Quote Number:	2026-16699
Quote Date:	03/04/2026
Expiration Date:	06/30/2027

Hexagon's Safety, Infrastructure & Geospatial division is rebranding, together with other business units of Hexagon AB. The new brand is OCTAVE. You will notice changes in the way we identify our organization and our products. No action is required of you; this is only a branding change. The legal entity with which you do business is not changing.

INTRODUCTION

This Time and Materials (T&M) Scope of Work (SOW) for Ancillary Services and Software (ADS SOW), together with the Quote, is an Order (ADS Order) subject to that certain Master Agreement dated June 28, 2016, and its subsequent amendments, by and between DuPage County, IL (hereinafter referred to as "Customer") and Intergraph Corporation, through its Hexagon Safety, Infrastructure & Geospatial division (hereinafter referred to as "Hexagon"), and governs the performance of the project work described herein as ancillary development services and software. The term of this agreement shall be May 10, 2026 to June 30, 2027. The Customer may exercise the option of extending the agreement term by providing a written request prior to the expiration of the agreement, whereby HxGN will create a Change Order and send it to the Customer to extend the term of the agreement.

SCOPE OF SERVICES

ANCILLARY DEVELOPMENT SERVICES AND SOFTWARE

Description

Those funds provided by the ADS Order are unallocated funds. All ancillary services must be authorized by the Customer through the execution of separate quotes provided by Hexagon. Hexagon shall perform ancillary services up to the number of hours authorized by the Customer in a separate quote and SOW (T&M Order) and provide delivery of all software licenses identified in an executed quote for Software (SW Order) unless or until the Customer terminates an Order or this ADS Order as set forth in the terms and conditions cited above.

Requirements of Ancillary Services might include, but shall not be limited to, any of the following services listed below:

- Communications Server Interface Development and/or Upgrades
- Xalt Interface Development and/or Upgrades
- I/MDT Configuration to upgrade
- Project Management Services associated with upgrade implementation and testing
- Upgrade related Interface and Integration Implementation Services
- Application Server Staging for upgrade deployment
- CAD Configuration for upgrades and enhancements
- Communications Server Interface Development and/or Upgrades
- I/MDT Configuration to upgrade
- 9. 4 Staging Functionality testing
- 9. 4 Status Monitor of Configuration during Upgrade Operations
- Mobile for Public Safety Configuration to upgrade
- Mobile Responder Configuration to upgrade
- Custom Interfaces Upgrade configuration

- End User Training program that includes Train the Trainer approach
- Cutover Support
- Virtual Environment Analysis
- Networking Analysis
- ESXi Host Analysis
- Storage and Memory Analysis
- Back-Up Plan Assessment
- DuPage requested specific services on Software deployments-enhancements
- Annual health check on server performance and diagnosis of server hardware
- Software licenses and Maintenance for new software purchased pursuant to this Order

PROJECT MANAGEMENT

Hexagon's project managers are responsible for identifying and tracking of project-related technical, resource, and communication issues, as well as resolution of issues.

As requested by Customer, project conference calls will be held with the project team to review the status of the project and an action items log is maintained and distributed to track project issues and progress.

PROJECT ASSUMPTIONS

- Pricing and execution of this SOW is contingent upon the Customer having a valid maintenance agreement in place with Hexagon prior to starting and throughout the Project
- Hexagon and Customer will determine a mutually agreeable set of dates for the services to be performed
- Hexagon's pricing and level of effort is predicated upon its understanding of Customer's System, and its configurations are based upon configurations Hexagon made for Customer during the most recent upgrade to the System
- Customer shall have current backups of their existing System. By executing this quote Customer understands that any T&M Orders included in this quote are for a period of performance (POP) valid from signature of the ADS SOW and Quote through June 30, 2027 ("POP Date"), unless a mutually agreed Change Order extends the POP.
- SW Orders pursuant to this ADS SOW shall reference the ADS Order as well as the Master Agreement and shall be subject to the terms and conditions of the Master Agreement.

PRICING

Pricing for the ADS Order shall be in accordance with Hexagon's Quote 2026-16699 to which this ADS SOW is attached and incorporated therein.

For each T&M project, the pricing for professional services will be provided in the T&M Order. The ancillary services performed thereunder is based on a time and materials consulting approach and represents Hexagon's best estimate of the effort involved. The estimates do not commit to firm deliverables or schedule. The time and materials estimates have not been supplemented with additional contingency to account for possible unknown risk factors. Hexagon will apply reasonable efforts to the completion of the T&M SOW; however, should the services require more time than estimated, Hexagon will obtain the Customer's written approval through a Change Order and bill the time at the rate stated in the T&M Order unless otherwise modified within the mutually agreed Change Order. If additional services or follow-up support are required beyond the SOW, the additional effort will be estimated, and an additional T&M Order submitted to the Customer for acceptance prior to Hexagon beginning the additional effort.

Hourly labor rates will be specified in the T&M Order and are valid through its POP Date. In the event that the period of performance of the T&M Order extends beyond the POP Date of the ADS Order, it will be necessary to create a Change Order to adjust the hourly labor rates to the prevailing rate. During the performance of a time and materials effort, Hexagon reserves the right to redistribute the mix of labor hours as may be required. This is with the understanding that in no event shall the total price of this ADS SOW be increased without the prior written consent of the Customer. The price for the T&M portion of the quote will not exceed the value reflected in the Hexagon Quote to which the SOW is attached for labor unless otherwise authorized by Customer. A Quote does not include travel or other associated expenses unless specifically stated.

Terms of Payment

Should the services require more time than estimated, Hexagon will obtain Customer's prior written approval as outlined above and bill the additional time at the rates reflected in the pricing referenced in the T&M Order or Change Order, as appropriate. Should Customer require less time than estimated, Hexagon will only bill Customer for the actual hours expended with no minimum amount penalty. Invoicing and payment of services shall be conducted in accordance with the terms and conditions governing this quote.

APPROVAL SIGNATURES

Signature by all parties listed below constitutes acceptance of and notice to proceed with this SOW, in accordance with the terms and conditions of this SOW.
