I wish to serve on the DuPage County Board of Health to help ensure public health decisions are transparent, data-informed, and grounded in real community needs. Below are three recent projects in public health, mental health, and FQHCs.

1. CDC / NHHF Public Health Workforce Diversity Project

Public Health Workforce Diversity Initiative (CDC/NHHF):
Led recruitment and facilitation for a national listening session under a CDC-funded initiative to strengthen diversity in the public health workforce. Recruited twelve senior healthcare, public health, and HR leaders from across the country; prepared participants; and facilitated discussions on workforce barriers, innovative recruitment strategies (including AI), and cross-sector partnerships to inform best practices for recruitment and retention.

Boys & Girls Club of Lake County – Multi-Year Strategic Plan
Conducted the development of a comprehensive multi-year strategic plan for a countywide youth-serving organization, aligning governance, programs, and community impact goals. Work focused on organizational growth, service delivery, and long-term sustainability to better serve youth and families across Lake County.
