RE: Incumbent Worker Training Application – Kenyeri Engineering & Manufacturing

Kenyeri Engineering & Manufacturing is a U.S. automation solutions provider focuses on delivering innovative, integrity-driven engineering, workholding, and turnkey automation systems. With a history of growth since 2002, Kenyeri continues to expand its capabilities in project management, manufacturing, and SEOAM/automation solutions.

The Manufacturing Growth Systems & Leadership Capacity Development program is a structured incumbent worker training initiative that builds practical leadership, operational, and business growth competencies among employees at small and mid-sized manufacturing companies. Topics include KPI management, operational accountability systems, customer diversification planning, and capstone-based evidence of application.
