4. CHAIRMAN'S REMARKS - CHAIR SCHWARZE

Chair Schwarze began by welcoming Members Johl and McCarthy as the two new board members.

Chair Schwarze then recognized. TC Sean Milnes of ACDC who on October 2 processed a phone call from a Bensenville business owner who stated that he was receiving live video footage from inside of his business and could see two unknown individuals inside. TC Milnes promptly generated a CAD and broadcasted the call on the DuPage Flash channel. TC Milnes remained on the phone with the owner updating officers with new information. TC Flores, who was assigned to the Bensenville Police talk group, dispatched units in under 10 seconds to the scene. The first police unit arrived in less than two minutes from the time the call was received. Upon the officer's arrival, he witnessed a vehicle speed away from the scene along with subjects fleeing from the building on foot. TC Stevanovic promptly notified DU-COMM to ensure neighboring towns were aware of the incident. TC Stevanovic also began checking LPR cameras for possible vehicle matches. TC Bukovic began monitoring ISPERN, as officers who were following the vehicle switched onto ISPERN. TC Bukovic also assisted by switching over the other agencies operating on the main channel to their alternate frequencies. TC Flores kept officers on the scene updated with information that TC Milnes and TC Bukovic provided from both the building owner and from units following the vehicle who fled. Three suspects were apprehended by officers.

Chair Schwarze then recognized TC William Kolberg of ACDC who received a 911 call from a

man at 708 Kristin Ct, Westmont, who stated his dad was on the floor. TC Kolberg confirmed the location, as per policy, generated CAD for EMS and police to respond to a possible heart attack within 35 seconds of receiving the call. TC Kolberg assured the son help was on the way for his dad. TC Kolberg continued gathering information from the patient's son and wife. TC Kolberg determined that the patient was no longer conscious breathing, quickly upgraded the CAD to alert responders the patient was in cardiac arrest and used EMD protocols to provide medical instruction to begin chest compressions. TC Kolberg coached the patient's son to perform quality compressions, encouraging him to keep going, until the responders arrive on the scene and take over care of the patient. The patient was transported to the hospital and ultimately survived a life-threatening event due to the contributions of TC Kolberg.

Chair Schwarze thanked TC Terri Easton of ACDC for her service. Terri started her career in dispatching when she was hired as a 911 dispatcher with the Addison Police Department in 1977. Since then, she served in a variety of positions with multiple dispatch agencies, before returning to ACDC in 2018 for a total of 47 years in public safety!

On behalf of the ETS Board, Chair Schwarze extended congratulations to Member Marilu Hernandez who is now officially Director Marilu Hernandez of ACDC as of October 21, 2024!

Lastly, on behalf of the ETS Board, Chair Schwarze extended a thank you and farewell to Member Erik Kramer, Fire Representative. A proclamation was presented for Member Kramer's service. Member Kramer thanked the board and members of the committees and focus groups for being part of his journey. Member Kramer said, this is where it starts. The communities in which we serve do not care about the discussions of the Board or the arguments or disagreements over technologies. The only thing the citizens really care about is hearing, 9-1-1, what is your emergency, and a knock at the door with an announcement that the fire department or police department is here. Anything in between is nothing. Member Kramer said, our goal is to get that response as short as possible. He said, that is what we do here, and here in DuPage County, we are pretty phenomenal, and everybody has a part in that.

8. DEDIR SYSTEM

PAC Chair Selvik acknowledged the service of ETSB Member Kramer and former PAC now ETSB Member Johl. PAC Chair Selvik then provided an update on the DEDIR System and the status of the radio deployment specifically in terms of the templates and the capacity issues with the current version of the WAVE app.

9. DU PAGE ETSB 9-1-1 SYSTEM DESIGN

Ms. Zerwin provided an update beyond the monthly report on the disruptions experienced with the Fire Station Alerting System (FSAS). An update had been made to Tablet Command interface that had seemingly affected the FSAS. She said that after investigation, Table tCommand had been rolled back to a previous version to stabilize the system. Ms. Zerwin said that staff would continue to work with the vendor for functionality. She reinforced that the outages that had happened were the reason why interfaces are not directly connected into CAD.

Ms. Zerwin then said the AT&T open task list on the Customer Premise Equipment (CPE) cutover had been escalated within AT&T for resolution, a spreadsheet had been developed of the open items, as had been done in 2019. She said the report that followed the issues experienced with the misroutes during the ACDC cutover was expected to have been received by this meeting, but had not, and anticipated it would be out to the members within the next week. Ms. Zerwin asked if the PSAP Directors had anything to add. Member Hernandez did not. Member Robb said that many of the items had been resolved and they continue to work away at the list. Ms. Zerwin added that pulling apart the system was complicated and that with the separation one administrative phone system still remains in place which has caused a few issues in terms of the things that should not happen, have happened, but that we continue to work through it.

10. OLD BUSINESS

There was no old business.

11. NEW BUSINESS

Chair Schwarze said that he, Executive Director Zerwin, and staff had been working on adjustments to the ETSB Ordinance so the issue of approving everyday business items could still take place without a super majority.

12. EXECUTIVE SESSION

12.A. Minutes Review Pursuant to 5 ILCS 120/2 (C) (21)

12.B. Personnel Matters Pursuant to 5 ILCS 120/2 (C) (1)
