

Emergency Telephone System Board Of DuPage County Memorandum

TO: Chair Selvik and Policy Advisory Committee Members
FROM: Executive Director Zerwin
DATE: January 5, 2026
SUBJECT: Policy Review Talk Group Access

Background:

ETSB received a request from Elk Grove Village Police Department, requesting permission to add DuPage County radio talk groups "DU STWD TAC1" and "DU STWD TAC2" to our officer's two-way radios. There are several discussion items on the agenda for this topic and request. Elk Grove PD plans on being available for the January 5 meeting.

Summary:

As members of M.E.R.I.T and a portion of Elk Grove Village being physically located in DuPage County, the Elk Grove Village Police Department would like to improve coordination with neighboring DuPage County communities. Elk Grove PD believes the ability for their officers to monitor and communicate directly with other DuPage County agencies on these shared talk groups during planned events can improve coordination and safety for their officers, residents, and businesses. They indicated they have experienced several incidents when regional DuPage County Saturation Patrols have led to police activity (including pursuits) into or through their Village, and they'd like to be aware of such situations ahead of time when possible. They believe having direct access to these talk groups would greatly improve their ability to cooperate with neighboring agencies. Elk Grove is a member of the Northwest Central Dispatch System, and their radios are maintained by NWCDs Radio Technicians who handle our radio programming. NWCD will assist as authorized.

In considering the above request, please note the following:

1. Through NWCD, Elk Grove PD has access to all other DEDIR System Talk Groups (see the NWCD MOU)
2. "DU STWD TAC1" and "DU STWD TAC2" are currently red tagged on the talk group chart for DEDIR System members use only. See attached list.
3. For clarification: Elk Grove PD has not officers actively assigned to MERIT but are MERIT members.
4. MERIT does not utilize "DU STWD TAC1" and "DU STWD TAC2", so this is not a MERIT request. The request for these talk group is based on saturation patrols which is not part of MERIT. There was a miscommunication between the Elk Grove PD Commander submitting the request.
5. John Nebl, OSHM Interoperable Communications Coordinator, indicates:
 - a. that he was contacted by A NWCD tech asking the same question. He indicated that Elk Grove PD does not need "DU STWD TAC1" and "DU STWD TAC2" as they already have access to Cook Interops and the SWIT. DuPage patches to both of those for saturation patrols.
 - b. Once the DEDIR System SWIT template is squared away and pushed out to DEDIR System agencies, saturation patrol techs probably won't need to patch a DuPage STWDTAC as they can use SWIT secure TG as long as ACDC has these on their console. Note: ACDC handles the saturation patrol.

Committee/ETS Board Review Process Checklist:

1

Emergency Telephone System Board of DuPage County

This Memorandum of Understanding (MOU) is an agreement between the Emergency Telephone System Board of DuPage County (DuPage ETSB) and the Northwest Central Dispatch allowing for the sharing of talkgroups on the STARCOM21 Radio Network (SC21). The purpose is to allow each party's respective agencies access to talkgroups for interoperating on the SC21 network. Agency agrees to keep this list confidential and only share it with personnel that have a need to know the below-listed information. Agency understands that this document is not public information and should not be disclosed pursuant 5 ILCS 140/7(d)(6) and (v) as well as 20 ILCS 2615/1 and 12.
