Additional Information

Please explain why you wish to serve as an appointee and share any unique qualifications or experience you feel you would bring to this agency. The District has infrastructure both inside and outside the plant that requires on-going maintenance, rehabilitation, or replacement as well as new infrastructure. I have 25 years of engineering design experience, am a Professional Engineer licensed in several states and a Structural Engineer licensed in Illinois. I have worked on many unique and complex multi-modal transportation related projects for state, local and private agencies. I have completed projects under design-bid-build and design-build delivery methods that require effective project management to meet schedule and budget. I have experience with new construction as well as rehabilitation to extend the service life of existing infrastructure after having evaluated life-cycle and maintenance costs. I feel that my technical experience along with my project management, budgeting and schedule adherence skills have positive support the District.
