Technology Acceptable Use Policy (AUP) Resolution

What is the DP Technology Resource Acceptable Use Policy?

DuPage County's Technology Resource Acceptable Use Policy (AUP) outlines the rules governing the use of DuPage County's technology, including computers, internet access, email, and software. It helps make sure everyone uses these tools safely, responsibly, and legally.

Benefits of an AUP include:

- ❑ Protects DuPage County from security risks and legal issues
- ❑ Sets clear expectations for behavior while using technology
- ❑ Helps prevent misuse of technology
- ❑ Promotes a safe and productive digital environment

What are you requesting?

Approval to revise the Technology Resources Acceptable Use Policy. The current AUP was last updated in 2016.

Technology Acceptable Use Policy (AUP) Resolution

What's changing?

- ❑ Removed out-of-scope targets from the policy. (i.e., volunteers)
- ❑ Added collective bargaining agreement language
- ❑ Updated/modernized technical language throughout
- ❑ Replaced suggestive language with direct language (e.g., employees should vs will)
- ❑ New requirement for reporting security incidents
