**PROPOSAL TO SUSTAIN CASE MANAGEMENT AND MENTAL HEALTH SERVICES IN
VULNERABLE COMMUNITIES IN DUPAGE COUNTY
APRIL 2025
DUPAGE COUNTY MEMBER INITIATIVE FUNDS**

Introduction

Outreach Community Ministries (Outreach) respectfully requests a grant of \$30,000 for operational support of Outreach's Neighborhood Resource Center throughout DuPage County. Outreach's programs and services respond to the physical, social-emotional, and other basic needs of individuals and families from the surrounding low-income neighborhoods in DuPage County. This request will provide sustained operational funds in FY2025 for two core areas: Case Management, and Mental Health Counseling Services.

Case Management Services connect individuals and families with pressing basic needs to resources. In addition, case management services assist families and individuals to bridge financial crises through access to budget analysis and financial assistance. Case Management coordinates the plan for services for all basic needs to assist the family or individual toward future stabilization. Mental Health Counseling Services work with and walk alongside individuals, couples, and families as they address a wide range of mental health and relationship concerns.

Organizational Capacity

Established in 1973, Outreach is dedicated to offering a full range of human services and educational activities to individuals and families with modest incomes and limited access to services who struggle to meet basic needs in DuPage County. We serve people of all races, ethnicities, religions/creeds, gender, and orientation, and we serve everyone regardless of their ability to pay. Outreach's mission is to restore hope and provide opportunities for people to reach their fullest potential. Outreach received 501 (c)(3) status in 1978. In FY2024, Outreach served 2,859 individuals (unduplicated).

Since its inception, Outreach's programs have grown in response to unmet or under-met needs, consistently delivering effective programs with comprehensive, holistic solutions. Outreach began as Wheaton Youth Outreach in 1973 in response to the counseling and social service needs of troubled youth and families. Over the next four decades, Outreach launched three more neighborhood resource centers and took over one existing center at the request of the DuPage County Board's Human Services Committee, all embedded within under resourced communities: Outreach Warrenville in 1985; Outreach Carol Stream in 1986; Puente del Pueblo in West Chicago in 2008 in partnership with Wheaton Bible Church; and Outreach York in 2014 that serves Villa Park. Outreach launched its Group Foster Care Home, Hawthorne House, in 1984, Jubilee Village Transitional Housing in 2005; and Outreach Employment Center in 2014. Outreach Counseling Centers in Wheaton, Carol Stream, Warrenville, and Lombard are all state-certified Behavioral Health Clinics that accept Medicaid. In addition, Outreach operates three social enterprises, reselling donated items to generate program-sustaining revenue.

Lombard are all state-certified Behavioral Health Clinics that accept Medicaid. In addition, Outreach operates three social enterprises, reselling donated items to generate program-sustaining revenue.

Outreach serves in five of the lowest income, ethnically diverse neighborhoods in DuPage County, building up a comprehensive array of programs as resources allow. Outreach strategically positions its service sites within neighborhoods where the need is the greatest to make it easier for families to access services. We also employ a diverse staff, many of whom are bilingual, to overcome language and cultural barriers. Our community services vary by site in response to local needs and resources.

Need Statement

While DuPage County is known for its affluence, data from the American Community Survey 2022 5-year Estimate indicates that 15.7% or 143,637 of DuPage County residents live in or near poverty (0%-199% federal poverty level). They reside primarily in low-income, under-resourced multi-family neighborhoods interspersed across DuPage County, including the neighborhoods served by Outreach. In 2022, 19.0% of households with children in DuPage County were single parent households - a risk factor for poverty – and 23,818 households received SNAP payments (2022 ACS 1-Year). According to the 2024 Illinois Report Card, 31% of students in Community Unit School District 200 where two of Outreach's NRCs are located were eligible for the free or reduced lunch program. Each year, thousands of families in DuPage County face an unexpected crisis that places their housing and employment at risk.

In FY2024, Outreach served over 1700 individuals from over 800 households. Because Outreach has a community-based model and locates in low-income neighborhoods, in FY2024, 99% of those served in case management were below 200% poverty.

The number of people living in DuPage County with untreated mental illness continues to rise. According to the 2022 Illinois Youth Survey, depression rates among high school students in DuPage County were two times greater than the national average, and one in seven reported having seriously considered suicide in the last 12 months. Impact DuPage identified Substance Use and Mental Health as one of two strategic issues to prioritize in 2022-2025. The 2024 Community Health Needs Assessments of Northwestern Medicine Central DuPage Hospital and Endeavor Health both highlight behavioral health as priority health needs in their service areas. The unmet need is much more pronounced in lower-income neighborhoods where Outreach serves.

In FY2024, Outreach served over 600 individuals in counseling with 99% of those served at our counseling centers were below 100% poverty.

Program Plan and Activities

Outreach uses a comprehensive neighborhood resource center model with specific principles in place of being community-based, serving the whole family, and providing age-appropriate services for children at every stage of their development. Located right in the neighborhoods it serves, Outreach is easily

accessible and provides a full range of human services, educational, and community development activities.

Outreach's Case Management Services connect families with pressing financial concerns to resources that help them bridge financial crises and address housing instability, legal concerns, childcare needs, emergency food needs, public aid issues, and employment/job training needs. Each household asking for assistance is assigned a case manager who works to understand both the current household situation and where an intervention with the household could bring future stability. Whether it is financial assistance, assisting people in becoming employed or referring them to the appropriate resources in DuPage County, Outreach will stay involved to help stabilize the family.

The Outreach Mental Health Counseling Services provide affordable professional counseling to help individuals, couples, and families effectively address relationship issues and a wide range of mental health concerns including anxiety, grief, loss, and trauma. The array of mental health services provided through Outreach also include animal-assisted therapy and psychological testing to assist in accurate diagnosis and treatment. Because all of our counseling centers are Medicaid certified, and because Outreach is one of only three organizations that accept Medicaid, those with modest incomes have access to services.

Program Impact

We anticipate that through Outreach Carol Stream's Case Management services, families who struggle to meet basic needs or who face unexpected financial crises will advance towards financial stability; maintain their housing, utilities, and employment; and meet other basic needs. Through Outreach Carol Stream's Counseling Services, individuals, couples, and families with untreated mental health concerns or relationship issues will access affordable professional counseling, improve their mental health, and strengthen their relationships.

As an example of the impact, in FY2024, of the 345 households seeking financial assistance, 282 households (82%) were able to receive assistance and therefore maintain their housing or utilities.

PARTNERSHIP AGREEMENT

Heritage Presbyterian Church and the Outreach Community Center in Carol Stream

Introduction

The Outreach Community Center in Carol Stream (OCC) and Heritage Presbyterian Church (Heritage) have a common mission of demonstrating the love of Jesus Christ to our community. OCC demonstrates this love by serving the most vulnerable in our community through practical assistance and help. It is the desire of the Outreach Community Center in Carol Stream and Heritage Presbyterian Church to establish a successful working partnership to best meet the practical needs of the individuals that visit the church looking for financial assistance and practical help.

The goal of the OCC Case Management Program is to provide services that stabilize the lives of individuals and families in the community who are in a crisis situation and who have practical needs that can be addressed. Heritage Presbyterian Church has people who visit the church seeking this type of practical assistance and yet the church is not fully equipped to best meet these needs. Through a more formal partnership between the OCC Case Management Department and Heritage Presbyterian Church, the people who visit the church will be referred to OCC for services to best meet the needs.

Collaboration Process

Heritage and OCC will work in partnership in the following areas beginning July 1, 2020

- 1) The Outreach Community Center in Carol Stream agrees to take referrals (up to 5 per month) from Heritage Presbyterian Church of individuals who visit the church looking for financial assistance.
- 2) Heritage will make the referral to OCC by sending the person with a business card from a staff person at the church and then by calling OCC with the name of the person being referred.
- 3) OCC agrees to work diligently with the person or family referred by Heritage to provide the best service possible to stabilize the situation presented.
- 4) Heritage will provide OCC \$500 per quarter to assist with the costs of serving the individuals. These checks will be sent each quarter by Heritage Presbyterian Church by February 1, May 1, August 1, and November 1 each year.
- 5) OCC will provide Heritage with a quarterly report of the referrals made and the services provided to those served.
- 6) Heritage agrees to be on the referral list of OCC when case management clients ask for a pastor to visit or pray with them.

Both Heritage Presbyterian Church and the Outreach Community Center in Carol Stream agree to work collaboratively on the items listed in this Partnership Agreement. Both organizations understand that this agreement is non-binding and can be re-negotiated at any time.

WORKING AGREEMENT
between
Community Unit District 200
and
Outreach Community Ministries/Services
2025-2026

Introduction

Outreach Carol Stream and Community Unit District 200 have a history of successfully collaborating to share information and provide services to the children and families served by both organizations. It is the desire of Outreach Community Ministries/Services and Community Unit District 200 to continue this successful working relationship to meet the needs of the residents of the south Carol Stream neighborhood and Wheaton/Warrenville communities.

With the student population in our target neighborhoods, unmet needs could be addressed in several arenas in which Outreach Community Ministries and Outreach Community Services (an affiliate agency of OCM) receive funds including the Illinois Department of Human Services Teen REACH program and prevention programs, DuPage County Community Development Block Grant funds, and the Illinois Youth Investment Program.

The goals of all these programs are to provide services to students after school, on school holidays, and in the summer to increase academic achievement, prevent the use and abuse of alcohol, tobacco and other drugs, and to increase job readiness skills. Community Unit District 200 is in support of these goals and programs, which are achieved through services such as academic enrichment and remediation, recreation, life skills education, community service activities and positive adult mentors.

Areas of Collaboration

Community Unit District 200 will work collaboratively with Outreach in the following areas:

1. Community Unit District 200 staff and teachers will be made aware of programs and services offered by Outreach Community Ministries/Services and will continue to make referrals of appropriate students to the Outreach Community Center.
2. With the proper permission from parents/guardians, Community Unit District 200 counselors, teachers, and staff will share the appropriate information on student participants in the various programs at the Community Center including grades, progress reports, testing information, and student records.
3. Community Unit District 200 will invite the staff of Outreach to students staffings when appropriate for information sharing and collaborative service provision to the students and families.

Working Agreement

Signature Page

Both Community Unit District 200 and Outreach Community Ministries/Services agree to work collaboratively on the items listed in this Working Agreement. Both organizations understand that this agreement can be re-negotiated at any time to ensure that the most appropriate services to students and families are provided.
