The undersigned agree that Services shall be conducted pursuant to the terms and conditions of the above- referenced County Report and Contract and by the following terms and conditions:

1. DESCRIPTION OF THE HEALTH DEPARTMENT'S'S WORK:

A. Behavioral health evaluation shall be completed by the Health Department of all referred Probation Department clients.

- The Health Department Therapist will be consulted to identify potential clients either during or prior to the intake phase who would benefit from specialized mental health services. These consultations could be done in person, telephonically or as part of staffings. This may be needed when the client and a community visit would assist with stability, when the client's level of engagement is low and meeting in the community would increase the likelihood of participation and follow-through or when the initial contact with the client is proving difficult to complete. These contacts can also be done at the Probation Department in conjunction with a probation office report or in the community accompanied by the probation officer.
- All behavioral health evaluations shall be completed within fifteen (15) business days of the referral from the Probation Department to the Health Department. - In the event the behavioral health evaluation appointment is not completed within thirty business (30) days, the Health Department will provide a written summary to the Probation Department of all attempts to schedule the mental health assessment. The Health Department and Probation Department may then mutually agree to terminate the referral. However,

any mental health assessments not actually completed shall not count against the total number of mental health assessments provided under paragraph B (b) of this Exhibit under this Agreement.

- A written summary of each completed mental health assessment shall be provided to the Probation Department within ten (10) business days of the mental health assessment.

These staffings may also include non-SNAP clients where similar behaviors are observed or exhibited.
