Action Requested - Identify the action to be taken and the total cost; for instance, approval of new contract, renew contract, increase contract, etc.

Requesting approval to increase the existing contract with Dell Marketing L.P. by \$19,292.11, making the new total for the contract \$70,318.40.

Summary Explanation/Background - Provide an executive summary of the action. Explain why it is necessary and what is to be accomplished.

The WDD seeks to add 50 Enterprise Mobility & Security (EMS) E5 licenses. EMS licenses are standard throughout government agencies that utilize mobile devices like laptops and cellular phones. Benefits of EMS licensing include mobile device management (MDM) features, such as remote data wiping and security monitoring. EMS E5 licensing will provide a more robust cybersecurity posture for the WDD and diminishes the need for third-party software and services to address mobile device cybersecurity concerns.

Strategic Impact

Select one of the six strategic imperatives in the County's Strategic Plan this action will most impact and provide a brief explanation.

Imperative 5: Foster continued growth of the DuPage Economy
 5.1. Ensure that DuPage County residents have the competitive skills necessary to create and maintain a high quality workforce. WDD administered WIOA programming for DPC is designed to assist residents in obtaining self-sufficient employment in in-demand occupations. Microsoft products are critical to administering WIOA programming and serving clients. Enhanced security measures offered by EMS E5 licenses assist in mitigating cybersecurity incidents and protecting client and County information.

Source Selection/Vetting Information - Describe method used to select source.

Dell Marketing L.P. holds the Illinois Department of Innovation and Technology's (DOIT) Joint Purchase Master Contract (JPMC) Microsoft Licensing Solutions Provider contract (CMT1176800). All DuPage County departments currently obtain their Microsoft products via Dell Marketing L.P.

Recommendations/Alternatives - Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request.

Our recommendation is to increase the contract to improve the WDD's cybersecurity posture and diminish the need for third-party software and services.

- 1) Enter into contracts with additional vendors to bridge cybersecurity gaps
- 2) No other options exist

Fiscal Impact/Cost Summary - Include projected cost for each fiscal year, approved budget amount and account number, source of funds, and any future funding requirements along with any narrative.

This contract is grant-funded from Federal dollars thru WIOA Title 1 grant 5000 2840 for the period 1/1/23 to 12/31/25.

Financial impact FY23- Increase of \$7,414.50
 Financial impact FY24- Increase of \$5,938.80
 Financial impact FY25- Increase of \$5,938.80

Microsoft Enterprise Mobility & Security (EMS) Licensing Quote

⑥ *What it is*

- Microsoft product; a mobility (mobile device) management and security platform that helps protect and secure organization.

⑥ *Why we need it*

- **Azure Active Directory:** Would allow Network Analyst to push policies to devices registered in Azure AD. Currently unable to manage staff laptops or cell phones in this way. Improves security greatly and diminishes ability to use issued tech inappropriately.
- **Conditional Access:** Would allow much greater control over who can access our Microsoft sites/services, where they can access them from, and on what devices they can access them. Example: Can prevent logins from outside of Illinois or from computers that are missing updates or antivirus products. Also, can set granular controls for different users or apps.
- **Configuration Manager:** Would allow Network Analyst to pre-configure system images, apps, and drivers that can be pushed out as necessary through policies. workNet DuPage does not currently have a way to distribute system images to new computers, so Network Analyst must manually configure every computer.
- **Self-service Options:** Staff can reset their own passwords, even from home. Currently, staff must be in the Career Center to reset their passwords. If they run into an issue, Network Analyst must help them reset it.
- Additional benefits and further breakdown of services available with EMS licensing can be found here:
