<i>Overview</i>			
DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.). The Sheriff's Office uses a connection to the FBI and State records. They are mandating that computers that have access to this connection or the data from it must have multi-factor authentication (MFA). This the renewals of support and services. This is a sole source because they only sell directly and only have the wireless technology we are looking for.			
JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished We have looked at multiple MFA technologies. This Solution is the best for what we are looking for. The wireless dongle helps us who is at the computer, and when the user walks away from the computer, the computer will lock. One of the requirements is to have a way to lock the computer when there is no user or activity on it. If we do not use this Solution, we will have to use other means that could impact the computers' day-to-day operations.

Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.  The solution offers a wireless dongle for a part of their MFA solution. This is key feature we are looking for.
<b>MARKET TESTING</b>	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.  We have test the solution and it meets our needs.
<b>AVAILABILITY</b>	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted. RE: Sole Source Vendor

This letter is to confirm that **GateKeeper Enterprise** is a proprietary solution developed, manufactured, sold and distributed by **Untethered Labs, Inc.**

While there are other authentication and access-control products available in the broader market, Untethered Labs is the only provider of GateKeeper Enterprise and its specific patented wireless proximity-based architecture.

The following are the sole source reason(s):

Based on our understanding of currently available commercial offerings, we are not aware of any alternative solution that provides the same combination of functionality, architecture, and operational capabilities. No viable substitutes will meet the exact needs or specifications required for DuPage County Sheriff's Office.

-Product is patented. [US20150302188A1 - System and method for wireless proximity-based access to a computing device](#), which covers the key Bluetooth token based approach used by GateKeeper Enterprise.

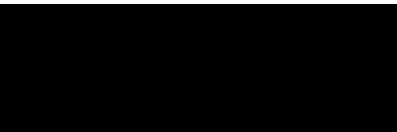

-

All new features released and added to our Ultimate Tier—the premium level of our offerings—will be automatically available to DuPage County Sheriff's Office.

Based on the above, GateKeeper Enterprise represents a unique solution whose patented design and functional characteristics are not replicated by other commercially available products in a manner that would satisfy the same requirements or intended use.

If you require additional information or clarification to support this determination, please feel free to contact me at +1-(240) 547-5446 or visit our website at [www.gkaccess.com](http://www.gkaccess.com)

Sincerely,

Siddharth Potbhare

# Safe Harbor

January 2026  
Monthly Report

Notes from the Executive Director,

January started off with the resignation of one of our part-time assistants. I was able to hire Gina Haman quickly after posting in some local Facebook groups. She's been working out well. She's very engaged with the kids that come in.

We have had numerous book donations this month, we are stocked for a while!

There was an incident outside of Safe Harbor involving a family that spent some time with us. Shortly after they left the doorbell rang numerous times, as I came out of the playroom I heard yelling in the hallway. The deputy told me the mom and the current girlfriend of the children's father "crossed paths at the wrong time" and there was a physical altercation. The mom handed off her baby to her attorney and that's who was ringing our doorbell. I saw the child's father hovering over the older child. During that time, I did not open the door, deputies were called and had it under control. They will keep an eye on the case and inform me when they may be in.

On February 11, I will attend a Service Learning Fair at College of DuPage. We are an approved Service-Learning location for students that need to complete their hours for various classes.

We have our holiday tree decorated for Valentine's Day.

Any questions or comments please feel free to reach out to me.

Sara Addante
