7. **ADMINISTRATIVE UPDATE**

Laura shared that shelter population is still high, with no slow-down in cat intakes. Kittens are continuing to arrive, and Feral Fixers has ceased trapping for the winter. Laura stated there is currently an open position for a full-time second shelter veterinarian. Once filled this position will focus primarily on cat spay/neuter.

Shelter population is currently 265 animals, 216 of which are cats. A cat fee-waived cat adoption event is planned for Saturday, November 22nd in the hopes of moving more cats into homes.

A Home for the Holidays adoption will begin the week of November 24th and will include waived adoption fees on select animals.

There are several new hires in the process of being on-boarded. A new Animal Control Officer started on the 17th. They have experience working with wildlife which will be useful as Animal Services assists with sick and injured wildlife in unincorporated parts of DuPage County. Chair Krajewski reminded the committee that incorporated parts of the county are responsible for handling sick & injured wildlife calls in their own jurisdictions.

Laura shared that officers recently assisted with rescuing a sick coyote in unincorporated West Chicago. The coyote is currently being cared for by DuPage Conservation Center and per the last update, it is doing well. Staff are hopeful he will recover well enough to be released back into the wild.

Two new Client Services team members are set to have their first day the first week of December, and a new Animal Caretaker will be starting next week.

## **8. OLD BUSINESS**

Chair Krajewski announced that the DAF gala will take place on May 15, 2026 at the Chicago Marriott Oak Brook.

A family that adopted a dog from the shelter will be hosting a fundraiser to benefit DAF on September 19, 2026 at Hotel Arista. The fundraising goal for this event is \$200,000.

The DAF board has set an annual fundraising goal of \$700,000 beginning in 2027, to help fund capital loan repayment, the grant-funded Marketing Coordinator position, annual unrestricted grant to Animal Services, and ongoing specialty/emergency medical needs.

## **9. NEW BUSINESS**

Member DeSart suggested that Animal Services partner with food insecurity organizations to drive pet food donations for families with pets that are in need of assistance.

Chair Krajewski shared there is a joint event planned for December 6th hosted by the cities of Downers Grove, Westmont and Hinsdale to benefit Hinsdale Family Shelter, Downers Grove FISH, and People's Resource Center. Inspired by the sheer number of animals being surrendered to shelters due to financial hardship, the event will drive donations of pet and people food to these organizations that serve community members in need. A top ten list of most needed food donations will be available soon. The most needed pet food is currently canned cat food.

Laura shared the food donations received at the shelter that cannot be used at the shelter are always shared with community members in need, rescue partners, and local food pantries.

Member Eckhoff proposed an annual award given in recognition of a community member that has demonstrated exceptional care and given to animals. Joan shared that this year's Daily Herald "Someone to be Thankful For" will feature an Animal Services volunteer. It was suggested that recognition start with email and social media mentions, culminating in a grand award presented at the DAF gala.

**10. ADJOURNMENT**

With no further business, the meeting was adjourned.
