October 2025

Chairman Deborah Conroy
DuPage County
421 N. County Farm Rd
Wheaton, IL 60187, Illinois

Dear Chairman Conroy:

The Chicago Metropolitan Agency for Planning (CMAP) works closely with our government partners to make northeastern Illinois a stronger, more resilient place to live.

CMAP relies on contributions from our partners to serve the region, including the seven counties and municipalities, the Illinois Department of Transportation, the Regional Transit Authority, the Chicago Transit Authority, Metra, Pace, and the Illinois Tollway.

As your federally designated metropolitan planning agency and state-mandated regional planning agency, we support the seven-county region and 284 municipalities in numerous ways:

Plan regionally and locally

- Develop the region's comprehensive plan and coordinate implementation
- Strengthen communities through direct assistance, training, and resources.

Over the last five years, we've assisted 100+ communities with bike and pedestrian plans, corridor plans, grant readiness, ADA plans and more.

Influence change

- Serve as the region's authoritative data source
- Forecast, model, and share data
- Inform and shape policy through data research and analysis in support of solutions and actions

Invest strategically

- Evaluate, manage, and distribute federal transportation funds
- Manage the programming of nearly 2,000+ federally funded and regionally significant projects in the region's five-year [Transportation Improvement Program \(TIP\)](#); projects across the counties and municipalities include road maintenance and expansion, bicycle and pedestrian, signal systems, bridge repair, intersection improvements and more. accessibility, pavement and bridge condition
- Fund the work of 11 planning liaisons who help program your federally funded projects

Collaborate and convene

- Facilitate dialogue with government partners, community organizations, stakeholders, and the public
- Inform and engage diverse audiences in planning, consensus building, and decision-making

Recent successes include stakeholder and public engagement on the Regional Transportation Plan to help influence the long-term blueprint that will guide how our region invests in and improves its

transportation system over the coming decades; and collaborating with regional transportation partners to identify and leverage federal funding opportunities for transformative infrastructure.

The U.S. Department of Transportation requires a **20% local match** to receive federal Metropolitan Planning funds (23 U.S.C. 134). Without your assistance, our region would not be able to unlock those funds to support infrastructure investments and regional transportation priorities.

We thank you for your continued support and partnership to advance our shared goals of improving transportation systems, addressing climate resiliency, and maintaining a thriving economy.

Enclosed with this letter is your invoice due by January 30, 2026. We are happy to answer any questions and share more information.

Sincerely,

Signature on file

Erin Aleman, Executive Director
