10. DISCUSSION

10.A. **24-3204**
Safe Harbor Funding Discussion

The Child Friendly Courts Foundation is requesting $106,000 in funding to support one year of operations for the Safe Harbor Children's Waiting Room. Safe Harbor's mission is to provide a safe and comfortable waiting room for children whose parents have business in the courthouse. Committee members provided consensus on granting this request using ARPA Interest funds. Committee members also suggested that the Chief Judge include this expense in their annual budget request going forward. An agreement for the use of these funds will appear on the December 10th, 2024 Finance Committee meeting for a vote.

10.B. Member Initiative Discussion

Committee members were encouraged to continue to bring their funding requests forward, as County-wide initiatives can be discussed separately from the member initiative program. Further discussion on the parameters of the member initiative program will take place once the new committee members are seated.

11. OLD BUSINESS

Committee members asked for placemats to be put at their desks due to the counter's surface being very cold.

12. NEW BUSINESS

No new business was discussed.

Executive Summary

On June 1, 2024, DuPage County entered an insurance brokerage and/or risk management contract with Alliant Insurance Services, Inc., which is effective until May 31, 2027. Through this contract, Alliant is charged with administering marketing and placement services for the lines of insurance included in this proposal.

Current State of the Insurance Marketplace and Marketing Strategy
In 2024, we continue to experience a hardening insurance market across all lines of coverage, especially in healthcare and specifically skilled nursing. The markets who write insurance coverage in this sector are limited due to increased claims frequency and severity with case settlements increasing dramatically across the country. For the past several years we approached numerous carriers and were unsuccessful in obtaining terms competitive with the county's current program. We again contacted the carriers to see if there have been any changes to their underwriting philosophy and unfortunately there has not been any change in the market where carriers are able to compete with the TRS program.

DuPage Care Center
DuPage County has been a member of the Trinity Risk Solutions (TRS) risk retention group for many years. The risk retention group, 100% owned by its members, provides not only insurance, but also a way to reduce total cost of risk through robust risk management services to keep losses from occurring, and claims experts who specialize in nursing home claims in order to keep losses that do happen to a minimum. Further, each member of the risk purchasing group maintains an equity component through which 100% of all underwriting and investment income is allocated back to the members. The program continues to offer not only broad insurance coverage, but the benefits of services the county has come to rely upon over the years.

For the renewal effective January 1, 2025, TRS continues to offer renewal terms at the same as expiring deductible of $150,000 per occurrence with a $250,000 corridor deductible.

TRS offered an option to purchase a $2,000,000 umbrella. The limit would attach above your $1m primary and $1m buffer limit. In the event the Buffer limit was exhausted, the umbrella would drop down and attach to the $1m primary limit. The cost to include is $176,378.

The Premium Summary section of this proposal shows the breakdown of the premium and equity components of the expiring and renewal programs. For the 2025 policy term, the rating basis (number of beds) remains down compared to past years because of renovations currently underway. The Risk Adjusted Surplus is the portion of the premium directed to the program surplus. This direct payment to surplus enables the program to keep reinsurance costs down as those are rated on underlying premium. This amount will be reflected as equity on your annual statement.

On page 22 you will find a copy of the TRS equity statement of the program through 12/31/2023. This shows the history of the equity and distributions to DuPage Care Center since the inception of the program. At year-end 2023, the care center's current equity in the program is $278,801. This statement will be updated for year end 2024 around the end of the first quarter of 2024, once all results are in through year end.

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).
Music Therapy Services for the residents at the DuPage Care Center, for the period January 12, 2025 through January 11, 2026, for a contract total not to exceed $60,462.00, under RFP renewal #21-087-CARE, third and final optional renewal.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
Music Therapy is an established healthcare profession that uses music to address physical, emotional, cognitive and social needs of individuals of all ages. Music is used with elderly persons to increase or maintain their level of physical, mental and social/emotional function. The sensory and intellectual stimulation of music can help maintain a person's quality of life. With the advancements in medicine and the increased number of independent and assisted living facilities available to residents that fall into that category, the long-term care industry is caring for a population that is more medically compromised. Residents are less able to meet their own needs independently and are requiring more assistance to do so. IDPH Regulations require stimulation with lower functioning residents. (DuPage Care Center Foundation Funded)

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).
We need to add more nodes to our Virtual Server Environment in the rapidly changing technology landscape. Four years ago, the Sheriff's Office invested in a Scale Computer System for our virtual Server needs. These nodes will be added to our current deployment. They will provide us with more computer power and faster storage. The system is very scalable, where we can continue adding and replacing nodes as needed. The application the Sheriff's Office is using for day-to-day operations needs fast storage. These nodes will provide this to our primary nodes and, in case of a fault, our secondary nodes. The items are on the TIP Contract 220105

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
These nodes will provide the speed our app requires for day-to-day operations.

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.

DECISION MEMO REQUIRED Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.
COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. The purchase is on the TIPS contract.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). The VMware and Hyper-V are the other two virtual technologies in the enterprise market. However, both are incomplete with the Scale Systems we use to virtualize our servers. Using the different technologies would isolate us from what we have, cost more, and be managed separately, causing complex issues with day-to-day functions. If we do not add these nodes, the servers that need faster storage will slow down and run out of space.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

TIPS VENDOR AGREEMENT

Between Heartland Business Systems, LLC **and**

(Company Name)

THE INTERLOCAL PURCHASING SYSTEM (TIPS),

a Department of Texas Education Service Center Region 8 for

TIPS RFP 220105 Technology Solutions, Products and Services

General Information

The Vendor Agreement ("Agreement") made and entered into by and between The Interlocal Purchasing System (hereinafter "TIPS") a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686 and the TIPS Vendor. This Agreement consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order ("PO"), Agreement or Contract is the TIPS Member's approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the possible addendums.

Terms and Conditions

Freight

All quotes to Members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating "No Charge", "$0", "included in price" or other similar indication. Otherwise, all shipping, freight or delivery changes shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include ***manufacturer's minimum standard warranty*** unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal ("RFP") category. All goods proposed and sold shall be new unless clearly stated in writing.

Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements
Agreements for purchase will normally be put into effect by means of a contract, agreement, or purchase order(s) executed by authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion. Vendor accepts and understands that when a purchase order or similar purchase document is sent from a customer through TIPS to the Vendor, TIPS is recording the purchase and verifying whether the purchase is within the parameters of the TIPS Contract only. Vendor agrees that TIPS is not a legal party to the purchase order or similar purchase document and TIPS is not responsible for identifying fraud, mistakes, or misrepresentations for the specific order. Vendor agrees that any purchase order or similar purchase document issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. A Vendor that accepts a purchase order or similar purchase document and fulfills an order, even when processed through TIPS, is representing that the vendor has carefully reviewed the purchase order or similar purchase document for legality, authenticity, and accuracy.

Tax exempt status
Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements
No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirm that he/she, or any authorized employees or agents, has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.

- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.

- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term of Agreement and Renewals
The Agreement with TIPS is for approximately five (5) years with an option for renewal for an additional one (1) consecutive year. If TIPS offers the renewal extension year, the Vendor will be notified by email to the primary contact of the awarded Vendor and shall be deemed accepted by the Vendor unless the awarded Vendor notifies TIPS of its objection to the additional term. TIPS may or may not exercise the available extension(s) provided in the original solicitation beyond the base five-year term. Whether or not to offer the extension is at the sole discretion of TIPS.

"Start Date" for Term Calculation Purposes Only: Regardless of actual award/effective date of Contract, for Agreement "term" calculation purposes only, the Agreement "start date" is the last day of the month that

Award Notifications are anticipated as published in the Solicitation.

Example: If the anticipated award date published in the Solicitation is May 22, 2020 but extended negotiations delay award until June 27, 2020 the end date of the resulting initial "five-year" term Agreement, (which is subject to an extension(s)) will still be May 31, 2025 in this example.

"Termination Date": The scheduled Agreement "termination date" shall be the last day of the month of the month of the Original Solicitation's Anticipated Award Date plus five years.

Example: If the original term is approximately five years, and the solicitation provides an anticipated award date of May 22, 2020, the expiration date of the original five-year term shall be May 31, 2025 in this example.

Extensions: Any extensions of the original term shall begin on the next day after the day the original term expires.

Example Following the Previous Example: If TIPS offers a one-year extension, the expiration of the extended term shall be May 31, 2026 in this example.

TIPS may offer to extend Vendor Agreements to the fullest extent the original Solicitation permits.

TIPS reserves the right to solicit proposals at any time it is in the best interest of TIPS and/or its members.

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the Vendor Assigned Dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees and Reporting of Sales to TIPS by Vendor

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the Solicitation. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Fees are due on all TIPS purchases reported by either Vendor or Member. Fees are due to TIPS upon payment by the Member to the Vendor, Reseller or Vendor Assigned Dealer. Vendor, Reseller or Vendor Assigned Dealer agrees that the participation fee is due to TIPS for all Agreement sales immediately upon receipt of payment including partial payment, from the Member Entity and must be paid to TIPS at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently, or as otherwise agreed by TIPS in writing and signed by an authorized signatory of TIPS. Thus, when an awarded Vendor, Reseller or Vendor Assigned Dealer receives any amount of payment, even partial payment, for a TIPS sale, the legally effective fee for that amount is immediately due to TIPS from the Vendor and fees due to TIPS should be paid at least on a monthly basis, specifically within 31 calendar days of receipt of payment, if not more frequently.

Reporting of Sales to TIPS by Vendor

Vendor is required to report all sales under the TIPS contract to TIPS. When a public entity initiates a purchase with a TIPS Awarded Vendor, if the Member inquires verbally or in writing whether the Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether or not the Member is seeking a TIPS purchase. Once verified, the Vendor must include the TIPS Contract number on any communications and related sales documents exchanged with the TIPS Member entity. To report sales, the Vendor must login to the TIPS Vendor Portal online at https://www.tips-usa.com/vendors_form.cfm and click on the PO's and Payments tab. Pages 3-7 of the Vendor Portal User Guide will walk you through the process of reporting sales to TIPS. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. Any overpayment of participation fees to TIPS by a Vendor will be refunded to the Vendor within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. It is the Vendor's responsibility to identify which sales are TIPS Agreement sales and pay the correct participation fee due for TIPS Agreement sales. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date of overpayment will be non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline to notify if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity
The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax
By signature hereon, the Vendor hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous
The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation
If a deviation of pricing/product on a Purchase Order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only
TIPS reserves the right to terminate this agreement for cause or no cause for convenience with a thirty (30) days prior written notice. Termination for convenience is conditionally required under Federal Regulations 2 CFR part 200 if the customer is using federal funds for the procurement. All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded Vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

The resulting price of any goods or services Catalog list prices after this discount is applied is a ceiling on your pricing and not a floor because, in order to be more competitive in the individual circumstance, you may offer a larger discount depending on the items or services purchased and the quantity at time of sale. Please note that any specific greater discount offered for a particular product, brand, or service listed in Vendor's proposal will control and Vendor will be required to honor that greater specific discount, in excess of the minimum discount, for that particular product, brand, or service for the life of the contract.

Summary Explanation/Background - Provide an executive summary of the action. Explain why it is necessary and what is to be accomplished.

Overview

DESCRIPTION Identify scope of work, item(s) being purchased, total cost and type of procurement (i.e., lowest bid, RFP, renewal, sole source, etc.).
Recommendation for the approval of a contract to Graybar Electric Company, Inc., to furnish and deliver electrical, lighting, data & communication, networking, and security products, as needed for various County facilities, for Facilities Management, Public Works, Stormwater, and the Division of Transportation, for the period February 1, 2025 through January 31, 2029, for a total contract not to exceed $852,160. (Facilities Management $455,000, Public Works $345,000, Stormwater $32,000, and the Division of Transportation $20,160) Contract pursuit to the Intergovernmental Cooperation Act Omnia Partners Contract #EV-2370.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
In order to be cost effective and efficient, County electrical staff perform electrical repairs, routine and preventive maintenance, building improvements, and various projects throughout the County facilities.

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.
DECISION MEMO REQUIRED	Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.
COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING	

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. Graybar Electric Company, Inc. holds OMNIA Partners Contract #EV-2370 which allows the County to purchase from a comprehensive product offering for power distribution, lighting, building management, facility maintenance and protection needs at significantly discounted prices. The OMNIA Partners program is a nonprofit national purchasing cooperative developed by governmental agencies. Utilizing the pooled power of public agencies nationwide the program lowers purchasing costs.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Staff recommends securing a contract to purchase items with Graybar Electric Company, Inc. through OMNIA Partners. Having the option to purchase items through a cooperative purchasing agreement gives staff the flexibility to obtain specific materials from previously vetted vendors which reduces lead and down times on critical projects. 2. The second option includes sending items out to quote or bid, however this is not recommended due to the quantity and frequency of small value items that would need to be quote or bid.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

Grainger, Inc., to furnish and deliver miscellaneous maintenance, repair and operations parts and supplies, as needed for Public Works facilities, for the period January 1, 2025 through December 31, 2027, for Public Works, for a total contract amount not to exceed $75,000. Contract let pursuant to the Intergovernmental Cooperation Act OMNIA Partners #240078-01.

JUSTIFICATION Summarize why this procurement is necessary and what objectives will be accomplished
Miscellaneous maintenance , repair and operations parts and supplies are necessary for the performance of routine and as needed maintenance work throughout Public Works facilities.

SECTION 2: DECISION MEMO REQUIREMENTS

DECISION MEMO NOT REQUIRED Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is not required.

DECISION MEMO REQUIRED Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.
COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. W.W. Grainger, Inc. holds Omnia Partners Contract #240078-01 which allows the County to purchase miscellaneous maintenance, repair and operations parts and supplies at significantly discounted prices. W.W. Grainger, Inc. offers no-minimum order requirements, free same day shipping, with access to more than one million items and 4,000 suppliers.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Recommend purchase order to purchase items with W.W. Grainger, Inc. through Omnia Partners contract. Having the option to purchase items through a cooperative purchasing agreement gives staff the flexibility to obtain specific materials from previously vetted vendors which reduces lead and down times on critical projects. 2. Send items out to quote or bid, however this is not recommended do to the quantity of small value items that would need to be quote or bid. 3. Let current contract expire and look for a different source. Not recommended due to the relationship that DuPage County has with W.W. Grainger, Inc., and the availability of parts and vendors from one source.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.
MARKET TESTING	List and describe the last time the market has been tested on the applicability of the sole source. If it has not been tested over the last 12 months, explain why not.
AVAILABILITY	Describe steps taken to verify that these features are not available elsewhere. Included a detailed list of all products or services by brand/manufacturer examined and include names, phone numbers, and emails of people contacted.

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Kenworth Truck Company, a Division of PACCAR Inc., 10630 NE 38th Place, Kirkland, WA 98033 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Class 4-8 Chassis and Cabs with Related Equipment, Accessories, and Services from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires July 9, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

DocuSign Envelope ID: D46470D6-93FC-42A7-B37B-D0E0C5AD93FC

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship pursuant to the express vehicle warranty and extended warranties provided with all Supplier's vehicles. Supplier does not warrant or accept responsibility or liability for any parts separately warrantied, for example, body installations, or engines not manufactured by Supplier (which carry a separate manufacturer's warranty). In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that that is effective past the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

DocuSign Envelope ID: D46470D6-93FC-42A7-B37B-D0E0C5AD93FC

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This

DocuSign Envelope ID: D46470D6-93FC-42A7-B37B-D0E0C5AD93FC

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell's main role in promoting this contract will be to make it as easy as possible for agencies to find the appropriate equipment, parts, and truck related services through the various online resources available - primarily the main sourcewell-mn.gov website. Additionally, the training for dealer salespeople through in person courses, webcasts, or personal visits that Sourcewell personnel, such as those conducted in the past, are key to continually promoting the use of the contract. The training about the benefits and continual development of how to approach, listen and respond to agency needs is key to helping dealer salespeople develop the strong trusting relationship with their local agencies. Every day a Kenworth dealer someplace in the United State and Canada is working with an agency or potential participating agency to quote equipment to meet a specific need. We have already integrated the process to quote complete vehicle solutions to agencies under the awarded contract. The additional lead generating online process that Sourcewell has implemented has only enhanced and provides a means to help promote and connect agencies to Kenworth dealers. The process we deploy is similar to the normal sales process and is constantly being refined to provide agencies superior service and responsiveness.

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure.

You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Yes, the Kenworth warranty covers our products parts and labor. Details regarding standard and extended warranty schedules are included in the uploaded documents. The coverage of warranties for Kenworth products varies depending on the specific model and components chosen. While Kenworth provides warranties that parts and labor for its products, some components may be covered by their respective manufacturers. For instance, Cummins engines come with a Cummins warranty, and warranty services for these engines are performed at Kenworth dealerships, with claims directly processed through Cummins. Similarly, Allison transmissions are covered by an Allison warranty. If a Kenworth dealer is not an authorized Allison warranty service provider, they would usually coordinate with a local authorized Allison repair center for any necessary repairs. Additionally, any add-on bodies or other truck-related equipment are covered by the warranties of their respective suppliers. Dealers generally collaborate with these suppliers to facilitate warranty repairs through the appropriate subcontractors.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	If a Kenworth truck is used in what is defined as a sever service application, a specific standard warranty is defined separately for units that fall into this category. Severe service definition and the specific warranty is included in the warranty documents uploaded. A Vehicle Warranty Quick Reference Guide has been uploaded to help further define.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Every breakdown scenario is unique. Kenworth dealers are equipped with the training to make critical decisions required to ascertain the best approach to rectify a warrantable breakdown. Should the breakdown occur within the initial 6 months, or 100,000 miles, and the dealer possesses the necessary resources and capability, and concludes that dispatching a technician for a road call is the most suitable solution, then the dealer will receive reimbursement for such calls under a Kenworth warranty repair.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Kenworth has more than 450 authorized dealers situated across all states of the U.S. and throughout Canada. You can easily find these locations by using the dealer locator tool on www.kenworth.com. It's important to note that for warranty repairs on Kenworth products, they must be carried out by an authorized Kenworth dealer. However, it's also worth mentioning that some warrantable repairs on specific components may be conducted by any authorized location that deals with that component make. Kenworth ensures that Sourcewell participating entities in the United States and Canada receive comprehensive warranty service. All warranty claims will be honored in line with the Kenworth Warranty Agreement applicable at the time of the initial purchase. Furthermore, warranty repairs will be executed following Kenworth's detailed policies and procedures, regardless of whether the truck was purchased from the servicing dealer. Kenworth is dedicated to maintaining the highest standard of service in fulfilling your warranty requirements.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Items manufactured by other companies, such as bodies and additional equipment, are covered by the warranties provided by those specific manufacturers or service providers. The Kenworth dealer will help coordinate or perform the warrantable repair of the add on equipment and manage the claim with the appropriate entity. For items installed by the Kenworth factory but warranted by the component manufacturer, the repairs, when conducted at a Kenworth dealer, are processed through Kenworth Truck Company and then forwarded to the original manufacturer.	*
51	What are your proposed exchange and return programs and policies?	Since each Kenworth truck is custom-built to meet the specific requirements of the purchaser, we do not offer a standard exchange or return program. Any exceptions to this policy are subject to the judgement and approval of the selling Kenworth dealer.	*
52	Describe any service contract options for the items included in your proposal.	Service contract options would be managed through the Kenworth dealer network. Most dealers provide service contracts offering a range of options such as preventative maintenance, towing service, DOT inspections, tire exchange programs, oil analysis, and winter preparation. Service contracts directly through the Kenworth Truck Company are exclusively available through Kenworth's company-owned lease operations, PacLease. PacLease, a division of PACCAR Inc., offers full maintenance leases, rental units, contract maintenance, and other fleet services as part of a comprehensive vehicle solution tailored to meet the needs of its customers. Many Kenworth dealers are involved in this type of business and are equipped to provide these services to customers.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	The base payment terms are net 15 days after released from the Kenworth factory assembly plant with freight prepaid to the first destination in the continental U.S., or Canada. However, most chassis will require a body installation so it will be mutually agreed upon between the Kenworth dealer and participating agency the appropriate payment terms. The selling dealer and participating agencies will mutually determine the best payment method. The Kenworth dealer can coordinate and assist in evaluating alternative payment strategies through Paccar Financial or other financial institutions.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	Kenworth dealers will offer a full range of financing and leasing options including municipal leases through Paccar Financial, banks, dealer owned financial entities or other institutions such as those that have a Sourcewell contract.	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	The primary standard transaction system used to quote and order the custom class 5, 6, 7 or 8 truck is the Kenworth proprietary PremierSpec sales tool. All vehicle quotes and orders will be through a Kenworth authorized dealer. Dealer Salesperson determines truck model and generates compatible specifications that meet the customers need, meet the specific body installation need, and meets local road regulations and any other requirements. The Kenworth PremierSpec chassis summary report generated will show the proposed chassis specification and total list price (also shown as Total Adjusted Price) equal to the base model list plus all the selected chassis options. This is the list price that the agency discount will apply and include freight to the first continental U.S., or Canada for Canadian members, destination after chassis assembly at the Kenworth factory. An example vehicle summary report is uploaded. Since every State has unique laws and requirements and each total vehicle solution vary greatly depending on use application and body type, each dealership has truck order forms and unique terms and conditions to that are specific to the dealer group and/or area. Kenworth Truck Company does provide a standard Sourcewell contract calculator for all dealerships to use when quoting to help assure pricing integrity to the contract pricing matrix. Given the unique nature of commercial vehicles and the vast number of different bodies that may be installed, the final terms and conditions are mutually agreed upon between the dealer management and participating agency. Standard and optional extended warranty agreements are generated by Kenworth Truck Company and are the same for all dealers in the U.S. or same for the dealers in Canada. Copies are uploaded. Custom warranty agreements are available specific to the end user and are generated by Kenworth Truck Company.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	P-card payment process is typically not used for commercial truck procurement. However, this would be mutually determined between the member and the selling Kenworth dealer.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Truck Chassis Pricing is based on product model discounts: Kenworth truck chassis pricing for class 5 through 8, including battery electric vehicles (BEV), is the custom spec'd truck chassis list price, also known as the "Total Adjusted Price (w/o freight & warranty & surcharges)" in the PremierSpec chassis summary report, less the contract discount for the specific model. Any Tax, CARB required warranty or surcharge, or FET and other Government fees will be applied if applicable. The prices will be in US Dollars. For Canadian agencies purchasing through Canoe, an exchange rate will be added by the dealer at the time of proposal. Each truck quote is custom to meet the needs of the participating agency and therefore final list price varies greatly based on the final set of specifications desired and required to meet the agencies application need. This calculated agency price includes the standard freight from Kenworth factory assembly plant to the first delivery destination in the continental U.S. or Canada. See the uploaded "Sourcewell Discount Matrix for Kenworth Trucks" with the specific discounts by each truck model, the instructions to calculate pricing, and a pricing example that includes a sourced body. Agency price for all vehicle bodies and equipment needed to offer a complete vehicle solution will be at Kenworth dealer sales department cost plus no more than 5%. This includes all potential truck mounted bodies, add on equipment, special training requests, additional or special manuals, special software and/or hardware, subscriptions, special transportation (other than the transport included from the chassis assembly plant to the first specified delivery location which is included in the agency chassis pricing), any and all truck related type services (for body swap from old chassis to new chassis for example) and any flooring or storage costs required, or as mutually agreed upon, for time to allow body installations or services. Agency prices for all electric vehicle support services, infrastructure analysis, and charging systems pricing will be quoted at dealer truck sales department cost plus no more than 5%. Kenworth Truck Parts - PACCAR Parts: The pricing for PACCAR parts is based on product category discounts. The discounts are a percentage off list price amount that range from 0% to 62.96%. Participating agencies will apply for a Paccar Parts Fleet Services (PPFS) account. After applying, establishing credit, and receiving approval, a PPFS account number will be assigned. The PPFS account is required to assure the Sourcewell Kenworth Parts discounts are provided, PACCAR Parts purchases tracked (other truck parts that may be available from the dealer are not included), and PACCAR Parts purchases reported quarterly. The Sourcewell Discount Matrix for Kenworth Parts – United States and one for Canadian is uploaded under Pricing. Used Trucks: Used truck pricing is not to exceed 110% of the NADA calculated retail value of the vehicle plus any existing or add on equipment or services retail value such as, but not limited to, truck bodies, chrome items, headache racks, reconditioning work, repair services, parts, flooring and storage, painting, special warranties, cleaning, transport, inspections and fuel.
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	For Kenworth truck chassis the discount from the total list price, generated through the selection of custom options in the PremierSpec System, ranges from 7% to 42.8% depending on the specific model. See the uploaded Kenworth contract discount price matrix for the schedule of discounts off list price for each truck model. Again, it's important to note that each vehicle is custom designed, and the final list price will vary depending on final specifications selected to meet application requirements and agency needs. Truck bodies, equipment, and services and limited to dealer truck sales department cost plus no more than 5% markup. For Kenworth – PACCAR Parts: The discount from the list price ranges from 0% to 62.96% for United States participating agencies from 0% to 60.81% for Canadian participating agencies. The PPFS account is required to assure the Sourcewell Kenworth Parts discounts are provided, the PACCAR Parts purchases tracked (other truck parts that may be available from the dealer are not included), and PACCAR Parts purchases reported quarterly. The Sourcewell Discount Matrix for Kenworth Parts – United States and one for Canadian is uploaded under Pricing. For Used Trucks, it's extremely difficult to quantify a discount due to the extreme variability of custom specification, truck conditions, geographic impacts, body types and condition, and overall market demand. For this reason, used trucks offered by Kenworth Truck dealers are set at a "not to exceed" price of 110% of the NADA calculated retail value of the vehicle plus any existing or add on equipment or services retail value, or truck sales department cost plus 5%, value such as, but not limited to, truck bodies, chrome items, headache racks, reconditioning work, repair services, parts, flooring and storage, painting, special warranties, cleaning, transport, inspections and fuel.
59	Describe any quantity or volume discounts or rebate programs that you offer.	The pricing included in this offer includes discounts that take into account the total potential volume of all participating agency purchases combined. However, for high volume purchases in a single event, additional discounts will be considered on a case by case by the Kenworth dealer and Kenworth Truck Company cooperatively.
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	All sourced products and services are priced at the Kenworth Truck Dealer New Truck Sales Department cost plus no more than 5% markup. The Kenworth dealer will solicit offers from sub-contractors for sourced goods and services needed to offer a complete vehicle solution that meets the end users need. These sourced goods and services include, but are not limited to, any truck body, trailers, truck equipment, tools, support devices, parts and/or maintenance parts kits to be included with the chassis, additional or custom manuals, software, subscriptions, special transportation (other than the standard transportation included in the chassis price to the first delivery destination after the Kenworth factory assembly plant), requested training, extended warranties, and any specialized body or specialized service. Chassis storage and flooring costs may also be quoted, if needed and agreed upon between member and dealer, to manage the costs associated with a chassis waiting for a period of time to allow a body or service installation. All related products mentioned above will be priced no higher than the Kenworth dealer new truck sales department cost plus 5 percent. An example of the common sourced bodies are : Ambulance Truck, Armored Truck, Ashalt Spreader, Atenuater Truck, Auto Carrier, Belly Plow Truck, Beverage Hauling Truck, Block Truck, Boom Truck, Bulkhead, Conveyor Truck, Crane Truck, Crewcab, Day Cab Tractor, Drilling Truck, Dual Drive Truck, Dump Truck, Dumping Flatbed Truck, Expeditor Truck, Extended Cab, Feed Truck, Fire Pumper, Fire Service, Fire Truck, Flatbed Truck, Flatbed with Moffit Forklift, Fork Lift Truck, Fuel Delivery Truck, Garbage Packer, Garbage Side Loader, Grapple Truck, Heavy Haul Tractor, Hook and Lift Truck, Hook Truck, Hopper Truck, Landcape Truck, Logger Truck, Maintenance, Marine Truck, Mixer Truck, Oil Tank Truck, Pintle Hook , Pot Hole Patcher, Potable Water Truck, Pumper Truck, Recycling Truck, Refrigerated Van Truck, Refuse, Rescue Hauler, Roll-Back Recovery Truck, Roll-off Truck, Roll-on/off Truck, Route Tractor, Scissor Lift, Sewer Vac Truck, Side Dump Truck, Sleeper Truck, Snow Plow Truck, Stake Truck, Street Sweeper, Sweeper Truck, Trailers, Transport Truck, Utility bucket truck, Utility Digger Derrick, Utility Service Truck, Utility Truck, Vacuum, Van Truck, Vocational Tractor, Waste Hauling Truck, Water Tank Truck, Wing Plow Truck, and Wrecker Truck. An example of common add on truck equipment is wheel nut covers, mudflaps, fairings, pintle hook, trailer brakes and electrical connections, sleepers, crewcab and extended cab modifications, dual steering modifications, bulkhead, GPS devices, etc. An example of some specialized services are body swaps, body modifications, chassis wheelbase modifications, specialized training, maintenance program, etc. An example of special transportation that might be requested and required would be when needed truck related equipment, a body for example, is assembled and installed on incomplete truck chassis beyond the members community. Or when the members location requires specialized transport such as Hawaii or Alaska.

61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Many States or local political divisions have unique laws and potential taxes that are not included and would be added by the selling dealer as required by law. Additionally, unique surcharges may or may not be required depending on the State of registry or use. An example is with the California Air Resources Board (CARB) and the State of California in which a surcharge is required for certain engines to be used in that State. Generally, any federal, state, or local taxes, fees, tag, title, permit, CARB compliance, or other miscellaneous requirements are not included and will be determined and added by the Kenworth dealer as required with each unique state and vehicle offering.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Freight from the Kenworth factory to the first specified delivery location in the continental United State or Canada is included. Additional transport, most often from the body installer to the local dealer and then for final delivery to the end user, will be arranged by the selling dealer and included in the complete vehicle offer at a price not higher than the dealer sales department cost plus 5 percent. Transport required to deliver to Alaska, Hawaii or other U.S. territories would be offered and priced the same as the additional transport associated with body installations mentioned above.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Freight from the Kenworth factory to the first specified delivery location in the continental United State or Canada is included. This could include a port in the continental United States, or Canada. Any additional freight for ocean shipment, rail, flatbed, or other transport service required to deliver to Alaska, Hawaii or off-shore would be priced at the Kenworth dealer sales department cost plus no more than 5 percent.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	The Kenworth offer includes all dealer stock units ready for service. The discount matrix applies and supports those participating agencies with the ability to purchase and place in-service needed equipment within weeks compared to months. Additionally, any unique delivery requested by the participating agency is possible. For example, if the agency wishes to purchase the truck chassis separately from the truck body, the delivery of the cab and chassis can be made to any location as they need which would be arranged, and quoted, if necessary, by the Kenworth dealer. For ordered units that require the highest level of expedited shipping from the Kenworth factory, dealer factory pickup or a single drive versus 3 way or 4 way transport may be available and would be determined and quoted by the Kenworth dealer at no more than the sales department cost plus 5 percent.	*

65	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Kenworth is providing a pricing structure that is better than what is being offered through other cooperative organizations. Additionally, for quantity deals Kenworth and the Kenworth dealer have provided, and will continue to provide, additional special discounts and incentives.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	A pricing calculator has been developed for dealer sales personnel to use when quoting vehicle solutions to participating agencies. The calculator assures the pricing is correct up front during the initial quoting process and assists the dealer in documenting all the economic details. Units are ordered using a special tracking code which assure the units will be reported when final delivery and in-service takes place. At that point, the dealer will use an online link to report additional and final information needed to populate all the required information in the quarterly report. This process has been in place for the past 24 months and has resulted in a substantial improvement in timely reporting and fee remittance. Additionally, the same online link is used by dealers to manage offering participating agencies units from pre-made dealer stock, reporting the detailed information necessary for the quarterly report, and assuring a process and action to assure the administrative fee is collected. All reporting, collection of administrative fees, and final remittance are completely managed by Kenworth Truck Company.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	The primary measurement of success has been unit delivery metrics by state measured quarterly. In addition, those areas that appear to lack typical volumes are addressed by regional sales managers with dealer management to assure sales representatives are properly trained, have the tools to seek out and connect with potential agencies.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Kenworth proposes a $750 flat administrative fee per New Truck or Tractor vehicle to be paid quarterly. Kenworth proposes a 0.5% administrative fee for parts purchases quarterly provided there is a minimum $250,000 total purchases in the quarter. For quarters with total parts purchases less than $250,000 the proposed fee is 0.0%. Kenworth proposes a $250 flat administrative fee per used truck or tractor vehicle to be paid quarterly.	*

An example of some specialized services are body swaps, body modifications, chassis wheelbase modifications, specialized training, refurbishing, and repainting. Special transportation service will be offered by Kenworth dealers in addition to the standard transport provided as needed depending on the body and application solution. This is typically required when a truck body and/or other related equipment is assembled and installed on incomplete truck chassis. Or when the agencies' location requires specialized transport such as Hawaii. Extended warranties for base chassis, engines, aftertreatment, transmissions, bodies or any other truck related optional extended warranties are offered. Kenworth Truck dealers will work directly with agencies to develop a complete vehicle offering that meets the agencies specific needs. Given the custom nature of each truck being designed to meet the end user and application need, Kenworth dealers and the participating agency will mutually agree upon what is needed in the overall quote, the final delivery expectations, and final terms, conditions, currency type, and payment method. Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;
    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or
    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Mike Kleespies, Director Medium Duty Trucks, Kenworth Truck Co.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

DECISION MEMO REQUIRED Select an item from the following dropdown menu to identify why a Decision Memo (Section 3) is required.
COOPERATIVE (DPC2-352), GOVERNMENT JOINT PURCHASING ACT (30ILCS525) OR GSA SCHEDULE PRICING

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. CDW-G holds the National IPA Contract which allows the County to procure parts and supplies at a discount off list price.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Recommendation for a contract to CDW-G to purchase miscellaneous computer supplies through the National IPA Contract. It is recommended because it gives Public Works the flexibility to obtain computer supplies and items in a timely manner to maintain daily work functions and plant operations. 2. Do not approve contract and purchase items off contract. Not recommended due to the yearly anticipated spend with CDW-G for miscellaneous computer parts and supplies. 3. Do not approve contract at this time and look for a different cooperative agreement for computer parts and supplies. Not recommended due to the pricing options and availability of parts through CDW-G's network of suppliers.

SECTION 4: SOLE SOURCE MEMO/JUSTIFICATION	
JUSTIFICATION	Select an item from the following dropdown menu to justify why this is a sole source procurement.
NECESSITY AND UNIQUE FEATURES	Describe the product or services that are not available from other vendors. Explain necessary and unique features or services. Attach letters from manufacturer, letters from distributor, warranties, licenses, or patents as needed. Be specific.

National Pricing Discount

RFP 2024059 Addendum One

For each item listed on the National Priceing Tab, Offerors are encouraged to provide a discount off of a verifiable price list by all manufacturers proposed. For example, Group 2, Item 5 is Keyboards. Offeror(s) may wish to propose more than one manufacturer of keyboards, such as Logitech, Fellows, Belkin, Kensington, Tripplite, Dell, HP, Apple, etc. Offeror(s) should provide a separate discount for each manufacturer being proposed. Offeror(s) should add additional columns to the pricing page(s) in order to accommodate additional manufacturers' discounts. In addition to indicating your proposed discounts, you must also apply those discounts to the sample items in the City of Mesa Market Basket tab (below).

A. Propose a national discount off list price pricing structure. These are the minimum discounts Supplier will offer to Participating Agencies.

CDW•G is pleased to offer the City of Mesa and OMNIA Partners Participating Public Agencies a discount off CDW•G Nationally Advertised Pricing (NAP) structure for all Products in Attachment A. The percentages represent the minimum discounts the City of Mesa and OMNIA Partners Participating Public Agencies will benefit from for the duration of the contract. On a case-by-case basis and for large rollouts/projects, CDW•G will work with OMNIA Partners Participating Public Agencies to provide deeper discounts.

The benefit of using CDW•G's NAP is that it is a publicly available (24/7) and verifiable price schedule, and you can feel confident that its pricing is both up-to-date and competitive.

We have continued to see the technology solutions evolve and OMNIA Partners Participating Public Agencies' diverse needs change. Cloud offerings are constantly evolving and increasingly complex, with a range of subscription and consumption-based offerings, SaaS, IaaS, PaaS, among others. CDW•G's pricing is based on Discount 0% off MSRP where available to CDW•G. In cases where MSRP pricing is not available and/or the offering is unique, pricing will be based on CDW•G invoiced price. This structure provides the necessary flexibility to enable the City of Mesa and OMNIA Partners Participating Public Agencies to make purchases of offerings, as cloud offerings evolve, through the life of our contract.

For Services under group 11, we have included rate cards with hourly rates. For group 12 and other specialized offerings not specifically contemplated in this RFP but existing under the scope of Technology offerings, CDW•G and OMNIA Partners Participating Public Agencies will mutually agree upon/execute document, such as a Statement of Work (SOW), and pricing will be based on CDW•G invoice.

Prices include lowest ground freight within the 48 contiguous United States when referencing this Agreement. All orders are subject to CDW•G's standard shipping policies in effect at the time of order placement. In those instances that call for express or overnight delivery, shipping costs will be pre-paid by CDW•G and added to the customer invoice.

Our offer is based on our response submitted on December 20, 2023, to the exceptions outlined in Exhibit A, Response for National Cooperative Contract and Exhibit B, Administration Agreement, Example.

B. Describe the catalog or index that discounts will be taken.

CDW•G publishes, maintains, and provides access to NAP at www.cdwg.com available 24/7. The single most important parameter in a price model is the reference point from which discounts are calculated.

The City and OMNIA Partners Participating Public Agencies can trust that the pricing is competitive with other large-scale contracts. As stated above, by tying your pricing to the CDW•G's NAP reference point, we ensure real-time market-based competitive pricing for purchases over the life of the agreement. To ensure our competitiveness, CDW•G monitors competitive pricing, market trends, supply chain forecasts, and a holistic view of the IT marketplace to ensure our NAP pricing benefits the City of Mesa and OMNIA Partners Participating Public Agencies. CDW•G's proprietary technologies along with dedicated pricing experts ensure CDW•G's NAP pricing is adjusted to be price competitive.

C. Describe any special manufacturer pricing available to Participating Agencies.

CDW•G's catalog offers access to all manufacturers. As a $25 billion solution provider, we have strong partnerships with the largest and most innovative manufacturers. This ensures our NAP pricing for all the manufacturers is inclusive of our economies of scale, relationship, and position in the marketplace. For specific scenarios, such as large volume purchases/projects, CDW•G will work with the manufacturers to secure deeper discounts. Analyzing the purchase history of the City of Mesa and OMNIA Partners Participating Public Agencies, we are confident in our ability to continue to work with your preferred manufacturers to provide a competitive offering through the life of the contract.

D. Describe any special large order or large customer pricing or additional discounts available to Participating Agencies.

CDW•G has worked with numerous OMNIA Partners Participating Public Agencies during the current contract to obtain deeper discounts and account for budget constraints. In addition, we take advantage of manufacturer promotions, and volume purchases to provide maximum benefit to the City of Mesa and the OMNIA Partners Participating Public Agencies.

E. Describe any products offered by Supplier that are not captured in the pricing matrix below. Describe how Supplier proposes to price those items.

As technology offerings are constantly evolving, and becoming increasingly complex, specialized requirements not contemplated under this RFP, will be identified in a Statement of Work or similar document(s) and mutually agreed/executed between CDW•G and OMNIA Partners Participating Public Agencies. The pricing will be determined based on CDW•G invoiced price.

CDW•G is pleased to offer the City of Mesa and OMNIA Partners Participating Public Agencies ("PPA") a discount off CDW•G Nationally Advertised Pricing (NAP) structure.

Cloud offerings are constantly evolving and increasingly complex, with a range of subscription and consumption-based offerings, SaaS, IaaS, PaaS, among others. CDW•G's pricing is based on Discount 0% off MSRP where available to CDW•G. In cases where MSRP pricing is not available and/or the offering is unique, pricing will be based on CDW•G invoiced price. This structure provides the necessary flexibility, to enable the City of Mesa and OMNIA Partners Participating Public Agencies to make purchases offerings, as cloud offerings evolve, through life of our contract.

The City of Mesa and OMNIA Partners Participating Public Agencies acknowledge that CDW•G is not the provider of the Cloud Services and in purchasing the Cloud Services, City of Mesa, OMNIA Partners, and Participating Public Agencies rely only on the Cloud Service.

Provider's service descriptions and the terms and conditions set forth in the Cloud Provider's Services Terms and Conditions. Accordingly, City of Mesa and OMNIA Partners shall consider the Cloud Service Provider to be the party responsible for providing the Cloud Services and City of Mesa, OMNIA Partners, and its members/participating entities, may be required to execute additional agreements, prior to provisioning/purchase of certain cloud offering

CDW•G will provide Customer with a discount as a percentage off of CDW•G's Nationally Advertised Price (NAP) for the CDW•G defined Product Categories listed above, provided that Customer references this Agreement when placing an order with CDW•G.

Prices include lowest ground freight within the 48 contiguous United States when referencing this Agreement. All orders are subject to CDW•G's standard shipping policies in effect at the time of order placement. In those instances that call for express or overnight delivery, shipping costs will be pre-paid by CDW•G and added to the customer invoice.

Clarifications
*These are services tied to CDW•G internal taxonomy J and Q, which includes subset of offerings such as configurations, warranty, and specific installation services, and are not subject to a Statement of Work. These do not include the services broken out in the individual tabs, including other professional services, which require a mutually executed Statement of Work between CDW•G and Customer.

Table 2

For group 12, specialized offerings not specifically contemplated under this RFP but existing under the scope of Technology offerings, CDW•G and OMNIA PPA will mutually agree upon/execute document, such as a Statement of Work (SOW), and pricing will be based on CDW•G invoice.

Table 3

For Services under Group 11, we have included rate cards with hourly rates/services pricing for the following categories:

Digital Velocity Services
ServiceNow Services
Amplified IT Services
Staff Augmentation Services
Managed Services
Other Professional Services

For all hourly rates proposed by CDW•G in this pricing file and contained within our proposal, our offer is contingent on a 5% year over year escalation, on the contract's annual anniversary date, which will act as a not to exceed rate. Given the timespan between submission and official award and contract start dates, CDW•G reserves the right to impose up to an additional, one-time 5% increase in the first year of this agreement on or after May 1, 2024 to ensure alignment with standard rate adjustments.

CDW•G has been very successful in managing labor rates during unstable market conditions including taking advantage of our vast in-house, in-market resources and certified, approved subcontract pool while also leveraging remote services, where practical and applicable. During the contract term, CDW•G reserves the right to propose changes to labor rate categories to reflect extraordinary market conditions which might impact labor rates and present to City of Mesa and OMNIA Partners for review and approval. City of Mesa and OMNIA Partners will review and approve such rates through a mutually agreed upon amendment no later than 30 calendar days upon presentation.

Services requiring a specific Statement of Work (SoW) must be mutually executed between the customer and CDW•G before work begins. We have provided a sample SoW at the end of Tab E in our response.

For any service engagement, if there are applicable Travel and Expenses (T&E) charges, they will be agreed and mutually executed upon in a comprehensive Statement of Work. However, CDW•G will utilize its national footprint of service providers and in-market engineers. We also utilize remote technologies and services where applicable to mitigate such expenses.

Offeror's Qualifications

Hoerr Construction, Inc. has been in the underground utility business for over 29 years constructing all types of utilities for commercial and municipal clients. Currently, we have over 80 employees operating in the State of Illinois out of our headquarters facility in Goodfield, IL and our satellite office location in Waukegan, IL. Our field crews are signatory to the laborers, operating engineers, teamsters, & plumbers unions.

Next year will mark our 20th year in the cured in place pipe (CIPP) business as a licensee of the CIPP Corporation. We have installed CIPP liners from 3" to 72" in diameter for a wide variety of customers. We own all the necessary equipment to handle not only liner installation and curing, but also all parts of the job set up and tear down. This allows us the unique ability to react quickly and efficiently to changing job conditions that often arise unexpectedly. Our Key Qualifications document provides additional information on our key personnels' experience in this work.

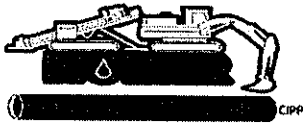

Our manhole rehabilitation & spray-applied lining crews began operating this year, but they have been installing these products for well over 5 years. We have completed multiple jobs for various municipalities across the State of Illinois, including IDOT. For more detail on our experience for this work, please see the Key Qualifications document.

Perhaps our greatest attribute that differentiates us from our competitors is the scope of work that we self-perform. When it comes to underground utilities, Hoerr Construction, Inc. subcontracts very little of a typical project. Depending on the location of the project, we perform the following scopes of work in-house:

- CIPP (gravity & pressure)
- Cleaning & Televising
- Grouting
- T-Lining & Lateral Lining
- Manhole Rehabilitation
- Spray-Applied Lining
- Open Cut Excavation & Point Repairs
- Sectional Point Repair Liners
- Bypass Pumping

An underground utility project can involve many different scopes of work, and by self-performing a wide range of services we have found that we can reduce miscommunications between entities, reduce scheduling conflicts, and improve the quality of the work. Project owners have a primary point of contact that has been involved with all aspects of their project. And if the circumstances are such that we cannot self-perform a part of the project that we normally could, we have the experience to understand how this should function and can advise & respond appropriately.

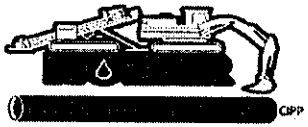

Attached you will find our completed projects experience list, W-9, Certificate of Good Standing from the Illinois Secretary of State and our current list of Major Sewer Rehab Equipment.

Project Understanding

This project is understood to be providing a wide range of trenchless rehabilitation & pipeline maintenance services that is utilizing a unit price pricing structure. Our understanding is that this contract will be made available to multiple participating agencies in various locations around the country. Our primary geographic area of interest is the State of Illinois, and we will apply further scrutiny to requests outside of the State of Illinois.

Since every project is going to be different, our proposed schedules will vary accordingly. For a typical project, we would expect that once the work scope & pricing details have been agreed to we would discuss a proposed schedule with the project owner. A project manager and/or superintendent will be assigned to the project, and they will be the primary point of contact for the project owner. If any milestones are required, we will incorporate them as needed into the project schedule and will keep the project owner updated as the project progresses.

We adhere to the industry standard(s) and performance metric(s) that are applicable to the different scopes of work that we perform. With nearly 30 years of experience in the underground utility industry, we have consistently met the industry standards & performance metrics for our work.

If an incident occurs on a project, it is reported to our management. Depending on the nature of the incident, an incident report (see attached) can be submitted and further investigation can be performed by management and/or our third party safety consultant.

During the course of the project, if a problem is identified that would affect the schedule, quality, or pricing for the project it is first reported to the supervisor & management. Once we understand the nature of the problem, we will notify the County (or project owner) and explain the situation. We have a large amount of experience in the underground utility industry, and we can draw on this experience to help craft a solution to the problem that is acceptable to all parties. Typically, this is worked out via emails, online meetings, and/or phone calls but we are available for site visits with the project owner if they desire.

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

The County of DuPage, IL (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting proposals for Trenchless Rehabilitation and Maintenance of Pipeline Infrastructure. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls

B. Joint sales calls

C. Communications/customer service

D. Training sessions for Public Agency teams

E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Supplier teams
D. Regular business reviews to monitor program success
E. General contract administration

Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B). At Supplier's option, Suppliers may pay additional fees beyond administrative fees, such as technology fees, to OMNIA Partners and/or a third party for additional support and/or access to OMNIA Partners' technology platform.

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $50M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Supplier and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery,

diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Supplier, Supplier and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Supplier. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;

B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;

C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Supplier also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team. **Max Hoerr II is our highest-level executive, and the 4 personnel most involved in sales meet weekly and are in close communication.**

I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program. **We expect to be in frequent contact with OMNIA Partners throughout the length of the Master Agreement and can address potential issues or concerns as they arise.**

I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc. **We will manage the Master Agreement as efficiently and thoroughly as needed. Timeframe requirements will be discussed between all parties.**

J. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each. **We will only provide this information if expressly permitted by our top 10 public agency customers.**

K. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions. **We will work with the appropriate parties to facilitate the necessary transfer of job information and funds electronically. We have the ability to receive and send funds electronically.**

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

$0.00 in year one
$0.00 in year two
$0.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier's strategies under these options when responding to a solicitation

When a public agency issues its own solicitation, we will respond to the solicitation with pricing that is applicable to that specific project. If we believe that there would be a benefit to utilizing the Master Agreement, we will present the Master Agreement to the public agency for their consideration.

5.3 The COUNTY and TOWNSHIP shall cooperate to secure all local, county, state, and federal permits necessary for completion of the PROJECT.

5.4 The COUNTY may enter into additional agreements to secure the services of other project partners to perform or undertake the COUNTY'S functions under this Agreement, but in all instances the COUNTY shall remain responsible for ensuring the satisfactory performance and/or substantial completion of the PROJECT.

5.5 The COUNTY shall reserve the right to review and modify the PROJECT'S plans and specifications, prior to the commencement of the PROJECT, together with any subsequent change orders, addendums, or revisions thereto, for the purpose of verifying that PROJECT components qualify for payment through the COUNTY'S Drainage Assistance

Program. The COUNTY shall further have the right to review all plans and specifications related to the TOWNSHIP's retention of third-party professional services for the PROJECT and any additional agreements by the TOWNSHIP to secure the services of other project partners.

5.6 The COUNTY shall cost share in the PROJECT as follows:

5.6.1 The COUNTY shall pay for all construction costs associated with the project, but in no event shall the COUNTY's total contribution towards the PROJECT after final reimbursement by the TOWNSHIP amount to more than sixty thousand dollars and no cents ($60,000.00) or 50% of the total PROJECT cost, whichever is lesser.

5.6.2 In the event actual costs for the PROJECT at the time of completion total less than one hundred and twenty thousand dollars and no cents ($120,000.00), the COUNTY'S total reimbursement amount shall not be more than fifty percent (50%) of the final PROJECT construction costs. In the event it is determined that the COUNTY has overpaid more than its agreed share of the PROJECT'S costs, for any reason, the TOWNSHIP shall promptly refund the COUNTY the amount of such overpayment.

5.7 The COUNTY shall submit a final invoice to the TOWNSHIP within a reasonable time following substantial completion of the PROJECT'S construction. The invoice shall be supported by documentation of all allowable PROJECT expenses for which the COUNTY seeks reimbursement.

5.8 The COUNTY shall make direct payments to all parties providing allowable construction services related to this PROJECT. This requirement will not affect the TOWNSHIP'S obligation to reimburse the COUNTY in the amounts herein agreed upon, nor shall this provision affect the TOWNSHIP'S obligation to reimburse the COUNTY in the event the PROJECT is not undertaken or completed, as established in paragraph 3.3.

5.9 The COUNTY shall allow the TOWNSHIP unlimited, but reasonable, access to the PROJECT area to observe and review PROJECT work and work documents (i.e., plans, change orders, field orders, manager diaries, etc.) for eligibility for TOWNSHIP reimbursement.

6.0 GOVERNMENT REGULATIONS.

6.1 The COUNTY and TOWNSHIP shall comply with all local, county, state and federal requirements now in force, or which may hereafter be in force, pertaining to the PROJECT.

7.0 INDEMNIFICATION.

7.1 The TOWNSHIP shall indemnify, hold harmless and defend the COUNTY and its officials, officers, employees, and agents from and against all liability, claims, suits, demands, liens, proceedings and actions, including costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the TOWNSHIP'S performance under this AGREEMENT to the fullest extent the TOWNSHIP is so authorized under the law; provided, however, that the TOWNSHIP shall not be obligated to indemnify, hold harmless and defend the COUNTY for any negligent or intentional wrongful misconduct or omissions by COUNTY officials, employees, agents, contractors or personnel.

7.2 The COUNTY shall indemnify, hold harmless and defend the TOWNSHIP and its officials, officers, employees, and agents from and against all liability, claims, suits, demands, liens, proceedings and actions, including costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the COUNTY's performance under this AGREEMENT to the fullest extent the COUNTY is so authorized under the law; provided, however, that the COUNTY shall not be obligated to indemnify, hold harmless and defend the TOWNSHIP for any negligent or intentional wrongful misconduct or omissions by TOWNSHIP officials, employees, agents, contractors, consultants, or personnel.

7.3 The TOWNSHIP and COUNTY shall require each consultant and contractor responsible for the design, construction, maintenance, or monitoring of the PROJECT to name both the TOWNSHIP and COUNTY as additional insured parties on said consultant or contractor's liability insurance policy. Further, the TOWNSHIP and COUNTY shall each require that their consultants and contractors indemnify, defend, and hold harmless both the TOWNSHIP and COUNTY, their officers, employees, and elected officials from and against any claims, liability or judgments resulting from, or caused by, the negligence or willful conduct of such consultant and, or contractor.

7.4 Nothing contained herein shall be construed as prohibiting the COUNTY, its officials, directors, officers, agents, and employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, liens, proceedings, and actions brought against them. Pursuant to Illinois law, any attorney representing the COUNTY, under this AGREEMENT, shall be the State's Attorney, or appointed thereby, in accord with the applicable law. The COUNTY'S participation in its defense shall not remove TOWNSHIP'S duty to indemnify, defend, and hold the COUNTY harmless, as set forth above. Moreover, indemnity as provided in this AGREEMENT shall not be limited by reason of any

insurance coverage maintained by the TOWNSHIP or its consultants, contractors, or agents. The TOWNSHIP'S indemnification of the COUNTY shall survive the termination, or expiration, of this AGREEMENT.

ONGOING MANAGEMENT FOR OUR SERVICES

TASK 1 – STAKEHOLDER ENGAGEMENT

TASK 1.1 OUTREACH & MARKETING STRATEGY

In partnership with Metro Strategies (Metro), the Lochner Team will work with County staff to develop an Outreach and Marketing Strategy for the DuPage County Active Transportation Plan (Plan) leveraging our team's collective local DuPage experiences to identify ideas for key stakeholders. The Plan will include elements such as engagement objectives, outreach needs, desired outcomes, key stakeholders, and target audiences. It will include a summary of proposed outreach events, surveys, and other activities in addition to the proposed timelines. The specific objectives of the Outreach and Marketing Strategy includes:

- Focusing on vulnerable roadway users and disadvantaged communities. Designing engagement strategies and identifying the most appropriate way to engage the above-mentioned populations will determine the success of the planning process.
- Communicating in a way that stakeholders and the public will understand. The Lochner team has the capabilities to conduct outreach in English and Spanish, with topics presented in a manner that is easily understood. This includes creating graphics that simplify complex technical topics, as well as avoiding acronyms and transportation jargon.
- Using a variety of engagement strategies to reach out to as many groups of the County's population as possible. The Lochner Team will engage with DuPage stakeholders and residents virtually and in-person to capture a diverse group of participants. The Lochner and Metro team have expertise in using exciting tools to better engage those often traditionally left out of public involvement processes.

MARKETING AND BRANDING STRATEGY

Metro will work with County staff to develop at least two (2) but no more than four (4) logo options and other appropriate branding to make the plan recognizable to the public and distinguished from other county initiatives. All content will be designed in accordance with accessibility guidelines. Consistent branding will be included on all print and online public-facing material including presentations, flyers, press releases, and FAQ sheets. The Engagement Task Lead, Tammy Wierciak, and supporting staff, will work with the County staff to identify the list of marketing materials that will be developed throughout the Plan process. Locations where content should be made available, including the purchasing of ad space via social media will be identified.

TASK 1.2 ONLINE PLATFORM

The Lochner Team will develop a customized project webpage using an interactive and illustrative platform such as Rise 360. A key component of the project would involve using maps to gather data and communicate information. These online engagement tools would allow for seamless integration of cartography and data collection into the project, including an online survey and interactive webmap. Lochner has recently applied such tools successfully on recent projects, as shown below.

- San Bernardino ATP webpage with online mapping tool integration using ESRI StoryMaps: https://storymaps.arcgis.com/stories/614fd894a57a402c9c823cfe946076f0
- East San Fernando Valley Light Rail webpage using Rise 360: https://rise.articulate.com/share/S5htB4e96HcN1goGVPZalVuKcAO_B3Nl
- Montclair ATP & SRTS webpage: https://rise.articulate.com/share/AAT-0KOIAy7XW9FeX3IsfnNUUyH3P5KO#/

TASK 1.3 DIRECT OUTREACH

In consultation with County staff, Tammy Wieciak and supporting staff will identify and coordinate participation of up to six (6) engagement opportunities (three in-person and three virtual). Locations for the events will be determined based on a demographic analysis of equity focus areas and from talking to key stakeholders/community groups who represent disadvantaged and traditionally under-served populations. Direct outreach to encourage participation in and gather feedback about the Plan will be focused on fun activities where community members are expected to engage in interactive exercises to provide their thoughts and feedback on specific corridors, infrastructure treatments, or lack of infrastructure captured through conversation and discussion. We will gamify the activities to draw people over. One example is the Traffic Calming RC Course mat we made for kids to drive remote control vehicles on in Buena Park. We will select dates, locations, and times most convenient for the public, including weekends and after hours to maximize participation. Workshops and participation in countywide events will be promoted through a variety of communication channels. This includes the project webpage and County websites, social media, e-newsletters, press releases in local newspapers and flyers in high foot-traffic locations.

Tammy will work with County staff to identify locations that are likely to attract a diverse group of roadway users to push for further mobility equity. Virtual formats could utilize platforms such as Zoom, GoToMeeting, or Facebook Live and include interactive features such as polls, moderated real-time chats, presentations, and discussions. All content will be developed to help evaluate the needs of different roadway users and allow participants to consider how others interact with roadways, an essential piece when trying to build consensus. Large display boards with maps, graphics, renderings, and other visually appealing images will be prepared. It is anticipated that boards will be graphic heavy and word light.

STEERING COMMITTEE MEETINGS

Lochner's Engagement Team will develop content for and facilitate up to three (3) Steering Committee meetings in this first project stage. Jacque will work with County staff to identify representatives who should receive invitations to participate in the meetings to ensure that a diverse group of stakeholder needs are considered throughout the decision-making process.

TASK 1 DELIVERABLES

- Outreach and marketing strategy memorandum
- Branding and marketing collateral – including a minimum of three (3) flyers, up to four (4) project logos (horizontal/vertical and/or black/white/multicolor); two (2) information sheets; two outreach presentations; templates; press releases; and at least 10 social media posts
- Online platform/webpage
- Online and print survey
- GIS-based map survey
- 6 community events (3 in-person, 3 virtual): open houses, workshops, pop-ups and event notices, sign-in sheets
- Four (4) Steering Committee meetings and notes
- Stakeholder Engagement Report

TASK 2 – EXISTING CONDITIONS ANALYSIS: DATA COLLECTION, MAPPING AND MODELING

TASK 2.1 EXISTING BICYCLE AND PEDESTRIAN TRIPS

Lochner's Active Transportation Planning Lead, Frank Barrera, RSP1 and supporting staff will collaborate with the County to develop estimates on the number of existing bicycle trips and pedestrian trips to County destinations, both in absolute numbers and as a percentage of all trips. Data will be collected through US Census data from the American Community Survey, as well as information gathered from stakeholder discussions and online surveys on the frequency and comfort of walking and biking. Estimated trips will be based on this data, available count data, and an analysis of surrounding activity centers.

TASK 2.2 CRASH DATA

Lochner has extensive experience working with bicycle- and pedestrian-involved collision data both in Illinois and other states through our experience in developing over 35 Systemic Safety Analysis Reports (SSAR) and Local Roadway Safety Plans (LRSP) over the past five years. We understand that DuPage is currently underway on a SS4A Safety Action Plan (Lochner is leading the Kane County Safety Action Plan). We will coordinate with this team and incorporate the descriptive statistics and High Injury Network findings into the DuPage Active Transportation Plan.

TASK 2.3 LAND USE AND DEMOGRAPHIC EQUITY

Understanding existing land uses and demographics is critical to identify, design, and implement the appropriate improvements to support an active transportation network. Our National Transit Planning Lead Taiwo Jaiyeoba and GIS specialist Tom Chalmers will utilize available data to develop a series of GIS maps summarizing the land use and disadvantaged communities throughout the County. The maps will include locations of residential neighborhoods, schools, shopping centers, public buildings, major employment centers, projected residential development, Census data and USDOT Equitable Transportation Community Explorer data. In addition, community destinations of high importance that are identified through outreach activities will be mapped to assist in the future prioritization of projects. These maps will help set the framework for identification of infrastructure and program improvements, as well as funding opportunities for these improvements. Taiwo brings fresh ideas as a national thought leader who understands the intrinsic link between land use and transportation. In his public sector experience he led the implementation of numerous catalytic active transportation projects through this lens.

TASK 2.4 EXISTING BICYCLE NETWORK, BICYCLE PARKING, PEDESTRIAN NETWORK & ADA ACOMMODATIONS

This will include a map of existing County bikeway facilities, bikeway facilities in neighboring jurisdictions, major transit and bus routes, key destinations attracting bicyclists (including but not limited to schools, parks, shopping centers, etc.), business districts, multi-use trails, and other bicycle trip destinations. The team will leverage their deep familiarity with the county from working on numerous active transportation plans in DuPage

municipalities and collect and map relevant DuPage, State and municipal capital program projects. The inventory will capture existing infrastructure conditions, elements under construction or recommended through other planning efforts, and physical gaps in the network and bicycle facilities within the bikeshed of transit stops in DuPage.

We will prepare maps and descriptions of existing pedestrian facilities with a focus on identifying gaps in the current network around priority destinations using CMAP's Sidewalk Inventory data. Focus areas will be analyzed using high-resolution imagery, such as from Nearmap. Site visits will also be conducted at key locations of note, such as activity generators, high-crash areas, or other locations noted as in need of improvements during the community engagement process. Areas will be noted that are in need of ADA improvements such as non-compliant or missing ramps, broken or missing sidewalks, inadequate sidewalk widths, etc., focusing on areas with higher percentages of people with disabilities.

TASK 2.5 EXISTING TRANSIT INTEGRATION, FIRST/LAST MILE FACILITIES, AND BICYCLE PARKING

Rather than just being an inventory of existing datasets, we will approach the existing conditions report as a way to highlight opportunities for the future strategies stage of the plan. A key factor for the Plan in the next stage will be the development of a transit implementation framework for first mile/last mile facilities and bicycle parking that will outline various implementation strategies, including communication strategies between County departments and partner agencies. The National Transit Planning Lead Taiwo Jaiyeoba and support staff will develop a map and description of existing non-motorized connections to transit, including Pace bus stops and Metra stations. Areas shall include first/last mile connections and amenities such as bicycle parking facilities at transit stops, rail and transit terminals, park and ride lots, and bike racks and other amenities for transporting bicyclists and bicycles on transit and rail vehicles.

TASK 2.6 PLANNING AND POLICY DOCUMENTS REVIEW

The Active Transportation Design and Planning Team will assemble, review, and analyze relevant existing transportation plans, policies and area plans relevant to inform the Active Transportation Plan to provide a solid goal, policy, and project framework on which to develop the Plan Update. The team will also conduct a literature review of best practices for mitigating mobility obstacles as implemented by other agencies and peer counties. The team will facilitate departmental interviews to understand and document the project delivery process for complete streets and active transportation projects in the County.

Our National Funding Lead Mike Nilsson, AICP, CTP will also consider how the County is currently leveraging various funding sources. The team will also identify and briefly describe the applicable bicycle and pedestrian plans of adjacent jurisdictions. By engaging our national policy and funding leads in this stage of the process, we will provide an understanding of not only what policies and programs show on paper (e.g. a traditional literature review), but also how they actually work in action, highlighting opportunities for improvements.

TASK 2 DELIVERABLES

- Tables of Data (to include .xlsx format) on trip generation to be included in Final Plan
- GIS layers and maps of collision data, tables of collision data (to include .xlsx formats) for Final Plan, hot spot with collision factors
- GIS land use layer and maps
- GIS layers and maps of existing bicycle facilities and bicycle parking
- GIS layers and maps of existing pedestrian facilities indicating sidewalk conditions
- GIS transit integration layers and maps
- Summary of the applicable existing regional, countywide and adjacent local bicycle and pedestrian plans and policies and a description of opportunities for the Countywide ATP Existing Conditions Report, at least eight (8) fact sheets

TASK 3 – PROJECT MANAGEMENT

TASK 3.1 PROJECT KICK-OFF MEETING

The Lochner Project Manager, Jacque Henrikson, will organize and lead a kick-off meeting with DuPage County. Through the discussion of project goals, objectives, schedule, and responsibilities, the kick-off meeting will establish an understanding of expectations and a path towards successful project execution. In advance of the kick-off meeting, the Lochner Team will prepare and circulate a draft agenda and incorporate any feedback/ comments. The Lochner Team will also prepare a Data Needs Request Memorandum that lists major items needed to advance the Active Transportation Plan.

TASK 3.2 REGULAR PROJECT MANAGEMENT MEETINGS

Jacque and supporting management staff, will discuss progress of the Active Transportation Plan with County Staff and other members of the project team through biweekly progress meetings scheduled via teleconference (Microsoft Teams, Google Meet, Zoom) through the duration of the project. During the progress meetings, the Lochner Team will discuss project activities, coordinate project deliverables, and review the project budget and

schedule. Any potential risks and challenges will also be identified during the progress meetings with solutions discussed to deliver project success. The Lochner Team will lead the development of all agendas and meeting minutes for the progress meetings. In-person meetings may be held in-lieu of teleconferences as determined upon mutual agreement between the County and the Lochner Team for key milestone meetings, such as at project kick-off. Two rounds of meetings will also be scheduled with neighboring communities to make sure that DuPage County Active Transportation Plan recommendations are coordinated with surrounding jurisdictions.

TASK 3 DELIVERABLES

- Kick-off meeting agenda, meeting notes, project management plan, schedule, data request list
- Monthly status reports, invoices

DuPage County Active Transportation Plan - BDE 436 Direct Expenses Justification

Printing

The printing estimate of $1,300 is based on the following assumptions:

- 3 exhibit boards for 3 events at $55 each = $495
- 300 double-sided full color flyers (100 per event) at $1.22 per page = $366
- 150 Spanish version of flyer (50 each event) at $1.38 per page =$207
- 150 Polish or alternate language version of flyer (50 each event) at $1.38=$207
- 150 comment forms at $0.60 per page= $90

The estimate is rounded down to $1,300 and actual costs may vary based on actual numbers and pricing at time of printing.

Pop Up Meeting Facility Fees

There may be facility-related cost for pop-up events. An average budget of $250 per event is recommended for a total of $750 for three events, and this cost will only be incurred if required. The actual cost of facility fees will depend on location and specific events. Facility fees may include registration fees to participate in a festival or venue fees and may range from $75 to $500.

Translation

Translation costs include translation of print materials and real-time interpretation at live events.

- The average cost of interpretation services ranges from $500 to $700 per event. Assuming the need for Spanish interpretation at all three pop-ups plus one additional language for at least two pop-up events, interpretation costs are budgeted at $3,500.
- An additional $500 is budgeted for translation of flyers into three languages (about $167 per translation).

Website/Online Map

- Website Plan Related Fees - $200 per year (website professional plan and domain privacy)
- Website Translation Feature - $300 per year (e.g. *Convey This* add on is about $290/year)
- Website Online Map Add on - $500 per year (e.g. Map Geo – $480 annually and Map Box - $600 annually)

The total recommended budget amount is $1000, the actual cost may be lower.

SECTION 3: DECISION MEMO

SOURCE SELECTION	Describe method used to select source. The DOT only selects firms that are pre-qualified in accordance with IDOT guidelines. Requests for Statements of Interest were sent to firms throughout the industry and responses were received from 6 firms qualified to perform this work. The DOT reviewed each submittal with specific attention to their understanding of the project, experience of staff to be assigned to the project, relevant past work, overview of video tool, that will be used by the DOT, and their experience with coordinating with outside entities. Based on a comprehensive review of the submittals, the DOT determined that the project team assembled by Parsons Transportation Group, Inc. is qualified and has the staff available to perform the work on behalf of the County.
RECOMMENDATION AND TWO ALTERNATIVES	Describe staff recommendation and provide justification. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Award a contract to Parsons Transportation Group, Inc. This is the recommended option. 2. Contract with another firm. Not recommended due to staff's determination that Parsons Transportation Group, Inc. is the most qualified. 3. Do not award a contract. Not recommended as the DOT does not possess the staff resources to perform this work and must contract for these services.

6.0 DELIVERABLES

6.1 The CONSULTANT shall provide the COUNTY on or before the expiration of this AGREEMENT, or promptly after notice of termination or when the Director directs, the deliverables specified in the approved Work Order(s). A preliminary list of work is attached hereto as Exhibit A for approved Work Orders or as otherwise agreed to by the COUNTY and CONSULTANT.

7.0 COMPENSATION

7.1. The COUNTY shall pay the CONSULTANT for services rendered and shall only pay in accordance with the provisions of this AGREEMENT. The COUNTY shall not be obligated to pay for any services not in compliance with this AGREEMENT.

7.2. Total payments to the CONSULTANT under the terms of this AGREEMENT shall not under any circumstances exceed $180,000.00. This amount is a "not to exceed" amount. In the event the COUNTY directs the CONSULTANT to do work which would cause the stated amount to be exceeded, the CONSULTANT shall not be responsible for such work until this AGREEMENT is modified pursuant to Article 14.0.

7.3 For services performed, the COUNTY will pay the CONSULTANT at a 2.8 direct labor multiplier applied to the actual hourly rates of staff and/or the fee schedule(s) as incorporated herein. The multiplier should include the cost of overhead and profit. A chart listing the hourly rate ranges for the CONSULTANT'S staff and approved sub-consultant's staff, identified by classification, is attached and incorporated hereto as Exhibit C. The CONSULTANT may request adjustments to the hourly rate ranges and additions or deletions to the position classifications to/from Exhibit C which will be subject to approval by the COUNTY provided the adjustment(s) do not exceed the total compensation as stated herein and subject to the terms in 7.3(b) below.

The COUNTY retains the authority to limit the maximum rate per classification on Exhibit C and as such the maximum rate allowed (per Exhibit C) at the time of execution of this AGREEMENT shall not increase for the duration of this AGREEMENT.

It is the sole responsibility of the CONSULTANT to provide the COUNTY with a current Exhibit C (including Exhibit C for approved sub-consultant(s)) when invoices are submitted for the Work Orders.

7.3.a If this AGREEMENT or a modification thereto authorizes the CONSULTANT to alter its fees, such fee changes shall be subject to the following unless otherwise provided in the AGREEMENT:

i) The CONSULTANT may only change the fees stated in Exhibit C once per calendar year;

ii) fees may not be changed prior to one hundred twenty (120) days from the date of execution of this AGREEMENT or from the date of any previous fee change;

iii) the CONSULTANT shall provide the COUNTY with forty-five (45) days' notice of any proposed fee change. The CONSULTANT shall not invoice the COUNTY at an increased fee without compliance to the notice requirements listed above.

7.4 Direct expenses are costs for supplies and materials to be paid for by the COUNTY for completion of all work that is the subject of this AGREEMENT as referenced on the attached Direct Costs Check Sheet (BDE 436 form) made a part hereof and incorporated herein by reference. Approved Work Order(s) may include additional approved direct expenses not included herein. The COUNTY shall pay direct costs referenced on the Direct Costs Check Sheet on an actual cost basis without any markups added and the CONSULTANT shall include copies of receipts for all direct expenses more than $25 from suppliers for expendable materials with its invoice to the COUNTY.

7.5 If the scope of work for this AGREEMENT includes the use of job classifications covered by the prevailing rate of wages, the prevailing rate must be reflected in the cost estimate for this AGREEMENT. The rates have been ascertained and certified by the Illinois Department of Labor for the locality in which work is to be performed. If the Illinois Department of Labor revises the prevailing rates of wages to be paid, as listed in the specification of rates, the CONSULTANT may not pay less than the revised rates of wages. Current wage rate information shall be obtained by visiting the Illinois Department of Labor web site at http://www.state.il.us/agency/idol/ or calling 312-793-2814. It is the responsibility of the CONSULTANT to review the rates applicable to the work in this AGREEMENT, at regular intervals, in order to insure the timely payment of current rates. Provision of this information to the CONSULTANT, by means of the Illinois Department of Labor web site, satisfies the notification of revisions by the COUNTY to the CONSULTANT pursuant to the Act, and the CONSULTANT agrees that no additional notice is required. The CONSULTANT shall notify each of its sub-consultants of the revised rates of wages.

7.6 The CONSULTANT shall submit invoices for services rendered including any allowable expenses, to the COUNTY. All invoices shall include a remittance address. The COUNTY shall not be required to pay the CONSULTANT more often than monthly. Each invoice shall be submitted in a format agreed to in advance by the COUNTY. Separate invoices shall be submitted for each approved Work Order and each invoice shall also include a progress report that describes work completed for the invoice period, anticipated work for the next invoice period, outstanding issues or items that require a response, whether the work is progressing according to the approved schedule, and a discussion of the budget status. The CONSULTANT shall provide the COUNTY with a valid taxpayer identification number prior to making any request for compensation. Payment will not be made for services completed or expenses incurred more than six-months (180 days) prior to submission of any invoice and any statute of limitations to the contrary is hereby waived. When requested by the COUNTY, the CONSULTANT shall submit certified time sheets as additional documentation for the invoiced services.

7.7 Upon approval of properly documented invoices, the COUNTY shall reimburse the CONSULTANT the amount—invoiced for work completed in accordance with this AGREEMENT, provided that the amount invoiced together with the amounts of previous partial payments do not exceed the total compensation specified in this AGREEMENT. The COUNTY may not deny a properly documented claim for compensation, in whole or in part, without cause. The COUNTY reserves the right to reserve a sum equal to not more than five percent (5%) of the total AGREEMENT amount to ensure performance. The COUNTY shall pay all invoices pursuant to 50 ILCS 505, "Local Government Prompt Payment Act."

7.8 In the event of any overcharge by the CONSULTANT, the CONSULTANT shall refund the COUNTY within thirty (30) days of discovery of said overcharge by the CONSULTANT or notice to the CONSULTANT by the COUNTY. The COUNTY reserves the right to offset any overcharges against any amounts due and owing the CONSULTANT under this or any other AGREEMENT between the parties. The COUNTY shall be entitled to the statutory interest rate for judgments under Illinois law for any overcharges not timely refunded (or credited) in accord with this provision, which interest shall be in addition to any other remedies the COUNTY may have under the law or this AGREEMENT.

7.9 Upon acceptance of all deliverables specified as approved Work Order(s), final payment shall be made to the CONSULTANT, including any retainage.

8.4 The CONSULTANT shall require all approved sub-consultants, anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable under this AGREEMENT to maintain the same insurance required of the CONSULTANT, including naming the COUNTY as an additional insured in the same coverage types and amounts as the CONSULTANT, per Section 8.0. The COUNTY retains the right to obtain evidence of sub-consultants' insurance coverage at any time.

9.0 INDEMNIFICATION

9.1 The CONSULTANT shall indemnify, hold harmless and defend the COUNTY, its officials, officers, agents, and employees from and against all liability, claims, suits, demands, proceedings and actions, including costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the CONSULTANT'S negligent or willful acts, errors or omissions in its performance under this AGREEMENT.

9.2 Nothing contained herein shall be construed as prohibiting the COUNTY, its officials, directors, officer and employees from defending through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, proceedings and actions brought against them. Pursuant to Illinois law, any attorney representing the COUNTY, under this paragraph or paragraph 9.1, who is not already an Assistant State's Attorney, is to be appointed a Special Assistant State's Attorney, in accordance with the applicable law. The COUNTY'S participation in its defense shall not remove the CONSULTANT'S duty to indemnify, defend, and hold the COUNTY harmless, as set forth above.

9.3 Any indemnity as provided in this AGREEMENT shall not be limited by reason of the enumeration of any insurance coverage herein provided. The CONSULTANT'S indemnification of the COUNTY shall survive the termination, or expiration, of this AGREEMENT.

In the event any errors or omissions are detected after the expiration or termination of the AGREEMENT, the CONSULTANT may at the COUNTY'S option have the responsibility to cure same under this provision.

10.4 Acceptance of the work shall not relieve the CONSULTANT of the responsibility for the quality of its work, nor its liability for loss or damage resulting from any errors, omissions, or negligent or willful acts by the CONSULTANT or its sub-consultants.

11.0 BREACH OF CONTRACT

11.1 Either party's failure to timely cure any material breach of this AGREEMENT shall relieve the other party of the requirement to give thirty (30) day notice for termination of this AGREEMENT in accordance with Paragraph 16.1, below. Whenever a party hereto has failed to timely cure a breach of this AGREEMENT, the other party may terminate this AGREEMENT by giving ten (10) days written notice thereof to the breaching party. Notwithstanding the above term, the CONSULTANT'S failure to maintain insurance in accordance with

Section 8.0, above, or in the event of any of the contingencies described in Paragraph 16.1 below, shall be grounds for the COUNTY'S immediate termination of this AGREEMENT.

12.0 OWNERSHIP OF DOCUMENTS

Subject: Scope of Work for Traffic Engineering Assistance and Signal Coordination and Timing (SCAT)

The team of Parsons Transportation Group Inc. and Mead & Hunt (collectively referred to as Parsons Team) is submitting the following scope of work. This gives a broad overview of the capabilities that are available to be utilized as part of the work orders.

Project Management
- Leads the overall project, coordinates with DuDOT staff, and ensures all tasks are completed on time and within budget.
- Coordinates and leads all meetings, including bi-weekly condition reports.

Studies and Reporting
- Conducts traffic studies, warrant studies, IDS reports, speed studies.
- Lead all data collection efforts.
- Development and Review of Various Traffic Engineering Studies.

Review and Design
- Reviews traffic signal plans, ITS plans, catalog cuts, geometric review, and special provisions for compliance with DuDOT and industry standards.
- Full Interconnect plan review.
- Complete traffic design work as requested

SCAT and Signals Operations
- Performs all traffic signal related tasks, including monitoring, troubleshooting, and design.
- Perform all optimization and implementation
- Monitor traffic signal operations remotely, diagnose issues, and oversee inspections.
- Handles all public complaints and tracking of them.
- Analyzes traffic data and develop optimized signal timing plans.
- Perform on-call traffic operations

Capabilities
The proposed Team's signal optimization work provides a major positive impact on travelers across the nation. Through the fine-tuning of hundreds of thousands of unique signal timing parameters and settings, the deployment of new signal timing plans is shaping the industry for all modes of transportation. Incorporating many facets of signal timing, including improvements to multimodal mobility and safety, congestion mitigation, special event timing plans, and more, the Team seeks to keep the County's signal system in a good state of repair and enhance multimodal options for travelers. Part of our team are active team members in the NCHRP (National Cooperative Highway Research Program) 03-149 research project, which is focused on the development of the 3rd Edition of the Signal Timing Manual (STM). The research team is employing a flexible, user-centered approach to align the STM with user needs and recent initiatives toward active management of traffic signal systems. In the next edition of the STM, there will be better integration of active management with the STM, and that this may serve as a bridge between fundamental concepts and their applications.

Added Value of the Parsons Team:
The local Parsons team has complimentary skillsets that are not spelled out for this TSMO RFP but that will be helpful in providing holistic TSMO support to DuDOT.
- Extensive experience in IDS and Geometric review. A dedicated local team, but also a full national practice dedicated to traffic studies.

PARSONS

- Communications and Network Design – This team is often expanding and enhancing gigabit ethernet networks over fiber, WiFi, and cellular. We typically perform all communications design (fiber & IP) for network expansion for LCDOT and DUDOT – working together with the local design firms to assist and review PS&E packages. Parsons has been the lead designer and reviewer for IDOT Interconnects, working directly with Kamil on all systems coming online.
- ATMS – We have mixed experience designing and deploying our own ATMS, as well as specifying, inspecting, and testing ATMS upgrades for other manufacturers' systems and performing customizations and upgrades. This included both signal management systems, but also broader integrations to tangential systems for a more comprehensive approach to traffic management.
- Construction Support – Our staff has performed construction inspection, testing, and site acceptance for our clients – including fiber optic cable testing. We have experience fusion splicing fiber and testing with power meters and OTDRs.
- Wireless Surveys – We have performed wireless surveys via tower, bucket truck, and extension poles to determine line of site. We find it more effective, though, to use actual radios to perform a spectrum analysis and determine RSSI and noise at the frequencies of interest.
- On-call and on-site – We will be happy to meet in-person for any or all status meetings given our proximity. We also can accommodate impromptu site visits and on-call operations assistance with minimal lead time as members of the team proposed live local in Naperville, Addison, and Downers Grove.

Sincerely,

Requests for Statements of Interest were sent to firms throughout the industry. Statements of Interest were received from 10 firms. Based on the review of the Statements of Interest, these firms were requested to submit a Statement of Qualification. The DOT reviewed each submittal taking into consideration the technical approach to the project, understanding of key considerations, experience with similar projects, experience with key team members, and relevant past work. Identify at least 2 other options to accomplish this request, including status quo, (i.e., take no action). 1. Award a contract to d'Escoto, Inc. this is the recommended option. 2. Project Understanding

The DuPage County Division of Transportation (DuDOT) seeks enhanced pedestrian accommodations which include a sidewalk and lighting improvements along 91st Street between IL 83 and Clarendon Hills Road within the Willowbrook Corners community. Two federal grants will fund part of this project including a Safe Routes to Schools (SRTS) grant. The other grant is a Community Block Development Group (CBDG) grant which would apply for construction funding. Federal guidelines will be followed for this project.

This Federally Funded project will require a Project Development Report that will be processed as a Federal Categorical Exclusion.

Tasks

1. **EXISTING CONDITIONS EVALUATION AND COORDINATION**

d'Escoto will complete this task, which includes obtaining all pertinent data required to complete Phase I work. Coordinating agencies include the County and Downers Grove Township, IDOT and all other public and private agencies necessary to obtain base data for the project area, including but not necessarily limited to the following information:

- Record roadway plans, including previous studies/reports, and as-built plans
- Recorded centerline and right-of-way plans
- Soils and geological information

d'Escoto will coordinate with DuDOT to obtain available GIS data for the study area, including aerial photography, LiDAR contour mapping, environmental resources, property lines, roadway names, etc. It is understood that County data is available at https://gisdata-dupage.opendata.arcgis.com/. Any additional data that is not publicly available, the team will reach out to the County for assistance.

d'Escoto will determine facility deficiencies based on information gathered and prepare exhibits of the data collected as appropriate for use as part of other project tasks. This task will include a plan-in-hand field review of the project area and contact with key stakeholders within the project area.

Specific work items under this task will include:

- Initial project field review(s). Assume two visits, two staff on each visit.
- Complete a detailed photo log of the site including a detailed inventory of topographic features which may impact or be impacted by the proposed design
- Project data collection including contact and coordination with key project stakeholders
- Coordination to obtain base project mapping data
- Review, analyze, and catalog project data
- Determine facility deficiencies

2. **CRASH ANALYSIS**

The crash analysis data and report will be used to support the Purpose and Need for the project and support the federal funding request. The team will utilize the MS2 Database which is maintained by the County. Any data that is not included in the database will be requested to the County.

d'Escoto will provide the following items included in this task:

- Collection of the most recent 5 years of crash data available from IDOT's online crash portal website. Currently, the most recent 5 years is from 2018 through 2022. As this Phase I Study is expected to last 12 months, the 5 year period will be adjusted accordingly.
- Collision diagrams for pedestrian and bicycle crashes and a crash summary table will be retrieved utilizing the MS2 Database.

3. **ALTERNATIVE GEOMETRIC STUDIES**

d'Escoto will complete the Alternative Geometric Studies task, which includes the development of conceptual alignments of the sidewalk connections for coordination with agencies and stakeholders. The team will develop eight (8) preliminary options which will be refined to two (2) geometric alternatives. The two geometric alternatives will be investigated for the pedestrian improvements along 91st Street between IL Route 83 and Clarendon Hills Road. It is understood that a sidewalk will be built along the south side of This item also includes preliminary design of the preferred alternative to determine impacts and the need for permanent right-of-way acquisition and temporary construction easements. The alternatives will be evaluated based on the following:

Concept Alternatives

- Determine and minimize right-of-way needs.
- Determine and minimize impacts to wetlands and environmental resources.
- Identify the most practical route based on pedestrian counts (with Pedestrian count provided by the County).

The following assumptions are made with respect to the development of alternative alignments:

- Roadway widening will not be considered.
- Both pedestrian and bicycle accommodation will be considered during alternative analysis.
- A closed drainage system (i.e., curb and gutter with storm sewer) will be provided within the limits of the project improvement area to minimize overall right-of-way impacts along 91st Street.
- Stormwater detention, water quality improvements and compensatory storage volume requirements and locations (if required) will be estimated for the preliminary alternatives for comparative purposes and will be finalized as part of the preferred alternative. CBBEL to lead drainage design.
- For each preliminary alternative, plan geometry, preliminary profiles, and a rough 3D roadway model will be developed to determine preliminary right-of-way requirements and assessment of impacts. The cross sections will be obtained from the 3D model and will be utilized to determine ROW impacts.
- The IDOT OpenRoads Designer workspace and standards will be followed for all work to be performed.

Two meetings are anticipated with County staff to discuss the alternatives. Meetings under this task will be conducted virtually.

Specific work tasks will include:

- Evaluate impacts of two (2) alternatives
- Comparative analysis of the preliminary alternatives.
- Two Meetings with DuDOT to discuss alternatives and develop meeting minutes and develop meeting minutes documenting selection of preferred alternative

Preferred Alternative

Once the preferred alternative is selected, this item will include more detailed geometrics studies to determine the impacts and limits of permanent right-of-way acquisition and temporary construction easements.

Specific work tasks will include:

- Refine the horizontal plan geometry.
- Develop/refine detailed profile for use in developing cross sections.
- Develop cross sections for use in determining grading limits, impacts, and right-of-way acquisition.
- Prepare plan and profile drawings.
- Determine environmental impacts and prepare a summary table (with support from Chirstopher B. Burke Engineering).
- Prepare cross sections drawings.
- Prepare and submit Traffic and Geometric submittal package to IDOT and DuDOT. This includes a brief memo summarizing the improvements, impacts, and other pertinent information (with support from Christopher B. Burke Engineering).

4. **UTILITY COORDINATION**

Initial Coordination/Data Collection:

The proposed improvements will require coordination with public and private utilities that have facilities within the project corridor. d'Escoto will coordinate with American Surveying and Engineering and with utility companies found to have facilities located within the vicinity of the project limits through a JULIE Design Stage/Planning Information Request. A request will be made for these utilities to provide any available maps of existing facilities.

Utility Data Base Mapping:

d'Escoto will plot the location of utilities based on the JULIE Design Locate in CAD on the project base maps.

Preliminary Design Coordination Meetings:

d'Escoto will coordinate with utility companies during Phase I Engineering. d'Escoto will send conceptual plans for the preferred alternative to utility companies to verify the locations of their facilities and review conceptual design to determine if there are potential conflicts that need to be reviewed. d'Escoto will also coordinate with the consultant team to develop understanding of the presence of utilities, their type, and possible issues with protecting and/or relocating those utilities.

5. **ADA RAMP PRELIMINARY DESIGN**

This work will involve the preliminary design of ADA ramps at the intersection of 91st Street and Clarendon Hills Road. It is expected that Clarendon Hills Road may require additional evaluation due to ROW concerns. The 4 corners at Clarendon Hills Road will be designed up to 30% during Phase I to determine ROW impacts. ADA detail sheets will be developed during Phase II. For this estimate, we will design the following pedestrian crossings for review at a high level:

- Jamie Lane (crossing towards Anne M. Jeans School)
- The Mecca Center / Echo Lane
- Carrington Circle

At this time, if pedestrian crossings are to be built at the locations listed above, the number of corners is estimated to be the following:

- Along the north side of 91st Street – 8 corners
- Along the south side of 91st Street – 8 corners

ADA Design will take place for the preferred alternative and number of corners designed will vary depending on the preferred alternative.

6. **HYDRAULIC REPORT SUPPORT**

d'Escoto will develop a Hydraulic Report in collaboration with Christopher B. Burke Engineering, LTD. The Hydraulic Report will be developed for the crossing over Des Plaines Reach No. 7. A summary of all applicable floodplain and floodway permitting requirements for the project. The regulatory model structure will be requested and used as the basis for the study. The functions of the existing structure will be done in accordance with IDOT Local Road requirements. The existing structure is a dual pipe culvert and is not anticipated to be converted to a bridge; therefore, no scour analysis is anticipated. Any compensatory storage will be required to be compensated for in the form of a roadside ditch.

7. **PROJECT DEVELOPMENT REPORT (PDR)**

The construction of this project will be federally funded. This project will be coordinated through the IDOT District 1 Bureau of Local Roads (IDOT D1 BLR) and the Federal Highway Administration. This project is expected to be processed as a Federal Categorical Exclusion (Federal CE) based on the scope of the work potentially impacting a floodway/floodplain, wetlands and potential property acquisition. A IDOT BLR Form 22210 will be prepared. Specific work tasks will include:

<u>d'Escoto will provide the following items included in this task:</u>

- Prepare report exhibits
- Write, proofread, and edit Draft PDR
- Submit to DuDOT for review
- Submit to IDOT BLR for review
- Prepare and submit design variance forms (BDE 3100 and BLRS 22120).
- Revise based on comments and submit Draft PDR to IDOT for review.
- Revise Draft PDR based on IDOT and DuDOT comments and submit Pre-final PDR to DuDOT and IDOT for review.
- Revise Pre-final PDR and submit to IDOT and DuDOT for Design Approval.

Traffic control will be addressed as a section of the Project Development Report and future developments with regards Traffic Control will be addressed during Phase II.

8. **PUBLIC INVOLVEMENT SUPPORT**

Christopher B. Burke Engineering, LTD. will lead Public Involvement. d'Escoto to support Christopher B. Burke Engineering, LTDM with exhibits on an as-needed basis and with the organization of the Public Meeting. d'Escoto will attend one Public Involvement meetings.

9. **PROJECT COORDINATION MEETINGS**

This task includes the organization and attendance at Monthly Project Status / Coordination Meetings throughout the duration of the Phase I project. Team members and DuDOT staff will be requested to attend these meetings to discuss the project tasks, deliverables, schedule, and budget to obtain direction from DuDOT as necessary. A meeting agenda will be prepared prior to each meeting. The preparation of meeting minutes for these coordination meetings is not anticipated. However, an action item list and log will be kept for all team members.

Coordination: Coordination with key stakeholder agencies will be required. Since a section of the project will be within IDOT right-of-way and the project may pursue federal funding, an initial kick-off meeting will be scheduled with the Illinois Department of Transportation Bureau of Local Roads and Streets shortly after authorization to proceed, to introduce the project, review the general project scope of work and overall project development process (including public involvement activities), discuss field survey work anticipated to occur, establish mutual contacts, and to provide an opportunity for early project input. One (1) FHWA / IDOT coordination meeting is included. Agenda, exhibits and meeting minutes will be prepared for each meeting by the Consultant Team.

The assumptions for establishing an estimated level of effort for stakeholder coordination and meetings are as described below:

- One (1) Phase I project kick-off meeting with DuDOT*
- Twelve (12) monthly coordination conference calls with DuDOT. Assume 2 staff attend for one hour each.
- Coordination between d'Escoto and subconsultants as needed via in-person meeting or video conference.
- Two (2) meetings with (assume virtual, 2 staff attend for 1 hour each)
    - 1 BLR&S Kick-off meeting
    - 1 FHWA / IDOT Coordination Meeting
- One meeting with Downers Grove Township, the county sheriff and local emergency responders (Assume 2 staff attend in-person for 1 hour each, plus travel time and meeting preparation)
- One meeting with DuPage County Stormwater Management (Assume in-person, 2 staff attend for 1.5 hours each, plus travel time and meeting preparation)
- One meeting with Community Consolidated School District 180 and Anne M. Jeans Elementary School (Assume in-person, 2 staff attend for 1.5 hours each, plus travel time)

10. **PROJECT ADMINISTRATION**

Plan, schedule, and control the activities that must be performed to complete the Project including budget, schedule, and scope. Coordinate with the County and project team to achieve the project goals.

11. **QUALITY ASSURANCE AND QUALITY CONTROL**

Perform QA/QC reviews of all project deliverables prior to submittal to the County in accordance with the Consultant's Quality Management Plan. Christopher B. Burke Engineering, LTD will perform overall QA/QC of d'Escoto's deliverables prior to transmittal to the County.

ASE Proposal No. 224078

Date July 31, 2024

Revision Date September 12, 2024

October 7, 2024; October 28, 2024

Project Description – ASE will provide professional services including topographic survey, locating the existing Right-of-Way (ROW), and hydraulic survey for planning (Phase I) pedestrian improvements.

Project Location – Willowbrook Corners area, southeastern DuPage County.

Project Limits – The survey limits are on 91st from Clarendon Hills Road to the west ROW line of IL Route 83, including the northwest and southwest corners. The lateral limits of the survey will extend 20 feet beyond the existing ROW. The hydraulic survey limits include surveying upstream and downstream face of the structure (located at red highlighted area below), cross sections at 50' and 100' both U/S and D/S, and profile of the stream bed at 100' intervals for 500' in both directions.

GENERAL CONDITIONS AND SCOPE ASSUMPTIONS

1. All professional services will be performed to appropriate Minimum Standards of practice and Section 1270.56, Minimum Standards of Practice for surveys in Illinois.
2. Subsurface Utility Engineering (SUE) standards referred to within this scope of work are in accordance with the CI/ASCE 38-22 Standard Guideline for Investigating and Documenting Existing Utilities.
3. Horizontal Control will use NAD 83 (2011) IL East Zone State Plane Coordinates. Vertical Control will use GPS-derived NAVD88 values.
4. All previous and relevant survey information such as pertinent site information including, but not limited to previous horizontal and vertical survey control survey information, existing aerial photography, Right-of-Way plans, centerline alignment, construction plans and plats of highway will be furnished to ASE, at no cost to ASE, prior to commencement of field operations.
5. Owner/Agent will provide a Letter of Introduction to facilitate field operations.

6. American Surveying & Engineering shall not be responsible for any erroneous or missing information provided by underground utility providers.
7. Hazardous Waste sites designated as requiring protective equipment of "Class D" or greater will not be entered unless provided for otherwise in the Scope of Work Tasks.
8. American Surveying & Engineering is not signatory to any organized labor agreements. We will not provide services in any capacity where labor disputes may exist. We will not be responsible for costs or delays associated with labor disputes relevant to work on this project.
9. Field work performed on this project is subject to the vagaries of weather. In the event weather impairs our ability to perform any specified professional services, we will contact the Owner/Agent to determine changes in schedule or cost. No additional work will be performed until the owner/agent has reviewed and approved a revised cost or schedule.
10. This proposal assumes the flowlines of project drainage structures (culverts, manholes, inlets, etc.) will be surveyed as existing conditions. ASE will not clean, excavate, pump or otherwise remove debris, silt, trash or other material from project structures.
11. This proposal assumed no permitting cost for Willowbrook. If additional permit fees are required for access, we will contact the agent before proceeding.
12. ASE will not perform any Subsurface Utility Engineering for this project.
13. ASE will begin work after Notice to Proceed at a mutually agreed upon date.
14. Existing Right-of-Way will be established based on using existing recorded documents from the DuPage County Recorder's Office. No title commitments will be ordered.
15. Access and introduction letters to various private properties will be arranged and provided to ASE prior to commencement of survey.
16. This SOW shall become part of the contract between Owner/Agent and ASE.

1. Administration
   1.1. Meetings with Owner or Agent, including in-house meetings. Progress Reports, scheduling, invoicing, and other project administrative tasks.
   1.2. Technical direction of staff.
   1.3. Project Management, resource coordination.

2. Document Compilation
   2.1. Obtain relevant project documents from Owner/Agent.
   2.2. Compile, review, and index information.
   2.3. Prepare compiled information for field and office tasks.

3. Horizontal and Vertical Control
   3.1. Search and reconnaissance for record control points. Recover and verify previous control points.
   3.2. Set additional control points for Data Collection and provide swing tie sketches as required in field book format.
   3.3. Traverse/GPS/level through found monuments to establish primary control. Traverse/GPS/level through secondary control to densify control.
   3.4. Office calculations, adjustment, tabulations of coordinates, and working drawings.

4. 3D Topographic Survey
   4.1. Locate the following visible, marked, or available from record man-made topographic features within the survey limits: Point(s) of access to property(ies), sewers, culverts, and discharge pipes (including size and invert elevation), catch basins, inlets, drainage structures, fire hydrants, manholes, hand holes, traffic signals, wells, guardrails, retaining walls, large and/or overhead signs, railroad tracks, pavement, curbs and other manmade improvements.
      4.1.1. Locate Buildings. Dimension buildings with exterior dimensions at ground level.
      4.1.2. Locate roadways, driveways, sidewalks, paved paths, and parking lots.
      4.1.3. Locate fences and other evidence of occupation.
      4.1.4. Locate trees – **No Individual trees will be located as part of this scope. Dense groups of trees to be located by representation/outline.**
   4.2. Conduct elevation surveys at intervals and at locations necessary to create DTM (Note: Shots may be taken on random stationing and locations as required to create a Digital Terrain Model "DTM"). Elevations shall be obtained to provide client with a DTM with an appropriate accuracy to depict existing conditions. Hard surface elevations will be obtained to an equivalent of cross sections at 50-foot intervals. Cross sections will extend to the survey limits on either side (previously described in this scope). Locations may be obtained with terrestrial based, 3-D LiDAR scanning or conventional survey methods.
      4.2.1. Site elevations shall be obtained to provide client with a DTM. Provide elevation data at apparent Right-of Way, edge of sidewalks, centerline of driveways, edge of pavement, centerline of pavement, edge of curb, flowline of curb and back of curb, and ground elevations at break points.
      4.2.2. Elevations on paved surfaces shall be reported to 0.01 of a foot.
      4.2.3. Elevations on other surfaces shall be reported to 0.1 of a foot.
   4.3. Detail utility structures (Assume 88 utility structures to be located and detailed)
      ASE will complete details for manholes/drainage/utility structures. ASE will collect and record this data using in-house detail sheets. Manholes or other confined spaces (as defined by OSHA) will not be entered, pumped or cleaned. ASE shall not be responsible for underground topographic information not physically locatable or visible at the time of the survey; or any information provided by utility provider.

Project Understanding

This project will be developed in accordance with federal project development procedures due to federal funding being utilized for construction of this project. As such, this project will be coordinated through IDOT-Bureau of Local Roads & Streets (District 1) and the Federal Highway Administration (FHWA) for review and approval. Phase I Engineering will be documented through preparation of a Project Development Report (PDR – IDOT BLR Form 22210), which is anticipated to be a Federal Categorical Exclusion (Federal CE) based on the scope of work potentially affecting a floodway/floodplain, wetlands and property acquisition.

We understand that 91st Street is an existing two-lane roadway with open drainage with no continuous roadway lighting. There are currently no non-motorized facilities along the 91st Street corridor, however, adjacent properties do have some facilities. There are existing ADA compliant sidewalks at the signalized intersection of IL 83 with 91st Street and no existing facilities at the stop-controlled intersection of Clarendon Hills Road with 91st Street. An existing trail system connects to 91st Street within the Water Fall Glenn Forest Preserve approximately 250-feet west of Clarendon Hills Road. There is an existing crossroad culvert conveying Des Plaines River Reach No. 7, which mapped floodway/floodplain with fringe wetlands. There is no existing continuous roadway lighting, however there are spot lighting standards at numerous locations.

The general scope of work includes construction of a new sidewalk along 91st Street from Clarendon Hills Road to IL Route 83, with connections to various existing non-motorized facilities in between the termini. The western limits may extend approximately 250-feet further west to make connection with the existing trail within Water Fall Glenn Forest Preserve under the jurisdiction of DuPage County Forest Preserve District. There is potential for adding new uncontrolled crossings of 91st Street, which may include installation of new lighting. The culvert conveying Des Plaines River Reach No. 7 will need to be extended, and potentially replaced depending on the condition.

Sidewalk crossing options will be evaluated between the terminus and there may be portions of 91st Street that will need sidewalk on both sides to make connections to adjacent properties. No additional roadway lanes will be added along 91st Street, however, the existing open drainage system may need to be closed to construct the sidewalk within existing right-of-way. This would require the installation of storm sewer with curb and gutter at the back of shoulder. It is also assumed that no improvements will be made at the IL 83 intersection, including roadway lighting, and this project will tie into the existing sidewalks on the west leg of the intersection. No retaining walls over 7-feet in height will be needed, requiring geotechnical analysis and T,S&L. The community directly south of 91st Street is an Environmental Justice community for income. No detailed Environmental Justice Analysis is anticipated due to the scope of work.

Based on the above general scope of work, and the IDOT/FHWA project development process including public involvement, it is estimated that this Preliminary Engineering effort will require 12 months to complete after authorization to proceed. CBBEL will assist the d'Escoto team by providing environmental surveys and associated IDOT processing, drainage investigations and design, lighting assessment, structural assessment, public engagement support, project development report support and QA/QC.

Scope of Services

The following represents the anticipated scope of work associated with Preliminary Engineering for non-motorized improvements along 91st Street from Clarendon Hills Road to IL Route 83 within unincorporated DuPage County, and includes the following:

Task 1 – Data Collection & Field Review: This task includes collecting historical files for environmental and drainage related work, examining, reviewing and evaluating records plans and adjacent development plans. Traffic and pedestrian count data will be provided by DuPage County.

This task also includes two site visits, field verification of topographic drainage survey, photo documentation of the site, review of project documents and reports.

Task 2 – Environmental: This work task includes completion of required environmental field review, analysis, and coordination to complete Phase I Engineering in accordance with IDOT and FHWA requirements. Based on a preliminary review of the project corridor and anticipated project limits, this task assumes that Section 4(f) coordination (e.g., impacts to public recreational lands or historic properties) and Environmental Justice analysis will not be required for the proposed improvements. The following work will be completed as part of this task:

Task 2A – ESR Submittal & Coordination: CBBEL will prepare and submit an Environmental Survey Request (ESR) for the project to IDOT for processing in accordance with IDOT procedures. The ESR submittal will include the required ESR form, exhibits, a photo log. It is assumed that all structures can be viewed via Google Earth and a historic photo log will not be required by IDOT for structures over 40 years of age.

Except as noted below, it is assumed that any necessary water quality sampling or biological surveys (including threatened and endangered species surveys) will be completed by the State through the ESR process.

Task 2B – Wetland Delineation and Report: An environmental field survey of the project corridor will be completed to determine the limits of any waters of the US/wetlands and to assess wildlife and plant communities. The waters of the US/ wetland limits will be field staked and located using a sub-meter accuracy handheld GPS unit for direct inclusion in the project mapping and design files. The delineation will be completed based on the methodology established by the US Army Corps of Engineers (USACE). CBBEL will coordinate a jurisdictional determination and wetland boundary confirmation site visit with the appropriate regulatory agencies, as necessary.

The results of the waters of the US/wetland field survey will be summarized in a Wetland Technical Report (WTR) that will include the wetlands' generalized quality ratings (according to the Swink and Wilhelm Methodology (1994)), USACE Routine On-Site Data Forms, and exhibits depicting the approximate waters of the US/wetland and project boundaries, National Wetland Inventory, DuPage County Wetland Inventory, Soil Survey, floodplain, and USGS topography. The wetland delineation will be depicted on an aerial photograph along with all data point locations clearly identified.

Task 2C – Wetland Impact Evaluation: CBBEL will prepare waters of the US/wetland impact evaluation (WIE) forms and exhibits as required by IDOT for all identified waters of the US/wetlands in the project corridor, regardless of level of impact. This task will include a resource review, preparation of supporting documentation, submittal of the WIE form with exhibits, coordination, and follow-up with the reviewer, as necessary. For purposes of this proposal, it is assumed that approximately four (4) independent waters of the US/wetland sites will be identified that will be included in the WIE submittal.

Task 2D – Bridge/Structure Bat Assessment: In accordance with the latest Northern Long-Eared Bat (NLEB) guidance from IDOT, CBBEL will complete a Bridge/Structure Bat Assessment (BBA) at applicable bridges/culverts (e.g., structures with a vertical opening ≥48-inches) within the project corridor.

The IDOT Bridge/Structure Information website does not list any bridges/culverts within the project corridor. However, it is anticipated that a BBA evaluation may be required at the floodplain/wetland crossing approximately 250-ft west of Jamie Lane. This task includes a review of the project corridor and a BBA at one (1) culvert location along the project corridor. This scope includes coordination, fieldwork, photo log, location map, and BBA form(s). Two CBBEL staff will complete the BBA fieldwork.

This scope assumes that the bridge/structure components that need to be viewed as part of the BBA will be accessible/visible. This task does not include equipment rental or shoulder/road closure. This task does not include a bat survey (e.g., mist-netting) or acoustic monitoring.

Task 3 – Drainage Analysis: CBBEL will provide drainage analysis and design for the project.

Task 3A – Location Drainage Technical Memorandum: Project CBBEL will prepare a Local Drainage Study Technical Memorandum (LDTM) for the County as part of Phase I Engineering. The LDTM will include the following.

- Existing Drainage Plan (EDP)- summarizing the existing drainage conditions within the project corridor.
- Concept Drainage Alternatives Assessment
- Proposed Drainage Plan (PDP)- Summarizing the proposed drainage conditions including any storm sewer and ditch sizing and compensatory storge locations.
- Detention Requirements Summary. It is not anticipated that dentition will be required since the proposed project is assumed to be under the 25,000-square-foot threshold laid out in the DuPage County Stormwater and Flood Plain Ordinance (County Ordinance). However, runoff reduction options will be explored at sensitive outlets.
- An outfall evaluation will be performed on all existing drainage outfalls to determine sensitivity and suitability for continued use. A key part of the PDP development will be to address any known drainage issues/concerns and design for ease of maintenance and constructability.
- The LDTM narrative will briefly summarize the findings and outline how the project will adhere to the County Ordinance. It is assumed that no modifications to the IL 83 drainage system will be required.

Task 3B – Hydraulic Report: CBBEL will support d'Escoto in their preparation of the Hydraulic Report (HR) for the crossing over Des Plaines Reach No. 7 and a summary of all applicable floodplain and floodway permitting requirements for the project. The regulatory model structure will be requested and used as the basis for the study. The functions of the existing structure will be done in accordance with IDOT Local Road requirements. The existing structure is a dual pipe culvert and is not anticipated to be converted to a bridge; therefore, no scour analysis is anticipated. Any compensatory storage will be required to be compensated for in the form of a roadside ditch. CBBEL's scope for this sub-task will include review of the following items: survey request, regulatory model conversion, existing conditions model/waterway XS, location map, natural model & Ex/Nat WIT, compiled Hydraulic Report (floodway fill/comp. storage, floodway permit summary form).

Task 4 – Structural Culvert Inspection: It is our understanding that DuPage County is planning to extend or replace the existing twin culverts crossing 91st Street between Clarendon Hills Road and IL Route 83 to accommodate the proposed sidewalk along 91st Street. To assist with the determination to extend or replace the culvert, CBBEL structural staff will perform a visual inspection of the culverts. An inspection report will be prepared summarizing CBBEL's observations and detailing our recommendations. The report will include photos of the culvert and a discussion of feasible alternatives. The report will be provided to DuPage County DOT for their review and comments.

Task 5 – Lighting Assessment: CBBEL electrical engineering staff will provide an existing conditions lighting assessment. Concept pedestrian lighting design criteria will be provided to the design team for consideration during design development. A concept level lighting plan will be provided (15% level design) along with quantities and costs. No photometrics will be performed.

Task 6 – Phase I Report: Based on the proposed scope of work, it is anticipated IDOT will require preparation of a Federal Categorical Exclusion Project Development Report (PDR). CBBEL will assist with preparation of their respective disciplinary sections of the PDR and preparation of associated attachments. CBBEL will also provide overall QA/QC review. It is anticipated there will be an initial review by DuPage County and IDOT Draft and Pre-Final reviews to obtain Phase I Design Approval.

Task 7 – Public Engagement: CBBEL support DuPage County with public engagement for the project. One Public Information Meeting will be held following IDOT BLRS requirements, and will include:

- Public Information Meeting Planning White Paper
- Open House format anticipated (no formal presentation or hearing)
- Classified Advertisement in the local newspaper (2 runs; 3-7 days & 15 days)
- Exhibit Boards (provided by the County & d'Escoto; printed by CBBEL)
- Sign-in Sheet (provided by the County)
- Comment Form (provided by the County)
- Comment documentation and responses (CBBEL will manage/track with d'Escoto support; 20 comments/responses anticipated)
- Project Fact Sheet (8 ½ x 11; double sided)
- One CBBEL Staff Member to attend
- Public Information Meeting summary

A separate project website is not anticipated for this project.

Task 8 – Project/Agency Coordination: CBBEL will participate in the following meetings, and provide supporting materials as necessary:

- IDOT Kickoff meeting (1 meeting; 1 staff)
- FHWA Coordination meeting (1 meeting; 1 staff)
- DuPage County Stormwater Management meeting (1 meeting; 1 staff)
- Client status meetings (8 meetings; 1 staff)
- Monthly project team coordination meetings (12 meetings; 2 staff)

Task 9 – Project Administration: Project administration and management necessary to oversee and direct all disciplines related to the CBBEL scope of work throughout the Phase I design process.

Task 10 – QA/QC: CBBEL will provide QA/QC for various project development elements, including alternatives development, roadway design, and other project related reports.

Re: Phase I Environmental Services - PESA
Willowbrook Corners Community Pedestrian and Mobility Enhancements
91st Street Sidewalk Phase I, Village of Willowbrook, DuPage County, Illinois
Proposal No. 81.P013076.25 (Revision 2)

Dear Mr. Castro:

Huff & Huff, Inc., a subsidiary of GZA, Inc. (H&H), is pleased to submit this proposal to d'Escoto, Inc. (Client) to provide Phase I Environmental Services for the 91st Street Sidewalk Phase I Project improvements proposed by the DuPage County Division of Transportation (DuDOT). Specifically, the proposed improvements are for the Willowbrook Corners Community Pedestrian and Mobility Enhancements in the Village of Willowbrook, DuPage County, Illinois (Village). The project limits extend along 91st street from clarendon Hills Road to IL Route 83 (Kingery Highway).

Client has requested environmental services, including completion of a Preliminary Environmental Site Assessment (PESA). This proposal presents our project approach, scope of services, cost, and schedule for completing the project. Project background and understanding is identified in Section 1. The proposed scope to complete Phase I activities is presented in Section 2, the project schedule is included in Section 3 and proposal acceptance information is included in Section 4 with proposed costs attached to this document.

1. PROJECT BACKGROUND

Client has provided H&H with the attached RFP, which shall serve as our basis of understanding to develop this scope and fee. We understand DuPage County Division of Transportation (DuDOT) has proposed intersection improvements in the Willowbrook Corners area, in southeastern DuPage County. The project will include design engineering services for a new sidewalk with lighting along 91st Street between Clarendon Hills Road and IL Route 83 (Kingery Highway). In addition, sketch planning and community outreach services will be completed to establish concepts for future pedestrian and mobility enhancements throughout the broader community, generally bounded by Clarendon Hills Road to the west, Hillside Lane to the north, IL Route 83 to the east, and Nielson Lane to the south.

2. SCOPE OF SERVICES

TASK 1 – Preliminary Environmental Site Assessment (PESA)

A PESA will be completed for local roads portions of the project corridor and the process will follow general protocols contained within:

- A Manual for Conducting Preliminary Environmental Site Assessments for Illinois Department of Transportation (IDOT) Highway Projects (Erdmann et al., 2012).
- ASTM International (ASTM) standard 1527-21.

An Equal Opportunity Employer M/F/V/H

- Chapter 27-3 of the IDOT Bureau of Design and Environment (BDE) (December 2019) Manual. The IDOT BDE Manual was published September 2012 and Revised August 2023.
- IDOT Bureau of Local Roads and Streets (BLRS) Manual, Chapter 20-12, Special Waste, July 2013.
- Public Act 96-1416.
- Clean Construction or Demolition Debris Fill Operations (CCDD) and Uncontaminated Soil Fill Operations: Amendments to 35 Illinois Administrative Code 1100. Effective on August 27, 2012.

Sub-Task A. Historical Research
The site's historical land use/ownership record will be developed from standard historical sources. Historic aerial photographs will be reviewed to identify land use over time and potential areas of environmental concern, such as areas of surface disturbance and outside storage.

Sub-Task B. Site Evaluation
Current environmental features and conditions of sites adjacent to the right-of-way/project area will be evaluated. A site walkover of potential right-of-way/project areas designated for excavation and/or acquisition will be conducted for first-hand evaluation of current environmental conditions within the project limits. All of the features and conditions listed above will be investigated and, as appropriate, documented in photographs. The land-use and housekeeping practices of adjacent properties also will be evaluated in accordance with ASTM protocols.

Sub-Task C. Records Review
We propose to obtain a corridor specific database for this project and a records review will be conducted to identify potential environmental concerns within the study area. It will include a search of standard state and federal environmental record databases in accordance with the specifications of ASTM standards. This search is based on the outline of the study area. Specifically, H&H will search each database to identify any potential sources requiring further investigation. As appropriate, Freedom of Information Act (FOIA) requests will be filed with the IEPA to obtain additional data pertaining to identified sites.

Sub-Task D. Report Preparation
One report summarizing the results of the evaluation will be prepared, including the following information:

a) The project location and description
b) Historical uses of corridor.
c) The area geology and hydrology.
d) The environmental status of sites adjacent to the corridor regarding chemical use and storage, underground and aboveground storage tanks, solid waste, special waste, and hazardous waste, and PCBs.
e) An analysis of the site inspection.
f) A summary of the findings regarding environmental concerns. This will include IDOT's BDE Manual Chapter 27-3, Special Waste Procedures, and identification of Potentially Impacted Properties (PIPs) per Subpart F, Section 1100, 35 IAC, related to Clean Construction or Demolition Debris management.

Sub-Task E. QAQC
Time under this task includes QA/QC time for the wetland and PESA reports as described above.

Sub-Task F. Project Administration
Time under this task includes project administration and management activities that include cost and schedule tracking, coordination with Client on authorized activities, memo production and other in-house management activities.

3. LEVEL OF EFFORT AND SCHEDULE

Proposed costs for the identified scope are included on the attached IDOT BDE 3606 CECS worksheets which present proposed costs in DLM 2.8 format and corresponding direct costs on the IDOT BDE 436 form and DuPage County Exhibit C Form. The PESA will commence within two (2) days of the notice to proceed (NTP) and will require six (6) weeks to complete.

4. PROPOSAL ACCEPTANCE

Conditions of Engagement

H&H's standard Terms and Conditions for Professional Services have been removed per request of DuPage County and we understand the agreement will be based on their terms and conditions. H&H's report will be prepared on behalf of and for the exclusive use of Client. Client acknowledges and agrees that the report and the findings in the report shall not, in whole or in part, be disseminated or conveyed to any other party, or used or relied upon by any other party, in whole or in part, except for the specific purpose and to the specific parties alluded to above, without the written consent of H&H. H&H would be pleased to discuss the conditions associated with any additional dissemination, use, or reliance by other parties.

Acceptance

This agreement may be accepted by signing in the appropriate space below and returning one complete copy to H&H. This proposal is valid for a period of 30 days from the date of issue.

We appreciate the opportunity to submit this proposal. Please feel free to contact the undersigned at (630) 684-4425 with any questions.

Very truly yours,
H&H, Inc.

WHEREAS, the County has determined that the most cost-efficient and time-effective means of implementing the new Highway Maintenance Facility is by supplementing the Division's budgeted and anticipated funds with an interfund loan; and

WHEREAS, funding for the new Highway Maintenance Facility is proposed to come in part from an interfund loan, from a specific fund source to be determined at the time of the fund transfer to the Division of Transportation as appropriated by the County Board, to be paid back over a period of up to eight (8) years; and

WHEREAS, the "payback" of the loan will be accounted for by budgeted interfund transfers to the designated fund source from the Division of Transportation as appropriated by the County Board; and

WHEREAS, the County Board deems an interfund loan of up to $22,000,000.00 (TWENTY-TWO MILLION AND 00/100 DOLLARS), or such portions thereof as may be necessary, to the Division of Transportation to partially fund the new Highway Maintenance Facility to be in the best interest of the residents of DuPage County.

NOW, THEREFORE BE IT RESOLVED, by the DuPage County Board that the Division of Transportation is authorized to use the northern portion of the County's property currently used as the County Fairgrounds for construction of a new Highway Maintenance Facility; and

BE IT FURTHER RESOLVED, the initial recitals presented above are incorporated and adopted into this resolution; and

BE IT FURTHER RESOLVED, by the DuPage County Board, that an interfund loan in the aggregate amount not to exceed $22,000,000.00 (TWENTY-TWO MILLION AND 00/100 DOLLARS), is authorized and directed, to be made from a specific fund source to be determined, to the Division of Transportation for the new Highway Maintenance Facility, subject to a formal and detailed interfund loan resolution prior to the actual transfer of the funds; and

1.2. The headings of the paragraphs and subparagraphs of this AGREEMENT are the inserts for convenience of reference only and shall not be deemed to constitute part of this AGREEMENT or to affect the construction hereof.

2.0 SCOPE OF AGREEMENT

2.1 The COUNTY and the MUNICIPALITY agree that the scope of this AGREEMENT involves the COUNTY to reimburse the MUNICIPALITY for the fabrication, and installation of the signs as part of the PROJECT and future costs incurred by the MUNICIPALITY, pursuant to Section 3.4 and 3.5 herein, of the two (2) STREET NAME SIGNS as listed below:

3.0 RESPONSIBILITIES OF THE COUNTY

3.1 The COUNTY agrees to reimburse the MUNICIPALITY for the actual costs incurred as part of the PROJECT to furnish and install the two (2) STREET NAME SIGNS in Section 2.0 above, as well as associated electrical cables and peripheral hardware. The COUNTY shall make said payments as outlined hereinafter.

3.2 The COUNTY agrees to pay the MUNICIPALITY fifty percent (50%) of the costs upon award of the contract by IDOT for the STREET NAME SIGNS, including associated cable, based upon as-bid unit prices and upon receipt of a properly documented invoice from the MUNICIPALITY. The COUNTY will pay within sixty (60) days of receipt.

3.3 Upon completion and acceptance of the STREET NAME SIGNS, not to be unreasonably withheld by the COUNTY, and based upon the documentation of final costs and quantities for the fabrication and installation of the STREET NAME SIGNS, including associated cable, submitted by the MUNICIPALITY to the COUNTY in a final invoice, the COUNTY agrees to reimburse the MUNICIPALITY the balance of the actual cost as referenced herein above within sixty (60) days of receipt of a properly documented invoice from the MUNICIPALITY.

3.4. The COUNTY has agreed to reimburse the TOLLWAY one hundred percent (100%) for the YORK ROAD PATH construction costs at the actual cost incurred by the TOLLWAY. This actual cost is the bid, or change order, unit price submitted by the TOLLWAY'S contractor for the 8-foot-wide YORK ROAD PATH items times the actual quantity of items installed as a part of the YORK ROAD PATH authorized in writing or via e-mail by the TOLLWAY.

The COUNTY will be responsible for the construction costs for 5-feet of width (5/8 share) of the YORK ROAD PATH; and

3.6 The COUNTY has agreed to reimburse the TOLLWAY for construction engineering based on ten percent (10%) of the construction costs for the YORK ROAD PATH; and

3.7. The VILLAGE OF BENSENVILLE will be responsible for acquiring all easements, permanent and/or temporary, and all right-of-way necessary for constructing the YORK ROAD PATH.

3.8. The COUNTY and the VILLAGE OF BENSENVILLE acknowledge that when the final plans are completed for the PROJECT, including design of the PATHS, the PARTIES agree to accept said plans.

3.9. The VILLAGE OF BENSENVILLE agrees to pay the COUNTY fifty (50%) percent of its estimated share of the YORK ROAD PATH cost, including design engineering and construction engineering costs, as attached hereto in Exhibit B upon TOLLWAY award of the contract (approx. 04/2025) for the YORK ROAD PATH based upon as-bid unit prices within sixty (60) days of receipt of a properly documented invoice from the COUNTY.

3.10. The VILLAGE OF BENSENVILLE agrees to pay the COUNTY thirty (30%) percent of its estimated share of the YORK ROAD PATH cost, including design engineering and construction engineering costs, as attached hereto in Exhibit B, one year after the award of the contract by the TOLLWAY (approx. 04/2026) for the YORK ROAD PATH based upon as-bid unit prices within sixty (60) days of receipt of a properly documented invoice from the COUNTY.

3.11. Upon completion of the YORK ROAD PATH and based upon the documentation of final costs and quantities, and a final invoice, the VILLAGE OF BENSENVILLE agrees to reimburse the COUNTY for the balance of their share of the YORK ROAD PATH cost within sixty (60) days of receipt of a properly documented invoice from the COUNTY.

4.0 MAINTENANCE

4.1 The VILLAGE OF BENSENVILLE, upon completion of the construction of the PATHS, shall own, operate and maintain the entire YORK ROAD PATH, including the YORK ROAD NEW PATH, that lies within the boundaries of the VILLAGE OF BENSENVILLE.

5.0 INDEMNIFICATION

5.1 The COUNTY shall, indemnify, hold harmless and defend the VILLAGE OF BENSENVILLE, its officials, officers, employees, and agents from and against all liability, claims, suits, demands, proceedings and action, including costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the COUNTY'S negligent or willful acts, errors or omissions in its performance under this AGREEMENT to the extent permitted by law.

The COUNTY does not hereby waive any defenses or immunity available to it with respect to third parties.

5.2 The VILLAGE OF BENSENVILLE shall, indemnify, hold harmless and defend the COUNTY, its officials, officers, employees, and agents from and against all liability, claims, suits, demands, proceedings and action, including costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the VILLAGE'S negligent or willful acts, errors or omissions in its performance under this AGREEMENT to the extent permitted by law. 5.3 The COUNTY and the VILLAGE OF BENSENVILLE acknowledge that none have made representations, assurances or guaranties regarding their or any successor's or assign's authority and legal capacity to indemnify the other as provided for in this AGREEMENT. In the event a court of competent jurisdiction holds that any, or any successors or assigns, is deemed to lack the lawful authority or ability to indemnify, defend or hold harmless the other, or any person or entity claiming a right through either, or in the event of change in the laws of the State of Illinois governing their or any successor's or assign's indemnification authority, such occurrence(s) shall not affect the validity and enforceability of the remainder of this AGREEMENT or the PARTIES' rights and obligations provided for therein.

Pursuant to Illinois law, 55 ILCS 5/3-9005, any attorney representing the COUNTY, who

is not already an Assistant State's Attorney, is to be appointed a Special Assistant State's Attorney, as provided in 55 ILCS 5/3-9008. The COUNTY or the VILLAGE OF BENSENVILLE's participation in its defense shall not remove the other's duty to indemnify, defend, and hold the other harmless, as set forth above.

5.5 Neither of the PARTIES waive, release or otherwise compromise, by these indemnity provisions, any defenses or protections under the Local Governmental and Governmental Employees Tort Immunity Act (745 ILCS 10/1 *et seq.*) or otherwise available to it, or to the other PARTIES, under the law. There are no third-party beneficiaries of these mutual indemnifications or this AGREEMENT.

(c) This Agreement may be terminated, in whole or in part, by Grantor:

(i) Pursuant to a funding failure under Paragraph 4.1;

(ii) If Grantee fails to comply with the terms and conditions of this or any Award, application or proposal, including any applicable rules or regulations, or has made a false representation in connection with the receipt of this or any Award; or

(iii) If the Award no longer effectuates the Program goals or agency priorities as set forth in **Exhibit A**, **PART TWO** or **PART THREE**.

13.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. If suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional Obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

13.3. Non-compliance. If Grantee fails to comply with the U.S. Constitution, applicable statutes, regulations or the terms and conditions of this or any Award, Grantor may impose additional conditions on Grantee, as described in 2 CFR 200.208. If Grantor determines that non-compliance cannot be remedied by imposing additional conditions, Grantor may take one or more of the actions described in 2 CFR 200.339. The Parties must follow all Grantor policies and procedures regarding non-compliance, including, but not limited to, the procedures set forth in the State Grantee Compliance Enforcement System. 44 Ill. Admin. Code 7000.80 and 7000.260.

13.4. Objection. If Grantor suspends or terminates this Agreement, in whole or in part, for cause, or takes any other action in response to Grantee's non-compliance, Grantee may avail itself of any opportunities to object and challenge such suspension, termination or other action by Grantor in accordance with any applicable processes and procedures, including, but not limited to, the procedures set forth in the State Grantee Compliance Enforcement System. 2 CFR 200.342; 44 Ill. Admin. Code 7000.80 and 7000.260.

(a) Grantor may credit Grantee for allowable expenditures incurred in the performance of authorized services under this Agreement prior to the effective date of a suspension or termination.

(b) Except as set forth in subparagraph (c), below, Grantee must not incur any costs or Obligations that require the use of Grant Funds after the effective date of a suspension or termination, and must cancel as many outstanding Obligations as possible.

(c) Costs to Grantee resulting from Obligations incurred by Grantee during a suspension or after termination of the Agreement are not allowable unless Grantor expressly authorizes them in the notice of suspension or termination or subsequently. However, Grantor may allow costs during a suspension or after termination if:

(i) The costs result from Obligations properly incurred before the effective date of suspension or termination, are not in anticipation of the suspension or termination, and the costs would be allowable if the Agreement was not suspended or terminated prematurely. 2 CFR 200.343.

13.6. Close-out of Terminated Agreements. If this Agreement is terminated, in whole or in part, the Parties must comply with all close-out and post-termination requirements of this Agreement. 2 CFR 200.340(d).

ARTICLE XIV
SUBCONTRACTS/SUBAWARDS

14.1. Subcontracting/Subrecipients/Delegation. Grantee must not subcontract nor issue a subaward for any portion of this Agreement nor delegate any duties hereunder without Prior Approval of Grantor. The requirement for Prior Approval is satisfied if the subcontractor or subrecipient has been identified in the uniform grant application, such as, without limitation, a Project description, and Grantor has approved. Grantee must notify any potential subrecipient that the subrecipient must obtain and provide to the Grantee a Unique Entity Identifier prior to receiving a subaward. 2 CFR 25.300.

14.2. Application of Terms. If Grantee enters into a subaward agreement with a subrecipient, Grantee must notify the subrecipient of the applicable laws and regulations and terms and conditions of this Award by attaching this Agreement to the subaward agreement. The terms of this Agreement apply to all subawards authorized in accordance with Paragraph 14.1. 2 CFR 200.101(b)(2).

14.3. Liability as Guaranty. Grantee will be liable as guarantor for any Grant Funds it obligates to a subrecipient or subcontractor pursuant to this ARTICLE in the event Grantor determines the funds were either misspent or are being improperly held and the subrecipient or subcontractor is insolvent or otherwise fails to return the funds. 2 CFR 200.345; 30 ILCS 705/6; 44 Ill. Admin. Code 7000.450(a).

Grantee must notify Grantor if there is a change in Grantee's legal status, FEIN, UEI, SAM registration status, Related Parties, senior management (for non-governmental grantees only) or address. If the change is anticipated, Grantee must give thirty (30) days' prior written notice to Grantor. If the change is unanticipated, Grantee must give notice as soon as practicable thereafter. Grantor reserves the right to take any and all appropriate action as a result of such change(s).

15.2. Failure to Provide Notification. To the extent permitted by Illinois law (see Paragraph 21.2), Grantee must hold harmless Grantor for any acts or omissions of Grantor resulting from Grantee's failure to notify Grantor as required by Paragraph 15.1.

15.3. Notice of Impact. Grantee must notify Grantor in writing of any event, including, by not limited to, becoming a party to litigation, an investigation, or transaction that may have a material impact on Grantee's ability to perform under this Agreement. Grantee must provide notice to Grantor as soon as possible, but no later than five (5) days after Grantee becomes aware that the event may have a material impact.

15.4. Effect of Failure to Provide Notice. Failure to provide the notice described in this ARTICLE is grounds for termination of this Agreement and any costs incurred after the date notice should have been given may be disallowed.

ARTICLE XVI
STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP

16.1. Effect of Reorganization. This Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. Grantor does not agree to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee must give Grantor prior notice of any such action or changes significantly affecting its overall structure or, for non-governmental grantees only, management makeup (for example, a merger or a corporate restructuring), and must provide all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. Grantor reserves the right to terminate the

Agreement based on whether the newly organized entity is able to carry out the requirements of the Award. This ARTICLE does not require Grantee to report on minor changes in the makeup of its board membership or governance structure, as applicable. Nevertheless, **PART TWO** or **PART THREE** may impose further restrictions. Failure to comply with this ARTICLE constitutes a material breach of this Agreement.

ARTICLE XVII

17.2. Prohibited Payments. Payments made by Grantor under this Agreement must not be used by Grantee to compensate, directly or indirectly, any person currently holding an elective office in this State including, but not limited to, a seat in the General Assembly. In addition, where Grantee is not an instrumentality of the State of Illinois, as described in this Paragraph, Grantee must request permission from Grantor to compensate, directly or indirectly, any officer or any person employed by an office or agency of the State of Illinois. An instrumentality of the State of Illinois includes, without limitation, State departments, agencies, boards, and State universities. An instrumentality of the State of Illinois does not include, without limitation, units of Local Government and related entities.

17.3. Request for Exemption. Grantee may request written approval from Grantor for an exemption from Paragraph 17.2. Grantee acknowledges that Grantor is under no obligation to provide such exemption and that Grantor may grant an such exemption subject to additional terms and conditions as Grantor may require.

ARTICLE XVIII
EQUIPMENT OR PROPERTY

18.1. Purchase of Equipment. For any equipment purchased in whole or in part with Grant Funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439, the costs for such equipment will be disallowed. Grantor must notify Grantee in writing that the purchase of equipment is disallowed.

18.2. Prohibition against Disposition/Encumbrance. Any equipment, material, or real property that Grantee purchases or improves with Grant Funds must not be sold, transferred, encumbered (other than original financing) or otherwise disposed of during the Award Term without Prior Approval of Grantor unless a longer period is required in **PART TWO** or **PART THREE** and permitted by 2 CFR Part 200 Subpart D. Use or disposition of real property acquired or improved using Grant Funds must comply with the requirements of 2 CFR 200.311. Real property, equipment, and intangible property that are acquired or improved in whole or in part using Grant Funds are subject to the provisions of 2 CFR 200.316. 18.3. Equipment and Procurement. Grantee must comply with the uniform standards set forth in 2 CFR 200.310–200.316 governing the management and disposition of property, the cost of which was supported by Grant Funds. Any waiver from such compliance must be granted by either the President's Office of Management and Budget, the Governor's Office of Management and Budget, or both, depending on the source of the Grant Funds used. Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317-200.326 to establish procedures to use Grant Funds for the procurement of supplies and other expendable property, equipment, real property and other services.

18.4. Equipment Instructions. Grantee must obtain disposition instructions from Grantor when equipment, purchased in whole or in part with Grant Funds, is no longer needed for their original purpose.

Notwithstanding anything to the contrary contained in this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. Grantee must properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer's guidelines, federal and state laws or rules, and Grantor requirements stated herein.

18.5. Domestic Preferences for Procurements. In accordance with 2 CFR 200.322, as appropriate and to the extent consistent with law, Grantee must, to the greatest extent practicable under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this Paragraph must be included in all subawards and in all contracts and purchase orders for work or products under this Award.

ARTICLE XIX
PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

19.1. Promotional and Written Materials. Use of Grant Funds for promotions is subject to the prohibitions for advertising or public relations costs in 2 CFR 200.421(e). In the event that Grant Funds are used in whole or in part to produce any written publications, announcements, reports, flyers, brochures or other written materials, Grantee must obtain Prior Approval for the use of those funds (2 CFR 200.467) and must include in these publications, announcements, reports, flyers, brochures and all other such material, the phrase "Funding provided in whole or in part by the [Grantor]." 2 CFR 200.467. 20.1. Maintenance of Insurance. Grantee must maintain in full force and effect during the Term of this Agreement casualty and bodily injury insurance, as well as insurance sufficient to cover the replacement cost of any and all real or personal property, or both, purchased or, otherwise acquired, or improved in whole or in part, with funds disbursed pursuant to this Agreement. 2 CFR 200.310. Additional insurance requirements may be detailed in **PART TWO** or **PART THREE**.

20.2. Claims. If a claim is submitted for real or personal property, or both, purchased in whole with funds from this Agreement and such claim results in the recovery of money, such money recovered must be surrendered to Grantor.

ARTICLE XXI
LAWSUITS AND INDEMNIFICATION

21.1. Independent Contractor. Neither Grantee nor any employee or agent of Grantee acquires any employment rights with Grantor by virtue of this Agreement. Grantee must provide the agreed services and achieve the specified results free from the direction or control of Grantor as to the means and methods of performance. Grantee must provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies

available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement is strictly limited to official Grantor or State of Illinois business and not for any other purpose, including any personal benefit or gain.

21.2. Indemnification and Liability.

(a) Non-governmental entities. This subparagraph applies only if Grantee is a non-governmental entity. Grantee must hold harmless Grantor against any and all liability, loss, damage, cost or expenses, including attorneys' fees, arising from the intentional torts, negligence or breach of contract of Grantee, with the exception of acts performed in conformance with an explicit, written directive of Grantor. Indemnification by Grantor is governed by the State Employee Indemnification Act (5 ILCS 350/.01 et seq.) as interpreted by the Illinois Attorney General. Grantor makes no representation that Grantee, an independent contractor, will qualify or be eligible for indemnification under said Act.

(b) Governmental entities. This subparagraph applies only if Grantee is a governmental unit as designated in Paragraph 3.2. Neither Party shall be liable for actions chargeable to the other Party under this Agreement including, but not limited to, the negligent acts and omissions of the other Party's agents, employees or subcontractors in the performance of their duties as described under this Agreement, unless such liability is imposed by law. This Agreement is not construed as seeking to enlarge or diminish any obligation or duty owed by one Party against the other or against a third party.

22.7. Applicable Law; Claims. This Agreement and all subsequent amendments thereto, if any, are governed and construed in accordance with the laws of the State of Illinois. 22.10. Precedence.

(a) Except as set forth in subparagraph (b), below, the following rules of precedence are controlling for this Agreement: In the event there is a conflict between this Agreement and any of the exhibits or attachments hereto, this Agreement controls. In the event there is a conflict between **PART ONE** and **PART TWO** or **PART THREE** of this Agreement, **PART ONE** controls. In the event there is a conflict between **PART TWO** and **PART THREE** of this Agreement, **PART TWO** controls. In the event there is a conflict between this Agreement and relevant statute(s) or rule(s), the relevant statute(s) or rule(s) controls.

(b) Notwithstanding the provisions in subparagraph (a), above, if a relevant federal or state statute(s) or rule(s) requires an exception to this Agreement's provisions, or an exception to a requirement in this Agreement is granted by GATU, such exceptions must be noted in **PART TWO** or **PART THREE**, and in such cases, those requirements control.

22.11. Illinois Grant Funds Recovery Act. In the event of a conflict between the Illinois Grant Funds Recovery Act and the Grant Accountability and Transparency Act, the provisions of the Grant Accountability and Transparency Act control. 30 ILCS 708/80.

For carrying out such program objectives, the total compensation and reimbursement payable by the Grantor to the Grantee shall be in compliance with and not exceed the amount specified in the Budget (Attachment A). The Grantor shall distribute/pay the total amount of the Grant Funds to the Grantee in accordance with the Energy Assistance Act (305 ILCS 20/1 *et seq.*), applicable sections of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR Part 75), Subpart H of the Department of Health and Human Services Block Grant Regulations (45 CFR Part 96), Title XXVI of the Omnibus Budget Reconciliation Act of 1981 establishing the Low Income Home Energy Assistance Act of 1981, the Federal Economic Opportunity Act of 1964 (42 USC § 2701 (*see also* 42 USC § 8621 *et seq.*, Chapter 94, Subchapter II)), the Illinois Administrative Rules (47 Ill. Admin. Code Part 100), and any other applicable regulations and policies promulgated by the federal and state governments and by the Grantor. The Grantee further agrees that this Agreement is subject to such modifications which the Grantor determines may be required by federal or state laws, rules, or regulations applicable to this Agreement. Any such modifications to this Agreement shall be incorporated in accordance with the applicable provisions herein, including but not limited to, paragraphs 5.2 and 6.2.

PERFORMANCE MEASURES AND STANDARDS

Grantee's performance for this Award will be measured based on the LIHEAP and/or PIPP requirements, as applicable, that Grantor will review periodically during the Award Term, including, but not limited to the following:

1. Application Status Report (LH004):
   - Are GFE/CPR applications being processed (approved or denied) timely?
   - Are the applications in LAA Approved/Verified status that indicate the electronic communications stalled and the LAA needs to intervene?
   - Are there any LOF (Lack of Funds) applications the LAA should research and resolve?
   - Are there applications that have exceeded the 30-day timeframe to reach approved or denied for LIHEAP benefit status?
   - Are there crisis assistance applications that aren't processed within the 18/24 hour federally mandated timeframe?
   - Are there rejected applications that require LAA follow-up?

2. 90 Days Closeout Report (LH022): Applications on this report are past 30 days from the application date and therefore, out of compliance, and could be in jeopardy of being automatically denied by the LIHEAP database as "Application Lapsed."

3. Audit Invoices and Register Report (LH429): Does the LAA have unpaid registers that are more than 45 days from the Register Accepted date?

4. PIPP Finance Reports: These reports will be used to determine the timeliness of processing applications and paying vendors.

The Grantor reserves the right to deny any voucher request(s), at its discretion, based on lack of progress toward meeting the performance measures listed in Exhibit E. If the Grantee fails to meet any of the performance measures, and if deemed appropriate at the discretion of the Grantor, the Grant Funds may be decreased, and/or the Grantee may be responsible for the return of Grant Funds in the amount specified by the Grantor. The Grantor may initiate an Agreement modification(s) to de-obligate Grant Funds based on non-performance.

EXHIBIT E

SPECIFIC CONDITIONS

Grantor may remove (or reduce) a Specific Condition included in this Exhibit by providing written notice to the Grantee, in accordance with established procedures for removing a Specific Condition.

No Specific Conditions.

PART TWO – GRANTOR-SPECIFIC TERMS

In addition to the uniform requirements in **PART ONE**, Grantor has the following additional requirements for its Grantee:

ARTICLE XXIII
AUTHORIZED SIGNATORY

23.1. Authorized Signatory. In processing this Award and related documentation, Grantor will only accept materials signed by the Authorized Signatory or Designee of this Agreement, as designated or prescribed in the Grantee's signature block or on **Exhibit C**. If the Authorized Signatory chooses to assign a designee to sign or submit materials required by this Agreement to Grantor, the Authorized Signatory must either send written notice to Grantor indicating the name of the designee, or provide notice as set forth in **Exhibit C**. Without this notice, Grantor will reject any materials signed or submitted on the Grantee's behalf by anyone other than the Authorized Signatory. The Authorized Signatory must approve each Authorized Designee separately by signing as indicated on **Exhibit C** or on the appropriate form provided by Grantor. If an Authorized Designee(s) appears on **Exhibit C**, the Grantee should verify the information and indicate any changes as necessary. Signatures of both the Authorized Signatory and the Authorized Designee are required in order for the Authorized Designee to have signature authority under this Agreement.

ARTICLE XXIV
ADDITIONAL AUDIT PROVISIONS

24.1. Discretionary Audit. The Grantor may, at any time and in its sole discretion, require a program-specific audit, or other audit, SAS 115/AU-C265 letters (Auditor's Communication of Internal Control Related Matters) and SAS 114/AU-C260 letters (Auditor's Communication With Those Charged With Governance).

ARTICLE XXV
ADDITIONAL MONTORING PROVISIONS

25.1. Cooperation with Audits and Inquiries, Confidentiality. Pursuant to ARTICLE IX, above, the Grantee is obligated to cooperate with the Grantor and other legal authorities in any audit or inquiry related to the Award. The Grantor or any other governmental authority conducting an audit or inquiry may require the Grantee to keep confidential any audit or inquiry and to limit internal disclosure of the audit or inquiry to those Grantee personnel who are necessary to support the Grantee's response to the audit or inquiry. This confidentiality requirement does not limit Grantee's right to discuss an audit or inquiry with its legal counsel. If a third party seeks to require the Grantee, pursuant to any law, regulation, or legal process, to disclose an audit or inquiry that has been deemed confidential by the Grantor or other governmental authority, the Grantee must promptly notify the entity that is conducting the audit or inquiry of such effort so that the entity that is conducting the audit or inquiry may seek a protective order, take other appropriate action, or waive compliance by the Grantee with the confidentiality requirement.

ARTICLE XXVI
ADDITIONAL INTEREST PROVISIONS

26.1. Interest Earned on Grant Funds. Interest earned on Grant Funds in an amount up to $500 per year may be retained by the Grantee for administrative expenses unless otherwise provided in **PART THREE**. Any additional interest earned on Grant Funds above $500 per year must be returned to the Grantor pursuant to Paragraphs 4.3 and 29.2 herein, or as otherwise instructed by the Grant Manager or as set forth in **PART THREE**. All interest earned must be expended prior to Grant Funds. Any unspent Grant Funds or earned interest unspent must be returned as Grant Funds to the Grantor as described in Paragraphs 4.3 and 29.2 herein. All interest earned on Grant Funds must be accounted for and reported to the Grantor as provided in ARTICLE X herein. If applicable, the Grantor will remit interest earned and returned by Grantee to the U.S. Department of Health and Human Services

Payment Management System through the process set forth at 2 CFR 200.305(b)(9), or as otherwise directed by the federal awarding agency. The provisions of this Paragraph are inapplicable to the extent any statute, rule or program requirement provides for different treatment of interest income. Any provision that deviates from this paragraph is set forth in **PART THREE**.

ARTICLE XXVII
ADDITIONAL BUDGET PROVISIONS

27.1. Restrictions on Line Item Transfers. Unless set forth otherwise in **PART THREE** herein, Budget line item transfers within the guidelines set forth in paragraph 6.2 herein, which would not ordinarily require approval from Grantor, but vary more than ten percent (10%) of the current approved Budget line item amount, are considered changes in the project scope and require Prior Approval from Grantor pursuant to 44 Ill. Admin. Code 7000.370(b).

ARTICLE XXVIII
ADDITIONAL REPRESENTATIONS AND WARRANTIES

28.1. Grantee Representations and Warranties. In connection with the execution and delivery of this Agreement, the Grantee makes the following representations and warranties to Grantor:

(a) That it has no public or private interest, direct or indirect, and will not acquire, directly or indirectly any such interest which does or may conflict in any manner with the performance of the Grantee's services and obligations under this Agreement;

(b) That no member of any governing body or any officer, agent or employee of the State, has a personal financial or economic interest directly in this Agreement, or any compensation to be paid hereunder except as may be permitted by applicable statute, regulation or ordinance;

(c) That there is no action, suit or proceeding at law or in equity pending, nor to the best of Grantee's knowledge, threatened, against or affecting the Grantee, before any court or before any governmental or administrative agency, which will have a material adverse effect on the performance required by this Agreement;

(d) That to the best of the Grantee's knowledge and belief, the Grantee, its principals and key project personnel:

(i) Are not presently declared ineligible or voluntarily excluded from contracting with any federal or State department or agency;

(ii) Have not, within a three (3)-year period preceding this Agreement, been convicted of any felony; been convicted of a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; had a civil judgment rendered against them for commission of fraud; been found in violation of federal or state antitrust statutes; or been convicted of embezzlement, theft, larceny, forgery, bribery, falsification or destruction of records, making a false statement, or receiving stolen property;

(iii) Are not presently indicted for, or otherwise criminally or civilly charged, by a government entity (federal, state or local) with commission of any of the offenses enumerated in subparagraph (ii) of this certification; and

(iv) Have not had, within a three (3)-year period preceding this Agreement, any judgment rendered in an administrative, civil or criminal matter against the Grantee, or any entity associated

with its principals or key personnel, related to a grant issued by any federal or state agency or a local government.

Any request for an exception to the provisions of this subparagraph (d) must be made in writing, listing the name of the individual, home address, type of conviction and date of conviction; and

(e) Grantee certifies that it is not currently operating under, or subject to, any cease and desist order, or subject to any informal or formal regulatory action, and, to the best of Grantee's knowledge, that it is not currently the subject of any investigation by any state or federal regulatory, law enforcement or legal authority. Should it become the subject of an investigation by any state or federal regulatory, law enforcement or legal authority, Grantee shall promptly notify Grantor of any such investigation. Grantee acknowledges that should it later be subject to a cease and desist order, Memorandum of Understanding, or found in violation pursuant to any regulatory action or any court action or proceeding before any administrative agency, that Grantor is authorized to declare Grantee out of compliance with this Agreement and suspend or terminate the Agreement pursuant to ARTICLE XIII herein and any applicable rules.

ARTICLE XXIX
ADDITIONAL TERMINATION, SUSPENSION, BILLING SCHEDULE AND NON-COMPLIANCE PROVISIONS

29.1. Remedies for Non-Compliance. If Grantor suspends or terminates this Agreement pursuant to ARTICLE XIII herein, Grantor may also elect any additional remedy allowed by law, including, but not limited to, one or more of the following remedies:

(a) Direct the Grantee to refund some or all of the Grant Funds disbursed to it under this Agreement; and

(b) Direct the Grantee to remit an amount equivalent to the "Net Salvage Value" of all equipment or materials purchased with Grant Funds provided under this Agreement. For purposes of this Agreement, "Net Salvage Value" is defined as the amount realized, or that the Parties agree is likely to be realized from, the sale of equipment or materials purchased with Grant Funds provided under this Agreement at its current fair market value, less selling expenses.

29.2. Grant Refunds. In accordance with the Illinois Grant Funds Recovery Act, 30 ILCS 705/1 *et seq.*, the Grantee must, within forty-five (45) days of the effective date of a termination of this Agreement, refund to Grantor, any balance of Grant Funds not spent or not obligated as of that date.

29.3. Grant Funds Recovery Procedures. In the event that Grantor seeks to recover from Grantee Funds received pursuant to this Award that: (i) Grantee cannot demonstrate were properly spent, or (ii) have not been expended or legally obligated by the time of expiration or termination of this Award, the Parties agree to follow the procedures set forth in the Illinois Grant Funds Recovery Act, 30 ILCS 705/1 *et seq*. (GFRA), for the recovery of Grant Funds, including the informal and formal hearing requirements. All remedies available in Section 6 of the GFRA will apply to these proceedings. The Parties agree that Grantor's Administrative Hearing Rules (56 Ill. Admin. Code Part 2605) and/or any other applicable hearing rules shall govern these proceedings.

29.4. Grantee Responsibility. Grantee will be held responsible for the expenditure of all Grant Funds received through this Award, whether expended by Grantee or a subrecipient or contractor of Grantee. Grantor may seek any remedies against Grantee permitted pursuant to this Agreement and 2 CFR 200.339 for the action of a subrecipient or contractor of Grantee that is not in compliance with the applicable statutes, regulations or the terms and conditions of this Award.

29.5. Billing Schedule. In accordance with paragraph 4.8, herein Grantee must submit all payment requests to Grantor within thirty (30) days of the end of the quarter, unless another billing schedule is specified in **PART THREE** or Paragraph 2.3. Failure to submit such payment request timely will render the amounts billed an

unallowable cost which Grantor cannot reimburse. In the event that Grantee is unable, for good cause, to submit its payment request timely, Grantee must timely notify Grantor and may request an extension of time to submit the payment request. Grantor's approval of Grantee's request for an extension cannot be unreasonably withheld. The payment requirements of this Paragraph supersede those set forth in Paragraph 4.8.

ARTICLE XXX
ADDITIONAL MODIFICATION PROVISIONS

30.1. Modifications by Operation of Law. This Agreement is subject to such modifications as the Grantor determines, in its sole discretion, may be required by changes in federal or State law or regulations applicable to this Agreement. Grantor will initiate such modifications, and Grantee will be required to agree to the modification in writing as a condition of continuing the Award. Any such required modification will be incorporated into and become part of this Agreement as if fully set forth herein. The Grantor will timely notify the Grantee of any pending implementation of or proposed amendment to any laws or regulations of which it has notice.

30.2. Discretionary Modifications. If either the Grantor or the Grantee wishes to modify the terms of this Agreement other than as set forth in ARTICLES V and VI and Paragraphs 30.1 and 30.3, written notice of the proposed modification must be given to the other Party. Modifications will only take effect when agreed to in writing by both the Grantor and the Grantee. However, if the Grantor notifies the Grantee in writing of a proposed modification, and the Grantee fails to respond to that notification, in writing, within thirty (30) days, the Grantor may commence a process to suspend or terminate this Award. In making an objection to the proposed modification, the Grantee must specify the reasons for the objection and the Grantor will consider those objections when evaluating whether to follow through with the proposed modification. The Grantor's notice to the Grantee must contain the Grantee name, Agreement number, Amendment number and purpose of the revision. If the Grantee seeks any modification to the Agreement, the Grantee must submit a detailed narrative explaining why the Project cannot be completed in accordance with the terms of the Agreement and how the requested modification will ensure completion of the Grant Activities, Deliverables, Milestones and/or Performance Measures (**Exhibits A**, **B** and **D**).

30.3. Unilateral Modifications. The Parties agree that Grantor may, in its sole discretion, unilaterally modify this Agreement without prior approval of the Grantee when the modification is initiated by Grantor for the sole purpose of increasing the Grantee's funding allocation as additional funds become available for the Award during the program year covered by the Term of this Agreement.

30.4. Management Waiver. The Parties agree that the Grantor may issue a waiver of specific requirements of this Agreement after the term of the Agreement has expired. These waivers are limited to non-material changes to specific provisions that the Grantor determines are necessary to place the Grantee in administrative compliance with the requirements of this Agreement. A management waiver issued after the Term of the Agreement has expired will supersede the original requirements of this Agreement that would normally require a modification of this Agreement to be executed. The Grantor will make no modifications of this Agreement not agreed to prior to the expiration of the Agreement beyond what is specifically set forth in this Paragraph.

30.5. Term Extensions. The Grantee acknowledges that all Grant Funds must be expended or legally obligated, and all Grant Activities, Deliverables, Milestones and Performance Measures (**Exhibits A**, **B** and **D**) must be completed during the Term of the Agreement. Extensions of the Term will be granted only for good cause, subject to the Grantor's discretion. Pursuant to the Grant Funds Recovery Act (30 ILCS 705/1 *et seq.*), no Award may be extended in total beyond a two (2)-year period unless the Grant Funds are expended or legally obligated during that initial two-year period, or unless Grant Funds are disbursed for reimbursement of costs previously incurred by the Grantee. If Grantee requires an extension of the Award Term, Grantee should submit a written request to the Grant Manager at least sixty (60) days prior to the end of the Award Term or extended Award Term, as applicable, stating the reason for the extension. If Grantee provides reasonable extenuating circumstances, Grantee may request an extension of the Award Term with less than sixty (60) days remaining.

ARTICLE XXXI
ADDITIONAL CONFLICT OF INTEREST PROVISIONS

31.1. Bonus or Commission Prohibited. The Grantee shall not pay any bonus or commission for the purpose of obtaining the Grant Funds awarded under this Agreement.

ARTICLE XXXII
ADDITIONAL EQUIPMENT OR PROPERTY PROVISIONS

32.1. Equipment Management. The Grantee is responsible for replacing or repairing equipment and materials purchased with Grant Funds that are lost, stolen, damaged, or destroyed. Any loss, damage or theft of equipment and materials must be investigated and fully documented, and immediately reported to the Grantor and, where appropriate, the appropriate law enforcement authorities.

32.2. Purchase of Real Property. If permitted by the Award Budget and scope of activities provided in this Agreement, a Grantee may use the Grant Funds during the Award Term for the costs associated with the purchase of real property (as defined by 2 CFR 200.1) either through the use of reimbursement or advanced funds as permitted in Paragraph 2.3 of this Agreement for the following purposes and consistent with the Grantor's bondability guidelines and 2 CFR 200:

(a) Cash payment of the entirety or a portion of the real property acquisition;

(b) Cash Payment of a down payment for the acquisition;

(c) Standard and commercially reasonable costs required to be paid at the acquisition closing (*i.e.*, closing costs); or

(d) Payments to reduce the debt incurred by Grantee to purchase the real property.

32.3. Bonding Requirements. If Grant Funds through this Award are used for construction or facility improvement projects that exceed the Simplified Acquisition Threshold, the Grantee must comply with the minimum bonding requirements listed in 2 CFR 200.326(a) – (c). Grantor will not accept the Grantee's own bonding policy and requirements.

32.4. Lien Requirements. Grantor may direct Grantee in writing to record a lien or notice of State or federal interest on the property purchased or improved with Grant Funds. 2 CFR 200.316. If Grantor makes this direction and the Grantee does not comply, the Grantor may: (a) record the lien or notice of State or federal interest and reduce the amount of the Grant Funds by the cost of recording the lien or notice of State or federal interest, or (b) suspend this Award until Grantee complies with Grantor's direction.

ARTICLE XXXIII
APPLICABLE STATUTES

To the extent applicable, Grantor and Grantee shall comply with the following:

33.1. Land Trust Beneficial Interest Disclosure Act (765 ILCS 405/2.1). No Grant Funds will be paid to any trustee of a land trust, or any beneficiary or beneficiaries of a land trust, for any purpose relating to the land, which is the subject of such trust, any interest in such land, improvements to such land or use of such land unless an affidavit is first filed with the Grantor identifying each beneficiary of the land trust by name and address and defining such interest therein. This affidavit must be filed with the Illinois Office of the Comptroller as an attachment to this Agreement.

33.2. Historic Preservation Act (20 ILCS 3420/1 *et seq.*). The Grantee will not expend Grant Funds under this Agreement which result in the destruction, alteration, renovation, transfer or sale, or utilization of a historic property, structure or structures, or in the introduction of visual, audible or atmospheric elements to a historic property, structure or structures, which will result in the change in the character or use of any historic property, except as approved by the Illinois Department of Natural Resources, Historic Preservation Division. The Grantee must not expend Grant Funds under this Agreement for any project, activity, or program that can result in changes in the character or use of historic property, if any historic property is located in the area of potential effects without the approval of the Illinois Department of Natural Resources, Historic Preservation Division. 20 ILCS 3420/3(f).

33.3. Victims' Economic Security and Safety Act (820 ILCS 180 *et seq.*). If the Grantee has one (1) or more employees, it may not discharge or discriminate against an employee who is a victim of domestic or sexual violence, or who has a family or household member who is a victim of domestic or sexual violence, for taking up to the allowable amount of leave from work to address the domestic violence, pursuant to the Victims' Economic Security and Safety Act. 820 ILCS 180/20(a)(2). The Grantee is not required to provide paid leave under the Victims' Economic Security and Safety Act, but may not suspend group health plan benefits during the leave period. Any failure on behalf of the Grantee to comply with all applicable provisions of the Victims' Economic Security and Safety Act, or applicable rules and regulations promulgated thereunder, may result in a determination that the Grantee is ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this Agreement may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked, as provided by statute or regulation.

33.4. Equal Pay Act of 2003 (820 ILCS 112 *et seq.*). If the Grantee has one (1) or more employees, it is prohibited by the Equal Pay Act of 2003 from: (a) discriminating between employees by paying unequal wages on the basis of sex for doing the same or substantially similar work; (b) discriminating between employees by paying wages to an African-American employee at a rate less than the rate at which the Grantee pays wages to another employee who is not African-American for the same or substantially similar work; (c) remedying violations of the Equal Pay Act of 2003 by reducing the wages of other employees or discriminating against any employee exercising their rights under the Equal Pay Act of 2003; and (d) screening job applicants based on their current or prior wages or salary histories, or requesting or requiring a wage or salary history from an individual as a condition of employment or consideration for employment. Any failure on behalf of the Grantee to comply with all applicable provisions of the Equal Pay Act of 2003, or applicable rules and regulations promulgated thereunder, may result in a determination that the Grantee is ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this Agreement may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked, as provided by statute or regulation.

33.5. Steel Products Procurement Act (30 ILCS 565/1 *et seq.*). The Grantee, if applicable, hereby certifies that any steel products used or supplied in accordance with this Award for a public works project shall be manufactured or produced in the United States per the requirements of the Steel Products Procurement Act (30 ILCS 565/1 *et seq.*).

33.6. Business Enterprise for Minorities, Women, and Persons with Disabilities Act and Illinois Human Rights Act (30 ILCS 575/0.01; 775 ILCS 5/2-105). The Grantee acknowledges and hereby certifies compliance with the provisions of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, and the equal employment practices of Section 2-105 of the Illinois Human Rights Act for the provision of services which are directly related to the Award activities to be performed under this Agreement.

33.7. Identity Protection Act (5 ILCS 179/1 *et seq.*) and Personal Information Protection Act (815 ILCS 530/1 *et seq.*). The Grantor is committed to protecting the privacy of its vendors, grantees and beneficiaries of programs and services. At times, the Grantor will request social security numbers or other personal identifying information. Federal and state laws, rules and regulations require the collection of this information for certain purposes relating to employment and/or payments for goods and services, including, but not limited to, Awards. The Grantor also collects confidential information for oversight and monitoring purposes.

Furnishing personal identity information, such as a social security number, is voluntary; however, failure to provide required personal identity information may prevent an individual or organization from using the services/benefits provided by the Grantor as a result of state or federal laws, rules and regulations.

To the extent the Grantee collects or maintains protected personal information as part of carrying out the Award activities, the Grantee must maintain the confidentiality of the protected personal information in accordance with applicable law and as set forth below.

(a) Personal Information Defined. As used herein, “Personal Information” shall have the definition set forth in the Personal Information Protection Act, 815 ILCS 530/5 (“PIPA”).

(b) Protection of Personal Information. The Grantee must use at least reasonable care to protect the confidentiality of Personal Information that is collected or maintained as part of the Award activities and (i) not use any Personal Information for any purpose outside the scope of the Award activities and (ii) except as otherwise authorized by the Grantor in writing, limit access to Personal Information to those of its employees, contractors, and agents who need such access for purposes consistent with the Award Activities. If Grantee provides any contractor or agent with access to Personal Information, it must require the contractor or agent to comply with the provisions of this Paragraph.

(c) Security Assurances. Grantee represents and warrants that it has established and will maintain safeguards against the loss and unauthorized access, acquisition, destruction, use, modification, or disclosure of Personal Information and shall otherwise maintain the integrity of Personal Information in its possession in accordance with any federal or state law privacy requirements, including PIPA. These safeguards must be reasonably designed to (i) ensure the security and confidentiality of the Personal Information, (ii) protect against any anticipated threats or hazards to the security or integrity of Personal Information, and (iii) protect against unauthorized access to or use of Personal Information. Additionally, Grantee will have in place policies, which provide for the secure disposal of documents and information which contain Personal Information, including but not limited to shredding documents and establishing internal controls over the authorized access to such information. 815 ILCS 530/40.

(d) Breach Response. (f) Compelled Access or Disclosure. The Grantee may disclose Personal Information if it is compelled by law, regulation, or legal process to do so, provided the Grantee gives the Grantor at least ten (10) days' prior notice of such compelled access or disclosure (to the extent legally permitted) and reasonable assistance if the Grantor wishes to contest the access or disclosure.

GRANT-SPECIFIC TERMS/CONDITIONS

37.1. This Agreement is issued contingent upon the Grantee's successful completion of the 2024 Low-Income Home Energy Assistance Program ("LIHEAP"). Failure of the Grantee to comply with the terms and conditions of the 2024 LIHEAP Grant Agreement may result in termination of this Grant Agreement.

37.2. Federal Grant Requirements.

(a) In addition to the federal requirements set forth in Article VII, herein this Award is subject to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for U.S. Department of Health and Human Services ("HHS") awards at 45 CFR Part 75, which implement the language in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR 200, (the "Uniform Requirements"). For the avoidance of doubt, all references in this Agreement to any of the OMB Circulars are subject to the Uniform Requirements referenced herein.

(b) Grantee must also comply with the Low-Income Home Energy Assistance Act of 1981 (42 U.S.C. §§ 8621-8630), the federal LIHEAP block grant rules (45 CFR Part 96), the federal Energy Conservation and Production Act of 1976 (P.L. 94-385), the Energy Assistance Act (305 ILCS 20), the Illinois LIHEAP administrative rules (47 Ill. Admin. Code Part 100), and all related Grantor policies and procedures. Any specific exceptions to the Uniform Requirements adopted by HHS may be found at 2 CFR Part 300.

37.3. Administrative Costs. Pursuant to Article VII, herein Grantee shall receive reimbursement for Allowable Costs under the general Administrative, Client Assistance (solely for outreach purposes under HHS' Assurance 16 as required by law), and Program Support cost budget categories at a ratio of allowable expenditure to amounts budgeted no higher than the ratio of total allowable client benefit expenditures to the total amounts budgeted in the Client Assistance cost budget categories. As an example, a grantee which expends 75% of the total budgeted Client Assistance funds will only be allowed to spend 75% of the amount budgeted for general Administrative, Client Assistance (solely for outreach purposes under Assurance 16), and Program Support, respectively.

37.4. Additional Reporting Requirements. In addition to the reporting requirements set forth in paragraphs 10.1, 11.1 and 36.3, herein, as applicable, the Grantee must provide the following additional reports to Grantor:

(a) For each Award, a certified cost report must be submitted via the GRS Fiscal electronic reporting system prior to submitting a request for Grant Funds;

(b) Programmatic reports as required by Grantor; and

(c) Any additional reports requested from Grantee by the Grantor.

37.5. Method of Compensation.

(a) In addition to the payment requirements described in Article IV, herein the Grant Funds will be distributed in accordance with the invoice-voucher procedures of the Office of the State Comptroller. The first payment of Grant Funds will be for program initiation and will be based on the Grantee's reported obligation for the program's immediate cash needs. Thereafter, the Grant Funds will be distributed for the dual purpose of covering the allowable expenditures to date, as well as the immediate cash needs of the Grantee to operate the program under this Agreement in accordance with the financial management standards set forth in Article VII, herein.

(b) Costs allocated to this Award must conform to the HHS cost principles at 45 CFR Part 75 and as set forth in the Uniform Requirements, as applicable. Further, costs charged under this Agreement cannot exceed the total amount of this Award.

37.6. Additional Audit Requirements. In addition to the audit requirements in Article XII, herein Grantor reserves the right to conduct limited scope audits, at any time, of any Grant Funds expended under this Agreement or of the Grantee's agency-wide financial statements. Grantor has the right to examine Grantee's corporate books and records which may be necessary to test the allocation equity of Grant Funds and to determine the ability of the Grantee to safeguard the Grant Funds. The Grantee must fully cooperate, in a timely manner, in preparing for and conducting the audit and in the resolution of audit findings.

37.7. Non-Expendable Personal Property.

(a) Grantee must not purchase non-expendable personal property, including, but not limited to, federally-owned and exempt property, equipment and supplies (collectively referred to as "Non-Expendable Personal Property") costing **$5,000** or more without Grantor's prior written approval.

(b) In addition to Article XVIII, herein the Grantee agrees to comply with the applicable property standards set forth in 45 CFR §§ 75.316–75.323, as specifically related to its organization, in the management of Non-Expendable Personal Property for authorized LIHEAP purposes under this Award. Specifically, as set forth under 45 CFR §§ 75.319 – 75.321, Non-Expendable Personal Property includes such property acquired under this Agreement and also such property transferred to this Agreement from prior Grant Agreements.

(c) The Grantee may hold title in its name to all Non-Expendable Personal Property purchased with Grant Funds for operation of the program subject to the following: It is understood and agreed to by the Grantee that all Non-Expendable Personal Property purchased by the Grantee with Grant Funds or received from the Grantor shall not be the property of the Grantee but must instead be held by the Grantee in trust for the benefit of the people of the State of Illinois. As such, the Non-Expendable Personal Property held by the Grantee is subject to the following conditions: (i) Grantee must use the equipment for the authorized purposes of this Award during the period of performance, or until the property is no longer needed for the purposes of this Award; (ii) Grantee shall not encumber the property without approval of the Grantor; and (iii) Grantee shall use and dispose of the property in accordance with 45 CFR 75.320 and paragraph 18.4, herein. Grantee must not sell, abandon or otherwise dispose of such Non-Expendable Personal Property without the prior written approval of Grantor.

(d) In accordance with 45 CFR §§ 75.320–75.321, Non-expendable Personal Property must be used for LIHEAP purposes, as required under this Agreement, for as long as needed. While being used on the program under this Award, Non-Expendable Personal Property may be made available for "shared

use" with other activities, provided that such use will not interfere with its primary use for the original purposes of LIHEAP prescribed under this Award. When no longer needed for the program, equipment may be used for other projects subject to Grantor's written approval.

(e) The Grantee must maintain appropriate property records and annually conduct an inventory of all Non-Expendable Personal Property purchased with Grant Funds. Within thirty (30) days of receipt of purchased equipment, an "Equipment Acquisition Form" must be completed by Grantee and sent to Grantor. Upon the termination of the Agreement and upon the election of Grantor, the Grantee must surrender possession of such property to Grantor.

37.8. Procurement. Grantee shall follow the procurement standards as established in 45 CFR §§ 75.326 – 75.335.

37.9. Travel Costs.

(a) Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the Grantee performing duties/services related to this Agreement in accordance with 45 CFR 75.474. Such costs may be charged on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the Grantee's non-federally-funded activities and in accordance with the Grantee's written travel reimbursement policies. Absent a policy, the Grantee must follow the rules of the Governor's Travel Control Board. Notwithstanding the provisions of 45 CFR 75.444, travel costs of officials covered by that section are allowable with the prior written approval of the Federal awarding agency or Grantor when they are specifically related to the Federal award.

(b) Grantee must retain receipts on file as source documentation in accordance with Article VII, herein for travel expenses of its employees. Information on the federal domestic travel and per diem rates can be found at www.gsa.gov and 41 CFR Subtitle F, Chapters 300-304. Grantee's policy cannot exceed the federal travel and per diem rates. However, if Grantee is required to exceed the federal travel rate due to circumstances beyond Grantee's control for the purpose of travel related to this Agreement, Grantee must seek an exception in writing from Grantor to exceed the federal rate.

37.10. Publication, Reproduction and Use of Material. In addition to Article XIX, herein no material produced in whole or in part under this Award shall be subject to copyright in the United States or in any other country. Grantor shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data or other materials prepared under the Agreement.

37.11. Debarment. In addition to Grantee's certification in paragraph 3.5(j) and the representations and warranties in paragraph 28.1, herein Grantee must additionally certify that all contractors and subcontractors are in compliance with paragraphs 3.5(j) and 28.1 prior to engaging their services under this Agreement and must certify such compliance at least annually thereafter.

37.12. Bond and Depository Insurance Requirements.

(a) Pursuant to 45 CFR 75.304, Grantee must provide bonding for every officer, director or employee who handles Grant Funds under this Agreement. The amount of coverage must be the higher of **$100,000** or the highest cash draw during the term of the Agreement.

(b) In accordance with the payment standards and requirements set forth in 45 CFR 75.305, Grantee must place Grant Funds in an insured account, whenever possible, that bears interest, unless exempted under 45 CFR 75.305(b)(8). In the event the Grantee's Grant Funds deposits exceed insured limits, the Grantee must require the depository to pledge securities sufficient to cover the uninsured exposure.

37.13. Real Property Expenditures Prohibited. Grantee expressly understands and agrees not to use Grant Funds for the purchase or improvement of land or the purchase, construction, or permanent improvement (other than low-cost residential weatherization or other energy-related repairs as authorized by Grantor) of any building, facility or other real property.

37.14. Additional Budget Modification Provisions.

(a) Grantee expressly understands and agrees that the total amount of Grant Funds available under this Award is contingent upon the Grantee's ability to spend the Grant Funds in accordance with the Budget, as submitted by Grantee and approved by Grantor, and incorporated herein as an attachment (the "Budget").

(b) Grantor reserves the right to establish an initial amount of Grant Funds available to Grantee based on programmatic performance in previous years. Modifications to the Grantee's Budget will be initiated by Grantor if: (i) the Client Assistance cost category has been expended; (ii) the Grantee fails to expend Grant Funds in accordance with the original Budget or a revised Budget previously approved by Grantor; or (iii) Grantor determines that additional Grant Funds are necessary.

(c) In accordance with Article VI, herein Grantee shall obtain prior approval from Grantor whenever a Budget revision is necessary for one or more of the reasons enumerated in 45 CFR 75.308, subject to the following:

- **Program Support:** Pursuant to paragraph 27.1, herein Grantor hereby approves a variance up to 25% (or $5,000, whichever is greater) for each of the 100 series sub-line items in the Program Support cost category of the Budget; provided, however, the cumulative allocation of Grant Funds for Program Support (total sum of each sub-line item) may not exceed the original allocation for the Program Support cost category and may not result in an increase to the total Budget (as originally approved by Grantor at application) without prior Grantor written approval. However, Grantee may *decrease* the allocation of Grant Funds in the Program Support cost category without seeking Grantor approval.

- **Client Benefits:** Pursuant to paragraph 27.1, herein Grantor hereby approves a variance up to 25% (or $5,000, whichever is greater) for the Client Benefits budget Line 0201 only. In no event may such transfers in this specific cost category result in an increase to the total Budget without prior Grantor written approval.

- **Direct Administrative Costs:** Pursuant to paragraph 27.1, herein Grantor hereby approves a variance up to 25% (or $5,000, whichever is greater) for each of the 300 series sub-line items except Line 317 Indirect Costs in the Direct Administration cost category of the Budget. In no event may such transfers in this specific cost category result in an increase to the total Grant Budget or increase to the total original allocation for the Administration cost category [total of the combined amounts of the Direct Administrative and Indirect Costs lines] without prior Grantor written approval.

- **Indirect Costs**: Grantee is required to obtain prior Grantor written approval for any *increase* in allocation of Grant Funds to the Indirect Costs category in the Budget.

Any variance in cost categories or line items within the terms listed above shall not alter the requirement for formal modification of this Agreement when the goals, objectives and activities listed herein are measurably changed.

37.15. Fraud, Waste, Abuse or Misconduct.

(a) Grantee Reporting. Grantee shall report to the Grantor's program staff or the Grantor's Ethics Officer any suspected fraud, waste, abuse or misconduct associated with any LIHEAP service or function provided for under this Agreement by any parties directly or indirectly affiliated with this Agreement including, but not limited to, Grantee staff, Grantee subrecipients, Grantee subcontractors, Grantor employees or Grantor subrecipients. Grantee shall make this report as soon as practical after first suspecting fraud, waste, abuse or misconduct. In addition to reporting suspected fraud, waste, abuse or misconduct to the Grantor, Grantee may report the suspected behavior to any other relevant governmental entity, including, but not limited to, the Office of the Executive Inspector General for the Agencies of the Illinois Governor and the Illinois Attorney General. Grantee shall cooperate with all investigations of suspected fraud, waste, abuse or misconduct reported pursuant to this paragraph. Grantee also shall require its subrecipients affiliated with this Agreement to follow the requirements to report suspected fraud, waste, abuse or misconduct as set forth in this paragraph. Nothing in this paragraph precludes the Grantee or its subrecipients from establishing measures to maintain quality of services and control costs that are consistent with their usual business practices, conducting themselves in accordance with their respective legal or contractual obligations or taking internal personnel-related actions.

(b) Definitions.

(i) "Fraud" is generally defined as knowingly obtaining or attempting to obtain a benefit from or control over property of another person or entity by means of deception intended to benefit the deceiver or create a loss or potential liability to the other party.

(ii) "Abuse" is any activity that may not necessarily be fraudulent but is a misuse of resources through means which are inappropriate, outside acceptable standards of conduct or programmatically or economically unnecessary.

(iii) "Waste" is conduct that is not necessarily intentionally inappropriate but is reckless and generally not in conformity with sound business practices, which may include, but is not limited to, acts that deprive citizens and program participants reasonable value in connection with any government-funded activity due to an inappropriate act or omission by persons with control over government resources.

(c) Grantee Training. Grantee shall adhere to all required training and policies of Grantor's Office of Community Assistance regarding fraud, waste, abuse, and misconduct, including, but not limited to, ensuring that all of Grantee's employees and volunteers, and the employees and volunteers of Grantee's subrecipients, participate in annual training and certify participation in such annual training.

(d) Grantor Remedies. Grantor reserves the right to suspend Grantee's use of funds, terminate this Agreement, require the use of different Grantee staff, or take any other action permitted by law if the Grantor receives evidence of fraud, waste, abuse or misconduct by the Grantee, Grantee's staff, or Grantee's subrecipients or subcontractors or their staff related to this Award or any other State or federal award.

37.16. Billing Schedule. Notwithstanding the billing requirements set forth in paragraph 4.8 and the billing schedule set forth in paragraph 29.5, Grantee must submit any payment requests to Grantor within forty five (45) days after the grant end date. Failure to submit such payment requests timely will render the amounts billed an unallowable cost which Grantor cannot reimburse. In the event that Grantee is unable, for good cause, to submit its payment request timely, Grantee shall timely notify Grantor and may request an extension of time to submit the payment request. Grantor's approval of Grantee's request for an extension shall not be unreasonably withheld.

Grantee's failure to comply with ARTICLE X, ARTICLE XI, or ARTICLE XVII will be considered prima facie evidence of a breach and may be admitted as such, without further proof, into evidence in an administrative proceeding before Grantor, or in any other legal proceeding. (b) If terminated by the Grantee, Grantee must include the reasons for such termination, the effective date, and, in the case of a partial termination, the portion to be terminated. If Grantor determines in the case of a partial termination that the reduced or modified portion of the Award will not accomplish the purposes for which the Award was made, Grantor may terminate the Agreement in its entirety. 2 CFR 200.340(a)(4).

(c) This Agreement may be terminated, in whole or in part, by Grantor:

(i) Pursuant to a funding failure under Paragraph 4.1;

(ii) If Grantee fails to comply with the terms and conditions of this or any Award, application or proposal, including any applicable rules or regulations, or has made a false representation in connection with the receipt of this or any Award; or

(iii) If the Award no longer effectuates the Program goals or agency priorities as set forth in **Exhibit A**, **PART TWO** or **PART THREE**.

13.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. If suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional Obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

Admin. Code 7000.80 and 7000.260.

(a) Grantor may credit Grantee for allowable expenditures incurred in the performance of authorized services under this Agreement prior to the effective date of a suspension or termination.

(b) Except as set forth in subparagraph (c), below, Grantee must not incur any costs or Obligations that require the use of Grant Funds after the effective date of a suspension or termination, and must cancel as many outstanding Obligations as possible.

(c) Costs to Grantee resulting from Obligations incurred by Grantee during a suspension or after termination of the Agreement are not allowable unless Grantor expressly authorizes them in the notice of suspension or termination or subsequently. However, Grantor may allow costs during a suspension or after termination if:

(i) The costs result from Obligations properly incurred before the effective date of suspension or termination, are not in anticipation of the suspension or termination, and the costs would be allowable if the Agreement was not suspended or terminated prematurely. 2 CFR 200.343.

13.6. Close-out of Terminated Agreements. If this Agreement is terminated, in whole or in part, the Parties must comply with all close-out and post-termination requirements of this Agreement. 2 CFR 200.340(d).

ARTICLE XIV
SUBCONTRACTS/SUBAWARDS

14.1. Subcontracting/Subrecipients/Delegation. Grantee must not subcontract nor issue a subaward for any portion of this Agreement nor delegate any duties hereunder without Prior Approval of Grantor. The requirement for Prior Approval is satisfied if the subcontractor or subrecipient has been identified in the uniform grant application, such as, without limitation, a Project description, and Grantor has approved. Grantee must notify any potential subrecipient that the subrecipient must obtain and provide to the Grantee a Unique Entity Identifier prior to receiving a subaward. 2 CFR 25.300.

14.2. Application of Terms. If Grantee enters into a subaward agreement with a subrecipient, Grantee must notify the subrecipient of the applicable laws and regulations and terms and conditions of this Award by attaching this Agreement to the subaward agreement. 14.3. Liability as Guaranty. Grantee will be liable as guarantor for any Grant Funds it obligates to a subrecipient or subcontractor pursuant to this ARTICLE in the event Grantor determines the funds were either misspent or are being improperly held and the subrecipient or subcontractor is insolvent or otherwise fails to return the funds. 2 CFR 200.345; 30 ILCS 705/6; 44 Ill. 15.3. Notice of Impact. Grantee must notify Grantor in writing of any event, including, by not limited to, becoming a party to litigation, an investigation, or transaction that may have a material impact on Grantee's ability to perform under this Agreement. Grantee must provide notice to Grantor as soon as possible, but no later than five (5) days after Grantee becomes aware that the event may have a material impact.

15.4. Effect of Failure to Provide Notice. Failure to provide the notice described in this ARTICLE is grounds for termination of this Agreement and any costs incurred after the date notice should have been given may be disallowed.

ARTICLE XVI
STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP

16.1. Effect of Reorganization. This Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. Grantor does not agree to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee must give Grantor prior notice of any such action or changes significantly affecting its overall structure or, for non-governmental grantees only, management makeup (for example, a merger or a corporate restructuring), and must provide all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. Grantor reserves the right to terminate the Agreement based on whether the newly organized entity is able to carry out the requirements of the Award. This ARTICLE does not require Grantee to report on minor changes in the makeup of its board membership or governance structure, as applicable. Nevertheless, **PART TWO** or **PART THREE** may impose further restrictions. Failure to comply with this ARTICLE constitutes a material breach of this Agreement.

ARTICLE XVII

Grantee acknowledges that Grantor is under no obligation to provide such exemption and that Grantor may grant an such exemption subject to additional terms and conditions as Grantor may require.

ARTICLE XVIII
EQUIPMENT OR PROPERTY

18.1. Purchase of Equipment. For any equipment purchased in whole or in part with Grant Funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439, the costs for such equipment will be disallowed. Any waiver from such compliance must be granted by either the President's Office of Management and Budget, the Governor's Office of Management and Budget, or both, depending on the source of the Grant Funds used. Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317-200.326 to establish procedures to use Grant Funds for the procurement of supplies and other expendable property, equipment, real property and other services.

18.4. Equipment Instructions. Grantee must obtain disposition instructions from Grantor when equipment, purchased in whole or in part with Grant Funds, is no longer needed for their original purpose. Notwithstanding anything to the contrary contained in this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. Grantee must properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer's guidelines, federal and state laws or rules, and Grantor requirements stated herein.

18.5. Domestic Preferences for Procurements. In accordance with 2 CFR 200.322, as appropriate and to the extent consistent with law, Grantee must, to the greatest extent practicable under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this Paragraph must be included in all subawards and in all contracts and purchase orders for work or products under this Award.

ARTICLE XIX
PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

19.1. Promotional and Written Materials. Use of Grant Funds for promotions is subject to the prohibitions for advertising or public relations costs in 2 CFR 200.421(e). In the event that Grant Funds are used in whole or in part to produce any written publications, announcements, reports, flyers, brochures or other written materials, Grantee must obtain Prior Approval for the use of those funds (2 CFR 200.467) and must include in these publications, announcements, reports, flyers,

Docusign Envelope ID: 551EC622-B2A5-4AB3-BE8A-A4F4F62A3CDF

brochures and all other such material, the phrase "Funding provided in whole or in part by the [Grantor]." 2 CFR 200.467. Exceptions to this requirement must be requested, in writing, from Grantor and will be considered authorized only upon written notice thereof to Grantee.

19.2. Prior Notification/Release of Information. Grantee must notify Grantor ten (10) days prior to issuing public announcements or press releases concerning work performed pursuant to this Agreement, or funded in whole or in part by this Agreement, and must cooperate with Grantor in joint or coordinated releases of information.

Additional insurance requirements may be detailed in **PART TWO** or **PART THREE**.

Grantee must provide the agreed services and achieve the specified results free from the direction or control of Grantor as to the means and methods of performance. Grantee must provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement is strictly limited to official Grantor or State of Illinois business and not for any other purpose, including any personal benefit or gain.

21.2. Indemnification and Liability.

Grantee must hold harmless Grantor against any and all liability, loss, damage, cost or expenses, including attorneys' fees, arising from the intentional torts, negligence or breach of contract of Grantee, with the exception of acts performed in conformance with an explicit, written directive of Grantor. Indemnification by Grantor is governed by the State Employee Indemnification Act (5 ILCS 350/.01 *et seq.*) as interpreted by the Illinois Attorney General. Grantor makes no representation that Grantee, an independent contractor, will qualify or be eligible for indemnification under said Act.

(b) **Governmental entities.** This subparagraph applies only if Grantee is a governmental unit as designated in Paragraph 3.2. PROJECT DESCRIPTION

The goal of the Grantor is to increase highway safety through means of safety program grants under the Highway Safety Program. The goals of the Highway Safety Program include: reduce motor vehicle crashes, fatalities and injuries; increase proper use of occupant protection devices; and reduce impaired driving. The strategies to implement are enforcement, training, outreach, and education. The Grantee is a selected recipient of the safety program grant to assist the Grantor in meeting its highway safety goal.

The Sustained Traffic Enforcement Program (STEP) grant focuses on high visibility enforcement (HVE) to reduce fatalities and serious injuries at some of the deadliest times of the year for vehicle travel. There are six required holiday campaigns and five optional campaigns which agencies may participate in if they choose as well as additional enforcement. Each agency has different needs and focuses, and the additional enforcement options can be used to help address those issues.

The Grantee shall utilize grant funds to help meet the STEP grant goals by meeting milestones, deliverables, performance standards, and performance measures. The funding shall be issued as per the agreed upon budget pending the FFY25 federal budget, dollar amounts, and dates. In addition, the National Highway Traffic Safety Administration (NHTSA) grant funding policy determines allowable costs under specific conditions.

The Grantee shall utilize grant funds to meet desired safety project goals, milestones, deliverables, performance standards, and performance measures as specified in the Attachment of the FY25 application packet for NOFO 25-0343-11. The funding shall be used as per the agreed upon budget pending the FY25 federal budget, dollar amounts, and dates. In addition, the National Highway Traffic Safety Administration (NHTSA) grant funding policy determines allowable costs under specific conditions. Please see 23 CFR Part 1300, Uniform Procedures for State Highway Safety Grant Programs for allowable costs.

The Grantee is eligible to receive allowable costs as they appear in the approved finalized budget. However, the Grantee may request funding changes to the approved finalized budget should allocated costs need to be redistributed after the commencement of the grant agreement.

The STEP grant operates during the federal fiscal year from October 1-September 30 and is funded on a reimbursement basis per the requirements set forth in Exhibit B of this Agreement. The STEP grant funding line items eligible for reimbursement are personnel services and indirect costs (only where an approved rate has been requested prior to the execution of this Agreement and has been issued provisionally or finalized).

V. Campaign Specifications:

A. Mandatory Enforcement Campaigns – these campaigns are a requirement of the grant and agencies must participate. The applicant agency can apply for funds to conduct Impaired Driving and/or Occupant Protection Enforcement for each campaign.

1. Agencies must participate in the following campaigns with the predetermined message and enforcement emphasis:

a. Thanksgiving (Occupant Protection)
b. Christmas/New Year's (Impaired Driving)
c. St. Patrick's Day (Impaired Driving)
d. Memorial Day (Occupant Protection)
e. Independence Day (Impaired Driving)
f. Labor Day (Impaired Driving)

2. Mandatory Enforcement Campaign Requirements:

The applicant can apply for funds to conduct Impaired Driving and/or Occupant Protection Enforcement for each campaign and at least one type must be conducted. There are separate requirements and desired outputs for each enforcement type. Each campaign will also have a primary message and enforcement emphasis (e.g. "Click It or Ticket" or "Drive Sober Or Get Pulled Over"). Agencies are encouraged to conduct enforcement campaigns for both Impaired Driving and Occupant Protection. Other traffic safety enforcement contacts may be issued during mandatory campaigns. Examples of other enforcement contacts for violations directly relating to contributory causes of crashes would be speeding, electronic device use, failure to yield, disobeying traffic control signal/device, etc., in addition to DUI enforcement contacts and occupant restraint enforcement contacts.

a. Occupant Protection Enforcement:

i. A minimum of thirty percent (30%) of total mandatory campaign hours for the grant year shall be worked between the hours of 6:00 p.m. and 5:59 a.m.

ii. Nighttime hours can be scheduled when most appropriate by the grant agency. (Example; If an agency's total mandatory and optional campaign hours add up to 100 hours, a minimum of 30 hours must be worked between 6:00 p.m. and 5:59 a.m.). Thus, the agency has the flexibility to schedule nighttime hours when most appropriate during the grant year.

iii. Thirty percent (30%) of all contacts with the public while working Occupant Protection enforcement should be for occupant restraint violations.

b. Impaired Driving Enforcement:

i. Patrol hours must occur between 6:00 p.m. and 5:59 a.m.

ii. Impaired driving patrol hours may be extended outside of the 6:00 p.m. and 5:59 a.m. restrictions with the pre-approval of your assigned IDOT/BSPE Safety Grant Administrator (GA). If approved, the daytime patrol (6:00am to 5:59pm) can only be conducted by ARIDE and/or DRE trained officers.

iii. All officers conducting grant-funded, alcohol-related enforcement must be trained in the Standardized Field Sobriety Test (SFST). Approved training in this area consists of the 24-hour National Highway Traffic Safety Administration (NHTSA), DWI Detection and SFST Course or other NHTSA/ILETSB-approved refresher course. To satisfy this requirement, officers must complete an ILETSB-accredited academy, a 24-hour SFST course or an SFST refresher course every four (4) years from the date of their last completed certified training. These courses must be taught by certified SFST instructors. Note: A law enforcement agency may provide in-house training for its own officers conducted by officers from the same agency, provided the trainer is a

Docusign Envelope ID: 551EC622-B2A5-4AB3-BE8A-A4F4F62A3CDF

certified ILETSB SFST instructor. Officers may also attend training at an agency other than their own if the training is conducted by a certified SFST instructor. In these situations, a class roster showing all officers who completed the training must be sent to the ILETSB. Upon request, law enforcement agencies must be able to produce verification of compliance with this requirement.

B. Optional Enforcement Campaigns – these campaigns are optional. An agency can participate in zero, one, two, three or all of them if they so choose.

1. Agencies may participate in the following campaigns with the predetermined message emphasis:
   a. Halloween (Impaired Driving)
   b. Super Bowl (Impaired Driving)
   c. Distracted Driving (Distracted Driving)
   d. Speed Awareness (Speed)
   d. Child Passenger Safety (Occupant Protection)

2. Optional Enforcement Campaign Requirements:

Like the mandatory campaigns, the applicant agency can apply for funds to conduct Impaired Driving and/or Occupant Protection Enforcement for the Halloween, Super Bowl campaigns. Distracted Driving, Speed Awareness, and Child Passenger Safety only have one campaign focus, but all campaigns will have a primary message and enforcement emphasis (as seen above). Although the focus of the campaign may be occupant protection, impaired driving, child passenger safety, or distracted driving, your agency can still issue other enforcement contacts such as but not limited to speeding.

a. Occupant Protection Enforcement: See Mandatory Occupant Protection Enforcement Requirements (Exhibit D)

b. Impaired Driving Enforcement: See Mandatory Impaired Driving Enforcement Requirements (Exhibit D)

c. Distracted Driving Enforcement:

i. Only conducted in the month of April.

ii. No time of day or day of week requirements.

d. Speed Awareness Enforcement:

i. Only conducted in the month of July.

ii. No time of day or day of week requirements.

C. Additional Enforcement

1. Agencies can apply for funding to conduct additional enforcement along with the mandatory and optional campaigns. The focus, time, and date are completely up to the department based on their traffic enforcement needs but they cannot be used during the mandatory campaign dates. Agencies shall conduct enforcement focusing on contributory causes of crashes, i.e., speeding, impaired driving, electronic device use, failure to yield, disobeying traffic control signal/device, as well as occupant restraint violations.

2. Additional Enforcement Requirements:

a. Additional Traffic Safety Enforcement efforts can be scheduled anytime, day or night outside the mandatory campaign dates.

Docusign Envelope ID: 551EC622-B2A5-4AB3-BE8A-A4F4F62A3CDF

c. Additional Traffic Safety Enforcement efforts can be scheduled anytime, day or night outside during Optional Distracted Driving and Speed Awareness campaigns regardless if the grantee is participating in the campaign.

d. Agencies shall conduct enforcement focusing on contributory causes of crashes, i.e., speeding, impaired driving, electronic device use, failure to yield, disobeying traffic control signal/device, as well as occupant restraint violations.

e. Additional Traffic Safety Enforcement funds cannot exceed one hundred (100) percent of the requested mandatory and optional enforcement funds.

f. Agencies shall submit only one BSPE 205 reporting form and one BSPE 500 reimbursement claim for the entire month when additional enforcement was worked. The BSPE 205 must be submitted within 14 days from the end of the month when work was completed. The BSPE 500 shall be submitted within 45 days from the end of the month when work was completed.

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

C. Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (e) of 49 CFR part 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

"The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT Order 1050.2A)[1] in every contract or agreement subject to the Acts and the Regulations.

4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.

Docusign Envelope ID: 551EC622-B2A5-4AB3-BE8A-A4F4F62A3CDF

5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.

6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:

a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or

b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

NOW, THEREFORE, in consideration of the promises, the mutual covenants, terms, and conditions herein set forth, and the understandings of each PARTY to the other, the PARTIES do hereby mutually covenant, promise and agree as follows:

1. INCORPORATION AND CONSTRUCTION.

1.1. All recitals set forth above are incorporated herein and made a part thereof, the same constituting the factual basis for this AGREEMENT.

1.2. The headings of the paragraphs and subparagraphs of this AGREEMENT are inserted for convenience of reference only and shall not be deemed to constitute part of this AGREEMENT or to affect the construction hereof.

2. PROJECT DESCRIPTION.

2.1. The PROJECT involves the construction and installation of approximately 2025 linear feet of 8" watermain within the Liberty Park Subdivision to improve water quality, reliability, accessibility, and safety by eliminating the use of well water. The PROJECT includes a new watermain along Lincoln Street giving access to watermain where none existed prior, and the PROJECT also extends and loops watermain along 41st Street in preparation for extending the watermain into the rest of the subdivision. A site map showing the approximate locations of the new watermain is attached hereto as Exhibit A and incorporated herein.

2.2. The PROJECT shall be constructed by the VILLAGE.

2.3. The VILLAGE shall complete the PROJECT no later than November 30, 2025.

3. FUNDING.

3.1. The COUNTY's reimbursement obligation to the VILLAGE for eligible costs for the PROJECT shall not exceed $700,000 (SEVEN HUNDRED THOUSAND AND 00/100 DOLLARS). Payments from the COUNTY shall be made from ARPA funds received by the COUNTY.

3.2. The VILLAGE shall be responsible for all costs exceeding the funding listed in Paragraph 3.1.

3.3. In the event the PROJECT is not substantially completed by November 30, 2025, the VILLAGE shall reimburse the COUNTY for all funds paid by the COUNTY to the VILLAGE pursuant to this AGREEMENT and the COUNTY shall return said funds to the U.S. Treasury Department. The VILLAGE's right to retain the COUNTY's ARPA funding for PROJECT costs is expressly conditioned upon the VILLAGE's timely and satisfactory completion of the PROJECT. For the purposes of this Agreement, and unless terms of the ARPA contain a contrary definition, the term "substantially completed" means that the PROJECT is sufficiently complete for its intended purpose/use, excluding minor corrective work, warranty items, and landscaping/pavement restoration work.

3.4 The VILLAGE shall have sole ownership and control over the completed PROJECT.

3.5 The VILLAGE shall be solely responsible for the operation, inspection, repair, maintenance, extension, and replacement of the completed PROJECT.

4. COUNTY'S RESPONSIBILITIES.

4.1 The COUNTY shall reimburse the VILLAGE for eligible costs associated with the PROJECT, which have been incurred and paid for by the VILLAGE, as specified in Paragraph 3.1. Eligible costs include, but are not limited to, engineering work to manage the PROJECT (Phase I, Phase II, and Phase III engineering), bidding of work for the construction of the PROJECT, construction work to complete the PROJECT, including change orders, permits for the PROJECT, and necessary testing of the PROJECT as required by the Illinois Environmental Protection Agency and other public agencies.

4.2 The COUNTY shall not reimburse the VILLAGE for any eligible costs incurred before entering into the IGA, nor shall the COUNTY pay for any eligible costs incurred or for work completed by the VILLAGE after November 30, 2025.

4.3 The COUNTY shall issue periodic reimbursement payments to the VILLAGE upon the COUNTY's receipt of paid invoices from the VILLAGE which contain sufficient detail of the eligible costs incurred by the VILLAGE for the PROJECT. The COUNTY shall issue such payments in compliance with the Local Government Prompt Payment Act, 50 ILCS 505/1, et seq. The COUNTY's reimbursement obligation to the VILLAGE shall not exceed $700,000 (SEVEN HUNDRED THOUSAND AND 00/100 DOLLARS), and is subject to compliance with all other terms and requirements of this AGREEMENT.

4.4 The COUNTY reserves the right to review the construction contract, change orders, addendums, or revisions thereto ("CONTRACT DOCUMENTS"), for the purpose of verifying that PROJECT components meet PROJECT goals and ARPA's technical requirements. The COUNTY shall promptly provide the VILLAGE with any recommended changes to the CONTRACT DOCUMENTS for PROJECT components to meet goals and technical requirements. Given the strict deadline for the VILLAGE to complete the PROJECT, the COUNTY shall review and issue any recommended changes to the CONTRACT DOCUMENTS within fourteen (14) days of its receipt thereof.

4.5 In no case shall the COUNTY's reimbursement obligation for the PROJECT exceed $700,000 (SEVEN HUNDRED THOUSAND AND 00/100 DOLLARS).

4.6 The COUNTY's reimbursement obligations under this AGREEMENT shall survive the termination of this AGREEMENT for all work on the PROJECT performed prior to November 30, 2025, provided that the PROJECT is substantially completed by November 30, 2025 and provided that the VILLAGE promptly submits requests for reimbursement to the COUNTY after substantial completion.

4.7 The County's execution of this IGA is contingent upon the VILLAGE's prior award of the construction contract for the PROJECT. Should the VILLAGE fail to award the construction contract, this IGA shall be null and void.

4.8 The COUNTY shall not be responsible for or have control over the design, construction, means, methods, techniques, or procedures with respect to any work performed for the PROJECT.

4.9 Upon the request of the VILLAGE, the COUNTY shall reasonably cooperate with the VILLAGE towards granting necessary right-of-way permits, easements, and land rights for the PROJECT.

5. VILLAGE RESPONSIBILITIES.

5.1 The VILLAGE shall be responsible for the preparation of the plans, specifications, and bid documents for the PROJECT, together with the advertisement and award of all PROJECT-related public bids. The VILLAGE shall select, and contract with, all vendors providing professional services for the PROJECT.

5.2 The VILLAGE shall be responsible for successful completion of all phases of the PROJECT.

5.3 The VILLAGE shall be responsible for securing all local, county, state, and federal permits necessary for completion of the PROJECT.

5.4 The VILLAGE shall be responsible for submitting copies of all permit applications and related correspondence to the COUNTY in a timely manner to ensure sufficient review by the COUNTY. The purpose of the COUNTY'S review shall be for the sole purpose of documenting whether PROJECT work components meet goals and technical requirements. Given the strict deadline for the VILLAGE to complete the PROJECT, the COUNTY shall review and issue any recommended changes to the permit applications and related correspondence within fourteen (14) days of its receipt thereof.

5.5 The VILLAGE shall be responsible for obtaining any and all required land rights necessary for the completion of the PROJECT.

5.6 The VILLAGE shall make direct payments, or cause to have payments made, to all parties providing services related to this PROJECT. This requirement will not affect the COUNTY'S obligation to reimburse the VILLAGE, nor shall this provision affect the VILLAGE's obligation to repay the COUNTY in the event the PROJECT is not undertaken or completed, as established in Paragraph 3.3.

5.7 The VILLAGE shall be responsible for and have control over the design, construction, means, methods, techniques and procedures with respect to any work performed for the PROJECT. The VILLAGE and VILLAGE contractors shall be solely responsible for the safety of all individuals performing work on the PROJECT. The VILLAGE shall take such measures as are necessary to ensure that its contractors maintain the PROJECT areas in a safe condition and install appropriate barricades and warning signs, and the VILLAGE shall strictly enforce or cause to have strictly enforced all applicable safety rules and regulations. This provision is not intended to create any new burden or liability for the VILLAGE beyond the usual burdens and liabilities for a municipality in the construction of public improvements.

5.8 The VILLAGE agrees to email invoices to the County's ARPA inbox (ARPAExpenses@dupageco.org) for reimbursement along with the ARPA invoice coversheet and proof of payment documentation such as invoices, receipts, check stubs, and bank statements.

5.9 The VILLAGE shall make any data collected from the PROJECT available to the COUNTY upon reasonable request by the COUNTY.

5.10 The VILLAGE shall provide the COUNTY unlimited, but reasonable, access to the PROJECT area to observe and review PROJECT work until substantial completion.

5.11 The VILLAGE shall provide the COUNTY all work documents (i.e., plans, change orders, field orders, construction manager diaries, etc.) for purposes including but not limited to determining the PROJECT meets the eligibility requirements of ARPA, and the use of all data collected as part of the PROJECT.

5.12 The VILLAGE must acknowledge and permit the COUNTY using logo(s) and wording provided by the COUNTY in permanent onsite signage (if applicable) and other promotion of the PROJECT including, but not limited to, printed materials, press releases and presentations.

6. GOVERNMENT REGULATIONS.

6.1 The VILLAGE shall comply with all local, county, state, and federal requirements now in force, or which may hereafter be in force, pertaining to the PROJECT.

6.2 The VILLAGE agrees to retain and provide access to all financial records and documents related to the PROJECT for a period of not less than seven (7) years for audit purposes. Under ARPA, the use of these funds may be audited and reviewed by the Office of the County Auditor, external audit, single audit, and U.S. Department of the Treasury audit. The VILLAGE understands that ARPA funds are subject recoupment by the U.S. Treasury Department.

7. INDEMNIFICATION.

7.1 The VILLAGE shall indemnify, hold harmless and defend the COUNTY or any of its officials, officers, employees, and agents from and against all liability, claims, suits, demands, liens, proceedings and actions, including reasonable costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with, the PROJECT to the fullest extent the VILLAGE is so authorized under the law; provided, however, that the VILLAGE shall not be obligated to indemnify, hold harmless and defend the COUNTY for any negligent or intentional wrongful misconduct or omissions by COUNTY officials, employees, agents, contractors or personnel.

7.2 The VILLAGE shall specifically indemnify, hold harmless and defend the COUNTY or any of its officials, officers, employees, and agents from and against all liability, claims, suits, demands, liens, proceedings and actions, including reasonable costs, fees and expense of defense, arising from, growing out of, or related to, any loss, damage, injury, death, or loss or damage to property resulting from, or connected with the use of ARPA funds for this project, including, but not limited to audits, recoupment of the ARPA funds used for this project, or fines and penalties assessed related to using ARPA funds for this project (collectively, "LOSSES"), provided however that LOSSES are proximately caused by the negligent or intentional actions or inactions of the VILLAGE and/or caused by the VILLAGE's breach of any term of this AGREEMENT.

7.3 The VILLAGE shall require each consultant and contractor responsible for the construction, oversight, maintenance, or monitoring of the PROJECT to name the COUNTY as an additional insured party on said vendor's liability insurance policy. Further, the VILLAGE shall require that its consultants and contractors indemnify, defend and hold harmless the COUNTY, its officers, employees and elected officials from and against any claims, liability or judgments resulting from, or caused by, the negligence or willful conduct of such consultant and, or contractor.

7.4 Nothing contained herein shall be construed as prohibiting the COUNTY, its officials, directors, officers, agents and employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, suits, demands, liens, proceedings and actions brought against them. Pursuant to Illinois law, any attorney representing the COUNTY, under this paragraph or paragraphs 7.1, 7.2 or 7.3 is to be the State's Attorney, in accord with the applicable law. The COUNTY's participation in its defense shall not remove VILLAGE's duty to indemnify, defend, and hold the COUNTY harmless, as set forth above. Moreover, indemnity as provided in this AGREEMENT shall not be limited by reason of any insurance coverage maintained by the VILLAGE or its consultants, contractors or agents. The VILLAGE's indemnification of the COUNTY shall survive the termination, or expiration, of this AGREEMENT.

8. AMENDMENT OR MODIFICATION OF THIS AGREEMENT.

8.1 The parties may modify or amend the terms of this AGREEMENT only by a written document duly approved and executed by both parties, excluding term extensions as provided for in the following provision.

9.2 Should the VILLAGE fail to fully execute and return this AGREEMENT to the COUNTY by December 10, 2024, the AGREEMENT shall be voided and the funds shall be reallocated for other COUNTY purposes.

10. ENTIRE AGREEMENT.

10.1 This AGREEMENT, including matters incorporated herein, contains the entire AGREEMENT between parties.

10.2 There are no other covenants, warranties, representations, promises, conditions, or understandings, either oral or written, other than those contained herein.

10.3 This AGREEMENT may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument.

10.4 In the event of a conflict between the terms or conditions of this AGREEMENT and any term or condition found in any exhibit or attachment, the terms and conditions of this AGREEMENT shall prevail.

11. SEVERABILITY.

11.1 In the event any provision of this AGREEMENT is held to be unenforceable or invalid for any reason, the enforceability thereof shall not affect the remainder of the AGREEMENT. WHEREAS, the County is authorized to expend public funds for purposes of promoting tourism and economic development (55 ILCS 5/5-1030 and 55 ILCS 5/5-1005(21)), and

WHEREAS, the Village is authorized to expend public funds for the promotion of tourism and conventions within the Village or to otherwise attract nonresident overnight visitors to the Village (65 ILCS 5/8-3-14a); and

WHEREAS, the Parties desire to approve the proposed Agreement, finding that approval of the proposed Agreement is in the best interest of the Parties and their residents.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. **Purpose of the Agreement.** The purpose of this Agreement is to fund the costs of marketing the FMC Natatorium as a venue for major sporting events and tournaments. By obtaining and hosting large swimming, diving, and similar events at its Westmont location, the FMC Natatorium supports regional tourism and economic development. Increased events will bring competitors and spectators from around the country for extended periods of time, thus generating additional tourism revenues for local businesses, hotels, the Village, and the County. This Agreement also provides a process for reimbursing the Village for eligible services and for establishing reporting requirements for said services.
2. **Eligible Uses.** Funds appropriated by the County Board for disbursement under this Agreement shall be used for eligible expenses including, but not limited to: (i) marketing/advertising services where those services are used to promote the Natatorium as a venue for major sporting events and tournaments; (ii) bid fees relating to special events and tournaments; (iii) equipment rentals where such equipment is used to promote, market or host large events and tournaments; (iv) operating and other administrative services related to promoting, marketing or hosting large events and tournaments; and (v) ancillary services related to transportation and hospitality for large events and tournaments.
3. **Payment.** The County agrees to reimburse the Village for the cost of eligible expenses incurred by the Village in relation to economic development activities set forth by this agreement, in an aggregate amount not to exceed $50,000. Reimbursement payments are contingent upon the Village providing an executed copy of this Agreement to the County and subsequent submittal of invoices for incurred expenses along with proof of payment of said incurred expenses. Proof of payment may include, but not be limited to, supporting documentation such as receipts, bank statements, or check stubs.

4. **Report to the County.** The Village shall submit one final report to the County using the County's on-line portal no later than January 31, 2027. Said report shall provide data through the period of December 31, 2026, including the total number of event bids awarded, the title and date of each awarded event, the total number of visitors who attended each awarded event, and the number of hotel stays generated for each awarded event.
5. **Term.** This Agreement shall remain in effect through December 31, 2025. Sections 3 through 16 of this Agreement shall remain in effect indefinitely and shall survive the termination of this Agreement.
6. **Recitals.** The recitals to this Agreement are incorporated as though set forth fully herein.
7. **Termination, Breach.** This Agreement may be terminated upon thirty (30) days' notice to the other Party with the written consent of the other Party. All terms of this Agreement shall be considered material terms and therefore all breaches shall be deemed material breaches. In the event of a breach of this Agreement by any Party, the non-breaching Party shall provide the breaching Party with written notice of the breach and shall provide a period of not less than thirty (30) days to cure said breach.
8. **Venue, Applicable Law.** The exclusive venue for disputes arising from this Agreement shall be the 18th Judicial Circuit Court, sitting in Wheaton, Illinois. This Agreement shall be governed by the laws of the State of Illinois.
9. **Assignment.** Neither Party shall assign performance under this Agreement, nor shall either Party transfer any right or obligation under this Agreement without the express written approval of the County.
10. **Amendment.** Any amendment to the terms of this Agreement must be in writing and will not by effective until it has been executed and approved by the same Parties who approved and executed the original agreement or their successors in office.
11. **Waiver.** If the County fails to enforce any provision of this Agreement, that failure does not waive said provision or the County's right to enforce it.
12. **Sole Agreement.** This Agreement contains all negotiations between the County and the Village. No other understanding regarding this Agreement, whether written or oral, may be used to bind either Party.

13. **Liquidated Damages.** The Village agrees to indemnify the County and hold the County harmless against any and all liabilities, including judgments, costs and reasonable counsel fees, related to the disbursal of funds to the Village. The Village expressly agrees to reimburse the County for the cost of any penalty, fine, or judgment should any improper disbursal of funds under this Agreement be identified.
14. **No Joint Venture or Partnership.** The County and Village are not partners or joint venturers with each other and nothing herein shall be construed so as to make them such partners or joint venturers or impose any liability as such on any Party.
15. **Audit.** The use of these funds may be audited and reviewed. The Village agrees to retain and provide access to all financial records and documents related to the Agreement for a period of seven (7) years for local, state and federal audit purposes.
16. **Liability.** The Village agrees to indemnify, save, and hold the County, its officers, agents and employees, harmless from any claims or causes of action, including attorney's fees incurred by the County, arising from the performance of this Agreement by the Village, its officers, agents or employees. This clause will not be construed to bar any legal remedies the Village may have for the County's failure to fulfill any of the County's obligations under this Agreement. Notwithstanding any provisions of this Agreement to the contrary, indemnification of this Agreement shall be limited to the Village's allocation, less any amount returned to the County pursuant to Section 15 of this Agreement.

Dear Chief Administrative Office Kottmeyer:

Please accept this letter as an official request for $50,000 in funding to help Westmont attract and secure additional events hosted at the Natatorium.

Our plan is to administer the funds as needed working with all entities as a team resulting in a positive impact not only to Westmont but also surrounding communities. Our Village Board has a strong commitment to bringing new events to town so the additional funds will allow us to do more in the coming months.

Our mission is to secure events through 2026 working with the Natatorium and ancillary businesses by throttling up our efforts resulting in the biggest return on our convention and tourism investment.

Thank you for the County's continued support. Our community and Village Board value our partnership.

Sincerely,
