Re: Request for Agreement Modification for CD24-05

Dear Ms. Jaye:

On behalf of Bridge Communities, I am formally requesting a modification to Agreement CD24-05 to adjust the scope of the grant to include reimbursement for the Bridge Communities Intake Specialist and the Children's Program Coordinator.

The three staff members are part of the Stability Program team and work with the families to provide Intake and Assessments, stabilize the families once they enter the program and continue to engage them with program services while they are in the Stability Program.

We greatly appreciate the opportunity to request a modification to the Agreement CD24-05 and the County's partnership in facilitating the CDBG funding in 2024.

Thank you.

Kind regards,
