Subject: Removal of Henry Hyde tribute

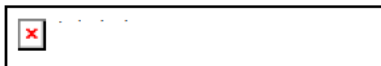

Comment:

Henry Hyde received this award for his tireless work to end taxpayer funding of abortion. It was & is a commendable effort to stop taxpayers having their tax dollars go for the horrendous crime of abortion.
There is no reason to end this tribute. He is right to stop the taxpayers being forced to fund the killing of unborn children. And in time, he will be exonerated.
I respectfully submit my request that his tribute be left "honored".

Comment:

This is a very passionate request for Henry Hyde's name be reinstated at the Wheaton Court House.

I can't believe that this can happen to the memory of a Great American who dedicated himself to the sanctity of human life and the United States.

I pray that the name of Henry Hyde would not be dishonored.

Thank you for your consideration to this matter.

Subject: Removal of Henry Hyde's name from the DuPage county courthouse.

Comment:

I think it's deplorable that Henry Hyde's name was removed from the DuPage county courthouse. Representative Hyde was an outstanding politician who did many great things for the county of DuPage. He was not just a one issue politician. The Hyde amendment, which he initiated, is a common sense amendment. Whether you are for abortion or not, most people don't want their tax dollars to fund abortion. There are many other ways this money can be put to use without forcing people who have religious objections with abortion to be forced to pay for it with their hard earned tax dollars. Studies have shown that

even people who support abortion don't want their tax dollars use to fund it. I would like to strongly urge you to reverse this horrible decision and put Mr. Hyde's name back on the courthouse. Thank you for hearing me.

Comment:

The longtime Congressman, who represented Illinois honorably, was canceled and had this honor taken from him purely because he stood for Life. This is the small mindedness of the Dupage County Board. You talk about being inclusive, but the truth is that whomever does not follow your mindset and beliefs, you seek to eliminate. That is not how a democratic republic works. When will people in PUBLIC service realize that you can not just wipe away history?
