7. CHAIR'S REPORT

Chair Conroy made the following remarks:

This morning, I hope you'll join me in congratulating our own Chief Information Officer Anthony McPhearson who was selected among hundreds of entrants to WIN the Chicago CIO Orbie Award in the category of non-profit or public sector achievement. The Orbies honor chief information officers who have demonstrated excellence in technology leadership. Anthony, please accept our congratulations on this well-deserved honor.

As you prepare your summer calendar I hope you'll consider having a little fun and raising some money for our friends at the DuPage Care Center. Registration is now open for the 22nd Annual Care Center Golf Outing being held June 26th at Prairie Landing Golf Club in West Chicago. All proceeds contribute to programs that enrich the lives of our Care Center residents. Information is available at www.dpccfoundation.org <http://www.dpccfoundation.org>

And finally, you may have noticed our County flag is at half-staff. I asked for the County flag to be lowered today in honor of K-9 Nitro, who passed away at the age of 10. Since 2019, Nitro faithfully served alongside his partner and handler, Deputy Frank Carragher, as an explosives recognition dog assigned to the DuPage County Sheriff's Office Hazardous Device Unit. Throughout his distinguished career, Nitro earned the respect and admiration of all who worked with him through his unwavering dedication, exceptional abilities, and dependable service.

WHEREAS, more than 14.2 million people live within five miles of an EtO-emitting facility in the United States, with a 2023 Union of Concerned Scientists' study finding that the average risk of cancer from air toxics was nearly three times the national average in communities located near EtO emitting facilities; and

WHEREAS, in 2018 and 2019, DuPage County worked with the Villages of Willowbrook, Burr Ridge, Hinsdale, and the City of Darien (the "Communities") to oppose emissions of EtO by Sterigenics, in the County; and

WHEREAS, in 2018, DuPage County State's Attorney, Robert Berlin, and the Illinois Attorney General, Lisa Madigan, together brought a lawsuit under the Illinois Environmental Protection Act for injunctive relief and civil remedies to redress the harmful effects of EtO; and

WHEREAS, in 2018 the DuPage County Board amended the DuPage County Code prohibiting emissions of EtO more than one hundred tons per year to protect the residents of DuPage County; and

WHEREAS, as a result of these actions, the State of Illinois passed tighter restrictions on ethylene oxide use in Public Act 101-0022, wherein EtO sterilization facilities are prohibited from operating in Illinois unless the facility captures 100 percent of all fugitive EtO emissions within the facility and the facility reduces EtO emissions to the atmosphere from each exhaust point by at least 99.9 percent or to 0.2 parts per million; and

WHEREAS, in 2024, the federal government found that EtO poses a risk to workers, healthcare facility and nearby communities and therefore established rules which created more stringent standards regarding the use and emission of EtO; and

WHEREAS, on March 17, 2026, the U.S. Environmental Protection Agency (U.S. EPA) proposed amending its EtO standards for commercial sterilizers and the proposed rule would rescind the tighter risk-based emissions standards imposed by the federal government in its 2024 rule and is estimated to result in an emissions increase of 7.8 tons per year for the total source category; and

WHEREAS, the rollbacks and deregulation of the use of EtO would be detrimental to public health, with a 2016 U.S. EPA study finding that EtO is 30 times more toxic to adults and 60 times more toxic to children than previously understood; and

WHEREAS, DuPage County calls upon the U.S. EPA to protect all Americans from exposure to EtO, while working with the sterilization industry to invest in research and technology programs to develop safe, sustainable solutions for sterilization needs.

NOW THEREFORE, BE IT RESOLVED, that the DuPage County Board take such actions to support and collaborate with the impacted communities, the health and environmental agencies, to best promote and ensure the safety of the area air quality, atmosphere, and environment, to protect area residents and workers from the adverse health impacts of any discharges or emissions of EtO; and

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).

This procurement covers the purchase of various technology equipment for WDD staff, including laptops, docking stations, monitors, a TV and cart for conference room use, and an all-in-one desktop computer. Equipment was sourced through a cooperative agreement, but is also lowest responsible. Total procurement cost is $56,281.58.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished

This procurement provides updated hardware capable of supporting current applications and AI-intensive tools that may be adopted in the future, while enabling the WDD to retire aging equipment and implement a streamlined single-device policy. The conference room display supports public-facing workshop delivery. The all-in-one PC will upgrade the current accessible technology workstation in the resource room for participant use, supporting equal access obligations.

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
DECISION MEMO REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required. COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. Priced equipment from 3 vendors. All offer pricing through cooperative agreements, but CDW had lowest price.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Do not buy equipment 2. Select different equipment It is our recommendation to purchase the equipment as specified. Current WDD staff equipment is underperforming relative to the demands of existing workforce tools and case management systems, with hardware limitations — including insufficient memory — that present a barrier to adopting emerging technologies, including AI-enabled tools the county is actively exploring. Replacement now positions WDD to meet current and near-term operational needs without further performance degradation.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

This program generates revenue that has been used to further reduce the price per meal offered (presented in the example below). In addition, Trinity is offering DuPage County a 15% commission on all TTO sales.

Financial Considerations

If awarded a contract, Trinity Services Group would like to discuss and negotiate the following financial considerations.

1. Meal prices shall be adjusted annually, effective on the anniversary date of the contract, by an amount equal to the change in the Bureau of Labor Statistics, Consumer Price Index, All Urban Consumers, U.S. City Average, Food Away From Home. Annual price adjustments shall be based on the most current data available sixty (60) days prior to the contract anniversary date and shall be communicated to the Client not less than ten (10) days prior to the effective date of the new prices.

2. In the event of material cost changes in federal, state, or local taxes including, but not limited to, social security taxes, unemployment taxes or payroll based taxes or an increase in the minimum wage rate or the implementing regulations or the enactment or application of any "living wage", "prevailing wage" or similar laws by any governmental entity; and/or an increase in employee benefits whether as a result of a change in federal, state, or local laws or a federal, state, or local legislative or regulatory mandate or otherwise, it is agreed that the parties shall adjust the meal prices to reflect said increases. If other material conditions change due to causes beyond Trinity's control, including, but not limited to menu changes requested by the facility, decreases in inmate population or the availability of inmate labor or changes in federal, state or local standards or regulations or other unforeseen conditions beyond Trinity's control, it is agreed that the parties shall adjust the meal prices to reflect the impact of the change in circumstances.

DuPage County
Attn: Procurement Dept.

Wheaton, IL 60187

DuPage County,

Thank you for inviting us to bid on DuPage's Utility Bills. We have successfully printed and mailed these same utility bills for DuPage since 2014.

We are a company that specializes in this type of variable data bill mailings. We currently mail bills for over 200 cities/counties across the country. We believe we would continue to be a good provider for the services you have described.

I am including a brief proposal, price sheet, references and samples. We are familiar with DuPage's mailing requirements and have reviewed both your bid and bill samples. I have tried to address all points of your request and would be glad to come to Wheaton and answer any questions you have during your evaluation if that would be helpful.

Again, we appreciate the opportunity. The size and requirements of your billing job are what we excel in, so we are excited about the possibility of continuing to work with DuPage County.

I look forward to hearing from you.

Tom Stith
V.P. Sales
Peregrine Services Inc

Company Experience:

Peregrine Services is a printing and mailing company headquartered in Monroe, LA. We have been in business since 1993. Our Mailing Division has focused on utility, tax and other governmental financial mailings for all 33 years that we have operated. In 2025 we worked with over 200 cities/counties across the United States on mailing their variable data pieces.

We mail approximately 3 million pieces of mail a month and have an annual revenue of 8 million dollars a year. We have a staff of 30 employees and own our own building and print shop. For further review of our services and locations our website is peregrinesolutions.com.

Peregrine is different from most mailing companies. We do not want to be a huge mail house offering all mailing products. We have chosen to remain a specialized financial mailing company that is an expert in variable data billing. We take pride in our personal service, technical ability and attention to detail.

Most of our new customers come to us by referrals from our satisfied customers. Most of our customers have been mailing with us for over 5 years. Each year our plan is to add only 6-8 new recurring mailing accounts. This planned growth rate allows us to maintain our capacity at a position where we will not have difficulty meeting all our clients' deadlines and expectations.

DuPage's Utility Bill Application:

Having printed and mailed DuPage County's Utility Bills for the last 12 years, Peregrine has a clear understanding of the details and requirements of this billing job.

DuPage's RFP calls for the turnkey printing and mailing of approximately 27,000 utility bills every other month. The utility bills will be divided into three groups. Approximately 20,000 bills will be printed and mailed with a return envelope, approximately 6,500 bills will be printed and mailed without a return envelope and a small segment of 800 bills will be printed and shipped back to DuPage.

In addition to the regular utility bills, DuPage will mail 3,000 Reminder Notices and 2,000 Disconnect Notices in the non-utility bill months.

The bills will be printed in color on an 8.5 x 11 sheet. The bills will include a perforation and will also include an informational backer.

The reminder notices and disconnect notices will be printed in color on an 8.5 x 11 sheet and will also include a perforation.

The bills and notices will include standard water and sewer variable data billing information.

The bills, reminder notices and disconnect notices are mailed out in a #10 preprinted window envelope. All except the disconnect notices will include a #9 preprinted return envelope.

This is a standard format (statement/#10 outgoing envelope/#9 return envelope) that makes up over 90% of our mailing jobs. We will be able to produce the mailing entirely on-site. We do not subcontract any portion of the printing or mailing.

Statements and Envelopes:

With each customer we can either duplicate their existing statement, or we can redesign their statement at no charge.

Both the fee for any graphics work, as well as the fee for the computer programming required to take the billing data file and print the variable data correctly is waived. There are no set-up or programming fees.

We do have all of DuPage's art and programming in place from previous years, so any expected development work would be minimal.

For the billing statements we use 8.5 x 11 24# paper stock. We offer multicolor printing on the front of the statements and the bill backer.

We will use preprinted #10 window and #9 non-window envelopes.

We have two full-time graphic artists on staff that will help with the design of forms. We will be able to use DuPage's art to incorporate any seal or logo on the billing statements and envelopes. We will also be able to include features such as messaging boxes, barcodes and OCR scanlines.

During form design we will provide both electronic (PDF) and physical (Fed-Ex) proofs. This will allow DuPage to approve stock when it comes to layout, paper weight, ink, perforations, OCR scanlines, barcodes, messaging boxes, etc.

Once the form and envelope stock are approved, we generally preprint inventory about 6 weeks prior to print/mail date. This allows us to keep forms costs down by printing in larger quantities and ensures that we have appropriate stock on hand to produce each mailing. We have a large facility with plenty of room for storage.

Data File:

As mentioned above, we have the DuPage Utility Bill programming in place, so that we can continue printing the billing information from your data file onto the approved bill form. If DuPage would like to make any billing or template changes with their data, we will waive any fee for additional programming required by Peregrine. We have extensive experience working with Tyler Munis billing software.

Once the statement form shell is proofed and approved, we will be ready for DuPage to send their electronic billing files. James, our programming manager, will then send completed electronic data proofs by PDF for your review. This is to double check that our conversion program for your mailing is pulling and mapping the data from your file correctly. We begin by providing 100 random statement data proofs for review and then provide data proofs for any specifically requested statements to proof different billing scenarios.

Our statements can include barcodes and OCR scanlines for remittance processing. We have worked successfully with DuPage's remittance equipment on all previous mailings. Once the initial data proofs are approved, we will Fed-Ex hard copy samples for DuPage to test the barcodes and scanlines with their remittance equipment.

We have a secure password protected FTP site which our customers use to transfer their data files to us. Our customers usually upload their data files in either a PDF format or a raw data (text, flat, CSV, XML, etc.) format.

Once you upload your live file, you will receive a production log for the job. The production log will include the number of notices that were received so that you can ensure that the correct file was completely received.

Throughout our print/mail process, we audit back to the confirmed file count at each step during production to confirm the file is being produced correctly.

All our Flowmaster high speed inserters use an automated camera to ensure all bills, envelopes and inserts are inserted correctly.

Our mailings are visually spot-checked by our production staff at three different points during production to confirm accuracy and quality of print.

Production:

With all of our jobs being time-sensitive financial mailings, we understand the importance of meeting our mailing deadlines. DuPage's notices will mail within 24-48 hours of receipt.

We have two MCS color industrial presses, a fleet of commercial high-speed HP Laser Printers as well as 3 Flowmaster and Pitney Bowes intelligent inserters to make sure we meet this mailing time frame. We are planning on adding only 6-8 mailing accounts this year and can easily handle that increase in volume. We take pride as a company in mailing all our jobs on time for our customers each day.

On the mailing side, we do everything possible to ensure that you get the lowest possible USPS presort postage rate. We are a full USPS IMBC Provider. We encode delivery addresses using licensed CASS/PAVE Certified Software and generate a USPS Form 3553 for the pieces to be mailed. This encoding process assures the accuracy of zip codes, and the resulting Intelligent Mail Barcode provides the fastest processing, delivery and lowest possible postage rate from the U.S. Postal Service.

USPS's most recent postage increase took effect on July 13, 2025. The lowest presort postal rate after that increase is 59.3 cents for 5-digit USPS qualification matches. Since some statements of any mailing job do not qualify for that lowest rate, there is a small percentage of the statements that get only the 3-digit postage rate or above. With the current USPS rates, we are averaging .603 for postage on all our bill mailings. We do not mark up postage. It is a pass-through cost for us. We will do everything possible to minimize DuPage's postage expense.

To help decrease postage cost we can household/group mailings by common name and address. To the greatest extent possible multiple statements going to the same name and address can be matched and inserted into one envelope. There is no additional charge for this service.

We insert, sort, tag and deposit our mailings in the Business Mail Entry Unit Depot (BMEU) of the Monroe Post Office. Bills will then be overnighted by USPS to postal break points in Illinois to ensure no delay in customer's receiving. We do first class mailings for customers located across the United States, from Florida to Alaska, with no delay in USPS delivery time.

Additional Information:

We can include a Message Section on the billing statements. The text for the message can either be included directly in the billing data file or can be submitted as a separate text/word file. The message text can be printed in any highlight color.

In addition to using the available message section on the billing statement we can include separate insert pieces (commonly 8.5x11 letters or third sheets). We have a full-service print shop where we can print your inserts.

We run DuPage's mailing addresses through NCOA and provide all related reports.

We typically invoice our mailings on a per job basis. We will line item each mailing and issue a separate invoice for the job's postage. We do not require any USPS postage deposit or escrow account.
We offer standard Net 30 payment terms.

We do agree to hold all component and service costs steady for three years. The only possible price change would be due to official changes in pricing from USPS, which would be passed on to customer.

We do agree to submit all necessary paperwork (insurance, Illinois Secretary of State paperwork, certificate of good standing) if we are chosen as vendor.

We have a second facility located 12 miles from our main office which has duplicate equipment for production if there were circumstances that kept us from operating at our primary facility.

Peregrine's IT Department has an extensive data back-up procedure with secondary servers on site, as well as at 2 off-site data center locations located in Pineville, LA and Kansas City, KS.

Over 90% of our mailings are financial in nature. We meet several data security classifications (Gramm-Leach, HIPAA, etc.) We have never had an instance of a customer's data being compromised. All our customers' files are uploaded through a password protected secure FTP site. All our employees agree to hold all customer information confidential as a condition of employment. We contract with a shredding company to dispose of our paper waste.

Staffing:

DuPage's dedicated contact person would continue to be Sales Manager Tom Stith. Tom works with all our variable data bill mailing customers and is knowledgeable on all aspects of this industry. Tom has a strong background in sales and technical customer service and has worked with Peregrine for 16+ years. Tom's phone number is (913) 972-2734 and he is available extended business hours to help anyway possible.

Other employees on the DuPage team:

James Stith/Vice President ---James has headed up our data shop for 26+ years and manages our account programming as described previously to assure that all projects run smoothly.

Bruce Bishop/President and Production Manager---Bruce has managed all phases of our print and mail shop for the last 26+ years. Prior to joining us Bruce has 10 years' experience as a Pitney Bowes Service Manager working with their high-speed inserting

equipment. He holds various technical degrees and can provide all maintenance on our machines in house.

Brooke Smith/Printing Production Supervisor---Brooke is our main production/lasering contact and has been with us for 16+ years. She has worked every printing line position we have and is familiar with all the different applications that we print.

Bobby Morris/Inserting Supervisor---Billy has been with us for 16+ years and has worked all our inserting department positions. He is proficient in all postal regulations and helps ensure our customers receive the lowest possible postage rates.

We are fortunate to have a group of employees that have been with us a long time and care about the job they do for our customers.

Again, thank you for the opportunity to offer our bid. I would be glad to come to Wheaton to further discuss the billing job with you during your evaluation if that would be helpful.

We look forward to hearing from you.

FOR MUTUAL ASSISTANCE IN RESPONSE TO
INFORMATION TECHNOLOGY EMERGENCIES
IN UNITS OF GOVERNMENT IN DU PAGE COUNTY

Recitals

WHEREAS, the Units of Local Government herein made parties to this Intergovernmental Agreement may lawfully exercise the powers conferred upon them pursuant to the Illinois Counties Code (55 ILCS 5/1 *et seq.*), Illinois Municipal Code (65 ILCS 5/1-1-1 et seq.) and Article VII, Section 6 of the Constitution of the State of Illinois; and

WHEREAS, the Parties, as units of local government, are authorized to contract and otherwise associate amongst themselves and to obtain or share services and to exercise, combine or transfer any power or function that either unit of local government may have in any manner not prohibited by law or ordinance under the authority of Article VII, Section 10 of the Constitution of the State of Illinois; and

WHEREAS, the Parties are "public agencies" within the meaning of the Intergovernmental Cooperation Act (5 ILCS 220/1, et seq.) and are further authorized to enter into this Agreement pursuant to the Intergovernmental Cooperation Act; and

WHEREAS, cyber and information technology (IT) emergencies are occurring with increasing frequency in Units of Government throughout the United States;

WHEREAS, Units of Government within DuPage County have experienced IT emergencies;

WHEREAS, various Units of Government recognize it is in the best interest of those they serve that they join together to plan for such occurrences and be prepared to assist each other during catastrophic events which exceed the capacity of an individual Unit of Government to respond effectively on its own;

WHEREAS, the assistance to be provided under this Intergovernmental Cooperation Agreement ("Agreement") includes personnel, equipment and staging facilities appropriate to the nature of the catastrophic event;

WHEREAS, the foregoing purposes are best accomplished through this Agreement, with participating Units of Government making good faith efforts to provide assistance during catastrophic events when called upon pursuant to the terms of this Agreement, but without incurring liability if, in their sole discretion, they are unable or unwilling to do so;

WHEREAS, several Units of Government have, or will develop, emergency assistance contracts and agreements with private sector IT service providers and other governmental entities and nothing in this Agreement is intended to replace, supersede or take precedence over such contracts and agreements; and

WHEREAS, the program to accomplish the foregoing will be called the DuPage County Mutual Aid Technical Team ("DuMATT").

NOW THEREFORE, the undersigned public agency does hereby enter into this Agreement with each and every other public agency which signs a counterpart copy of this Agreement and contracts as follows:

1. Parties. The parties to this Agreement are:

a. the DuPage County Board;

b. the governing entities of DuPage County which are listed on the attached Exhibit 1 and have approved this Agreement in accordance with paragraph 6 or 8 below.

Collectively the foregoing are the "Parties" to, or the "Participants" in, this Agreement.

2. Legal Authority and Purpose.

a. This Agreement is made in the exercise of the Parties' rights and powers granted under Article VII, Section 10 of the Constitution of the State of Illinois, the Illinois Intergovernmental Cooperation Act, 5 ILCS 220/1 and all other rights and powers vested in the Parties by their respective governing statutes.

b. The purpose of this Agreement is to develop and implement programs (the "Programs") designed to provide mutual aid in crises, primarily arising out of disaster including, but not limited to, cyber incidents in DuPage County Units of Government. The Programs are also designed to provide training and professional development to prepare member personnel for response and recovery activities. Under no circumstances will an employee of a Party act under this Agreement in a capacity as a first responder by performing emergency rescue or response services ordinarily performed by police, fire or other governmental emergency service providers.

3. Administration.

a. This Agreement shall be administered jointly by the DuPage County Information Technology Department and the DuPage County Office of Homeland Security and Emergency Management, with the advice of the DuPage County Municipal IT Roundtable.

b. Meetings for the purpose of administering the Agreement may be called as needed, and any changes to the Agreement will be brought to the DuPage County Municipal IT Roundtable for review and comment.

c. Participants and their employees who may be assisting another Party, by entering into this Agreement, acknowledge that confidentiality and trust are expected and

required when providing mutual aid to another Unit of Government. The Parties acknowledge and agree that they shall treat the confidentiality, integrity, and availability of other Parties' data and systems as they would their own.

d. Only the affected Participant, or their designee, shall release information regarding an incident. Parties rendering mutual aid shall refer all inquiries regarding the incident to the affected Participant's representative.

4. Fiscal Matters.

a. The Programs and services of this Agreement shall be made available to the Units of Government without cost.

b. At no cost to the Units of Government, the State's Attorney shall provide the services of its personnel and resources in development and maintenance of this Agreement. Nothing in this Agreement shall be construed as requiring or enabling the DuPage County State's Attorney to act as, or provide, legal counsel for any participant in this agreement where such legal counsel is not expressly authorized by state law.

c. Each Participant is responsible for any benefits, compensation, liability insurance and Workers' Compensation insurance for its personnel that are providing authorized mutual aid to another Participant.

d. Each Participant providing facilities, materials and/or equipment to another Participant under the auspices of this agreement shall not charge for such facilities, materials or equipment and for the cost of loss or damage to the facilities, materials and/or equipment.

e. Nothing is this agreement shall operate to bar any recovery of funds from any third party, state, or federal agency under existing statutes, or other authority.

5. Insurance and Liability.

a. Each Party is responsible for obtaining insurance coverage for its participation under this Agreement, which shall be primary, and which shall waive subrogation against all other Parties. Each Party shall be responsible for Workers' Compensation insurance coverage of, and liability for, the Party's employees who participate in the Programs.

b. A Party shall not be liable to another Party:

1) for the acts or omissions of its employees providing assistance to another Party when requested under this Agreement;

2) for a Party's declination to provide assistance when requested by another Party under this Agreement.

For purposes of this paragraph 5.b., "liability" means liabilities, losses, damages, claims, demands, judgments, causes of action, costs, expenses, and reasonable attorneys' fees. Notwithstanding anything to the contrary, nothing in this Agreement voids or limits any liability protection established by law or any existing insurance coverage of the Party. Nothing in this Agreement, the actions of the Advisory Panel, or the development and implementation of the Programs shall create a duty or liability to any person or entity which is not a party to this Agreement or diminish any liability protection for the benefit of the Parties as established by law or afforded any Party's insurance coverage.

6. New Parties and Withdrawal, Suspension and Expulsion of a Party.

a. After the effective date provided in paragraph 8 below, a Unit of Government shall become a Party to this Agreement when (A) the Party's Chief Governing

Official signs the Agreement, and (B) the Agreement is received by DuMatt@DuPageCounty.gov.

b. A Party may withdraw from this Agreement by giving at least 30 days' written notice of withdrawal to DuMatt@DuPageCounty.gov.

c. By a vote of at least two-thirds of the members of the DuPage County Municipal IT Roundtable, a Party may be suspended or expelled as a Party to this Agreement, and denied participation in any of the programs, for good cause, which includes, but is not limited to, failure to meet the requirements of this Agreement or of the programs. Before expulsion or suspension, the Party shall be given a written notice summarizing the reasons for the proposed action and an opportunity to respond to the DuPage County Municipal IT Roundtable.

7. Amendment and Termination.

a. This Agreement may be amended or terminated by the affirmative vote of a majority of the Parties.

8. No Third-Party Beneficiaries

a. The Parties expressly agree that enforcement of the terms and conditions of this Agreement, and all rights of action relating to such enforcement, shall be strictly reserved to the Parties, and nothing contained in this Agreement shall give or allow any such claim or right of action by any other or third person on such Agreement, including, but not limited to, subcontractors, subconsultants, and suppliers. The Parties expressly intend that any person other than the Parties who receives services or benefits under this Agreement shall be deemed to be an incidental beneficiary only

9. Authority to Bind

a. Each Party represents that it holds the authority to enter into this Agreement and undertake the duties and obligations contemplated by this Agreement and that it has taken or caused to be taken all necessary action to authorize the execution and delivery of this Agreement.

10. No Waiver of Immunities

a. Nothing in this Agreement shall constitute a waiver by any Party of any right, privilege, immunities, or defenses, either may have, under statutory or common law, including, but not limited to, the Illinois Local Governmental and Governmental Employees Tort Immunity Act, 745 ILCS 10/1-101, *et seq*.

11. Severability

a. If any section, paragraph, clause, phrase or portion of this Agreement is for any reason determined by a court of competent jurisdiction to be invalid and unenforceable, such portion shall be deemed separate, distinct and an independent provision, and the court's determination shall not affect the validity or enforceability of the remaining portions of this agreement.

12. Effective Date and Dissolution. This Agreement shall become effective upon approval of the agreement by the DuPage County Board and its attendant subcommittees, and signature by the DuPage County Board Chair, provided at least ten of the Participants listed on the attached Exhibit 1 return Agreements signed by their Chief Governing Official to DuMatt@DuPageCounty.gov.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. The DOT only selects firms that are pre-qualified in accordance with IDOT guidelines. Requests for Statements of Interest were sent to firms throughout the industry and responses were received from 6 firms qualified to perform this work. Based on the review of the Statements of Interest, 3 firms were shortlisted and requested to submit a Statement of Qualification. The DOT reviewed each submittal taking into consideration the firm's understanding of the project, strategies to ensure timely completion of the project, experience of key personnel, experience in public and stakeholder outreach/digital presence and development of transportation planning and development for all modes. Based on a comprehensive review of the submittals, the DOT determined that the project team assembled by Civiltech Engineering, Inc. is qualified and has the staff available to perform the work on behalf of the County.

Such extension shall be that which is determined reasonable by the COUNTY upon consultation with the CONSULTANT. The CONSULTANT shall accept and bear all other costs, expenses and liabilities that may result from such delay.

PROFESSIONAL SERVICES EXCLUDED PER DUPAGE ORDINANCE (SECTION 2-353) AND 50 ILCS 510/2 (ARCHITECTS, ENGINEERS & LAND SURVEYORS)

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. Requests for Statements of Interest were sent to firms throughout the industry. Statements of Interest were received from 14 firms. Based on the review of the Statements of Interest, 4 firms were shortlisted and requested to submit a Statement of Qualification. The DOT staff reviewed each submittal taking into consideration the firm's technical approach and key considerations, staff organization and key staff capabilities, strategies to ensure timely completion and the firm's approach to communicating & coordinating with project stakeholders. Based on a comprehensive review of the submittals, the DOT staff determined that the project team assembled by FGM Architects, Inc. was most qualified and had the staff available to perform the work on behalf of the County.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Award a contract to FGM Architects, Inc. This is the recommended option. 2. Contract with another firm. Not recommended due to staff's determination that FGM Architects, Inc. is the most qualified. 3. Do not award a contract. Not recommended as the DOT does not posses the staff resources to perform this work and must contract for these services.

7.2. Total payments to the CONSULTANT under the terms of this AGREEMENT shall not under any circumstances exceed $2,205,584.00. This amount is a “not to exceed” amount. 7.3 For services performed by the CONSULTANT, the COUNTY shall pay the cost-plus fixed fee noted in Article 7.2 above. If the Illinois Department of Labor revises the prevailing rates of wages to be paid, as listed in the specification of rates, the CONSULTANT may not pay less than the revised rates of wages. Current wage rate information shall be obtained by calling the Illinois Department of Labor at 312-793-2814 or visiting http://www.state.il.us/agency/idol/. It is the respon-sibility of the CONSULTANT to review the rates applicable to the work in this AGREEMENT, at regular intervals, in order to ensure the timely payment of current rates. Provision of this information to the CONSULTANT, by means of the Illinois Department of Labor web site, satisfies the notification of revisions by the COUNTY to the CONSULTANT pursuant to the Act, and the CONSULTANT agrees that no additional notice is required. When requested by the COUNTY, the CONSULTANT shall submit certified time sheets as additional documentation for the invoiced services.

7.7 Upon approval of properly documented invoices, the COUNTY shall reimburse the CONSULTANT the amount invoiced for services completed in accordance with this AGREEMENT, provided that the amount invoiced together with the amounts of previous partial payments do not exceed the total compensation specified in this AGREEMENT. The COUNTY may not deny a properly documented claim for compensation, in whole or in part, without cause. The COUNTY shall pay all invoices pursuant to 50 ILCS 505, “Local Government Prompt Payment Act.”

7.8 In the event of any overcharge by the CONSULTANT, the CONSULTANT shall refund the COUNTY within thirty (30) days of discovery of said overcharge by the CONSULTANT or notice to the CONSULTANT by the COUNTY. The COUNTY reserves the right to offset any overcharges against any amounts due and owing the CONSULTANT under this or any other AGREEMENT between the parties. The COUNTY shall be entitled to the statutory interest rate for judgments under Illinois law for any overcharges not timely refunded (or credited) in accord with this provision, which interest shall be in addition to any other remedies the COUNTY may have under the law or this AGREEMENT.

The COUNTY retains the right to obtain evidence of sub-consultants insurance coverage at any time.

Pursuant to Illinois law, any attorney representing the COUNTY, under this paragraph or paragraph 9.1, who is not already an Assistant State's Attorney, is to be appointed a Special Assistant State's Attorney, in accordance with the applicable law. The COUNTY'S participation in its defense shall not remove the CONSULTANT'S duty to indemnify, defend, and hold the COUNTY harmless, as set forth above.

In the event any errors or omissions are detected after the expiration or termination of the AGREEMENT, the CONSULTANT may at the COUNTY'S option have the responsibility to cure same under this provision.

10.4 Acceptance of the work shall not relieve the CONSULTANT of the responsibility for the quality of its work, nor its liability for loss or damage resulting from any errors, omissions, or negligent or willful acts by the CONSULTANT or its sub-consultants.

11.0 BREACH OF CONTRACT

11.1 In the event of any breach of this AGREEMENT, the non-breaching party shall give notice to the breaching party stating with particularity the nature of the alleged breach, and the breaching party shall be allowed a reasonable opportunity to cure said breach. Notwithstanding the above term, the CONSULTANT'S failure to maintain insurance in accordance with Section 8.0, above, or in the event of any of the contingencies described in Paragraph 16.1 below, shall be grounds for the COUNTY'S immediate termination of this AGREEMENT. Any breach of any covenant or term of this AGREEMENT by one or more of the CONSULTANT'S sub-consultants shall be deemed a breach by CONSULTANT subject to the terms of this AGREEMENT.

12.0 OWNERSHIP OF DOCUMENTS

13.1 The CONSULTANT, and sub-consultant(s), shall comply with Federal, State and Local statutes, ordinances and regulations and obtain permits, licenses, or other mandated approvals, whenever applicable.

13.2 The CONSULTANT, and sub-consultant(s), shall not discriminate against any worker, job applicant, employee or any member of the public, because of race, creed, color, sex, age, handicap, or national origin, or otherwise commit an unfair employment practice. The CONSULTANT, and sub-consultant(s), shall comply with the provisions of the Illinois Human Rights Act, as amended, 775 ILCS 5/-101, *et seq*., and with all rules and regulations established by the Department of Human Rights.

The CONSULTANT has also executed the attached Ethics Disclosure Statement that is made a part hereof and agrees to update contribution information on an ongoing basis during the life of the AGREEMENT as required by said Ordinance.

13.5 The CONSULTANT covenants that it has no conflicting public or private interest and shall not acquire directly or indirectly any such interest which would conflict in any manner with the performance of the CONSULTANT'S services under this AGREEMENT.

13.6 **In accordance with the Vendor Information Reporting Act (35 ILCS 200/18-50.2),** the COUNTY is required to collect and electronically publish data from all consultants and subconsultants as to: (1) whether they are a minority-owned, women-owned or veteran-owned business as defined by the Business Enterprise for Minorities, Women and Persons with Disabilities Act (30 ILCS 575/.01 *et seq.*); and (2) whether the consultant or any subconsultants are self-certifying or whether they hold certifications for those above-referenced categories. If self-certifying, the consultants and subconsultants shall disclose whether they qualify as a small business under federal Small Business Administration standards. **In compliance with the Vendor Information Reporting Act, within 60 calendar days of the COUNTY'S award of the contract for work covered under this AGREEMENT, the awarded consultant, and each subconsultant, must complete the Awarded Vendor Questionnaire (found at https://mwv.dupageco.org/).**

15.2 The CONSULTANT shall not perform any work under this AGREEMENT after the expiration date set forth in Paragraph 15.1(b), above or after the early termination of this AGREEMENT. The COUNTY is not liable and will not reimburse the CONSULTANT for any work performed after the expiration or termination date of the AGREEMENT. However, nothing herein shall be construed so as to relieve the COUNTY of its obligation to pay the CONSULTANT for work satisfactorily performed prior to expiration or termination of the AGREEMENT and delivered in accordance with Paragraph 6.1, above.

15.3 The term for performing this AGREEMENT may be amended by a Change Order, or other COUNTY designated form, signed by both parties without formal amendment pursuant to paragraph 14.1 above.

16.0 TERMINATION

16.1 Except as otherwise set forth in this AGREEMENT, either party shall have the right to terminate this AGREEMENT for any cause or without cause thirty (30) days after having served written notice upon the other party, except in the event of CONSULTANT'S failure to maintain suitable insurance at the requisite coverage amounts, insolvency, bankruptcy or receivership, or if the CONSULTANT is barred from contracting with any unit of government or is subsequently convicted or charged with a violation of any of the statutes or ordinances identified in Section 13.0, above, in which case termination shall be effective immediately upon receipt of notice from COUNTY at COUNTY'S election.

16.2 Upon such termination, the liabilities of the parties to this AGREEMENT shall cease, but they shall not be relieved of the duty to perform their obligations up to the date of termination, or to pay for services rendered prior to termination. There shall be no termination expenses.

Subject: DuPage County Division of Transportation
Highway Maintenance Facility – Construction Administration Project Scope
Section# 25-00179-36-MG

Dear Mr. Travia,

We are excited to continue working with the DuPage County Division of Transportation (DuDOT) on the construction of the new building to replace existing building located at 140 N. County Farm Road in Wheaton, Illinois (140 Building). The project will include all the functions currently at the 140 Building with the addition of relocating DuDOT Administration and Engineering offices to the building. The project includes the following facilities/scope: HMF Facility, HMF Yard and storage, Salt Building, Wash Building, Fueling station, Parking Garage Lobby/ Elevator, North ring road improvements, Fairgrounds Restroom facility, & Fairgrounds Parking lot improvements. We recognize that the East Side Campus Improvements (ESCI) , sanitary relocation and greenspace restoration for the fairgrounds, has been addressed fully under the previous contract. This proposal provides for the construction administration for the project. We also understand that we will be working with an Owner's representative, RM. Chin, throughout the project and the project has been bid and will be awarded to a general contractor. We have completed the Design and Engineering for the projects.

The scope of the project is as follows:

A. Construction Administration Services

Bidding Services

1. Projects have been under previous contract and Bidding services were mostly addressed under previous contract. There is time included in this contract still to address ongoing permitting issues that have developed regarding the Intergovernmental Agreement (IGA) between County and City. This is the first project under this agreement, and protocols are still being determined. The size and complexity of this project has contributed to the slower process, and additional time and effort has been required. It is anticipated that more time and process would be necessary to move the project forward.

Furniture and Furnishings Design and Procurement Services

1. FGMA will meet with the Owner to identify furniture and furnishing requirements for the HMF Building.

fgma

2. After establishment of requirements, FGMA will make initial furniture and furnishing recommendations including material and color selections and review with the Owner. Furniture and furnishings selections will be made from manufacturers products that are available through state purchase agreements.
3. FGMA will refine furniture and furnishings recommendations until final selections are made.
4. FGMA will generate procurement documents based off state purchase agreements and will administer the ordering process.
5. FGMA will review furniture and furnishings submittals and shop drawings.
6. We will assist in coordinating delivery schedules and installation with the Owner and Contractor.
7. We will review the installation and prepare a punch list of corrective work required.

Construction Administration Services

1. Review submittals, shop drawings, and material samples as specified for compliance with the construction documents.
2. Attend Owner/Architect/Contractor (OAC) site visits weekly during the critical initial phase of construction. Afterwards, FGMA will visit the site every other week until construction is completed. We have included a total of (80) OAC meetings.
3. FGMA will respond to contractor Requests for Information (RFI's).
4. Review change order requests and prepare change orders as required for the project.
5. We will review contractor payout requests.
6. FGMA with the Owner and Contractor will review the project substantial completion and prepare punch lists. We anticipate three punch list meetings – grouping buildings/projects together. The third punchlist will be at Owner's discretion for timing in order to turn over buildings quickly as necessary.
7. The services of a geotechnical consultant to perform geotechnical and material testing services during construction is included.
8. The services of testing professional has been included.
9. FGMA will generate Record Documents incorporating addenda and design changes during construction and provide an electronic copy to the Owner.
10. FGMA will collect Closeout Documents from the Contractor and review for completeness. This will include the As-Built documentation provided by Contractor..
11. FGMA with the Owner and Contractor will provide a review of the project 10 months after Substantial Completion for any warranty correction items that will need to be addressed.

Anticipated Project Schedule

1.	May 2026:	Contract Award
2.	June 2026- November 2026	Submittals / Shop Drawings / Ordering of Materials
3.	July 2026	Begin Construction
4.	May 2028	Substantial Completion
5.	June 2028:	Final Completion
6.	June-July 2028	Closeout

Total Project Duration = 24 months.

Verification of the commissioned equipment and systems consists of testing to confirm they perform the intended functions through various modes of operation. Tests are typically performed by overriding temperature, flow, and pressures, or adjusting setpoints in the building control system (or at the local controls for standalone controlled equipment) to simulate conditions in the sequence of operations. The response of the system will be observed at the graphic workstation or in the field and documented on test procedure forms.

We propose the following scope of work from construction through occupancy phases:

Construction Phase

Conduct up to thirteen (13) commissioning meetings and distribute minutes to the Commissioning Team (Owner, design team, and involved contractors).

- Conduct one (1) web-based Kickoff Meeting where the commissioning process requirements are reviewed with the Commissioning Team.
- Conduct up to seven (7) additional web-based and five (5) on site Construction Phase Commissioning Meetings. These meetings will support the Commissioning Process for determining schedule, issues log management, and functional test scheduling.

Coordinate the commissioning work with the General Contractor to ensure that commissioning activities are included in their master schedule. We will coordinate and direct commissioning activities in a logical and efficient manner using regular communication and collaboration with all necessary parties.

Perform up to five (5) site visits, as coordinated with the above-mentioned meetings, during construction to observe component and system installations. IMEG will issue a Field Observation (FO) Report after each site visit.

Maintain a Commissioning Issues Log.

Concurrent with the A/E reviews, IMEG will review all commissioning-related construction documents.

- Documents included: Shop Drawings, Contractor Field Quality Control Reports (pipe pressure tests, duct pressure tests, equipment start-up reports, Test and Balance reports, controls point to point checkout report, etc.), Operations and Maintenance Manuals, RFIs, and Change orders.

- Provide comments to the Engineer of Record (EOR) to allow the EOR to evaluate the comments and include with their review. The submittal review process will be established during the Cx Kickoff Meeting.

Develop project and equipment specific checklists based on the project documents, submittals, and lessons learned. These documents will be managed and completed by the contractors and then accepted by the Commissioning Authority (CxA). Statistically sample completion of construction checklists on a periodic basis to verify the contractor's progress.

Develop project and equipment specific Functional Performance Test (FPT) procedures based on the project documents, submittals, and lessons learned.

- With necessary assistance and review from installing contractors, we will customize the test procedures and submit to the Design and Construction Teams for review.

- These documents will be executed by the vendors, subcontractors, and IMEG. IMEG will manage and document.

- IMEG will defer acceptance of the related systems and equipment on the Owner's behalf until after successful completion of the FPTs.

Perform Functional Procedures during both the heating and cooling season; however, some overwriting of control values to simulate conditions may be used if appropriate.

- We have included an allowance of fourteen (14) hours for retesting.

- Any additional needed retesting will be performed as an additional service to the Owner.

- Identify all seasonal testing required and identify in Commissioning Issues Log.

Occupancy and Operations Phase

Verify the Systems Manual has been compiled by the contractor and delivered to the Owner.

Review and comment on the contractor's operations and maintenance manuals, training plan, and training record for the commissioned equipment.

Schedule and verify any deferred seasonal testing by the contractor. We have included an allowance of one (1) day on site for seasonal testing.

Develop a Final Commissioning Report. Our final deliverable will encompass all commissioning project documentation.

Conduct a Warranty Phase Review: Return to the site ten (10) months after occupancy to review current building operation and any open issues related to the original and seasonal commissioning with facility management staff. Document open issues on an updated Issues Log and distribute to relevant parties for resolution. Prepare a report that identifies all outstanding commissioning-related issues and include a

plan for resolution. Resolution plan will require assistance of the Design and Construction Teams. We have included one (1) day on site for warranty phase review.

Assumptions

- IMEG will complete the services indicated above but will require the contractors to operate the systems and provide any required specialized equipment.
- IMEG will be given remote viewing access to the building automation system during the testing phase. This allows IMEG to comprehensively evaluate longer term trending of systems performance.

The following are not included in the above services:

- Commissioning of systems, equipment, or quantities not listed in the Proposal.
- Field testing, adjusting, and balancing (TAB) or field time to assist TAB contractor. Initial startup is the responsibility of the various contractors and/or subcontractors.
- Verifying accuracy or completeness of record documents.
- Review contractors' training program to be presented to the Owner.
- Perform systems level overview training, which provides design intent and systems operations to the maintenance personnel.
- Support the Owner with development of specific equipment maintenance activities. Coordinate activities within the Owner's Computerized Maintenance Management System (CMMS).

Compensation

We propose to provide the services described above on a cost plus fixed fee basis using the pre-approved IDOT rates, with a not-to-exceed fee of **$102,557**. See attached fee (BDE 3604) and expense (BDE 436) forms for additional details on the hours, rates, and expenses.

Project Expenses

The following reimbursable expenses are not included in the above fee and will be invoiced at cost or the approved IDOT rate:

- Travel expense: Automobile mileage will be invoiced at the IRS rate in effect at the time of travel. Travel expenses include mileage and rental car costs.
- CxAlloy commissioning software monthly expense ($100/month)

Closing

The attached Terms and Conditions dated 09.2024 are made a part of this Proposal. This Proposal is valid for 45 days from the date of this offer.

We will begin our services following acceptance of this Proposal for Services. Acceptance may be conveyed via email or by signing this offer and returning it to our office. Notwithstanding the foregoing

sentence, if you or members of your firm engage IMEG for services for the referenced project, either verbally or by actions that imply acceptance of this Proposal, such as providing drawings, submitting questions, requesting engineering information, etc., without returning a signed copy of this Proposal, it is expressly agreed that acceptance of all terms and conditions of this Proposal will be implied and contractually binding.

RE: Ecological and Stormwater Services – Construction Administration Phase, DuDOT at DuPage County East Campus, DuPage, IL

Dear Beth and Jason:

Thank you for the opportunity to provide stormwater engineering and ecological consulting services during the Construction Administration phase of the new DOT facility on the east campus of the DuPage County government center in Wheaton. Our Scope of Services and Proposed Compensation is attached, along with our standard rates. We look forward to working with your team on this project. Please let us know if you have any questions or wish to discuss.

PROJECT UNDERSTANDING, SCOPE OF SERVICES, & COMPENSATION

FGM and its civil engineering subconsultant, Clark Dietz ("CD") are providing services to DuPage County Department of Transportation to design a new DOT facility at the north end of the existing DuPage County Fairgrounds site, located east of County Farm Road and north of Manchester Road. Construction of the site improvements will be executed by an independent contractor working on behalf of DuPage County. This contractor is responsible for all means and methods to execute the work in accordance with the project documents.

FGM seeks V3's services on an on-call basis during the Construction Administration phase of the project. It is expected that the services V3 may be asked to provide will be related to stormwater or ecological design or permitting issues which are encountered during the Construction Administration phase of the project, but are not foreseen at the time of this contract. The services may include the following:

1. Review submittals, shop drawings, and material samples as specified for compliance with the construction documents, when requested. The review shall be performed only for conformance with the design concept of the project and compliance with the information provided in the contract documents. Such reviews or other action shall not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto.

2. Attend Owner/Architect/Contractor (OAC) site visits when requested.

3. Respond to contractor Requests for Information (RFI's) when requested.

4. Perform ecological consulting services and/or stormwater consulting services when requested.

Services under this contract shall only be performed as directed by Client. No work shall be performed under this task unless directed by the Client. Prior to initiating any work, V3 shall review the request and provide an estimated level of effort and fee to the Client. Work shall be performed on a time and material basis not to exceed the limit of this task. If a requested work item is expected to exceed the limit of the task, then the Client shall be notified prior to initiating work. If desired, the work shall be performed as an Additional Service.

For these on-call services: compensation shall be a fee on a time and materials basis, based on the actual hours expended by V3's employees engaged direction on the project multiplied by V3's Billing Rates hereto, with a budgetary maximum of $15,016, plus an additional $1,000 for Direct Costs, for a total of $16,016.

For any Additional Services that may be requested: the work shall be performed on a time and materials basis, based on the actual hours expended by V3's employees engaged direction on the project multiplied by V3's Billing Rates hereto.

V3 shall be compensated for 100% of reimbursable expenses such as printing, postage, messenger service, parking fees, travel, mileage and other similar, project-related items.

CLIENT will be invoiced on a monthly basis. Payment shall be made within thirty (30) days from date of invoice.

MISCELLANEOUS CONTRACTUAL ITEMS

In the event V3 is hindered, delayed, or prevented from performing its obligations under this Agreement as a result of any cause beyond its reasonable control, including but not limited to delays due to power or data system outages, acts of nature, public health emergencies including but not limited to infectious disease outbreaks and pandemics, governmental orders, or directives, failure of any governmental or other regulatory authority to act in a timely manner, failure of the Client to furnish timely information or approve or review Consultant's services or design documents, delays caused by faulty performance by Client's contractors or consultants, or other unforeseen conditions, the time for completion of Consultant's services shall be extended by the period of resulting delay and compensation equitably adjusted. Client agrees that Consultant shall not be responsible for damages, nor shall the Consultant be deemed in default of this Agreement due to such delays.

This agreement together with the General Terms and Conditions represents the entire understanding between CLIENT and V3. If the terms of this agreement are found to be satisfactory, please sign this agreement in duplicate in the space provided below and return one copy to our office.

The fee and completion schedule stated herein is valid for 30 days from the date of proposal. If the 30 days has expired, V3 reserves the right to renegotiate the fee and/or completion schedule with the CLIENT.

Sincerely,

V3 COMPANIES
