Home Advisory Group Final Summary

Tuesday, July 1, 2025 11:30 AM Room 3500B

1. CALL TO ORDER

11:30 AM meeting was called to order by Chair LaPlante at 11:32 AM.

2. ROLL CALL

Staff Present: Mary Keating, Community Services Director; Ashley Miller, Community Development Manager; Momina Baig, Housing & Community Development Planner (remote); Chloe Harrington, Housing & Community Development Planner (remote); Alyssa Jaje, Housing & Community Development Planner (remote); Rebecca DeLaura, Housing & Community Development Planner (remote)

Assistant State's Attorney - Katherine Fahy

People in attendance: Juan Luna Nunez, Project Analyst, Full Circle Communities; Matt Burbach, Development Project Manager, Gorman & Company

PRESENT	Barfuss, Flint, Haider, Honig, LaPlante, Schwarze, and Bricks
ABSENT	Bastian, Cronin Cahill, Crandall, and Krajewski
LATE	Hennerfeind

3. PUBLIC COMMENT

No public comments were offered.

4. APPROVAL OF MINUTES

4.A. **25-1632**

Home Advisory Group - Regular Meeting Minutes - Tuesday, April 1, 2025

RESULT:	APPROVED
MOVER:	Andrew Honig
SECONDER:	Saba Haider

5. COMMITTEE VOTE REQUIRED

5.A. **25-1633**

Request to waive the Funding-HOME Applications, Risk Analysis and Monitoring/Financial Viability of HOME Funded Projects Policy, Section 5. and recommendation of a Conditional Commitment of \$2,400,336 of HOME Investment Partnerships (HOME) Program funds between DuPage County and Gorman & Company, LLC – Tower Court Residences – for new construction of 71 units of affordable rental housing development in Naperville, Illinois, for seniors and persons with disabilities.

Mary Keating, Director of Community Services, provided an update regarding the approval process for HOME funds. This process involves multiple steps. It starts with a preliminary set-aside, created mainly for projects applying for Low-Income Housing Tax Credit (LIHTC) through Illinois Housing Development Authority (IHDA). Since only about 30% OF LIHTC applications are approved, the preliminary set-aside serves as a conditional letter of intent, showing potential support without fully committing funds. The next step is a conditional commitment, which happens when a project is nearly ready, pending legal agreement among all funding sources. Both current projects have received LIHTC and aim to close by the end of August. To avoid delays, the request is to issue the conditional commitment now, even though not all details are finalized. This allows legal documents to move forward and helps meet necessary committee and board schedules. A risk analysis is still being completed, but will be finished before final County Board approval, where actual funds are committed. The Home Advisory Group remains advisory and does not secure funding.

Chair LaPlante added that a lot of work has gone into both projects especially the Glen Ellyn project. Many advocates from that community have done an excellent job raising awareness and engaging with the county board. It is a great roadmap for future efforts like this project.

On a Roll Call Vote, all Ayes, the motion passed.

RESULT: APPROVED

MOVER: Saba Haider

SECONDER: Greg Schwarze

AYES: Barfuss, Flint, Haider, Honig, LaPlante, Schwarze, Hennerfeind, and

Bricks

ABSENT: Bastian, Cronin Cahill, Crandall, and Krajewski

5.B. **25-1634**

Request to waive the Funding-HOME Applications, Risk Analysis and Monitoring/Financial Viability of HOME Funded Projects Policy, Section 5. and recommendation of a Conditional Commitment of \$1,750,000 of HOME Investment Partnerships (HOME) Program funds between DuPage County and Full Circle Communities, Inc. – Taft and Exmoor Development – for new construction of 42 units of affordable rental housing development in Glen Ellyn, IL for families and persons with disabilities.

Reference Item 25-1633.

On a Roll Call Vote, all Ayes, the motion passed.

RESULT: APPROVED

MOVER: Greg Schwarze

SECONDER: Saba Haider

AYES: Barfuss, Flint, Haider, Honig, LaPlante, Schwarze, Hennerfeind, and

Bricks

ABSENT: Bastian, Cronin Cahill, Crandall, and Krajewski

6. OTHER BUSINESS

Chair LaPlante referenced information that was shared by Mary Keating in Human Services meeting regarding the 211 programs. 211 flyers were provided and Chair LaPlant encouraged all municipal partners to take the information and distribute to constitutes as the flyer contains valuable information. Mary Keating provided updates regarding the 211 system that DuPage County launched in 2023.

7. ADJOURNMENT

With no further business, the meeting was adjourned at 11:43 AM.

8. NEXT MEETING DATE - AUGUST 5, 2025

Home Advisory Group Final Summary

Tuesday, April 1, 2025 11:45 AM Room 3500B

Or immediately following CDC

1. CALL TO ORDER

11:35 AM meeting was called to order by Chair Lynn LaPlante at 11:59 AM.

2. ROLL CALL

Under the authority of the County Board, Chair LaPlante appointed member DeSart to serve as a temporary member of this committee to establish quorum.

Staff Present: Mary Keating, Community Services Director; Julie Hamlin, Community Development Administrator; Amish Kadakia, Senior Accountant (Remote), Ashley Miller, Community Development Manager, Rebecca DeLaura, Housing & Community Development Planner

Assistant State's Attorney - Katherine Fahy

PRESENT	Bastian, Crandall, Flint, Honig, LaPlante, Schwarze, and DeSart
ABSENT	Barfuss, Bricks, Chassee, Krajewski, and Hennerfeind
REMOTE	Cronin Cahill, and Haider

MOTION TO ALLOW REMOTE PARTICIPATION

There has been a request to allow remote participation from Member Saba Haider and Member Cindy Cahill under Section 7 (a) of the Open Meetings Act; Pursuant to Section 7(a) of the Open Meetings Act, if a Quorum of the members of the public body is physically present, as required by Section 2.01, a majority of the public body may allow a member of that body to attend the meeting by other means, if the member is prevented from physically attending because of: (5 ILCS 120/7(a). 7(a) permits attending electronically due to (i) Illness or disability, (ii) employment purposes or the business of the public body, or (iii) a family or other emergency.) On a voice vote, the motion passed.

RESULT: APPROVED

MOVER: Michael Crandall

SECONDER: Doug Flint

No public comments were offered.

4. APPROVAL OF MINUTES

4.A. **25-0899**

Home Advisory Group - Regular Meeting - March 4, 2025

RESULT: APPROVED

MOVER: Andrew Honig

SECONDER: Greg Schwarze

5. COMMITTEE VOTE REQUIRED

5.A. <u>25-0900</u>

Recommendation for approval of Modification One to HOME Agreement HM21-02a between Catholic Charities, Diocese of Joliet, Inc. and the County of DuPage, increasing the amount of HOME funding by \$110,339 for a total HOME amount of \$410,339.

Julie Hamlin discussed the existing HOME agreement with for the tenant-based rental assistance they provide, which runs through November 14, 2025. Due to an increased demand, they have utilized their initial funding of \$300,00 more quickly than anticipated. As a result, they have approached us to request additional funding of \$110,339, which should allow them to fulfill their agreement through November 2025.

RESULT: APPROVED

MOVER: Michael Crandall

SECONDER: Greg Schwarze

5.B. **25-0901**

Recommendation for approval of a \$2,400,336 preliminary set-aside of HOME Investment Partnerships (HOME) Program funds between DuPage County and Gorman & Company, LLC – Tower Court Residences – for new construction of 71 units of affordable rental housing development in Naperville, IL for seniors and persons with disabilities.

Julie Hamlin Administrator of Community Development reiterated Gorman & Co. applied for HOME funding to Will County, requesting gap financing for the construction of a 3-story, 71-unit affordable rental community. The project is designed to serve two target groups: low-income seniors aged 62 and older, and individuals with intellectual and/or developmental disabilities. The preliminary funds mentioned are a set-aside and do not represent a commitment at this stage. A formal conditional commitment recommendation will be presented once specific contingencies are addressed. Additionally, the City of Naperville, as part of the DuPage County Consortium, has opted

to include its Will County areas within the consortium. This decision facilitates the use of HOME investment funds in Naperville's Will County portions.

For full information, please visit the memorandum in the agenda packet.

The committee discussed the percentage of individuals that may or may not be from DuPage County. Mary Keating Director of Community Services responded that with federal funds, you cannot set restrictions that the residents come from DuPage County. Naperville could receive its HOME investment from the federal government directly, but they elect to partner with DuPage County to facilitate all the funds. Therefore, for the purpose of HOME funding, all of Naperville will be considered as DuPage County and not be eligible under Will County. Mary Keating and Julie Hamlin answered questions from the committee, clarifying that there have not been any other DuPage County projects in Will County for a very long time. There are no other development applications pending for DuPage County. There was concern regarding the project being in Will County and using DuPage County HOME funds. Mary Keating communicated the HOME funds for DuPage County is larger because the city of Naperville is included in DuPage HOME funds and that Will County does not receive any HOME funds based on Naperville's population.

RESULT: APPROVED **MOVER:** Andrew Honig

Action Requested:

Staff request waiving the Funding-HOME Applications, Risk Analysis and Monitoring/Financial Viability of HOME Funded Projects Policy, Section 5. Conditional Commitment and recommend approval of a Conditional Commitment of \$2,400,336 of HOME Investment Partnerships (HOME) Program funds for the Gorman & Company, LLC (Gorman) Tower Court Residences development contingent upon the following:

- 1. Completion of an Environmental Review per regulations found at 24 CFR Part
- 2. Confirmation of all other funding sources; and
- 3. Further County underwriting once all other funding sources are obtained by
- 4. The development including fourteen (14) County HOME units, three (3) of which are low-HOME units; and
- 5. Agreement upon the terms associated with the County HOME loan; and
- 6. Debt-Coverage Ratio of at least 1.15 throughout the HOME affordability period; and
- 7. The project adhering to a twenty (20) year affordability period commencing when the project is complete, County HOME units are leased up, and the project is completed in HUD's Integrated Disbursement and Information System (IDIS);
- 8. County receipt and approval of a Tenant Selection Plan, Affirmative Marketing Plan, HOME unit lease, and other required documentation to effectuate the transaction; and
- 9. Any additional review and underwriting that County staff deem necessary to complete the County's due diligence prior to advancing the project to a HOME Agreement.

Details:

The Funding-HOME Applications, Risk Analysis and Monitoring/Financial Viability of HOME Funded Projects Policy, Section 5. Conditional Commitment states, "A recommendation for a conditional commitment indicates there are no outstanding

contingencies and the project may proceed to a HOME Agreement and placement on the Human Services Committee agenda, and County Board approval". The Developer is seeking to complete the financial closing necessary to acquire the proposed property by late August. Due to the requested closing timeframe, the need for further document review, and the County Board Committee schedules, CDC staff recommend waiving the policy and moving forward with a conditional commitment sooner than the department normally would.

A preliminary set-aside of HOME funding was approved by this committee on 04/01/2025.

Gorman has submitted an application to the County for new construction of a three-story, elevatored, 71-unit affordable rental housing development, for low-income seniors aged 62 and older and individuals with Intellectual or Developmental Disabilities (IDD) aged 18 and older. The proposed development will be located at 4231 Tower Court, Naperville, IL 60564 at the southeast corner of the intersection of Highway 59 and 103rd Street on the far southern side of the City of Naperville, IL, in Will County. The City of Naperville is part of the DuPage County Consortium. As such, the City has elected to include their Will County areas as part of the DuPage County Consortium, allowing for HOME investment within Will County portions of the City of Naperville. The project site area is approximately 4.014 acres with nearby amenities including grocery and retail stores, bus service, parks and recreational facilities, healthcare facilities, and educational facilities.

The development will include a mix of one-, two-, and three-bedroom apartments and many common area amenities, including the following: community room, fitness center, computer room, craft room, picnic area, bike storage, and storage units. Additionally, the development will include in-unit amenities such as a security alarm, kitchen appliances, washer and dryer, central air-conditioning, window treatments, as well as cable and internet hookups.

Gorman will partner with Ray Graham Association (RGA) to ensure the project has appropriate supportive services available to residents wishing to access services. RGA will offer personcentered services, which are tailored to the unique needs of each resident who choose to participate. These optional services will include wraparound case management and direct services like financial literacy, along with a robust network of partners for referrals to other services such as behavioral, mental, and physical health care, education, and the arts.

Gorman has been managing Low Income Housing Tax Credit (LIHTC) properties since 1990 and has since expanded to managing over 6,500 income restricted units across six states. Gorman expanded into Illinois with its first project in 2004, a historic preservation and adaptive reuse of the former Moline High School into affordable housing in Moline, IL.

The project proposes to produce 14 County HOME units. HOME regulations require 20 percent, or three of the 14 County HOME units, to be occupied by residents at 50% or less of the Area Median Income (AMI), based upon household size. For a one-person household, that limit is currently \$42,000 annual income. The remaining 11 County HOME units will be occupied by residents at or below 60% AMI upon initial lease up.

Proposed permanent financing sources include a bank loan, LIHTCs, Federal Home Loan Bank Affordable Housing Program grant, deferred developer free, additional tax credits awarded though the Illinois Housing Development Authority (IHDA), seller note, and County HOME loan. Terms of the County HOME loan are in negotiation and will be presented to the Human Services Committee as part of the HOME Agreement once all financing sources have been secured.

All units will be income restricted and occupied by tenants at or below 60% AMI at initial occupancy. 15 units will be occupied by households at or below 30% AMI, 28 units will be occupied by households at or below 50% AMI, and 28 units will be occupied by households at or below 60% AMI. The current 60% AMI for a one-person household is \$50,400, the current 30% AMI for a one-person household is \$25,200.

Fifteen one-bedroom units will be dedicated as State Referral Network (SRN) units, which will be filled through referrals from the SRN. Gorman had requested Section 811 Project-Based Vouchers (PBVs) from IHDA, unfortunately Gorman was informed the 811 PBVs would not be awarded to this project.

HOME Program regulations require a 20-year affordability period for new construction projects. Currently, the Operating Cash Flow Projection indicates sufficient Debt Coverage Ratios (DCR) throughout the affordability period from a strong 1.23 to a weaker 1.21 in year twenty, which may change once County HOME loan terms are established. A DCR of 1.15 must be maintained throughout the HOME Affordability Period. This project has a 3.0% rate of increase for operating expenses versus 2.0% gross income potential increases. The gross income potential increase of 2.0% is based upon historical increases in the HUD-defined HOME rent limits.

Further changes to the County's HOME application and/or underwriting will be presented to the Human Services Committee as part of the HOME Agreement recommendation.

Underwriting Memo – Tower Court Residences

HOME Investment Partnerships Program - Affordable Housing New Construction Project

1. Overview

Gorman & Company, LLC (Gorman) proposes to build one three-story, elevatored, 71-unit affordable rental housing development, for low-income seniors aged 62 and older and individuals with Intellectual or Developmental Disabilities (IDD) aged 18 and older. 75% of the units will serve seniors and 25% of the units will serve those with IDD. The development will include a mix of one-, two-, and three-bedroom apartments as well as surface parking, a walking path and gardens.

The development includes 52 one-bedroom units, 18 two-bedroom units, and one three-bedroom unit. All units will be occupied by seniors or individuals with IDD at or below 60%, 50% and 30% of the Area Median Income (AMI).

The total project cost is estimated at \$28,814,831. The primary funding source is Low Income Housing Tax Credits (LIHTC).

Gorman intends to form a limited liability company, Tower Court Naperville, LLC, which will be the owner of the project, and a limited liability company that will be the Manager Member (MM) of the owner. Gorman will own a 49% interest in the MM and Ray Graham Association (RGA) will own 51% interest in the MM. The partnership will ensure the project has appropriate supportive services available to residents wishing to access services.

Gorman was anticipating 15 units to be supported with project based rental subsidy under the Section 811 program, which allows persons with disabilities to live as independently as possible in the community by subsidizing rental housing opportunities which provide access to appropriate supportive services. However, IHDA has informed Gorman the project will not be awarded any 811 PBVs.

Individuals with disabilities, including those with IDD have diverse service needs and RGA offers person-centered services, which are tailored to the unique needs of each resident who chooses to participate. These optional services will include wraparound case management and direct services like financial literacy, along with a robust network of partners for referrals to other services such as behavioral, mental, and physical health care, education, and the arts.

2. Executive Summary

2.A Challenges/Opportunities Presented

Gorman seeks HOME funds of \$2,400,336 of the total project costs of \$28,814,831. The development process, including site control, entitlements, financing, closing and construction monitoring will be handled as a fully integrated platform through Groman & Company, LLC, which has been managing LIHTC properties since 1990. Site control will be obtained from the City of Naperville upon closing of the real estate transaction which has been agreed upon via an executed purchase and sale agreement. The City of Naperville is in support of the project. Gorman & Company LLC is working to secure other financing required for the project.

The proposed project site has been found to have known contaminants that are required to be remediated by the City of Naperville. Gorman is requiring an Environmental Protection Agency (EPA) approved site mitigation plan to have been followed, resulting in clean post-mitigation soil testing prior to closing on

HOME Advisory Group Meeting July 2025

the property. Upon completion of site mitigation, a No Further Remediation (NFR) letter will be requested from the EPA. Community Development Commission (CDC) staff will complete an Environmental Review Record (ERR) as required under 24 CFR Part 58. The HOME investment is contingent upon successful completion of the ERR and receipt of the U.S. Department of Housing and Urban Development's (HUD's) Authority to Use Grant Funds (AUGF) prior to the County committing HOME funds to the project.

The Purchase and Sale Agreement originally included local preference language requiring Gorman to prioritize City of Napervile residents as part of the tenant selection process. However, the CDC's Geographic Distribution Policy was implemented to promote greater locational choice for both low-income persons and minorities by encouraging affordable housing outside of communities of minority concentrations and within municipalities with insufficient affordable housing. A local preference would limit locational choice for eligible tenants residing outside of the City of Naperville. The Naperville City Council approved Amendment One to the Purchase and Sale Agreement in April 2025, which eliminated the local preference.

2.B Affordability

14 units within Tower Court Residences development will be HOME-assisted units. Of these, 11 will target households at or below 60% Median Family Income (MFI) at initial occupancy (High-HOME Units), and three units will be targeted to households at or below 50% MFI (Low-HOME Units). The 11 High- HOME units will be designated as eight one-bedroom units and three two-bedroom units. The Low-HOME units will consist of two one-bedroom units and one two-bedroom unit.

2.C Permanent Sources

Bank Loan	\$3,900,000
Low Income Housing Tax Credits	\$13,888,611
Illinois Housing Development Authority – Additional Tax Credits	\$4,710,304
Deferred Developer Fee	\$500,000
DuPage HOME Funds (Development Subsidy)	\$2,400,336
Federal Home Loan Bank Affordable Housing Program-Pending	\$2,000,000
City of Naperville Seller Note	\$1,415,580
Total	\$28,814,831

2.D Risks

Pertinent risk factors for this project are:

Market	Low - The project is located at the southeast corner of the intersection of Highway 59 and 103 rd Street on the far southern side of the City of Naperville, IL. A site and market study performed by Baker Tilly US, LLP concluded the proposed redevelopment is feasible from a market perspective and a market exists for the development as proposed. The prospect for long-term performance of the property is positive given the housing, demographic trends, and economic factors. Although the proposed development may directly compete for residents within comparable developments, the proposed development will not have a material negative impact on the existing housing market including LIHTC housing, other affordable housing properties (Section 8, 515, 236, and public housing), or market rate housing.
Construction	Low - similar to existing projects by the Developer.
Developer	Low - many years of experience; highly capitalized.
Community Opposition	Low - the City supports the project.

HOME Advisory Group Meeting July 2025

	Moderate - Developer applied for \$2M in FHLB AHP on 06/20/2025. Awards are not
	expected to be announced until December 2025. However, Developer will commit to a
Financing	sponsor loan of \$2M to close in August of 2025.
	Approval of a HOME Agreement will be contingent upon securing funding sources.
	Low - 8% vacancy loss rate, as required by IDHA. Reserve at \$350 per unit annually, as
	required by IHDA. Debt Coverage Ratio (DCR) of 1.23 in year 1 and 1.21 in year 20 with
	\$276,331 in annual debt service payments. This may change as financing terms are
Underwriting	finalized, including those for the DuPage County HOME loan.
Assumptions	
	The project would create 14 HOME units at a cost of \$171,453 per unit, which is within
	HOME Program allowances.
Other	Moderate – ERR clearance required. Approval of a HOME Agreement will be contingent
Other	upon satisfactory completion of an ERR and HUD's AUGF.

3. Property Description

The project consists of new construction of one three-story, elevatored, 71-unit affordable rental housing development, for low-income seniors aged 62 and older and individuals with IDD aged 18 and older. The City of Naperville is requiring 75% of the units to serve seniors (62+) and 25% of the units to serve those with IDD (18+). Since the project does not require those with IDD to be aged 62 or older, the project intends to meet the criteria as a property qualifying as Housing for Older Persons by designating at least 80% of units must be occupied by at least one person aged 55 or older, limiting the population under age 55 to only 20% of residents. Further, the Tenant Selection Plan includes a preference for individuals with disabilities, not limited to IDD, ensuring those with any sort of disability who are otherwise eligible may be served by the project including and in addition to the 25% IDD units.

The development will include a mix of one, two, and three-bedroom apartments as well as surface parking, a walking path and gardens. The development includes 52 one-bedroom units, 18 two-bedroom units, and one three-bedroom unit. All units will be occupied by seniors or individuals with IDD at or below 60%, 50% and 30% of the Area Median Income (AMI).

Current HOME Program guidelines allow rents up to \$1,443 per month for a one-bedroom unit, \$1,733 per month for a two-bedroom unit, and \$1,993 per month for a three-bedroom, all including utilities. As underwritten, the development proposes 13 one-bedroom units at \$567 all of which will be State Referral Network (SRN) units, 18 one-bedroom units at \$994, and 21 one-bedroom units at \$1,208 per month. The project will also contain two two-bedroom units at \$675, both of which will be State Referral Network (SRN) units, 10 two-bedroom units at \$1,188, and six two-bedroom units at \$1,445. There will be one three-bedroom unit at \$1,659 per month. Financing terms for the County's HOME loan are under negotiation and will be contingent upon confirmation of all other financing sources.

Gorman will pay for water & sewer and trash collection. Tenants will cover the electricity for lighting, cooking, heating, and air conditioning. The HOME units will use utility allowances for tenant-furnished utilities and other services as calculated using HUD methodology in effect.

4. Development Entity and Capacity

The development process, including site control, entitlements, financing, closing and construction monitoring will be handled by Mr. Ron Clewer, Illinois Market President at Gorman. Mr. Clewer has more than 20 years of leadership experience and over 20 years of multi-use real estate development and asset management experience. Gorman Property Management will hire new site management and leasing staff HOME Advisory Group Meeting July 2025

for this project. Candidates will be from the area, a common trait of Gorman's process. Candidates will be brought into Oregon, WI "Gorman U" for training and compliance. The regional manager with oversite will be Sonja Droste, Regional Director of Property Management.

Gorman Property Management will hire new site management and leasing staff for this project. Candidates are from the area, a common trait of our process. They are brought into Oregon, WI "Gorman U" for training and compliance. The regional manager with oversite will be Sonja Droste. Droste has been with Gorman since 1998 and is responsible for the supervision of the total operations of individual apartment communities in her 3,500+ unit portfolio. Prior to joining Gorman, Droste was a regional manager for 12 years with a national company.

4.A Prior Developments

Gorman has been managing LIHTC properties since 1990 and has since expanded to managing over 6,500 income restricted units across six states. Gorman expanded into Illinois with its first project in 2004, a historic preservation and adaptive reuse of the former Moline High School into affordable housing in Moline, IL.

4.B Current Operational Capacity

Gorman will act as Developer and Owner under the HOME Agreement and will provide financial oversight, grant compliance, and contractor selection for the project. Construction management will be performed by the project manager, who is part of Gorman's staff. Operational and rental management will be handled by Gorman Property Management.

4.C Financial Strength

The most recent audit of Gorman and Subsidiaries and Affiliates indicates total assets over \$124 Million with net assets over \$72 Million. In addition, the ongoing property management and maintenance allow for continuation of an affordable and attractive property; therefore, turnover is low. The lack of affordable housing in the Naperville area and the low expected turnover enhances positive cash flow.

4.D Guaranty/Bonds

Gorman will be required to sign and abide by the terms of the HOME Agreement, Mortgage and Note, and a Regulatory Land Use Restrictions Agreement. In addition, contractors will be required to supply bonds at the level stated in the HOME Agreement.

5. Location and Market Dynamics

5.A Town/County Characteristics

According to the City of Naperville's website, which cites American Community Survey (ACS) data, the City encompasses 39.08 square miles, is located approximately 30 miles west of the City of Chicago and has a population of 149,540. Demographics are reported as: White (not Hispanic or Latino) - 65.1%, Asian - 20.6%, Hispanic or Latino - 6.5%, Two or More Races - 5.1%, Black - 4.3%, American Indian and Alaska Native - 0.2%, Native Hawaiian and Other Pacific Islander - 0.0%. The median home value is \$433,400 and the median household income is \$135,772. Median gross rents are reported as \$1,645. (Source: https://www.naperville.il.us/about-naperville/demographics-and-key-facts/).

The Primary Market Area (PMA) for the proposed development is generally bordered by 75th Street to the north, US Highway 30 to the west, West 135th Street to the South, and the DuPage River to the east. Based on the site's pedestrian linkages, convenient access to major thoroughfares, proximity to numerous major

employers, and discussions with property managers of potentially competing developments, it is likely that 20 to 25 percent of the residents that ultimately rent from the proposed development will originate from outside the PMA (most likely from other areas of DuPage, Will, and Kendall Counties).

5.B Property Location

The property is located on the southeast corner of the intersection of Highway 59 and 103rd Street on the far southern side of the City of Naperville, IL, in Will County. The City of Naperville is part of the DuPage County Consortium. As such, the City has elected to include their Will County areas as part of the DuPage County Consortium, allowing for HOME investment within Will County portions of the City of Naperville. An approximate address for the site is 4231 Tower Court, Naperville, IL 60564. The subject site is bordered by additional foliage and wooded land in all directions. IL Route 59 is less than 1/10th of a mile to the west and 103rd Street is approximately 0.2 miles north. With all surrounding streets appearing to be moderately to heavily traveled, the site is expected to have above average drive-by exposure and should experience adequate marketability. Nearby businesses include Angelo Caputo's Fresh Market, Amazon Fresh, TJ Maxx, and Dollar Tree. Naperville Bus Services Fixed Route 672 provides bus service to the nearest Metra train station. Nearby parks and/or recreational facilities include George Pradel Park and Fry Family YMCA. Nearby health care facilities include DuPage Medical Group and Walgreens Pharmacy. Lastly, there are three educational facilities nearby, Kendall Elementary School, Thomas G. Scullen Middle School, and Neuqua Valley High School. As such, the site appears to be well served by the amenities and services needed by seniors and IDD residents.

6. Physical Character and Issues

Gorman will be responsible for ensuring that the building complies with existing property standards per municipality and/or County CDC policies.

An Environmental Review Record (ERR) is required to be completed in accordance with 24 CFR Part 58. Community Development Commission (CDC) staff are in the process of preparing the ERR. Additional building requirements, including mitigation requirements, identified as result of the ERR will be incorporated into the HOME Agreement, building plans and specifications, as well as construction contracts.

7. Proposed Financial Structure

Total Development Costs are projected at \$28,814,831. Funding is anticipated to be provided from the following sources: 13.5% Bank Loan; 48.2% Illinois Housing Development Authority (IHDA) – Low Income Housing Tax Credits; 16.3% IHDA Additional Tax Credits; 8.3% DuPage County HOME funds, 1.7% Deferred Developer Fee; 7% Federal Home Loan Bank Affordable Housing Program grant; and 5% City of Naperville Seller Note.

Permanent Financing	Total	% of Total
Bank Loan	\$3,900,000	13.5%
Low Income Housing Tax Credits (IHDA)	\$13,888,611	48.2%
Additional Tax Credits (IHDA)	\$4,710,304	16.3%
Deferred Developer Fee	\$500,000	1.7%
DuPage HOME Funds (Development Subsidy)	\$2,400,336	8.3%
Federal Home Loan Bank Affordable Housing Program Grant	\$2,000,000	7.0%
City of Naperville Seller Note	\$1,415,580	5.0%
Total	\$28,814,831	100%

Gorman will execute a Mortgage and Note, as well as a Regulatory Land Use Restrictions Agreement (RLURA). The period of affordability for this HOME project will be twenty (20) years per HUD HOME regulations. Once all financing sources are finalized, and the term of the County HOME loan has been determined, the County may elect to impose an extended use period, separate and distinct from the regulatory HOME affordability period. Any extended use period will be incorporated into the HOME Agreement.

8. Underwriting

8.A Assisted Units / Rents

The Gorman project consists of 71 units of rental housing. The requested \$2,400,336 of HOME financing requires a minimum of 11 HOME units. The Developer has agreed to 14 HOME units; three Low- and 11 High-HOME rent units. The HOME agreement will stipulate the mix of HOME units. The tables below represent the preliminary HOME unit mix. HOME units are comparably distributed among non-HOME units.

Total Development Unit Mix	Units	% of Total Units	HOME Unit Mix	HOME Units	% of HOME Units
1-bedroom	52	73.2%	1-bedroom	10	71.4%
2-bedroom	18	25.4%	2-bedroom	4	28.6%
3-bedroom	1	1.4%	3-bedroom	0	0%
	71 total units	100%		14 HOME units	100%

	HOME Units	20% @ Low HOME	High HOME
1-bedroom	10	2	8
2-bedroom	4	1	3
3-bedroom	0	0	0
	14 HOME units	3	11

Gorman intends for the HOME assisted units to be floating; this is acceptable because the units are comparable. However, the unit mix, as outlined above, must be maintained during the 20-year HOME Program affordability period.

See the Units Information & Gross Revenue Potential attachment for a more detailed breakdown of units by bedroom size, income restriction and contract rent.

8.B Market Units/Rents

There are no market rate units proposed within the development.

8.C Trending

Rents are projected at a 2% inflation rate. The majority of operating expenses are projected at a 3% inflation rate with real estate taxes projected at a 4% inflation rate and the management fee projected at a 2% inflation rate. The DCR is 1.23 in year 1 and trends to 1.21 in year 20. However, this may change as financing terms are finalized, including those for the DuPage County HOME loan. Certain payments will be dependent on available cash flow, therefore, years one through eight anticipate to break even. Years nine through 20 show positive cash flow.

8.D Vacancy Rate

For underwriting purposes, the property is underwritten at an 8% total rent vacancy loss which is consistent with IHDA requirements.

8.E Other Income

Gorman anticipates receiving approximately \$14,200 annually from interest, revenue from craft classes, late fees, insufficient fund fees, and pet rent.

8.F Operating Expenses

Gorman will pay for the hot water electric, water, sewer, and trash collection. Tenants will cover the electric lighting, electric cooking, electric heating, and electric air utilities. Gorman will provide property management. See the Annual Operating Budget attachment of the underwriting template for a breakdown of underwritten operating expense projections.

8.G. Real Estate Taxes

Gorman anticipates paying \$75,000 of real estate taxes in year one, with trending increases of 4% annually.

8.H. Proposed Reserve Deposit

Proposed replacement reserve deposit is \$350/unit/year, totaling \$24,850 annually, with inflation projected at 3% annually. No interest is projected on the reserves balance. This produces positive capital reserves through year 20.

8.1. Other Proposed Reserves

The property is not expected to have any other operating reserves.

8.J Resulting Net Operating Income (NOI) for Debt Coverage Ratio (DCR)

The proposed unit mix at proposed rents; estimated rent loss; and underwritten expenses, and with the proposed reserve deposit, demonstrates that this project will produce stabilized Net Operating Income (NOI) of approximately \$338,626 in year one. After payment of debt service, cash flow is projected at \$62,295 in year one. However, this may change upon finalizing all financing terms, including those of the County HOME loan.

9. Additional Considerations

9.a HOME Repayment

The terms for the County's HOME loan of \$2,400,336 are in negotiation. The Developer has requested a cash flow loan, which is reasonable based upon the DCR and projected available cash flow. If a cash flow loan is determined best, a balloon payment of the HOME loan balance will be due at the end of the term. Once all financing sources are known, terms of the HOME loan will be presented to HS for approval. If any portion of the project is sold, transferred, or if the property is no longer used for the purposes stated in the HOME Agreement during the 20-year HOME affordability period, Gorman will be required to pay the full amount of the principal of the loan. The County may also elect to impose an extended use period, which would incorporate extended requirements associated with the HOME loan.

10. Conclusion

The proposed project aligns with HOME Program requirements and objectives of the County's Five-Year Consolidated Plan. The development also presents a favorable risk profile. CDC staff recommend a conditional commitment of \$2,400,336 in HOME funds for the proposed development. Approval of a HOME Agreement is contingent upon all other financing sources having been secured, an agreement of

HOME Advisory Group Meeting July 2025

the County's HOME loan terms, satisfactory completion of an ERR, and any other review and/or underwriting deemed necessary by CDC staff.

Number of income re	stricted HOME Units planned		14		units	
Construction Type	New Construction	า				
Housing Type	Multi-Story w/Eleva	itor		Fixe	ed or Floating Units?	Floating

Project Summary Briefly describe your project. Please note that many sections of this application will not apply to homebuyer projects. Please contact CDC staff for guidance if your project is a homebuyer project.

Gorman & Company has partnered with Ray Graham Association to develop a 71 unit new construction development in Naperville. This project has two target markets; low-income elderly people (62+) and individuals with Intellectual or Developmental Disabilities (IDD). The proportion of these two populations will be 75% elderly and 25% IDD. Construction includes one new construction building in the south-east corner of the site, surface parking, a walking path, and gardens.

Funding Request (info from a	ther worksheets)	Total	Per Unit	
DuPage County Funding Request		\$2,400,336	\$33,808	
Proposed use of DuPage County funds:	Construction Hard Costs		(More info will be pr	rovided in a schedule below.)

Will this project target	special populat	ions?	Yes						
If yes, indicate which populations:			Other			Other:		Elderly (62+) & IDD	
How many units will b	e fully accessibl	e for the ha	andicapped?		15	Fully Access	ible		

Describe accessibility improvements/features of the proposed units.

The project will include 20% Type A (fully ADA accessible units) including ADA cabinetry, room layouts, and accessible bath fixtures. Reference ICC/ANSI 117.1 2009 for the multiple design criteria. 100% of the units will be visitable as defined in the Illinois Housing Development Authority's Qualified Allocation Plan.

Will the project exceed the Americans with Disabilities Act standards & make units barrier free? Please explain.

The ADA requires that our project has a minimum of 10% of units designed and built to be fully accessible. We are planning to exceed this requirement by building 20% of units as fully accessible and 100% of units as visitable.

Will the project address unique physical needs with special site/design features that will substantially add to costs? Please explain.

The project wil address physical needs as well as emotional/behavioral needs through site design; however, this will not add substantial costs. The project has been intentionally designed in a way that addresses these needs, so the costs were anticipated.

Energy and Equipment Information

DuPage County requires that applicants use energy-efficient components.

Describe the energy-efficient features/techniques (effective insulation, high performance windows, tight construction & ducts, appliances, efficient heating & cooling equipment, etc.) which will be used:

The project will be Enterprise Green Communities Certified (EGC). EGC certification requires highly energy efficient design including specifications for insulation, windows, air recirculation, energy star appliances, efficient HVAC, and more. EGC also requires resident engagement in the design process and site design requirements as well.

Have you joined the Energy Star Partnership?

Anticipated Energy Star third-party inspection date (Provide Independent Rater/Inspector Name & Service Area):

The project will require EGC involvement for design through construction to ensrue the EGC checklist requirements are met. The final inspection must be performed at project construction completion, prior to resident occupancy. We anticipate this to be ~ 17 months post financial closing.

					Energy Star?	Other green amenities:	
Heat	ing System:		Ele	ectric

D. Site Information

On the worksheet "1a)Properties" enter all properties included in the project site(s).

Project Site Area (utilized for proposed development):	4.014	Acres
Is the project in a national or local historic district?		No
Have you already acquired the project property?		No
Was the property occupied at the time you obtained ownershi	p?	No
If vacant at purchase, how many months had it been vacant?		Farmland
Did/will you acquire the property with clear title and no debt?		No
Is this an "Arms-Length" Transaction, meaning the buyer and independently and have no relationship to one another?	seller are acting	Yes
Explain the relationship between buyer and seller. Provide a		

les contract cannot be provided at the initial application stage, it will be a requirement to receive a firm Financing Commitment.

The Seller of the Property is The City of Naperville, the Buyer will be a single-purpose LLC created to own the property

Does current site	zoning allow	the proposed	residential	use?
-------------------	--------------	--------------	-------------	------

No

No

No

If no, please explain what steps have been or will be taken to obtain zoning approval.

Gorman will lead the effort to rezone the parcel to allow for the development. Given the property is being acquired through an RFP issued by the City of Naperville we do not anticipate any resistence from the City once a design is agreed upon.

Will the current site(s) require lots to be subdivided?

Yes

Are the following utilities now located on the site?

Public Water Supply	Yes	Private Water
Public Sewer System	Yes	Private Sewer
Natural Gas Distribution System	No	Broadband
Electric Power System	Yes	
Cable Television System	No	
Telephone System	Yes	

Are the following conditions present at the proposed development site?

ie following conditions present at the proposed development site?				
In or includes a wetland?	No	Standing water	No	
All or part in 100-yr. floodplain	No	Creek, lake, river frontage	No	
Railroad tracks within 300 feet	No	Ravines or steep grades	No	
High tension wires	No	Industrial sites	No	
High noise levels	No	Commercial sites	No	
Hazardous waste sites	No			

Are you aware of any other environmental hazards that are on or near the site?

Are there any soil, slope or erosion concerns associated with the site?

Has a Phase One Environmental Assessment been done for the site?

No No Yes

Required for New Construction on Vacant Land

Are there any other environmental issues you wish to bring to our attention?

Yes

Please Describe any other unusual site conditions:

The site has been found to have known contaminants that will be remediated by the City of Naperville and a no further remediation letter will be issued to us. The site is currently being enrolled in the site remediation program by Naperville to start the NFR process.

is this a residential property for which constituetion was completed on or after 1/1/70:	No
Is this a zero bedroom dwelling unit or SRO?	No
Is housing exclusively for the elderly or disabled, disallowing children <6 as residents?	Yes
Has the property already undergone lead abatement?	No
Is this unoccupied residential property which is to be demolished?	No
Is this property going to be used for a purpose other than human residential habitation?	No
Is this rehab which will not disturb a painted surface?	No
Is this an emergency action which must be undertaken immediately to safeguard human life?	No
If there is an existing structure, has it been tested for asbestos-conataining materials (ACM)?	No
If there is an existing structure, has it been tested for Radon?	No

E. Market Analysis & Leasing

Applicants will be required to submit a market assessment demonstrating the need for & marketability of the proposed project. Market Analyses may be conducted in-house or by a 3rd party professional. Please refer to the HOME Application Template Guidance.

Describe how you determined the need/market demand for the proposed project.

Gorman and Company was approached by a group of parents from the community of Naperville who were concerned about a lack of housing for their children, who are young adults with IDD. Through conversations with the parent group and the City it was decided that the elderly would be a good fit to pair alongside those with IDD.

Explain how you arrived at the projected rents:

We performed a third-party market analysis and are using the Illinois Housing Development Authority affordable rents for the Naperville region as this project wwill use the low-income housing tax credit and therefor will be restricted to the rent levels allowed under that program.

How will you insure lease-up to eligible tenants within 18 months?

Because of Gorman's integrated affordable housing platform, property management has been involved in the project's design from its inception. This ensures that the property is designed in a way that facilitates easy management and leasing. AS the property approaches closing property management will create an Affirmative Fair Housing Marketing Plan and begin marketing prior to construction completion to ensure expedient lease-up.

Have you completed an Affirmative Marketing Plan?	
(Required for projects with 5+ HOME units.)	

Yes

Is there anything in proximity to the project that could have a noteworthy positive or negative impact on the marketability of this development? Please describe:

The proximity to major roads (IL Route 59 and 103rd Street) may have a positive impact on the marketability of this development in terms of visibility for prospective tenants.

F. Previous Development Experience

How many full-time equivalent (FTE) employees will be working on the project?	3.50
Has the developer completed other residential development projects?	Yes
If you who are analyze the following:	

If yes, please answer the following:

How many projects has the developer completed? 130

How many dwelling units has the developer been responsible for producing?

New Construction # units 9703 Rehab # units: 1583

List most recently completed projects:

Project Name	Address	Construction Type	Tenure Type	Target Residents	# Units	Total Devel. Costs
Valor on Washington	1322 E. Washington Street, Madison, WI	New	Rental	Mixed	59	\$18,948,782
Laradon Phase II	5190 N. Broadway, Denver, CO	New	Rental	Mixed	132	\$42,263,231
Avenida del Sol	5048 Morrison Road, Denver, CO	New	Rental	Low/Mod Income	80	\$27,632,288
Soluna II	1825 E. Rossevelt Street, Phoenix, AZ	New	Rental	Mixed	66	\$15,280,719
Printery Row	165 E. Pulaski Street, Pulaski, WI	New	Rental	Low/Mod Income	43	\$10,040,000

Describe the experience of the specific staff members who will manage this project. Attach resumes.

Ron Clewer will serve as the primary point for contact for the the developer on this project. As the Illinois Market President at Gorman & Company, Ron is responsible for all Gorman development activity in the state. Before joining Gorman Ron served as the CEO of the Rockford Housing Authority and has a long career in real estate. Colin Malin will serve as the secondary point of contact and will be responsible for much of the coordination of getting the project to financial closing in his role as Development Project Manager. More detailed resumes attached. Ray Graham will provide the site based social service

If developer has been involved in residential development projects in some other capacity, please specify:

As a fully integrated platform Gorman serves as developer, architect, general contractor, and property manager on many deals we're involved in.

If developer/team has completed previous HOME units in any jurisdiction, are there any outstanding performance issues to be resolved? If yes, please explain.

None Known

G. Ongoing Management Experience, Structure & Capacity

Who will perform property management? Developer/Owner will manage in-house Name of management staff/company: Gorman Property Management USA, LLC How many units is your staff or 3rd party mgt company currently managing? 7,517 How many HUD income-restricted units is your staff/mgt company currently managing? 6,812

Describe staff/mgt company's experience managing HUD income-restricted rental units.

Gorman has been managing LIHTC properties since 1990 and has since expanded to managing over 6,500 income restricted units across 6 states.

Describe how the roles of property management, asset management & ongoing compliance will be delegated.

Gorman Property Management will hire new site management and leasing staff for this project. Candidates are from the area, a common trait of our process. They are brought into Oregon, WI "Gorman U" for training and compliance. The regional manager with oversite will be Sonja Droste, 608-835-3446, SDroste@GormanUSA.com . We have a shared compliance team that all applicants and leases must be reviewed by for compliance against LIHTC, HOME and any other supporting programs. The compliance team is fully certified and led by Carrie Constantinescu, Assistant Compliance Manager, HCCP, BOMS, COS, COSA, RAD-PBV, MORS, 815-543-7730,

cconstantinescu@GormanUSA.com. Points of contact for the development of the project are me and as we transition from development to operations, the new site manager will become the local point of contact.

H. Existing Loan Subsidies in Developments to be Acquired

Does your development plan include acquisition of units with existing subsidies? No If yes, please indicate the kind of existing subsidy. Does your development plan seek to preserve federally-assisted low-income housing which would otherwise convert to market rate use through mortgage prepayment, foreclosure or expiring subsidies?

I. Rental & Operating Assistance Information

Do you expect to receive or are you currently receiving any rental subsidies for this development? Nο Project Based Rent Subsidy If you answered yes, please check the types of subsidy expected:

If you answered yes, please describe the source and purpose of subsides:

HUD provides funding to develop and subsidize rental housing with the availability of supportive services for very lowand extremely low-income adults with disabilities. IHDA will be the pass through agency for this assistance.

NOTE: IHDA requires that we underwrite the model WITHOUT the assistance, however, request the support in the application. They want to stress test sustainability without the 811 susbidy as a precaution.

As of June 2025, IHDA has determined 811 subsidy will not be awarded to this project, therefore, the anticipated 15 811 PBV units and 15 year service contract have been removed from this section.

Number of units expected to receive assistance:

units Number of years in assistance contract: N/A years

J. Supportive Services Information

If you plan to provide supportive services to your tenants, please provide the following:

Description of the population to be served:

The two populations served by our project will be low-income elderly people (62+) and individuals with Intellectual and Developmental Disabilities (IDD). We are using the 55+ senior designation/set aside. It allows for 20% of the population to be under the age of 55. Our IDD population will, in part, be this 20%. Additionally, a 55+ designation allows us to further restrict age to 62+ through our tenant selection plan. The last 5% of our IDD population will be 62+ This is consistent with the 55+ designation and gets Naperville what they wanted via their restriction.

Will participation in supportive services be mandatory?

No

O

Description of the services to be provided and how they will be provided:

Individuals with Intellectual and Developmental Disabilities (IDD), ranging from age 18 to seniors, have diverse service needs. RGA offers person-centered services, which are tailored to the unique needs of each resident who chooses to participate. Their services include wraparound case management and direct services like financial literacy, along with a robust network of partners for referrals to other services such as behavioral, mental, and physical health care, education, and the arts.

RGA staff are on-site to conduct tenant assessments, discuss their needs, and create individualized service plans for those who opt into services. In return for providing these services, RGA receives a portion of the project developer fee and the cash flow, and also bills Medicaid/Medicare, as well as receiving funding from the DHS and other sources. All units are operated under the IHDA Permanent Supportive Housing model. However, per federal guidelines, participation in services is optional.

K. Development Schedule

For each item in the chart below, enter the month and year that the item was accomplished, or for future events, the month and year when that item is expected to be accomplished. If an item does not apply to your development, enter N/A or leave blank.

		Month	Year	Draw on PJ funds

Additional Information:

Does developer/applicant/sponsor hold a direct financial interest in any team member or entity?

Yes

Worked together

Certified

If yes, provide details of the relationship:

The developer is a subsidiary of Gorman & Company, LLC.

Is the Developer, Sponsor, or any other Development Team Member related to a Du Page County elected official or employee? Please note separate Conflict of Interest Disclosure forms required.

No

If yes, provide details:

Is the developer/applicant/sponsor or any development team member, including any of their owners, partners, or board members CURRENTLY DEBARRED from Federal contracting opportunities by any agency of the Federal Government? (www.sam.gov)

No

If yes, please provide details:	
Is the developer/applicant/sponsor or any development team member, including any of their owners, partners, or board members EVER BEEN DEBARRED from Federal contracting opportunities by any agency of the Federal Government? (www.sam.gov)	No
If yes, please provide details:	
Has any development team member been subject to a HUD Office of the Inspector General audit or investigation?	No
If yes, please provide details & current status of audit or investigation:	

M. Relocation

Relocation is the moving of existing residential or commercial occupants from their current space.

Relocation can be extremely costly and is strongly discouraged.

Have you already acquired the project property?

No
Was the property occupied at the time you obtained ownership?

If vacant at purchase, how many months had it been vacant?

Farmland
Will your development require any households to move temporarily?

No
of households to move temporarily:

Will your plans require any occupants to move permanently?

of households to move permanently:

Will your development require any commercial occupants to move?

of commercial occupants to move:

If you answered yes to any of the above questions, describe your relocation plan.

N. Required Application Attachments

- 1 Project Area Map Identifying Location
- 2 Proof of Site Control* such as Deed, Purchase Agreement, Option, or Closing Statement
- 3 Plans, Specs, Drawing, Renderings
- 4 Market Study/Needs Assessment
- 5 Appraisal Supporting Acquisition Price*
- 6 Developer Staff Resumes/References
- 7 Detailed Relocation Plan*. You are strongly encouraged **not** to cause **any** relocation.
- 8 Detailed Construction Cost Estimate
- 9 Quotes or other agreements substantiating key professional costs
- 10 Basis for estimating other soft costs including capitalized reserves.
- 11 Lead, ACM, and/or Radon test results*

- 12 Affirmative Marketing Plan for Lease Up & Tenant Selection Plan
- 13 Current Letters of Commitment for Project Financing/Funding. **All** letters must be provided *prior* to County commitment of HOME funds.
- 14 Developer or Personal Financial Statement
- 15 Developer's Annual Operating Budget or Non-Profit Audit
- 16 Current Letters of Support*
- 17 Current Letters of Partnership*
- 18 Board Resolution authorizing position to submit application &, if funded, execute the Agreement & abide by terms
- 19 Completed & Executed Conflict of Interest Disclosure
- 20 Agreements governing the various reserves to be capitalized at closing. Reserves cannot be drawn later as fees or distributions.
- 21 LIHTC projects: Documentation on the syndication costs (legal, accounting, tax opinion, etc.) from the entity who will syndicate & sell the offering.
- 22 An actual operating budget from an actual project similar to the proposed project.

*If Applicable

Please Note: If funded, a third party appraisal will be required to substantiate the value of the land and the value of the property after rehabilitation or the structure being built. The County may utilize the assessed value as published by the DuPage County Supervisor of Assessor's Office.

O. Applicant Certifications

I certify that submission of this application has been duly authorized by the governing body of the applicant and that all information contained in this application and its attachments is complete, true, and accurate to the best of my knowledge.

I certify that all forms of governmental assistance sought or already secured for this project are listed on the Sources & Uses section of this application. The applicant also certifies that should other governmental assistance be sought/secured in the future, applicant shall notify Du Page County promptly (within 5 business days).

I understand that awards will be made on a competitive basis and Du Page County may award an amount less than requested. I understand that Du Page County has no obligation to make a grant or loan to the applicant. I am aware that incomplete or late applications may not be accepted or considered for funding.

I further understand that submission of this application renders it a public document subject to the Freedom of Information Act.

Action Requested:

Staff recommend waiving the Funding-HOME Applications, Risk Analysis and Monitoring/Financial Viability of HOME Funded Projects Policy, Section 5. Conditional Commitment and recommend approval of a Conditional Commitment of \$1,750,000 of HOME Investment Partnerships (HOME) Program funds for the Full Circle Communities, Inc. (FCC) Taft & Exmoor Development contingent upon the following:

- 1. Completion of an Environmental Review per regulations found at 24 CFR Part 58; and
- 2. Confirmation of all other funding sources; and
- 3. Successful purchase by FCC from the Village of Glen Ellyn needed for the project; and
- 4. Further County underwriting once all other funding sources are obtained by FCC; and
- 5. The development including ten (10) County HOME units, all of which are proposed to be designated as Low-HOME units; and
- 6. Agreement upon terms associated with the County HOME loan; and
- 7. Debt-Coverage Ratio of at least 1.15 throughout the HOME affordability period; and
- 8. The project adhering to a twenty (20) year affordability period commencing when the project is completed in HUD's Integrated Disbursement and Information System (IDIS); and
- 9. County approval of a Tenant Selection Plan, Affirmative Marketing Plan, HOME unit lease, and other required documentation to effectuate the transaction; and
- 10. Any additional review and underwriting that the County staff deem necessary to complete the County's due diligence before advancing the project to the HOME Agreement.

Details:

The Funding-HOME Applications, Risk Analysis and Monitoring/Financial Viability of HOME Funded Projects Policy, Section 5. Conditional Commitment states, "A recommendation for a conditional commitment indicates there are no outstanding contingencies, and the project may proceed to a HOME Agreement and placement on the Human Services Committee agenda, and County Board approval". The Developer is seeking to complete the financial closing necessary to acquire the proposed property by late August. Due to the requested closing timeframe, the need for further document review, and the County Board Committee schedules, CDC staff recommend waiving the policy and moving forward with a conditional commitment sooner than the department normally would.

A preliminary set-aside of HOME funding was approved by this committee on 03/01/2025.

FCC has submitted an application to the County for new construction of a three-story, elevatored forty-two (42) unit integrated permanent supportive housing development to serve both working families and persons with disabilities. The proposed development will be located at 640 Taft Avenue, Glen Ellyn, IL 60137. The development will take place on approximately 0.92 acres along an amenity-rich commercial corridor in Glen Ellyn. The property is in close proximity to a public park, fire department, and police station.

The development will include a mix of studio, one, and two-bedroom apartments and many common area amenities, including the following: on-site laundry, a business center, a resident lounge, a community room, and a fitness room. There will also be 45 surface parking spaces. In addition, tenants will be able to access optional supportive services such as case management, financial literacy and credit counseling, benefits coordination, counseling, and health and wellness services. FCC will partner with the Association for Individual Development (AID) to offer services free of charge.

The developer has experience in completing similar projects, not only in DuPage County, but throughout the Chicago metropolitan area, Michigan, and Iowa.

The project proposed to create ten (10) County HOME units. HOME Regulations require at least two (2) of the 10 County HOME units to be designated as Low-HOME rent units, which must be occupied by residents at or below 50% (AMI), based upon household size. For a one-person household, that limit is currently \$42,000, and for a two-person household, that limit is currently \$48,000.

Proposed permanent financing sources include a bank loan, Low Income Housing Tax Credits (LIHTC), Illinois Affordable Housing Tax Credits, deferred developer fee, ComEd energy efficiency grant, and County HOME loan. Terms of the County HOME loan are in negotiation and will be presented to the Human Services committee as part of the HOME Agreement once all financing sources have been secured. Such a structure allows the rents charged to be substantially below fair market rents, benefiting low-income residents.

All the units will be income restricted and occupied by tenants at or below 80% of the AMI, with 37 units to be occupied by households at or below 60% AMI and 16 units to be occupied by households at or below 30% AMI. The current 60% AMI for a one-person household is \$50,400, and the current 30% AMI for a one-person household is \$25,200. Additionally, 26 units will offer Project-Based Voucher (PBV) rental assistance through the DuPage Housing Authority (DHA), allowing residents to pay income-based rents of up to 30% of their incomes. Of these 26 units, seven units will provide permanent supportive housing for households with special needs and/or experiencing homelessness or at-risk of experiencing homelessness and will be filled through referrals from the State Referral Network (SRN).

HOME Program regulations require a twenty (20) year affordability period for new construction projects. The Operating Cash Flow Projection indicates sufficient debt coverage ratios throughout the affordability period, from 1.50 in year one to 1.25 in year twenty. This is largely due to the higher rate of increase for operating expenses versus gross income potential increases. As a Permanent Supportive Housing Development, FCC expects the property to have higher management staffing needs than a comparable market rate or affordable development of the same size. The gross income potential increase of 2.0% is based upon historical increases in the HUD-defined HOME rent limits. The debt coverage is subject to change as the terms of all financing sources are finalized.

Further changes to the County's HOME application and/or underwriting will be presented to the Human Services Committee as part of the HOME Agreement recommendation.

Underwriting Memo – Taft and Exmoor

HOME Investment Partnerships Program - Affordable Permanent Supportive Housing New Construction Project

1. Overview

Full Circle Communities (FCC) proposes to build a three-story, elevatored, 42-unit integrated permanent supportive housing development serving both working families and persons with disabilities. The development will include a mix of studio, one-bedroom, and two-bedroom apartments and amenities including on-site laundry, a business center, a resident lounge, a community room, and a fitness room. Tenants will be able to access optional supportive services such as case management, financial literacy and credit counseling, benefits coordination, counseling, and health and wellness services. Full Circle will partner with the Association for Individual Development (AID) to offer services free of charge.

The development will target family households with incomes up to 30%, 50%, 60%, and 80% of Area Median Income (AMI). The unit mix will include 11 studio units, 17 one-bedroom units, and 14 two-bedroom units.

Of the 42 units, 26 units will receive Project-Based Voucher (PBV) rental subsidy through the DuPage Housing Authority (DHA), allowing residents to pay income-based rents of up to 30% of their incomes. Of these 26 units, seven units will provide permanent supportive housing for households with special needs and/or experiencing homelessness or at-risk of experiencing homelessness and will be filled through referrals from the State Referral Network (SRN).

The preliminary total project cost is estimated at \$21,400,909. The primary funding source will be Low-Income Housing Tax Credits (LIHTC).

2. Executive Summary

2.A Challenges/Opportunities Presented

Full Circle seeks HOME funds of \$1,750,000 of the total project costs of \$21,400,909. The development process, including site control, entitlements, financing, closing, and construction monitoring, will be handled by Full Circle Communities, Inc., which has completed 10 LIHTC projects in Illinois, comprising 616 units. Site control will be obtained from the current property owner upon closing of the real estate transaction, which has been agreed upon via an executed purchase and sale agreement.

FCC is working to secure other financing required for the project.

The properties have been rezoned for residential use. The Village of Glen Ellyn is in support of the project.

2.B Affordability

10 out of 42 units will be designated as County HOME units. While regulations only require 20% of HOME units in projects with five or more HOME units designated as Low-HOME rent units, FCC has requested a deeper income targeting for the proposed project. Therefore, all ten County HOME units will be designated as Low-HOME rent units and will serve households at or below 50% AMI. The County proposes three zero-bedroom, four one-bedroom, and three two-bedroom HOME units.

2.C Permanent Sources

Bank Mortgage	\$2,150,000
Low Income Housing Tax Credits (LIHTC)	\$16,150,274
Deferred Developer Fee	\$743,597
DuPage HOME Funds (Development Subsidy)	\$1,750,000
ComEd Energy Efficiency Grant	\$147,038
Illinois Affordable Housing Tax Credit (IAHTC)	\$460,000
Total	\$21,400,909

2.D Risks

Pertinent risk factors for this project are:

CT CHICK TOOK TOOK	ors for this project are.
Market	Low – The project will be located at 640 Taft Avenue Glen Ellyn, IL 60137. A site and market study performed by Vogt Strategic Insights (VSI) concluded that there is extensive demand for both families and persons with disabilities in the market area. Within the Primary Market Area (PMA), VSI concluded the proposed project will be marketable. Per a competitive analysis of the subject project with both market-rate and Tax Credit projects within the site PMA, it was concluded the development as proposed will be comparable to, or exceed, what limited affordable housing is already in the community. The high occupancy among affordable rental housing properties within the Site PMA indicates pent-up demand for additional affordable rental housing in this market. The proposed development will fulfill an unmet need for non-subsidized and subsidized affordable housing in the Glen Ellyn Site PMA.
Construction	Low - similar to existing projects by the Developer.
Developer	Low - many years of experience; highly capitalized.
Community Opposition	Low – the Village supports the project.
Financing	Moderate - Developer working to secure commitments from other funding sources. Terms of the DuPage County HOME loan under negotiation. Developer applied for \$1.5M in FHLB AHP in June 2025. The Developer anticipates learning of application results in October 2025. As the project will have already closed prior to confirmation of an AHP award, the Developer has increased their DDF. Reduction to other financing sources, other than HOME funding, may also occur. Approval of a HOME Agreement will be contingent upon securing funding sources.
Underwriting Assumptions	Low – 6.14% vacancy loss rate, as calculated using a blended vacancy rate per IHDA standards, which requires 8% for non-subsidized units and 5% for PBV units. Reserves are at \$450 per unit annually, which is higher than the target. Debt Coverage Ratio (DCR) is currently estimated to be 1.50 in year 1 and 1.25 in year 20. However, this may change as financing terms are finalized, including those for the DuPage County HOME loan. The project would create 10 HOME units at a cost of \$175,000 per unit, which is within HOME Program allowances. (See the remainder of this memo for further discussion.)
Other	Moderate – ERR clearance required. Approval of a HOME Agreement will be contingent upon satisfactory completion of and ERR and HUD's AUGF.

HOME Advisory Group Meeting July 2025

3. Property Description

The project consists of new construction of a three-story, elevatored, 42-unit integrated permanent supportive housing development serving both working families and persons with disabilities. The development will target family households with incomes up to 30%, 50%, 60%, and 80% of Area Median Income (AMI). The unit mix will include 11 studio units, 17 one-bedroom units, and 14 two-bedroom units.

Amenities are proposed to include on-site laundry, a business center, a resident lounge, a community room, and a fitness room. Tenants will be able to access optional supportive services such as case management, financial literacy and credit counseling, benefits coordination, counseling, and health and wellness services. 45 open-lot parking spaces are proposed.

Current HOME Program guidelines allow Low-HOME unit rents up to \$1,050 per month, including utilities, for a zero-bedroom (studio) unit, \$1,125 per month, including utilities, for a one-bedroom unit, and rents up to \$1,350 per month, including utilities, for a two-bedroom unit. Per HOME regulations, HOME rent limits do not apply to any rental assistance or subsidy payment provided under a Federal, State, or local rental assistance or subsidy program. Therefore, Federal, State, or local subsidized units in this development may have a higher rent than the established HOME rent limit, so long as the tenant does not pay more than 30% of the household's monthly adjusted income as their rent contribution.

The proposed unit mix includes 11 zero-bedroom units, 17 one-bedroom units, and 14 two-bedroom units. In an effort to serve households with very limited income, the applicant proposes 6 zero-bedroom units at \$598 per month and 5 zero-bedroom units which will receive PBV subsidy at \$1,320 per month. Three PBV subsidized units will also be designated as SRN units.

In addition, the proposed project would include 17 one-bedroom units. Of which, 1 one-bedroom unit at \$641 per month, 13 one-bedroom units at \$1,420 per month, all of which will receive a PBV subsidy from the DHA, and four of which will be SRN units, 1 one-bedroom unit at \$1,068 per month, and 2 one-bedroom units at \$1,573 per month.

The project will also contain 2 two-bedroom units at \$769 per month, 1 two-bedroom unit at \$1,282 per month, 8 two-bedroom units at \$1,620 per month, which will receive PBV subsidy from the DHA, and 3 two-bedroom units at \$1886 per month.

Full Circle will pay for all utilities. Tenants will not be responsible for any utilities.

4. Development Entity and Capacity

Mr. Joshua C Wilmoth, President & CEO. Mr. Wilmoth has more than 17 years of executive experience in affordable housing, development, and management. Ms. Mary Donoghue, Project Manager for Full Circle Communities, will oversee the project from the conceptual phase through the transition to operations. Ms. Donoghue will oversee the day-to-day aspects of the development process, including site control, entitlements, financing, and management of the architect and general contractor. Ms. Donoghue has 9 years of experience in LIHTC applications and projects. As well as disbursement and reporting for grant funds including HOME projects.

4.A Prior Developments

Full Circle Management LLC is the property management subsidiary of Full Circle Communities, Inc. Full Circle Management has been managing HUD income-restricted units since 2005. Types of affordable units HOME Advisory Group Meeting July 2025

under management include: LIHTC, HOME, and Project-Based Vouchers through local housing authorities. Property managers have been trained and hold certifications in blended property management for affordable housing, utilizing multiple financing sources with varying restrictions. As well as low-income housing tax credit compliance and fair housing & affirmative marketing certifications. FCC currently owns and successfully operates similar projects in Carol Stream as well as other nearby properties in Cook, Kane, and McHenry Counties. FCC also has LIHTC projects in the states of lowa and Michigan.

4.B Current Operational Capacity

Full Circle Communities, Inc. will act as Developer and Owner under the HOME Agreement and will provide financial oversight, grant compliance, and contractor selection for the project. Construction management will be performed by the project manager, who is part of Full Circle's staff. Operational and rental management will be handled by Full Circle Management LLC.

4.C Financial Strength

The most recent audit of Full Circle Communities, Inc. indicates total assets of over \$335 million with net assets of over \$171 million. In addition, the ongoing property management and maintenance allow for the continuation of an affordable and attractive property; therefore, turnover is low. The lack of affordable housing in the Glen Ellyn area and the low expected turnover enhance positive cash flow.

4.D Guaranty/Bonds

Full Circle Communities will be required to sign and abide by the terms of the HOME Agreement, Mortgage and Note, and a Regulatory Land Use Restrictions Agreement. In addition, contractors will be required to supply bonds at the level stated in the HOME Agreement.

5. Location and Market Dynamics

5.A Town/County Characteristics

The property is located in the Village of Glen Ellyn, Illinois, at the corner of S. Exmoor Ave and Taft Ave. Although the building is not on Roosevelt Rd., its close proximity makes it highly marketable. Panfish Park is just across the street, South of Taft Ave, and includes a path for walking, biking, or running. Glen Ellyn Fire Station 62 is 0.1 miles away on Taft Ave. In addition, the Glen Ellyn Police Department is 0.2 miles south on Park Blvd. Nearby businesses include Jewel-Osco, Trader Joe's, Aldi, Ross Clothing Store, Dunkin', Wingstop, Dollar Tree, and many others. As such, the site is extremely well served by the amenities and services needed by future tenants.

5.B Property Location

Both Roosevelt Road and nearby Route 53 serve as major arterials, ensuring excellent access to the site. Downtown Chicago is located approximately 24 miles east of the site. Pace bus 715 stops at the corner of Taft Ave and S Park Blvd, only a one-minute walk away. The Central DuPage Route includes stops at Yorktown Center, College of DuPage, Glen Ellyn Metra, and Addison Walmart. I-355, about a mile away, offers great regional access. This is an important consideration, as the project is designed in part for working families who may commute for employment.

6. Physical Character and Issues

FCC will be responsible for ensuring that the building complies with existing property standards per municipality and/or County CDC policies.

An Environmental Review Record (ERR) is required to be completed in accordance with 24 CFR Part 58. Community Development Commission (CDC) staff are in the process of preparing the ERR. Additional HOME Advisory Group Meeting July 2025

building requirements, including mitigation requirements, identified as a result of the ERR will be incorporated into the HOME Agreement, building plans and specifications, as well as construction contracts.

7. Proposed Financial Structure

Total Development Costs are projected at \$21,400,909. Permanent financing is anticipated to be provided from the following sources:

Permanent Financing	Total	% of Total
Wintrust Bank Mortgage	\$2,150,000	10.0%
Low Income Housing Tax Credits	\$16,150,274	75.5%
Deferred Developer Fee	\$743,597	3.5%
DuPage HOME Funds (Development Subsidy)	\$1,750,000	8.2%
ComEd Energy Efficiency Grant	\$147,038	0.7%
Illinois Affordable Housing Tax Credit	\$460,000	2.1%
Total	\$21,400,909	100%

Full Circle will execute a Mortgage and Note, as well as a Regulatory Land Use Restrictions Agreement (RLURA). The period of affordability for this HOME project will be twenty (20) years per HUD HOME regulations. Once all financing sources are finalized and the term of the County HOME loan has been determined, the County may elect to impose an extended use period, separate and distinct from the regulatory HOME affordability period. Any extended use period will be incorporated into the HOME Agreement.

8. Underwriting

8.A Assisted Units / Rents

The Full Circle project consists of 42 units of rental housing. With the requested \$1,750,000 of HOME financing equaling 8.2% of total development costs, at a minimum, the County would require 8.2% of total units, or 4 units, to be designated as County HOME units, assuming the HOME per unit subsidy was within regulatory limits. The Developer has agreed to 10 HOME units; two of which must be designated as Low-HOME rent units, with the remaining eight to be designated as High-HOME rent units. The HOME agreement will stipulate the mix of HOME units. The tables below represent the preliminary HOME unit mix. HOME units are comparably distributed among non-HOME units.

Total Development Unit Mix	Units	% of Total Units	HOME Unit Mix	HOME Units	% of HOME Units
0-bedroom	11	26.2%	0-bedroom	3	30%
1-bedroom	17	40.5%	1-bedroom	4	40%
2-bedroom	14	33.3%	2-bedroom	3	30%
	42 total units	100%		10 HOME units	100%

	HOME Units	20% @ Low HOME	High HOME
0-bedroom	3	3	0
1-bedroom	4	4	0
2-bedroom	3	3	0
	10 HOME Units	10	0

HOME Advisory Group Meeting July 2025

FCC intends for the HOME-assisted units to be fixed. Ensuring the unit mix as outlined above will be maintained during the 20-year HOME Program affordability period. See the Units Information & Gross Revenue Potential attachment for a more detailed breakdown of units by bedroom size, income restriction, and contract rent.

8.B Market Units/Rents

There are zero market rate units in this project.

8.C Trending

Rents are projected at a 2% inflation rate. The majority of operating expenses are projected at a 3% inflation rate, with real estate taxes projected at a 4% inflation rate. Debt Coverage Ratio (DCR) of 1.50 in year one and 1.25 in year 20. However, this will change as financing terms are finalized, including those for the DuPage County HOME loan. Over the 20-year HOME Program affordability period, cash flow appears to remain positive.

8.D Vacancy Rate

For underwriting purposes, the property is underwritten at a 6.14% total rent vacancy loss. The vacancy rate is a weighted average, using an 8% vacancy rate for the 16 non-subsidized units and 5% for the 26 units with Project-based vouchers.

8.E Other Income

Full Circle anticipates receiving approximately \$4,368 annually from the on-site laundry facilities in the building.

8.F Operating Expenses

FCC will pay for all utilities, including electric, gas, water, and sewer. Tenants will not be responsible for essential utility services. FCC will provide property management. See the Annual Operating Budget attachment of the underwriting template for a breakdown of underwritten operating expense projections.

8.G. Real Estate Taxes

FCC anticipates paying \$66,111 of real estate taxes in year one, with trending increases of 4% annually.

8.H. Proposed Reserve Deposit

The proposed replacement reserve deposit is \$450/unit/year, totaling \$18,900 annually, with inflation projected at 3% annually. No interest is projected on the reserves balance. This produces positive capital reserves through year 20.

8.1. Other Proposed Reserves

The property is not expected to have any other operating reserves.

8.J Resulting Net Operating Income (NOI) for Debt Coverage Ratio (DCR)

The proposed unit mix at proposed rents, estimated rent loss, and underwritten expenses, and with the proposed reserve deposit, demonstrates that this project will produce stabilized Net Operating Income (NOI) of approximately \$225,398 in year one. After payment of debt service, cash flow is projected at \$75,620 in year one. However, this is anticipated to change upon finalizing all financing terms, including those of the County HOME loan.

HOME Advisory Group Meeting July 2025

9. Additional Considerations

9.a HOME Repayment

The terms for the County's HOME loan of \$1,750,000 are in negotiation. FCC has proposed a cash-flow-dependent annual payment over 40 years. Once all financing sources are known, the terms of the HOME loan will be presented to HS for approval. If any portion of the project is sold, transferred, or if the property is no longer used for the purposes stated in the HOME Agreement during the 20-year HOME affordability period, FCC will be required to pay the full amount of the principal of the loan. The County may also elect to impose an extended use period, which would incorporate extended requirements associated with the HOME loan.

10. Conclusion

The proposed project aligns with the HOME Program requirements and objectives of the County's Five-Year Consolidated Plan. The development also presents a favorable risk profile. CDC staff recommend a conditional commitment of \$1,750,000 in HOME funds for the proposed development. Approval of a HOME Agreement is contingent upon all other financing sources having been secured, an agreement of the County's HOME loan terms, satisfactory completion of an ERR, and any other review and/or underwriting deemed necessary by CDC staff.

Project Summary Briefly describe your project. Please note that many sections of this application will not apply to homebuyer projects. Please contact CDC staff for guidance if your project is a homebuyer project.

Taft and Exmoor is a proposed 42 unit integrated permanent supportive housing development located on an amenity rich commercial corridor in Glen Ellyn, IL designed to serve both working families and persons with disabilities on a site just under one acre in area. The project will be a mix of studio, one bedroom, and two bedroom units, and the building will contain amenities such as on-site laundry, a fitness room or library, business center, resident lounge, on-site property management, maintenance, and supportive services. Units will incorporate elements of universal design and achieve Enterprise Green Communities certification. Tenants will be able to access services such as case management, financial literacy and credit counseling, benefits coordination, counseling, and health and wellness services; all funded by Full Circle's philanthropic service model.

The potential for the development of high-quality inclusive housing at this location provides a rare opportunity to address critical need for affordable, accessible housing that is close to jobs, good schools, recreation, and other resources. The site has a vacant three-story motel building adjacent to an unoccupied lot and is identified as a priority re-development site by the Village of Glen Ellyn. This location is excellent for housing with access to public transportation, grocery stores, financial services, and restaurants.

D. Site Information

On the worksheet "1a)Properties" enter all properties included in the project site(s).

Project Site Area (utilized for proposed development):

Is the project in a national or local historic district?

No
Have you already acquired the project property?

No
Was the property occupied at the time you obtained ownership?

If vacant at purchase, how many months had it been vacant?

N/A

Did/will you acquire the property with clear title and no debt?

Is this an "Arms-Length" Transaction, meaning the buyer and seller are acting independently and have no relationship to one another?

Yes

Explain the relationship between buyer and seller. Provide a copy of the sales contract. If the sales contract cannot be provided at the initial application stage, it will be a requirement to receive a firm Financing Commitment.

Full Circle Communities, Inc. has a Letter of intent to purchase the property from the Village of Glen Ellyn. A Purchase and Sale Agreement was approved by the Village Board on 2/26/24 and is awaiting signature.

Does current site zoning allow the proposed residential use?

INC

If no, please explain what steps have been or will be taken to obtain zoning approval.

We are in the process of rezoing the property to residential use. The property will be re-zoned to a zoning designation of R-4.

Will the current site(s) require lots to be subdivided?

No

Are the following utilities now located on the site?

Public Water Supply	Yes
Public Sewer System	Yes
Natural Gas Distribution System	Yes
Electric Power System	Yes
Cable Television System	Yes
Telephone System	Yes

Private Water
Private Sewer
Broadband
Y

Are the following conditions present at the proposed development site?

In or includes a wetland?	No
All or part in 100-yr. floodplain	No
Railroad tracks within 300 feet	No
High tension wires	No
High noise levels	No
Hazardous waste sites	No

Standing water
Creek, lake, river frontage
Ravines or steep grades
Industrial sites
Commercial sites

No
No
No
No
Yes

Are you aware of any other environmental hazards that are on or near the site?

Are there any soil, slope or erosion concerns associated with the site? Has a Phase One Environmental Assessment been done for the site? Yes No Yes

Required for New Construction on Vacant Land

Are there any other environmental issues you wish to bring to our attention?

Yes

No

No

No

No

Yes

No

No

No

Yes

No

Please Describe any other unusual site conditions:

The property is adjacent to commercial uses, including a gas station. The Phase I report identified this adjacent use as a Recognized Environmental Condition. A Phase II for the site was completed in early April 2024. The Phase II found that no further investigation is needed, as the VOCs found in the soil and gas samples were at concentrations below the applicable Remediation Objective thresholds. The report recommended use of a full concrete slab-ongrade foundation, which is included in the design.

Is this a residential property for which construction was completed on or after 1/1/78?

Is this a zero bedroom dwelling unit or SRO?

Is housing exclusively for the elderly or disabled, disallowing children <6 as residents?

Has the property already undergone lead abatement?

Is this unoccupied residential property which is to be demolished?

Is this property going to be used for a purpose other than human residential habitation?

Is this rehab which will not disturb a painted surface?

Is this an emergency action which must be undertaken immediately to safeguard human life?

If there is an existing structure, has it been tested for asbestos-conataining materials (ACM)?

If there is an existing structure, has it been tested for Radon?

E. Market Analysis & Leasing

Applicants will be required to submit a market assessment demonstrating the need for & marketability of the proposed project. Market Analyses may be conducted in-house or by a 3rd party professional. Please refer to the HOME Application Template Guidance.

Describe how you determined the need/market demand for the proposed project.

The Village of Glen Ellyn identified affordable housing as a community need during their planning process for redeveloping the Taft & Exmoor sites. In 2023, the village conducted a Housing Assessment that confirmed the need for additional affordable housing. Please see attached for a 3rd party market study, completed in March 2024.

Explain how you arrived at the projected rents:

The proposed rents for non-subsidized units are within the current LIHTC rent limits for each unit's income designation. The rents for the PBV-supported units align with the current DuPage Housing Authority payment standards. A market study confirmed these rents are achievable.

How will you insure lease-up to eligible tenants within 18 months?

Staff will create a property interest list at the start of construction. About 3-4 months before being placed in service, staff will release applications and create a property waitlist. Tenants will be qualified and approved from the waitlist after the screening process. The market study anticipates a lease-up period of 3 months.

Have you completed an Affirmative Marketing Plan? (Required for projects with 5+ HOME units.)

Is there anything in proximity to the project that could have a noteworthy positive or negative impact on the marketability of this development? Please describe:

Taft and Exmoor Apartments are situated in an amenity-rich location along Roosevelt Road, in the heart of one of Glen Ellyn's major commercial corridors. The specific site is in proximity to essential services, employment opportunities, and major roadways, enhancing the desirability of the site. The site is located within walking distance or accessible to many economic opportunities available in the retail/commercial, healthcare, and office sectors. The largest employer in Glen Ellyn is the College of DuPage, one of the largest community colleges in the United States. Major roadways near the site also provide commute benefits due to its proximity to Chicago.

F. Previous Development Experience

How many full-time equivalent (FTE) employees will be working on the project?

2.50 Yes

units:

723

If yes, please answer the following:

How many projects has the developer completed?

Has the developer completed other residential development projects?

How many dwelling units has the developer been responsible for producing?

New Construction # units 759 Rehab

List most recently completed projects:

Summit Park Apartments 1117 Summit Ave Kalamazoo, MI 49006

Project Name	Address	Construction Type	Tenure Type	Target Residents	# Units	Total Devel. Costs
6001 W Lawrence Ave	6001 W Lawrence Ave Chicago, IL 60630	New	Rental	Low/Mod Income	48	
Torrence Place	2320 Thornton Lansing Rd Lansing, IL 60438	New	Rental	Low/Mod Income	48	
5150 Northwest Highway	5150 N Northwest Hwy Chicago, IL 60630	New	Rental	Low/Mod Income	75	
REC Center	61 Clairmount Ave Detroit, MI 48202	New	Rental	Low/Mod Income	43	
Summit Park Apartments	1117 Summit Ave Kalamazoo, MI 49006	New	Rental	Low/Mod Income	33	

Describe the experience of the specific staff members who will manage this project. Attach resumes.

Please see attachment F.

If developer has been involved in residential development projects in some other capacity, please specify:

Full Circle Communities, Inc has also acquired 539 units of affordable housing in Illinois and Michigan since 2021. We intend to rehab these properties as needed and maintain long term affordability on them.

If developer/team has completed previous HOME units in any jurisdiction, are there any outstanding performance issues to be resolved? If yes, please explain.

No known performance issues.

G. Ongoing Management Experience, Structure & Capacity

Who will perform property management?

Name of management staff/company:

How many units is your staff or 3rd party mgt company currently managing?

How many HUD income-restricted units is your staff/mgt company currently managing?

1,111

Describe staff/mgt company's experience managing HUD income-restricted rental units.

Please see attached Experience Certification form.

Describe how the roles of property management, asset management & ongoing compliance will be delegated.

The property will have 3 on-site staff: a property manager, a maintenance technician, and a supportive service provider. Site staff will be overseen by Regional Supervisors and supported by regional administrative assistants. Above them, Full Circle has corporate staff dedicated to asset management, compliance, and facility operations. These staff review lease up files, ensure reporting requirements are met, and prepare for ongoing inspections and file audits. All staff are training in fair housing and other compliance requirements like NSPIRE standards.

H. Existing Loan Subsidies in Developments to be Acquired

Does your development plan include acquisition of units with existing subsidies?

No

If yes, please indicate the kind of existing subsidy.

N/A

Does your development plan seek to preserve federally-assisted low-income housing which would otherwise convert to market rate use through mortgage prepayment, foreclosure or expiring subsidies?

No

I. Rental & Operating Assistance Information

Do you expect to receive or are you currently receiving any rental subsidies for this development?

Yes

If you answered yes, please check the types of subsidy expected:

Project Based Rent Subsidy

If you answered yes, please describe the source and purpose of subsides:

Project-based vouchers will be provided by the DuPage Housing Authority.

26 units

Number of units expected to receive assistance: Number of years in assistance contract:

30 years

J. Supportive Services Information

If you plan to provide supportive services to your tenants, please provide the following:

Description of the population to be served:

The target population for this development is people with disabilities. 55% of units will be reserved for people with disabilities and the remaining units will have a preference for people with disabilities, meaning otherwise qualified applicants with disabilities are bumped up on the waitlist. Seven units will be reserved for referrals through IHDA's Statewide Referral Network.

Will participation in supportive services be mandatory?

No

Description of the services to be provided and how they will be provided:

Please see Attachment J. Supportive Services Information - Supportive Service Plan

K. Development Schedule

For each item in the chart below, enter the month and year that the item was accomplished, or for future events, the month and year when that item is expected to be accomplished. If an item does not apply to your development, enter N/A or leave blank.

		Month	Year	Draw on PJ funds

Has any development team member been subject to a HUD Office of the Inspector General audit or investigation?	No
If yes, please provide details & current status of audit or investigation:	

M. Relocation

 $\label{lem:relation} \textbf{Relocation is the moving of existing residential or commercial occupants from their current space.}$

Relocation can be extremely costly and is strongly discouraged.

have you already acquired the project property?	INO
Was the property occupied at the time you obtained ownership?	0
If vacant at purchase, how many months had it been vacant?	N/A
Will your development require any households to move temporarily?	No
# of households to move temporarily:	
Will your plans require any occupants to move permanently?	No
# of households to move permanently:	
Will your development require any commercial occupants to move?	No
# of commercial occupants to move:	

If you answered yes to any of the above questions, describe your relocation plan.

N/A - no relocation

N. Required Application Attachments

- 1 Project Area Map Identifying Location
- 2 Proof of Site Control* such as Deed, Purchase Agreement, Option, or Closing Statement
- 3 Plans, Specs, Drawing, Renderings
- 4 Market Study/Needs Assessment
- 5 Appraisal Supporting Acquisition Price*
- 6 Developer Staff Resumes/References
- 7 Detailed Relocation Plan*. You are strongly encouraged **not** to cause **any** relocation.
- 8 Detailed Construction Cost Estimate
- 9 Quotes or other agreements substantiating key professional costs
- 10 Basis for estimating other soft costs including capitalized reserves.
- 11 Lead, ACM, and/or Radon test results*

- 12 Affirmative Marketing Plan for Lease Up & Tenant Selection Plan
- 13 Current Letters of Commitment for Project Financing/Funding. All letters must be provided *prior* to County commitment of HOME funds.
- 14 Developer or Personal Financial Statement
- 15 Developer's Annual Operating Budget or Non-Profit Audit
- 16 Current Letters of Support*
- 17 Current Letters of Partnership*
- 18 Board Resolution authorizing position to submit application &, if funded, execute the Agreement & abide by terms
- 19 Completed & Executed Conflict of Interest Disclosure
- 20 Agreements governing the various reserves to be capitalized at closing. Reserves cannot be drawn later as fees or distributions.
- 21 LIHTC projects: Documentation on the syndication costs (legal, accounting, tax opinion, etc.) from the entity who will syndicate & sell the offering.
- 22 An actual operating budget from an actual project similar to the proposed project.

*If Applicable

Please Note: If funded, a third party appraisal will be required to substantiate the value of the land and the value of the property after rehabilitation or the structure being built. The County may utilize the assessed value as published by the DuPage County Supervisor of Assessor's Office.

O. Applicant Certifications

I certify that submission of this application has been duly authorized by the governing body of the applicant and that all information contained in this application and its attachments is complete, true, and accurate to the best of my knowledge.

I certify that all forms of governmental assistance sought or already secured for this project are listed on the Sources & Uses section of this application. The applicant also certifies that should other governmental assistance be sought/secured in the future, applicant shall notify Du Page County promptly (within 5 business days).

I understand that awards will be made on a competitive basis and Du Page County may award an amount less than requested. I understand that Du Page County has no obligation to make a grant or loan to the applicant. I am aware that incomplete or late applications may not be accepted or considered for funding.

I further understand that submission of this application renders it a public document subject to the Freedom of Information Act.

Code Violations and/or Outstanding Taxes

If you are aware of code violations and/or outstanding taxes on properties located in Du Page County that are owned by your organization or by affliates, please describe such issues below and explain how you are addressing them.

There are no known code violations or outstanding taxes on the propert	ies owned by Full Circle Communities or its affiliates in DuPage County.

Other Properties Currently Owned by Applicant

Enter all properties in Du Page County owned by the applicant and its affiliated entities that are located inside Du Page County. Du Page County will check addresses for outstanding taxes, code violations, etc. If the form below does not offer enough space, you may submit a complete list in a separate document.

Utility Allowance Reference Tables

For all <u>TENANT-PAID</u> utilities, look up the allowance for each unit type & size, as listed in the tables below. Be sure to use the allowances for the type of fuel to be installed in your project. Enter the allowances for your units input them in the yellow cells "Utility Allowance Calculation" table at the top of this sheet.

General Justification for Funding:	ia Ondorwning Odn	u			
1. Concrai dustinoution for Funding.					
a. How does project fit in with Con Plan, hous	sing strategies,etc?				
2. Why is the project needed?					
Examine the sources & uses and operating a. Explain whether or not costs are reasonable.					
•					
Costs of comparable projects					
2. Qualifications of the costs estimators	s				
3. Costs published by recognized indus	stry cost index				
b. What is the status of other funding sources funding been secured?	? Has adequate				
c. Is the amount of funding requested reasonate Please Explain.	able and necessary?				
 d. Describe the evidence that the project car through the compliance period. 	operate sustainably				
e. Is the developer/owner/team receiving un on the amount of developer fee, cash flow, et identities of interest among team members, inc this assessment.	c.? If there are				
f. Concerns/Other info:					
4. Assess neighborhood market conditions:					
a. What supports proposed rents?					
b. What supports lease up within 18 months?					

c. Concerns/Other info:			
5. Assess the capacity of the developer/development team.			
a. Completed similar projects successfully?			
b. Any problem projects current or past?			
c. Describe evidence developer is financially stable.			
d. Describe evidence dev staff is sufficient, qualified.			
e. Concerns/Other info:			
6. Assess the capacity of the ongoing management			
a. Is there evidence they are managing similar properties successfully?			
b. Any problem projects current or past?			
c. Concerns/Other info:			
7. Examine the Capital Needs Assessment (CNA)			
a. Can the project cover capital improvements throughout the Period of Affordabilty?			
b. Is an additional Capital Reserve needed? How will it be funded?			
c. Concerns/Other info:			
8. What contingencies should be placed on funding?			
9. CURRENT RECOMMENDATION FOR FUNDING:
