11. OLD BUSINESS**11.A. [25-0448](#)**

Photos of proposed Darien retaining wall project improvements.

County Engineer Bill Eidson shared with the committee members that the City of Darien requested additional financial participation in construction of a replacement retaining wall along Plainfield Road due to design issues that were discovered. The design issues require additional work and land acquisition. The County Board previously approved an IGA with the City in 2023 reflecting a 50% participation for a County cost of \$187,500. The estimated project costs have increased from \$375,000 to \$876,000, including land acquisition. The committee supported staff recommendation that the County's participation increase to maximum of \$452,000, which would pay for 50% of the construction costs, 50% of the engineering costs, and 100% of the land acquisition costs in the amount of \$48,000. The County will not participate in the cost of the accent lighting. This reflects an increase in County participation of \$264,500. Staff will coordinate with the City to prepare an amended IGA which will be presented to Committee and Board at an upcoming meeting.

No new business was discussed.

13. ADJOURNMENT
