Room 3500B

1. CALL TO ORDER

10:30 AM meeting was called to order by Chair Sam Tornatore at 10:30 AM.

2. ROLL CALL

Member Brian Krajewski arrived at 10:56 a.m.

PRESENT	Chaplin, Gustin, Ozog, Rutledge, and Tornatore
LATE	Krajewski

3. CHAIRMAN'S REMARKS- CHAIR TORNATORE

Chair Tornatore said goodbye to Member Chaplin and wished her luck in her new endeavors.

4. PUBLIC COMMENT

Mr. Ramy Shenouda spoke on behalf of the Construction Solutions petition. The property is located at the corner of Madison Street and 90th Street. They are asking for variations to subdivide the property to build two homes. He noted that many larger parcels in the area have already been divided. He feels that this would enhance the look of the neighborhood and be an upgrade to the old dilapidated house that is currently there.

ZONING-24-000059 – ORDINANCE – Construction Solutions, LLC.: The Zoning Board of Appeals recommended to deny the following zoning relief:

1. Variation to reduce the lot size for two new lots from required 100,000 sq. ft. to

approximately 16,556 sq. ft. for Lot 1 and approximately 17,788 sq. ft. for Lot 2.
 2. Variation to reduce the lot width for two new lots from required 165 feet to approximately 140 feet for Lot 1 and 150 feet for Lot 2. (Downers Grove/ District 3) (Located at the northeast corner of Madison Street and 90th Street)
 ZBA VOTE (to Deny): 6 Ayes, 0 Nays, 1 Absent

Chair Tornatore explained to Members that the Zoning Board of Appeals recommended to deny petition. This was based on the petitioner using financial hardship as the basis for the petition, which is not a standard for variations. There was some discussion of similar sized properties in the area. Paul Hoss explained that Burr Ridge objected to the petition due to when they first incorporated, they allowed smaller lots, but in the last 10 years or so, they rewrote their zoning code which allows a minimum of one acre lots. With this variation, the properties would not meet their current zoning code.

Chair Tornatore had members vote separately for each variation request.

1. Variation to reduce lot size for two new lots. Member Gustin passed, final vote all nays, motion failed.
2. Variation to reduce lot width for two new lots. All nays, motion failed.

T-3-24 Proposed Text Amendments to the County Zoning Code relative to Principal Arterial Two (2) Family Dwelling Conversion Use (Request to conduct public hearing before the Zoning Board of Appeals)

Paul Hoss explained this proposed text amendment would allow a single family residence to convert into two dwelling units. This addresses the County's continuing effort of the Ad-Hoc Housing Solutions program to scale up more opportunities to have additional housing units and also clean up problematic properties. The property would have be zoned R-3 or R-4 single family residential and be located on a principal arterial roadway. Several years ago there was a Zoning proposal, the principal arterial office use, which allowed changing a single family residence to office space, without rezoning. This change was welcomed and successful. Some requirements for new petition are that one of the residents must be owner of property, only two units, needs to be an existing house and all other zoning codes would apply.

MEMORANDUM

TO: DuPage County Development Committee
FROM: DuPage County Zoning Hearing Officer
DATE: November 20, 2024
RE: **ZONING-24-000070 Hajek (Milton/District 6)**

Development Committee: December 3, 2024:

Zoning Hearing Officer: November 20, 2024: The Zoning Hearing Officer recommended to approve the following zoning relief:

Variation to reduce the corner side yard setback for a new attached garage addition from required 30 feet to approximately 22 feet.

Subject to the following conditions:

1. That the property be developed in accordance with the petitioner's site plan made part of Zoning Petition #**ZONING-24-000070 Hajek** dated November 7, 2024.
2. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation that occurs on the property.
3. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

ZHO Recommendation to Approve

FINDINGS OF FACT:

- A. That petitioner testified that the subject zoning relief is to reduce the corner side yard setback for a new attached garage addition from required 30 feet to approximately 22 feet.

- B. That petitioner testified that only one (1) corner of the proposed garage addition would encroach into the corner side setback, as the existing home and attached garage are located on an angle on the subject property.
- C. That petitioner testified that due to the layout of the subject home on the subject property, the only location to place a garage addition is off of the existing garage, which would also utilize the existing driveway.
 - Furthermore, that petitioner testified that the location of the septic tank and field behind the subject home prevents petitioner from constructing a detached garage behind the home.
- D. That petitioner testified that the existing attached garage is a single car garage and that they would like to increase their garage space to store both of their vehicles indoors and also store household accessory equipment within their garage.
- E. That the Zoning Hearing Officer finds that petitioner has demonstrated sufficient evidence for a practical difficulty and particular hardship, as petitioner indicated that the proposed garage addition would be located less than thirty (30) feet from the corner side property line (approximately 22 feet) due to the angled orientation of the subject home on the property and that only one corner of the proposed garage addition would encroach into the required setback.

STANDARDS FOR VARIATIONS:

1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.
2. That the Zoning Hearing Officer finds that petitioner **has demonstrated** the granting of the Variation will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner **has demonstrated** that only one corner of the proposed garage addition will encroach the corner side setback and therefore will not impair an adequate supply of light and air to the adjacent properties.
 - b. Increase the hazard from fire or other dangers to said property as petitioner **has demonstrated** that they will receive a building permit for the proposed garage addition and that it will be built pursuant to the current building codes.
 - c. Diminish the value of land and buildings throughout the County as petitioner **has demonstrated** that the proposed garage addition will be an added benefit to the neighborhood and will not diminish the value of land and buildings throughout the County.

- d. Unduly increase traffic congestion in the public streets and highways as petitioner **has demonstrated** that the proposed garage addition will not unduly increase traffic congestion in the public streets and highways.
- e. Increase the potential for flood damages to adjacent property as petitioner **has demonstrated** that the proposed garage addition will not increase the potential for flood damages to adjacent property.
- f. Incur additional public expense for flood protection, rescue or relief as petitioner **has demonstrated** that the proposed garage addition will not incur additional public expense for flood protection, rescue, or relief.
- g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has demonstrated** that the proposed garage addition will not impair the public health, safety, comfort, morals, or general welfare and will be an added benefit to the neighborhood.

MEMORANDUM

TO: DuPage County Development Committee
FROM: DuPage County Zoning Hearing Officer
DATE: November 20, 2024
RE: **ZONING-24-000071 INVEST A LITTLE, LLC.**
(Wayne/District 6)

Development Committee: December 3, 2024:

Zoning Hearing Officer: November 20, 2024: The Zoning Hearing Officer recommended to approve the following zoning relief:

Variation to reduce the front yard setback from 30 feet to approximately 22.7 feet for a new house on existing foundation.

Subject to the following conditions:

1. That the property be developed in accordance with the petitioner's site plan made part of Zoning Petition #**ZONING-24-000071 INVEST A LITTLE** dated November 7, 2024.
2. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation that occurs on the property.
3. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

ZHO Recommendation to Approve

FINDINGS OF FACT:

- A. That petitioner testified that the subject zoning relief is to reduce the front yard setback from 30 feet to approximately 22.7 feet for a new house on existing foundation.

- B. That petitioner testified that he has owned the subject property for approximately one and a half (1.5) years and that he is not living at the property as there was a fire in the home.
- C. That petitioner testified that the existing home was originally constructed 22.7 feet from the front property line in 1961.
- D. That petitioner testified that as he is rehabilitating more than 50% of the existing home, technically the Building and Zoning Department is considering the rehabilitation a new home on existing foundation.
- E. That petitioner testified that the home is structurally sound and that he is replacing most of the interior and half of the roof structure.
- F. That the Zoning Hearing Officer finds that petitioner has demonstrated sufficient evidence for a practical difficulty and particular hardship to support a Variation, as petitioner testified that as the proposed rehabilitation is more than 50% of the existing home, the construction is technically considered a new home on existing foundation.
 - Furthermore, that the Zoning Hearing Officer finds that the home was constructed 22.7 feet from the front property line in 1961 and that petitioner is not altering the original foundation/exterior front walls.

STANDARDS FOR VARIATIONS:

1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of the Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development.
2. That the Zoning Hearing Officer finds that petitioner **has demonstrated** the granting of the Variation will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner **has demonstrated** that he is not altering the foundation/existing setbacks of the existing house and therefore will not impair an adequate supply of light and air to the adjacent properties.
 - b. Increase the hazard from fire or other dangers to said property as petitioner **has demonstrated** that he will receive a building permit for the proposed rehabilitation of the existing home and that it will be built pursuant to the current building codes.
 - c. Diminish the value of land and buildings throughout the County as petitioner **has demonstrated** that the proposed rehabilitation of the existing home will restore the fire damaged house and that the proposed construction will be an added benefit to the neighborhood and will not diminish the value of land and buildings throughout the County.

- d. Unduly increase traffic congestion in the public streets and highways as petitioner **has demonstrated** that the proposed rehabilitation of the existing home will not unduly increase traffic congestion in the public streets and highways.
- e. Increase the potential for flood damages to adjacent property as petitioner **has demonstrated** that the proposed rehabilitation of the existing home will not increase the potential for flood damages to adjacent property.
- f. Incur additional public expense for flood protection, rescue or relief as petitioner **has demonstrated** that the proposed rehabilitation of the existing home will not incur additional public expense for flood protection, rescue, or relief.
- g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has demonstrated** that the proposed rehabilitation of the existing home will not impair the public health, safety, comfort, morals, or general welfare and will be an added benefit to the neighborhood.

Development Committee: December 3, 2024:

Zoning Hearing Officer: November 20, 2024: The Zoning Hearing Officer recommended to deny the following zoning relief:

1. Conditional Use to increase the number of hens permitted on the subject property from 5 to 23.
2. Variation to reduce the interior side setback for an existing chicken coop and chicken run from required 25 feet to approximately 6 feet.

ZHO Recommendation to Deny

FINDINGS OF FACT:

- A. That petitioner testified that they have requested the subject zoning relief to increase the number of hens permitted on the subject property from 5 to 23 and to reduce the interior side setback for an existing chicken coop and chicken run from required 25 feet to approximately 6 feet.
- B. That petitioner testified that she has had chickens on the subject property since 2011.
- C. That petitioner testified that the subject coop was constructed in 2011.
- D. That petitioner testified that chickens (hens) start laying eggs after 5-6 months of age and that she currently has chicks, egg-laying chickens, and older chickens in order to have a sustainable flock.

- E. That petitioner testified that she cannot feed her family with only five (5) hens and that she requires additional chickens in order to feed her family.
- F. That at the public hearing, neighbors testified that the large number of chickens on the subject property attracts many coyotes and hawks and that they often find the remnants of deceased chickens on their adjacent property.
- G. That the Zoning Hearing Officer finds that petitioner has not demonstrated or presented evidence for a particular hardship, practical difficulty, or unique circumstance in relation to the Variation for the existing chicken coop and chicken run.
 - Furthermore, that the Zoning Hearing Officer finds that the location of the chicken coop and chicken run, as well as twenty-three (23) hens on the subject property, located approximately six (6) feet from the interior side property line, both impair the public health, safety, comfort, morals, and general welfare of the inhabitants of DuPage County.
- H. That the Zoning Hearing Officer finds that petitioner has not demonstrated or provided sufficient evidence to satisfy the seven (7) standards required to support a Variation or Conditional Use.

STANDARDS FOR CONDITIONAL USES AND VARIATIONS:

1. That the Zoning Hearing Officer finds that petitioner **has not demonstrated or provided sufficient evidence** that the granting of the Variation and Conditional Use are in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County’s comprehensive plan for development.
2. That the Zoning Hearing Officer finds that petitioner **has not demonstrated or provided sufficient evidence** the granting of the Variation and Conditional Use will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner **has not demonstrated or provided sufficient evidence** that twenty-three (23) hens on the subject property and a chicken coop/run located six (6) feet from the interior side property line does not impact or impair the supply of light and air to adjacent properties.
 - b. Increase the hazard from fire or other dangers to said property as petitioner **has not demonstrated or provided sufficient evidence** that twenty-three (23) hens on the subject property and a chicken coop/run located six (6) feet from the interior side property line will not increase the hazard from fire or other dangers to said property.
 - c. Diminish the value of land and buildings throughout the County as petitioner **has not demonstrated or provided sufficient evidence** twenty-three (23) hens on the subject property and a chicken coop/run located six (6) feet from the interior side property line does not diminish the value of land throughout the County.

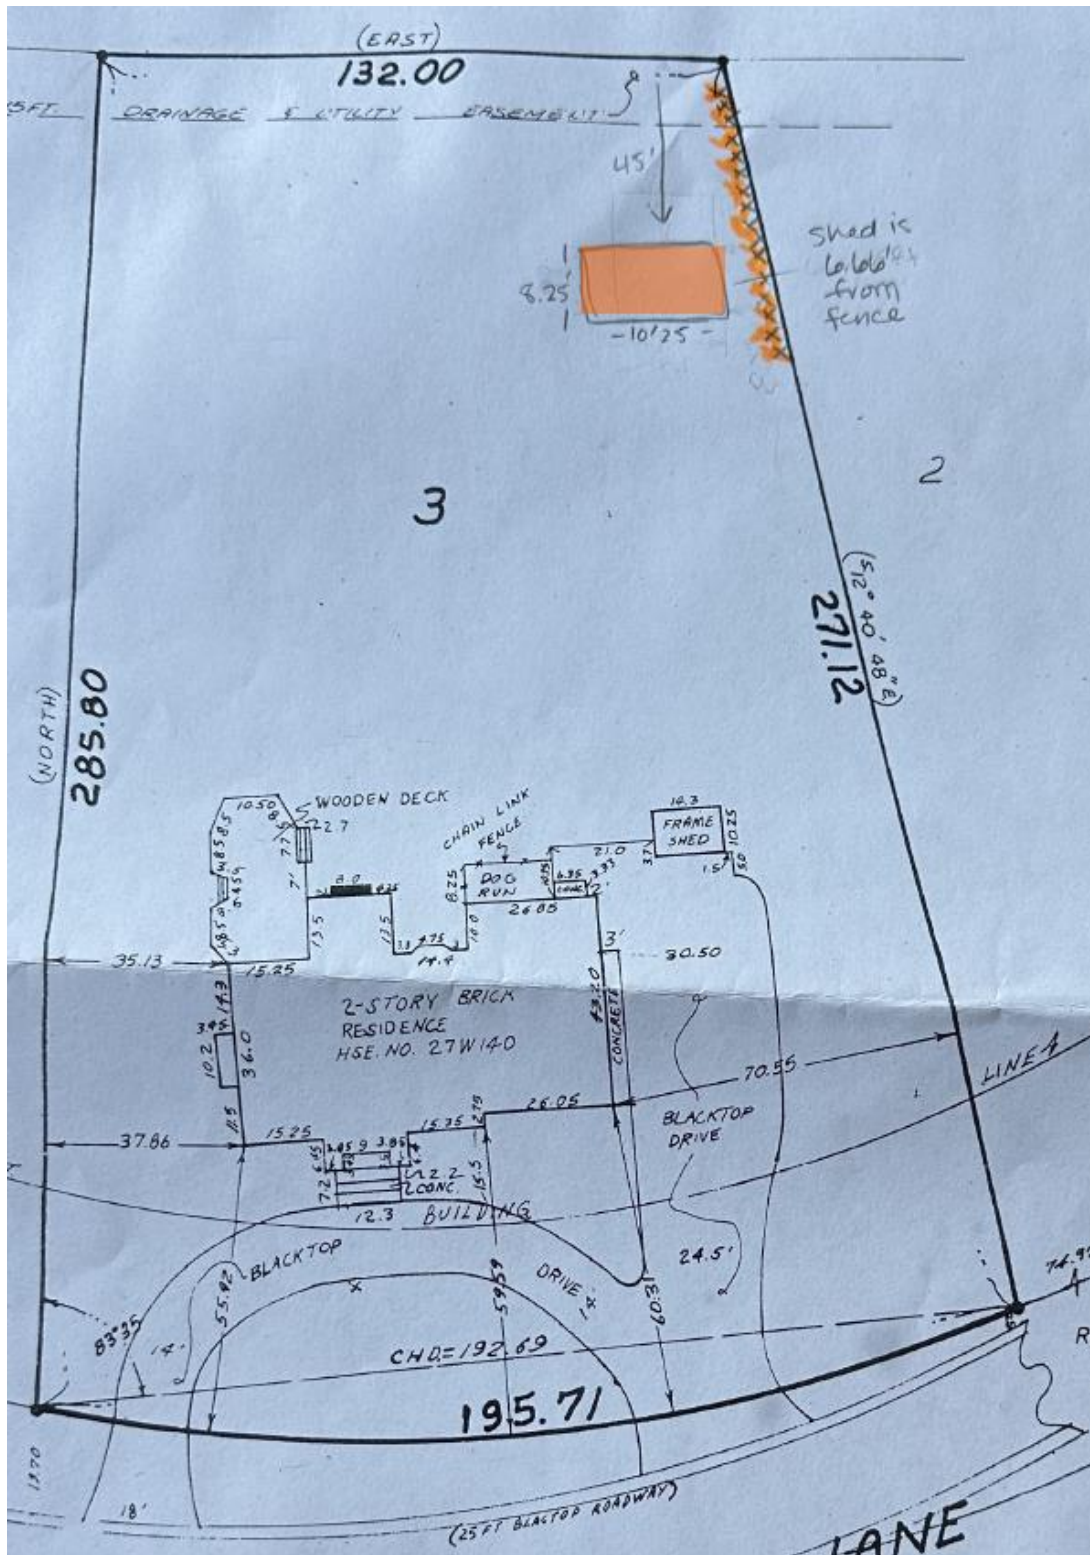

- d. Unduly increase traffic congestion in the public streets and highways as petitioner **has not demonstrated or provided sufficient evidence** that twenty-three (23) hens on the subject property and a chicken coop/run located six (6) feet from the interior side property line does not increase traffic congestion in the public streets and highways.
- e. Increase the potential for flood damages to adjacent property as petitioner **has not demonstrated or provided sufficient evidence** that twenty-three (23) hens on the subject property and a chicken coop/run located six (6) feet from the interior side property line does not increase the potential for flood damages to adjacent property.
- f. Incur additional public expense for flood protection, rescue or relief as petitioner **has not demonstrated or provided sufficient evidence** that twenty-three (23) hens on the subject property and a chicken coop/run located six (6) feet from the interior side property line does not incur additional public expense for flood protection, rescue, or relief.
- g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has not demonstrated or provided sufficient evidence** that twenty-three (23) hens on the subject property and a chicken coop/run located six (6) feet from the interior side property line does not impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County.

Subject: Petition by Michael E. Goin to increase number of hens in his chicken coop

[Caution: This email originated outside Dupagecounty.gov. Do not click links or open attachments unless you recognize the sender and know the content is safe.]

Jessica,

I recently received a notice for a zoning petition by Mr. and Mrs. Goin in regard to the property at 27W140 Cove Lane, Warrenville IL. The two items listed in the petition were to allow them to increase the number of hens to 23 and also the placement of the chicken coop as specified of the attached sketch.

Unfortunately, we will not be available to attend the hearing.

Both of the items petitioned for are in violation of the "Declaration of Restrictions" for our subdivision. All of this information is noted in the "Declaration of Restrictions" by the Du Page Bank & Trust Company, as Trustee under Trust Agreement dated February 22, 1979, Trust number 2450. Item 4 under Use Restrictions states that "Animals: No animals, birds, bees, poultry or livestock of any kind shall be raised, bred or kept anywhere on the property except that dogs, cats and other common household pets shall be permitted, limited to a total of three in the aggregate. Any pet causing or creating a nuisance or unreasonable disturbance shall be removed from the property."

Item 11 states, "Building Set-Back: No permitted building will be constructed closer than 40 feet from the front lot line and 15 feet from any side lot line."

We are not in favor of the requested petitions.

Jessica

Please take this email as to our disapproval of the zoning change zoning-24-000072 Goin we do not want the the number of hens increased to over 5 .They have over 5 hens for a while and they have been out of their coop several times with cayotes killing them with 12 being killed 2 weeks ago. We have 4 grandchildren under 4 and we don't need cayotes coming around looking for the hens. They also have roosters and we are tired of hearing them all day and early evening. I hope this will covey our concerns and if we need to be at the meet please let me know and if you have any questions please email me or call me at [REDACTED]

In response to this petition, my husband and I would like to see the current limit of 5 chickens be maintained.

Ms. Infelise.

I am writing in regards to the above petition. My wife (copied here) and I reside at [REDACTED] which is directly adjacent to the property in question. We are unable to attend the hearing, but wanted to make our concerns known.

The chicken coop in question is directly adjacent to our property line. The concentrated presence of the 20+ chickens that they have maintained thus far appears to have created an increased draw for predators. There have been a number of attacks on chickens by coyotes and/or foxes in the 4 years we have lived here. These have been very disturbing occurrences. Therefore we request that the Goins be instructed to adhere to the regulatory limit of 5 chickens.

In regards to the setback variation request, we would have no objection, IF, and only if, an access gate were provided at the far north end of the new fencing erected by the Goin's within the last 3 months. The erection of this fence now blocks our access to our electrical and cable hook up. The property currently is posted as no trespassing.

Also, the survey provided with the hearing announcement appears to be an outdated version. It does not include an enclosed room on the left side of the house (which is showing as a wooden deck). The survey also does not include a barn-like structure of considerable size (20 feet tall?) that is beyond their driveway and parallel to our property line.

We would like to be advised of the outcome of the hearing when decided. For any other information you may need, please do not hesitate to contact us. I can also be reached at [REDACTED]

Thank you.

Sincerely

Michael Court Dorrie Seyfried

Subject: Today's hearing for 2:30 Zoning petition

[Caution: This email originated outside Dupagecounty.gov. Do not click links or open attachments unless you recognize the sender and know the content is safe.]

Hello Jessica,
My apologies for the late email. Hopefully you will see this before the hearing today.
This is in reference to:
Zoning Petition ZONING-24-000072 Goin

I live 2 properties away from the chicken coop.
I am in opposition to having more chickens on their property.
A couple summers ago, they left their coop door open and the chickens got out. The coyotes ended up killing or injuring quite a few of the chickens. I ended up collecting multiple dead and maimed chickens from the Smiths yard (adjacent to the coop), (they were dressed up for a wedding) to put back in the coop so the coyotes wouldn't do further damage or be lured further to our properties.
This happened again just recently, but I did not help clean up the destruction that the coyotes made.

I walk my dog to Herrick a lot, but do not walk her in the late afternoon because there are too many coyotes that have gotten very bold knowing they have a possible dinner in the area.

I really am worried about the increase in their presence due to the chickens in the area.

Also, the rooster is extremely noisy throughout the day. I didn't think roosters were allowed in the residential area.

Thank you,
Joanne Wegscheid

The DuPage County Procurement Ordinance requires the following written disclosures prior to award:

1. Every contractor, union, or vendor that is seeking or has previously obtained a contract, change orders to one (1) or more contracts, or two (2) or more individual contracts with the county, shall provide to Procurement Services Division a written disclosure of all political campaign contributions made by such contractor, union, or vendor within the current and previous calendar year to any incumbent county board member, county board chairman, or countywide elected official whose office the contract to be awarded will benefit. The contractor, union or vendor shall update such disclosure annually during the term of a multi-year contract and prior to any change order or renewal requiring approval by the county board. For purposes of this disclosure requirement, "contractor or vendor" includes owners, officers, managers, lobbyists, agents, consultants, bond counsel and underwriters counsel, subcontractors and corporate entities under the control of the contracting person, and political action committees to which the contracting person has made contributions.

NONE (check here) - If no contributions have been made

A contractor or vendor that knowingly violates these disclosure requirements is subject to penalties which may include, but are not limited to, the immediate cancellation of the contract and possible disbarment from future county contracts.

Continuing disclosure is required, and I agree to update this disclosure form as follows:

- If information changes, within five (5) days of change, or prior to county action, whichever is sooner
- 30 days prior to the optional renewal of any contract
- Annual disclosure for multi-year contracts on the anniversary of said contract
- With any request for change order except those issued by the county for administrative adjustments
