Note: For all digital carrier circuits (T-1, PRI & BRI), TIG will guarantee that all of the required PBX hardware and software will be installed, programmed and tested by the providers due date. TIG cannot guarantee any services provided from third parties or their performance in delivering those services. Any failure of third party providers may result in additional charges from TIG.

**CUSTOMER PROVIDED SERVERS:** All customer-provided servers will comply with manufacturer server specifications and minimally meet the specifications provided to you by your TIG Account Executive. All hardware, operating system and application software (SQL, Excel, Internet Explorer, etc.) required will be assembled, preloaded and tested prior to being shipped to TIG. Any labor required to bring any customer-provided equipment up to application specifications will be billed on an hourly basis at TIG's Professional Services labor rate.

### UPGRADES:

The pricing provided includes manufacturer incentives which require the return of certain system components. These components must be returned to TIG within 2 weeks for the proposed pricing to be held. In the event the parts are not returned to TIG within two weeks, TIG will invoice the amount of the incentive back to the customer.
