funds require a local match.
- **Federal CMAQ:** Congestion Mitigation Air Quality federal funds are competitive awards granted by the Chicago Metropolitan Agency for Planning (CMAP) to projects that reduce congestion and carbon emissions. Projects awarded these funds require a 20% local match.
- **Federal HSIP:** Highway Safety Improvement Program are competitive awards for projects that improve safety and administered by the State of Illinois. Projects awarded these funds require a 10% local match.
- **ICC GCPF:** Illinois Commerce Commission Grade Crossing Protection Fund. This funding source generally pertains when DuDOT is working to improve a highway or pedestrian rail crossing, when crossing gates or grade separation designs are components of a project.
- **Participation:** Agreements developed by DuDOT or partner agencies for shared funding of a project. When DUDOT leads a project, participation refers to that portion of the phase or project that is funded by the partner agency and the fund source is unspecified.

Multiple funding sources are often used throughout the life cycle of a project. Funding sequencing is often complex in multi-year projects and DuDOT endeavors to represent the amount of each fund anticipated to be used in each year. When project delays occur, DuDOT will attempt to update the TIP in the succeeding annual program.

Both tables shown in the project summaries include an MYB column. This column represents project phases beyond the Program 5-year term MYB total costs are listed for information only and are not part of the five-year TIP rollup statistics or totals.

FISCAL YEAR 2025-2029 PROGRAM

The DuPage County Division of Transportation is responsible for 220 miles of highway (with approximately 970 lane-miles of pavement), 260 miles of sidewalk and bike path, 55 miles of multi-purpose trail, 344 traffic signals (with more than 80% of signals in coordinated systems), and 50 bridges. Numerous other assets such as guardrail, retaining wall, detention basins, lighting and landscaping are part of this program as well.

The typical county highway is a four-lane pavement with median turn lanes, generally has enclosed drainage and is usually accompanied by sidewalk or path within rights of way ranging from 66 to 200 feet in width. The typical county highway carries between 20,000 and 25,000 vehicles per day, about 5% of which are commercial vehicles. The trail system is unpaved except in locations approaching streets and highways and in urban centers. DuDOT maintains 11 pedestrian bridges which cross high-volume road or rail corridors.

The Division of Transportation does not own, operate, or maintain any transit, ride-hailing, paratransit or similar services, although DuDOT does contract with Uber through Pace Suburban Bus to deliver Uber rides to the Hinsdale Lake Terrace community in southeast DuPage County. DuPage County is supportive of Pace and Metra services and will often cooperate with these agencies regarding specific infrastructure projects.

2025-2029 PROGRAM DETAILS

The program features 110 projects including the following breakdown of project types:

Table 1 - Project Types Included in FY-2025-2029 Program

Type	Number	%
Facilities	3	2.73%
Maintenance	11	10.00%
Mobility	8	7.27%
Operations	7	6.36%
Professional Service	20	18.18%
Safety	6	5.45%
State of Good Repair	17	15.45%
Sustainability	11	10.00%
System Enhancement	25	22.73%
System Expansion	2	1.82%
	110	

The majority of the capital projects included in the TIP are tied to State of Good Repair, System Enhancement and Maintenance. Bridge projects are included in the state of good repair category. Very few projects in the five-year program (only two) are considered System Expansion. Projects often include elements of multiple categories but are listed in only one. For example, while there are six (6) projects called out as “Safety” projects, all DuDOT projects include elements of safety.

Likewise, many of the capital roadway, intersection and operations projects include construction of accommodations that are compliant with the Americans with Disability Act regulations on sidewalks, path, and curb ramps.

Under the sustainability category, it should be noted that the number of drainage projects is growing and is requiring a more significant portion of the annual budget as the County continues to upgrade the capacity and modernize its stormsewer systems.

Professional service projects (e.g., Various – Bridge Design) are included because they directly support the capital improvement program and are often employed in the project development process.

Figure 1 below demonstrates the breadth of the DuDOT program. Maintenance and State of Good Repair are again at the forefront of the County’s mission in this five-year program. However, Mobility, and System Enhancement projects continue to grow in number and importance as DuDOT transitions away from a capacity-driven program. This program includes funding for the new DuDOT office and maintenance building.

Figure 1 - FY2025-2029 TIP Investment by Project Type

Table 2, below, presents the estimated five-year costs of the one hundred ten (110) projects in the program. The program is estimated at a cost of over **\$402.8 million**, with more than half of the program (61 percent or almost \$249 million) being related to construction or participation in construction activities. Participation can include reimbursements for engineering services or for construction.

Table 2 also describes the allocation of expenses by project phase across the program. Engineering costs (estimated at a little over \$62.6 million) represent a little more than 15% of the overall program. For most capital projects, Planning, Preliminary Engineering, Design and Construction engineering often constitute 30% of the overall project costs.

Maintenance activities such as pavement maintenance and electrical and lighting maintenance represent a little over one fifth (21%) of the overall program. These two programs are extremely important to the safety and efficiency of the highway system.

PROGRAM EXPENSES

The estimated capital expenditures by year are shown below in Table 2:

The annual program averages a little more than \$80 million per year. The program includes a mix of multi-year, annual and biennial projects. The typical DuDOT capital project will have four or five stages including engineering, land acquisition, construction and maintenance. The program also accounts for the complete-closeout projects where DuDOT has participated in the construction of a federally funded project. The County is obligated through the federal funding agreement to fulfill its part in the construction and engineering of a project. The Illinois Department of Transportation invoices the County for its share of the project funding after the project is complete. DuDOT carries that obligation forward from year to year until the final bills are paid.

Major capital projects in this five-year program include:

- Army Trail Road Bridge over the West Branch DuPage River
- Bloomingdale Road Bridge over the Canadian Pacific Railroad
- DuPage County DOT Maintenance Building
- East Branch DuPage River Trail
- Fabyan Parkway Reconstruct and Widen
- Finley Road at US34/Ogden Avenue Intersection Area Improvement
- Geneva Road Bridge over West Branch DuPage River
- Naperville Road (I-88 to Ridgeland Dr)
- Naperville Road at IL 38/Roosevelt Road Intersection Improvement
- Warrenville Road Bridge over East Branch DuPage River
- York Road (Devon Avenue to Gateway Dr) Reconstruction

PROGRAM FUNDING

DuDOT has a variety of revenue sources that contribute to the delivery of the projects in the program. Ten (10) sources are utilized (see Table 3 below). Overwhelmingly, DuDOT expects to utilize County Option Local Gas Tax, County Motor Fuel Tax and Motor Fuel Tax Bond proceeds. However, more than \$34 million in federal funds are projected to be included in paying for projects in the program. Federal funding represents about 8.5% of the County's capital program. DuDOT continues to make every effort to win federal funding for its programs through many grant applications each year. This program does not assume any awards for grant applications submitted in FY 2025. Only federal funding that has already been awarded is included in the table below.

Table 3 – Estimated Funding of Capital Program by Year and Fund Type

Revenue for County Option Local Gas Tax and County Motor Fuel Tax is approximately \$60 million annually. This is currently supplemented by State of Illinois Rebuild Illinois MFT Bonds, which were made available to select projects through the State's 2019 Capital Bill. DuDOT also has residual funds available through the County Impact Fee program. These funds are limited to use within specific districts and for projects that add capacity to the county network.

GEOGRAPHIC DISTRIBUTION OF PROJECTS

DuDOT reports where the locations of the projects are specifically and by county board and congressional districts. Figures 2 and 3 indicate the concentration of projects in the board and congressional districts. Please note that many DuDOT projects cross political and municipal lines and are difficult to classify as exclusive to one district. Most of the "various" projects contain work that is done throughout the county with a great likelihood that most districts will benefit from work in that contract. Those projects are reflected in the "ALL" district category.

Figure 2 – Capital Projects by County Board District

Figure 3 – Capital Projects by County Board District

The individual project pages provide maps of most of the major capital projects and a summary table that indicates the board and congressional districts pertaining to that project.

Figure 4 on the following page is a map of the major capital projects and the known various pavement maintenance and sidewalk projects. For more detailed information on the projects and limits, please contact DuDOT staff.

Project Description:	Lacey Creek periodically overtops Highland Avenue near 35th Street with flooding depths in the range of 2 to 4 feet causing the road to close. This severely impacts emergency services traveling to and from the Good Samaritan Hospital just south of the project and impacts travel to and from residences along the west side of Highland Avenue. The proposed solution involves raising Highland Avenue to an elevation above the 100-year base flood elevation.
