Subject: County Should Support Safe Storage of Firearms

Dear Board Members:

Comment: I am writing as a citizen, resident of DuPage County and mom of two kids who attend school in DuPage County. If you have a child in school, you know the chilling feeling of hearing about your children going through an active shooter or lockdown drill, in response to the shocking increase in mass shootings all over the country. While Illinois has joined the small list of states calling for an assault weapons ban

after the Highland Park shooting, there are still more common sense steps that can be taken to address the horrific gun violence we are seeing virtually on a daily basis and that haunt our collective consciousness when our children go to school or other places.

Requiring safe storage of firearms is a common sense step can be taken to reduce the risk of mass shootings, suicides and homicides in DuPage County. It does not limit the rights of gun owners to purchase or own a gun, as some are so concerned. It simply requires safe firearm storage that would keep guns out of the hands of young children and mentally ill individuals. It should not be controversial to ask parents to secure their weapons so their minor children can't use them!

As the second biggest county in Illinois, please show your support for the badly needed Ethan's Law (Illinois SB 1521).

Thank you ,
Valli Gupta
