## Executive summary

Thank you for the opportunity to present our renewal proposal for ETSB's property casualty insurance program effective December 19, 2024 to December 19, 2025

In 2024, the insurance market for public entities continues to be challenging. Exposures unique to public entities are still heavily scrutinized by underwriters due to hyper social inflation and nuclear verdicts as well as law enforcement and SAM exposures. We are happy to report that our renewal proposal reflects an overall premium reduction over 2023. Following are the results by line of coverage.

### **Commercial Package**

We are pleased to present renewal terms with your expiring carrier National Union Fire Insurance Company of Pittsburgh, PA. The program limits, terms, conditions remain unchanged except for the increased property and decreased equipment values.

### **Cyber Liability**

We are pleased to present the renewal quotation from Hudson Excess Insurance Company. All terms and conditions remain as expiring except they have included an updated Biometric information exclusion definition. I've included a copy for your reference. We did approach six additional carriers and they declined due to the nature of your operations. The premium for this renewal remains flat and we are pleased with this outcome.

This is a very favorable renewal that wouldn't have been possible without the cooperation of the ETSB team in providing us with the detailed underwriting information and great loss history which helped us achieve this great result.

Thank you for the opportunity to present this renewal proposal. We appreciate your choosing Alliant to service your insurance and risk management needs.

### NAMED INSURED DISCLOSURE

- The first named insured is granted certain rights and responsibilities that do not apply to other policy named insureds and is designated to act on behalf of all insureds for making policy changes, receiving correspondence, distributing claim proceeds, and making premium payments.
- **Are ALL entities listed as named insureds?** Coverage is **not** automatically afforded to all entities unless specifically named. Confirm with your producer and service team that all entities to be protected are on the correct policy. Not all entities may be listed on all policies based on coverage line.
- Additional named insured is (1) A person or organization, other than the first named insured, identified as an insured in the policy declarations or an addendum to the policy declarations. (2) A person or organization added to a policy after the policy is written with the status of named insured. This entity would have the same rights and responsibilities as an entity named as an insured in the policy declarations (other than those rights and responsibilities reserved to the first named insured).
- Applies to Professional Liability, Pollution Liability, Directors & Officers Liability, Employment Practices Liability, Fiduciary Liability policies (this list not all inclusive). Check your Policy language for applicability. These policies provide protection to the Named Insured for claims made against it alleging a covered wrongful act. Coverage is not afforded to any other entities (unless specifically added by endorsement or if qualified as a "Subsidiary" pursuant to the policy wording) affiliated by common individual insured ownership or to which indemnification is otherwise contractually owed. If coverage is desired for affiliated entities or for contractual indemnities owed, please contact your Alliant Service Team with a full list of entities for which coverage is requested. With each request, include complete financials and ownership information for submission to the carrier. It should be noted, that the underwriter's acceptance of any proposed amendments to the policy, including expansion of the scope of "Insureds" under the policy could result in a potential diminution of the applicable limits of liability and/or an additional premium charge.

Insurance producers are authorized by their license to confer with insurance purchasers about the benefits, terms and conditions of insurance contracts; to offer advice concerning the substantive benefits of particular insurance contracts; to sell insurance; and to obtain insurance for purchasers. The role of the producer in any particular transaction typically involves one or more of these activities.

Compensation will be paid to the producer, based on the insurance contract the producer sells. Depending on the insurer(s) and insurance contract(s) the purchaser selects, compensation will be paid by the insurer(s) selling the insurance contract or by another third party. Such compensation may vary depending on a number of factors, including the insurance contract(s) and the insurer(s) the purchaser selects. In some cases, other factors such as the volume of business a producer provides to an insurer or the profitability of insurance contracts a producer provides to an insurer also may affect compensation.

The insurance purchaser may obtain information about compensation expected to be received by the producer based in whole or in part on the sale of insurance to the purchaser, and (if applicable) compensation expected to be received based in whole or in part on any alternative quotes presented to the purchaser by the producer, by requesting such information from the producer.

## Other Disclosures / Disclaimers - Continued

### Certificates / Evidence of Insurance

A certificate is issued as a matter of information only and confers no rights upon the certificate holder. The certificate does not affirmatively or negatively amend, extend or alter the coverage afforded by a policy. Nor does it constitute a contract between the issuing insurer(s), authorized representative, producer or certificate holder.

You may have signed contracts, leases or other agreements requiring you to provide this evidence. In those agreements, you may assume obligations and/or liability for others (Indemnification, Hold Harmless) and some of the obligations that are not covered by insurance. We recommend that you and your legal counsel review these documents.

In addition to providing a certificate of insurance, you may be required to name your client or customer on your policy as an additional insured. This is only possible with permission of the insurance company, added by endorsement and, in some cases, an additional premium.

By naming the certificate holder as additional insured, there are consequences to your risks and insurance policy including:

- Your policy limits are now shared with other entities; their claims involvement may reduce or exhaust your aggregate limit.
- Your policy may provide higher limits than required by contract; your full limits can be exposed to the additional insured.
- There may be conflicts in defense when your insurer has to defend both you and the additional insured.

***See Request to Bind Coverage page for acknowledgment of all disclaimers and disclosures.***

### *Valuation Basis*

VFIS insures property on a **guaranteed replacement cost (GRC)**, **replacement cost (RC)**, **actual cash value (ACV)** or **functional replacement cost (FRC)** basis. The Schedule of Limits shows how your property was quoted.

## PROPERTY – COVERAGE HIGHLIGHTS

*The following apply unless noted otherwise in this proposal:*

### Loss of Income

Protects your organization's loss of income if your operations are interrupted because of a covered loss to your buildings or contents.

Includes increased time due to enforcement of an ordinance or law.

No dollar limit; covers the actual loss of income you sustain during the period of restoration for up to 24 months.

**Example:** Because of serious wind damage to the roof of the fire station, a volunteer fire company is unable to hold the twice-weekly bingo games they count on to fund their operations. This coverage would pay for the lost income until the roof is repaired and the bingo games can resume.

### Extra Expense

Protects your organization from extra expense you incur if your operations are interrupted because of a covered loss to your buildings or contents, provided the extra expense is necessary to minimize your down-time and continue operations.

Includes increased time due to enforcement of an ordinance or law.

No dollar limit; covers the extra expense (over and above your normal operating expense) incurred during the period of restoration for up to 24 months.

**Example:** An ambulance squad suffers a total loss to their main garaging location due to a fire. In order to continue responding to calls, they must lease space from the local municipality for the time it takes to rebuild their garage. This coverage would pay for the extra costs (rent, phone installation, furniture leasing and so forth) needed to do so.

### Utility Service Interruption

Loss of Income and extra expense is extended to cover an interruption in utility services to your premises, if utility interruption occurs as a result of a covered cause of loss.

Subject to a 72 hour waiting period.

### Ordinance Coverage

Applies to buildings insured on a guaranteed replacement cost basis or on a replacement cost basis.

Will pay for the loss of value of the undamaged portion of a building that must be torn down, following a covered loss, because of applicable local, state or federal building codes. If the building is written on a replacement cost basis, the amount paid for such loss is included in your building limit and does not increase it.

Will pay for the cost to demolish the undamaged portion of the building, clear the site, and repair or rebuild according to code. These costs are covered up to 100% of the amount paid for the initial direct physical loss or damage to the building.

**Examples** of costs covered by this extension include updated electrical systems to comply with local building codes, or improved rest room facilities that are accessible to disabled people.

## Descriptions

**Guaranteed replacement cost** pays to replace your property, without deduction for depreciation, even if the replacement cost is greater than the limit on the policy. Here's an example:

	<u>With GRC</u>	<u>Without GRC</u>
<b>Policy limit:</b>	\$100,000	\$100,000
<b>Actual cost to replace:</b>	\$125,000	\$125,000
<b>Policy pays:</b>	\$125,000	\$100,000
<b>You would have to pay:</b>	\$0	\$25,000

**Replacement cost** pays to replace your property, without deduction for depreciation, but is subject to the limit on the policy.

**Actual cash value** pays the cost to replace your property, subject to depreciation and subject to the limit on the policy.

**Functional replacement cost** pays to replace your property with similar property intended to perform the same function, when replacement with identical property is impossible or unnecessary; it's subject to the limit you select.

## GENERAL LIABILITY – COVERAGE HIGHLIGHTS

*The following apply unless noted otherwise in this proposal:*

### **Volunteers and Employees as Insureds**

Covers all volunteers (whether or not they are members of your organization) and employees are covered while acting on behalf of your organization.

Other insureds include your officers, directors, commissioners or trustees.

Also included are the owners of any property you commandeer.

VFIS coverage is primary for all of the above insureds, not excess of any personal insurance that may apply.

Your medical director (if any) is an insured for actions taken on your behalf, with these stipulations:

1. Coverage doesn't apply to liability arising from any physician's providing or failing to provide on-line medical direction or medical command via a telecommunications device, and
2. Hands-on treatment of a patient by a physician is excess of any medical malpractice insurance carried by the physician.

### **Blanket Additional Insureds**

Automatically covers any person or organization required by contract to be an additional insured, but only for their liability arising out of your premises or operations.

The contract must be in effect before the injury or damage occurs.

### **Fellow Member Liability**

Covers your volunteers and employees should they accidentally injure a co-volunteer or co-employee while working on your behalf.

Note that the protection applies to the individual against whom the claim is made, whether or not a claim is made against you (the insured organization).

### **"Good Samaritan" Liability**

Covers your volunteer members and employees for liability arising from actions on their own to render services at the scene of an emergency requiring immediate action.

Applies to professional health care or any other services.

To qualify as a "Good Samaritan," the individual must act independently of your organization or any other organization.

### **Unlimited Defense Costs**

The cost to defend you against covered claims is the responsibility of the company and will not erode your liability limits.

### **Intentional Acts**

Provides liability protection if, in an attempt to save lives or protect property, your volunteers or employees intentionally cause bodily injury or property damage.

**Example (bodily injury):** A distraught relative of a heart attack victim must be restrained in order for you to administer care to the patient, and in the process the relative is injured.

**Example (property damage):** In order to gain access to a small fire in one apartment unit, a firefighter breaks down a door to a different unit that is not in imminent danger.

**"Claims made" basis**

- This means that coverage is provided only for claims that are reported during the policy period, regardless of when the incident giving rise to a claim occurred. VFIS covers claims arising from incidents that occurred prior to the initial policy period as long as you had no reason to suspect that a claim might be presented as a result of the incident.
- If you are aware of any such incidents, be sure to report them to your agent immediately.

**A signed and dated application is required before coverage can be bound.**

**"Occurrence" basis**

- This means that coverage is provided only for claims arising out of incidents that occur during the policy period, regardless of when the claim is eventually reported.
- You should not purchase occurrence coverage unless:
  - You are currently insured on an occurrence basis, or
  - You are currently insured on a claims made basis and you have decided to purchase a supplemental extended reporting period from your current carrier.

- **Cyber Liability** protects you when claims are made against you for monetary damages arising out of an electronic information security event.

## MANAGEMENT LIABILITY – COVERAGE HIGHLIGHTS

Management Liability coverage protects you against claims for monetary damages arising out of:

**Employment-related practices**, such as wrongful termination, failure to promote or sexual harassment.

*Example:* A paid firefighter is terminated in July of 1999, and she is unable to find other similar employment until January of 2001. At a trial held later that year, she is successful in proving that she was wrongfully terminated and is awarded lost wages for the eighteen months she was unemployed. The organization’s liability for these wages would be covered; liability for back wages, overtime or similar damages required by law or regulation are the obligation of the organization and would not be covered. This coverage would provide you with the cost of your legal defense, and pay an award up to the limit of liability.

Errors in the **administration of employee benefit plans**, such as Accident and Sickness coverage, Group Life or Workers' Compensation.

*Example:* A paramedic covered under an Accident & Sickness policy gives instructions to the squad’s insurance administrator to name his daughter as his beneficiary. Following his death from an on-the-job traffic accident, his daughter learns that she is not entitled to any benefits under the policy because the change of beneficiary card was misplaced and never processed. She brings suit to recover the money she would have received had the change of beneficiary been handled properly. This coverage would provide you with the cost of your legal defense, and pay an award up to the limit of liability.

Other **wrongful acts** not specifically excluded.

*Example:* A taxpayer group brings suit against their fire district and its commissioners, alleging the improper spending of public funds. They argue that the commissioners have wasted their tax money by purchasing a state-of-the-art aerial device for \$750,000 even though there are no structures in the district more than two stories tall. This coverage would provide you and your commissioners with the cost of your legal defense, and pay an award up to the limit of liability.

*Example:* Bids are solicited from outside contractors to build a new ambulance garage. The lowest bid is not accepted, even though it was made by a fully qualified contractor of good reputation. The contractor sues the ambulance district, arguing that his bid was rejected for no good reason and alleging favoritism in the awarding of the contracts. This coverage would provide you with the cost of your legal defense, and pay an award up to the limit of liability.

## MANAGEMENT LIABILITY – COVERAGE HIGHLIGHTS

The following apply unless noted otherwise in this proposal:

### Defense Expense for Injunctive Relief

A plaintiff may sue your organization not for money but to require action of some type. They’re seeking injunctive relief; they want your organization to do something or to stop doing something.

This automatic coverage will reimburse your organization up to \$100,000 for reasonable legal fees incurred in your defense.

**Example:** A person who was denied volunteer membership by you brings legal action to be admitted as a member.

**Example:** A resident seeks an injunction to stop the fire department’s installation of a siren directly behind her house.

### Outside Directorship Liability

Automatically covers your volunteers or employees who choose to serve on the board of directors of an outside organization as long as that organization:

1. is not-for-profit, and
2. is related to the emergency services.

Coverage is excess of any insurance.

## MANAGEMENT LIABILITY – COVERAGE HIGHLIGHTS

### – *Cyber Liability and Privacy Crisis Management*

*The following apply unless noted otherwise in this proposal:*

#### **Cyber Liability**

Coverage applies to each electronic information security event which includes:

1. Transmission of malware from your computer system to a third party;
2. The inability of an authorized user to access your web site or your computer system because of a denial of service attack;
3. A personal identity event or corporate privacy event caused by information that is obtained or released directly from your computer system.

As used in this definition, a denial of service attack means an intentional attack directly on your computer system that prevents or slows down access to your web site or your computer network. However, a denial of service attack which affects the internet at large and is not directed at your computer system is not an electronic information security event.

#### **Personal Identity Event or Corporate Privacy Event**

What is a personal identity event or corporate privacy event?

1. Unauthorized disclosure of or failure to protect identifiable or confidential corporate information from misappropriation;
2. The failure to disclose or warn of an actual or potential disclosure of misappropriation of personally identifiable or confidential corporate information;
3. Violation of any federal or state privacy statute pertaining to the disclosure or misappropriation of personally identifiable or confidential corporate information.

#### **Privacy Crisis Management Expense Coverage**

Pays on behalf applicable reasonable and necessary fees because of a privacy event which includes:

1. To conduct a computer forensic analysis to determine the cause and extent of the privacy event;
2. Provide a crisis management review and advice by an approved independent crisis management or legal firm;
3. Notification to affected parties for printing, advertising, mailing of materials or other costs;
4. Travel expenses by directors and employees to mitigate damages;
5. Call center services for credit monitoring as well as identity theft education and assistance for affected individuals.

Privacy crisis management expenses shall not include:

1. Compensation, fees, benefits or overhead of any insured or "employee" of any insured;
2. Costs or expenses that would have been incurred in the absence of the "privacy event;"
3. Costs or expenses associated with upgrading, maintaining, improving, repair or remediating any "computer system," procedures, services or property as a result of a "privacy event."

#### **HOME STATE FOR NON-ADMITTED RISKS**

Taxes and governmental fees are estimates and subject to change based upon current rates of the Home State and risk information available at the date of binding. The Home State of the Insured for a non-admitted risk shall be determined in accordance with the Nonadmitted and Reinsurance Act of 2010, 15. U.S.C §8201, etc. ("NRRRA"). Some states require the producing broker to submit a written verification of the insured's Home State for our records. The applicable law (if any) of the Home State governing cancellation or non-renewal of non-admitted insurance, including whether any such laws apply to non-admitted risks, shall apply to this Policy.

#### **BINDING INSTRUCTIONS**

We will only bind coverage in writing after we receive a written request from you to bind coverage. If coverage is requested, the following items must be submitted:

There are subjectivities that:

- must be complied with or resolved before the contract becomes binding
- apply both before or after inception, compliance with which is a condition of all or part of the coverage; and
- apply after the formation of the contract as conditions of continued coverage.

Failure to provide or comply with these subjectivities might result in a refusal to bind or cancellation of coverage, at the insurer's option. Please note that this is a quote only, and the Insurer reserves the right to amend or withdraw the quote if new, corrected or updated information is received. You must notify us of any material change in the risk exposure occurring after submission of the application. If the Insurer binds the risk following your written request, the terms of the policy currently in use by the Insurer will supersede the quote.

Any amendments to coverage must be specifically requested in writing or by submitting a policy change request form and then approved by the Insurer. Coverage cannot be affected, amended, extended or altered through the issuance of certificates of insurance. Underlying Insurers must be rated A- VII or better by A.M. Best.

This quote summary, the quote, the fees quoted and our advice, is confidential. This quote summary and the quote constitutes the entire understanding and supersedes any and all agreements and communications respecting the insurance offered. If you need further information about the quote, our fee or the Insurer that is proposing to provide your insurance, please contact us.

**PREMIUM FINANCE** (If not included in the quote document)

If the insured and the insurer agree to bind coverage and the premium will be financed, upon binding, please instruct the premium finance company to send documents to our attention. Premium Finance funds should always be paid to RT Specialty.

**PRODUCER COMPENSATION:**

RT Specialty is typically compensated through commission from the insurer for the placement of policies in most transactions. The amount of the commission varies by insurance line and by carrier. RT Specialty might also receive additional compensation. In order to place the insurance requested we may charge a reasonable fee for additional services such as performing a risk analysis, comparing policies, processing submissions, communication expenses, inspections, working with underwriters on the coverage proposal, issuing policies, or servicing the policy after issuance. Any fees charged are fully earned at inception of the policy. Third-party inspection or other fees may be separately itemized upon request. Our fees are applied to new policies, renewal policies, and endorsements. Fees applicable to each renewal and endorsement will be set forth in the quotes. It is the insurance carrier's decision whether to offer the insurance quoted, and your client's decision whether to accept the quote. Our fee is not imposed by state law or the Insurer.

Depending upon the Insurer involved with your placement, we might also have an agreement with the Insurer that we are proposing for this placement that might pay us future additional compensation. This compensation could be based on formulas that consider the volume of business placed with the Insurer, the profitability of that business, how much of the business is retained for the Insurer's account each year, and potentially other factors. The agreements frequently consider total eligible premium from all clients placed during a calendar year and any incentive or contingent compensation is often received at a future date. Because of variables in these agreements, we often do not have an accurate means at the time of placement to determine the amount of any additional compensation that might be attributable to any single placement.

You, as the retail broker with the direct relationship with the Insured, must comply with all applicable laws and regulations related to disclosure of and consent and agreement to, compensation, and informing the Insured that it may request more information about producer or broker compensation that might be paid in connection with the Insured's placement. If we request a copy of any legally required insured consent or agreement, you will provide us with a copy. If you need additional information about the compensation arrangements for services provided by RT Specialty affiliates, please contact your RT Specialty representative.

RT Specialty is a division of RSG Specialty, LLC. RSG Specialty, LLC is a Delaware limited liability company and a subsidiary of Ryan Specialty, LLC. In California: RSG Specialty Insurance Services, LLC (License # 0G97516).

Unless this quote is amended or withdrawn it is valid for 30 days from the date shown above, or the proposed effective date, whichever is earlier. This quote can be amended or withdrawn at any time prior to acceptance by the insured. If the quote included with this letter provides otherwise, or in any way conflicts with this letter, the terms of the quote shall govern and control.
