<i>Overview</i>			
DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.). Purchase of a Waters Radian ASAP-Mass Spectrometer (ASAP-MS) system along with necessary and compatible, supplies, software, equipment, installation, training & maintenance (to ensure functionality as lab staff become familiar with technology) to include: PC & monitor, MassLynx Micro Workstation, liveID, uninterrupted power supply, gas regulator, and nitrogen generator. Total cost is \$114,786.99 with quote (#24181016) from manufacturer (sole source). Will use 2024 Coverdell Grant Funds for purchase.			
JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished The Waters Radian ASAP-Mass Spectrometer (ASAP-MS) is a newer technology that the chemistry section of the Sheriff's Office Crime Laboratory will incorporate in the analysis of seized drug evidence for the presence of controlled substances. The Waters Radian ASAP-MS technology provides rapid screening of seized drug evidence with minimal sample preparation and limited samples such as residue items. The data generated is more selective than other screening methods employed by the laboratory (e.g., color tests, Ultraviolet-Visible Spectrophotometry (UV-Vis)) and provides results faster than running general screening methods on the laboratory's Gas Chromatograph-Mass Spectrometers (GC-MS) (e.g., seconds vs. ~15 minutes). ASAP-MS will assist analysts distinguish between isomers (e.g., LSD/LAMPA), rapidly detect Novel Psychoactive Substances (NPS) (e.g., designer benzodiazepines, nitazenes), and screen residue items for the presence of fentanyl and other opioids.

NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific. 1. Unique Features The RADIAN ASAP incorporates several proprietary design elements and capabilities not available in other commercially available systems: <ul style="list-style-type: none"> • Integrated ASAP Ion Source – Horizontal loading, pre-optimized probe design prevents contamination and enables rapid, reproducible sampling. • Real-Time Data Analysis – Waters’ LiveID software uniquely enables real-time library matching and statistical classification during acquisition. • Advanced Temperature Control – Supports user-defined profiles up to 600°C, providing unmatched flexibility. • Long-Life Detector – Photomultiplier tube with its own vacuum envelope ensures stable performance over the instrument lifetime. • Compact, Lightweight Footprint – The smallest and lightest system in its class, enabling deployment in constrained laboratory environments. 2. Vendor Exclusivity Waters Corporation is the sole manufacturer of the RADIAN ASAP system. The ASAP ion source design, LiveID software integration, and detector configuration are proprietary. Waters has provided a manufacturer’s letter confirming sole source status. 3. Operational Necessity The RADIAN ASAP directly supports our laboratory’s mission-critical work in forensic drug identification. Comparable mass spectrometry systems do not provide the same combination of portability, speed, and real-time decision-making features. 4. Supporting Documentation <ul style="list-style-type: none"> • The manufacturer’s sole source justification letter from Waters, • Technical specification sheets highlighting the unique features of the RADIAN ASAP,
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not. Laboratory staff attend national and regional forensic science conferences. Recently attended conferences include the American Society of Crime Laboratory Directors (April 2025) and Midwestern Association of Forensic Scientists (August 2025). Waters is the only company providing ASAP-MS technology tailored for the forensic science community, specifically seized drug analysis not just cannabis/hemp analysis. Other crime laboratories have implemented Waters Radian ASAP technology and have presented on its validity for use in seized drug analysis.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted. Recent Internet searches found at least one other company (Advion Interchim Scientific) with ASAP-MS technology; however their applications and capabilities have not been tested by the forensic community and is without the LiveID real time library matching software available with the Waters Radian ASAP.

RADIAN™ ASAP

Unique Features

Last modified 02nd February 2024

COMPANY CONFIDENTIAL - INTERNAL USE ONLY

1. Integrated ASAP Ion Source

A horizontal loading, preoptimized Atmospheric pressure Solids Analysis Probe (ASAP) ion source which requires no user adjustment.

Link: Stated in [spec sheet](#), horizontal loading mechanism shown in product videos and product photos such as the one displayed to the right.

The horizontal loading source geometry developed for RADIANT ASAP was found to be best to enable rapid sampling and transference into the ionization region, reducing the loss of volatile sample components. The RADIANT ASAP source design ensures no accidental source contamination from excess sample on the glass capillary, and the sample loading mechanism allows the sample to be transported to the optimum location for ionisation quickly, simply and repeatably.

2. Support for real-time library matching results

The system must be able to provide library matching results to the user in real-time, during the sample analysis and as a post-acquisition processing step.

Link: Stated in [spec sheet](#). LiveID supports real time library matching on RADIANT ASAP.

3. Support for real-time sample classification against a statistical model

The system must be able to carry out sample classification against a pre-built statistical model and present the results to the user in real-time, during the sample analysis and as a post-acquisition processing step.

Link: Stated in [spec sheet](#). LiveID supports real time sample classification against a pre-built statistical model on RADIANT ASAP.

4. Temperature control

The system must be capable of performing ASAP analyses with user defined isothermal, ballistic ramp or stepped temperature profiles up to a maximum temperature of 600°C.

Detail Product Description(s)

Product# Description

176004666 RADIANT™ ASAP Standard

RADIANT™ ASAP is a compact, standalone detector which provides easy access to the sensitivity and specificity of mass spectrometry, with the speed and simplicity of the Atmospheric pressure Solids Analysis Probe (ASAP). Designed using proven technologies and utilising advanced software, RADIANT ASAP can take you from point of sampling to result in under a minute.

RADIANT ASAP includes a dedicated and fully optimised, front loading ASAP source, designed specifically to be intuitive and easy to use. RADIANT ASAP requires minimal sample preparation, enabling the direct sampling of solid and liquid samples, either directly, or after easy dilution steps. Sampling using standard sized glass capillaries ensures a low cost per sample analysis, accessible to users with all levels of expertise. Minimal training requirements, automated set-up and streamlined workflows help new users get up and running quickly and efficiently.

The standard system has an integrated diaphragm backing pump and is best for analysis of solids or high concentration materials.

MassLynx™ brings a powerful and robust mass spectrometry data analysis toolkit whether you want to manually inspect the data from your analysis, automatically find and report specific masses of interest with OpenLynx™ processing capabilities or determine semi-quantitative levels or ratios of species of interest with IonLynx™.

LiveID™ Software enables the real-time classification of samples using RADIANT ASAP. Information is provided to the user immediately at the time of analysis enabling informed, real-time decision making and removing doubt from sample identity. LiveID uses a statistical modelling workflow for applications such as authenticity confirmation, adulteration, counterfeit identification, or material QC. First, authentic or verified samples are used to create and validate a statistical model. The validated model can then be used with test samples and generate live classifications. The output is a simple to interpret yes/no answer.

LiveID is also capable of real time library matching workflows, where the software matches all compounds in the library against each sample analysed, giving a score out of 1000, where values close to 1000 indicate it is likely the compound of interest is in the sample; lower scores indicate it is unlikely to be present in the sample.

IonLynx provides a user-friendly methodology to determine semi-quantitative levels or relative ratios of analytes of interest in mixtures. It gives options to automatically process and report results from non-chromatographic data with the option to only highlight abnormal samples allowing quick browsing of results. This can be configured to display results in an interactive browser format, or an electronic, or printed report.

Please Note: IonLynx and LiveID must be ordered separately if required.

<i>Overview</i>			
DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.). We are updating our two training rooms and roll call room. All the rooms have outdated audio and video equipment. The Illinois Correctional Academy utilizes the training rooms for the academy. We host recruits from other agencies for training and certification. The other classroom is used for internal and external training. This can also host other agency personnel for combined training. This vendor is on the OMNIA Contract : R201202. This is a portion of a group asset purchase of IT equipment for the IT upgrade of these training rooms.			
JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished The technology needs to be replaced as the current system is not compatible with modern computer programs and quality.			

SECTION 2: DECISION MEMO REQUIREMENTS

<i>Overview</i>			
DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.). We are replacing the laptops used by the Illinois Correctional Academy. The current laptops are failing and not consistent for the requirements needed for the academy. We are also getting a cabinet to store the laptops when they are not in use, ensuring they are kept securely. CDW-G is using the Sourcewell 121923-CDWG Tech Catalog (121923) contract. This is a portion of a group asset purchase of IT equipment for the IT upgrade of these training rooms.			
JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished The current systems are five years old, and the internal systems are failing. We need laptops for our academic classes. CDW-G is on the Sourcewell contract.			

SECTION 2: DECISION MEMO REQUIREMENTS	
DECISION MEMO NOT REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
DECISION MEMO REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.
COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING	

SECTION 3: DECISION MEMO	
SOURCE SELECTION	Describe method used to select source. CDW-G is a local distributor of the computer systems we use, and they are on the Sourcewell contract.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). The academy and most of the training is now electronic. Providing new equipment enhances overall training. There should be limited distraction for training, and failing equipment should not be one. In addition, ILETSB is requiring the use of computers for academy programs. If we maintain the status quo, the system would remain the same.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION

JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

**Solicitation Number: RFP #121923****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and CDW Government LLC, 230 N. Milwaukee Avenue, Vernon Hills, IL 60061 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Technology Products and Services with Related Solutions from which Supplier was awarded a contract in Category 1.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires February 27, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY.

1. *Product Warranty.* Supplier is not the manufacturer of the Products purchased by Participating Entities hereunder and the only warranties offered are those of the manufacturer, not Supplier or its Affiliates. In purchasing the Products, the Participating Entity relies on the manufacturer's specifications only and not on any statements or images that may be provided by Supplier or its Affiliates. SUPPLIER HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES EITHER EXPRESS OR IMPLIED RELATED TO PRODUCTS, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF TITLE ACCURACY, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, WARRANTY OF NONINFRINGEMENT, OR ANY WARRANTY RELATING TO THIRD PARTY SERVICES. THE DISCLAIMER CONTAINED IN THIS PARAGRAPH DOES NOT AFFECT THE TERMS OF ANY MANUFACTURER'S WARRANTY. Supplier, and its dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer.

2. *Services Warranty.* Supplier warrants that the Services will be performed in a good and workmanlike manner. Participating Entity's sole and exclusive remedy with respect to this warranty will be at the sole option of Supplier to either (a) use its reasonable commercial efforts to reperform any Services not in substantial compliance with this warranty or (b) refund amounts paid by the Participating Entity related to the portion of the Services not in substantial compliance; provided in each case Participating Entity notifies Supplier in writing within thirty (30) business days after performance of the applicable Services. This warranty is voided if the Services are altered by anyone other than Supplier or any of its affiliates or its or their personnel. Participating Entity shall be solely responsible for reconstructing data (including but not limited to data located on disk files and memories) and software that may be lost or damaged or corrupted during the performance of Services.

3. *Third-Party Services.* Certain services, such as extended warranty service by manufacturers, are sold by Supplier as a distributor or sales agent ("Third Party Services"). In the case of Third-Party Services, the third party will be the party responsible for providing the services to the Participating Entity and the Participating Entity will look solely to the third party for any loss,

claims or damages arising from or related to the provision of such Third-Party Services. Any amounts, including, but not limited to, taxes, associated with Third-Party Services which may be collected by Supplier will be collected solely in the capacity as an independent sales agent.

4. *Cloud Services*. It is acknowledged that Participating Entities are receiving the Cloud Services directly from the Cloud Service Provider pursuant to the Cloud Service Provider's standard terms and conditions, or such other terms as agreed upon by Participating Entities and the Cloud Service Provider ("Cloud Services Terms and Conditions"). Accordingly, it shall consider the Cloud Service Provider to be the contracting party and the Cloud Service Provider shall be the party responsible for providing the Cloud Services to Participating Entities and shall look solely to the Cloud Service Provider for any loss, claims, or damages arising from or related to the provision of such Cloud Services.

C. DEALERS, AND DISTRIBUTORS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, or distributors relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities in accordance with Supplier's Return Policy, which is available at: <https://webobjects2.cdw.com/is/content/CDW/cdw/on-domain-ca/help-centre/cdw-global-returns-policy.pdf>. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and

Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcwell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcwell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcwell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcwell Price and Product Change Request Form to the assigned Sourcwell Supplier Development Administrator. This approved form is available from the assigned Sourcwell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcwell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional commercial terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;

- Timely response to all Sourcwell and Participating Entity inquiries; and
- Business reviews to Sourcwell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcwell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcwell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcwell, the Supplier will pay an administrative fee to Sourcwell on all Equipment, Products, and Services provided to Participating Entities as indicated in Question #70 of its Proposal. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcwell for the percentage of administrative fee stated in Question #70 of the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter.

Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the

procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. **CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708).** Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5).

Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring

solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

<i>Overview</i>			
DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.). The Hazardous Devices Unit (HDU) is currently using an outdated X-ray system for the inspection of suspicious packages and devices. This can result in blurred or distorted images and potentially endanger the HDU member or the community. This is the most current X-ray system with the most recent technology to rectify this safety issue.			
JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished Updating the X-ray system allows for better image quality and efficiency in response. This will also greatly increase safety for both the HDU member(s) and the community when the HDU responds to a suspicious or hazardous device.

Grant Proposal Notification

1. Justify the department’s need for this grant.

The DuPage County Sheriff’s Office Forensic Science Center has identified challenges in their pursuit to process casework samples for entry into CODIS with a reasonable turnaround time, keeping the backlog low. In order to ensure sustainability of capacity, it is necessary to purchase new equipment and to replace aging equipment. One challenge is securing the funding to do so. Furthermore, without grant funding, the laboratory would not be able to provide supplies to enable analysis of both violent and non-violent cases. Another challenge is keeping the lab adequately staffed. The analysis of casework data, preparing case notes and reports, and technically reviewing completed casework takes a large amount of time. Grant funding can address these challenges and will reduce or eliminate their negative impact on backlog and turnaround time.

2. Based on the County’s Strategic Plan, which strategic imperative(s) correlate with funding opportunity. Provide a brief explanation.

Safe Community: The grant will increase the capacity of the DNA section to conduct more casework and to reduce the backlog so that casework is completed more quickly. This will lead to solving more cases and the prompt resolution of these cases, making the citizens of DuPage safer.
Fiscal Responsibility: The grant will utilize federal funding to augment the local funding for DNA analyses.
Community Well-Being: The grant will improve access to county services because the DNA section will be able to conduct casework on more cases. For example, the grant allows us to analyze DNA left at property crimes, which typically have lower priority than crimes against people.
