FROM: DuPage County Development Committee

DATE: April 2, 2024

RE: ZONING-24-000008 Castillo (Bloomingdale/District 1)

DuPage County Board: April 9, 2024:

<u>Development Committee: April 2, 2024:</u> The DuPage County Development Committee recommended to approve the following zoning relief:

Conditional Use to allow existing deck and pool to remain less than 30' (approximately. 3.6') from the corner side setback, where it has existed for at least 5 years.

Subject to the following conditions:

- 1. That the property be developed in accordance with the petitioner's site plan made part of Zoning Petition #ZONING-24-000008 Castillo dated February 7, 2024.
- 2. That the Conditional Use zoning relief shall expire after five (5) years from the date of approval of the subject zoning relief by the DuPage County Board or upon one of the following circumstances, whichever shall come first:
 - a. The structure or use is destroyed or damaged by fire or other casualty or act of God to the extent that the cost of restoration for the above ground portion of the building, structure, or use to the condition it was prior to the destruction or damage exceeds fifty percent (50%) or more of its replacement value.
 - b. The structure is voluntarily removed.

- 3. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation that occurs on the property.
- 4. That petitioner maintains the existing landscaping around the perimeter of the subject property.
- 5. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

Development Committee VOTE (to Approve): 5 Ayes, 0 Nays, 1 Absent

Zoning Hearing Officer: February 7, 2024: The Zoning Hearing Officer recommended to approve the following zoning relief:

Conditional Use to allow existing deck and pool to remain less than 30' (approximately. 3.6') from the corner side setback, where it has existed for at least 5 years.

Subject to the following conditions:

- 1. That the property be developed in accordance with the petitioner's site plan made part of Zoning Petition #ZONING-24-000008 Castillo dated February 7, 2024.
- 2. That the Conditional Use zoning relief shall expire after five (5) years from the date of approval of the subject zoning relief by the DuPage County Board or upon one of the following circumstances, whichever shall come first:
 - a. The structure or use is destroyed or damaged by fire or other casualty or act of God to the extent that the cost of restoration for the above ground portion of the building, structure, or use to the condition it was prior to the destruction or damage exceeds fifty percent (50%) or more of its replacement value.
 - b. The structure is voluntarily removed.
- 3. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation that occurs on the property.
- 4. That petitioner maintains the existing landscaping around the perimeter of the subject property.
- 5. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

ZHO Recommendation to Approve

FINDINGS OF FACT:

- A. That petitioner testified that the subject zoning relief is to allow existing deck and pool to remain less than 30' (approximately. 3.6') from the corner side setback, where it has existed for at least 5 years.
- B. That petitioner testified that they have lived at the subject property since 2005 and rebuilt the pool in 2009.
- C. That petitioner testified that they regularly use the pool in the summer.
- D. That the Zoning Hearing Officer finds that petitioner has demonstrated that the subject zoning relief to allow existing deck and pool to remain less than 30' (approximately. 3.6') from the corner side setback, where it has existed for at least 5 years, does not have any impact on adjacent properties and roadways, does not impact on drainage, and does not impede ventilation and light to the subject property or adjacent properties.

STANDARDS FOR CONDITIONAL USES:

- 1. That the Zoning Hearing Officer finds that petitioner **has demonstrated** that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County's comprehensive plan for development; and specifically, that the granting of the Conditional Use will not:
 - a. Impair an adequate supply of light and air to the adjacent property as petitioner **has demonstrated** that the existing deck and pool does not impact or impair the supply of light and air to adjacent properties.
 - b. Increase the hazard from fire or other dangers to said property as petitioner **has demonstrated** that they will receive a building permit from the County for the existing deck and pool and that it was built pursuant to the current DuPage County building codes.
 - c. Diminish the value of land and buildings throughout the County as petitioner **has demonstrated** that the existing deck and pool does not diminish the value of land.
 - d. Unduly increase traffic congestion in the public streets and highways as petitioner has demonstrated that the existing deck and pool is located behind the front wall of the home and does not impact traffic.
 - e. Increase the potential for flood damages to adjacent property as petitioner **has demonstrated** that the County's Stormwater Department has no objections to the existing deck and pool.
 - f. Incur additional public expense for flood protection, rescue or relief as petitioner **has demonstrated** that the County's Stormwater Department has no objections to the existing deck and pool.

g. Otherwise impair the public health, safety, comfort, morals, or general welfare of the inhabitants of DuPage County as petitioner **has demonstrated** that the existing deck and pool does not have any impact on adjacent properties and roadways, does not impact on drainage, and does not impede ventilation and light to the subject property or adjacent properties.
