<i>Overview</i>			
DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.). This procurement covers the purchase of various technology equipment for WDD staff, including laptops, docking stations, monitors, a TV and cart for conference room use, and an all-in-one desktop computer. Equipment was sourced through a cooperative agreement, but is also lowest responsible. Total procurement cost is \$56,281.58.			
JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished This procurement provides updated hardware capable of supporting current applications and AI-intensive tools that may be adopted in the future, while enabling the WDD to retire aging equipment and implement a streamlined single-device policy. The conference room display supports public-facing workshop delivery. The all-in-one PC will upgrade the current accessible technology workstation in the resource room for participant use, supporting equal access obligations.

DECISION MEMO NOT REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
DECISION MEMO REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.
COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING	

SECTION 3: DECISION MEMO	
SOURCE SELECTION	Describe method used to select source. Priced equipment from 3 vendors. All offer pricing through cooperative agreements, but CDW had lowest price.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Do not buy equipment 2. Select different equipment It is our recommendation to purchase the equipment as specified. Current WDD staff equipment is underperforming relative to the demands of existing workforce tools and case management systems, with hardware limitations — including insufficient memory — that present a barrier to adopting emerging technologies, including AI-enabled tools the county is actively exploring. Replacement now positions WDD to meet current and near-term operational needs without further performance degradation.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION

JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.
