If there is anything "unique" in my background, for this committee, I would think it has to be in that I have been involved in training programs of one kind or another for many years now, leading sessions on such subject matter as jury selection, negotiations, client counseling, and more recently, implicit bias for such groups as the Illinois Workers Compensation Commission, NBI, Loyola, and the Illinois Attorney General's office. I have a fairly extensive graphics background which I have used to develop websites (for the likes of DuPage Legal Aid and DuPage Legal Answers, as well as a great many Power Point presentations and print work. That background has been at least somewhat useful in the course of our discussions about ethics training in DuPage County and, I hope, may be more helpful in the future.
